NICOLE GALLOWAY, CPA
Missouri State Auditor

John R. Morris, Chairman
and
Board of Directors
St. John Crossing Transportation Development District
St. John, Missouri

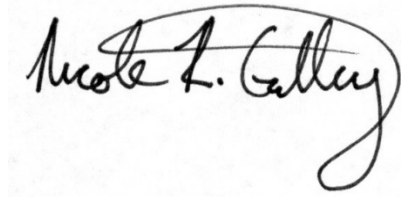

The State Auditor is required under Section 238.275, RSMo, to audit a transportation development district prior to the question of abolishment being submitted to a vote. On December 13, 2019, the Board of Directors of the St. John Crossing Transportation Development District formalized its intent to dissolve the district and requested an audit as required by statute. The State Auditor was subsequently notified of this request.

The district engaged Botz, Deal & Company, P.C., Certified Public Accountants (CPAs), to audit the district's financial statements for the year ended December 31, 2018. To minimize duplication of effort, we reviewed the report of the CPA firm. The objectives of our audit were to:

1. Evaluate the financial status of the district and determine whether it may be abolished pursuant to law.
2. Evaluate the district's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

For the areas audited, we (1) determined the Board of Directors may proceed with abolishment of the district in accordance with Section 238.275, RSMo, (2) identified noncompliance with certain legal provisions, and (3) identified deficiencies in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the St. John Crossing Transportation Development District.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with the first name "Nicole" and last name "Galloway" clearly legible. The signature is written over a faint, rectangular background that appears to be a stamp or watermark.

In-Charge Auditor:	Tori Riley, MBA, CFE

St. John Crossing Transportation Development District

Introduction

Background

The St. John Crossing Transportation Development District (district) is located in St. Louis County, in the City of St. John. The district was organized in June 2002 by petition of the property owner and the City of St. John filed with the Circuit Court of St. Louis County. The members of the Board of Directors consist of three City of St. John employees, a representative of the property owner, and a representative of a consulting firm. The district has a fiscal year end of December 31 and obtained independent audits annually.

In July 2002, the qualified voter¹ of the district approved a 1/4 of 1 percent sales tax on all taxable transactions within the boundaries of the district. The Board of Directors subsequently passed a resolution formally establishing the sales tax rate to be effective August 1, 2002, for 40 years unless terminated sooner. The retail establishments within the district collected and remitted the sales tax to the district until 2010. Starting in 2010, due to a change in state law, the retail establishments within the district collected and remitted the sales tax to the Missouri Department of Revenue (DOR). In turn, the DOR disbursed the sales tax monies to the district.

The district was formed for the purpose of improving St. Charles Rock Road, Bristol Avenue, and Orlando Avenue and the construction of new traffic signals, new lanes, a center median, and other road improvements in the City of St. John. A portion of the district project was intended to be merged into the state highways and transportation system. The Missouri Highways and Transportation Commission (Commission) approved this state transportation project. Additionally, a portion of the district project was not intended to be part of the state highway and transportation system. The City of St. John approved this local transportation project. The project was completed in September 2002. The Commission accepted dedication of the state transportation project in August 2005. The City of St. John accepted dedication of the local transportation project in September 2002.

The City of St. John issued a revenue bond for the district project and local tax increment financing (TIF) project in 2002 for a combined \$6,740,000, of which \$858,000 was attributable to the district. This bond was refinanced in November 2006 when the City issued a second revenue bond for \$6,405,000. The bond debt was satisfied in May 2019. Over the life of the district a total of approximately \$1,160,000 in sales tax was collected and distributed. See Appendixes A and B for district financial activity from 2002 through January 2020.

In December 2019, the district Board formalized its intent to dissolve the district. A district official subsequently advised the State Auditor's Office

¹ The only qualified voter in the district was the developer/property owner, St. John Crossings, LLC.

St. John Crossing Transportation Development District Introduction

(SAO) of this resolution and requested the SAO proceed with all necessary actions as required pursuant to Section 238.275, RSMo. That statute requires the State Auditor to audit the district to determine its financial status, and determine whether it may be abolished pursuant to law. That law also states the board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against it; if its liabilities exceed its assets; or while the district is insolvent, in receivership, or under the jurisdiction of a bankruptcy court.

Scope and Methodology

The scope of our audit included, but was not necessarily limited to, the fiscal year ended December 31, 2019 and the period from January 1 through January 31, 2020.

Our methodology included reviewing minutes of meetings, financial records, and other pertinent documents; interviewing a district official, as well as certain external parties; visually inspecting the project; and testing selected transactions. We obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

St. John Crossing Transportation Development District

Management Advisory Report

State Auditor's Findings

1. Financial Status

Our audit of the St. John Crossing Transportation Development District (district) indicates the financial condition of the district is such that it may be abolished.

The district satisfied its bond debt in May 2019. As of January 31, 2020, the cash balance of the district was \$15,499 (see Appendix A). As of March 10, 2020, all fees for legal services have been paid in full and are current and there are no pending, threatened, or unasserted claims or assessments against the district according to district legal counsel. District officials confirmed the district is not insolvent, in receivership, or under the jurisdiction of the bankruptcy court. Therefore, the district meets the abolishment criteria established in Section 238.275.3, RSMo.

Recommendation

The Board of Directors continue with the abolishment of the district.

Auditee's Response

The district's written response is included at Appendix C.

2. Noncompliant Expenditures

The district paid for City of St. John (city) expenses, which is not allowed by state law, a court order, or the agreement between the city and the district.

Based on comments from the City Attorney, after the district debt had been satisfied, the City Council authorized a firm to provide consulting services, totaling \$17,850, during the year ended December 31, 2019, and January 2020. These services included analyzing if the district could adopt another project and then petitioning the property owner of the district to adopt another project. The firm reported the results directly to the City Council. Instead of the city paying for these consulting services, the district paid for these city expenses. However, the district's Board did not authorize these consulting services and does not have the legal authority to pay for city expenses.

Section 238.235.1(1), RSMo, limits the use of the sales tax to the transportation development purposes designated in the sales tax ballot. The sales tax ballot wording limits the use of the sales tax to installation and construction of the transportation project. Additionally, the Intergovernmental Agreement between the city and the district limits the use of the district sales tax to district administrative costs and debt service payments of the district's project.

The City Attorney stated it was appropriate for the city to shift these expenses to the district because the consulting services provided an indirect benefit to the district. However, no district Board minutes show that the Board authorized these expenses. Additionally, nothing provided by the city or the district indicated how the consulting services pertained to administrative costs of the district's project or were otherwise authorized under the intergovernmental agreement with the city.

St. John Crossing Transportation Development District
Management Advisory Report - State Auditor's Findings

Recommendation

The Board of Directors ensure future expenditures are in compliance with state law and other legal documents.

Auditee's Response

The district's written response is included at Appendix C.

**3. Delay in Rescinding
Sales Tax**

The district has failed to take timely action to rescind the district sales tax resulting in excess taxation to the public.

A district official was informed in March 2019 by the bond trustee that the district's bonds would be paid in full on May 1, 2019. However, the Board waited until the annual meeting in December 2019 to approve requesting a closeout audit from the State Auditor's Office (SAO). In addition, the Board did not approve rescinding the district sales tax in the December 2019 meeting. A district official indicated the district was waiting for the SAO to conduct the audit before rescinding the sales tax; however, there is no requirement that the district wait until after the audit to rescind the tax. This information was communicated to the district official by the SAO on February 18, 2020. However, as of April 17, 2020, the district had not yet rescinded the district sales tax. The district's cash balance had increased from \$240 on May 1, 2019, to \$15,499 on January 31, 2020.

Section 238.235.6, RSMo, allows the district to repeal the sales tax as long as the repeal will not affect the district's ability to repay any liabilities of the district. Section 238.275.5(1), RSMo, requires the district to transfer all real estate and personal property, including the accumulated cash balances and revenues due, to the commission or the appropriate local transportation authority² once the majority of those voting within the district have voted to abolish and the State Auditor has determined the district may be abolished.

Recommendation

The Board of Directors rescind the district sales tax and ensure the remaining funds are disbursed to the commission and the city, as appropriate.

Auditee's Response

The district's written response is included at Appendix C.

² The commission refers to the Missouri Highways and Transportation Commission and the local transportation authority is the City of St. John.

Re: St. John Crossings Transportation Development District

Dear Mr. Kauffman:

This letter will constitute the written response of the St. John Crossings Transportation Development District ("the District") to the Missouri State Auditor's written Recommendations contained in your Management Advisory Report. The District's Responses are as follows:

1. Financial Status

Recommendation: We recommend the Board of Directors continue with the abolishment of the district.

Auditee's Response: The Board of Directors of the District is continuing with an uninterrupted course of action to effect abolishment of the District.

2. Noncompliant Expenditures

Recommendation: We recommend the Board of Directors ensure future expenditures are in compliance with state law and other legal documents.

Auditee's Response: The Board of Directors of the District will ensure that all future expenditures are in compliance with State Law and other pertinent legal documents.

3. Delay in Rescinding Sales Tax

Recommendation: The Board of Directors rescind the district sales tax and ensure the remaining funds are disbursed to the commission and the city as appropriate.

Auditee's Response: The Board of Directors of the District rescinded/repealed the District Sales Tax by Order dated May 28, 2020 (copy attached) and the Missouri Department of Revenue is being advised accordingly. Distribution of the remaining funds will be distributed as agreed to by the Commission and the City of St. John (as Local Transportation Authority).

ORDER NUMBER 2020-01

**An Order by the St. John Crossings Transportation Development District Board
Forthwith Repealing the Sales Tax Imposed Within The District.**

BE IT ORDERED BY THE BOARD OF DIRECTORS OF THE ST JOHN CROSSINGS
TRANSPORTATION DEVELOPMENT DISTRICT, AS FOLLOWS:

Section 1. Pursuant to Section 238.235.6(1), and further pursuant to the recommendation of the Office of Missouri State Auditor, the Board hereby repeals and holds for naught any sales tax currently imposed by or on behalf of the St. John Crossings Transportation Development District. The Board specifically finds that the repeal of said tax will not impair The District's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued. The Board further finds that neither the Missouri Highway Commission nor the City of St. John, as Local Transportation Authority of The District, have issued any bonds, notes or other obligations to finance any project or projects within The District.

Section 2. A sealed copy of this Order shall be transmitted forthwith to the Missouri Department of Revenue and to any other party who is entitled to receive Notice of any Board action under any Agreement or Indenture entered into by The District or as provided in the By-Laws of The District.

Section 3. The Order shall be in full force and effect from and after its passage and approval.

Passed this 28th day of May, 2020.

CITIZENS SUMMARY

Findings in the audit of Clay County - Recorder of Deeds

Recorder's Preservation Fund The Recorder of Deeds authorized disbursements from the Recorder's Preservation Fund (RPF) for storage space for the Recorder of Deeds and other county offices and departments without ensuring the space was used for allowable purposes of RPF monies under state law.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Recorder of Deeds
Clay County, Missouri

The State Auditor was petitioned under Section 29.230, RSMo, to audit Clay County. We have audited certain operations of the Clay County Recorder of Deeds in fulfillment of our duties. The county engaged RSM US LLP to audit the county's financial statements for the year ended December 31, 2018. To minimize duplication of effort, we reviewed the firm's audit report for the year ended December 31, 2017, since the report for the year ended December 31, 2018, had not been completed. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2018. The objectives of our audit were to:

1. Evaluate the Recorder of Deeds' internal controls over certain management and financial functions.
2. Evaluate the Recorder of Deeds' compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

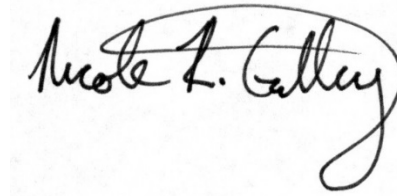

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county; and testing selected transactions. We obtained an understanding of internal controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the Recorder of Deeds and was not subjected to the procedures applied in our audit of the Recorder of Deeds.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the Clay County Recorder of Deeds.

Additional audit reports of various elected officials and Clay County as a whole are still in process, and any additional findings and recommendations will be included in subsequent reports.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with the first name "Nicole" and last name "Galloway" clearly legible. The initials "R." are written between the first and last names.

Clay County Recorder of Deeds Management Advisory Report - State Auditor's Finding

Recorder's Preservation Fund

The Recorder of Deeds authorized disbursements from the Recorder's Preservation Fund (RPF) for storage space for the Recorder of Deeds and other county offices and departments without ensuring the space was used for allowable purposes of RPF monies under state law.

The Recorder of Deeds collects various fees for the recording of instruments including a \$2 document recording fee that, along with other fees, is remitted to the County Treasurer for deposit into the RPF. Some of these fees are turned over to the state of Missouri monthly and some the Recorder of Deeds may use for specific purposes provided by statute. The Recorder of Deeds separately tracks receipts, disbursements, and the balance of each fee within the RPF. Excluding remittances to the state of Missouri, disbursements from the RPF totaled \$159,322 and \$106,081 during the years ended December 31, 2019, and 2018, respectively.

During the 2 years ended December 31, 2019, the Recorder of Deeds authorized disbursements totaling \$43,200 (\$1,800 per month) from the \$2 document recording fees deposited in the RPF to lease underground storage space for the Recorder of Deeds and other county offices and departments, including the Prosecuting Attorney, Public Administrator, Circuit Clerk, Judicial Information Systems, and Information Technology. The Recorder of Deeds does not have access to the storage areas used by the other officials and departments and has not obtained documentation from those officials and departments indicating how the areas are used to ensure the purpose is an allowable use of the \$2 recording fee. During a tour of the facility in February 2020, we noted surplus county office furniture stored in the open common areas.

Section 59.319.1, RSMo, requires the \$2 document recording fee be used for record storage, microfilming, and preservation. To ensure disbursements from the RPF are consistent with the purposes allowed by statute, the Recorder of Deeds should request documentation about the use of the leased spaces and ensure the use is allowable before authorizing disbursements.

Recommendation

The Recorder of Deeds ensure disbursements from the RPF are allowable by state law.

Auditee's Response

The Recorder of Deeds does not authorize disbursements to pay for storage costs for other county officials and departments; it authorizes disbursements for payment of storage for its records and allows other county officials and departments to utilize its extra storage space. This has occurred since approximately 2003 when the former Recorder of Deeds leased underground storage to ensure the preservation and safety of public records. It is essential that the records be stored in climate controlled, disaster proof storage. This results in the storage being underground in a storage cave which is a unique creature where you cannot rent the exact amount of space you need at a given

Clay County
Recorder of Deeds
Management Advisory Report - State Auditor's Findings

time. Allowing others to use the unutilized space does not require additional funds to be expended from the RPF as a smaller space is not available, and it saves money by eliminating the need for other county officials and departments to pay for a separate space of their own.

Regarding the recommendation that the Recorder of Deeds ensure disbursements from the RPF are allowable, that practice is already in place and has been since the current Recorder of Deeds took office in 2015. It has been and will continue to be the practice of the Recorder of Deeds to scrutinize each expenditure to ensure it meets RPF requirements. Storage is clearly enumerated in the RPF statute as an allowable expense to be paid from the RPF.

In response to the audit, the Recorder of Deeds has drawn up an Agreement for Use of Space to be signed by each county official or department utilizing the extra space leased by the Recorder of Deeds. This agreement indicates the use of the space is to be for record storage, microfilming, and preservation, and anything necessarily pertaining thereto, and that any other uses are prohibited and will subject said county official or department to immediate removal from the space if the agreement is violated. All county offices and departments utilizing this space have been directed to remove any items not used for record storage, microfilming and preservation, and anything necessarily pertaining thereto.

Clay County

Recorder of Deeds

Organization and Statistical Information

The Recorder of Deeds collects fees related to recording real estate deeds, subdivision plats, surveys, powers of attorney, tax liens, Uniform Commercial Code documents (real estate only), military discharges, and marriage licenses. In addition, the Recorder of Deeds also issues marriage licenses and collects fees for copies of recorded documents.

Katee Porter, Recorder of Deeds, began serving her second 4-year term effective January 1, 2019. She received a salary of \$77,106 for the year ended December 31, 2018. The Recorder of Deeds office employed 1 chief deputy recorder and 6 deputy recorders on December 31, 2018.

2019 ANNUAL REPORT

Nicole Galloway, CPA
MISSOURI STATE AUDITOR'S OFFICE

On Jan. 14, 2019, Auditor Galloway was sworn in for a second term as Missouri's 38th State Auditor.

Letter from Nicole Galloway

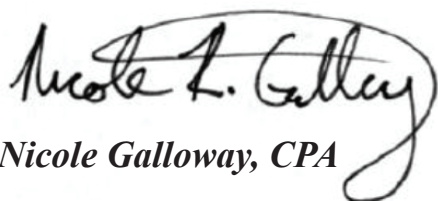

As your State Auditor, I am dedicated to being a strong, independent watchdog for all Missourians. Taxpayers deserve to get the most from their government. And each day, I bring my experience as a certified public accountant and certified fraud examiner to work for you.

We released 132 reports in 2019 that hold government at all levels accountable to you — the citizens they serve. These reports revealed evidence of theft and abuse of taxpayer dollars, highlighted inefficiencies in government and brought to light mismanagement affecting services to the public. Audits get results, and these efforts have resulted in changes to operations, more effective processes, and, at times, criminal charges brought against corrupt public officials. Our audits have identified more than \$350 million in government waste, fraud, abuse and mismanagement.

My dedicated team works each day to hold government accountable, and I am proud of our integrity and professionalism. My office has been peer reviewed or audited five times during my term as Auditor and on each occasion, we have received a clean review.

I've worked to ensure my team has the tools and expertise to expose wrongdoing. During my swearing in at the start of 2019, I announced the creation of the Public Corruption and Fraud Division. The team includes dedicated auditors and attorneys, law enforcement professionals, forensic auditing specialists and certified fraud examiners. As of the close of 2019, my audits resulted in 46 criminal charges against public officials.

It is my honor to serve as your advocate, ensuring government at all levels is efficient, effective and transparent.

Nicole L. Galloway

Nicole Galloway, CPA

Duties of the State Auditor

The State Auditor's Office is Missouri's independent watchdog for taxpayers. The Missouri Constitution and state law give the State Auditor authority to audit:

- All state agencies, boards and commissions
- Public employee retirement systems
- Public employee healthcare systems
- State court system
- School districts
- Counties that do not have a county auditor
- Other political subdivisions upon petition by the voters of those subdivisions

The State Auditor's Office works to ensure the proper use of public funds and to improve the efficiency and effectiveness of Missouri government.

Audits examine financial accountability; look for waste, abuse and fraud; and evaluate whether government organizations and programs are achieving their purposes and operating economically and efficiently. All audits are performed in accordance with generally accepted government auditing standards issued by the Comptroller General of the United States.

*Since 2015, more than
\$350 million
has been uncovered
in government waste,
mismanagement,
fraud & abuse.*

*46 criminal counts have
alleged corruption against
public officials.*

Each year, the State Auditor's Office receives hundreds of whistleblower tips from citizens, public employees and government officials. We encourage individuals to contact us to report potential fraud and abuse in their government.

Whistleblowers can submit information by emailing moaudit@auditor.mo.gov, calling toll-free **1-800-347-8597** or using an online reporting form at auditor.mo.gov/hotline.

Fighting Public Corruption

Missing tax payments in Madison County result in stealing charges

An audit that began with a whistleblower complaint discovered more than \$13,000 in property tax payments were missing from the Madison County Collector's Office. The tax bills were paid but then deleted from the system, and the payments were not deposited into county accounts. A lack of oversight allowed the theft to continue for more than a year. The State Auditor's Office provided information to law enforcement, and stealing charges were filed against the former deputy collector. A follow-up review found the County Commission and Collector had made progress implementing the audit's recommendations.

Misappropriation of \$286,000 in Plattsburg road district

The former bookkeeper of a northwest Missouri road district was indicted for theft after an audit showed she misappropriated more than \$286,000 over a seven-year period. The review determined the former secretary/treasurer of the Plattsburg Special Road District falsified financial statements to hide some of her misappropriations and took other steps to cover up her activities. More than \$125,000 in electronic payments from district funds was used to pay her personal credit card bills, including more than \$14,000 for travel and entertainment to vendors such as Carnival Cruise Lines, the Kansas City Royals and Silver Dollar City. Another \$131,000 was paid to the official's private company. In November, the former bookkeeper was indicted on a criminal charge of theft.

CID funds paid for private construction, including \$10,000 beer cave

Several former board members of the Black Mountain community improvement district (CID) in Van Buren used almost \$300,000 in taxpayer funds to pay business debts and for private business improvements and construction, an audit found. In 2013 and 2014, CID funds were used to make \$125,972 worth of improvements to a convenience

store owned by three of the board members, including new fuel pumps, a new canopy over the pumps and a \$10,000 walk-in beer cave. Six months after the work was completed, the convenience store was sold to new owners. Other funds were used for private business loans to purchase equipment and inventory for resale, and to provide cash flows for operational expenses. The State Auditor's Office sent the audit findings to state and federal law enforcement authorities.

Progress made in Winona in response to audits

Follow-up reviews to audits of the city of Winona and the city's municipal division showed progress being made to safeguard public resources. In the audit of the city, the State Auditor's Office had discovered missing money and suspicious activity over several years, resulting in the former city clerk being charged with receiving stolen property. The audit of the municipal court found the city owed the state of Missouri for excess traffic violation collections because officials miscalculated general operating revenue. Better oversight for greater accountability is now in place, the follow-up reports found. In July, the former city clerk received a jail sentence and will be required to pay restitution.

Miller Police Department missing firearms, other property; former chief charged

An audit of the Miller Police Department by the Public Corruption and Fraud Division discovered numerous problems: more than \$18,000 in questionable mileage reimbursements, fuel purchases and credit charges; more than \$24,000 in improper payments to the former chief's brother, who was a lieutenant on the force; and several pieces of city-owned property — including firearms and computers — in the chief's home. The former chief faces criminal charges, and the city received \$6,000 in restitution as part of the resolution of the case involving the lieutenant. A follow-up report showed the city is making progress on the recommendations from the State Auditor's Office to have better oversight of accounting and payroll.

*“It is my job to tell
Missourians who is corrupting
our government, and to hold
the powerful accountable to
the people of this state.*

*Each time we expose
corruption, it puts others on
notice that their wrongdoing
will see the light of day.”*

-Auditor Galloway

Protecting Taxpayers

Audit highlights DOR problems for 2018 returns

A 2018 audit examined problems with the timeliness of income tax refunds and found the state of Missouri was deliberately delaying paying refunds to give priority to other spending. After this audit, Auditor Galloway worked with legislators to address the disparity between the interest rate taxpayers received on late refunds, and the interest rate charged to taxpayers for late payment.

As a follow-up to that report, a second audit was released in April 2019 looking at the refunds. The audit found another problem: uncertainty and confusion related to the state's individual income tax withholding tables. The report found that changes made to withholdings were done unlawfully and would result in over-withholding for the majority of individual Missouri taxpayers. The audit found the DOR failed to adequately notify Missourians on how changes to withholdings would affect them.

Auditor seeks answers for taxpayers

Also in 2019, more than 3,000 Missourians contacted the Whistleblower Hotline about months-long delays in getting their state tax refunds. The State Auditor's Office asked for answers and action from the Department of Revenue and the Governor's Office to ensure that citizens received what was theirs.

The growing number of complaints from taxpayers to the Whistleblower Hotline showed the timeliness of refunds continued to be a problem. Missourians who were unable to get answers from the Department of Revenue contacted the State Auditor's Office; many of those asking for help were seniors, had disabilities or lower incomes.

Without satisfactory information coming from the DOR, Auditor Galloway sent letters to the Governor in July, asking him to take action to help those citizens still waiting for their tax refunds.

“Taxes are processed at the same time every year. There is no excuse for taxpayers to be experiencing this level of dysfunction.”

—Auditor Galloway

Auditor Galloway calls on administration to take responsibility for misleading Missourians on their taxes

Audit finds January 2019 withholding changes made unlawfully; will result in over-withholding for more than half of Missouri taxpayers

JEFFERSON CITY, Mo (April 2, 2019) — Missouri State Auditor Nicole Galloway today released an audit detailing uncertainty and confusion related to the state's individual income tax withholding tables. The report found that changes made to withholdings in January were done unlawfully and will result in over-withholding for the majority of individual Missouri taxpayers.

“For more than six months, this administration failed to communicate with Missourians about changes to withholdings that would affect their bank account. Then, despite our repeated requests, they attempted to downplay the issues,” Auditor Galloway said. “The lack of honesty from the administration, instead, the Department of Revenue has chosen to begin asking questions about the public's tax information in December, as a part of the audit of the time.”

“The delay of our state income tax return has caused unnecessary financial hardships on our family.”

Since last May, more than 3,000 citizens contacted the Whistleblower Hotline with concerns about their tax refunds

“Shouldn't we be treated with the same respect as any other taxpayer with the expectation that our return will be processed in a timely manner?”

—July 2019

“I am a senior citizen trying to live on Social Security. I NEED that refund. ... What's going on? Doesn't a poor old senior citizen deserve better?”

—March 2019

“The delay of our state income tax return has caused unnecessary financial hardships on our family.”

—September 2019

“I am disabled and undergoing cancer and radiation treatments. This money is desperately needed.”

—December 2019

Audits Get Results

Callaway County officials take action on audit recommendations

A 2018 audit determined the former Callaway County Collector misappropriated more than \$300,000. She was sentenced to 30 months in prison and ordered to pay nearly \$380,000 in restitution. A follow-up report from Auditor Galloway found officials in Callaway County have taken action on her recommendations to increase oversight and better protect taxpayer dollars. Following the audit recommendations, county officials worked with law enforcement on the prosecution and obtained more than \$316,000 for taxpayers through the former county collector's surety bond. The follow-up report also found that the appropriate officials were working on improving oversight measures to ensure that public resources are safeguarded and accounted for. Auditor Galloway praised the officials for implementing the recommendations and working to restore the trust of citizens.

Missourians safer as sex offender registration compliance improves

A follow-up report by Auditor Galloway found stricter enforcement and increased compliance with Missouri's sex offender registry, after a 2018 audit raised concerns about the accuracy of the public database. She said actions by law enforcement and changes to state law to follow the audit recommendations are making Missourians safer.

The 2018 audit found more than 1,200 registered sex offenders failed to follow the law requiring them to register, verify their address and other information at regular intervals, and notify law enforcement officials if they move. The report also highlighted a need to improve management of the database and weaknesses in current state laws.

Following the audit, law enforcement worked to

better locate and hold accountable sex offenders not following the law, as well as take steps to make sure information in the database is current. The number of noncompliant sex offenders decreased by 21% since the original audit report, with more than half of the decrease attributed to reductions in Jackson County and St. Louis City. The Missouri State Highway Patrol also took action to improve updates to the database. Auditor Galloway said she greatly appreciated the work of state and local law enforcement officials to keep Missourians both safe and informed to make decisions to protect themselves and their families.

Following the audit, Auditor Galloway also urged Missouri legislators to strengthen the sex offender registration law by requiring background checks for school volunteers. That bill became law in 2019.

\$90 million healthcare fraud uncovered by audit results in federal guilty plea

A nationwide billing scheme uncovered through an audit of a northern Missouri hospital resulted in the hospital's former CEO pleading guilty to a federal charge of conspiring to commit healthcare fraud. The audit found \$90 million in illegal billings were passed through the 15-bed hospital. It was the largest fraud exposed in the history of the State Auditor's Office.

"This all began with our audit of a small county-owned hospital. Our work helped expose a nationwide conspiracy that led to these federal criminal charges. Healthcare fraud impacts costs for all Missourians."

-Auditor Galloway

State Auditor Nicole Galloway welcomed officials from more than 40 Missouri municipalities for Local Government Day in Jefferson City. The annual event focuses on partnering with local governments to promote transparency and prevent issues before they happen.

During a public meeting, Auditor Galloway presented the findings from a citizen-requested audit of De Soto School District #73. The district committed to changing processes and procedures in response to the audit findings.

Increasing Government Accountability

At Auditor's urging, lawmakers pass school volunteer background check requirements

Auditor Galloway praised a change to Missouri law that she said will help protect children at their schools. The change requires school districts to ensure that volunteers undergo criminal background checks before being left alone with children. The Auditor urged legislators to add the requirement after her audit of the state's sexual offender registration program found background checks were mandatory for school employees, but not volunteers.

"I'm very pleased that legislators made this change quickly, not only as the Auditor who found the problem but also as a parent who wants my children — and all children — to be safe when they're at school," Auditor Galloway said. "School safety isn't a partisan issue, and this is an important step forward to protect our kids."

The new law requires school districts to ensure that a criminal background check is conducted for all

volunteers who may be periodically left alone with students. The bill says those volunteers include, but are not limited to, persons who regularly assist in the office or library, mentor or tutor students, coach or supervise a school-sponsored activity before or after school, or chaperone students on an overnight trip.

Auditor calls on local governments to ban self-deleting messaging apps

Saying that Missourians deserve openness and transparency from all levels of government, Auditor Galloway encouraged all local governments to prohibit the use of self-deleting applications by officials and employees while conducting public business. In a letter sent to Missouri's counties and municipalities, she said banning the use of these applications bolsters the public's trust in their government.

"As we've seen in recent years, the use of self-deleting applications allows public business to be conducted in the shadows," Auditor Galloway said.

"Banning the use of these programs isn't just good government, it's common sense."

The letter included electronic communications guidelines adopted by the State Records Commission on a bipartisan vote. The guidelines, which stipulate that use of auto-deleting applications should be prohibited by policy, were also approved by the Local Records Board.

In another letter, Auditor Galloway urged the five other statewide officials to join her in encouraging the legislature in 2020 to strengthen the Missouri Sunshine Law by banning the use of self-deleting applications for public business. The legislation was passed by the House in 2019, but died in the Senate.

Auditor continues push for transparency in state contracts

Auditor Galloway sent a letter to the Governor in June about legislation that would lead to less transparency and fairness in state contracts. The bill (which the Governor signed) shrinks the pool of competitive contracts available to Missouri businesses and individuals, reduces the number of bids required to be publicly advertised, and no longer requires state government to advertise bids publicly unless the contract is \$100,000 or greater.

In the letter, the Auditor also asked the Governor to issue an executive order that could help eliminate the problem of dark money in government contracting by requiring disclosure of connections between those who make larger donations to dark money groups, and state contracts they receive.

Above: For the third year in a row, State Auditor's Office staff supported the local chapter of Big Brothers Big Sisters by donating backpacks and school supplies. These items go to students in need as they start their school year.

Left: Auditor Galloway spoke to members of Greater Missouri Leadership Foundation at their annual conference to discuss the importance of women in leadership.

Audits in Progress

City of St. Louis

As part of the comprehensive audit requested by the City of St. Louis Board of Aldermen in 2018, the State Auditor's Office has issued audits of the Board of Aldermen, the Department of Personnel, the Supply Division, the Board of Public Service and the Information Technology Services Agency. The office also released an audit of local taxing districts in St. Louis as part of examining economic incentives in the city. Audit work is ongoing and reports will be issued on all city departments and elected offices.

St. Louis County

In May, the St. Louis County Council unanimously approved a resolution requesting that the State Auditor's Office conduct an independent review of county government. Auditor Galloway said the Public Corruption and Fraud Division of her office would ensure a full accounting of taxpayer dollars after former County Executive Steve Stenger pleaded guilty to three federal counts in a pay-to-play scheme. The audit is focusing on contracting and procurement.

Greene County

An audit of Missouri's fourth-most populous county, Greene County, is underway, after a formal request from the county commission in early 2019. Auditor Galloway asked the commission to authorize the audit after a whistleblower complaint alleged improper use of public resources in connection with a ballot issue. Auditor Galloway said the citizens of Greene County

can be assured her office will conduct this audit with the highest professional standards, as it always does.

Clay County

In 2018, citizens from Clay County, the fifth-most populous county in Missouri, presented a petition containing thousands of signatures to the State Auditor's Office, requesting a comprehensive audit the county. The audit began later that year. While audit work has continued, county officials have delayed the audit process by refusing to provide information commonly requested in audits, and by filing a legal action questioning the legal authority of the Auditor to perform the comprehensive audit. At the end of October 2019, the court dismissed the lawsuit, ruling that the Auditor's Office has the legal authority to perform the audit. In November, Auditor Galloway wrote an open letter to the citizens of Clay County to assure them of her commitment to continue and complete the audit in order to get answers for them. Audit work in the county is ongoing.

Jackson County

An audit requested by the Jackson County Legislature continues. A resolution passed by the county legislature to grant authority for the audit specifically highlighted several areas of concern including county finances and procurement processes. Auditor Galloway said the independent review will examine whether the county is operating efficiently, effectively and in a way that best serves the citizens of Jackson County, the state's second-largest county.

About the Public Corruption & Fraud Division

The Public Corruption and Fraud Division is a unit within the Missouri State Auditor's Office dedicated to rooting out fraud, waste and abuse in state, county and local government.

The division is made up of attorneys, auditors and investigators and includes forensic auditing specialists and certified fraud examiners. Under the leadership of Auditor Galloway, the team has a demonstrated history of working with local, state and federal law enforcement to pursue justice for taxpayers.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 54 political subdivisions required to file a financial report by April 30, 2020, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in April 2020, after their filing deadline. The filing status for these 7 entities is presented in summary on page 3 and by individual entity in Appendix B-C.

Monthly Report on Political Subdivision Filings

April 2020

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 54 political subdivisions, other than cities, towns, and villages, with a fiscal year end of October 31, 2019. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 54 political subdivisions, 47 filed an annual financial report timely.

This report also includes the filing status for 7 political subdivisions, other than cities, towns, and villages, that filed their financial report in April 2020, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by April 30, 2020, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for 14 cities is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in April 2020, after their filing deadline. The filing status for these 33 cities is presented in summary on pages 4 and by individual entity in Appendixes B to F.

Monthly Report on Municipal Court and Revenue Filings

April 2020

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 14 cities with a fiscal year end of October 31, 2019, whose financial report was due by April 30, 2020. Of the 14 municipalities required to file an annual financial report, 12 filed the report timely. Of the 13 municipalities required to file an addendum, 5 filed an addendum timely. Of the 6 municipalities required to file a certification, 2 filed a certification timely.

Monthly Report on Municipal Court and Revenue Filings
April 2020
Executive Summary

This report includes the filing status for 33 cities that filed at least one of the items (financial report, addendum, or certification) in April 2020, after their filing deadline. Of these municipalities, 16 filed an annual financial report, 17 filed an addendum, and 10 filed a certification.

Howard County

Report No. 2020-022

May 2020

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Howard County

Sunshine Law	The County Commission does not ensure minutes of all County Commission meetings are prepared, approved timely, and available for public access. In addition, the minutes did not always document votes taken, as required.
Public Administrator's Annual Settlements	The Public Administrator does not always file annual settlements or status reports timely.
County Collector's Commissions	Personal commissions paid to the County Collector for collecting property taxes for cities are not reported to the Internal Revenue Services by the county or applicable cities.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Howard County

We have audited certain operations of Howard County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2019. The objectives of our audit were to:

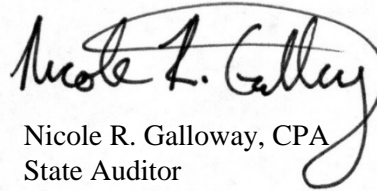

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and assessed the design and implementation of such internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Howard County.

Audit Staff:	Sherrye Lesmes John J. Thompson

Howard County Management Advisory Report State Auditor's Findings

1. Sunshine Law

The county's procedures for complying with the Sunshine Law and maintaining minutes of meetings need improvement. The County Commission generally met 3 times a week during the year ended December 31, 2019.

The County Commission does not ensure minutes of all County Commission meetings are prepared, approved timely, and available for public access. The County was unable to provide us with signed and approved County Commission minutes for meetings held during the year ended December 31, 2019. The County Commission provided rough drafts of minutes for these meetings; however, the drafts did not contain all necessary information. The drafts did not include the date, time, and place of meetings or the members present and absent, as required by law. Also, the minutes did not always document votes taken, as required. Neither the County Clerk nor the County Commission could explain why official minutes were not prepared for the 2019 County Commission meetings.

Section 610.020.7, RSMo, requires minutes of meetings be maintained as a record of business conducted and to provide an official record of actions and decisions, including the date, time, place, members present, members absent and a record of any votes taken. The meeting minutes should be signed by the preparer and subsequently approved by the County Commission to provide an independent attestation that the minutes are a correct record of the matters discussed and actions taken during the meetings.

Recommendation

The County Commission ensure meeting minutes are prepared, include all necessary information, are approved timely, and are maintained for all meetings. In addition, the County Commission should ensure meeting minutes are signed by the preparer and the County Commission.

Auditee's Response

The County Commission minutes are going to state how each County Commissioner voted, and no longer state that the vote passed unanimously. The minutes will include members that are present and the time the meeting begins. The County Commissioners are going to turn over to the County Clerk's office notes of meetings at least weekly to be typed and made ready for public request.

2. Public Administrator's Annual Settlements

The Public Administrator does not always file annual settlements or status reports timely. The Public Administrator is the court-appointed personal representative for wards or decedent estates of the Circuit Court, Probate Division. The Public Administrator's office was responsible for 84 wards and estates during the year ended December 31, 2019.

During our review of 80 cases with annual settlements or status reports due in 2019, annual settlements or status reports were not filed timely for 19 of the cases (24 percent). Annual settlements and status reports filed (or still due)

Howard County
Management Advisory Report - State Auditor's Findings

for these 19 cases ranged from 2 to 113 days after the due date, as of our review on March 12, 2020. The Public Administrator records the due dates for the annual settlements and status reports in her case management software. In addition, the Circuit Court, Probate Division Clerk sends a notice to the Public Administrator when an annual settlement or status report is due. Even with these procedures, the Public Administrator said the annual settlements and status reports are not filed timely because of staff turnover and other personal responsibilities.

Sections 473.540 and 475.270, RSMo, require the Public Administrator to file an annual settlement or status report with the court for each ward or estate. Timely filing of settlements and status reports is necessary for the court to properly oversee the administration of cases and to reduce the possibility that errors, loss, theft, or misuse of funds will occur and go undetected.

Recommendation

The Public Administrator file annual settlements and status reports timely.

Auditee's Response

The Public Administrator kept the Probate Judge informed of the status of each case and the difficulties of completing tasks timely due to staff turnover. The Public Administrator will make every effort to complete and file the annual settlements and status reports timely going forward. Now that there is a reliable and permanent staff member, the Public Administrator should have more time to dedicate to annual settlements and status reports.

**3. County Collector's
Commissions**

Personal commissions paid to the County Collector for collecting property taxes for cities are not reported to the Internal Revenue Services (IRS) by the county or applicable cities. The County Collector processed property tax collections totaling approximately \$9.5 million during the year ended February 29, 2020.

The County Collector was personally paid commissions for the collection of city taxes totaling \$8,310 each year for the years ended February 28, 2019, and February 29, 2020. Since these payments were not processed through the county payroll system, they were not reported on the County Collector's W-2 forms, appropriate payroll taxes were not withheld, and the employer's share of payroll taxes was not paid. IRS regulations require individuals treated as employees to have all compensation reported on W-2 forms.

To ensure all compensation is properly reported and taxed, all compensation should be paid through the normal county payroll process. The failure to properly report and tax all wages could result in penalty and interest charges assessed against the county.

Recommendation

The County Collector ensure all compensation is paid through the county's normal payroll process, properly taxed, and reported to the Internal Revenue Service.

Howard County
Management Advisory Report - State Auditor's Findings

Auditee's Response

The County Commission and County Collector have decided to include city commissions through the regular county payroll process to ensure it is properly taxed. The County Collector will turn over the city commissions collected to the County Treasurer monthly and the city commissions will be included in the County Collector's monthly paycheck.

Howard County

Organization and Statistical Information

Howard County is a county-organized, third-class county. The county seat is Fayette.

Howard County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 56 full-time employees and 21 part-time employees on December 31, 2019.

In addition, county operations include the County Health Department, the Senate Bill 40 Board, and 4 levee districts.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2020	2019
Jerimiah Johnmeyer, Presiding Commissioner	\$	29,588
Richard Conrow, Associate Commissioner		27,588
Howard McMillan, Associate Commissioner		27,588
Charles J Flaspohler, Circuit Clerk and Ex Officio Recorder of Deeds (1)		
Shelly R. Howell, County Clerk		41,800
Deborah Riekhof, Prosecuting Attorney		49,500
Mike Neal, Sheriff		46,200
Susan Keyton, County Treasurer		41,800
Frank Flaspohler, County Coroner		12,100
Lisa Asbury, Public Administrator		41,800
Jinger Felten, County Collector (2), year ended February 29,	50,110	
John (Woody) McCutcheon, County Assessor, year ended August 31,		41,800

(1) Compensation is paid by the state.

(2) Includes \$8,310 of commissions earned for collecting city property taxes.

CITIZENS SUMMARY

Findings in the audit of City of St. Louis Office of the Comptroller

Accounting Controls and Procedures	Comptroller's office personnel do not record all monies received on prenumbered receipt slips or in a log and do not always restrictively endorse checks or money orders immediately upon receipt. Comptroller's office personnel do not adequately review disbursement vouchers submitted by county offices (Circuit Attorney, Treasurer, Sheriff, etc.) prior to processing payments. The Comptroller's office has not established procedures to ensure new vendors not associated with a city contract are adequately validated prior to being included in the accounting system.
Fire Insurance Recovery Procedures	The Comptroller's office has not established adequate procedures to ensure fire insurance recovery monies held in escrow are properly handled and disbursed as required. In addition, a listing of recovery monies held is not reconciled to the Fire Insurance Recoveries Fund balance periodically.
Capital Assets	Records and procedures to account for city property are not adequate.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Information	

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Honorable Comptroller
City of St. Louis, Missouri

We have audited certain operations of the City of St. Louis Office of the Comptroller in fulfillment of our duties under Section 29.200.3, RSMo. The State Auditor initiated audits of the City of St. Louis in response to a formal request from the Board of Aldermen. The city engaged KPMG LLP, Certified Public Accountants (CPAs), to audit the city's financial statements for the years ended June 30, 2019, and 2018. To minimize duplication of effort, we reviewed the CPA firm's reports. The scope of our audit included, but was not limited to the year ended June 30, 2018. The objectives of our audit were to:

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

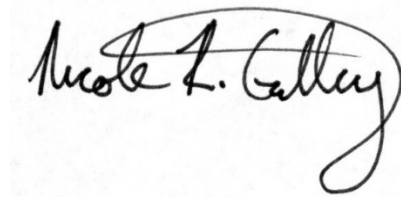

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We tested certain of those controls to obtain evidence regarding the effectiveness of their design and operation. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the agency's management and was not subjected to the procedures applied in our audit of the Office of the Comptroller.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the City of St. Louis Office of the Comptroller.

Additional audits of various officials and departments of the City of St. Louis are in process, and any additional findings and recommendations will be included in subsequent reports.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA

City of St. Louis Office of the Comptroller

Management Advisory Report

State Auditor's Findings

1. Accounting Controls and Procedures

The Comptroller's office has not established sufficient controls or procedures for receipting, recording, reconciling, and transmitting monies. In addition, the office does not have adequate procedures in place to ensure disbursement vouchers are sufficiently reviewed prior to processing and new vendors are properly verified.

1.1 Receipting, recording, and transmitting

Comptroller's office personnel do not record all monies received on prenumbered receipt slips or in a log and do not always restrictively endorse checks or money orders immediately upon receipt. In addition, monies received are not always transmitted timely to the Treasurer's office and Comptroller's office personnel do not consistently and timely reconcile receipt logs to receipt transmittals to ensure all monies received are transmitted for deposit.

The Accounting Services section of the Comptroller's office directly receives most payments made to the Comptroller's office. Checks and money orders received are entered into a receipt log maintained by the section's personnel and restrictively endorsed upon receipt, and forwarded to the Financial Reporting section for coding and transmittal to the Treasurer. However, in other office sections, personnel do not always issue a prenumbered receipt slip or enter the receipt in a receipt log, and checks and money orders are not always restrictively endorsed immediately upon receipt. For example, personnel in the office's Real Estate section do not issue prenumbered receipt slips or log monies when received. Instead, money received is forwarded to the Accounting Services section to be logged and restrictively endorsed.

During our review of monies received and logged by the Accounting Services section between January 29, 2018, and February 2, 2018, we noted 6 checks totaling \$72,522, associated with the Real Estate section, were received on February 1, 2018, and not coded by the Financial Reporting section until February 9, 2018 and transmitted to the Treasurer's office until February 12, 2018 (7 business days later). In addition, office personnel only reconciled 6 of the 49 checks recorded in the receipt log during this period to a receipt transmittal timely.

Failure to implement adequate receipting, recording, and transmitting procedures increases the risk that loss, theft, or misuse of monies received will go undetected and accounting records will contain errors. To adequately account for collections and reduce the risk of loss or misuse of monies, all monies received should be recorded on either official prenumbered receipt slips or a log and restrictively endorsed immediately upon receipt and the receipt records should be reconciled to the transmittal to the Treasurer's office by someone independent of the receipting and collection functions.

1.2 Expenditure review

Comptroller's office personnel do not adequately review disbursement vouchers submitted by county offices (Circuit Attorney, Treasurer, Sheriff,

City of St. Louis Office of the Comptroller
Management Advisory Report - State Auditor's Findings

etc.) prior to processing payments. They indicated if a disbursement voucher submitted by a county office is missing required information (contract number, purchase order number, bid documentation, etc.), the voucher is processed without attempting to obtain that information as is done for any incomplete city office disbursement voucher. Comptroller's office personnel indicated they do not believe they have the authority to question county expenditures if the funds have been budgeted. Our review of expenditures noted 2 of 6 disbursement vouchers received from county offices did not have all required information. Comptroller's office personnel indicated they completely rely on the county officials' approval to ensure the expenditure is appropriate.

Adequate, consistent review and approval of all city expenditures is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded.

1.3 Vendor verification

The Comptroller's office has not established procedures to ensure new vendors not associated with a city contract are adequately validated prior to being included in the accounting system. To establish a new vendor for a contract, the Contract Administration section requires documentation of business legitimacy including licensure and tax compliance. Comptroller's office personnel do not perform similar verification for new vendors not associated with a contract.

Unverified vendor information increases the risk that false vendors could be established resulting in the loss, theft, or misuse of city funds going undetected.

Recommendations

The Comptroller's office:

- 1.1 Ensure all monies received are immediately recorded on an official prenumbered receipt slip or receipt log that is reconciled to monies transmitted to the Treasurer's office by someone independent of the receipting and collection function. The Comptroller should also transmit all monies timely and restrictively endorse checks and money orders immediately upon receipt.
- 1.2 Ensure all information required to process a payment voucher is properly documented before processing the payment.
- 1.3 Ensure procedures are in place to review and approve all new vendors prior to adding them to the accounting system.

Auditee's Response

- 1.1 *The Comptroller's office will improve its procedures and require all checks to be mailed to a central location - the Accounting Services section in city hall room 311 - in order to ensure proper controls for*

City of St. Louis Office of the Comptroller
Management Advisory Report - State Auditor's Findings

logging and restrictively endorsing the checks received. The improvements will ensure the receipts will be transmitted to the Treasurer's office for deposit timely. If there is a question regarding the coding of the check, a note will be documented in the comment section of the check log. Reconciliation of the check log will be completed on a weekly basis. Any questions regarding the reconciliation will be brought to the Financial Reporting Manager's attention immediately.

The processing of checks received shall be further improved with the implementation of the new accounting system.

- 1.2 *The Comptroller's office has comprehensive policies and procedures in place for the review and approval of all city expenditures. The Comptroller's office requires all offices, including county offices, to provide detailed documentation when submitting expenditures for approval. However, county expenditures are ultimately approved by the county office and are regulated and controlled exclusively by state law. The Comptroller's office can be challenged regarding authority to suspend or otherwise delay the processing of expenditures approved and submitted by a county office.*

The Missouri Supreme Court affirmed this principle in City of St. Louis v. Doss, 807 S.W.2d 61 (Mo. 1991):

Subjecting county officials to the regulation of the diverse public entities for whom they perform services would soon lead to chaos. So long as the License Collector performs functions which are those identified with a county office, and so long as that office is elected in the state election as are other county offices, it remains a county office and subject to legislative control.

The Comptroller's office will seek a legal opinion to further clarify the documentation requirements for county offices going forward. Further improvements will also be encouraged with the implementation of the new accounting system in the near future. In the meantime, the Comptroller's office will continue to process all expenditures with accurate documentation as required.

- 1.3 *Procedures for vendor files will be updated to properly review and approve new vendors prior to being added to the accounting system. The new accounting system will improve the vendor review processes.*

2. Fire Insurance Recovery Procedures

The Comptroller's office has not established adequate procedures to ensure fire insurance recovery monies held in escrow are properly handled and disbursed as required. In addition, a listing of recovery monies held is not reconciled to Fire Insurance Recoveries Fund balance periodically. As of February 28, 2019, the Fire Insurance Recoveries Fund had a balance of \$3,887,307.

According to Chapter 25.66 of the City Code, insurance carriers must pay 25 percent of the insurance proceeds to the Comptroller when a payment on a claim made for damage to a building or structure due to fire, explosion, or other casualty loss exceeds 50 percent of the face value of the policy on the building or structure. The Comptroller must hold the money in an interest bearing account. If the owner repairs or demolishes a building without cost to the city, the insurance proceeds are refunded to the insured party.

If the city incurs costs to repair or demolish the property, the Comptroller's office is authorized to issue a special bill against the property for certified costs and requires the bill to be paid from the money held by the Comptroller, with any excess to be paid to the insured party. If a property is transferred to the Land Reutilization Authority, Saint Louis Development Corporation or any other city agency, department, or division, city code allows the bill to be waived.

Funds not disbursed

As of February 28, 2019, the Comptroller held fire insurance recovery monies in escrow for 202 properties. Twenty-five of these properties had an escrow balance of at least \$10,000 that had initially been received by the Comptroller's office in 2010 or earlier. Structures on 8 of these 25 properties had been demolished with the lots vacant as of 2010. However, Comptroller's office personnel have not returned remaining recovery monies associated with these 8 properties to the insured party and could not explain why this had not occurred. The amount held totaled \$113,050.

Escrow listing

The Comptroller's office does not reconcile the fire insurance recoveries database to the fund balance of the Fire Insurance Recoveries Fund and ensure all monies are accounted for and records are complete. Detailed information about money held and the related properties is documented in the Fire Insurance Recoveries database. We obtained a list of properties recorded in the database as of February 28, 2019. According to the listing, the Comptroller's office held \$3,640,692 in recovery money at that time. However, the fund balance for the Fire Insurance Recoveries Fund was \$3,887,307, \$246,615 more than database records indicated. We requested an updated listing from the database and the fund balance as of January 31, 2020. The fund balance, \$3,527,485, still exceeded the amount listed in the database as held, \$3,388,448, by \$139,037 indicating database records may be incomplete and missing information on some properties.

City of St. Louis Office of the Comptroller
Management Advisory Report - State Auditor's Findings

Conclusion

Fire insurance recoveries monies held in escrow are restricted funds held for property owners until remediation is complete. Periodic follow-up on properties with a balance is necessary to ensure holdings are properly disbursed, and any balance remaining is returned to the owner or disbursed as otherwise provided by state law.¹ In addition, a monthly reconciliation between the list of properties with balances to monies held in the Fire Insurance Recoveries Fund is necessary to ensure proper accountability, records are complete, and monies are sufficient to meet liabilities.

Recommendation

The Comptroller's office should establish procedures to ensure Fire Insurance Recoveries monies held in escrow are properly handled and disbursed as required. In addition, monthly lists of properties with escrow balances should be reconciled to the Fire Insurance Recoveries Fund balance. Unidentified differences should be promptly investigated and resolved.

Auditee's Response

The Comptroller's office is updating policies and procedures in an effort to limit the number of employees who receive checks. All payments will be required to be mailed to one central location - the Accounting Services section - and backup information will be provided to the other sections as needed. The improvements will assure that proper internal controls are in place to ensure all checks received are restrictively endorsed and properly recorded in the collection log immediately upon receipt.

The Real Estate section will improve its follow-up on properties with departments and owners to ensure monies held are properly disbursed timely according to state law.

Additionally, a monthly reconciliation will be performed to reconcile the escrow balances in the Fire Insurance Recoveries Fund to the internal database of listed properties by the Real Estate section and be submitted to the supervisor for review and approval. A final reconciliation between the Accounting Services section and the Real Estate section will be performed annually, along with an annual review performed by the Internal Audit section.

3. Capital Assets

Records and procedures to account for city property are not adequate. As a result, assets are more susceptible to theft or misuse and capital asset records are incomplete and inaccurate.

According to the Fixed Asset Management System (FAMS) policy and procedure manual, the Comptroller's office is responsible for maintaining a

¹ Section 447.532, RSMo, provides that intangible personal property held for an owner by a political subdivision that remains unclaimed for more than three years is deemed abandoned and shall be turned over to the State Treasurer's Unclaimed Property Division.

City of St. Louis Office of the Comptroller
Management Advisory Report - State Auditor's Findings

complete detailed record of all city property, coordinating the annual physical inventory of all city property, and having the Internal Audit section conduct periodic physical inventories.

Each city department is required to conduct an annual physical inventory of all of that department's property, reconcile the inventory to the capital asset listing provided by the Comptroller's office, and notify the Comptroller's office of capital asset additions, retirements, transfers, and adjustments or corrections necessary to ensure city records are accurate and complete.

We identified the following concerns during our review of capital assets.

- The FAMS manual has not been updated to reflect current practices.
- Capital asset additions, retirements, and transfers between offices are not consistently reported to the Comptroller's office for input into the FAMS.
- City personnel are not required to tag, number, or otherwise identify capital assets.
- Annual physical inventories of some city assets are not conducted or reconciled to the capital asset listing.

Adequate capital asset records and updated policies and procedures are necessary to provide controls over city property; safeguard city assets that are susceptible to loss, theft, or misuse; and provide a basis for proper financial reporting and insurance coverage. In addition, property control tags should be affixed to all property items to help improve accountability and ensure assets are properly identified as belonging to the city.

Recommendation

The Comptroller's office ensure complete and detailed capital asset records are maintained and capital asset policies are updated. In addition, the Comptroller's office should require city personnel properly tag, number, or otherwise identify all applicable city property, and conduct and document an annual inventory.

Auditee's Response

The Comptroller's office has comprehensive fixed asset policies and procedures in place to ensure accurate accounting and reporting of all city assets. In our policy and procedures manual, known as the FAMS manual, all city departments are required to notify the Comptroller's office promptly of any additions or deletions to their inventory. In addition, department coordinators are also required to maintain a separate internal listing of fixed assets in their department and perform a yearly physical inventory count to ensure accuracy. Finally, departments are required to perform an annual reconciliation of the internal listing to the master listing and general ledger maintained by the Comptroller's office. In addition to these requirements and

City of St. Louis Office of the Comptroller
Management Advisory Report - State Auditor's Findings

among others, the Internal Audit section performs upwards of 10 fixed asset audits annually of various city departments.

As we move forward, the fixed asset department of the Comptroller's office, in conjunction with all city department asset coordinators, will begin tagging all fixed assets as "Property of the City of St. Louis." Additionally, the fixed asset department will begin requiring all department coordinators to report the results of their annual physical inventory to our office by September 1st of each year. This will ensure the procedures put forward by the Comptroller's office are being followed.

The Comptroller's office, working through the fixed asset department, will continue to require city departments follow all procedures found in the FAMS manual. We will update the FAMS manual as needed and continue to work with department coordinators to ensure these efforts are clearly carried out.

City of St. Louis - Comptroller's Office

Organization and Statistical Information

The Comptroller is responsible for all city fiscal affairs including the city's property, assets, and claims. The Comptroller is the Chief Financial Officer for the city, serves on various city boards and commissions, and is one of three members of the Board of Estimate and Apportionment. Darlene Green was first appointed Comptroller in October 1995 and first elected Comptroller in August 1996. She was reelected to her current 4-year term in April 2017. At June 30, 2018, the Office of the Comptroller employed approximately 93 full-time employees.

The Office of the Comptroller has 10 sections including Accounting Services, Asset Management, Contract Administration, Federal Grants, Finance and Development, Financial Reporting, Gateway Transportation Center, Internal Audit, Payroll Services, and Tax Increment Financing.

The Accounting Services section is responsible for all of the city's accounting activities. This section reviews and processes accounts payable, manages and balances the city's accounting and financial records, supervises payroll, updates the Central Business Index business tax and license records, assists in decisions for risk to insure or self-insure, and administers the citywide travel policy.

The Asset Management section includes the municipal garage, real estate, records retention, and telecommunications. This section installs and maintains city telephone systems, handles the purchase or sale of real estate, leases and collects rent on city and port property leases, manages the fire insurance escrow recovery monies, operates the municipal garage, provides pool vehicles for city departments, and supervises the microfilm and archival library.

The Contract Administration section is responsible for processing and tracking city contracts with city vendors. This section reviews contracts to ensure compliance with applicable laws and policies, such as tax and license compliance, proper departmental approval, ordinance authority, insurance required, and amount encumbered.

The Federal Grants section is responsible for administering the disbursement of federal and state grant funds and the city's Single Audit. This section reviews grant funded contracts (with the exception of the Community Development Administration), grant reimbursement requests, and accounts for grant receipts.

The Finance and Development section is responsible for the management of the city's financing arrangements, administration of debt issuances, and the city's debt policies. This section assists with financing decisions for economic development and special projects that are dedicated to improving the city's economic condition. This section ensures compliance with debt covenants, applicable laws, and disclosure compliance guidelines.

City of St. Louis - Comptroller's Office Organization and Statistical Information

The Financial Reporting section is responsible for the city's financial reporting. This section prepares internal financial and revenue reports including the Comprehensive Annual Financial Report, Cash Basis Report, and Monthly Revenue and Fund Status reports. Additionally, the Financial Reporting section is responsible for reviewing and tracking bank reconciliations, tracking investment and financing arrangements, and administration of the lateral sewer program.

The Gateway Transportation Center section manages all transportation and other vendor contracts for the Gateway Transportation Center. The center is a multimodal transportation hub for passenger train, long distance bus, public light rail, and public bus service.

The Internal Audit section provides independent assurance and consulting services to virtually all city departments. This section performs payroll reviews, contract audits, and other various internal audits and reviews to support the assurance that applicable laws, policies, and procedures are being followed. The city's fraud hotline is also administered by this section.

Payroll Services is responsible for the processing of payroll checks and ensuring all classified service employees receive the proper pay and have the appropriate payroll deductions.

The Tax Increment Financing (TIF) section is responsible for financial reporting and debt payment of tax increment financing projects approved by the TIF Commission. The TIF section is also responsible for financial reports and reimbursement of special development projects financed by the city's general revenue.

Information	

NICOLE GALLOWAY, CPA
Missouri State Auditor

Presiding Judge
Seventh Judicial Circuit
and
Municipal Judge
and
Honorable Mayor
and
Members of the City Council
Excelsior Springs, Missouri

We have audited certain operations of the City of Excelsior Springs Municipal Division of the Seventh Judicial Circuit in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended September 30, 2019. The objectives of our audit were to:

1. Evaluate the municipal division's internal controls over significant financial functions.
2. Evaluate the municipal division's and city's compliance with certain legal provisions.
3. Evaluate the municipal division's compliance with certain court rules.
4. Evaluate the city's compliance with state laws restricting the amount of certain court revenues that may be retained.

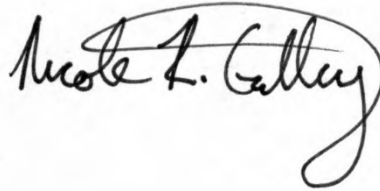

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the municipal division, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and assessed the design and implementation of such internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the municipal division's management and was not subjected to the procedures applied in our audit of the division.

For the areas audited, we identified (1) deficiencies in internal controls, (2) no significant noncompliance with legal provisions, (3) noncompliance with court rules, and (4) no noncompliance with state laws restricting the amount of certain court revenues that may be retained. The accompanying Management Advisory Report presents our findings arising from our audit of the City of Excelsior Springs Municipal Division of the Seventh Judicial Circuit.

A petition audit of the City of Excelsior Springs, fulfilling our obligations under Section 29.230, RSMo, is still in process, and any additional findings and recommendations will be included in the subsequent report.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

In-Charge Auditor:	Tessa Rusatsi, CPA
Audit Staff:	Amanda G. Flanigan, MAcc

Seventh Judicial Circuit

City of Excelsior Springs Municipal Division

Management Advisory Report - State Auditor's Findings

1. Prosecuting Attorney's Approval

The Prosecuting Attorney does not always sign tickets processed by the municipal division. We noted 2 of the 60 tickets we reviewed were not signed. Both of these tickets were issued during October 2018, so we reviewed an additional 10 tickets issued during the same month. Six of those tickets were also not signed by the Prosecuting Attorney. Neither the Prosecuting Attorney nor the Court Administrator could explain why some tickets were not signed.

Missouri Supreme Court Rule 37.35 provides that all citations shall be in writing and signed by the prosecutor and filed with the municipal division. The Prosecuting Attorney's review, documented with his signature, is needed to provide assurance proper cases and charges are filed with the municipal division.

Recommendation

The City of Excelsior Springs Municipal Division ensure the Prosecuting Attorney signs all tickets.

Auditee's Response

We agree. We have no explanation as to how these tickets were overlooked. All tickets are now being signed and we anticipate this problem being resolved by the end of 2020 as the police department moves forward with e-ticketing.

2. Electronic Data Security

Controls over municipal division computers are not sufficient. As a result, municipal division records are not adequately protected and are susceptible to unauthorized access or loss of data.

The municipal division has not established adequate password controls to reduce the risk of unauthorized access to computers and data. The Court Administrator and the Deputy Court Clerk share the same user identification and password for the primary computer, which powers the printer, and must be logged on for the Deputy Court Clerk's computer and courtroom computer to print receipt slips. All computers are used to receipt and record payments to the case management system. In addition, the Court Administrator and Deputy Court Clerk are not required to change passwords periodically, and passwords are not required to log into the case management system.

Passwords are necessary to authenticate access to computers. The security of computer user identification and passwords is dependent upon keeping them confidential and requiring users to enter passwords when using computers. However, since passwords (1) are not used to access the case management system, (2) do not have to be periodically changed, and (3) are shared among employees, along with user identifications, there is less assurance they are effectively limiting access to computers and data files to only those individuals who need access to perform their job responsibilities. User identifications and passwords should be unique and passwords should be confidential and changed periodically to reduce the risk of a compromised password and unauthorized access to and use of computers and data.

Seventh Judicial Circuit
City of Excelsior Springs Municipal Division
Management Advisory Report - State Auditor's Findings

Recommendation

The City of Excelsior Springs Municipal Division require unique user identifications for each employee. In addition, passwords should remain confidential and be periodically changed to prevent unauthorized access to computers.

Auditee's Response

We agree. This finding has already been resolved.

Seventh Judicial Circuit

City of Excelsior Springs Municipal Division

Organization and Statistical Information

The City of Excelsior Springs Municipal Division is in the Seventh Judicial Circuit, which consists of Clay County. The Honorable Shane T. Alexander serves as Presiding Judge.

The municipal division is governed by Chapter 479, RSMo, and by Supreme Court Rule No. 37. Supreme Court Rule No. 37.49 provides that each municipal division may establish a violation bureau in which fines and court costs are collected at times other than during court and transmitted to the city treasury. The municipal division does not utilize the Office of State Court Administrator's statewide automated case management system known as JIS. Instead, the municipal division utilizes Incode, an automated case management system provided by Tyler Technologies, which has been approved for use in municipal divisions by the State Judicial Records Committee.

Personnel

At September 30, 2019, the municipal division employees were as follows:

Title	Name
Municipal Judge	Shawn L. Blair
Court Administrator	Taran Svoboda
Prosecuting Attorney	Peter W. Schloss
Deputy Court Clerk	Juanita Hughes

Financial and Caseload Information

	Year Ended September 30, 2019
Receipts	\$356,992
Number of cases filed	3,736

Court Costs, Surcharges, and Fees

Type	Amount
Court Costs (Clerk Fee)	\$ 11.00
Crime Victims' Compensation	7.50
Law Enforcement Training	2.00
Peace Officer Standards and Training	1.00
Domestic Violence Shelter	2.00
Sheriff's Retirement	3.00
Judicial Education	1.00
Inmate Security (Biometric Verification)	2.00

Nicole Galloway, CPA

Missouri State Auditor

City of Otterville

Report No. 2020-019

April 2020

auditor.mo.gov

CITIZENS SUMMARY

Findings in the audit of City of Otterville

Oversight, Segregation of Duties, and Annual Audits	The Board of Aldermen has not established adequate oversight or adequate segregation of duties over the various financial accounting functions performed by the City Clerk. The city does not obtain annual audits of its waterworks and sewerage systems as required.
Accounting Controls and Procedures	The city officials did not prepare and maintain accurate financial statements or publish financial statements as required. The city budget prepared for the year ended December 31, 2018, did not contain all required elements. The City Clerk did not timely prepare, and the Board did not timely approve, budget amendments for the year ended December 31, 2018. The city's procedures for receipting, recording, and depositing monies need improvement. The city's procurement procedures do not always comply with city code, and professional services are obtained without the benefit of a competitive selection process. The city does not maintain fuel logs to reconcile fuel used to fuel purchased. The City Clerk did not prepare and file 1099-MISC forms with the Internal Revenue Service, as required. The city does not have a written policy regarding proper and improper use of city credit cards.
Payroll and Related Matters	Timesheets were not prepared for the Police Chief and were not signed by the Police Chief or a supervisor documenting approval of time worked and leave used. Overtime hours are not consistently documented on timesheets for employees. Leave records maintained are inaccurate and do not adequately track the number of hours of vacation, sick, or compensatory time earned and used, and any remaining balances. The city does not have written personnel policies that address compensatory time and overtime. The City Clerk did not properly monitor employee health insurance incentives and failed to report employee income.
Ordinances	Ordinances are not comprehensive or maintained in an organized manner, and the city has not always established ordinances as appropriate.
Capital Assets	The city does not maintain adequate records of capital assets, including buildings, vehicles, equipment, and other property. Additionally, city personnel do not tag, number, or otherwise identify assets or perform adequate annual physical inventories.

In the areas audited, the overall performance of this entity was **Fair**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Honorable Mayor
and
Members of the Board of Aldermen
City of Otterville, Missouri

The State Auditor was petitioned under Section 29.230, RSMo, to audit the City of Otterville. We have audited certain operations of the city in fulfillment of our duties. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2018. The objectives of our audit were to:

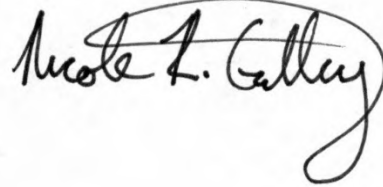

1. Evaluate the city's internal controls over significant management and financial functions.
2. Evaluate the city's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the city, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We tested certain of those controls to obtain evidence regarding the effectiveness of their design and operation. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the city's management and was not subjected to the procedures applied in our audit of the city.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the City of Otterville.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with the first name "Nicole" and last name "Galloway" clearly distinguishable.

Nicole R. Galloway, CPA
State Auditor

The following auditors participated in the preparation of this report:

Audit Manager:	Lori Melton, M.Acct., CPA
In-Charge Auditor:	Steven J. Barton
Audit Staff:	Terese Summers, MSAS, CPA

City of Otterville

Management Advisory Report

State Auditor's Findings

1. Oversight, Segregation of Duties, and Annual Audits

The Board of Aldermen has not provided adequate oversight of the City Clerk/City Administrator,¹ established adequate segregation of duties, or obtained annual audits as required by state law.

1.1 Oversight and segregation of duties

The Board has not established adequate oversight or segregation of duties over the various financial accounting functions performed by the City Clerk.

The City Clerk is responsible for the record-keeping duties of the city including posting transactions into the accounting system, preparing invoices for payment, receipting, maintaining payroll records, preparing and distributing payroll and disbursement checks, preparing monthly bank reconciliations, transferring monies between bank accounts, preparing financial reports for Board meetings, and preparing budgets and financial statements. In addition, several checks issued during the year ended December 31, 2018, were only signed by the City Clerk.

Proper segregation of duties helps ensure all transactions are accounted for properly and assets are adequately safeguarded. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of accounting and bank records should be performed. Good management practices require extensive and detailed oversight by the Board. According to City Code Section 130.110, transactions over \$250 require authorization by the Board including co-signature by the Mayor. Dual authorized signatures help provide assurance that checks represent payment for legitimate city disbursements. Failure to require dual signatures on all checks is a significant control weakness and could allow for improper checks and overpayments to occur.

1.2 Annual audits

The city does not obtain annual audits of its waterworks and sewerage systems as required. The last audit of the city finances was completed on October 16, 2019, for the year ended December 31, 2015. The city has contracted for audits of the subsequent years, but the audits were not completed as of February 29, 2020.

Section 250.150, RSMo, requires the city to obtain annual audits of the combined waterworks and sewerage system, and the cost of the audit is to be paid from the revenues received from the system. The city is also required to obtain annual audits as a condition of its bond covenants.

¹ The city refers to the City Clerk as City Administrator. For report purposes, the title City Clerk is used.

City of Otterville
Management Advisory Report - State Auditor's Findings

Recommendations

The Board of Aldermen:

- 1.1 Segregate accounting duties to the extent possible and implement appropriate reviews and monitoring procedures. In addition, the Board should require dual signatures on all checks.
- 1.2 Ensure statutorily-required annual audits of the waterworks and sewerage system are obtained timely.

Auditee's Response

- 1.1 *An administration policy, Mayor Responsibilities to Ensure Duty Separation, was adopted on December 11, 2019. Although the procedures were in place prior to this date, the city did not have a written policy. Of the 283 checks written in 2018, 11 had only one signature. The invoices for these 11 checks were approved during Board meetings. Not signing prior to issuing the check was an oversight by the Mayor.*
- 1.2 *The annual audits have been behind since 2011. With the completion of several major infrastructure projects, the City Clerk's time available for annual audits is limited. We are planning on working with a CPA firm to complete 2 audits per year until we are current. This process will take a minimum of 2 years. The city has set a goal for the City Clerk to ensure completion of all outstanding audits by April 30, 2022.*

2. Accounting Controls and Procedures

Accounting controls and procedures need improvements.

2.1 Financial statements

The city officials did not prepare and maintain accurate financial statements or publish financial statements as required. The semiannual financial statements prepared by the City Clerk did not include activity related to the Otterville Community Betterment Society Fund and the Property Management Fund. For example, revenues earned from a property sale placed in the Property Management Fund were not reported on the published financial statements, and the sale was not documented timely in the city's accounting system. City officials indicated they entered a transaction to record the sale from the Property Management Fund in the system after getting guidance from the CPA firm contracted to perform their audit. In addition, the financial statements were not always published in the city's newspaper semiannually as required by statute. The semiannual financial statements were published annually in the newspaper and semiannually posted in the city at the bank, post office, and city hall.

City of Otterville
Management Advisory Report - State Auditor's Findings

To be of maximum assistance to the Board and to adequately inform the public, the city's financial statements should accurately report financial activity and account balances. Section 79.160, RSMo, requires the Board to publish financial statements semiannually that include a full and detailed account and statement of the receipts, disbursements, and indebtedness of the city.

2.2 Budget

The city budget prepared for the year ended December 31, 2018, did not contain all required elements. The budget document did not include a budget message, actual or budgeted amounts for the 2 preceding years, the actual beginning and estimated ending cash balance for any funds, or a budget summary.

Section 67.010, RSMo, requires the budget present a complete financial plan for the ensuing budget year and sets specific guidelines for the information to be included in the budget. A complete and well-planned budget, in addition to meeting statutory requirements, can serve as a useful management tool by establishing specific financial expectations for each area of city operations. It also assists in setting the tax levy, utility rates, and informing the public about city operations and current finances.

2.3 Budget amendments

The City Clerk did not timely prepare, and the Board did not timely approve, budget amendments for the year ended December 31, 2018. The Board amended the budget on November 14, 2018, only after disbursements exceeded the total amount budgeted. After the amendment, the city still overspent the General Fund and the Sewer/Water Fund.

Section 67.040, RSMo, requires political subdivisions to keep disbursements within amounts budgeted and allows for budget increases, after the governing body officially adopts a resolution setting forth the facts and reasons. To ensure compliance with state law, the Board should properly monitor actual disbursements compared to budgeted amounts and formally amend the budgets before the related disbursements are incurred.

2.4 Receipting, recording, and depositing

The city's procedures for receipting, recording, and depositing monies need improvement.

- The City Clerk did not issue receipt slips for most monies received. The City Clerk only issued receipt slips when an individual was paying a utility bill and did not submit the bill with payment.
- The City Clerk did not always properly indicate the methods of payment in the computer system, and did not reconcile the composition of the payments recorded in the computer system to the composition of the deposits.

City of Otterville
Management Advisory Report - State Auditor's Findings

- The Mayor did not document that he had reviewed deposits prior to depositing them at the bank.

Failure to implement adequate receipting, recording, and depositing procedures increases the risk that loss, theft, or misuse of funds will go undetected.

2.5 Procurement procedures and contracts

The city's procurement procedures do not always comply with city code, and professional services are obtained without the benefit of a competitive selection process.

During the year ended December 31, 2018, the city did not solicit bids or proposals for professional services including grant writing services totaling approximately \$25,000. Additionally, a written contract was not obtained for auditing services or for water used by the Fire Department during the year ended December 31, 2018.

City Code Sections 130.170 and 130.180 authorize the Board to receive bids for the performance of services or work or both. In addition to being authorized by city code, the routine use of a competitive procurement process for major purchases ensures the city has made every effort to receive the best and lowest price and all interested parties are given an equal opportunity to participate in city business. Complete documentation should be maintained of all bids received and justification for awarding the bid. Also, periodically soliciting proposals for professional services helps ensure all parties are given an equal opportunity to participate in city business, helps provide a range of possible choices, and allows the Board to make better informed decisions to ensure necessary services are obtained from the best qualified provider, taking expertise, experience, and/or cost into consideration. In addition, Section 432.070, RSMo, requires contracts for political subdivisions to be in writing.

2.6 Fuel use

The city does not maintain fuel logs to reconcile fuel used to fuel purchased. As a result, fuel used is not accounted for, invoices for fuel purchased are not verified as correct, and misuse cannot be detected promptly. The city purchased \$7,111 in automobile and diesel fuel for the Police Chief and the maintenance employee during the year ended December 31, 2018.

Procedures for reviewing fuel used and reconciling use to fuel purchases are necessary to ensure the reasonableness and propriety of fuel use and disbursements.

2.7 1099-MISC forms

The City Clerk did not prepare and file 1099-MISC forms with the Internal Revenue Service (IRS), as required, for applicable individuals or non-incorporated businesses. At least one individual received payments from the city meeting the criteria requiring preparation of these forms.

City of Otterville
Management Advisory Report - State Auditor's Findings

Sections 6041 through 6050W of the Internal Revenue Code require non-wage payments of at least \$600 in one year for professional services or for services performed as a trade or business by non-employees (other than corporations, except for medical and legal services), be reported to the federal government on 1099-MISC forms. To ensure compliance with IRS requirements, the city should ensure 1099-MISC forms are issued in all applicable instances.

2.8 Credit card use

The city does not have a written policy regarding proper and improper use of city credit cards. One of the city's credit cards was used to make purchases exceeding the city's purchasing ordinance that requires 2 signatures for any purchase exceeding \$250. For example, an adjustable standing desk was purchased on January 25, 2018, for \$495. This credit card was also used to make other purchases without obtaining the Board's approval. In addition, a city employee used the credit card to make personal purchases. For example, the credit card was used to make a purchase from Walmart totaling approximately \$200. The city employee repaid the city for personal items purchased. Additionally, some credit card invoices were paid late, resulting in the accrual of late fees and interest.

Credit card purchases are inherently more risky than other purchases because these purchases are or can be made prior to proper approval. That risk and the potential for fraud or misuse increases even more when internal controls and proper procedures are lacking. Credit card policies and procedures are necessary to ensure all credit card purchases are appropriate and in compliance with city purchasing policies, and to reduce the risk of unauthorized purchases occurring.

Recommendations

The Board of Aldermen:

- 2.1 Ensure financial statements include all activities of the city and are published semiannually.
- 2.2 Prepare annual budgets that contain all information as required by state law.
- 2.3 Prepare and approve budget amendments prior to incurring the related disbursements.
- 2.4 Require issuance of receipt slips for all monies received, record the composition of receipts in the city's accounting system, and reconcile the composition of receipts to the composition of deposits. In addition, documented reviews of deposits should be performed prior to depositing.

City of Otterville
Management Advisory Report - State Auditor's Findings

- 2.5 Follow formal bidding policies and procedures, periodically solicit proposals for professional services, and enter into written contracts for such services.
- 2.6 Ensure a documented periodic reconciliation of fuel purchased to fuel used is performed with any significant differences investigated.
- 2.7 Ensure payments totaling greater than \$600 to non-employees and businesses are properly reported to the IRS. The city should file amended 1099-MISC forms for past years.
- 2.8 Establish a written policy regarding proper and improper use of city credit cards and ensure compliance with the policy.

Auditee's Response

- 2.1 *Semiannual financial statements will be published in the city paper semiannually instead of just posting at the bank, post office, and city hall going forward. For the semiannual financial statement ending June 30, 2020, the City Clerk will work with the CPA firm to ensure accuracy.*
- 2.2 *Prior to 2019, budgets were prepared reflecting only one year of history information. The budget worksheet for the 2019 budget and going forward was and will be prepared using 2 years of actual numbers. For the 2021 budget, debt and asset amounts will be included along with the additional information required by state law.*
- 2.3 *The needed budget amendments were due to major city projects. Although all 5 major projects were voted on and approved by the Board, budget resolutions were not passed. Going forward any approved project will have a budget resolution for the monies spent. The current year revenue and expenditure budget, excluding the major projects, came in very close to expectations. If a project is voted upon and approved by the Board, a budget resolution must be also voted upon.*
- 2.4 *The majority of utility payments are made by check and received in the mail. The canceled check serves as the customer receipt slip. Approximately 8 percent are cash payments. The customer, if paying in person, receives the customer portion of the bill stamped paid. The city portion of the bill is retained and attached to the list of items deposited. For payments received in the mail, the Mayor and the City Clerk open the mail together and receipt the payments in the accounting system. The City Clerk will make a more conscious effort to indicate the correct method of payment in the computer so the composition of receipts can be reconciled to the composition of the deposit. Although the Mayor does 99 percent of the banking tasks and*

City of Otterville
Management Advisory Report - State Auditor's Findings

always has, he had not initialed every deposit slip. The Administrative Policy, Banking, was adopted on September 4, 2019. This policy requires all deposits be initialed by the Mayor and taken to the bank by the Mayor or the Police Chief.

- 2.5 *A bid was solicited for grant writing in 2016 for the 2017 sewer collection system project. The lowest bidder was selected. In order to continue forward progress, an additional \$3,000 discount was given to the city by the vendor for the 2017 application for the 2018 street project. If the city was required to start from scratch, the city would not have made the deadline for the 2018 project. The city will ensure that all contracts/agreements entered into are written.*
- 2.6 *The city has changed our fuel purchases to a fleet account. Purchases are now separated by driver and require the odometer reading of the vehicle. The fleet account was set up in November 2019. Fuel use and fleet charges will be reviewed and reconciled monthly and irregularities will be immediately resolved.*
- 2.7 *The City Clerk did not clarify if the vendor was incorporated and did not file a 1099-MISC form. This will not happen again.*
- 2.8 *The Administrative Policy, City Credit Account Charges, was adopted November 13, 2019. Purchases are not paid until approved at the next Board meeting. The policy requires any charge deemed not of legitimate business use must be personally paid immediately by the person authorizing the charge. The adjustable desk was purchased to accommodate a work area as a requirement of the American Disabilities Act. The purchase at Walmart was made in error by a family member who had the City Clerk's wallet and was immediately reimbursed. Credit card late fees occur when the Board does not meet and approve expenses in a short time frame, which causes a late fee. The city now pays the credit card in multiple payments throughout the month instead of paying once later in the month to avoid late fees.*

3. Payroll and Related Matters

Controls and procedures over payroll and related matters need improvement. The city disbursed approximately \$99,000 in wages during the year ended December 31, 2018.

3.1 Timesheets and leave records

Improvement is needed with timesheets and leave records.

Timesheets

Timesheets were not prepared for the Police Chief and were not signed by the Police Chief or a supervisor documenting approval of time worked and leave

City of Otterville
Management Advisory Report - State Auditor's Findings

used. In addition, overtime hours are not consistently documented on timesheets for employees.

Leave records

Leave records maintained are inaccurate and do not adequately track the number of hours of vacation, sick, or compensatory time earned and used, and any remaining balances. The report generated from the city's accounting system does not show accurate leave accruals or uses for employees. The City Clerk indicated she had to manually change compensatory time balances due to improperly calculating the balances and not properly entering them into the accounting system. We reviewed the changes and identified errors including compensatory time earned and not recorded in the accounting system, compensatory time not granted at time and a half, and system records not showing compensatory time used as stated on timesheets.

Conclusion

Without adequate timesheets or a record of leave taken, the city cannot ensure hours worked and leave earned and taken by employees are properly documented. To ensure the accuracy of the hours worked and leave taken, timesheets should be signed by the employees and reviewed and approved by the supervisor. Leave records also aid in determining final compensation for employees leaving city employment. In addition, the Fair Labor Standards Act (FLSA) requires employers maintain accurate records of actual time worked by employees.

3.2 Personnel policies

The city does not have written personnel policies that address compensatory time and overtime.

The city does not have a written policy allowing the accrual and use of compensatory time. The city also does not have a written policy for overtime to address the hours (nonworking time) to be considered when calculating overtime.

Written personnel policies and strict compliance with those policies is necessary to ensure equitable treatment of employees, prevent misunderstandings, and ensure employees are properly compensated.

3.3 Health incentives

The City Clerk did not properly monitor employee health insurance incentives and failed to report employee income. The city provided health insurance incentives to employees that totaled \$7,800 for the year ended December 31, 2018. The compensation is tax free pursuant to the employees purchasing their own insurance and providing documentation to show the cost of the health insurance purchased was more than the incentive received. The incentive was provided instead of increasing wages. The city failed to obtain documentation from the City Clerk and the maintenance employee regarding their premium costs. When we requested the documentation, the insurance for the maintenance employee was less than the incentive received from the

City of Otterville
Management Advisory Report - State Auditor's Findings

city. The difference was not included on the employee's W-2 form, resulting in wages being understated.

To ensure incentives are handled properly, the city should require employees to provide documentation of their insurance premiums to determine if any amounts should be reported as income on W-2 forms. The failure to properly report payroll for employees makes the city potentially subject to additional tax liabilities along with penalties and interest.

Recommendations

The Board of Aldermen:

- 3.1 Ensure timesheets are adequately prepared, and properly signed and approved; employee leave balances are properly tracked and monitored; and reviews of timesheets are performed to ensure the propriety of payroll payments.
- 3.2 Establish a written personnel policy and ensure compliance with the policy.
- 3.3 Ensure health insurance incentives are properly documented and reported and subjected to proper withholdings. In addition, the Board should ensure previous years' W-2 forms are amended, as appropriate.

Auditee's Response

- 3.1 *Timesheets – The Police Chief will turn in signed timesheets for the Mayor to review and sign. The maintenance employee and the City Clerk's timesheets have always been reviewed and signed by the Mayor. The Police Chief began recording time in August 2019.*

Leave records – Going forward all compensatory time hours will be logged monthly at the rate of 1.5 hours per hour, rather than the 1 hour written on the time log.

- 3.2 *The city plans to write a personnel manual.*
- 3.3 *The City Clerk did not obtain proof of health insurance cost from the maintenance employee. Once the taxable portion of the health insurance was identified, an adjustment was made to payroll to make 100 percent of health insurance stipends taxable until the shortfall was covered, as recommended by the city's CPA firm. Going forward, anyone with a health stipend will be required to yearly provide proof of cost.*

City of Otterville
Management Advisory Report - State Auditor's Findings

4. Ordinances

Ordinances are not comprehensive or maintained in an organized manner, and the city has not always established ordinances as appropriate.

- Ordinances are poorly maintained. The City Clerk maintains multiple ordinance books, ordinances are not maintained in numeric order, and many ordinances are old and not updated. In addition, an index of all ordinances passed and rescinded by the city is not maintained, making it difficult to determine which ordinances remain in effect.
- The city has not adopted an ordinance to establish the current commercial water fees.

Because ordinances passed by the Board to govern the city and its residents have the force and effect of law, it is important ordinances be complete and organized.

Recommendation

The Board of Aldermen ensure ordinances are maintained in a complete and well-organized manner, establish an index of all ordinances passed and rescinded, and ensure an ordinance for commercial water fees is established.

Auditee's Response

The city agrees the last complete review of ordinances was in 1999. For the past several years a complete ordinance review and updates have been discussed. With an estimated cost of \$15,000 and time pressures of the City Clerk, it has been delayed to the next year for several years. Updating the Municipal Code is on the City Clerk and Mayor's to-do list. Current ordinances and resolutions passed between 2014 to current are in number and date order in a separate binder. A commercial water charge of \$3 had been billed for decades. After lengthy search, no ordinance was ever located. At the August 2019 Board meeting a motion was made to immediately remove the commercial charge of \$3. No additional commercial rate was approved.

5. Capital Assets

The city does not maintain adequate records of capital assets, including buildings, vehicles, equipment, and other property. Additionally, city personnel do not tag, number, or otherwise identify assets or perform adequate annual physical inventories.

The Mayor and the maintenance employee annually perform a physical inventory and prepare a handwritten capital asset inventory list for insurance records. The city does not use the previous year's list when creating the current list. The most recent list did not include the cost of items, some items of significant value did not appear on the list, and some items of insignificant value were included. For example, the city's computer used by the City Clerk was not included on the list. In addition, the city does not update the list for purchases made during the year. No items were tagged by the city; however, all large equipment and vehicles' serial numbers were documented on the asset listing.

City of Otterville
Management Advisory Report - State Auditor's Findings

Adequate capital asset records and procedures are necessary to provide controls over city property; to safeguard city assets that are susceptible to loss, theft, or misuse; and to provide a basis for proper financial reporting and insurance coverage.

Recommendation

The Board of Aldermen ensure complete and detailed capital asset records are maintained that include all pertinent information for each asset such as tag number, description, cost, acquisition date, location, and subsequent disposition. The Board should also ensure city personnel properly tag, number, or otherwise identify all applicable city property and conduct and document an adequate annual inventory that documents all capital assets with the pertinent information.

Auditee's Response

The Mayor and maintenance employee do the inventory yearly. The City Clerk's responsibility is to ensure that large assets are reported to insurance with legal description, such as Vehicle Identification Number (VIN) or serial number, and covered on the city's insurance. Going forward, a tag system will be implemented. The tag number and description will need to be entered into the inventory spreadsheet. Prior to the 2020 inventory and yearly going forward the list can be printed and updated with additions and deletions.

City of Otterville

Organization and Statistical Information

The City of Otterville is located in Cooper County. The city was incorporated in 1878 and is currently a fourth-class city. The city employed 3 full-time employees and 1 part-time employee on December 31, 2018.

City operations include utility services (water, sewer, and trash), police, parks, and maintenance of streets.

Mayor and Board of Aldermen

The city government consists of a mayor and 4-member board of aldermen. The members are elected for 2-year terms. The mayor is elected for a 2-year term, presides over the board of aldermen, and votes only in the case of a tie. The Mayor and Board of Aldermen, at December 31, 2018, are identified below. The Mayor and Board of Aldermen receive no compensation.

Jon Hibbs, Mayor
Cara Conner, Alderwoman
Richard Mulvey, Alderman (1)
Tyler Johnson, Alderman (2)
Vacant (3)

(1) Replaced by Julie May, who was elected in April 2019.

(2) Vacated seat March 2020, and seat is currently vacant.

(3) Vacant seat filled by Tim Gish, who was elected in April 2019.

Other Principal Officials

The City Clerk/City Administrator and Police Chief are appointed positions. The city's principal officials at December 31, 2018, are identified below:

Judy Bailey, City Clerk/City Administrator
Bill Smith, Police Chief

Financial Activity

A summary of the city's financial activity, prepared using the city's bank statements, for the year ended December 31, 2018, follows:

City of Otterville
Schedule of Receipts, Disbursements, and Changes in Cash Balances
Year Ended December 31, 2018

Clay County

County Clerk

Report No. 2020-018

April 2020

auditor.mo.gov

CITIZENS SUMMARY

Findings in the audit of Clay County - County Clerk

Accounting Controls and Procedures

The County Clerk's office accounting controls and procedures for receipting, recording, and transmitting fees need improvement. The County Clerk's office does not account for the numerical sequence of cash register receipt slips and does not retain receipt slips produced by the cash register for non-sale transactions or voided transactions. The County Clerk's office did not always transmit receipts timely to the County Treasurer and personnel do not restrictively endorse checks immediately upon receipt.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical Information	6
---	---

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Clerk
Clay County, Missouri

The State Auditor was petitioned under Section 29.230, RSMo, to audit Clay County. We have audited certain operations of the Clay County Clerk in fulfillment of our duties. The county engaged RSM US LLP to audit the county's financial statements for the year ended December 31, 2018. To minimize duplication of effort, we reviewed the firm's audit report for the year ended December 31, 2017, since the report for the year ended December 31, 2018, had not been completed. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2018. The objectives of our audit were to:

1. Evaluate the County Clerk's internal controls over certain management and financial functions.
2. Evaluate the County Clerk's compliance with certain legal provisions.

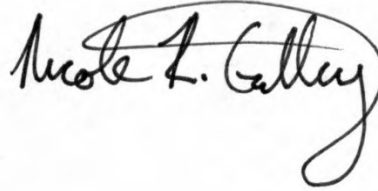

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county; and testing selected transactions. We obtained an understanding of internal controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the County Clerk and was not subjected to the procedures applied in our audit of the County Clerk.

For the areas audited, we identified (1) deficiencies in internal controls and (2) no significant noncompliance with legal provisions. The accompanying Management Advisory Report presents our findings arising from our audit of the Clay County Clerk.

Additional audit reports of various elected officials and Clay County as a whole are still in process, and any additional findings and recommendations will be included in subsequent reports.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Clay County County Clerk Management Advisory Report - State Auditor's Finding

Accounting Controls and Procedures

The County Clerk's office accounting controls and procedures for receipting, recording, and transmitting fees need improvement.

The County Clerk's office collects fees for various permits and applications for notary public commissions. Office personnel record receipts in a computerized system and periodically transmit receipts to the County Treasurer. Before recording notary fees in the computerized system, office personnel record the fees upon receipt in a cash register that assigns a sequential number to each cash register transaction.

Fees collected by the County Clerk's office totaled approximately \$303,000 and \$435,000 during the years ended December 31, 2018, and 2019, respectively. Included in those totals are notary fees, which averaged approximately \$4,600 annually during this 2-year period.

Accounting for receipts

The County Clerk's office does not account for the numerical sequence of cash register receipt slips and does not retain receipt slips produced by the cash register for non-sale transactions or voided transactions. Non-sale transactions often occur when office personnel use the cash register drawer to hold monies received for permit fees that are not receipted through the cash register. During our January 7, 2020, cash count, 1 cash register receipt slip could not be accounted for, and 21 of 54 (39 percent) cash register receipt slips tested from June 4 through June 19, 2019, could not be accounted for.

Untimely transmittal

The County Clerk's office did not always transmit receipts timely to the County Treasurer. For 3 transmittals tested from June 7 to June 21, 2019, totaling \$37,388, receipts totaling \$6,147 were held more than one week before transmittal to the County Treasurer. An official from the County Clerk's office stated the delays may have been due to the office being short-staffed during that period.

Endorsement of checks

County Clerk's office personnel do not restrictively endorse checks immediately upon receipt. During our January 7, 2020, cash count, we noted 7 checks received between December 31, 2019, and January 6, 2020, totaling \$564, had not been endorsed. While the County Clerk's office maintains an endorsement stamp, office personnel indicated they do not endorse checks until transmitting the checks to the County Treasurer for deposit.

Conclusion

Failure to implement adequate receipting, recording, and transmitting procedures increases the risk that loss, theft, or misuse of monies could occur and go undetected. To reduce this risk, procedures should be established to ensure all monies are properly and promptly receipted, recorded and accounted for, and transmitted. In addition, checks should be restrictively endorsed upon receipt.

Clay County
County Clerk
Management Advisory Report - State Auditor's Findings

Recommendation

The County Clerk ensure the numerical sequence of cash register receipt slips is accounted for properly, transmit receipts timely to the County Treasurer, and restrictively endorse all checks upon receipt.

Auditee's Response

The County Clerk's Office has already adopted these additional preventive measures to further reduce the chance of something negative happening in the office. We thank the State Auditor and her team for their recommendations and look forward to assisting them in completing the citizen-mandated audit of Clay County.

Clay County

County Clerk

Organization and Statistical Information

The County Clerk collects fees related to the 1) issuance of licenses for liquor, amusement and fireworks, auctioneer, and wrecking and towing, and 2) processing of applications for notary public commissions. In addition, the County Clerk processes accounts payable for Clay County, bills railroad and utility companies, maintains records of the Clay County Commission, and performs secretarial duties for the Board of Equalization.

Megan Thompson, County Clerk, began serving her second 4-year term effective January 1, 2019. She received a salary of \$77,106 for the year ended December 31, 2018. The County Clerk's office employed 2 deputy clerks on December 31, 2018, and hired a third deputy clerk in March 2019 to help with 2019 Board of Equalization property tax assessment appeals.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 90 political subdivisions required to file a financial report by March 31, 2020, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in March 2020, after their filing deadline. The filing status for these 8 entities is presented in summary on page 3 and by individual entity in Appendix B-E.

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 90 political subdivisions, other than cities, towns, and villages, with a fiscal year end of September 30, 2019. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 90 political subdivisions, 77 filed an annual financial report timely.

This report also includes the filing status for 8 political subdivisions, other than cities, towns, and villages, that filed their financial report in March 2020, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by March 31, 2020, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for 63 cities and 2 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in March 2020, after their filing deadline. The filing status for these 28 cities, 1 town, and 3 villages is presented in summary on pages 4 and by individual entity in Appendixes B to G.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name of the State Auditor.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Municipal Court and Revenue Filings

March 2020

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 63 cities and 2 villages with a fiscal year end of September 30, 2019, whose financial report was due by March 31, 2020. Of the 65 municipalities required to file an annual financial report, 50 filed the report timely and 1 filed a financial report for a portion of the fiscal year. Of the 62 municipalities required to file an addendum, 35 filed an addendum timely. Of the 43 municipalities required to file a certification, 27 filed a certification timely.

Monthly Report on Municipal Court and Revenue Filings
March 2020
Executive Summary

This report includes the filing status for 28 cities, 1 town, and 3 villages that filed at least one of the items (financial report, addendum, or certification) in March 2020, after their filing deadline. Of these municipalities, 7 filed an annual financial report, 26 filed an addendum, and 7 filed a certification.

CITIZENS SUMMARY

Findings in the audit of Jackson County Community Backed Anti-Crime Tax (COMBAT) Fund

Funding and Monitoring	<p>The percentages of COMBAT estimated revenues allocated to the various county departments or outside entities established by Resolution 10950 have not been updated since 1995. While the percentages established by the resolution are not required to be followed, the County Legislature has chosen to use those same percentages for over 20 years. Resolution 10950 does not address the additional significant funding provided to programs or departments from the COMBAT Fund's available fund balance that has increased to approximately \$11.9 million as of December 31, 2018. The county has not developed a plan for ensuring that performance evaluations of the programs funded by COMBAT are performed annually as required by county code.</p>
MyArts Building	<p>The county sold the MyArts building in 2017 for \$10 to the Independence School District without an independent appraisal or cost-benefit analysis. After purchasing the building in 2010 for \$1 from the City of Independence, the county spent over \$1 million of COMBAT funds to renovate the building. The COMBAT program operating out of this building ended and the building was vacant by January 2017. A partnership with the Independence School District was attempted but was unsuccessful. Potential uses for the building by other county departments were presented to the County Legislature. However, documentation indicating the County Legislature considered and discussed those options for the building, or how the sales price was determined, was not provided.</p>
Agency Funding	<p>The County Legislature appropriates COMBAT funds to outside agencies, without going through the comprehensive process the COMBAT unit follows in awarding similar contracts to agencies. The contracts awarded to one outside agency by the County Legislature, totaling \$120,000 during 2017 and 2018, were a questionable use of COMBAT monies. The COMBAT unit does not always monitor and enforce contract terms for agencies awarded treatment, prevention, or anti-violence contracts paid from the COMBAT Fund, and has not determined if the county's goals for minority hiring and employment has been met for any new jobs created through contracts with agencies receiving funding. One agency funded by the COMBAT unit did not submit any documentation to support how a \$5,000 advance received in September 2016 was used for COMBAT purposes. Approximately 75 agencies receive funding annually, but a system for tracking which of these agencies have received site visits has not been established. Site visits are not performed of all agencies receiving funding from the COMBAT each year, and documentation to support the site visits actually performed was not adequate.</p>
Disbursements	<p>Documentation was not submitted or was inadequate to support some disbursements made from the COMBAT Fund.</p>

Payroll	The Prosecuting Attorney's administrative control of the COMBAT Fund started on December 28, 2017, when the County Legislature overrode the County Executive's veto of ordinance 5061 that, in part, updated County Code by transferring supervision of the day-to-day administration of the COMBAT tax and COMBAT Commission to the Prosecuting Attorney. Approval from the Prosecuting Attorney was not obtained before processing 7 employee change authorization forms affecting payroll allocations to the COMBAT Fund in January 2018. The county has no documentation to support some allocation of salaries to the COMBAT Fund.
Vehicle Allowances	The county does not have documentation to support how vehicle allowance amounts paid from the COMBAT Fund are reasonable and necessary.

In the areas audited, the overall performance of this entity was **Fair**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Chairman of the Jackson County Legislature
and

Members of the Jackson County Legislature
and

Frank White, Jr., Jackson County Executive
and

Jean Peters Baker, Jackson County Prosecuting Attorney
Jackson County, Missouri

We have audited certain operations of the Jackson County Community Backed Anti-Crime Tax (COMBAT) Fund, in fulfillment of our duties under Section 29.200.3, RSMo. The State Auditor initiated audits of Jackson County in response to a formal request from the Jackson County Legislature. The county engaged BKD LLP, Certified Public Accountants (CPAs), to audit the county's financial statements for the years ended December 31, 2018, and 2017. To minimize duplication of effort, we reviewed the CPA firm's reports. The county also engaged the CPA firm to perform forensic accounting and data analytic services in connection with the activities of the COMBAT program. The scope of our audit included, but was not necessarily limited to, the 2 years ended December 31, 2018. The objectives of our audit were to:

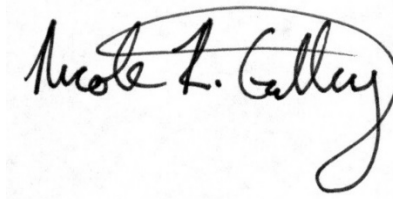

1. Evaluate the county's internal controls over significant management and financial functions of the COMBAT Fund.
2. Evaluate the county's compliance with certain legal provisions related to the COMBAT Fund.
3. Evaluate the economy and efficiency of certain management practices and procedures of the COMBAT Fund, including certain financial transactions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the COMBAT Fund.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the Jackson County Community Backed Anti-Crime Tax (COMBAT) Fund.

Additional audit reports of various activities and departments of Jackson County are still in process, and any additional findings and recommendations will be included in subsequent reports.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA
State Auditor

The following auditors participated in the preparation of this report:

Jackson County

Community Backed Anti-Crime Tax (COMBAT) Fund

Introduction

Background

The State Auditor was requested on February 26, 2018, by the Jackson County Legislature under Section 29.200.3, RSMo, to conduct a performance audit of Jackson County. The resolution requesting the audit is included at Appendix C.

In 1989, Jackson County voters approved a countywide sales tax at the rate of 1/4 of 1 percent "for the purpose of investigation and prosecution of drug and drug related offenses, and the incarceration, rehabilitation, treatment, and judicial processing of adult and juvenile violators of drug and drug related offenses." Voters have extended this sales tax 4 times, and the 2009 extension added violence prevention to the ballot language. The last extension of this sales tax, in 2016, is effective until March 2027. Per the 2016 ballot, this sales tax is "for the purpose of promoting and providing public safety within Jackson County, including the prevention and treatment of drug abuse and addiction and the prevention, investigation, prosecution, and detention of violent criminals and drug dealers."

The COMBAT Commission consists of 9 members appointed by the County Executive who serve in an advisory capacity. One member is appointed from each of the 6 legislative districts and 3 members are appointed from the county at large. The COMBAT Commission is responsible for establishing goals and making recommendations on all funding requests by outside agencies. The COMBAT Commission meets at least quarterly.

Sales tax revenues are allocated to the Prosecuting Attorney's office, Circuit Court, Drug Task Force, Corrections department, Legislative Auditor's office, and the Kansas City Police Department. Jackson County also has a COMBAT unit with staff responsible for, among other things, evaluating funding requests and recommending funding levels for outside entities that provide drug and violence treatment and prevention programs.

The County Executive had administrative control of the COMBAT Fund from 2008 until December 11, 2017, when ordinance 5061 was adopted by the County Legislature. This ordinance transferred administrative control to the Prosecuting Attorney. The County Executive vetoed the ordinance on December 21, 2017, but the County Legislature approved the ordinance by overriding the veto on December 28, 2017. Disputes over the County Legislature's authority to transfer control of the COMBAT Fund led to the County Legislature filing a lawsuit against the County Executive. On January 19, 2018, a court order issued by the Jackson County Circuit Court required the County Executive to refrain from any management activities or take actions to interfere with ordinance 5061. On August 31, 2018, the circuit court issued a final judgment upholding the County Legislature's action to transfer administrative control of the COMBAT Fund to the Prosecuting Attorney.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Introduction

On January 3, 2018, the County Executive made a recommendation to the County Legislature to request a comprehensive audit of the county's fiscal and procurement process by the State Auditor's Office (SAO). The County Legislature agreed with this recommendation and passed Resolution 19745 on February 26, 2018, requesting the State Auditor perform an audit of the county (see Appendix C). This request was accepted by the SAO and audit fieldwork started in December 2018. This is the first of several audit reports that will be issued as part of the audit of Jackson County.

Scope and Methodology

The scope of this audit included evaluating (1) internal controls, (2) policies and procedures, and (3) other management functions and compliance requirements in place during the 2 years ended December 31, 2018.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. To gain an understanding of legal requirements governing COMBAT, we reviewed applicable state laws; the county charter, county code, and written policies and procedures; and interviewed various individuals.

We obtained an understanding of the applicable controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violation of contract or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to these provisions.

Jackson County

Community Backed Anti-Crime Tax (COMBAT) Fund

Management Advisory Report - State Auditor's Findings

1. Funding and Monitoring

The percentages of COMBAT estimated revenues allocated to the various county departments and outside entities have not been updated since 1995. COMBAT monies are spent on programs not included in the funding allocation and are provided to departments for spending in addition to their COMBAT allocation. Also, the county does not perform annual audits and evaluations of programs funded by the COMBAT even though money is allocated for that purpose and the county code requires an annual performance evaluation of such programs.

1.1 Allocation of estimated revenues

The county has not updated the percentages of the estimated COMBAT revenues allocated to the various county departments and outside entities receiving COMBAT monies. The County Legislature allocates budgeted revenues for the COMBAT Fund annually through the budget process. The percentages allocated are based on resolution 10950, approved by the County Legislature in September 1995. While the percentages established in that resolution are not required to be followed, the County Legislature has chosen to use those same percentages for over 20 years. The percentages were used as a guide in 2017 and 2018 to determine the allocations, although the amount allocated to the COMBAT unit for prevention, treatment, grant match, and Drug Abuse Resistance Education (D.A.R.E.) programs in 2018 was approximately \$64,000 less than suggested by the resolution.

The resolution also indicates not less than 3/4 of 1 percent of the budgeted revenues be expended for an annual audit and evaluation of the programs supported by the tax. This amount has historically been appropriated to the Legislative Auditor's office and subtracted from the estimated revenues before allocating the remaining revenues as shown in the following table. This information is presented on the COMBAT unit website under the funding distribution section.

Agency/Purpose	Annual Percentage Distribution
Kansas City Police Department	9.50
Jackson County Drug Task Force	9.50
Prosecuting Attorney's office:	
Criminal prosecution	9.50
Deferred prosecution (1)	6.00
Prevention	7.50
Treatment	15.00
Grant match	10.00
D.A.R.E.	6.00
Circuit Court	12.00
Corrections department	15.00
Total	100.00

(1) The COMBAT unit website refers to this program as drug court.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

After removing the allocation for the Legislative Auditor's office each year, the amount of COMBAT revenue available for allocation for 2017 and 2018 was \$22,987,294 and \$23,446,820, respectively. These amounts were used, with the suggested percentages from the resolution when preparing the COMBAT budgets for the years ended December 31, 2017 and 2018, as indicated in the following table. However, as shown, for the year ended December 31, 2018, the total budgeted allocations were \$64,543 less than the amount available for allocation, with the programs administered through the COMBAT unit not receiving their full allocation.

	Year Ended December 31,			
	2017		2018	
	Budgeted Allocations	Percentage Allocated	Budgeted Allocations	Percentage Allocated
Kansas City Police Department	\$ 2,183,793	9.50%	\$ 2,227,448	9.50%
Jackson County Drug Task Force	2,183,793	9.50%	2,227,448	9.50%
Prosecuting Attorney's office				
Criminal prosecution	2,183,793	9.50%	2,227,448	9.50%
Deferred prosecution	1,379,238	6.00%	1,406,809	6.00%
COMBAT unit				
Administration (1)	1,057,795	4.60%	961,518	4.10%
Prevention	1,517,777	6.60%	1,558,430	6.65%
Treatment	3,035,554	13.21%	3,116,859	13.29%
Grant match (2)				
COMBAT unit	1,092,799	4.75%	1,122,069	4.79%
Prosecuting Attorney's office	930,903	4.05%	955,837	4.08%
D.A.R.E.	1,215,279	5.29%	1,247,770	5.32%
Total COMBAT unit	8,850,107	38.50%	8,962,483	38.22%
Circuit Court	2,758,476	12.00%	2,813,618	12.00%
Corrections department	3,448,094	15.00%	3,517,023	15.00%
Total (3)	\$ 22,987,294	100.00%	\$ 23,382,277	99.72%

(1) Funded by a portion of the allocation for Prevention, Treatment, Grant Match, and D.A.R.E.

(2) Grant match is split between the COMBAT unit (54 percent) and Prosecuting Attorney's office (46 percent).

(3) The percentage allocated in 2018 is less than 100% due to a lower allocation for the COMBAT unit.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

The county also provides funding to various other programs through the COMBAT Fund that are not part of the allocation formula (see section 1.2), but are budgeted to be spent from the available fund balance of the COMBAT Fund. This fund balance was approximately \$11.9 million as of December 31, 2018. The fund balance has been increasing each year due to actual sales tax revenues exceeding budgeted amounts and various departments and entities spending less than the amounts budgeted. From 2016 through 2018, the fund balance increased by more than \$1 million each year.

The County Legislature also has not developed any policies or procedures requiring the various departments and outside entities receiving COMBAT monies to justify their use of these monies or the effectiveness of their programs.

To ensure COMBAT monies are used efficiently and anti-crime programs are adequately funded, periodic reviews and updates to the allocation percentages should be performed and entities should be appropriated the full amount of their allocations. An assessment and analysis of how funds were spent by each department or outside entity would allow the COMBAT Commission and the County Legislature to better determine if the allocated funds are being spent appropriately and effectively and if funding changes are necessary.

1.2 Spending outside the revenue allocation

Resolution 10950 does not address the additional significant funding provided to programs or departments from the COMBAT Fund's available fund balance. The resolution calls for the allocation to be based on the current year estimated COMBAT revenues and does not consider the available fund balance of the COMBAT Fund.

The county budgeted \$1 million annually for both 2017 and 2018 from the COMBAT Fund's available fund balance for the Prosecuting Attorney's anti-violence program. As shown in Appendix B (department 1200 for 2017 and department 4406 for 2018), approximately \$160,000 was budgeted each year for the prescription drug monitoring program.

The budget for the COMBAT Fund also includes a non-departmental section, with a total budget of approximately \$1.7 million in 2017 (including department 1200) and approximately \$2.35 million in 2018 (see Appendix B). The largest item budgeted is the Non Departmental-Anti-Drug Fund, which had appropriations during 2017 and 2018 of approximately \$1.3 million and \$800,000, respectively. This budget item is intended to account for spending not directly associated with a particular department, such as fringe benefits and payroll taxes, but is also utilized to fund various disbursements for departments already receiving an allocation from COMBAT revenues. For example, \$265,235 was paid from this budget category to repair jail cell doors for the Corrections department. In addition, \$185,000 was budgeted for both 2017 and 2018 for an allowance for outside

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

agencies (see MAR finding number 3.1). Other items were also budgeted in 2017 and 2018.

The following chart obtained from the county's finance department shows the actual spending from the monies outside the allocation formula.

Department	Year Ended December 31,	
	2017	2018
Non-departmental		
Employee benefits	\$ 479,158	493,490
Other professional services and contracts	465,807	439,167
Buildings and other equipment	1,022,721	22,000
Outside agencies (1)	60,000	60,000
Operating transfers out	114,663	216,759
Total Non-departmental	2,142,349	1,231,416
Sheriff department	78,476	77,248
Prescription drug monitoring program	95,194	98,022
Prosecuting Attorney anti-violence	1,026,185	999,813
Total Disbursements	\$ 3,342,204	2,406,499

(1) Outside agencies had a total budget of \$185,000. The other \$125,000 was budgeted to the COMBAT unit and disbursed through prevention and treatment programs.

Funding for department-specific programs or other spending should be subject to the allocation percentages established by resolution and budgeted under the department receiving the appropriations. Allocating estimated COMBAT revenues to fund certain programs and using the fund balance to fund other programs allows some departments/offices to receive funding in excess of the percentages established by the resolution. The County Legislature, with input from the COMBAT Commission, should perform a comprehensive review of how anti-crime funding is allocated and ensure all permanent programs are included in the allocation formula establishing the percentages to be allocated. Future allocations should include estimated revenues and some of the COMBAT Fund's available fund balance.

All funding provided from the COMBAT Fund should be authorized in an updated resolution or ordinance setting the funding percentages for each department so that no department receives more funding than authorized.

1.3 Program evaluations

The county has not developed a plan for ensuring that performance evaluations of the programs funded by COMBAT are performed annually as required by county code. While the COMBAT Fund is included in the

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

county's comprehensive annual financial report (CAFR), the audit of the CAFR does not involve a review of the programs funded by the tax. In addition, resolution 10950 calls for an annual audit and evaluation of the programs supported by the tax as provided for by county resolution.

A review of the COMBAT unit was performed for the year ended December 31, 2014, but only covered the Jackson County Drug Task Force and the programs administered by the COMBAT unit, which are treatment, prevention, D.A.R.E., and grant match. This review represented approximately \$9.2 million (47 percent) of the COMBAT funds administered, but did not include an actual evaluation of the various programs reviewed. In 2015, the County Legislature entered into a multi-year contract for \$148,270 with a company to provide an evaluation of the anti-violence program and prevention program recipients funded by COMBAT. This review was more comprehensive and resulted in the issuance of several reports regarding performance by agencies providing services under these programs. Personnel from the Prosecuting Attorney's office indicated no other reviews have been performed. Considering the size and scope of the programs funded through COMBAT, completing an evaluation of each program every year may not be feasible. However, establishing a cycle or interval by which the programs are reviewed and evaluated should be addressed to ensure compliance with county code.

Chapter 93, Section 9307¹ of the County Code states the county, in consultation with the Prosecuting Attorney, shall annually provide for a performance evaluation of programs funded by the COMBAT, to be conducted by an independent firm or agency. In addition, Resolution 10950 states not less than 3/4 of 1 percent of the anti-crime sales tax be expended for an annual audit and evaluation of the programs supported by this tax. The funds intended to pay for these program evaluations are allocated to the Legislative Auditor's office, but that office did not perform these functions during our audit scope. An annual audit, including evaluating each program funded by COMBAT, would provide assurance that COMBAT funds are being used efficiently and the programs are effective in addressing anti-crime treatment and prevention.

Recommendations

The County Legislature, County Executive, and Prosecuting Attorney:

- 1.1 Work with the COMBAT Commission to perform a comprehensive review of the sales tax allocation percentages to determine the appropriateness of funding currently being provided and to determine if any changes are necessary to the allocation percentages. In

¹ This requirement was moved to section 9308 when Chapter 93 was updated in December 2018.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

addition, ensure each entity's annual appropriation from the COMBAT Fund is equal to its share of the allocation.

- 1.2 Ensure all programs and activities budgeted through the COMBAT Fund are included in the allocation percentages. In addition, work with the COMBAT Commission to establish the total amount of COMBAT funds to be allocated each year.
- 1.3 Determine the amount of annual funding to provide for evaluations of the programs funded by the COMBAT and ensure evaluations are performed in accordance with county code.

Auditee's Response

The County Legislature provided a written response. See Appendix D.

The County Executive provided a written response. See Appendix E.

The Prosecuting Attorney provided a written response. See Appendix F.

2. MyArts Building

The county sold the MyArts building for \$10 to the Independence School District without an independent appraisal or cost-benefit analysis. The Assessment department estimated the market value of the building to be at least \$560,000.

The county purchased the MyArts building in December 2010 for \$1 from the City of Independence to house the MyArts program, a drug prevention program operated by an outside agency through the Prosecuting Attorney's office. Federal grant funding supported the program. The county spent COMBAT funds exceeding \$1 million to renovate the building. The MyArts program moved into this building in 2013.

The building was vacant by January 2017 because the federal funding used for the program ended in 2016. During May, June, and July 2017, personnel in the Prosecuting Attorney's and County Executive's offices attempted to negotiate a partnership between the county and the Independence School District to use the building for student educational needs. The school district notified the county by email on July 19, 2017, that the district did not want to enter into a partnership with the county. On August 7, 2017, the County Legislature approved resolution 19545 transferring ownership of the building to the school district for \$10. The resolution indicated the best way for the County Legislature to ensure the building was used as originally intended was to convey the property to the school district. However, there is no documentation the building was to be used for any certain purpose when initially purchased. In addition, county officials could not provide documentation indicating the County Legislature considered and discussed other options for the building, or how the sales price was determined.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

The County Executive indicated the building could have been used for other county needs since the county is paying rent on other buildings for employee workspace. In the August 7, 2017, meeting of the Finance and Audit Committee of the County Legislature, the Deputy Chief Operating Officer (COO) addressed the County Legislature on behalf of the County Executive and informed the members that the county owned the building and there was a need for employee workspace. The Deputy COO informed the County Legislature that court employees had toured the property and expressed interest in the building. He indicated leased workspace for court employees was costing \$48,000 per year and the Assessment department also needed additional workspace. Resolution 19545 transferring ownership to the school district was approved by the County Legislature later that day.

An independent appraisal was not performed on this building prior to its sale. The Assessment department provided 2 estimates of market value to members of the County Executive's staff in June 2017. The cost approach valuation method valued the building at approximately \$560,000 and the income method valued the building at approximately \$450,000. An email written by the Deputy COO to a school official on July 19, 2017, stated, "In conversations with the Assessment Department, the rental rate for this type and size of building could be around \$8 per square feet. Based on the square footage of 16,782, if the County marketed this building for rent, approximately \$1.6 million a year would go back to the COMBAT Fund." It is not known if this information was shared with the County Legislature. No documentation was provided to indicate the County Legislature was aware of this information or sought to determine the value of the building prior to its sale.

It would have been fiscally responsible for county officials to analyze and consider all available options for repurposing, renting, or selling this building. Since the County Legislature did not document an analysis considering all available options prior to this sale, there is less assurance this decision was in the county's best interest.

Recommendation

The County Legislature, County Executive, and Prosecuting Attorney ensure an evaluation of other options for county property, such as repurposing the building for use by other departments, and a cost-benefit analysis of available options is performed prior to its sale. If a sale is determined to be the best option, an independent appraisal should be obtained to help determine the value of the property prior to the sale.

Auditee's Response

The County Legislature provided a written response. See Appendix D.

The County Executive provided a written response. See Appendix E.

The Prosecuting Attorney provided a written response. See Appendix F.

3. Agency Funding

The process for funding agencies from the COMBAT Fund to provide treatment, prevention, and anti-violence services, and monitoring contracts with these agencies need improvement. The COMBAT unit and County Legislature use separate processes for awarding funding to these agencies. During the 2 years ended December 31, 2018, agencies applying for funding through the COMBAT unit, which are generally not-for-profit organizations, were awarded approximately \$12.3 million, while the County Legislature directly awarded approximately \$370,000 to agencies providing these services.

3.1 Legislative funding

The County Legislature appropriates COMBAT funds to agencies, referred to as "outside agencies," without going through the comprehensive process the COMBAT unit follows in awarding similar contracts to agencies. The County Legislature appropriated \$185,000, in both 2017 and 2018, to 4 outside agencies. No one could provide documentation of any type of evaluation of the proposals submitted to receive this funding and it is unclear if they were evaluated prior to the County Legislature's funding approval.

In both 2017 and 2018, one agency was awarded and paid \$60,000 directly by the County Legislature (see section 3.2). The other 3 agencies received the remaining \$125,000 awarded each year by the County Legislature. Payments were originally paid out of the non-departmental section of the COMBAT Fund's budget, but were subsequently transferred to the COMBAT - Crime Prevention line of the COMBAT budget. This part of the budget is administered by the COMBAT unit. County personnel indicated these 3 agencies had already been awarded contracts through the COMBAT unit, so the actual payments and monitoring of the contracts awarded by the County Legislature was also transferred to the COMBAT unit. The COMBAT unit already has a process for soliciting proposals, selection and awarding of contracts, and monitoring the distribution of funds and compliance with county rules for outside agency funding. It is unclear why the County Legislature provides direct funding to some outside agencies instead of funding them through the COMBAT unit. The awards made by the County Legislature to outside agencies are not approved by the COMBAT Commission or the Prosecuting Attorney, who approves the outside agencies' funding through the COMBAT unit.

The funding of the non-departmental portion of the COMBAT budget is also not part of the funding formula allocation, as discussed in MAR finding number 1.2. The County Legislature awarding funding to outside agencies and not through the COMBAT unit does not provide assurance COMBAT funds are awarded fairly. Additionally, having 2 separate processes creates confusion and allows outside agencies not eligible for funding to be awarded contracts (see section 3.2). Controls should be developed to ensure all outside agencies awarded contracts from COMBAT monies go through the same process and go through the COMBAT unit. These actions are necessary to

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

ensure the consistency and appropriateness of the processes for awarding funds to outside agencies.

3.2 Legislative oversight

The contracts awarded to one outside agency by the County Legislature, totaling \$120,000 during 2017 and 2018, were not in accordance with the purposes indicated when the sales tax was passed and are a questionable use of COMBAT monies. We identified several concerns with the handling of these contracts. This agency has received \$450,000 in COMBAT monies directly through the County Legislature from 2008 to 2018.

The County Legislature budgeted the funding for this agency from the non-departmental section of the COMBAT Fund prior to receiving the applications. The County Legislature changed to an online application process for outside agency funding in 2016, but the county still accepted paper applications submitted by the agency in 2017 and 2018. This agency received funding for both years even though agency officials did not submit the majority of the required compliance documentation for 2016 or 2017. The COMBAT unit did not perform compliance monitoring either year because these contracts was not turned over to the department (see section 3.1) for monitoring.

For both 2017 and 2018, the agency received the entire contract amount awarded in one payment, rather than in installments based on documented expenditures. In addition, the agency did not submit documentation to support the COMBAT-related use of the awarded funds and it is unclear how these expenditures were a proper use of COMBAT funding. The County Legislature declined to provide funding to this organization in 2019.

It is questionable these expenditures were a proper use of COMBAT monies due to the lack of documentation and unknown use of the funding. Closely monitoring contractor performance and compliance with contract terms is important to ensure COMBAT resources and assets are used wisely.

3.3 Contract compliance

The COMBAT unit does not always monitor and enforce contract terms for agencies awarded treatment, prevention, or anti-violence contracts paid from the COMBAT Fund. Our review of contract payments made to 6 agencies provided funding from 2016 to 2018 identified the following concerns:

- The COMBAT unit did not require supporting documentation be submitted timely as required by the contracts. The contracts state that documentation supporting how the COMBAT monies were spent must be submitted by the 20th of the following month. Supporting documentation was not submitted timely in 41 of 99 payments (41 percent) reviewed.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

- Six monthly reimbursements to an agency during 2016 and 2017 included charges for a leased printer, totaling \$733, although reimbursements for equipment were not allowable per the contract.
- Agencies were paid more than the monthly payment allowed in 36 of 99 payments (36 percent) reviewed, although none of the agencies tested received more than the total contract amount for the year. The contracts only allow the outside agencies to claim 1/12 of the amount awarded each month.

Closely monitoring contractor performance and compliance with contract terms is important to ensure COMBAT resources and assets are used wisely and that expectations of the county and the public are met.

3.4 Monitoring of goals

The COMBAT unit has not determined if the county's goals for minority hiring and employment have been met for any new jobs created through contracts with agencies receiving funding. The county has established a goal for minority hiring and employment by contracted agencies funded through the COMBAT, and the application for funding utilized by the COMBAT unit requests data on minority hiring and employment; however, this requirement is not monitored by the COMBAT unit.

Chapter 93, Section 9304² of the County Code regarding COMBAT indicates, "Any proceeds from the anti-crime sales tax creating jobs and employment shall have a twenty percent goal for minority hiring and employment." The applications for funding completed by agencies applying for funding with the COMBAT unit state, "since this is a specific requirement for COMBAT, it is required during the application period, and will be monitored." In order to ensure compliance with county code, monitoring procedures should be developed for this requirement.

3.5 Advances

One agency funded by the COMBAT unit did not submit any documentation to support how a \$5,000 advance received in September 2016 was used for COMBAT purposes. This agency did not request the remainder of its \$20,000 in funding for that contract period. The COMBAT unit did not take any action to recoup these monies. Currently up to 3 months advance payments are allowed to contracted agencies to provide programs or services related to the COMBAT.

To ensure COMBAT Fund disbursements are appropriate and demonstrate compliance with the contracts, the county should discontinue advances and require adequate documentation to support all transactions prior to making any payments.

² This requirement was moved to Section 9305 when Chapter 93 was updated in December 2018.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

3.6 Site visits

The COMBAT unit's oversight of agencies provided funding needs improvement. Approximately 75 agencies receive funding annually, but a system for tracking which of these agencies have received site visits has not been established. The COMBAT unit and the Legislative Auditor's office each complete site visits of agencies receiving COMBAT funding. However, personnel in the COMBAT unit indicated the Legislative Auditor's office and the COMBAT unit do not work together to coordinate all planned site visits. The Legislative Auditor indicated her office has helped the COMBAT unit with site visits in the past due to limited availability of COMBAT staff.

The Legislative Auditor's office and the COMBAT unit use different forms to document site visits. The forms used by COMBAT staff have fields allowing personnel to document program objectives and outcomes. However, these forms do not allow for tracking client participation or a review of client files for completeness. The forms used by the Legislative Auditor's office are more detailed and include specific questions related to activities described in the agencies proposal. Consolidating the most useful aspects of both form and ensuring that information related to program outcomes and contract compliance is consistently documented for each site visit would help ensure site visits are effective in monitoring the programs offered by the agencies.

Site visits are not performed of all agencies receiving funding from the COMBAT each year. COMBAT personnel indicated they performed 17 site visits in 2017 and 12 in 2018. However, a complete listing of site visits is not maintained. The Legislative Auditor provided a listing of 22 site visits performed during 2018, while no site visits were performed in 2017. We requested documentation of any site visits performed by the COMBAT staff from 2016 to 2018 for 6 agencies selected for testing, and received only 1 form, from a 2016 site visit. This form documented serious concerns regarding lack of documentation from the provider to show a program related to COMBAT initiatives had been established. The form indicated a follow-up email was sent requesting documentation but there is no documentation a response was received. COMBAT personnel indicated the problems with this agency were remedied and subsequent site visits performed. However, we received no documentation of any additional site visits. This agency received \$27,000 in both 2016 and 2017 for prevention services and no funding in 2018.

For another agency tested, we were given pictures taken during a site visit, but the pictures were not dated or labeled to document when the pictures were taken or what agency was visited. No other site visit documentation was provided for the agencies tested although COMBAT personnel indicated they performed at least one site visit at each of those agencies. Site visits of funded agencies are not specifically required by any established county rules or policies. In June 2019, the COMBAT Director provided a draft copy of a new policies and procedures manual that, if approved, will require an unannounced site visit by the COMBAT program manager to each prevention and treatment agency at least once per year.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

The lack of a coordinated effort by the COMBAT unit and the Legislative Auditor's office to plan and execute site visits of each agency increases the likelihood of duplicate work or an agency not receiving a site visit. Ensuring a detailed site visit checklist form, designed to document important outcomes pledged in the applications for funding and to document compliance with requirements, is used for all site visits performed will increase the likelihood that underperforming agencies are identified and problems are followed up on and corrected. In addition, keeping detailed records of all site visits performed and ensuring documentation for each site visit performed is maintained will provide information to help determine if funding for each agency should continue, and at what amounts.

Recommendations

The County Legislature, County Executive, and Prosecuting Attorney:

- 3.1 Ensure all agencies applying for funding from the COMBAT Fund go through the selection process utilized by the COMBAT unit.
- 3.2 Ensure all uses of COMBAT monies are appropriate and supported by adequate documentation. In addition, payments to outside agencies should only be made after there is assurance the entities are in compliance with contract requirements.
- 3.3 Ensure payments are only made for invoices submitted timely, amounts paid on contracts are allowable per contract terms, and payments are limited to the monthly allowable amount.
- 3.4 Establish procedures to monitor the minority hiring and employment percentages proposed by agencies in their funding applications.
- 3.5 Discontinue providing advances.
- 3.6 Ensure site visits are performed periodically to determine if agencies are accomplishing outcomes established in their contracts and ensure documentation of each site visit is maintained.

Auditee's Response

The County Legislature provided a written response. See Appendix D.

The County Executive provided a written response. See Appendix E.

The Prosecuting Attorney provided a written response. See Appendix F.

4. Disbursements

The county's controls over disbursements from the COMBAT Fund need improvement. We selected 23 disbursements, totaling \$746,454, for testing and identified the following concerns:

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

- COMBAT funds totaling \$4,869 were used when purchasing a county vehicle for use by a member of the County Executive's staff. This funding came from the non-departmental section of the COMBAT Fund's budget. The county used other funding sources to pay for the remainder of the vehicle's cost. Documentation was not maintained to support how this purchase related to the COMBAT programs, making it unclear if this expenditure was a proper use of COMBAT funding.
- A hotel invoice for 5 nights, totaling \$559, in Florida was charged to the COMBAT Fund. No documentation was provided to show the business reason for this expense, who participated in the trip, and how the expenditure related to COMBAT. After we asked about this disbursement, we received documentation indicating an employee of the Jackson County Drug Task Force attended an undercover drug enforcement conference in Florida.
- An invoice submitted for performing drug testing, totaling \$21,175, was not sufficient. The number and type of drug tests performed was not documented. Thus, COMBAT unit personnel could not determine compliance with the contract rates for each type of test. The invoice only indicated monthly testing with a total amount due.

To ensure disbursements are reasonable, necessary, and a proper use of COMBAT monies, detailed invoices or other documentation should be available to support all disbursements.

Recommendation

The County Legislature, County Executive, and Prosecuting Attorney ensure all purchases are a reasonable and appropriate use of COMBAT monies and adequate documentation is obtained to support all disbursements. In addition, officials should determine if the COMBAT Fund should be repaid from another funding source for the amount paid for the vehicle.

Auditee's Response

The County Legislature provided a written response. See Appendix D.

The County Executive provided a written response. See Appendix E.

The Prosecuting Attorney provided a written response. See Appendix F.

5. Payroll

The county's system for approval and allocations of payroll related to the COMBAT Fund need improvement.

5.1 Approval

Approval from the Prosecuting Attorney was not obtained before processing 7 employee change authorization (ECA) forms to enter payroll changes affecting allocations to the COMBAT Fund in January 2018. As a result, salary costs totaling \$2,960 for 7 employees on the County Executive's staff

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

were inappropriately charged to the COMBAT administration line item and paid from the COMBAT Fund in 2018.

The Prosecuting Attorney's administrative control of the COMBAT Fund started on December 28, 2017, when the County Legislature overrode the County Executive's veto of ordinance 5061 that, in part, updated section 9306³ of the County Code by transferring supervision of the day-to-day administration of the COMBAT tax and COMBAT Commission, and authority for the selection of the COMBAT Director to the Prosecuting Attorney. The Prosecuting Attorney was not consulted by the County Executive to obtain approval for any of the ECA forms dated December 29, 2017, submitted by the County Executive, for payroll allocation changes to several funds, including a line item within the COMBAT Fund no longer under his control. In addition, another form was submitted by the County Executive to allocate a portion of his salary to the COMBAT administration line item in the COMBAT Fund. These forms were submitted to the Finance department for entry into the payroll system with the changes effective for these employees as of January 1, 2018.

Finance department employees performing payroll functions did not enter the majority of the ECA form changes in the system due to the lack of approval and contacted the Prosecuting Attorney. The changes on one form were apparently entered because the allocation charged to the COMBAT Fund was unchanged from the previous year and the changes affected allocations to other funds not under the Prosecuting Attorney's control. The Prosecuting Attorney emailed various county officials/personnel to remind them of the new ordinance related to the COMBAT Fund approval authority and that no allocations of County Executive's staff were to be made from the COMBAT Fund without her approval. However, documentation on several of the forms indicates the Director of Human Resources directed the county's payroll services software provider to process the forms, with the exception of the County Executive's form, as that ECA form was apparently withdrawn. The changes were made in the system to allocate these salaries to the COMBAT administration line item in the COMBAT Fund.

As a result of disputes over the validity of Ordinance 5061 and administrative control of the COMBAT Fund, the County Legislature filed a lawsuit against the County Executive and members of his staff on January 16, 2018. The allocations of the County Executive's staff salaries to the COMBAT Fund were stopped on January 19, 2018, when a Circuit Judge issued a preliminary order for the County Executive to "refrain. . . from exercising the day-to-day supervision of the administration of the COMBAT and COMBAT

³This requirement was moved to section 9307 when Chapter 93 was updated in December 2018.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

Commission and. . . from taking affirmative actions to interfere with and impede the County Prosecutor from fulfilling her duties imposed on her office by Ordinance 5061." As a result, on January 22, 2018, the Prosecuting Attorney approved ECA forms to discontinue these employees' salary allocations from the COMBAT Fund. Subsequently, beginning in March 2018, personnel in the Finance Department made journal entries to remove the salaries and fringe benefits for the affected employees, totaling \$3,122, from the COMBAT Fund. In August 2018, the Circuit Judge issued a final judgment in favor of the County Legislature that affirmed the validity of the ordinance.

Payroll changes are normally processed by the employees within the payroll function of the Finance department. Processing payroll does not fall within the duties of the Director of Human Resources as defined in Chapter 7, Section 752 of the County Code. Chapter 93, Section 9306 of the County Code states the administration of the COMBAT tax and COMBAT Commission shall be under the day-to-day supervision of the Prosecuting Attorney. The authority to determine allowable charges incurred for the administration of the COMBAT tax lies with the Prosecuting Attorney. As such, allocations of personnel costs to line items in the COMBAT Fund under the administrative control of the Prosecuting Attorney should not be performed without her documented approval. Allowing unapproved allocations increases the likelihood that employees' salaries are not properly charged to the correct fund.

5.2 Allocation

The county has no documentation to support some allocation of salaries to the COMBAT Fund. During 2017 and 2018, there were 158 and 155 employees, respectively, whose entire salaries, totaling over \$5 million each year, were charged to the COMBAT Fund. The majority of those employees worked in the court, the jail, or the Prosecuting Attorney's office. Another 101 and 114 employees, respectively, had a percentage of their salaries, ranging from less than 1 percent to 98 percent, charged to the COMBAT Fund. During 2017 and 2018, the amount of salaries partially allocated to the COMBAT Fund totaled approximately \$1.9 million and \$2.5 million, respectively. Most of the salaries allocated partially to the COMBAT Fund were for employees in the same offices/departments as those employees fully paid from the COMBAT Fund. A few allocations were made for employees in other departments/offices, such as the Legislative Auditor's office and the Communications department. Support for how the salary allocation amounts were determined or which employees were fully allocated versus partially allocated were not maintained for any of the offices or departments allocating salaries to the COMBAT Fund.

To ensure restricted funds are used for their intended purposes, the allocation of salaries to the COMBAT Fund should be based on specific criteria, such as the number of hours worked by each employee, if possible, or by determining a reasonable basis to allocate costs. Allocating salaries to the

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

COMBAT Fund that are not directly related to the administration of the tax reduces the funds available for anti-crime programs and is not an appropriate use of COMBAT monies.

Recommendations

The County Legislature, County Executive, and Prosecuting Attorney:

- 5.1 Ensure all uses of COMBAT funds are appropriate and any allocations made to the COMBAT Fund are approved by the responsible official.
- 5.2 Allocate salary expenses to the COMBAT Fund based upon specific criteria, retain documentation to support the allocations made, and ensure all salaries paid are an appropriate use of COMBAT monies.

Auditee's Response

The County Legislature provided a written response. See Appendix D.

The County Executive provided a written response. See Appendix E.

The Prosecuting Attorney provided a written response. See Appendix F.

6. Vehicle Allowances

The county does not have documentation to support how vehicle allowance amounts paid from the COMBAT Fund are reasonable and necessary. Vehicle allowances, ranging from \$20 to \$9,600 annually, were paid to employees from the COMBAT Fund for use of their personal vehicles. Due to the lack of records, it is not clear if any business miles incurred by these employees related to the COMBAT Fund.

The following table includes vehicle allowance payments, totaling \$55,009, made to 15 employees from the COMBAT Fund during the 2 years ended December 31, 2018.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Management Advisory Report - State Auditor's Findings

Job Title	Year Ended December 31,		
	2017	2018	Total
Director of Corrections	\$ 9,600	5,000	14,600
Deputy Director, COMBAT	3,450	3,900	7,350
Chief Deputy Auditor, Legislative Auditor's office	1,650	3,300	4,950
Director of Communications, Prosecuting Attorney's office	2,760	2,760	5,520
Program Manager, COMBAT	2,200	2,600	4,800
Legislative Auditor	2,208	2,208	4,416
Chief of Operations, Prosecuting Attorney's office	1,200	1,860	3,060
Legislative Aide	204	204	408
Assistant Auditor, Legislative Auditor's office	135	135	270
Chief of Health Services	630	52	683
Assistant to the County Executive	60	20	80
COMBAT Director	3,600	0	3,600
Program Administrator, COMBAT	2,900	0	2,900
Communications Liaison	2,119	0	2,119
Assistant Auditor, Legislative Auditor's office	254	0	254
Total	\$ 32,970	22,039	55,009

The vehicle allowances paid to these employees from the COMBAT Fund were determined based on the percentage of their salary paid from the COMBAT Fund. The amount of vehicle usage by these employees related to COMBAT activities or functions is not considered when determining the allocations. Due to the lack of adequate records supporting how the amounts were determined, it is unclear if these amounts are reasonable.

To ensure restricted funds are used for their intended purposes, the county should periodically review the reasonableness of the vehicle allowances paid from the COMBAT Fund. Vehicle allowances should be based on a reasonable estimate of miles driven for purposes related to the COMBAT.

Recommendation

The County Legislature, County Executive, and Prosecuting Attorney review vehicle allowances paid from the COMBAT Fund, ensure adequate support for the allowances is maintained, and ensure the allowances relate to COMBAT Fund activities.

Auditee's Response

The County Legislature provided a written response. See Appendix D.

The County Executive provided a written response. See Appendix E.

The Prosecuting Attorney provided a written response. See Appendix F.

Jackson County

Community Backed Anti-Crime Tax (COMBAT) Fund

Organization and Statistical Information

The COMBAT Commission is charged with the responsibility of establishing the priorities of the COMBAT unit and making recommendations to the County Legislature for the funding of various initiatives that support its mission.

On November 6, 2018, county voters approved amendments to the Jackson County Charter effective January 1, 2019. These amendments included, among other things, providing term limits for the Sheriff and Prosecuting Attorney, and granting the (1) Sheriff the duty and authority to operate the county detention center and other detention facilities, and (2) Prosecuting Attorney authority over the county anti-crime sales tax.

Elected Officials

The elected county officials who played a role in the administration of the COMBAT and their term and compensation paid for the year ended December 31, 2018 (except as noted), are indicated below:

Elected Official	Term	Compensation
Scott Burnett, Chairman, 1st District	1/1/15 - 12/31/18 ¹	\$ 38,481 ⁴
Alfred Jordan, Vice Chairman, 2nd District	1/1/15 - 12/31/18	38,481 ⁴
Garry J. Baker, 1st District At-Large	1/1/15 - 12/31/18	38,481 ⁴
Crystal J. Williams, 2nd District At-Large	1/1/15 - 12/31/18 ¹	34,881
Tony Miller, 3rd District At-Large	1/1/15 - 12/31/18 ¹	40,481 ⁴
Dennis Waits, 3rd District	1/1/15 - 12/31/18	41,181 ⁴
Dan Tarwater III, 4th District	1/1/15 - 12/31/18 ¹	38,481 ⁴
Greg Grounds, 5th District	1/1/15 - 12/31/18	38,481 ⁴
Theresa Galvin, 6th District ⁵	1/1/15 - 12/31/18 ¹	38,481 ⁴
Frank White Jr., County Executive	1/1/16 - 12/31/18 ²	157,960 ⁴
Jean Peters Baker, Prosecuting Attorney	1/1/17 - 12/31/20	142,892 ⁴
Darryl Forte, County Sheriff	5/10/18 - 12/31/20 ³	64,532

¹ Reelected November 6, 2018.

² Appointed by the County Legislature to replace County Executive Mike Sanders who resigned January 5, 2016. Elected November 8, 2016, to finish unexpired term. Reelected November 6, 2018.

³ Appointed by the County Executive to replace Sheriff Mike Sharp who resigned April 19, 2018. Elected November 6, 2018, to finish unexpired term.

⁴ Regular salary plus car allowance, county vehicle usage, phone allowance, and/or other miscellaneous compensation.

⁵ Selected as Chairman effective January 1, 2019.

COMBAT Commission

The COMBAT Commission is an advisory committee comprised of 9 members appointed by the County Executive who each receive \$400 per meeting attended, as of December 28, 2017, with the maximum payments of \$4,800 per calendar year. The members of the COMBAT Commission as of December 31, 2018, are as listed below.

Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Organization and Statistical Information

Member	Term Ends
James A. Witteman, Jr., Chairman (1)	December 31, 2019
Kelvin L. Walls, M.D.	December 31, 2021
Lanna Ultican	December 31, 2021
Dr. Joseph Spalitto	December 31, 2020
Keith Querry	December 31, 2019
Charles (Gene) E. Morgan	December 31, 2020
Melesa N. Johnson (2)	December 31, 2019
Mark S. Bryant	December 31, 2020
Larry Michael Beaty (3)	December 31, 2021

(1) James A. Witteman Jr., resigned on April 8, 2019.

(2) Melesa N. Johnson resigned on August 29, 2019.

(3) Larry Michael Beaty was appointed Chairman on January 1, 2020.

Financial Activity

A summary of the COMBAT Fund's financial activity for the year ended December 31, 2017, and 2018, which was obtained from information in the Jackson County Comprehensive Annual Financial Report, follows as Appendix A:

Resolution Requesting Audit

IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

A RESOLUTION requesting the Missouri State Auditor to conduct a comprehensive performance audit to examine and evaluate the management of Jackson County's fiscal, budgetary, and procurement policies and procedures to ensure transparency and accountability to the taxpayers in the expenditure of public funds.

RESOLUTION NO. 19745, February 26, 2018

INTRODUCED BY Scott Burnett, County Legislator

WHEREAS, the Legislature adopted the County's 2018 annual budget via a floor amendment to Ordinance 5052 on December 15, 2017; and,

WHEREAS, in the Legislature's final adopted budget memorandum dated December 15, 2017, attached as Exhibit A, the Legislature raised several concerns regarding the expenditure and transfer of funds budgeted within non-departmental accounts, questionable spending on contracts, and the need for transparency and accountability; and,

WHEREAS, on January 3, 2018, the County Executive recommended that the Legislature request the Missouri State Auditor to conduct a comprehensive audit of the County's fiscal and procurement processes; and,

WHEREAS, the Legislature is hopeful that an independent audit by the Missouri State Auditor will provide assurance to all County elected officials and the citizens of Jackson County that the assets of the County are safeguarded through proper internal controls that fully comply with applicable State and County laws; and,

Appendix C
Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Resolution Requesting Audit

WHEREAS, the Legislature recommends the scope of the comprehensive audit include, but not be limited to, determining the existence of:

- Effective oversight of the awarding and administering of legal and professional services contracts and whether any County employee, officer or elected official received a separate, personal benefit from any such contract; and,
- Proper internal controls to ensure best practices of the authority to transfer \$9,999 or less from one appropriation account to another without Legislative approval; and,
- Proper fiscal, budgetary, and procurement policies and procedures for internal operations; and,
- Conformity and compliance with existing fiscal, budgetary, and procurement policies and procedures and to ensure that they do not contradict or conflict with the County code or State regulations; and,
- Compliance with governmental best practices in the financial management of fiscal, budgetary, and procurement policies and procedures and identification of areas of improvement as needed;

and,

WHEREAS, the Legislature desires the Missouri State Auditor to conduct the audit in as expeditious a manner as possible and to prepare a written report noting findings, recommendations, and conclusions; now therefore,

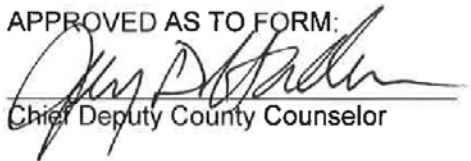

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that the Legislature hereby requests that the Missouri State Auditor conduct a comprehensive audit of the County's finances in accordance with this Resolution.

Nicole Galloway
Missouri State Auditor
Truman State Office Building
301 West High Street, Rm 880, P.O. Box 869
Jefferson City, Missouri 65102

Honorable Auditor Galloway,

In February 2018 the Jackson County Legislature formally requested an independent audit by the Missouri State Auditor to provide assurance to all County elected officials and the citizens of Jackson County that the assets of the County are safeguarded through proper internal controls that fully comply with applicable State and County laws.

The County Legislature greatly appreciates the State Auditor's time and efforts in conducting an audit and issuing a report of the Jackson County Community Backed Anti-Crime Tax (COMBAT) Fund as the first of multiple areas of review. The County Legislature supports the report's recommendations and will continue oversight efforts by working diligently with all responsible parties to monitor the implementation of all recommendations, including, but not limited to, regular updates and hearings before the full legislative body.

Harry S. Truman, Presiding Judge, 1927-1934

Mr. Todd Schuler
Audit Manager
Office of the State Auditor
Fletcher Daniels State Office Building
615 E. 13th Street, Room 511
Kansas City, MO 64106

VIA EMAIL todd.schuler@auditor.mo.gov

Dear Mr. Schuler,

In response to your request for my office's response, please see the information below:

1.1 & 1.2

As stated in the report, the County Legislature is responsible for the allocation of the COMBAT fund "through the budget process." While the report references a non-binding resolution of intent passed by the Jackson County Legislature 25 years ago, the report also accurately points out that the percentages discussed in that Resolution "are not required to be followed (. . .)." My Administration supports, and is willing to participate if invited, in a comprehensive review of the current allocation formula to ensure that these funds are currently being used as effectively as possible.

1.3

As the audit states, Jackson County COMBAT is part of the County's Comprehensive Annual Financial Report (CAFR). The CAFR is conducted by independent auditors from a third-party firm of licensed certified public accountants. For the past 32 years the County's CAFR has been awarded the "Certificate of Achievement for Excellence in Financial Reporting" by the Government Finance Officers Association of the United States and Canada (GFOA).

In addition to the County's annual financial audit, the County has engaged outside experts in the past to conduct numerous evaluations of COMBAT programming during the scope of this audit. For example, on December 7, 2016, Resource Development Institute (RDI) published a 42-page report that analyzed COMBAT's funding of community-based agencies that were engaged in crime and drug prevention efforts. This report followed RDI's evaluation and report on COMBAT's Anti-Violence Special Initiative.

While my Administration has not been responsible for the Administration of COMBAT for over two years, we support the report's recommendation that evaluations are performed moving forward.

Appendix E
Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Auditee Response - County Executive

2.0.

As the report states, my Administration opposed the sale of the MyArts building at the time and still believes that the sale of the building was both imprudent and improper. The report accurately states that the sale was authorized by the Legislature prior to obtaining an independent appraisal of the property, nor were other options seriously considered. While the County Legislature is ultimately responsible for the sale of County property, my Administration will continue to advocate for the reforms recommended by this report.

3.1-3.6

Due to changes made to the County Code and Charter, my Administration has not been involved in the awarding of contracts to community based non-profits in more than two years. As County Executive, I support the report's recommendations and am hopeful that the parties now responsible will fully implement these changes immediately, if they have not already done so. To the extent I, or my staff, can be of assistance in such efforts, we stand ready and willing to assist.

4

On November 30, 2015, the Jackson County Legislature approved Resolution 19014. Resolution 19014, in part, authorized the County's Director of Finance and Purchasing to award numerous term and supply contracts for the purchasing of new vehicles, pursuant to the terms established from a competitively bid contract solicitation process. In addition, Resolution 19014 authorized the Director of Finance and Purchasing "to make all payments, including final payment" on all purchases made pursuant to the aforementioned contracts.

In 2016, I hired an employee to work in my office, and in accordance with the applicable provisions of the Jackson County Personnel Rules, the employee was given the option of a take-home vehicle or car allowance. On August 25, 2016, the Director of Finance and Purchasing transferred funds within the non-departmental budget to cover the acquisition costs of a vehicle for the employee. During the course of the audit, the Director of Finance and Purchasing was no longer a member of my staff. Current staff within the county's Finance and Purchasing Department attempted, but were unable to find paperwork that clearly stated the justification for the use of COMBAT funds for a small portion of this purchase. I agree with the report's recommendation that proper documentation should have been maintained, regardless of staff changes, and have instructed my staff to take all steps necessary to ensure that documentation is properly maintained.

When questions were raised over two years ago about the appropriateness of the Director of Finance and Purchasing's use of a small amount of COMBAT funds to accomplish this purchase, my office immediately asked the County Counselor's Office if this usage was in compliance with both state law and the county code. My office was told in no uncertain terms, that due to the work and responsibility of the staff member, the use of COMBAT funds was appropriate.

Appendix E
Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Auditee Response - County Executive

5.1-5.2

While we believe there are factual inaccuracies in this section, due to the terms of a legal settlement agreed to by the County Legislature, County officials and staff are unable to comment further on this matter. As stated previously, my Administration believes COMBAT funds should be used to improve public safety and proper documentation of those uses should be maintained.

6.

The County is currently engaged in the review of the County's long-standing vehicle allowance policies and practices. The County will take the steps necessary to ensure that vehicle allowances, if provided in the future, are charged to the appropriate funds and sufficient documentation is maintained.

Sincerely,

Frank White, Jr.
Jackson County Executive

JEAN PETERS BAKER
Jackson County Prosecuting Attorney

March 17, 2020

Nicole Galloway, CPA
Missouri State Auditor
301 W. High Street Room 880
Jefferson City, Missouri 65102

Re: Jackson County Community Backed Anti-Crime Tax (COMBAT) Fund Audit

Dear State Auditor Galloway:

On December 28, 2017, the Jackson County Legislature unanimously voted to override the County Executive's veto regarding transferring COMBAT Administration to the Prosecutor's oversight. Disputes over the County Legislature's authority to transfer control of the COMBAT Fund led to the County Legislature filing a lawsuit against the County Executive. This led to a temporary court order issued on January 19, 2018 requiring shared supervision of COMBAT Administration between the County Executive's Office and the Prosecutor's Office. The Circuit Court issued its final order on August 31, 2018 upholding the County Legislature's action to transfer administrative control of the COMBAT Fund to the Prosecutor. The full oversight of COMBAT was not awarded to the Prosecutor's Office until December 2018 when the County Executive dismissed his appeal of the Circuit Court's order. This history is noted as the scope of this audit is primarily during the time that COMBAT was managed by the County Executive.

Please find attached my responses to the audit findings.

Sincerely,

Jean Peters Baker

Auditee Response - Prosecuting Attorney

Auditee's Responses – Prosecuting Attorney

1. Funding & Monitoring

1.1 Estimated revenues for COMBAT are determined by the County Finance Department, under the County Executive's management. These estimated revenues, in part, are used to draft the proposed county budget and typically include each department's or elected official's own proposed budget that is submitted to the Finance Department. The full proposed county budget is drafted by the County Executive's Administration and then provided to the County Legislature for any modifications and approval each November. The County Executive has veto power over the budget, balanced by the County Legislature power to overturn the veto. The Prosecuting Attorney has no role in the budget process after submitting her own department's proposed budget to the Finance Department, outside of public testimony before the Legislature.

During the scope of this 2017-2018 audit, the Prosecuting Attorney was not provided an opportunity for discussion, input or oversight regarding the determination of estimated revenues or the allocation of COMBAT funds to the departments listed in the funding formula. The Prosecuting Attorney, worked with the COMBAT Commission, County Legislature and County Executive regarding program funding recommendations for COMBAT funded agencies after administrative control of the COMBAT Administration was directed to her oversight in December 2017. However, she continued to operate under Court Order, requiring shared supervision between the Prosecuting Attorney's Office and the County Executive's Office. It should be noted that full oversight of COMBAT was not awarded to the Prosecutor until December 2018 after the County Executive dismissed his appeal of Judge Wolf's order granting COMBAT Administration to the Prosecuting Attorney. Even with full administrative oversight of COMBAT, the Prosecutor relies on county departments who report directly to the County Executive, for day-to-day functions such as payroll, drafting of contracts, and disbursing monies to COMBAT funded agencies.

The County Executive and County Legislature are guided by the funding allocations determined through a 1995 resolution. The Prosecutor agrees that those 1995 allocation percentages should be reviewed with the COMBAT Commission and the County Legislature. The County Executive no longer plays a role in the decisions regarding COMBAT funds as of the vote of the people of Jackson County in November 2018 and dismissal of his appeal. The Prosecutor agrees that each entity receiving an annual appropriation from COMBAT should receive their full allocation.

1.2 In 2009, Jackson County citizens approved broadening COMBAT's mission to the prevention and treatment of violence. This addition, however, was not reflected in a change to the funding formula by either the County Executive (who oversaw COMBAT at the time) or the County Legislature. As noted in the audit, the past and current County Executive did provide additional money for the Prosecuting Attorney's anti-violence programs. Those dollars were proposed as a much needed budget increase to the Prosecutor's annual budget and were highlighted by County Executive Mike Sanders and Frank White in their respective budget proposals. As the Prosecutor now has administrative oversight of COMBAT, she has voluntarily reduced that allocation though the funds were previously directed as a budget increase. The Prosecutor will continue to make cuts in her department to fully return the earlier budget increase in the hopes of maintaining current employees' positions. The 2020 County budget was the first opportunity for the Prosecutor to shape decisions regarding COMBAT allocations. This new guidance has resulted in a substantial reduction of funds received by other County

Appendix F
Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Auditee Response - Prosecuting Attorney

departments outside the allocation formula. Additionally, in the 2020 budget process, the Prosecutor directed the County Finance Department to include revenues from the fund balance (minus an emergency contingency) along with the estimated revenues when developing the County budget.

The Prosecuting Attorney will continue to work with the COMBAT Commission, County Legislature and the County Executive's Finance Department to improve the transparency of COMBAT funds and their allocation.

1.3 During the scope of this audit, the County Legislature complied with Resolution 10950's requirement for an annual audit and program evaluation by an independent firm or agency by budgeting COMBAT funds to the County Auditor's Office. In collaboration with the Prosecuting Attorney's Office and County Legislature, the County Auditor did not request these COMBAT funds for her 2020 department budget.

The Prosecutor agrees that an annual audit and evaluation of programs by an independent firm or agency funded by COMBAT should be performed as provided by County resolution and County Code.

2. MyArts Building

The Prosecuting Attorney's Office is guided by County Code regarding disposal of county property in its possession. The County Executive's Administration (County) maintains legal authority over all Jackson County properties, including the MyArts building; while the Prosecuting Attorney's Office had oversight of programming occurring within the MyArts building. The Prosecuting Attorney's Office was, however, responsible for security and utility expenses at a cost of approximately \$50,000 annually at this location. Additionally, the Prosecutor was responsible for programing costs not covered by federal grants. In December of 2016, federal grant dollars for the programming in the MyArts building were not renewed. In 2017, the Prosecutor began discussions with the Independence School District (ISD) regarding a joint program in the MyArts building in order to continue a student oriented violence and drug prevention programming in Independence. The Prosecutor was seeking additional partners to fully utilize the space, but also to assist with the expense of the building. The County, as holding the legal authority of the MyArts building, was involved in those discussions. These discussions included building renovations paid for by ISD. ISD had further meetings with the County's Public Works/Facilities staff, including their architect, to discuss details of the renovations. As noted in the audit, the Deputy COO conveyed in a July 2017 writing to ISD an offer of a one year lease plus rent. It is our understanding that ISD rejected this proposal due to the need for a longer agreement in order to justify the renovations and respective expenses. No members of the Prosecuting Attorney's Office were engaged in any discussions regarding the sale of the MyArts building with ISD or any other purchaser, nor were members of this office engaged in the negotiations on the length of a contract for the County. As negotiations continued with ISD and the County with the future of the building was in question, the Prosecutor made clear to the Legislature and to the County Administration that her budget could not sustain the maintenance and use of the building in future years. The remaining decisions made regarding the MyArts building did not include any members of the Prosecutor's Office.

Appendix F
Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Auditee Response - Prosecuting Attorney

3. Treatment and Prevention Funding

3.1 The Prosecuting Attorney's Office and the COMBAT Administration work jointly to ensure all applying agencies follow an established process and protocol to receive funding. Funding recommendations include the use of independent evaluations, staff scores and audit compliance before being presented to the COMBAT Commission. The COMBAT Commission requires public hearings in the approval process. The final step rests with the County Legislature for approval in public hearings. Before oversight was placed under the Prosecutor, the County Legislature awarded money from the COMBAT sales tax fund to agencies outside the COMBAT Administration/COMBAT Commission process. In collaboration with the Prosecutor, the Legislature changed this practice, ending COMBAT revenues used for outside agency funding in the 2020 budget.

3.2 The agency that is referred to in this section was not funded through the COMBAT Administration/COMBAT Commission process or the Prosecuting Attorney's Office. The Prosecutor agrees that all uses of COMBAT monies should be appropriate and supported by adequate documentation and that payments should only be made to agencies that are in compliance with contract requirements.

3.3 While the County Executive maintained oversight of COMBAT, the COMBAT Administration was fully staffed with 6 employees. In December of 2017, after the County Legislature transferred oversight of COMBAT to the Prosecuting Attorney's Office, the COMBAT Administration employed four employees. In February of 2018, Judge Wolf issued a Temporary Order requiring a hiring freeze until his Final Order issued on August 31, 2018. Following this Order, the County Executive immediately filed an appeal to the Missouri Court of Appeals. On November 6, 2018, Jackson County voters confirmed the transfer of COMBAT to the Prosecuting Attorney's Office and in December of 2018, the County Executive finally dismissed his appeal. With the Prosecutor's oversight, the COMBAT Administration is now fully staffed after creating new positions and the hiring of additional employees to fully support the mission of the COMBAT sales tax.

The Prosecutor agrees that invoices should be submitted timely by funded agencies, that payments be consistent with contract terms and that payments are limited to the monthly allowable amount. The newly created COMBAT Budget Coordinator position serves to meet these expectations with her expertise serving as an accountant, budget analyst and contract administrator.

3.4 While the County Executive maintained oversight of the COMBAT Administration, a goal of twenty percent minority hiring and employment remained the policy; however, compliance with this goal was not monitored. In 2019, with the support from the Prosecutor, COMBAT Administration has hired three site monitors who will track efforts toward achieving the minority goal.

3.5 The Prosecuting Attorney and COMBAT Administration are seeking appropriate funding cycles regarding the recommendation to cease all funding advances. The County's delayed approval process and the COMBAT funded agencies' reliance on COMBAT funding to meet payroll obligations are factors that must be considered in this determination. The Prosecutor agrees that adequate documentation should be provided from all COMBAT funded agencies to support all transactions.

3.6 The Prosecuting Attorney agrees that under the scope of this audit that the COMBAT Administration's oversight of agencies needed improvement. Since December of 2018 and the transfer

Appendix F
Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Auditee Response - Prosecuting Attorney

of oversight, the Prosecuting Attorney has supported the COMBAT Administration to hire staff in order to improve this oversight. Site monitors were hired to assist COMBAT Administration in performing site visits of all COMBAT funded agencies and to ensure that program outcomes and contract compliance are consistently documented.

4. Disbursements

During the scope of this audit the Prosecuting Attorney and COMBAT Administration had no knowledge of how COMBAT funds were spent from any of the County departments that receive COMBAT funds per the funding formula. The County Finance Department reports to the County Executive and has control over the FMS system which is the County's financial system. During the scope of this audit the COMBAT Administration only has access to view the expenditures in FMS that are from the COMBAT Administration. The County Finance Department which reports to the County Executive determines if expenditures of COMBAT funds are appropriate and whether or not proper documentation has been provided to the Finance Department prior to the payment of any invoices. Since 2018, the Prosecuting Attorney has required that all Requests for Legislative Action (RLAs) using COMBAT funds have her approval prior to their submittal to the County Counselor's office. However, the Prosecuting Attorney has no ability to review other expenditures without the cooperation of the County Executive and his Finance Department.

The Prosecuting Attorney agrees that the County Executive's Chief of Staff use of COMBAT funds for his personal vehicle purchase was not a proper use of COMBAT funds and has previously requested that he repay COMBAT Administration the amount of COMBAT funds used in his purchase of this County vehicle.

5. Payroll

5.1 To be clear, this section refers to a Whistleblower, the County Executive's Administration, and the County Executive's treatment of that Whistleblower. The Whistleblower was employed by the County Finance Department when he refused the County Executive's order in the attached email. The Prosecutor finds the orders to the Whistleblower and the termination of his employment by the County Executive to be contrary to the values and duties of a public servant or of a public entity. This Whistleblower should have been protected, but instead, was fired. The costs for that action were born out through a lawsuit. The County Executive ultimately authorized a settlement of \$747,000.00 of taxpayer dollars to the Whistleblower for the improper actions taken against this employee. ***See the attachments showing the Whistleblower's email to County Officials on this issue.***

The County Legislature unanimously voted (9-0) to override the County Executive's veto regarding transferring COMBAT Administration to the Prosecutor's oversight. At that time, COMBAT Administration consisted of only 4 employees. The day after his veto was overridden, the County Executive flagrantly disregarded the Legislature's power and submitted 5 employee change authorization (ECA) forms for payroll allocation from COMBAT funds to individuals of the County Executive's staff who did not perform any COMBAT functions. The 5 named employees, which included

Appendix F
Jackson County
Community Backed Anti-Crime Tax (COMBAT) Fund
Auditee Response - Prosecuting Attorney

the County Executive, had not previously been funded out of COMBAT funds prior to this request by the County Executive. The County Executive submitted 2 other ECA forms for employees of the County Executive's Administration who were receiving part of their salary from COMBAT fund to maintain the percentage of one of the employees and increased the other employee's salary reliance on COMBAT funds. At this same time, the County Executive also submitted 1 ECA to stop paying the salary of one member of his Administration out of the COMBAT funds. The Prosecutor agrees that these actions of the County Executive violated county ordinances.

The Prosecutor agrees that the actions of the County Executive's staff in directing the Finance department employees to process these ECAs again two weeks after the County Executive lost administrative control of COMBAT was in violation of county ordinance and his limited power after his veto was overridden. It is our understanding that the ECA form submitted for the County Executive's salary was signed, but not processed, while the other ECAs regarding COMBAT funds were processed. In January 2018, the Prosecutor submitted 7 ECA forms in January 2018 to make sure that these 7 employees' salaries were no longer being paid out of COMBAT funds. Most importantly, not one of these employees that the County Executive was ordering to be funded by COMBAT were to perform any duties on behalf of COMBAT Administration.

The Prosecutor agrees that the actions of the Director of Human Resources who reported to the County Executive were in violation of county ordinance when he transferred personnel costs to the COMBAT fund without documented approval from the Prosecutor. The Prosecutor further agrees that processing payroll/personnel costs does not fall within the duties of the Director of Human Resources. The Prosecutor commends the Jackson County Finance department employees whose job was to perform payroll functions in refusing to enter the employee changes requested from the County Executive which were in violation of the County ordinance. The Prosecutor commends the Finance department employees for contacting the Prosecutor and the County Executive's Administration and shedding light on this requested violation of the law.

5.2 The Prosecuting Attorney and COMBAT Administration must rely on the County Finance Department, reporting directly to the County Executive, regarding appropriate salary expenses to the COMBAT Fund. It should be noted that the Finance Department has sole access to all salary expenses and the allocation of funds that pay those salaries. The Prosecuting Attorney agrees that documentation should be retained to support all allocations made and to ensure that all salaries are an appropriate use of COMBAT funds.

6. Vehicle Allowances

6.1 The Prosecuting Attorney agrees that vehicle allowances paid from the COMBAT fund should be reviewed. That review requires the County Executive's Finance Department, who solely possesses that data, to assist with creating and maintaining a list of all county associates who are receiving such allowances paid from COMBAT funds. The Prosecutor agrees that there should be adequate support for any vehicle allowances and that all such associates must be performing duties relating to COMBAT activities. Further, the Prosecutor has reduced the reliance on this benefit during her oversight of COMBAT.

Ed -

Thank you for the email. However, I have voiced my concerns before and I will state them again. Associates should not have to work in a hostile environment with fear of disciplinary action taken upon them because they are unwilling to perform an unlawful act. The County Executive's Administration is instructing associates to process Employee Change Authorizations (ECAs) dated 12/29/2017. This action will result in at least 2 unlawful acts.

- 1) County Executive's Administration are paying associates with COMBAT funds without approval of the County Prosecutor. Ordinance 5061, finalized on 12/28/2017, clearly states administration of the COMBAT Tax and the COMBAT Commission and day-to-day supervision to the Prosecuting Attorney of Jackson County. Additionally, the County Prosecutor in her email dated 1/4/2018 clearly states all expenditures are to be approved by her and members of the County Executive's staff receiving allocations of COMBAT via salaries and benefits are to cease. County Executive's Administration is demanding County associates process, without proper approval, employee change authorizations which will result in improper and illegal payment to county associates by violating Ordinance 5061.
- 2) County Executive's Administration are paying associates that currently do not have positions at the County. The County Legislature adopted a budget for 2018 by ordinance that does not include positions or funding for associates included in the ECAs dated 12/29/2017. County Executive's Administration is demanding county associates to process and pay individuals that are not currently budgeted for in 2018. By doing so, we will violate the 2018 Approved Budget Ordinance which will result in the improper and illegal payment to individuals with use of taxpayer dollars.

Article XIII General Provisions, Section 17 of the County Charter states "In this charter the words "law" or "by law" mean the statutory laws of the State of Missouri or County Ordinance....". Additionally, Article II, Section 16, 5, Legislature shall "Make such rules and regulations as may be necessary or proper to establish and carry into effect the provisions of this charter and county ordinances and provide for the enforcement of the charter and county ordinances by appropriate penalties not exceeding for any one offense, a fine of one thousand dollars or imprisonment in the county detention center for not more than one year, or by both such fine and imprisonment."

As this reads, any violation of a County Ordinance would be considered unlawful. It is not acceptable in any environment to ask associates to perform an unlawful act whatsoever.

Appendix F

Auditee Response - Prosecuting Attorney

The memo attached dated 1/5/2018 from County Counselor, Steve Nixon to County Executive, Frank White does not clearly state a position. In this memo, the County Counselor concludes the associates should take solace in knowing that on this particular date, 1/5/2018, he is in charge of prosecuting violations of county ordinances and he does not plan on doing so...today. Given the political environment and potential conflict of interest by the County Counselor's Office, this memo should be read for what it is....an opinion.

With regards to the memo, one would have to ask a simple question; Is the memo as written by County Counselor, Steve Nixon codified by County Ordinance which is the law of the County? Answer: No.

With regards to the legal opinion referenced within the memo, one would have to ask a simple question; Is the legal opinion by Todd Graves codified by County Ordinance which is the law of the County. Answer: No.

Payroll Processing for Associates:

We will process 40 hours for the Impacted associates as normal with their Direct Deposit. These 40 hours represent pay from year 2017 and will be processed by Finance associates.

With regards to associates that are not approved, I will recommend the County Executive's Administration provide an individual to process these transactions. We will work with our Payroll vendor to get a log in and password. The remaining 40 hours will then be processed by this individual on Friday, 1/12/2018 between hours of 8:00 a.m. and 5:00 p.m. These checks will be a paper check and individuals should prepare accordingly.

Regards, Scott Jacoby
Deputy Director of Finance

Subject: Fund changes load

Scott:

Attached is a spreadsheet that Mona created reflecting the ECA fund changes delivered to her by Mark Lang last week. Please cause those fund changes to be loaded this morning. Also attached is a copy of the Memorandum from the County Counselor to the County Executive dated January 5, 2018 that was previously delivered to you. Thanks.

Missouri State Auditor

CITIZENS SUMMARY

Findings in the Fiscal Year 2019 Statewide Single Audit

Background	A single audit requires an audit of the state's financial statements and expenditures of federal awards. The state spent approximately \$12.3 billion in federal awards through 306 different federal programs during the fiscal year ended June 30, 2019. Our Single Audit involved audit work on 12 major federal programs administered by 5 state agencies, with expenditures totaling approximately \$8.8 billion. The audit reported 8 federal award findings related to 8 major federal programs at 3 state agencies. Of these audit findings, 3 have been repeated from prior Single Audits for 2 to 6 years. These findings are summarized below.
Adoption Assistance Eligibility and Payments	As noted in our five previous audits of the Adoption Assistance program, Department of Social Services (DSS) controls over eligibility and assistance payments are not sufficient to prevent and/or detect payments made on behalf of ineligible children and unallowable assistance payments. Our review of eligibility and payment documentation for 60 children receiving Adoption Assistance payments noted the DSS - Children's Division made payments on behalf of 7 ineligible children and paid unallowable costs for 2 additional children. Total known questioned costs for these errors represent approximately 11 percent of payments reviewed.
Department of Social Services Public Assistance Cost Allocation Plan	As noted in our previous audit, DSS - Division of Finance and Administrative Services controls over cost allocation are not sufficient to ensure administrative costs are accurately allocated to various federal programs in accordance with the proposed public assistance cost allocation plan.
CSBG and CSE Program Subrecipient Risk Assessments	The DSS did not prepare and document risk assessments for subrecipients of the Community Services Block Grant (CSBG) and Child Support Enforcement (CSE) programs to determine the nature, timing, and extent of monitoring procedures.
CSBG Program Reporting	The DSS does not have adequate procedures for preparation of the annual CSBG program federal financial report, and as a result, amounts on the interim report were misstated for the federal fiscal year ended September 30, 2018 grant.
Medicaid and CHIP MAGI-Based Participant Eligibility	The DSS does not have sufficient controls to ensure compliance with eligibility redetermination requirements of the Medical Assistance Program (Medicaid) and the Children's Health Insurance Program (CHIP) for participants whose eligibility is based on their Modified Adjusted Gross Income (MAGI). In addition, the DSS does not have sufficient controls to ensure the eligibility status is updated in the claims payment system when participants are determined to be ineligible for benefits. Our review of eligibility documentation for 60 participants, of which 45 required a redetermination, identified 4 participants for which eligibility redeterminations were not performed as required and 1 ineligible participant for which the case was not closed in the claims payment system. These errors represent approximately 9 percent and 2 percent of the participants reviewed. The errors resulted from various Medicaid Eligibility Determination and Enrollment System (MEDES) problems.

Medicaid Nursing Facility Audits	The DSS - MO HealthNet Division has not established adequate internal controls to ensure audits of financial records of nursing facilities participating in the Medicaid program are conducted as required.
Medicaid Developmental Disabilities Comprehensive Waiver Per Diem Rates	As noted in our prior four audit reports, the Department of Mental Health - Division of Developmental Disabilities (DD) continued to pay historical per diem rates to providers for residential habilitation services provided to participants of the Home and Community Based Services, Developmental Disabilities Comprehensive Waiver program. The DD did not retain documentation to support per diem rates, paid at historical rates exceeding acuity-based rates, for 2 of the 16 group home habilitation service payments tested. The federal share of payments to providers for habilitation services provided to these 2 participants totaled \$244,757 during state fiscal year 2019.
MVC SEFA	The Missouri Veterans Commission's (MVC) controls and procedures related to the preparation of the schedule of expenditures of federal awards (SEFA) were not sufficient; and as a result, expenditures reported on the MVC SEFA submitted to the Office of Administration - Division of Accounting for inclusion in the statewide SEFA for the year ended June 30, 2019, were misstated.

Because of the nature of this audit, no rating is provided.

State of Missouri - Single Audit

Introduction and Summary

Year Ended June 30, 2019

Introduction

The United States Congress passed the Single Audit Act Amendments of 1996 to establish uniform requirements for audits of federal awards. The Office of Management and Budget (OMB) issued Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) to set forth uniform cost principles and audit requirements for federal awards to nonfederal entities and administrative requirements for all federal grants and cooperative agreements.

A single audit under the Uniform Guidance requires an audit of the state's financial statements and expenditures of federal awards. The audit is required to determine whether:

- The state's basic financial statements are presented fairly in all material respects in conformity with generally accepted accounting principles.
- The schedule of expenditures of federal awards is stated fairly in all material respects in relation to the financial statements as a whole.
- The state has adequate internal controls to ensure compliance with federal award requirements.
- The state has complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs.
- The summary schedule of prior audit findings prepared by the state materially represents the status of the prior audit findings.

The Single Audit report includes the federal awards expended by all state agencies and offices that are part of the primary government. The report does not include the public universities and other component units, which are legally separate from the state and audited by other auditors. The state expended approximately \$12.3 billion in federal awards during the state fiscal year ended June 30, 2019.

State of Missouri - Single Audit
Introduction and Summary
Year Ended June 30, 2019

Summary of Single Audit Results

Financial Statements

The following is the summary of our Single Audit results for the state fiscal year ended June 30, 2019.

We issued our audit report (Report No. 2020-001¹) of the state's Comprehensive Annual Financial Report (CAFR), as of and for the year ended June 30, 2019. In addition, we issued our Comprehensive Annual Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2020-010²). In that report, we reported two findings related to internal control deficiencies. The agencies prepared a Corrective Action Plan (CAP) for each finding. The CAPs were submitted to the Office of Administration (OA) and are in the Corrective Action Plans section of this report. The state agencies prepared and submitted to the OA the status of the prior financial statement audit findings. They are presented in the Summary Schedule of Prior Audit Findings section of this report.

Federal Awards

We issued our report on the accompanying Schedule of Expenditures of Federal Awards (SEFA). The state's SEFA, which does not include federal award expenditures of the public universities and other component units, reported the state expended approximately \$12.3 billion in federal funds in state fiscal year 2019. Our report expressed the opinion that the SEFA is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

We audited 12 major federal programs with expenditures totaling approximately \$8.8 billion, administered by 5 state agencies.

We issued a qualified opinion on 3 major federal programs and an unmodified opinion on 9 major federal programs. A qualified opinion is issued when the audit of a major federal program detects material noncompliance with direct and material compliance requirements. A qualified opinion was issued on the following major programs administered by the Department of Social Services:

Adoption Assistance
Children's Health Insurance Program
Medicaid Cluster

In total, we reported 8 audit findings related to 8 major federal programs at 3 state agencies. We identified over \$265,000 in known questioned costs related to federal awards. Of the 8 audit findings, 3 were repeated from prior Single Audits. These findings have been reported for 2 to 6 years.

¹ The CAFR is available online at: <<https://oa.mo.gov/accounting/reports/annual-reports/comprehensive-annual-financial-reports>>.

² See report at <<https://app.auditor.mo.gov/Repository/Press/2020010733175.pdf>>.

State of Missouri - Single Audit
Introduction and Summary
Year Ended June 30, 2019

Of the 8 federal award audit findings, 7 related to internal control deficiencies. We consider 3 findings of internal control deficiencies to be material weaknesses and 4 to be significant deficiencies.

The state agencies' responses to the audit findings are included in this report. The state agencies prepared a CAP for each audit finding and submitted them to the OA. They are presented in the Corrective Action Plans section of this report.

In addition, the state agencies prepared and submitted to the OA the status of the prior audit findings. They are presented in the Summary Schedule of Prior Audit Findings section of this report.

Except for a slight decline in state fiscal year 2019, expenditures of federal awards increased each year over the past 5 years. The decrease in state fiscal year 2019 was due largely to a decrease in Medicaid enrollment.

**Total Expenditures of Federal Awards
5 Year Comparison**

State of Missouri - Single Audit
Introduction and Summary
Year Ended June 30, 2019

Of the 20 state agencies and other state offices that expended federal awards, 5 state agencies spent the majority of the awards (95 percent) during state fiscal year 2019.

Expenditures of Federal Awards by State Agency

The state expended federal awards received from 24 different federal agencies. Most of the federal award expenditures (97 percent) were from programs of 5 federal agencies.

Expenditures of Federal Awards by Federal Agency

Overall, the state expended federal awards in 306 different programs. These programs are listed in the accompanying Schedule of Expenditures of Federal Awards.

State of Missouri - Single Audit
Introduction and Summary
Year Ended June 30, 2019

The Uniform Guidance requires federal programs to be labeled Type A programs or Type B programs based on a dollar threshold. For the state of Missouri, the Uniform Guidance defines the dollar threshold as \$30 million since the federal award expenditures exceeded \$10 billion, but were less than or equal to \$20 billion.

Programs with federal award expenditures over \$30 million are Type A programs and programs with federal award expenditures under \$30 million are Type B programs. Of the 306 federal award programs, 27 were Type A programs and 279 were Type B programs.

**Type A and Type B Programs
Number of Programs**

The 27 Type A programs had expenditures totaling approximately \$11.6 billion, or 94 percent of total expenditures. The 279 Type B programs had expenditures totaling approximately \$721 million, or 6 percent of total expenditures.

**Type A and Type B Programs
Expenditures of Federal Awards**

State of Missouri - Single Audit
Introduction and Summary
Year Ended June 30, 2019

The Uniform Guidance requires the auditor to perform risk assessments on Type A programs and to audit as major each Type A program assessed as high risk based on specified risk factors. We performed a risk assessment on each Type A program and determined 16 of the 27 Type A programs were low risk and did not need to be audited as major. In accordance with the Uniform Guidance, we audited as major the 11 Type A programs assessed as high risk.

The Uniform Guidance also requires the auditor to perform risk assessments on larger Type B programs to determine which are high risk and need to be audited as major. The dollar threshold to determine the larger Type B programs is 25 percent of the Type A threshold, or \$7.5 million. We performed risk assessments on the 27 larger Type B programs and determined 1 program was high risk. In accordance with the Uniform Guidance, we audited the program as major.

The programs audited as major are listed in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. We audited 71 percent of total state fiscal year 2019 federal expenditures.

Major and Non-major Federal Programs

Type of Programs	Number of Programs	Expenditures	Percentage of Expenditures
<u>Programs Audited</u>			
Type A major programs	11	\$ 8,785,572,098	
Type B major programs	1	19,436,643	
Total major programs	12	8,805,008,741	71%
<u>Programs not Audited</u>			
Type A non-major programs	16	2,811,662,329	
Type B non-major programs	278	701,096,371	
Total non-major programs	294	3,512,758,700	29%
Total programs	306	\$ 12,317,767,441	100%

**New Medicaid and CHIP
Audit Requirements**

Modified Adjusted Gross Income (MAGI)-based eligibility for participants of the Medical Assistance Program (Medicaid) and the Children's Health Insurance Program (CHIP) was established under the Patient Protection and Affordable Care Act (ACA). The Department of Health and Human Services - Centers for Medicare and Medicaid Services maintained oversight of MAGI-based eligibility determinations during the initial years of the ACA. For single audits of fiscal years beginning after June 30, 2018, auditors are responsible for testing eligibility for MAGI-based participants; and accordingly, we performed such testing in the Statewide Single Audit for the

State of Missouri - Single Audit
Introduction and Summary
Year Ended June 30, 2019

Year Ended June 30, 2019. Our testing of eligibility for MAGI-based participants identified material noncompliance; therefore, we issued a qualified opinion on the Activities Allowed or Unallowed, Allowable Costs/Cost Principles, and Eligibility compliance requirements for the Medicaid and the CHIP. See Schedule of Findings and Questioned Costs, finding number 2019-005.

Department of Social
Services (DSS) Audit Delays

The department's delays in providing items requested and access to appropriate DSS personnel led to significant inefficiencies and difficulties in performing the fiscal year 2019 CAFR audit and the Statewide Single Audit. Details surrounding the delays were outlined in a series of letters to the DSS. The DSS provided written responses to two of the letters. See Appendix A (copies of the letters to the DSS), and Appendix B (copies of the department's responses).

Missouri State Auditor

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Honorable Michael L. Parson, Governor
and
Members of the General Assembly

Report on Compliance for Each Major Federal Program

We have audited the state of Missouri's compliance with the types of compliance requirements described in the Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the state's major federal programs for the year ended June 30, 2019. The state of Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

The state of Missouri's basic financial statements include the operations of the public universities and other component units, which may have expended federal awards, and which are not included in the state's Schedule of Expenditures of Federal Awards during the year ended June 30, 2019. Our audit, described below, did not include the operations of these component units because federal awards administered by the component units are the subject of audits completed by other auditors, if required.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the state of Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the state's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our qualified and unmodified opinions on compliance for major federal programs. However, our audit does not provide a legal determination of the state's compliance.

Basis for Qualified Opinion on Certain Major Federal Programs

As described in the accompanying Schedule of Findings and Questioned Costs, the state of Missouri did not comply with requirements regarding the following:

Finding Number	CFDA Number(s)	Program (or Cluster) Name	Compliance Requirement(s)
2019-001	93.659	Adoption Assistance	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, and Eligibility
2019-005	93.767 93.775 93.777 93.778	Children's Health Insurance Program and Medicaid Cluster	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, and Eligibility
2019-006	93.775 93.777 93.778	Medicaid Cluster	Special Tests and Provisions

Compliance with such requirements is necessary, in our opinion, for the state of Missouri to comply with the requirements applicable to those programs.

Qualified Opinion on Certain Major Federal Programs

In our opinion, except for the noncompliance described in the "Basis for Qualified Opinion" paragraph, the state of Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the Adoption Assistance program, the Children's Health Insurance Program, and the Medicaid Cluster for the year ended June 30, 2019.

Unmodified Opinion on Each of the Other Major Federal Programs

In our opinion, the state of Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as finding numbers 2019-003, 2019-004, 2019-007, and 2019-008. Our opinion on each major federal program is not modified with respect to these matters.

The state of Missouri's responses to and corrective action plans for the noncompliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs and Corrective Action Plans. The state's responses and corrective action plans were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

Report on Internal Control Over Compliance

Management of the state of Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the state's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the state's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as finding numbers 2019-001, 2019-005, and 2019-006 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as finding numbers 2019-002 through 2019-004 and 2019-008 to be significant deficiencies.

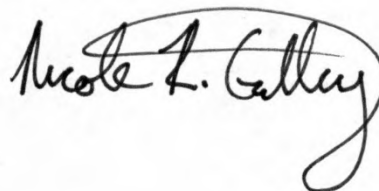

The state of Missouri's responses to and corrective action plans for the internal control over compliance findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs and Corrective Action Plans. The state's responses and corrective action plans were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, pursuant to Section 29.200, RSMo, this report is a matter of public record and its distribution is not limited.

Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the state of Missouri, as of and for the year ended June 30, 2019, and the related notes to financial statements, which collectively comprise the state's basic financial statements. We issued our report thereon dated January 9, 2020, which contained qualified opinions on the governmental activities and the General Fund, a major fund, and unmodified opinions on all remaining opinion units.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the state of Missouri's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

The accompanying Notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule.

State of Missouri - Single Audit

Notes to the Schedule of Expenditures of Federal Awards

Year Ended June 30, 2019

1. Significant Accounting Policies

The following is a summary of the significant accounting policies used by the State of Missouri.

A. Purpose of Schedule and Reporting Entity

The accompanying Schedule of Expenditures of Federal Awards (Schedule) of the State of Missouri is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and is not a required part of the State's basic financial statements. The Uniform Guidance requires a schedule that shows total federal awards expended for each federal financial assistance program, the Catalog of Federal Domestic Assistance (CFDA) number, and the total amount provided to subrecipients from each federal program. Federal financial assistance programs that have not been assigned a CFDA number are identified as CFDA Number XX.Uxx, where XX represents the federal grantor agency and Uxx represents an unknown extension number.

The Schedule includes all federal awards expended by the State during the year ended June 30, 2019, except for those programs administered by public universities and other component units, which are legally separate from the State. They are responsible for engaging other auditors to perform audits in accordance with the Uniform Guidance, if required.

To compile the Schedule, the Office of Administration required each department, agency, and office that expended direct and/or indirect federal funding during the state fiscal year to prepare a schedule of expenditures of federal awards. The schedules for the departments, agencies, and offices were combined to form the Schedule of Expenditures of Federal Awards for the State of Missouri.

B. Basis of Presentation

The accompanying Schedule includes the federal award activity of the State of Missouri for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of the Uniform Guidance, which defines federal awards as federal financial assistance and cost-reimbursement contracts that non-federal entities receive or administer in the form of grants, loans, loan guarantees, non-cash assistance, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include other contracts that a federal agency uses to buy goods or services from a contractor. Because the Schedule presents only a selected portion of the operations of the State, it is not intended to and does

State of Missouri - Single Audit
Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2019

not present the financial position, changes in net assets, or cash flows of the State.

C. Basis of Accounting

Most expenditures presented in the Schedule are reported on the cash basis of accounting, while some are presented on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in Office of Management and Budget Circular A-87, *Cost Principles for State, Local, or Indian Tribal Governments*; or the cost principles contained in the Uniform Guidance; wherein certain types of expenditures are not allowable or are limited as to reimbursement.

D. Indirect Cost Rate

The state agencies administering the federal programs presented in the Schedule did not elect to use the de minimis cost rate per the Uniform Guidance.

2. Unemployment Insurance Expenditures

The Unemployment Insurance program (CFDA No. 17.225) is administered by the Department of Labor and Industrial Relations through a unique federal-state partnership that was founded upon federal law but implemented through state law. Benefits are paid from federal funds and state unemployment taxes that are deposited into the state's account in the Federal Unemployment Trust Fund. The state's administrative expenditures incurred under this program are funded by federal grants. For the purposes of presenting the expenditures of this program in the Schedule, both state and federal funds have been considered federal awards expended. The breakdown of the state and federal portions of the total program expenditures for the fiscal year ended June 30, 2019, is as follows:

State Portion (Benefits Paid)	\$253,178,292
Federal Portion (Benefits Paid)	4,504,430
Federal Portion (Administrative Costs)	<u>38,944,792</u>
Total Program Expenditures	<u>\$296,627,514</u>

3. Special Supplemental Nutrition Program for Women, Infants and Children (WIC) Rebates

The State received cash rebates from an infant formula manufacturer totaling \$33,717,005 on sales of formula to participants in the WIC program (CFDA No. 10.557) administered by the Department of Health and Senior Services (DHSS). This amount was excluded from total program expenditures. Rebate contracts with infant formula manufacturers are authorized by 7 CFR Section 246.16a as a cost containment measure. Rebates represent a reduction of

State of Missouri - Single Audit
Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2019

expenditures previously incurred for WIC food benefit costs. The state was able to extend program benefits to more persons than could have been served this fiscal year in the absence of the rebate contract.

4. Medical Assistance Program (Medicaid) and Children's Health Insurance Program (CHIP) Prescription Drug Rebates

The state received cash rebates from drug manufacturers totaling \$485,741,642 (federal share) on purchases of covered outpatient drugs for participants in the Medicaid and the CHIP (CFDA Nos. 93.778 and 93.767) administered by the Department of Social Services - MO HealthNet Division. This amount was excluded from total program expenditures. Rebate contracts with drug manufacturers are authorized by 42 USC Section 1396r-8 as a cost containment measure. Rebates represent a reduction of expenditures previously incurred for medical assistance costs.

5. HIV Care Formula Grants Prescription Drug Rebates

The State received cash rebates from drug manufacturers totaling \$32,279,507 on purchases of covered drugs for participants in the HIV Care Formula Grants program (CFDA No. 93.917) administered by the DHSS. This amount was excluded from total program expenditures. The allowable use of drug rebates is restricted by 42 USC Section 300ff-26(g). Rebates represent a reduction in expenditures previously incurred for program costs.

6. Federal Loan Guarantees

Because of the Healthcare and Education Affordability Reconciliation Act enacted March 30, 2010 (Public Law 111-152), the authority to make or ensure loans under the Federal Family Education Loans program (CFDA No. 84.032) ended June 30, 2010. The Department of Higher Education (DHE) will continue to act as the federal Department of Education's agent in fulfilling the responsibilities related to the outstanding guarantees. The original principal outstanding of all loans guaranteed by the DHE is \$1,036,972,994 as of June 30, 2019. The balance of defaulted loans (including principal and accrued interest) that the federal Department of Education imposes continuing compliance requirements of the DHE is \$227,629,703 as of June 30, 2019.

State of Missouri - Single Audit
Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2019

7. Non-cash Assistance

The Schedule contains values for non-cash assistance for several programs.

Supplemental Nutrition Assistance Program (CFDA No. 10.551) expenditures totaling \$1,009,787,817 represent actual disbursements for client purchases of authorized food products through the use of the electronic benefits card program administered by the Department of Social Services - Family Support Division (DSS-FSD).

The Department of Elementary and Secondary Education distributes food commodities to school districts under the National School Lunch Program (CFDA No. 10.555). Distributions are valued at the cost of the food paid by the federal government and totaled \$30,866,249.

The DSS-FSD, through the Summer Food Service Program for Children (CFDA No. 10.559), provides United States Department of Agriculture (USDA)-donated foods to providers who serve free healthy meals to children and teens in low-income areas during the summer months when school is not in session. The DSS-FSD, through the Emergency Food Assistance Program (CFDA No. 10.569), provides USDA-donated foods for disaster relief and to six non-profit food banks for distribution to food pantries and community groups for feeding those in need. Distributions are valued at the federally assigned value of the product distributed and totaled \$34,825 for the Summer Food Service Program for Children and \$18,664,024 for the Emergency Food Assistance Program.

The DHSS distributes food commodities to low-income persons under the Commodity Supplemental Food Program (CFDA No. 10.565). Distributions are valued at the cost of the food paid by the federal government and totaled \$5,370,794.

The Department of Public Safety distributes excess federal Department of Defense (DOD) equipment to state and local law enforcement agencies under the DOD Excess Property Program (CFDA No. 12.U01). Property distributions totaled \$4,409,195 when valued at the historical cost assigned by the federal government. Distributions are presented at the estimated fair market value of the property at the time of distribution, calculated as 22.47 percent of the historical cost, or \$990,746.

The State Agency for Surplus Property distributes federal surplus property to eligible donees under the Donation of Federal Surplus Personal Property program (CFDA No. 39.003). Property distributions totaled \$7,110,200 when valued at the historical cost assigned by the federal government. Distributions are presented at the estimated fair market value of the property at the time of distribution, calculated as 22.47 percent of the historical cost, or \$1,597,662.

State of Missouri - Single Audit
Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2019

The DHSS distributes vaccines to local health agencies and other health care professionals under the Immunization Cooperative Agreements program (CFDA No. 93.268). Distributions are valued at the cost of the vaccines paid by the federal government and totaled \$67,718,997.

The DHSS received donated equipment/supplies from Heart to Heart International, Inc. for activities related to the Centers for Disease Control (CDC) Opioid Crisis Grant Project under the Activities to Support State, Tribal, Local and Territorial (STLT) Health Department Response to Public Health or Healthcare Crises program (CFDA No. 93.391). Donated items are valued at the cost of the equipment purchased with funding from grant number 1 NU1ROT000013-01-00 from the Federal Department of Health and Human Services and totaled \$1,218,979.

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

Section III - Federal Award Findings and Questioned Costs

2019-001. Adoption Assistance Eligibility and Payments

Federal Agency:	Department of Health and Human Services
Federal Program:	93.659 Adoption Assistance 2018 - G1801MOADP 2019 - G1901MOADP
State Agency:	Department of Social Services (DSS) - Children's Division (CD) and Division of Finance and Administrative Services (DFAS)
Type of Finding:	Internal Control (Material Weakness) and Noncompliance
Questioned Costs:	\$17,600

As noted in our five previous audits⁴ of the Adoption Assistance program, DSS controls over eligibility and assistance payments are not sufficient to prevent and/or detect payments made on behalf of ineligible children and unallowable assistance payments. From the Adoption Assistance program, the CD made payments on behalf of 7 ineligible children and paid unallowable costs for 2 additional children. During the year ended June 30, 2019, the CD paid Adoption Assistance program benefits totaling about \$57 million for more than 13,300 children.

The Adoption Assistance program assists families in adopting eligible children with special needs by providing subsidy payments to adoptive parents. To be eligible to receive benefits under the program, eligibility requirements outlined at 42 USC Section 673 must be met. In addition, 42 USC Section 671(a)(20)(A) requires that prospective adoptive parent(s) must satisfactorily have met a criminal records check, including a fingerprint-based check. The DSS is required to enter into adoption subsidy agreements with adoptive parents who receive subsidy payments on behalf of the child. The nature of services to be provided and nonrecurring expenses to be paid must be stated in the subsidy agreement as required by 45 CFR Section 1356.40 and 45 CFR Section 1356.41. Subsidized costs may include maintenance, child care, and nonrecurring adoption expenses.

The subsidy agreement must be signed and in effect prior to or at the time of the final adoption decree per federal regulations and DSS policy. The DSS Child Welfare Manual Adoption Subsidy policy requires subsidy agreements be signed by both the adoptive parents and the DFAS Director to be considered in effect. Subsidy agreements are established by case workers and reviewed by supervisors in the local offices. After the subsidy agreements are signed by the adoptive parents and reviewed and approved by local office

⁴See single audit reports at <<https://app.auditor.mo.gov/AuditReports/AudRpt2.aspx?id=35>>, finding numbers 2018-004, 2015-005, 2014-008, 2011-15, and 2009-14.

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

supervisors, the agreements are sent to the Central Office Procurement Unit ((formerly the Contract Management Unit (CMU)) where the DFAS Director's (previously the CD Director's) signature is applied by Procurement Unit staff. In previous audits, the Director's signature was applied with a signature stamp, but is now applied as an electronic signature.

The CD also administers a state-funded adoption assistance program. CD personnel are responsible for determining if a child is qualified for federal Title IV-E adoption assistance or state (non-IV-E) assistance. Once a determination is made, CD personnel must enter the correct code into the Families and Children Electronic System (FACES) so that assistance payments come from the right program. Children who have been determined ineligible for federal Title IV-E adoption assistance benefits should only receive payments from the state-funded program.

To test compliance with these requirements, we reviewed eligibility and payment documentation for 60 children receiving Adoption Assistance. Assistance payments totaling approximately \$252,800 were made on behalf of these children during the year ended June 30, 2019. We identified payments made on behalf of 7 children ineligible for Adoption Assistance benefits and unallowable payments for 2 other children. Total known questioned costs for these errors represent approximately 11 percent of payments reviewed. If similar errors were made on the remaining population of Adoption Assistance program assistance payments, questioned costs could be significant.

Subsidy agreement not signed at the date of adoption For 1 case, the adoption subsidy agreement was not signed and in effect prior to or at the date of adoption.

The adoption subsidy agreement was not signed by the CD Director (i.e., not in effect) until approximately 15 months after the adoption decree. In addition, the adoptive parent's signature was not dated. Payments totaling \$3,804, made on behalf of the ineligible child during the year ended June 30, 2019, were unallowable. We question the federal share, or \$2,483 (approximately 65 percent). Payments for this child were charged to the Adoption Assistance program from December 2003 to June 2019.

Backdated subsidy agreements

For 4 cases, the DSS did not maintain adequate documentation to support that the subsidy agreements were signed and in effect prior to or at the date of adoption because the CD Director's signature date or the subsidy agreement effective date was backdated.

For 3 of these cases, with subsidy agreements prior to May 2008, the date of the CD Director's signature precedes the adoptive parent(s)' and local supervisors' signature dates, indicating the Director's signature (and thus, the effective date of the agreement) was backdated. Although all signature dates

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

were before the adoption date for each of these cases, because the CD Director's signature was backdated, we could not determine whether the subsidy agreement was signed and in effect prior to the adoption decree. CD officials indicated backdating of subsidy agreements by CMU personnel was permissible under DSS policy prior to May 2008, and backdating was utilized due to a backlog in processing and submitting subsidy agreements to the CMU. For another case, the subsidy agreement effective date (May 1, 2013) precedes the adoptive parents' and the CD Director's signatures; therefore, the effective date was likely backdated. During the year ended June 30, 2019, payments totaling \$17,489 were made on behalf of these 4 children, for which there is not adequate documentation to support that the subsidy agreements were signed and in effect prior to or at the date of the adoption decree. We question the federal share, or \$11,413 (approximately 65 percent). Payments for these 4 children were charged to the Adoption Assistance program from November 2004 to June 2019.

In May 2008, the CD issued a policy memo prohibiting backdating of subsidy agreements. The subsidy agreements for 3 of these cases were established prior to this directive. Federal resolutions of prior audit findings have required the DSS to pay back the costs associated with backdated subsidy agreements identified in the audits. However, the DSS has not attempted to identify all children for which the subsidy agreements were backdated, and as a result, it is likely additional children adopted prior to May 2008 are ineligible.

Background check

For 1 case, criminal background check results for one of the adoptive parents were not received until after the date of the subsidy agreement and adoption decree. Payments totaling \$1,902, made on behalf of the ineligible child during the year ended June 30, 2019, were unallowable. We question the federal share, or \$1,239 (approximately 65 percent). Payments for this child were charged to the Adoption Assistance program from September 2002 to June 2019.

State-only adoption

For 1 case, the subsidy agreement was a state-only contract incorrectly coded and claimed to the Adoption Assistance program. Payments totaling \$3,444, made on behalf of the ineligible child during the year ended June 30, 2019, were unallowable. We question the federal share, or \$2,248 (approximately 65 percent). Payments for this child were charged to the Adoption Assistance program from December 2009 to June 2019.

Unallowable assistance payments

For 2 cases, unallowable assistance payments were claimed for eligible children. For one child, the CD made a regular maintenance payment of \$235 twice, for the month of July 2018, when the child was determined to be eligible past the age of 18. For another case, a Guardian Ad-Litem payment of \$100 was inappropriately claimed. The unallowable assistance payments for these 2 children totaled \$335. We question the federal share, or \$217 (approximately 65 percent).

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

Conclusions

The failure to implement adequate internal controls over eligibility and assistance payments can result in federal reimbursements for ineligible children and/or unallowable costs. Rule 2 CFR Section 200.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

Recommendation

The DSS through the CD and the DFAS strengthen and enforce policies and procedures regarding Adoption Assistance eligibility determinations and assistance payments. These procedures should ensure all adoption subsidy agreements are signed and in effect prior to the adoption, criminal background checks are obtained for all prospective adoptive parents, and payments are allowable. The DSS should review and correct the eligibility and payments for the children identified in this finding.

Auditee's Response

We partially agree with the auditor's finding. Our Corrective Action Plan includes an explanation and specific reasons for our disagreement and any planned actions to address the finding.

Auditor's Comment

The DSS Corrective Action Plan states the DSS disagrees that policies and procedures regarding Adoption Assistance eligibility determinations need to be strengthened and enforced because the DSS implemented processes in fiscal year 2008 prohibiting backdating of subsidy agreements and continues to provide training regarding dating of subsidy agreements and allowable costs. However, as noted in the finding, the DSS has not attempted to identify all children for whom the subsidy agreements were backdated and redetermine eligibility for those children. Therefore, similar errors of noncompliance will likely continue until all children with backdated subsidy agreements age out of the program. In addition, 5 of the 9 errors were unrelated to the pre-2008 backdating practice. Therefore, this finding is valid and improvements are needed to ensure the Adoption Assistance program is administered in accordance with federal requirements.

2019 - 1901MOSOSR

State Agency: Department of Social Services (DSS) - Division of
Finance and Administrative Services (DFAS)
Type of Finding: Internal Control (Significant Deficiency)

As noted in our previous audit,⁵ DFAS controls over cost allocation are not sufficient to ensure administrative costs are accurately allocated to various federal programs in accordance with the proposed public assistance cost allocation plan (PACAP).

The DSS is required to develop, document, and implement a PACAP in accordance with 45 CFR Sections 95.501 to 95.519. The PACAP is a narrative document outlining procedures to allocate administrative costs to the various programs administered by the DSS, and must be reviewed and approved by the DHHS - Division of Cost Allocation Services (DHHS-CAS) and various federal grantor agencies. The DSS fully revised its PACAP, effective October 1, 2017, and submitted 5 amended proposed PACAPs (2 were revised) to the DHHS-CAS for review.⁶ With the exception of one part that was approved in September 2018,⁷ as of February 2020, the proposed PACAP was still under review by the DHHS-CAS. Rule 45 CFR 95.517 provides the DSS may claim federal financial participation under the proposed plan with the understanding that, if necessary, the DSS shall retroactively adjust its claims to the plan as subsequently approved by the DHHS-CAS.

DFAS personnel are responsible for preparing and submitting proposed PACAPs for approval and for ensuring costs are allocated in accordance with the proposed PACAP. To develop and implement the new proposed PACAP, the DSS contracted with a vendor to develop it, purchased the vendor's cost allocation system (AlloCAP system) for allocating costs to the various programs, and developed data input and output reports for the AlloCAP system. The AlloCAP system replaced the DFAS's previous procedures to allocate costs through various spreadsheets.

The proposed PACAP describes the procedures used to identify, measure, and allocate costs to the various programs administered by the DSS. Cost centers are used to classify costs based on the organizational structure of the DSS.

⁵See single audit reports at <<https://app.auditor.mo.gov/AuditReports/AudRpt2.aspx?id=35>>, finding number 2018-005.

⁶Periods October 1, 2017 to March 31, 2018; April 1, 2018 to June 30, 2018; July 1, 2018 to September 30, 2018; October 1, 2018 to December 31, 2018 (revised); January 1, 2019 to March 31, 2019 (revised); and April 1, 2019 to June 30, 2019.

⁷PACAP, Attachment 3 – Title IV-E Eligibility Rate Calculations, approved in a letter dated September 6, 2018, from the DHHS-CAS.

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

The AlloCAP system used about 350 cost centers during the quarter ended June 30, 2019. The proposed PACAP includes organizational charts reflective of the layout of cost centers, a description of activities performed by each cost center, a listing of federal and state programs benefitting from the cost centers, and procedures and methods used to allocate costs. Rule 45 CFR 95.507 outlines the various requirements of the PACAP.

Each quarter, DFAS personnel obtain expenditure data from the state's accounting system and import the data to the AlloCAP system. Manual adjustments are made to account for expenditures not reflected in the state's accounting system. The AlloCAP system produces data output reports showing total amounts to be allocated to various programs. DFAS personnel use the output reports to prepare and submit quarterly federal reports to the federal agencies. During the quarter ended June 30, 2019, the state allocated administrative costs totaling \$30.3 million (combined state and federal funds) to the Vocational Rehabilitation, Child Support Enforcement, Adoption Assistance, and Social Services Block Grant programs through the AlloCAP system.

In addition, the DFAS is responsible for monitoring and making changes to the PACAP and the AlloCAP system as needed. If changes are made that affect costs allocated to programs, the DFAS must submit a revised proposed PACAP to the DHHS-CAS and ensure changes are made to the AlloCAP system. DFAS personnel made numerous changes to both the proposed PACAP and the AlloCAP system throughout the year ended June 30, 2019. These changes were to remove cost centers, create new cost centers, or revise the names, descriptions, or allocation methodology of existing cost centers.

Internal controls

Although recommended in the previous audit, the DFAS did not establish and document adequate internal controls over cost allocation.

The DSS Corrective Action Plan and the Summary Schedule of Prior Audit Findings for prior audit finding number 2018-005 stated the DSS disagreed with the finding and did not take corrective action because (1) the DSS believes it has documented evidence to support internal controls and procedures, and (2) no deviations were found in audit sampling. However, the DFAS did not document various internal control procedures verbally described to auditors and internal control deficiencies can exist regardless of whether noncompliance is identified.

Documentation of internal controls

The DFAS does not have a documented system of internal controls to ensure the AlloCAP system provides for accurate, allowable, and proper allocations in accordance with the proposed PACAP.

DFAS personnel verbally described to auditors various internal control procedures established and performed to ensure the AlloCAP system

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

accurately allocated costs in accordance with the proposed PACAP. However, DFAS personnel did not document most of these procedures in the AlloCAP system procedures manual or maintain documentation they performed the procedures. Examples of internal controls verbally described but not documented include testing of AlloCAP system allocations; approval of system reports; and segregation of duties over, and review and approval of, revisions to the AlloCAP system. DSS officials indicated they believe the AlloCAP system procedures manual serves as documented evidence of internal controls and procedures; however, the manual does not address these procedures and DFAS personnel did not document that these procedures were performed.

Effective internal controls include policies and procedures designed to ensure compliance with federal regulations. These policies and procedures should require personnel to document when required procedures were performed.

PACAP and AlloCAP system changes The DFAS has not implemented procedures to document each change made to the proposed PACAP or the AlloCAP system or approval of the changes, and did not document procedures to test the changes for accuracy and consistency with the proposed PACAP.

During each quarter of the year ended June 30, 2019, the DFAS made changes to both the proposed PACAP and the AlloCAP system. Our comparison of the proposed PACAPs for the periods ended June 30, 2018, and June 30, 2019, determined the DFAS added 49, removed 12, and changed approximately 75 cost centers.

DFAS personnel did not maintain adequate documentation to support all changes or a complete log of all changes. We requested supporting documentation for all 8 changes identified in the proposed PACAP for the period April 1, 2019, to June 30, 2019. While DFAS personnel provided emails, meeting invitations, and other documentation showing discussions about certain changes; that documentation did not support the reasons and/or justification for 6 of the 8 changes. DFAS personnel indicated the Chief Financial Officer (CFO) and the Assistant CFO review all changes to the AlloCAP system; however, they could not provide documentation that any of these system changes were approved. In addition, DFAS personnel did not test the changes for accuracy and consistency with the proposed PACAP.

DFAS personnel stated they document changes to the proposed PACAP through the track change function of the electronic PACAP document and that changes to the AlloCAP system can be identified by comparing the current and prior quarter chart of accounts reports. In December 2018, DFAS personnel implemented the AlloCAP Approval Checklist and the AlloCAP Approval Tracking Sheet to document cumulative quarterly updates to the proposed PACAP and AlloCAP system. However, these documents and

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

methods do not provide proper support for the reason and/or justification of each change.

Documentation of changes, approvals, and testing are critical components of an internal control system designed to ensure data reliability and compliance with federal requirements. The AlloCAP system procedures manual, Chapter VII, states users are encouraged to manually document all changes made to the AlloCAP system because the system does not have an internal function that allows the user to automatically track changes made over time. The manual also states "after you make any single change, we recommend that you run the CAP and verify the results before proceeding to make other changes." In addition, according to the Government Accountability Office,⁸ as part of the control of master data, the organization should have an effective auditing and monitoring capability that allows changes to master data records to be recorded and reviewed where necessary.

Compliance test results

To determine if the DFAS followed its proposed PACAP when allocating costs to federal programs, we sampled 17 cost centers allocated during the quarter ended June 30, 2019, and determined each sampled cost center was supported and allocated in accordance with the proposed PACAP. However, without adequate internal controls, there is less assurance the other cost centers allocated using different methodologies, or cost centers applicable to other programs not audited as major programs, were allocated accurately and/or in accordance with the proposed PACAP.

Conclusions

The failure to implement adequate internal controls to ensure costs are allocated and reported in accordance with the proposed PACAP and federal requirements increases the risk that DFAS staff will not allocate an appropriate share of costs to programs, errors will not be detected timely, and federal grantor agencies will disallow costs charged to federal programs. Inadequate internal controls could hinder the department's ability to manage federal funds effectively and to comply with federal regulations.

Rule 2 CFR Section 200.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States or the *Internal Control Integrated Framework*, issued by the Committee of

⁸ GAO, Report GAO-09-232G, *Federal Information System Controls Audit Manual*, February 2009, p. 425, <<https://www.gao.gov/products/gao-09-232g>>, accessed February 14, 2020.

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

Sponsoring Organizations of the Treadway Commission." The *Standards for Internal Control in the Federal Government*, also known as the Green Book, requires management to develop and maintain documentation of its internal control system. Paragraph 3.10 of the Green Book states, "[e]ffective documentation assists in management's design of internal control by establishing and communicating the who, what, when, where, and why of internal control execution to personnel. Documentation also provides a means to retain organizational knowledge and mitigate the risk of having that knowledge limited to a few personnel, as well as a means to communicate that knowledge as needed to external parties, such as external auditors."

Rule 45 CFR 95.517(a) provides that "[a] state must claim FFP [federal financial participation] for costs associated with a program only in accordance with its approved cost allocation plan." Rule 2 CFR Section 200.405(a) states, "[a] cost is allocable to a particular federal award or other cost objective if the goods or services involved are chargeable or assignable to that federal award or cost objective in accordance with relative benefits received."

Recommendation

The DSS through the DFAS implement internal controls and procedures over the PACAP and the AlloCAP system to ensure costs charged to federal programs are accurate, allowable, properly allocated, and consistent with the proposed and/or approved PACAP. Internal controls should be adequately documented and monitored for compliance with applicable requirements. These controls should include sufficiently detailed policies and procedures; documentation of the reason, justification, and approvals of changes to the proposed PACAP and the AlloCAP system; documented testing of system changes; and a complete log of all changes.

Auditee's Response

We disagree with the auditor's finding. Our Corrective Action Plan includes an explanation and specific reasons for our disagreement.

Auditor's Comment

The DSS Corrective Action Plan states the DSS disagrees with the finding. The DSS asserts that because no deviations were found in audit sampling, the DSS has provided sufficient evidence to demonstrate internal controls and procedures to ensure costs charged to federal programs are accurate, allowable, and properly allocated. The DSS further disagrees because the department believes the finding is based on grants not sampled in this audit.

The department's claim that audit sample results support sufficient evidence of effective internal controls is not valid. We used *Audit Guide Government Auditing Standards and Single Audits (Audit Guide)*, published by the AICPA, for decisions regarding the reporting of internal control deficiencies. While the results of compliance testing should be considered when evaluating the operating effectiveness of internal controls, Audit Guide paragraph 9.46 states the absence of noncompliance detected by a compliance test does not provide audit evidence that controls related to a compliance requirement are

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

effective. Also, the department's claim that the finding is based on grants not sampled in this audit is not correct. As discussed with DSS officials on multiple occasions, the finding is based on our review of the department's controls over cost allocation, and we sampled cost centers used to allocate costs to the 4 applicable DSS major programs (listed at the beginning of the finding) in the year ended June 30, 2019, audit.

The DSS Corrective Action Plan lists various procedures, reports, and signatures supporting the preparation of the quarterly PACAP and federal financial reports. However, as stated in the finding, these items do not provide for sufficient evidence that the DSS is testing and ensuring AlloCAP system allocations are in accordance with the proposed PACAP. Most of the department's PACAP records are cumulative for a quarter and do not document sufficient detail, testing, or approval of each individual change. Also, as stated in the finding, the AlloCAP system manual does not address all of these procedures. Without appropriate documentation of internal controls, the DSS cannot demonstrate effective procedures over cost allocation.

Federal regulations require the DSS to maintain effective controls over, and accountability for, all funds of the DSS programs. Effective internal controls are well documented and include policies and procedures designed to ensure compliance with federal regulations. Because the DSS did not adequately establish and document such controls and procedures over cost allocation, this finding is valid.

2019-003.
CSBG and CSE Program
Subrecipient Risk
Assessments

Federal Agency:	Department of Health and Human Services
Federal Programs:	93.563 Child Support Enforcement (CSE) 2018 - 1804MOCSES and 1804MOCEST 2019 - 1901MOCSES and 1901MOCEST 93.569 Community Services Block Grant (CSBG) 2018 - 18B1MOCOSR 2019 - 19B1MOCOSR
State Agency:	Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS) and Family Support Division (FSD)
Type of Finding:	Internal Control (Significant Deficiency) and Noncompliance

During the year ended June 30, 2019, the DSS did not prepare and document risk assessments for subrecipients of the CSBG and CSE programs to determine the nature, timing, and extent of monitoring procedures. During the year ended June 30, 2019, the DSS disbursed approximately \$18 million to 19 subrecipients for costs related to the CSBG program and approximately \$9 million to 69 subrecipients for costs related to the CSE program.

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

Rule 45 CFR Section 75.352(b) requires the DSS to evaluate each subrecipient's risk of noncompliance with federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring.

DFAS and FSD personnel performed various procedures to monitor the CSBG and CSE program subrecipients; however, the monitoring procedures were not based on documented risk assessments. Monitoring procedures, which varied among the programs, generally included reviewing external audits, following up on corrective actions related to audit findings, reviewing periodic subrecipient reports, performing on-site visits, verifying invoices to supporting documentation, and/or testing cases handled by the subrecipients.

To comply with federal regulations, the DSS should develop procedures to ensure risk assessments are prepared for all subrecipients, and utilize the risk assessments in determining the nature, timing, and extent of monitoring procedures. Rule 45 CFR Section 75.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

Recommendation

The DSS through the DFAS and the FSD develop controls and procedures to ensure evaluations of each CSBG and CSE program subrecipient's risk of noncompliance with federal statutes, regulations, and the terms and conditions of the subaward are performed, documented, and used for monitoring decisions as required by federal regulations.

Auditee's Response

We partially agree with the auditor's finding. Our Corrective Action Plan includes an explanation and specific reasons for our disagreement and any planned actions to address the finding.

Auditor's Comment

The DSS Corrective Action Plan (CAP) states the DSS partially agrees with the finding because the DSS has performed risk-based monitoring of the CSE and CSBG subrecipients in accordance with the Uniform Guidance. However, during the audit, DSS officials agreed they had not documented risk assessments on any of the 88 subrecipients of the CSBG and CSE programs, and the DSS acknowledges in the CAP that risk assessments were not consistently documented. Therefore, this finding is valid.

**2019-004.
CSBG Program Reporting**

Federal Agency:	Department of Health & Human Services (DHHS)
Federal Program:	93.569 Community Services Block Grant (CSBG) 2018 - 18B1MOCOSR
State Agency:	Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS)

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

Type of Finding: Internal Control (Significant Deficiency) and
Noncompliance

The DSS does not have adequate procedures for preparation of the annual CSBG program federal financial report (SF-425), and as a result, amounts on the interim SF-425 report were misstated for the federal fiscal year ended September 30, 2018 (FFY18) grant. The DFAS overstated the federal share of unliquidated obligations by about \$7.8 million and understated the unobligated balance of federal funds by about \$7.8 million on this report.

The DSS (1) allocates 90 percent of its annual CSBG program award to 19 subrecipients based on relative percentages of impoverished populations in the areas served by each subrecipient, (2) executes annual federal fiscal year contracts with each subrecipient for the allocation amount plus any unused allocation from the prior year, and (3) distributes funds to the subrecipients based on subrecipient expenditures claimed on monthly invoices. The DSS allocates the remaining 10 percent for DSS administrative costs and contracts with various entities for training and other services. For the FFY18 award, the DSS executed contracts totaling about \$20.6 million to subrecipients and contractors. DSS records indicate the unpaid balances on those contracts as of September 30, 2018, totaled about \$3.8 million. This includes about \$2.2 million in unpaid invoices and about \$1.6 million in costs not yet billed to the DSS that the DSS included as carry forward funds in subsequent contracts for the applicable subrecipients and contractors.

Rule 45 CFR Section 75.341 requires the DSS to prepare and submit federal financial reports as required by the terms of the federal award, but not less than annually. The terms of the CSBG program award require the DFAS to complete an interim SF-425 report covering the first year of the grant period and a final report covering the entire 2-year grant period. To prepare the SF-425 report, the DFAS must record the total federal funds authorized, the federal share of expenditures, and the federal share of unliquidated obligations. The remaining unobligated balance of federal funds is automatically calculated as federal funds authorized less expenditures and unliquidated obligations. Rule 45 CFR Section 75.2 defines unliquidated obligations as the unpaid balance on contracts and subawards.

On the FFY18 grant interim SF-425 report, the DFAS reported unliquidated obligations as the total unspent FFY18 grant award of \$11.6 million rather than the total unpaid FFY18 contract amounts of \$3.8 million. By incorrectly reporting unliquidated obligations as the unspent FFY18 grant award, the DFAS overstated unliquidated obligations and understated the resulting unobligated balance at September 30, 2018, by about \$7.8 million. A CSBG State Assessment review performed by the DHHS, Administration for Children and Families, Office of Community Services, released in April

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

2019, similarly questioned the accuracy of amounts reported in federal reports.

It is essential the data reported in CSBG program federal financial reports is accurate to properly reflect the status of the grant. Rule 45 CFR Section 96.30(a) requires the DSS to establish fiscal controls and accounting procedures sufficient to permit preparation of the required reports.

Recommendation

The DSS through the DFAS establish controls and procedures to ensure CSBG program federal financial reports are accurately prepared in accordance with federal requirements. In addition, the DSS should review, revise, and resubmit previously submitted inaccurate federal reports.

Auditee's Response

We disagree with the auditor's finding. Our Corrective Action Plan includes an explanation and specific reasons for our disagreement.

Auditor's Comment

The DSS Corrective Action Plan states the DSS disagrees with the finding because the difference between records referenced in the finding is due to the accounting methodology for drawing and disbursing funds. However, as explained to DSS officials at the audit exit meeting held on February 18, 2020, the misstatements identified in the finding were not due to the manner in which the funds were drawn and disbursed, but rather were due to reporting unliquidated obligations as the unspent grant award amount instead of the unpaid contract amounts on the federal report. Therefore, this finding is valid.

2019-005.
Medicaid and CHIP
MAGI-Based Participant
Eligibility

Federal Agency:	Department of Health and Human Services
Federal Program:	93.767 Children's Health Insurance Program 2018 - 1805MO5021 2019 - 1905MO5021 93.778 Medical Assistance Program 2018 - 1805MO5MAP and 1805MO5ADM 2019 - 1905MO5MAP and 1905MO5ADM
State Agency:	Department of Social Services (DSS) - MO HealthNet Division (MHD) and Family Support Division (FSD)
Type of Finding:	Internal Control (Material Weakness) and Noncompliance
Questioned Costs:	\$2,832

The DSS does not have sufficient controls to ensure compliance with eligibility redetermination requirements of the Medical Assistance Program (Medicaid) and the Children's Health Insurance Program (CHIP) for participants whose eligibility is based on their Modified Adjusted Gross Income (MAGI). In addition, the DSS does not have sufficient controls to ensure the eligibility status is updated in the claims payment system when participants are determined to be ineligible for benefits. Of the approximately

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

907,000 Medicaid and CHIP participants as of June 30, 2019, approximately 600,000 (66 percent) were MAGI-based participants.

To ensure MAGI-based participants continue to be eligible for benefits, 42 CFR Section 435.916 requires a redetermination of eligibility once every 12 months, or when circumstances affecting a participant's eligibility changes.

The Medicaid Eligibility Determination and Enrollment System (MEDES), implemented in January 2014, tracks eligibility information for MAGI-based participants, including redetermination due dates; and in some cases, performs redeterminations. Other redeterminations are performed manually by FSD eligibility specialists. Eligibility information is transferred from the MEDES into the Medicaid Management Information System (MMIS), the Medicaid claims payment system, nightly. MEDES operations have been problematic since implementation and the DSS continues to address system errors. DSS officials stated various system errors occurred in the initial years and DSS personnel made manual overrides to individual cases in the system to correct certain errors. However, some overrides led to additional errors and problems. DSS officials indicated the initial system errors have been resolved, but they have not identified and corrected all of the cases for which manual overrides were made.

To test compliance with eligibility requirements, we reviewed eligibility documentation for 60 MAGI-based participants, of which 45 participants required a redetermination during the year ended June 30, 2019. Medicaid and CHIP capitation and fee for service payments totaling approximately \$182,500 were made on behalf of these 60 participants during the year ended June 30, 2019. We identified 4 participants for which eligibility redeterminations were not performed as required and 1 ineligible participant for which the case was not closed in the MMIS. These errors represent approximately 9 percent (4 of 45) and 2 percent (1 of 60) of the participants reviewed. If similar errors were made on the remaining population of MAGI-based participants, errors and related questioned costs could be significant.

Eligibility redeterminations

For 2 of the 4 participants, the DSS did not perform the required eligibility redeterminations. One participant was last determined eligible in April 2015 and the other participant was last determined eligible in January 2017. For the 2 other participants, the eligibility redeterminations were initiated between 2 months and 2 years after they were due. DSS officials indicated the redeterminations were not performed as required for these 4 participants due to various system errors and limitations. For example, prior to June 2018, the system did not automatically initiate the redetermination process for some cases. In addition, DSS officials explained there was a period of time when the MEDES was incorrectly closing some cases before a redetermination could be performed. To prevent affected cases from being closed, DSS personnel manually overrode system controls. However, once the system

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

errors were corrected, the DSS did not remove the previously-established system overrides, which prevented the system from identifying the cases as needing redeterminations. Medicaid capitation and fee for service payments made during the year ended June 30, 2019, on behalf of the 2 participants for which eligibility redeterminations were not performed, totaled \$4,344. We question the federal share, or \$2,832 (65.20 percent).

Incorrect eligibility status

We identified 1 participant who became ineligible for MAGI-based benefits in 2016; however, a MEDES system error prevented the participant's MAGI-based eligibility case from being closed in the MMIS and the case was still open as of December 2019. As a result, the MMIS would have paid claims on behalf of this individual. However, because no payments occurred for this individual as a result of MAGI-based eligibility, there are no questioned costs.

Conclusions

The failure to implement adequate internal controls to ensure annual eligibility redeterminations are performed as required and participants' eligibility statuses in the MMIS are accurate can result in Medicaid and CHIP payments being made on behalf of ineligible individuals, which are unallowable costs of the federal program. Rule 2 CFR Section 200.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

Recommendation

The DSS through the MHD and the FSD strengthen internal controls over MAGI-based participant eligibility to ensure eligibility redeterminations are completed as required and that participants' eligibility statuses in the MMIS are accurate. In addition, the DSS should review and correct the eligibility for the ineligible participant identified in this finding.

Auditee's Response

We agree with the auditor's finding. Our Corrective Action Plan includes our planned actions to address the finding.

**2019-006.
Medicaid Nursing Facility
Audits**

Federal Agency:	Department of Health and Human Services (DHHS)
Federal Program:	93.778 Medical Assistance Program 2018-1805MO5MAP and 1805MO5ADM 2019-1905MO5MAP and 1905MO5ADM
State Agency:	Department of Social Services (DSS) - MO HealthNet Division (MHD)
Type of Finding:	Internal Control (Material Weakness) and Noncompliance

The MHD has not established adequate internal controls to ensure audits of financial records of nursing facilities participating in the Medical Assistance Program (Medicaid) are conducted as required. During the year ended

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

June 30, 2019, the MHD made payments totaling approximately \$1.1 billion to over 500 nursing facility providers on behalf of Medicaid recipients.

In the Missouri Medicaid State Plan (State Plan), the DSS provided assurances and outlined procedures designed to collect uniform cost reports from each participating provider and to provide for periodic audits of financial and statistical records of participating providers.

Cost report audits

The MHD has not established a plan for providing periodic audits of cost reports or other provider financial information of participating providers, and only a few cost report audits have been performed in recent years. Cost reports serve as the primary method for nursing facilities to provide financial information to the MHD.

The State Plan, Attachment 4-19D, Findings and Assurances, states the MHD requires the filing of uniform cost reports by each participating provider and provides for periodic audits of the financial and statistical records of the providers. However, the MHD has not established a methodology for determining when audits are to be conducted.

According to MHD records, 0, 14, and 4 cost report audits were performed during each of state fiscal years 2019, 2018, and 2017, respectively. During the 3-year period, cost report audits covered less than 4 percent of the total nursing facility providers. Furthermore, the most recently completed audits (performed in fiscal year 2018) covered cost reports for fiscal years ended in 2016 and 2013.

MHD officials indicated they have outsourced cost report audits to a contractor for future periods. They also indicated they believe they have complied with the cost report audit requirements because they conducted audits in the past. They also stated they believe cost report audits are not necessary since the MHD does not use the cost reports to set rates and the federal regulations do not specifically require audits of cost reports. However, to ensure compliance with State Plan requirements, the MHD needs to establish and follow a plan for performing audits of cost reports or other financial information.

Independent audits

During the year ended June 30, 2019, the MHD did not ensure required independent financial audit reports were received for any of the facilities that began participating in the Medicaid program during the previous 2 years. The MHD's log of independent audits received showed no independent audits were received during fiscal year 2019.

The State Plan, Attachment 4-19D, page 36 (10)(D.4) requires nursing facilities in the first 2 full fiscal years of participation in the Medicaid program have an annual audit of the financial records used to prepare the annual cost reports. The audits are required to be performed by an

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

independent certified public accountant in accordance with Generally Accepted Accounting Principles and Generally Accepted Auditing Standards. DSS officials did not provide an explanation for not ensuring the independent audits were received.

Conclusions

To ensure compliance with the State Plan, the MHD should establish internal controls over required audits. When providers do not have periodic audits, there is an increased risk the submitted cost reports are not accurate and complete. Rule 2 CFR Section 200.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

Recommendation

The DSS through the MHD establish and enforce a plan for periodic audits of cost reports or other financial information of nursing facilities and ensure independent audits are obtained in accordance with the State Plan.

Auditee's Response

We partially agree with the auditor's finding. Our Corrective Action Plan includes an explanation and specific reasons for our disagreement and any planned actions to address the finding.

Auditor's Comment

The DSS Corrective Action Plan (CAP) asserts the State Plan, Attachment 4-19D, referenced in the finding, is not part of the State Plan because the federal legislation that previously required the filing of cost reports and audits was repealed in 1997. However, this attachment is included in the State Plan document and 42 CFR Section 430.12(c)(1)(i) requires the State Plan to provide it will be amended whenever necessary to reflect changes in federal law, regulations, policy interpretations, or court decisions. The DSS has acknowledged no State Plan amendments have been submitted to the DHHS - Centers for Medicare and Medicaid Services to reflect the 1997 changes to the federal law.

The DSS CAP includes additional inaccurate claims: (1) The DSS CAP lists various audits and reviews performed by the DSS; however, those audits and reviews were of statistical reports or limited financial information. Currently, cost reports are the only method for reporting of complete financial information. (2) The DSS CAP states the DSS provided auditors documentation that the DSS performed 5 (instead of 0) cost report audits and received independent audits for 2 (instead of 0) new facilities during the year ended June 30, 2019. However, the DSS did not provide appropriate evidence for any of these audits. These audits were not listed in the log of audits provided to auditors on August 8, 2019, and DSS officials did not provide complete records in response to discussions with auditors about the errors on December 12, 2019, February 11, 2020, and March 2, 2020. Even if auditors were provided these records, the DSS would not have demonstrated

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

compliance with the State Plan as the majority of the nursing facilities still have not had a cost report audit. Because the DSS failed to comply with the State Plan, the finding is valid.

2019-007.
Medicaid Developmental

Comprehensive Waiver
Per Diem Rates

Federal Agency: Department of Health and Senior Services (DHHS)
Federal Program: 93.778 Medical Assistance Program
2018-1805MO5MAP and 1805MO5ADM
2019-1905MO5MAP and 1905MO5ADM
State Agency: Department of Mental Health (DMH) - Division of
Developmental Disabilities (DD)
Type of Finding: Noncompliance
Questioned Costs: \$244,757

As noted in our prior four audit reports,⁹ the DD continued to pay historical per diem rates to providers for residential habilitation services provided to participants of the Home and Community Based Services (HCBS), Developmental Disabilities Comprehensive Waiver (Comprehensive Waiver) program, but did not retain adequate documentation to support these rates. As a result, the DD could not demonstrate some amounts paid were allowable costs of the Comprehensive Waiver program.

The DD with its six habilitation centers and five regional offices is responsible for the direct administration of various Medical Assistance Program (Medicaid)-funded HCBS programs for children and adults with disabilities, including the Comprehensive Waiver program. Various types of services are allowed under the waiver, including residential habilitation services provided to 1,609 participants in group homes and 5,116 participants served by individualized supported living (ISL) providers during the year ended June 30, 2019. Residential habilitation services include care, supervision, and skills training in activities of daily living, home management, and community integration. Providers are paid a per diem rate for each participant receiving these services, based on the individual's needs. Certain costs, such as room and board, are not allowed to be included in per diem rates under the waiver program. During the year ended June 30, 2019, per diem payments for group home services totaled approximately \$132 million, and per diem payments for ISL services totaled approximately \$599 million.

In October 2013, the DD began phasing in acuity-based per diem rates to replace historical rates for residential habilitation services, and renewed the Comprehensive Waiver in July 2016 to include the new rates. However these acuity-based per diem rates were not fully phased in as of June 30, 2019.

⁹See single audit reports at <<https://app.auditor.mo.gov/AuditReports/AudRpt2.aspx?id=35>>, finding numbers 2018-014, 2017-017, 2016-006, and 2015-015.

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

Payments at the historical per diem rates are expressed as a percentage of the acuity-based rates, but some of these rates exceed 100 percent of the acuity-based rate. For participants who received residential habilitation services during the year ended June 30, 2019, DD officials indicated the DMH paid acuity-based per diem rates for approximately 97 percent of the participants in group homes and approximately 33 percent of the participants in ISL placements, and historical per diem rates for the remaining 3 percent and 67 percent, respectively. DMH officials indicated the per diem rates for the remaining group homes are expected to be standardized by 2021. A corrective action plan approved by the federal DHHS - Centers for Medicare and Medicaid Services (DHHS-CMS), Division of Medicaid Field Operations - North in June 2019, states the rates for ISL providers are planned to be fully implemented by 2024.

To test compliance with various Comprehensive Waiver program requirements, we tested 60 payments to service providers during the year ended June 30, 2019. Of these 60 payments, 25 were to ISL providers, and 16 were to group homes for habilitation services. The DD did not retain documentation to support per diem rates, paid at historical rates exceeding acuity-based rates, for 2 of the 16 group home habilitation service payments tested. The DD retained the group home individual plans of care and cost of living allowance (COLA) notices supporting some per diem rate increases. However, these documents did not show how the rates were originally determined or what costs were included in the per diem rates. The remaining 25 ISL and 14 group home payments were based on acuity-based per diem rates or historical rates that were less than or equal to acuity-based rates. Payments to providers for habilitation services provided to the 2 participants during the year ended June 30, 2019, for which the historical per diem rates were not supported or exceeded acuity-based rates, totaled \$375,336. We question the federal share, or \$244,757 (65.21 percent).

Audits performed by the DHHS - Office of Inspector General (DHHS-OIG), *Missouri Claimed Unallowable and Unsupported Medicaid Payments for Group Home Habilitation Services*, released in August 2015, and *Missouri Claimed Unallowable and Unsupported Medicaid Payments for Individualized Supported Living Habilitation Services*, released in March 2016, noted similar concerns with unsupported per diem rates for some group home payments and noted some ISL payments included unapproved and unallowable costs.

In July 2018, the DHHS-CMS, Division of Medicaid and Children's Health Operations issued a decision letter stating it did not concur with our fiscal year 2017 audit finding because the DMH changed to the acuity-based rate-setting method for residential habilitation per diem rates, effective July 2016. However, as noted above, payments to providers for those participants that have not been transitioned from the historical per diem rates to the acuity-

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

based per diem rates, are not adequately supported and documented as required by federal regulations. Similar errors of noncompliance will likely continue until all participants are transitioned to the acuity-based rate model.

Without proper documentation of the payment rates, the DD cannot demonstrate that payments based on these rates are proper and only include allowable costs. Rule 42 CFR Section 447.203(a) states "[t]he agency must maintain documentation of payment rates. . . ." Rule 2 CFR Section 200.403(g) states costs must be adequately documented to be allowable. Also, the approved DD Comprehensive Waiver Program Application, Appendix I: Financial Accountability, section I-2(e), states "[r]ecords documenting the audit trail of adjudicated claims (including supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), and providers of the waiver services for a minimum period of 3 years." Adequate documentation of habilitation services per diem rates is necessary to ensure compliance with the federal requirements related to the Comprehensive Waiver program and to ensure only allowable costs are included in the per diem rates.

Recommendation

The DMH through the DD continue to transition all per diem rates paid to providers for residential habilitation services provided under the Comprehensive Waiver program from historical rates to acuity-based rates and ensure documentation to support per diem rates is maintained as required.

Auditee's Response

We disagree with the auditor's finding. Our Corrective Action Plan includes an explanation and specific reasons for our disagreement.

Auditor's Comment

The DMH Corrective Action Plan states the DMH disagrees with the finding because all existing rates are now a factor of a rate study, the rate study serves as the documentation for all residential rates paid, and any other forms of documentation are irrelevant. However, as stated in the finding, payments to providers for any participants at historical per diem rates that exceed 100 percent of amounts calculated using the rate study are not adequately supported and documented, as required by federal regulations. Therefore, this finding is valid. Similar errors of noncompliance will likely continue until all participants are at or below 100 percent of the amounts calculated using the approved rate methodology.

2019-008.
MVC SEFA

Federal Agency:	Department of Veterans Affairs
Federal Program:	64.015 Veterans State Nursing Home Care
State Agency:	Missouri Veterans Commission (MVC)
Type of Finding:	Internal Control (Significant Deficiency) and Noncompliance

The MVC's controls and procedures related to the preparation of the schedule of expenditures of federal awards (SEFA) were not sufficient; and as a result,

State of Missouri - Single Audit
Schedule of Findings and Questioned Costs
Year Ended June 30, 2019

expenditures reported on the MVC SEFA submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the statewide SEFA for the year ended June 30, 2019, were misstated. If the misstatement had not been identified during the audit, Veterans State Nursing Home Care program expenditures would have been overstated by approximately \$758,000 in the statewide SEFA as shown below:

Reported Expenditures	Actual Expenditures	Overstated
\$73,197,173	\$72,439,625	\$757,548

The errors resulted from the incorrect compilation of per diem reimbursements from Statewide Advantage for Missouri (SAM II) Financial system records. Although the MVC SEFA stated expenditures were reported on the accrual basis of accounting, which was the MVC's practice in prior years; expenditures were actually reported on the cash basis of accounting. By reporting on the cash basis, June 2018 per diem reimbursements received in July 2018 were included and June 2019 per diem reimbursements received in July 2019 were not included, overstating reported expenditures by \$134,940. Similarly, all retroactive per diem reimbursements received during state fiscal year 2019 were included, instead of only those related to state fiscal year 2019 services, overstating reported expenditures by an additional \$622,608. In total, these errors resulted in the overstatement of federal expenditures by \$757,548. The errors occurred without detection due to (1) staff turnover, (2) the absence of documented procedures for preparing the SEFA, and (3) inadequate review procedures. After we notified the MVC of these errors, the MVC submitted a revised SEFA to the DOA, and the DOA included the revised amount in the statewide SEFA.

Rule 2 CFR Section 200.510(b) requires the recipient of federal awards to prepare a SEFA including federal awards expended for each federal program. Rule 2 CFR Section 200.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award." Effective internal controls should include procedures to ensure federal expenditures are accurately reported on the SEFA.

Recommendation

The MVC implement controls and procedures to prepare and submit an accurate SEFA to the DOA.

Auditee's Response

We agree with the auditor's finding. Our Corrective Action Plan includes our planned actions to address the finding.

**Additional State Auditor's
Reports**

The Missouri State Auditor's Office regularly issues audit reports on various programs, agencies, and divisions of the state of Missouri. Audit reports may include issues related to the administration of federal programs. We reviewed the reports issued from April 2019 to March 2020 and noted there were no reports that relate to a federal program and were required to be reported in the Schedule of Findings and Questioned Costs in accordance with the Uniform Guidance.

State of Missouri - Single Audit

Summary Schedule of Prior Audit Findings

Year Ended June 30, 2019

The Uniform Guidance requires the auditee to prepare a Summary Schedule of Prior Audit Findings to report the status of all audit findings included in the prior audit's Schedule of Findings and Questioned Costs. The schedule is also to report the status of findings included in the prior audit's Summary Schedule of Prior Audit Findings, except those that were corrected, no longer valid, or not warranting further action.

The Uniform Guidance requires the auditor to follow up on prior audit findings; perform procedures to assess the reasonableness of the Summary Schedule of Prior Audit Findings; and report, as a current year audit finding, when the auditor concludes the schedule materially misrepresents the status of any prior audit finding.

SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS

The Uniform Guidance requires the auditee to prepare a Summary Schedule of Prior Audit Findings to report the status of all audit findings included in the prior audit's Schedule of Findings and Questioned Costs. The Schedule is also to report the status of findings included in the prior audit's Summary Schedule of Prior Audit Findings, except those that were corrected, no longer valid, or not warranting further action.

The attached documents are the Summary Schedule of Prior Audit Findings for the year ended June 30, 2019, and includes all findings from the audit for the Fiscal Year ended June 30, 2018, and certain similar findings from the audits for the Fiscal Years ended June 30, 2017, 2016, 2015, 2014, 2013, 2012, 2011, and 2010.

These documents were prepared by the applicable State agencies as noted with each prior year finding.

State of Missouri - Single Audit
Summary Schedule of Prior Audit Findings
Year Ended June 30, 2019

2018-001. Department of Revenue Financial Reporting Controls

State Agency: Department of Revenue (DOR)

The DOR did not have adequate controls and procedures over financial reporting of sales and use tax accounts receivables following the implementation of a new computerized system in September 2017. As a result, sales and use tax accounts receivable data submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the *Missouri Comprehensive Annual Financial Report* for the year ended June 30, 2018, was misstated. In addition, the data was not submitted to the DOA timely.

Recommendation:

The DOR implement controls and procedures to prepare and submit accurate and timely financial reports to the DOA.

Status of Finding:

The Department implemented procedures and controls to submit accurate and timely financial reports to the DOA.

Year Ended June 30, 2019

2018-002. Department of Corrections SAM II User Account Controls

State Agency: Department of Corrections (DOC)

The DOC did not establish adequate controls to ensure Statewide Advantage for Missouri (SAM II) Financial system users at the DOC were prevented from approving transactions they created without independent review or approval.

Recommendation:

The DOC establish procedures to restrict SAM II Financial system users from approving expenditure transactions they create.

Status of Finding: Corrective action was taken.

Year Ended June 30, 2019

2018-003. Department of Social Services SAM II User Account Controls

State Agency: Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS)

The DSS-DFAS did not establish adequate controls to ensure Statewide Advantage for Missouri (SAM II) Financial system users at the DSS were prevented from approving transactions they created without independent review or approval.

Recommendation:

The DSS through the DFAS establish procedures to restrict SAM II Financial system users from approving expenditure transactions they create.

Status of Finding:

Completed. Monthly reviews are conducted to ensure system controls are also in place to prevent a user from approving transactions they create.

Year Ended June 30, 2019

2018-004. Adoption Assistance Eligibility

Federal Agency: Department of Health and Human Services
Federal Program: 93.659 Adoption Assistance
State Agency: Department of Social Services (DSS) - Children's Division (CD) and Division of
Finance and Administrative Services (DFAS)
Questioned Costs: \$28,963 (2018)

DSS controls over eligibility were not sufficient to prevent and/or detect payments made on behalf of ineligible children. The CD made payments on behalf of ineligible children, and could not provide documentation to demonstrate that another child met the various program eligibility requirements. Some adoption subsidy agreements were not signed and in effect prior to or at the date of adoption; and for some agreements, the CD Director's signature date was apparently backdated.

Recommendation:

The DSS through the CD and the DFAS strengthen and enforce policies and procedures regarding Adoption Assistance eligibility determinations. These procedures should ensure all adoption subsidy agreements are signed and in effect prior to adoption and ensure eligibility determinations are proper, documented, and retained. In addition, the DSS should review and correct the eligibility for the children identified in this finding.

Status of Finding:

Since the audit findings from the 2018 audit, CD and DFAS have strengthened and enforced policies and procedures regarding Adoption Assistance eligibility determinations by completing the following steps. A Practice Alert was sent out to appropriate CD staff and FCCM contractors regarding the policy implemented in May of 2008 clarifying initial adoption agreements and subsequent amendments shall not be backdated. Training for new and current staff to assure service start dates are after the date of the director's signature on the agreements are ongoing. This is relayed through one on one phone calls and emails, as well as information on meeting agendas with subsidy staff as appropriate. CD Central Office staff have worked hand in hand with DFAS staff to enforce these policies and procedures through communication and teamwork. Training with the IV-E Eligibility Analysts on criteria for applicable/non-applicable children for the adoption subsidy determination has been provided through supervisors. Eligibility segments and payments were corrected for the youth identified in the finding.

State of Missouri - Single Audit
Summary Schedule of Prior Audit Findings
Year Ended June 30, 2019

2018-005A. Department of Social Services Public Assistance Cost Allocation Plan

Federal Agency: Department of Health and Human Services
Federal Program: 93.658 Foster Care - Title IV-E
93.659 Adoption Assistance
93.558 Temporary Assistance for Needy Families
State Agency: Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS)

The DFAS did not have a documented system of internal controls to ensure the contractor properly designed the AlloCAP system to provide for accurate, allowable, and proper allocations in accordance with the proposed public assistance cost allocation plan (PACAP). In addition, the DFAS did not implement procedures to document changes made to the proposed PACAP or the AlloCAP system or approval of such changes, and did not document procedures to test the changes for accuracy and consistency with the proposed PACAP.

Recommendation:

The DSS through the DFAS implement controls and procedures over the PACAP and the AlloCAP system to ensure costs charged to federal programs are accurate, allowable, properly allocated, and consistent with the proposed and/or approved PACAP. Internal controls should be adequately documented and monitored for compliance with applicable requirements. These controls should include policies and procedures, a log of changes to the PACAP and the AlloCAP system, and documentation of approvals and testing of system changes.

Status of Finding:

The DSS disagrees with this recommendation.

Audit Requirements for Federal Awards are covered under 2 CFR 200. Under section 200.516 subpart 7, auditors are required to indicate whether an audit finding represents an isolated instance or a systematic problem. Instances identified must be related to the universe and the number of cases examined and be quantified in terms of dollar value. The auditor should report whether the sampling was a statistically valid sample.

As noted in the audit finding, the sample selected included 14 cost centers allocated during the quarter ending March 31, 2018 and for every cost center examined, it was determined that all costs were supported and allocated in accordance with the proposed PACAP. No deviations were found in the tested sample to support that the DSS did not effectively design, implement, or put controls in place to prevent detection of non-compliance.

In addition to the successful results of the tested sample supporting DSS' position, the DSS has provided sufficient evidence to demonstrate internal controls and procedures to ensure costs charged to federal programs are accurate, allowable, and properly allocated.

Effective October 1, 2017, the DSS transitioned from utilizing an indirect cost rate methodology allocated manually on a spreadsheet to implementing a PACAP to directly allocate through cost pools which is allocated systematically in a proprietary cost allocation system. Implementation of a thoroughly documented PACAP coupled with the AlloCAP system supports that DSS has strengthened internal controls and procedures. Additionally, the DSS has provided documented evidence to support the internal controls and procedures over PACAP and AlloCAP which includes but is not limited to: (1) All changes made to the PACAP narrative are submitted in track changes

State of Missouri - Single Audit
Summary Schedule of Prior Audit Findings
Year Ended June 30, 2019

format to Cost Allocation Services (CAS) for review and evaluation by federal partners; (2) The submitted PACAP narrative is provided to the Grants Unit in addition to a summary of the quarterly changes which is prepared by the Cost Allocation Manager to assist the Grants Unit in ensuring that AlloCAP matches the PACAP narrative exactly; (3) The AlloCAP manual outlining procedures for the quarterly cost allocation process; (4) Grant approval tracking sheets which document all levels of approval for each grant sheet from preparation to submission; and (5) Reports directly from the AlloCAP system showing the allocation methodology matches the PACAP as submitted quarterly.

The DSS' internal controls were and continue to be a component of the successful implementation of the PACAP and AlloCAP system in order to ensure accuracy and compliance with federal requirements as supported by the sample results reviewed under this audit.

The DSS can provide the documented evidence to support the internal controls and procedures over PACAP and AlloCAP again if needed.

State of Missouri - Single Audit
Summary Schedule of Prior Audit Findings
Year Ended June 30, 2019

2018-005B. Department of Social Services Public Assistance Cost Allocation Plan

Federal Agency: Department of Health and Human Services
Federal Program: 93.658 Foster Care - Title IV-E
93.659 Adoption Assistance
93.558 Temporary Assistance for Needy Families
State Agency: Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS)

The DFAS did not include an estimated cost impact analysis in the proposed public assistance cost allocation plan (PACAP), as required by federal regulations.

Recommendation:

The DSS through the DFAS prepare and submit an estimated cost impact analysis as part of the PACAP, as required by federal regulations.

Status of Finding:

The DSS disagrees with this finding; however, the DSS has already corresponded with Cost Allocation Services (CAS) regarding submission of cost impact statements.

As noted in the audit finding, the PACAP narrative states that the DSS will notify the CAS of any significant funding changes as a result of the proposed PACAP implementation. The cost impact statements were submitted to CAS on August 22, 2019 as promised via previous correspondence with CAS.

Summary Schedule of Prior Audit Findings
Year Ended June 30, 2019

2018-006. Child Care Eligibility Case Reviews

Federal Agency: Department of Health and Human Services
Federal Program: 93.575 Child Care and Development Block Grant
93.596 Child Care Mandatory and Matching Funds of the Child Care and Development Fund
State Agency: Department of Social Services (DSS) - Children's Division (CD) and Family Support Division (FSD)

The DSS did not ensure monthly supervisory case reviews were completed as required for FSD eligibility specialists who perform eligibility determinations of households participating in the Child Care Development Fund (Child Care) subsidy program. Also, the case review policy did not require that case reviews be completed timely.

Recommendation:

The DSS through the CD and the FSD ensure monthly supervisory case reviews are performed as required by DSS policy and strengthen the policy to indicate when the reviews should be performed.

Status of Finding:

Effective July 1, 2019, the Child Care Case Review policy was updated through a memorandum to all FSD staff to clarify when Eligibility Specialist Supervisors need to complete case reviews. In the department's corrective action plan to this finding, there was reference to DSS sending an "All About Child Care" email reminder to Eligibility Specialist Supervisors to complete required case reviews. This email reminder was not sent because the updated policy required review by all supervisors in lieu of sending an email.

Year Ended June 30, 2019

2018-007. Child Care Payments

Federal Agency: Department of Health and Human Services
Federal Program: 93.575 Child Care and Development Block Grant
93.596 Child Care Mandatory and Matching Funds of the Child Care and Development Fund
State Agency: Department of Social Services (DSS) - Children's Division (CD) and Family Support Division (FSD)
Questioned Costs: \$586 (2018)
Similar Findings: 2017-010, 2016-002A, 2015-002, 2014-005, 2013-009, 2012-11A&B, 2011-14A, and 2010-16A

DSS controls over Child Care Development Fund (Child Care) subsidy provider payments were not sufficient to prevent and/or detect improper payments to child care providers. The DSS had only limited procedures to monitor payments to providers, and overpayments were made to some providers.

Recommendation:

The DSS through the CD and the FSD continue to review, strengthen and enforce policies and procedures regarding Child Care subsidy provider payments. These procedures should include sufficient monitoring of provider payments and follow up on errors identified.

Status of Findings:

The Child Care Business Information Solution (CCBIS) will replace paper attendance records and will capture attendance electronically. This will allow for greater control of attendance tracking, invoicing, and monitoring for provider compliance. The CCBIS is scheduled to be delivered to all child care providers by March 31, 2020 and will be fully implemented by June 30, 2020.

Claims have been entered or adjustments have been made for agreed upon unallowable costs.

2018-008. Child Care Provider Monitoring

Federal Agency: Department of Health and Human Services
Federal Program: 93.575 Child Care and Development Block Grant
93.596 Child Care Mandatory and Matching Funds of the Child Care and Development Fund
State Agency: Department of Social Services (DSS) - Children's Division (CD) and Division of Finance and Administrative Services (DFAS)
Similar Findings: 2017-011 and 2016-002B

The DSS' procedures to follow up on provider noncompliance identified during Child Care Review Team (CCRT) reviews were not sufficient. The CCRT and the CD did not have established criteria or guidance for determining the type and extent of follow-up action, if any, to address identified provider noncompliance. For some reviews that appeared to require follow up, the CCRT required the providers to repay the overpayments, but took no further action to address the provider noncompliance, such as referring the provider to the CD for training or other corrective action, or conducting a follow-up review in a timely manner.

Recommendation:

The DSS through the DFAS and the CD continue to strengthen and enforce procedures to ensure proper follow up on noncompliance identified during CCRT reviews is performed.

Status of Findings:

The CCRT had previously established the following procedures:

- Notify all child care providers of new future monitoring and follow-up processes.
- Update entrance letters to clarify requirements for submitting attendance records to the DSS.
- If the review finds error rates of 5% or more, DSS's notification letter to the provider references Educare training as an option to be completed within 45 days of the date of the letter.
- A follow up review will be conducted of the first full month's records following the 45-day Educare option provided in the decision letter.
- If the provider has an error rate in excess of 5% in the follow up desk review (FUDR), an additional follow up will be conducted.
- If the provider has an error rate in excess of 5% after second follow up desk (FUDR2) review, the provider will be referred to Early Childhood and Prevention Services Section for corrective action.

In addition to what the DSS had previously stated in their corrective action plan, new tools and entrance letters were developed to be effective July 1, 2019.

Currently the CCRT has assigned or completed 1,087 provider reviews from July 1, 2018 to present. Thirty provider reviews are now pending for the FUDR2 at which time if they are over the 5% they will be referred to Early Childhood and Prevention Services Section.

State of Missouri - Single Audit
Summary Schedule of Prior Audit Findings
Year Ended June 30, 2019

2018-009. Foster Care Case Management Contract Payment Reviews

Federal Agency: Department of Health and Human Services
Federal Program: 93.658 Foster Care - Title IV-E
State Agency: Department of Social Services (DSS) - Children's Division (CD) and Division of Finance and Administrative Services (DFAS)
Questioned Costs: \$172 (2018)

The DFAS did not establish adequate internal controls to ensure certain Foster Care assistance payments to foster care case management (FCCM) contractors were allowable and adequately supported.

Recommendation:

The DSS through the CD and the DFAS strengthen monitoring controls and procedures over FCCM contractor payments to ensure costs claimed to the Foster Care program as assistance payments are allowable and adequately supported. Detailed reviews of data submitted by the FCCM contractors should include reviews of foster care payment rates and supporting documentation.

Status of Finding:

The DSS disagrees with this recommendation.

The Foster Care payment was allowable as the child was IV-E eligible and in a reimbursable placement. The rate paid should have been slightly less due to the child's age. This occurred due to timing of system changes with the FCCM and is a unique instance. Based on the finding, the selected sample population of \$271,000 included 60 items of which \$50,700 and 9 children correspond to FCCMs. The sample identified \$266 (\$172 federal share) of questioned costs pertaining to FCCMs which results in a potential deviation of 0.10% of the total and 0.52% corresponding to FCCMs and is deemed by the DSS to be immaterial. In addition to the immateriality of questioned costs, the DAB upheld that FCCMs are a contractor of the DSS pursuant to decision 2681. In accordance with the DAB decision, the DSS will not request documentation from FCCMs for review that would be required of a subrecipient as doing so would be imposing extraneous requirements of contractors. As evidenced by the sample tested under this audit, the DSS has demonstrated sufficient monitoring controls and procedures over FCCM contractor payments to ensure accuracy and compliance with federal requirements.

Additionally, child placement and IV-E eligibility are not uploaded to the system by the vendor. Placement and eligibility for all children in the care of Children's Division are housed in the same area of the system regardless of internal versus external case management.

Payment data for children case managed by a FCCM is uploaded to the state's system. Once payments are uploaded, the data runs through case management and eligibility code to determine the payment fund to assign. The system is programmed to only allow a IV-E Foster Care claim if the child is determined to meet Title IV-E eligibility criteria and is in an allowable placement to Title IV-E. Therefore, payments for foster care could only be claimed to the grant if the child was in a foster home setting where a family would receive a payment to meet the needs of the child(ren) in their care and if both the child and the placement were eligible.

Phone Number: 573-751-2542

State of Missouri - Single Audit
Summary Schedule of Prior Audit Findings
Year Ended June 30, 2019

2018-010. TANF Work Participation Sanctions

Federal Agency: Department of Health and Human Services
Federal Program: 93.558 Temporary Assistance for Needy Families (TANF)
State Agency: Department of Social Services (DSS) - Family Support Division (FSD)
Questioned Costs: \$171 (2018)

The FSD did not have adequate controls to ensure TANF program recipients who failed to meet work participation requirements were sanctioned. The FSD's procedures to monitor subrecipients responsible for referring TANF program recipients to the FSD for failure to meet work participation requirements were not sufficient; and as a result, a recipient was not sanctioned and continued to receive full benefits.

Recommendation:

The DSS through the FSD continue to review, strengthen, and enforce controls to ensure TANF program recipients who fail to meet work participation requirements are sanctioned as required, or referred to the FSD for exemption.

Status of Finding:

The DSS disagrees with this audit finding. Although it is important to continue to review, strengthen, and enforce controls regarding TANF work participation sanctions, the DSS asserts the amounts referenced in this finding are immaterial. Regarding the immateriality, there was an error rate of less than 2% regarding the costs under review and an error rate of 5% regarding the cases under review.

The DSS agrees that internal controls are imperative to reducing errors and has successfully implemented controls to ensure clients are timely sanctioned. While the TANF regulations do not provide a threshold or an acceptable error rate, this is below what is required in other programs.

2018-011. TANF Subrecipient Risk Assessments

Federal Agency: Department of Health and Human Services
Federal Program: 93.558 Temporary Assistance for Needy Families (TANF)
State Agency: Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS) and Family Support Division (FSD)

The DSS did not prepare risk assessments for some TANF program subrecipients to determine the nature, timing, and extent of monitoring procedures. DFAS and FSD subrecipient monitoring procedures were not based on documented risk assessments.

Recommendation:

The DSS through the DFAS and the FSD strengthen controls and procedures to ensure evaluations of each subrecipient's risk of noncompliance with federal statutes, regulations, and the terms and conditions of the subaward are performed and used for monitoring decisions as required by federal regulations.

Status of Finding:

The DSS continues to perform risk based monitoring of subrecipients in accordance with Uniform Guidance. In addition, DSS has developed a standardized process to document risk assessments performed and is working to implement this process across the department.

2018-012. VOCA Subrecipient Monitoring

Federal Agency: Department of Health and Human Services
Federal Program: 16.575 Crime Victim Assistance (CVA)
State Agency: Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS)

The DFAS did not perform monitoring reviews in accordance with its monitoring policy for the CVA program, also known as the Victims of Crime Act (VOCA) program.

Recommendation:

The DSS through the DFAS ensure VOCA program subrecipients are monitored in accordance with the monitoring policy.

Status of Finding:

DSS updated policy and completed all onsite monitoring on or before 9/30/19 as required by OJP.

2018-013. MO HealthNet Division Provider Eligibility

Federal Agency: Department of Health and Human Services
Federal Program: 93.767 Children's Health Insurance Program
93.778 Medical Assistance Program
State Agency: Department of Social Services (DSS) - MO HealthNet Division (MHD) and
Missouri Medicaid Audit and Compliance (MMAC)
Similar Findings: 2017-013 and 2016-003A

The DSS did not establish effective internal controls over and did not fully implement federal revalidation requirements for providers participating in the Medical Assistance Program (Medicaid) and the Children's Health Insurance Program (CHIP). As of June 30, 2018, the DSS had not performed required revalidations for 48 percent of Medicaid and CHIP providers requiring revalidation.

Recommendation:

The DSS through the MHD and MMAC continue to implement internal controls designed to ensure Medicaid and CHIP provider revalidations are performed every 5 years as required by federal regulations.

Status of Findings:

During SFY-2019, MMAC contracted with the state Medicaid Management Information System (MMIS) fiscal agent to develop a provider revalidations portal in the same system providers use to submit their electronic claims to MHD. The electronic portal became operational on January 7, 2019. The new portal allows providers to electronically update their enrollment information and upload any needed documentation. The portal allows the MMAC Provider Enrollment Unit (PEU) to process revalidations applications more quickly and without duplicate data entry.

During SFY-2019, MMAC completed revalidations for 18,703 MHD providers. MMAC also deactivated the MHD enrollments of 7,239 providers who did not respond to revalidation requests or submit required information. As of June 30, 2019, MMAC had eliminated the backlog of overdue provider revalidations.

There were 284 enrolled organizational providers who had not completed the revalidation process and were scheduled to be deactivated on June 30, 2019, but were left in an active status at the request of Department of Health and Senior Services, Division of Senior and Disability Services, Department of Mental Health, and MHD due to legitimate "access to care" issues. The MMAC PEU continued to work with those providers to promptly complete their revalidation applications.

Prior to September 2016, MMAC had already implemented monthly eligibility screening and monitoring requirements, the collection of enrollment application fees, fingerprint-based criminal history checks, and assignment of provider risk categories. MMAC had also notified all active providers of the revalidation requirements prior to September 2016 and posted MMAC's revalidation schedule on its website.

Although the DSS did not revalidate all providers prior to September 24, 2016, during the period from September 24, 2016 to June 30, 2019 all of the 60,000+ enrolled MHD providers (including those that had not been revalidated) were screened monthly against more federal and state databases than are required by Centers for Medicare and Medicaid Services to verify their continued eligibility to participate in the Medicaid program.

2018-014. Medicaid Developmental Disabilities Comprehensive Waiver Per Diem Rates

Federal Agency: Department of Health and Human Services
Federal Program: 93.778 Medical Assistance Program
State Agency: Department of Mental Health (DMH) - Division of Developmental Disabilities (DD)
Questioned Costs: \$732,022 (2018)
Similar Findings: 2017-017, 2016-006, and 2015-015

The DD continued to pay historical per diem rates to providers for residential habilitation services provided to participants of the Home and Community Based Services, Developmental Disabilities Comprehensive Waiver (Comprehensive Waiver) program, but did not retain adequate documentation to support these rates. As a result, the DD could not demonstrate some amounts paid were allowable costs of the Comprehensive Waiver Program.

Recommendation:

The DMH through the DD continue to transition all per diem rates paid to providers for residential habilitation services provided under the Comprehensive Waiver program from historical rates to acuity-based rates, ensure documentation to support per diem rates is maintained as required, and ensure the rates only include allowable costs.

Status of Findings: The Centers for Medicaid and Medicare (CMS) has notified the Division that it is suspending a disallowance for this finding pending completion of a corrective action plan that has been approved for the Division of Developmental Disabilities. The result of the correction action plan will be to align rates paid to providers with the approved rate methodology for this service.

2018-015A. State Emergency Management Agency Subrecipient Monitoring

Federal Agency: Federal Emergency Management Agency
Federal Program: 97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)
State Agency: Department of Public Safety - State Emergency Management Agency (SEMA)

The SEMA fiscal department did not perform risk assessments for all Public Assistance program subrecipients, as required by the Recovery Division Monitoring Policy and the Uniform Guidance. In addition, the policy did not address when subrecipient risk assessments should be performed, and the fiscal department's practice provided for risk assessments that were not effective.

Recommendation:

The SEMA, through the fiscal department ensure evaluations of each subrecipient's risk of noncompliance with federal statutes, regulations, and the terms and conditions of the subaward are performed as required by the Uniform Guidance.

Federal Agency: Federal Emergency Management Agency
Federal Program: 97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)
State Agency: Department of Public Safety - State Emergency Management Agency (SEMA)

The SEMA fiscal department did not monitor all Public Assistance program subrecipients at least annually as required by the Recovery Division Monitoring Policy. In addition, the fiscal department did not use the prepared risk assessments to determine the type of monitoring necessary for each subrecipient.

Recommendation:

The SEMA through the fiscal department review, strengthen, and enforce policies and procedures regarding subrecipient monitoring.

Federal Agency: Federal Emergency Management Agency
Federal Program: 97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)
State Agency: Department of Public Safety - State Emergency Management Agency (SEMA)

The SEMA did not establish procedures to ensure Public Assistance program subrecipients minimized the time elapsed between receipt of funds to disbursement of funds for program purposes.

Recommendation:

The SEMA establish controls and procedures to ensure subrecipients comply with SEMA policy and federal regulations requiring subrecipients to minimize the time elapsed between the receipt of federal funds to disbursement of the funds.

Status of Finding: Corrected and Closed

2018-016A. State Emergency Management Agency Subrecipient Audits and Awards

Federal Agency: Federal Emergency Management Agency
Federal Program: 97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)
State Agency: Department of Public Safety - State Emergency Management Agency (SEMA)

The SEMA did not establish controls and procedures to follow up on subrecipient audit findings of the Public Assistance program. The SEMA did not follow up on or issue management decisions on audit findings as required by federal regulations.

Recommendation:

The SEMA strengthen internal controls and procedures to follow up on subrecipient audit findings related to Public Assistance program awards and issue management decisions for the applicable audit findings as required by federal regulations.

Federal Agency: Federal Emergency Management Agency
Federal Program: 97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)
State Agency: Department of Public Safety - State Emergency Management Agency (SEMA)

The SEMA did not establish internal controls to ensure subawards included all federal award information required by federal regulations. The subrecipient award letters did not identify the Catalog of Federal Domestic Assistance (CFDA) number and name as required by federal regulations.

Recommendation:

The SEMA strengthen internal controls and procedures to communicate all required federal award information to subrecipients at the time of the subaward as required by federal regulations.

2018-017. MoDOT Project Closeouts and Final Vouchers

Federal Agency: Federal Highway Administration
Federal Program: 20.205 Highway Planning and Construction
State Agency: Missouri Department of Transportation (MoDOT)
Questioned Costs: \$19,432 (2018)

The MoDOT's procedures related to preparation and review of Highway Planning and Construction program project closeouts and final vouchers were not sufficient to ensure the proper reporting of total project costs and the proper determination of the federal and state/local shares of project costs. As a result, the MoDOT incorrectly reported the costs of 2 projects, causing an overstatement of the federal share of costs for one project and an incorrect allocation of local entity matching funds for another project.

Recommendation:

The MoDOT strengthen project closeout procedures to ensure project costs, including federal and state/local share, are accurately reported on final vouchers.

Status of Finding:

Corrective action was taken.

2018-018. MoDOT Subrecipient Risk Assessments

Federal Agency: Federal Highway Administration
Federal Program: 20.205 Highway Planning and Construction
State Agency: Missouri Department of Transportation (MoDOT)

The MoDOT did not adequately perform and document risk assessments of Highway Planning and Construction program subrecipients (local public agencies (LPAs)), and did not use prepared risk assessments to determine the nature, timing, and extent of monitoring procedures.

Recommendation:

The MoDOT ensure risk of noncompliance with federal statutes, regulations, and terms and conditions of the subaward is assessed on each LPA, and used for monitoring decisions as required by federal regulations. Policies and procedures should be strengthened to define risk assessment criteria; require risk assessments to be completed and documented; and include guidelines for using the risk assessments to determine the nature, timing, and extent of monitoring procedures.

Status of Finding:

The Financial Services, Design, Audits and Investigations, Multimodal, Highway Safety and Traffic, Maintenance and Transportation Planning divisions developed standard procedures for performing and documenting risk assessments of federal program subrecipients (LPAs) and guidelines to determine the nature, timing and extent of monitoring activities. Training was provided to all staff responsible for performing risk assessments and monitoring federal program subrecipients (LPAs).

CORRECTIVE ACTION PLANS

The State of Missouri's Office of Administration, Division of Accounting respectfully submits the following Corrective Action Plans for the findings related to the Statewide Single Audit for fiscal year ended June 30, 2019. Each Corrective Action Plan was prepared by the State agency noted.

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Department of Social Services (DSS)

Audit Finding Number: FS2019-001 – Financial Reporting Controls

Name of the contact person responsible for corrective action: Kristen Pattrin

Anticipated completion date for corrective action: Not applicable

Recommendation: The DSS through the DFAS implement controls and procedures to prepare and submit accurate accounts receivable reports to the DOA.

DSS Response: The DSS disagrees with this finding. The Department has internal controls and procedures in place to prepare and submit accurate accounts receivable reports to the Division of Accounting. In fact, the accounts receivable balance was correct as originally reported.

Although the department did revise the SFY 2019 CAFR accounts receivable report after submission and upon discussion with the SAO, the department's original position, in reporting the accounts receivables as received after August (or as a deferred inflow for reporting purposes) was a more conservative approach for the financial statements. Additionally, the DSS does view this as a difference of opinion in how this information is captured, as a revenue versus as a deferred inflow.

The department does and will continue to submit accurate accounts receivable reports to the Division of Accounting.

Corrective action plan is as follows: Not applicable.

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Missouri Department of Natural Resources

Audit Finding Number: FS2019-002 Capital Asset Controls

Name of the contact person: Jennifer Eddy

Responsible for corrective action: Tracy Farris

Anticipated completion date for corrective action: June 30, 2020

Corrective action planned is as follows:

Our specific action steps include the following:

- As part of our revised internal physical inventory process, the Department has converted its inventory schedule from a CY system to a FY system; this change should make CAFR reporting easier and more straightforward.
- The Department has implemented procedures to record the specific completion date for each physical inventory to ensure we have the documentation necessary to demonstrate we are completing inventories annually.
- The Department completed all physical inventories for CY 2019 by December 31, 2019, and records the status of all capital assets. We are working now to complete reconciliation of the CY information with FY 2020 information, which will bring our CY and FY data together moving forward. We anticipate that process will be complete at the close of the fiscal year.

The Department does not propose any corrective action beyond the actions described in this response.

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Department of Social Services (DSS) – Children’s Division
(CD) and Division of Finance and Administrative Services
(DFAS)

Audit Finding Number: 2019-001 Adoption Assistance Eligibility and Payments

Name of the contact person

Responsible for corrective action: Amy Martin and Jodi Lodewegen

Anticipated completion date for corrective action: April 30, 2020.

Recommendation: The DSS through the CD and the DFAS strengthen and enforce policies and procedures regarding Adoption Assistance eligibility determinations and assistance payments. These procedures should ensure all adoption subsidy agreements are signed and in effect prior to the adoption, criminal background checks are obtained for all prospective adoptive parents, and payments are allowable. The DSS should review and correct the eligibility and payments for the children identified in this finding.

DSS Response: The DSS partially agrees with this finding.

The DSS agrees with correcting the eligibility and payments for the children identified in this finding. The questioned costs of \$17,600 out of the annual \$40 million federal share claim will be returned on the March 2020 quarterly report filed no later than April 30, 2020. Since 66% of the questioned costs were due to action taken before the 2008 policy change, this is not indicative of current caseload or practices.

The DSS disagrees with strengthening and enforcing policies and procedures regarding Adoption Assistance eligibility determinations. The Department implemented new processes in FY 2008 regarding backdating subsidy agreements as stated in the prior audit response and demonstrated during the review. The DSS continues to provide new worker and refresher trainings of adoption assistance staff regarding adoption assistance agreement requirements and quality assurance reviews to ensure service start dates of the agreement are as of or after the Director’s signature on the agreement and ensuring start dates are on or prior to the date of adoption to assure eligibility for IV-E funds. The DSS continues provide training to IV-E Eligibility Analysts on reviewing adoption

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

assistance payments to ensure they are allowable. Additionally DSS has internal steps in place to ensure agreements have proper signatures and effective dates. Documentation of these processes and trainings were provided to the SAO audit crew during the review.

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Department of Social Services (DSS) – Division of Finance and Administrative Services (DFAS)

Audit Finding Number: 2019-002 - Public Assistance Cost Allocation Plan

Name of the contact person
responsible for corrective action: Kristen Pattrin

Anticipated completion date for corrective action: Not Applicable

Recommendation: The DSS through the DFAS implement internal controls and procedures over the PACAP and the AlloCAP system to ensure costs charged to federal programs are accurate, allowable, properly allocated, and consistent with the proposed and/or approved PACAP. Internal controls should be adequately documented and monitored for compliance with applicable requirements. These controls should include sufficiently detailed policies and procedures; documentation of the reason, justification, and approvals of changes to the proposed PACAP and the AlloCAP system; documented testing of system changes; and a complete log of all changes.

DSS Response: The DSS firmly disagrees with this finding/recommendation.

Audit Requirements for Federal Awards are covered under 2 CFR 200. Under section 200.516 subpart 7, auditors are required to indicate whether an audit finding represents an isolated instance or a systematic problem. Instances identified must be related to the universe and the number of cases examined and be quantified in terms of dollar value. The auditor should report whether the sampling was a statistically valid sample.

As noted in the audit finding, the sample selected included 17 cost centers allocated during the quarter ending June 30, 2019 and for every cost center examined, it was determined all costs were supported and allocated in accordance with the proposed Public Assistance Cost Allocation Plan (PACAP). No deviations were found in the tested sample to support that the DSS did not effectively design, implement, or put controls in place to prevent detection of non-compliance. In the prior year audit the sample selected included 14 cost centers allocated during the quarter ending March 31, 2018 and for every cost center

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

examined, it was determined all costs were supported and allocated properly as well. Thus DSS has demonstrated consistently the system in place produces accurate results.

DSS offered additional cost pools for sampling; however the SAO audit crew conveyed, as those programs were not in the scope of the SWSA, a sample from grants outside of the scope would not be taken and reviewed.

Since results of the tested sample supports the Department's position, the DSS has provided sufficient evidence to demonstrate internal controls and procedures to ensure costs charged to federal programs are accurate, allowable, and properly allocated. Therefore DSS disagrees with the finding as 100% of the sample taken was accurate and compliant with federal requirements. Additionally DSS further disagrees with the finding as it is based on grants not sampled in this audit.

Effective October 1, 2017, the DSS transitioned from utilizing an indirect cost rate methodology allocated manually on a spreadsheet to implementing a PACAP to directly allocate through cost pools which is allocated systematically in a proprietary cost allocation system. Implementation of a thoroughly documented PACAP coupled with the AlloCAP system supports that DSS has strengthened internal controls and procedures. Cost Allocation Services (CAS) requires DSS to document quarterly changes in a specific format, consisting of submission of summary of changes in Section III of the PACAP as well as submitting the PACAP in track change format from the previous version. DSS has been in compliance with this requirement each quarter, which was demonstrated through the documentation provided to the SAO audit crew. Additionally, the DSS has provided documented evidence to support the internal controls and procedures over PACAP and AlloCAP which includes but is not limited to: (1) the Chief Financial Officer and the Assistant Chief Financial Officer sign the internal approval sheet of PACAP changes prior to submission and the Chief Financial Officer signs each formal PACAP submission; (2) the Cost Allocation Manager submits PACAP narrative and a summary of quarterly changes to the Grants Unit to assist the Grants Unit in ensuring that AlloCAP matches the PACAP narrative exactly; (3) the AlloCAP manual outlines procedures for the quarterly cost allocation process; (4) the AlloCAP quarterly preparation is documented on grant approval tracking sheets with signatures from the Grants Unit Manager, Assistant Chief Financial Officer, and Chief Financial Officer each quarter prior to grant claiming; and (5) reports are produced directly from the AlloCAP system showing the allocation methodology matches the PACAP as submitted quarterly. Specifically the Chart of Accounts reports produced from AlloCAP from present quarter compared to prior quarter document the changes were in accordance with the submitted PACAP.

The DSS' internal controls were and continue to be a component of the successful implementation of the PACAP and AlloCAP system in order to ensure

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

accuracy and compliance with federal requirements as supported by the sample results reviewed under this audit.

DSS had a conversation regarding the prior year finding with the prior year audit crew. Although DSS disagreed with the prior finding, DSS was willing to consider further steps to implement if these steps would provide a greater comfort level. The signature page was discussed and implemented in addition to the current adequate process as requested.

Corrective action planned is as follows: Not applicable

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Department of Social Services (DSS)

Audit Finding Number: 2019-003 – CSBG and CSE Program Subrecipient Risk Assessments

Name of the contact person

Responsible for corrective action: John Ginwright and Kimberley Sprenger

Anticipated completion date for corrective action: Documentation of the Child Support Enforcement (CSE) risk assessments will be completed by March 31, 2020. Documentation of the Community Services Block Grant (CSBG) risk assessments will be completed by June 30, 2020.

Recommendation: The DSS through the DFAS and the FSD develop controls and procedures to ensure evaluations of each CSBG and CSE program subrecipient's risk of noncompliance with federal statutes, regulations, and the terms and conditions of the subaward are performed, documented, and used for monitoring decisions as required by federal regulations.

DSS Response: The DSS partially agrees with this finding. The DSS plans and performs monitoring of subrecipients based on federal requirements, risk assessments, and effective, efficient use of resources. The DSS has performed risk based monitoring of the CSE and CSBG subrecipients in accordance with Uniform Guidance and will continue to do so. However, the DSS acknowledges that risk assessments were not consistently documented. The DSS has developed a process to document risk assessments performed and is working to implement this process across the department.

Corrective action planned is as follows: Documentation of the CSE risk assessments will be implemented by March 31, 2020. Documentation of the risk assessments for CSBG will be implemented by June 30, 2020.

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Department of Social Services (DSS)

Audit Finding Number: 2019-004 – CSBG Program Reporting

Name of the contact person

Responsible for corrective action: Kristen Pattrin and Sheena Frazer

Anticipated completion date for corrective action: Not applicable.

Recommendation: The DSS through the DFAS establish controls and procedures to ensure CSBG program federal financial reports are accurately prepared in accordance with federal requirements. In addition, the DSS should review, revise, and resubmit previously submitted inaccurate federal reports.

DSS Response: The DSS disagrees with this finding. In accordance with the DSS' 12/21/2018 response letter to the Administration for Children and Families (ACF) CSBG Missouri State Assessment Draft Monitoring Report, the accounting methodology employed for drawing and disbursing the CSBG award funds to eligible entities was based on the "first-in, first-out" approach. While the DSS contended the accounting records and methodologies were in compliance with the general terms and conditions of the grant and 45 CFR 75.309(a)(b), it acknowledged ACF's request to discontinue the "first-in, first-out" approach. On 6/26/2019 following issuance of the ACF CSBG Missouri State Assessment Final Monitoring Report, the DSS again acknowledged ACF's request to discontinue use of the "first-in, first-out" accounting method and confirmed the work being completed with the Community Action Agencies and other internal actions to affect the change that was implemented on October 1, 2019. As such, the difference between records referenced in the finding is due to the accounting methodology employed for drawing and disbursing CSBG award funds to eligible entities during the referenced time period.

Corrective action planned is as follows: Not applicable. The DSS disagrees with this finding and does not plan to resubmit the previously submitted FFY 18 federal reports.

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Department of Social Services (DSS) – MO HealthNet Division (MHD) and Family Support Division (FSD)

Audit Finding Number: 2019-005 – Medicaid and CHIP MAGI-Based Participant Eligibility

Name of the contact person
responsible for corrective action: Heather Atkins

Anticipated completion date for corrective action: September 1, 2020

Recommendation: The DSS through the MHD and the FSD strengthen internal controls over MAGI-based participant eligibility to ensure eligibility redeterminations are completed as required and that participants' eligibility statuses in the MMIS are accurate. In addition, the DSS should review and correct the eligibility for the ineligible participant identified in this finding.

DSS Response: The DSS agrees with the finding. Missouri Eligibility Determination and Enrollment System (MEDES) functionality to complete annual redeterminations was not complete until 6/2018. Prior to full implementation, MEDES was unable to complete systematic auto renewals and population of required pre-populated review forms. Since full implementation in 2018, FSD has strengthened controls as the system has been updated to automatically initiate the annual eligibility redetermination process. DSS staff will continue to strengthen controls and monitor the process to ensure eligibility redeterminations in MEDES are completed as required and accurate in MMIS. Additionally, the DSS has taken actions to close the eligibility case noted in the recommendation.

The questioned costs identified in this finding are \$2,832, federal share. The total computable amount of \$4,344 will be reduced from the annual expenditures of \$3.1 billion for the MAGI population.

It should also be noted that the SAO reviewed 60 ABD participants and no errors were found.

Corrective action planned is as follows: The DSS is developing a monthly report to identify overdue reviews. DSS will analyze the reports to determine if

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

additional policy or system updates are necessary. To address accuracy in the MMIS system, DSS is implementing a Continuous Case Improvement review on MAGI cases targeting the findings and trends of this audit. The Department will develop training and guidance for staff when needs are identified.

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Department of Social Services (DSS) - MO HealthNet Division
(MHD)

Audit Finding Number: 2019-006 – Medicaid Nursing Facility Audits

Name of the contact person
responsible for corrective action: Rebecca Rucker

Anticipated completion date for corrective action: October 2020

Recommendation: The DSS through the MHD establish and enforce a plan for periodic audits of cost reports or other financial information of nursing facilities and ensure independent audits are obtained in accordance with the State Plan.

DSS Response: DSS partially agrees with the finding.

DSS agrees the State Plan language should be reviewed and updated. However, Attachment 4-19D (or TN00-18) Findings and Assurances that the State Auditor references in the finding is not part of Missouri's State Plan.

The DSS disagrees with the remainder of the findings. The Findings and Assurances that outlined procedures to collect uniform cost reports and the periodic audit of financial and statistical records was an annual assurance and finding required until the Boren Amendment and its corresponding regulations were repealed by the Balanced Budget Act of 1997. The purpose of the Boren Amendment was to require the State Medicaid Agency to consider the costs of efficient and economic providers in setting rates. In considering the costs of the efficient and economic providers, the State Medicaid Agency was required to collect uniform cost reports and audit financial and statistical records of the providers, among other requirements. Once the Boren Amendment was repealed, the costs of efficient and economic providers did not need to be considered in setting rates. The Findings and Assurances that the State Medicaid Agency provided each year were no longer required after 2000, and were no longer considered part of the State Plan.

The finding states that MHD is not fulfilling the requirement of periodic auditing of providers' financial and statistical records; however, MHD provided a list of

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

financial and statistical records that it audits or reviews, which in addition to cost reports, includes provider credit balance reports, Certificate of Need (CoN) reports, and NFRA cycle reports.

The Auditor's report stated that MHD performed 0 cost report audits in 2019. MHD provided supplemental documentation of 5 cost report audits before the finding was complete; however, these audits were not reflected in the finding.

In the Auditor's report it is documented that MHD did not receive independent audits in 2019 for new facilities established in the past two years. MHD received independent audits from two facilities in FY2019. Of the remaining new facilities that entered the nursing facility program in the last two years, the independent audits are not due until 2020/2021.

MHD has contracted with an outside vendor to perform audits of the nursing facility cost reports to assist with changes that resulted from new legislation. The contractor will collect the cost reports from the providers and ensure the cost reports are complete and submitted on a timely basis. In addition, the vendor will ensure the independent audits are received according to the State Plan.

Corrective Action Plan is as follows: DSS will review and update the State Plan language to ensure the current processes are reflected and any known changes to processes within the Nursing Facility program at the time the plan is submitted. The updated State Plan will be submitted no later than October 2020.

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Department of Mental Health

Audit Finding Number: 2019-007 Medicaid Developmental Disabilities
Comprehensive Waiver Per Diem Rates

Name of the contact person
Responsible for corrective action: Bryan Connell

Anticipated completion date for corrective action: Not applicable

The agency does not agree with the audit findings and believes that a corrective action is not required. Explanation and specific reasons are as follows:

Although some rates are at a level established prior to the rate methodology change, as stated last year, all existing rates are now a factor of the rate study and therefore any other forms of documentation are irrelevant. The rate study serves as the documentation for all residential rates paid. The Division of Developmental Disabilities is under a corrective action plan (CAP) with the Centers for Medicare and Medicaid Services (CMS) that requires the division to standardize its Individualized Supported Living rates according to the current approved rate methodology (which is based on the rate study) by July 1 2024. The division anticipates completing the CAP by July 1 2023.

State of Missouri - Single Audit
Corrective Action Plans
Year Ended June 30, 2019

**State of Missouri
Single Audit
Corrective Action Plan
Year Ended June 30, 2019**

State Agency: Missouri Veterans Commission

Audit Finding Number: 2019-008 DPS-MVC SEFA

Name of the contact person

Responsible for corrective action: Terressa Sherlock

Completion date for corrective action: December 9, 2019

Corrective action planned is as follows:

In the Fiscal Year 2019 SEFA report, MVC reported actual expenditures rather than accrual basis expenditures in the initial report dated August 30, 2019. Immediately upon notification from the auditor's office of an error in the expenditure amount listed on the report, MVC updated the report with accurate accrual basis expenditures and returned the amended report to both the Auditor's office and to the Office of Administration. The amended report is dated December 5, 2019.

MVC recognizes the audit finding on CFDA 64.015 Veterans State Nursing Home Care, and has implemented internal controls to mitigate reoccurrence in the future. Beginning in December of 2019, Fiscal and Administrative Manager initiated the changes to internal processes to address this issue.

State of Missouri - Single Audit
Letters to the Department of Social Services Regarding
Audit Delays
Year Ended June 30, 2019

NICOLE GALLOWAY, CPA
Missouri State Auditor

September 10, 2019

Ms. Jennifer Tidball, Acting Director
Missouri Department of Social Services
Broadway State Office Building
221 West High Street, Room 240
Jefferson City, MO 65101

Dear Acting Director Tidball:

I am writing this letter to express concern regarding delays in the annual Comprehensive Annual Financial Report (CAFR) audit and Statewide Single Audit for fiscal year 2019.

The SAO has three audit crews at DSS auditing 22 significant accounts and seven major programs. Due to the number and size of the DSS significant accounts and major programs as well as new federal audit requirements regarding Medicaid eligibility, we ensured we began audit work with ample time to meet audit deadlines. The MO HealthNet Division (MHD) audit crew began audit field work on June 12, 2019, followed by the Children's Division (CD) audit crew on June 17 and the Family Support Division (FSD) audit crew on June 24. As discussed with DSS personnel during entrance conferences, the audit crews are required to finalize CAFR audit field work by November 15, 2019, to ensure timely issuance of the CAFR audit; and single audit field work by December 31, 2019, to ensure that the SAO can finalize and submit the statewide single audit report by the March 31, 2020, deadline.

To meet audit deadlines, beginning in fiscal year 2016, the DSS and SAO agreed upon document and meeting request procedures and timeframes for requests. These deadlines are not being met by the DSS.

Since our audits began two and a half months ago, the SAO has not been provided appropriate access to DSS program personnel and has experienced significant delays in receiving the requested items necessary to perform the audits timely. If this continues, we could be forced to issue a qualified opinion on the CAFR opinion units and/or major programs.

Specifically, the SAO has encountered the following examples of roadblocks in our audit work:

1. Requested documents are not received timely within the agreed-upon timeframes (see below).
2. Requests are not properly or completely fulfilled. We have received incorrect or partial information, requiring additional follow-up that subsequently is not answered by DSS staff.
3. Answers to audit questions are not complete or sufficient to address the questions.
4. Meetings are not held timely and are being rescheduled. While the DSS has agreed to schedule meetings within one week, meetings are often scheduled over two weeks after our request. Meetings were scheduled up to five weeks (CD and MHD) and 3.5 weeks (FSD) after requested.

Appendix A
State of Missouri - Single Audit
Letters to the Department of Social Services Regarding
Audit Delays
Year Ended June 30, 2019

5. DSS personnel have told auditors they are unable to hold meetings with Division of Finance and Administrative Services (DFAS) personnel during the month of October 2019. Not having access to DFAS personnel for one month effectively stops work for significant audit areas during that month.
6. Appropriate DSS personnel are not present at meetings, requiring additional meetings and follow up questions. As an example, for a CD audit meeting, scheduled for three weeks after requested, the appropriate personnel were not present so the meeting had to be re-scheduled. However, the second meeting was not scheduled until five weeks later, a total of almost two months after the meeting was initially scheduled. For another FSD meeting, which took two weeks to schedule, no DSS personnel showed up to the scheduled meeting.
7. A fully functional method of transmitting electronic records to auditors has yet to be established. It took the DSS over 6 weeks to establish one File Transfer Protocol site; however, the site is still not fully functional and the DSS did not upload all requested files to that site. Some records were placed on a shared website for auditors over 2 weeks ago, but access to that site is yet to be provided. In addition, over 350 records were placed on another shared website, but not in an appropriate manner for auditor use.
8. Most CAFR survey responses related to the significant accounts have not been submitted. These were due to the Office of Administration on August 15, 2019.

Section 29.130, RSMo, provides, "The state auditor shall have free access to all offices of this state for the inspection of such books, accounts and papers as concern any of his duties." Section 29.235.1(1), RSMo, provides that the auditor and her authorized agent are authorized to:

Examine all books, accounts, records, reports, vouchers of any state agency or entity subject to audit, insofar as they are necessary to conduct an audit under this chapter, provided that the auditor complies with state and federal financial privacy requirements prior to accessing financial records including provisions presented in chapter 408 and provided that the auditor or other public entity reimburses the reasonable documentation and production costs relating to compliance with examination by the auditor or auditor's authorized agents that pertain to:

- (a) Amounts received under a grant or contract from the federal government or the state or its political subdivisions;
- (b) Amounts received, disbursed, or otherwise handled on behalf of the federal government or the state.

Also, 2 CFR 200.508(d) (Uniform Guidance), mandates that a state entity that expends federal awards which must be audited, such as DSS, must "[p]rovide the auditor with access to personnel, accounts, books, records, supporting documentation, and other information as needed for the auditor to perform the audit required." Additionally, audit standards this office is required to follow under state and federal law require the auditor obtain sufficient, appropriate audit evidence to support audit conclusions and opinions. Such audit evidence includes communications with appropriate auditee personnel.

While SAO staff have adhered to the agreed-upon procedures, DSS staff have not. The table below summarizes the SAO requests to the DSS from June 12 to August 28, 2019:

Appendix A
State of Missouri - Single Audit
Letters to the Department of Social Services Regarding
Audit Delays
Year Ended June 30, 2019

	Number of requests	Requests completed on time	Requests completed late	
CD crew	84	60%	40%	17 requests outstanding, 9 overdue (1-29 days)
FSD crew	31	35%	65%	8 requests outstanding, 3 overdue (38-43 days)
MHD crew	75	79%	21%	42 requests outstanding, 14 overdue (1-29 days)

Clear, immediate, and significant change to the DSS's cooperation is needed. Requests are not being properly fulfilled and our auditors are not receiving the items needed to conduct the audits. Due to the lack of cooperation from DSS staff, the following final deadlines are being implemented for the audits:

	Estimated Field Work Completion Date	Outstanding Audit Requests- Final Deadline
CD crew - CAFR Audit	11/15/2019	10/15/2019
CD crew - Single Audit	12/31/2019	11/30/2019
FSD crew - Single Audit	10/31/2019	9/30/2019
MHD crew - CAFR Audit	11/15/2019	10/15/2019
MHD crew - Single Audit	12/31/2019	11/30/2019

The DSS should fulfill all outstanding audit requests no later than the final deadlines listed above. Audit field work will continue after the final deadlines and the SAO will continue reviewing the items received as of those dates. The SAO will also submit follow up requests and exception listings, if necessary, pertaining to those items. The DSS must make all extension requests no later than one month prior to the final deadline.

The DSS's adherence to the previously-agreed upon deadlines and the final deadlines is critical to the timely completion of these audits. The SAO will provide monthly letters showing the status of the DSS's compliance with the previously-agreed upon deadlines.

We need the DSS's full commitment and cooperation in this matter. If the DSS is unable to meet these deadlines, please let me know so that the SAO can consider how to proceed with this audit. Feel free to reach out to me if there are any further questions.

Sincerely,

Michael A. Moorefield
Chief of Staff

Tammie Brown, Department of Health and Human Services, Office of Inspector General

Appendix A
State of Missouri - Single Audit
Letters to the Department of Social Services Regarding
Audit Delays
Year Ended June 30, 2019

NICOLE GALLOWAY, CPA
Missouri State Auditor

October 4, 2019

Ms. Jennifer Tidball, Acting Director
Missouri Department of Social Services
Broadway State Office Building
221 West High Street, Room 240
Jefferson City, MO 65101

Dear Acting Director Tidball:

This letter is an update to my September 10, 2019 letter regarding delays in the annual Comprehensive Annual Financial Report (CAFR) audit and Statewide Single Audit for fiscal year 2019, as well as a response to your letter of October 3, 2019 replying to my letter. The September 10 letter expressed concerns that the SAO had not been provided appropriate access to DSS program personnel and had experienced significant delays in receiving the requested items necessary to perform the audits timely. The letter outlined the requests to date, including those in which the DSS did not meet previously-agreed upon deadlines. In an effort to meet audit deadlines, the letter also communicated final deadlines for audit requests.

As a reminder, the following final deadlines were implemented for the audits:

	Estimated Field Work Completion Date	Outstanding Audit Requests- Final Deadline
CD crew - CAFR Audit	11/15/2019	10/15/2019
CD crew - Single Audit	12/31/2019	11/30/2019
FSD crew - Single Audit	12/13/2019*	11/15/2019*
MHD crew - CAFR Audit	11/15/2019	10/15/2019
MHD crew - Single Audit	12/31/2019	11/30/2019

*Please note that the FSD audit crew estimated fieldwork completion date has been extended to December 13, 2019, due to the addition of the Child Support Enforcement program as a major program. Therefore, the final deadline for the FSD crew-Single Audit has been extended to November 15, 2019.

The DSS should fulfill all outstanding audit requests no later than the final deadlines listed above. The DSS must make all extension requests no later than one month prior to the final deadline.

In this letter, I am providing an update regarding the DSS's fulfillment of our audit requests. While all Family Support Division (FSD) crew and MO HealthNet Division (MHD) crew outstanding requests as of August 28, 2019, and identified in the September 10 letter, have now been fulfilled, three Children's Division (CD) crew requests remained outstanding as shown in the table below. Additionally, subsequent requests were completed late or are overdue, and timely access to appropriate DSS staff has not always been provided.

Appendix A
State of Missouri - Single Audit
Letters to the Department of Social Services Regarding
Audit Delays
Year Ended June 30, 2019

The table below lists the overdue CD crew requests identified in the September 10, 2019 letter still overdue as of September 30, 2019:

Request number	Item(s) requested	Request date	Due date	Number of days overdue
19-SAO-CD-DFAS-014B	Internal Control/Risk Questions	07/30/19	08/06/19	55
19-SAO-CD-DFAS-042	Fraud Risk Questions	07/23/19	07/30/19	62
19-SAO-CD-DFAS-047	Single Audit Planning Inquiry Questions	07/30/19	08/06/19	55

The table below summarizes the SAO requests to the DSS from June 12 to September 30, 2019:

	Number of requests	Requests completed on time	Requests completed late	
CD crew	135	71 (59%)	49 (41%)	15 requests outstanding, 6 overdue (4-62 days)
FSD crew	42	17 (44%)	22 (56%)	3 requests outstanding, 0 overdue
MHD crew	147	79 (55%)	65 (45%)	3 requests outstanding, 0 overdue

Many of the above requests were late or overdue because (1) the requests were initially not properly or completely fulfilled and additional follow up was needed; (2) DSS personnel did not ask for clarification of request terms until the request deadline; (3) auditors were denied access to DSS program personnel to discuss and develop the request; (4) DSS personnel questioned the reason for the request; and/or (5) DSS personnel initially denied a meeting request because a similar meeting was held during the previous audit. Incomplete and challenged requests, as well as the lack of access to appropriate DSS personnel, have led to additional inefficiencies for both the SAO and the DSS.

In addition, the DSS has not submitted to the Office of Administration (OA), the Accounts Receivable - MHD survey for presentation in the CAFR. The survey was due August 15, 2019. The MHD crew is unable to begin audit procedures and make requests related to this material account until the survey is prepared. Prompt submission of this survey and strict adherence to the agreed-upon deadlines will be necessary for us to give an opinion on these accounts receivables.

Also, I would like to address some of the items you mention in your October 3, 2019 letter. First, per your request, we believe weekly meetings will be helpful to discuss our requests and resolve issues. Our managers and in-charges are available for such meetings Monday through Thursday. We would suggest that we schedule a meeting each Monday, at 10 a.m. Please schedule such meetings, beginning October 14 and through December 23, 2019. For any meetings that fall on state holidays, please schedule the following Tuesday (e.g., the first meeting should be October 15, 2019, at 10 a.m.).

Second, regarding Single Audit requests, you state the DSS will strive to respond to all current outstanding requests by the final deadlines and the DSS cannot assure response by the final deadlines for requests submitted since the date of your letter (October 3, 2019). Please note that if the DSS waits until the final deadlines to fulfill current outstanding requests, you will miss the previously-agreed upon deadlines and the requests will be considered late. The Single Audit final deadlines are November 15,

Appendix A
State of Missouri - Single Audit
Letters to the Department of Social Services Regarding
Audit Delays
Year Ended June 30, 2019

2019, for the FSD crew and November 30, 2019, for the CD and MHD crews, so the previously-agreed upon deadlines for any subsequent requests would also be prior to the final deadlines. Also remember that all extension requests should be made no later than one month prior to the final deadline. As communicated in my September letter, any requests not received by the final deadlines will be evaluated for impact on our audit opinions.

Third, you state the DSS will be directing any questions or requests for CAFR information from the SAO to the OA. While we will request and obtain the DSS's CAFR survey responses from the OA, as in prior audits, we will continue to request support for the CAFR surveys from the DSS. This support is maintained by the DSS and not the OA.

Finally, as you know, these audits are mandated by the federal government for recipients of federal funds. In your letter, you state that the DSS staff complete audit responses "in addition to full time jobs." It is disconcerting that the DSS considers mandated federal audits for programs receiving federal funds outside of the full-time duties of its staff.

The DSS's adherence to the previously-agreed upon deadlines and the final deadlines is critical to the timely completion of these audits. We need the DSS's full commitment and cooperation in this matter. If the DSS is unable to meet these deadlines, please let me know so that the SAO can consider how to proceed with this audit. Feel free to reach out to me if there are any further questions.

Sincerely,

Michael A. Moorefield
Chief of Staff

November 6, 2019

Ms. Jennifer Tidball, Acting Director
Missouri Department of Social Services
Broadway State Office Building
221 West High Street, Room 240
Jefferson City, MO 65101

Dear Acting Director Tidball:

This letter is an update to my September 10, 2019 and October 4, 2019 letters regarding delays in the annual Comprehensive Annual Financial Report (CAFR) audit and Statewide Single Audit for fiscal year 2019, as well as a response to your letter of October 18, 2019 replying to my October 4 letter. The previous letters outlined our concerns and communicated final deadlines for audit requests.

As discussed in our recent meetings, the DSS's cooperation on the audits has improved since my previous letters. I appreciate the department's efforts to fulfill our requests more timely. All outstanding requests identified in the previous letters have now been fulfilled. During the week of October 14, 2019, we met with DSS staff to reconcile all outstanding/overdue requests. The reconciled listing shows as of September 30, 2019, there were 19 outstanding requests and 5 overdue requests (7-62 days). To address your October 18, 2019 letter, I have attached a reconciled listing of outstanding/overdue requests as of September 30, 2019.

I have also attached a listing of outstanding requests as of October 31, 2019. There were 18 outstanding requests and no overdue items as of October 31, 2019.

The table below summarizes the SAO requests to the DSS from June 12 to October 31, 2019:

	Number of requests	Requests completed on time	Requests completed late	
CD crew	184	113 (66%)	58 (34%)	13 requests outstanding, 0 overdue
FSD crew	62*	30 (55%)	25 (45%)	4 requests outstanding, 0 overdue
MHD crew	190	120 (64%)	69 (36%)	1 request outstanding, 0 overdue

* 3 requests were cancelled

Many of the above requests were late because of the reasons outlined in the previous letters.

State of Missouri - Single Audit
Letters to the Department of Social Services Regarding
Audit Delays
Year Ended June 30, 2019

NICOLE GALLOWAY, CPA
Missouri State Auditor

December 4, 2019

Ms. Jennifer Tidball, Acting Director
Missouri Department of Social Services
Broadway State Office Building
221 West High Street, Room 240
Jefferson City, MO 65101

Dear Acting Director Tidball:

This letter is an update to my previous letters¹ regarding delays in the annual Comprehensive Annual Financial Report (CAFR) audit and Statewide Single Audit for fiscal year 2019. The previous letters outlined our concerns and communicated final deadlines for audit requests.

The DSS's cooperation on the audits has overall improved since my previous letters. However, since my November 6, 2019 letter and as discussed in our recent meetings, we received some resistance on requests related to two Children's Division crew audit areas². Rather than initially providing the information requested, DSS personnel (1) questioned our objectives and scope, (2) claimed the information was not available or would be difficult to provide, and (3) provided incomplete information. Similar to the problems outlined in the previous letters, the DSS's failure to provide records upon request has hindered and delayed audit work on these two areas. Department officials should be reminded that full cooperation on all audit requests is needed.

I appreciate the department's overall efforts to fulfill our requests more timely. All outstanding requests identified in the previous letters have been fulfilled. I have attached a listing of outstanding requests as of November 30, 2019. There were 4 outstanding requests and no overdue items as of November 30, 2019.

The table below summarizes the SAO requests to the DSS from June 12 to November 30, 2019:

	Number of requests	Requests completed on time	Requests completed late	
CD crew	216	156 (73%)	58 (27%)	2 requests outstanding, 0 overdue
FSD crew	74*	43 (61%)	28 (39%)	0 requests outstanding, 0 overdue
MHD crew	203	132 (66%)	69 (34%)	2 requests outstanding, 0 overdue

* 3 requests were cancelled

Dear Acting Director Tidball:

This letter is an update to my previous letters¹ regarding delays in the annual Comprehensive Annual Financial Report (CAFR) audit and Statewide Single Audit for fiscal year 2019. The previous letters outlined our concerns and communicated final deadlines for audit requests.

The DSS's cooperation on the audits improved since my previous letter of December 4, 2019. I appreciate the department's efforts to fulfill our requests more timely. All outstanding requests identified in the previous letters have been fulfilled. I have attached a listing of outstanding requests as of December 31, 2019. There were 9 outstanding requests and 1 overdue item as of December 31, 2019.

The table below summarizes the SAO requests to the DSS from June 12 to December 31, 2019:

	Number of requests	Requests completed on time	Requests completed late	
CD crew	257	192 (77%)	58 (23%)	7 requests outstanding, 0 overdue
FSD crew	81*	48 (62%)	29 (38%)	1 request outstanding, 1 overdue
MHD crew	221	148 (67%)	72 (33%)	1 request outstanding, 0 overdue

* 3 requests were cancelled

Many of the above requests were late because of the reasons outlined in the previous letters.

Dear Acting Director Tidball:

This letter is an update to my previous letters¹ regarding delays in the annual Comprehensive Annual Financial Report (CAFR) audit and Statewide Single Audit for fiscal year 2019. The previous letters outlined our concerns and communicated final deadlines for audit requests. As discussed in those letters, the DSS delays in providing items requested were significant; and as a result, we encountered significant inefficiencies and difficulties in performing both audits.

The DSS's cooperation on the audits improved since my previous letters. I appreciate the department's efforts to fulfill our requests more timely. All outstanding requests identified in the previous letters have been fulfilled. I have attached a listing of outstanding requests as of January 31, 2020. There were 3 outstanding requests and no overdue items as of January 31, 2020. The table below summarizes the SAO requests to the DSS from June 12 to January 31, 2020:

	Number of requests	Requests completed on time	Requests completed late	
CD crew	280	221 (79%)	58 (21%)	1 request outstanding, 0 overdue
FSD crew	83*	50 (63%)	30 (37%)	0 requests outstanding, 0 overdue
MHD crew	227	153 (68%)	72 (32%)	2 requests outstanding, 0 overdue

* 3 requests were cancelled

Many of the above requests were late because of the reasons outlined in the previous letters.

Michael A. Moorefield, Chief of Staff
Missouri State Auditor
Missouri State Capitol
201 West Capitol Avenue
Jefferson City, MO 65101

Dear Mr. Moorefield:

Thank you for your September 10, 2019 letter bringing to my attention your concerns. My apologies for not responding sooner. In my more than my two decades with the department of social services (DSS) in mostly a financial role, I have never received a letter such as this from the SAO. I have spent time with our team trying to understand what has set this year apart from other years and resulted in your letter of concern.

I am disappointed leadership from our respective teams has not been able to resolve concerns with DSS's response to the Missouri State Auditor's team. DSS had a changed in the Chief Financial Officer (CFO) in July. I am aware that on more than one occasion new DSS CFO, Patrick Luebbering shared his contact information with the State Auditor's team and offered to be of any assistance. Mr. Luebbering is not new to our Department and has worked with leadership on the Missouri State Auditor's DSS team in the past. To ensure effective communication and resolution of any concerns, DSS is requesting a weekly meeting with the Missouri State Auditor's managers and in-charge auditors during the FY 2019 Statewide Single Audit fieldwork and thereafter if the weekly meeting continues to add value. DSS will commit to the availability of DSS audit team leadership at this meeting. DSS will suggest Friday afternoons as a good weekly meeting time to close out any concerns from the previous week and plan for the upcoming week. Alicia Kolb from our DSS team will reach out to schedule that meeting.

Effective communication is paramount to success and commitment by each of our teams. A face to face weekly meeting will help facilitate the work. However, I do want to take the time to address each of the eight points you make in your September 10, 2019, correspondence.

1. **DSS should plan to respond timely by agreed-upon on deadlines.** If for some reason DSS cannot respond by that deadline, DSS will notify the State Auditor's team with an explanation and new, target date to respond to the request. There are times when DSS will need more time to respond to inquiries.

Page 2

For example, DSS has not responded to a list of fraud related questions by the State Auditor team's requested timeframes. These questions are extremely broad and redundant, meaning the same question appears to be asked multiple ways in the same document. DSS wants to ensure a response to these types of questions is legally sufficient.

To ensure any overdue requests were addressed, the DSS team immediately (afternoon September 10, 2019) reached out to the in-charge auditors for detailed information to reconcile our department's outstanding list with the status of requests table on the top of page 3 of your letter. DSS never received a detailed list from the MHD in-charge auditor, but did receive a detailed list from the other two crews. After a second attempt to obtain the detailed list from the MHD in-charge, she advised that "all the requests listed in the letter have been resolved." Cooperation in providing the detail behind the summary of SAO requests in your letter would have been helpful; however, clearly teams are busy and other items may take priority.

I appreciate you providing deadlines for responses. DSS will strive to respond to all current outstanding Single Audit requests by the *Outstanding Audit Requests – Final Deadline* column in the second table on page 3 of your letter. DSS cannot assure response by the final deadlines to Single Audit requests submitted since the date of this letter. DSS will submit CAFR Audit responses through the Office of Administration. The DSS team will be directing any questions or requests for information on the CAFR to the Office of Administration.

2. **DSS responses to requests will be complete to the best of DSS's knowledge and ability.** DSS audit team leadership wants to ensure the State Auditor's team is receiving complete and accurate information. The weekly Friday meeting between leadership should provide an opportunity to elevate any concerns with DSS responses. Due to the size and complexity of the programs there will be times when DSS has to follow up on initial responses. The DSS team shared that sometimes the question DSS thought was being asked was not the question the auditor wants answered. There will need to be back and forth dialogue in these instances.

Additionally, the DSS team shared that if there are multiple questions in one request, DSS will answer as many as they can and send a partial response to help keep the auditor's work moving. If the State Auditor's team prefers for DSS to hold any responses until all responses are complete, that change can be made.

DSS staff time to complete responses is in addition to full time jobs, and the SAO recently added another performance audit to the current DSS work. While we want to be responsive, we do question the role of the audited agency in responding to a recent request for all backup documents supporting the SEFA (request from CD-DFAS crew dated 09/17/19). This is thousands of payment documents, HR records, etc. The SAO should be able to find these documents using SAM II, and DSS is happy to supplement with data from other payment systems. The DSS was responsive to the SAO and did provide the SAO with various grant sheets and federal grant reports in response to this request, and the SAO staff did indicate in a recent meeting that the request was vague. The SAO has recently provided clarity regarding what documents they are still needing to support the SEFA.

Year Ended June 30, 2019

Michael A. Moorefield
October 3, 2019
Page 3

3. **This concern is addressed in #2 above.**
4. **DSS will schedule and hold meetings within two weeks of a request.** The DSS team understood the agreement to be that the meeting was scheduled in a week's timeframe, and not necessarily held. The weekly Friday leadership meeting may help resolve issues so that few meetings need to be scheduled; however, DSS will not assume the Friday meeting takes the place of any other requested meeting by the State Auditor's team.
5. **Most Division of Finance and Administrative Services (DFAS) staff are available for meetings during the month of October.** During an August 13 meeting, the DFAS Grants team requested that questions or requests to the Grants team be sent prior to October or after October since October is the month DSS must file all quarterly and annual federal reports. During this time the small Grants team is dedicated 100% to timely and accurate filing of federal reports. These are the same reports that will be audited in the FY 2020 Single State Audit. Other DFAS team members are available to meet in October and if time allows, Grants team members may attend. Perhaps there was a miscommunication or misunderstanding on the availability of DFAS to support the State Auditor's team during October.
6. **DSS will ensure appropriate representation at meetings.** DSS leadership and DSS audit team leadership are fully aware of the expectation to have the appropriate representation in meetings concerning the Single State Audit. To plan accordingly, it is helpful to understand the scope and topics to be discussed in the meeting.
7. **DSS understands a fully functional method of transmitting electronic records is now in place.** DSS acknowledges establishing the File Transfer Protocol site did take longer than expected. In reviewing that process, I suggested to DSS audit team leadership that in the future direct communication between the SAO and ITSD, the DSS IT support may be helpful in expediting the resolution of any related issues. DSS in the middle of this process is not value added. I do want to make sure you are aware that the issue with the 350 records was brought to the attention of DSS audit team leadership the morning of September 9 (the day before the date of your letter of concern) and DSS immediately reached out to ITSD and the DSS agency owning the data to resolve the issue.
8. **DSS continues to work closely with the Office of Administration on CAFR survey responses.** Thank you for pointing out the DSS internal deadline to the Office of Administration. As expressed earlier in this letter, DSS will submit CAFR Audit responses through the Office of Administration. The DSS team will be directing any questions or requests for CAFR information from the SAO to the Office of Administration.

During my 20 plus years with the Department, DSS has always been able to work cooperatively with the SAO. It is my expectation and belief that our DSS team today continues that tradition. As I have said several times in this response, communication is key to resolution of current issues and the ability to continue to work effectively together. I look forward to our leadership teams supporting the Single State Audit, establishing a consistent

Dear Mr. Moorefield:

This correspondence is in response to your October 4, 2019 letter which included a detailed list of outstanding/overdue SAO requests, as of September 30, 2019. Your letter stresses the importance of DSS's adherence to previously-agreed upon deadlines and emphasizes how critical the final deadlines are to the completion of the Comprehensive Annual Financial Report (CAFR) audit and Statewide Single Audit for fiscal year 2019. It is important that SAO request due dates are listed accurately. Below please find a reconciliation of the supplemental listing shared in your October 4, 2019 letter with the DSS's dates. The changes in due dates are supported by supplemental emails (provided as attachments) from SAO team members. DSS confirmed through correspondence with SAO team members that three of the six requests shown in your letter as overdue were not overdue. In addition to the overdue items, DSS confirmed that certain other SAO request due dates in the October 4, 2019 letter of outstanding requests, were inaccurate.

Request Number	SAO Due Date Referenced in SAO 10/4/19 Letter	DSS Due Date	Date Completed	DSS Comments
19-SAO-CD_DFAS-014B	8/6/2019	8/6/2019	10/2/2019	
19-SAO-CD_DFAS-021B	10/2/2019	10/2/2019	10/2/2019	
19-SAO-CD_DFAS-026A	10/1/2019	10/1/2019	10/1/2019	
19-SAO-FSD-037	10/15/2019	10/16/2019	10/2/2019	The SAO cancelled this request on 10/2/19
19-SAO-CD_DFAS-038D	9/26/2019	9/26/2019	9/25/2019	Confirmed not overdue - DSS submitted the response prior to the due date and prior to the 10/4/19 SAO letter; the SAO confirmed this was an error in a follow-up email after the receipt of the 10/4/19 SAO letter (<i>Attachment 1</i>).

I'm copying Charity in case I am wrong on this answer but based on the available documentation I have, I agree this request appears to have been completed prior to the due date. We will try to determine internally so that this does not happen again as I believe they plan to continue with the monthly letters and since we are starting the weekly meetings.

I apologize for the error.

See the email below and attachments. I noticed in the letter received by Acting Director Tidball this item was showing with a due date of 9/26/19 and still not received as of 9/30/19 (4 days overdue). Please see the response was sent on 9/25/19 at 7:44AM. Can you please let me know why this is showing overdue or let me know if it is shown in error.

Thanks!

Kristen

We have determined that the use of LOC was in the wrong context last audit. LOC is basically the V160P and the V974B. Therefore, you have already provided the award letters for the LOC I need. Yeah, one less thing you have to do on this request!!

Audit Title:	SWSA FY 19 – July 1, 2018 through June 30, 2019		
Audit Crew:	DSS-CD	DSS Program:	CD-DFAS
Date of Request:	9/25/2019	Auditor Name:	Ryan Patterson
Request Number:	19-SAO-CD-DFAS-71a	Type of Request**:	Question/Document
Request			
<p>In our FY18 audit, we received the document attached to this request along with the state plan. Was there a similar document for the state plan submission we received from request 71? If so we would like to request that document</p> <p>Please advise if it seems we are misunderstanding some aspect of the state plan</p> <p>The IV-E state plan you currently have been provided is the Missouri approved IV-E state plan and has not changed since the date indicated on the provided correspondence. In our preliminary discussions about this audit we advised that there are portions of the state plan which will have to be provided and approved by our Region VII partners. To date those sections have not been finalized and therefore not approved as part of the Missouri IV-E state plan. We will provide as changes are approved.</p> <p>Thank you</p>			
I attest that if this document request includes a request for protected health information (PHI) that I have an appropriate business-related reason for requesting the information and have requested the minimum necessary to accomplish the purpose for which use or disclosure is sought.

Subject: RE: 19-SAO-CD-DFAS-088

Based on the information I have available I agree with you. I apologize for the error; appears something may have went wrong in our tracker file where the sent date and due date got mixed up. If we have additional info to add then Charity will respond.

Subject: 19-SAO-CD-DFAS-088

Travis,

The attached request was received on 9/30/19 and had a due date of 10/7/19, however we responded on 10/3/19. I noticed it is listed on the letter received by Acting Director Tidball with a due date of 9/30/19. Please confirm the actual due date was 10/7/19.

Thanks

Kristen

C	Law Enforcement Agencies Not Filing a 2019 ACA Form - Equitable Sharing Agreement and Certification	15

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

Section 513.653.1, RSMo, requires law enforcement agencies involved in using the federal forfeiture system under federal law to file a copy of the federal form entitled "ACA Form - Equitable Sharing Agreement and Certification" regarding federal seizures and the proceeds therefrom to the State Auditor's Office. Although Section 513.653.1, RSMo, only requires my office to receive these reports, we compiled the information the law enforcement agencies filed with us. We have not audited the forms submitted and, accordingly, do not express an opinion or any other form of assurance on them, including whether or not an agency is in compliance with the statute. The primary objectives of this compilation were to:

1. Identify the reporting status of law enforcement agencies.
2. Summarize the information reported.

Conclusions regarding compliance cannot be made for law enforcement agencies that did not submit a form.

Nicole R. Galloway, CPA
State Auditor

The following auditors participated in the preparation of this report:

Director of Audits: Kelly Davis, M.Acct., CPA, CFE
Senior Analyst: Jill Wilson, MBA

Compilation of 2019 Federal Forfeiture Reports

Executive Summary

Executive Summary

Section 513.653, RSMo, requires law enforcement agencies involved in using the federal forfeiture system under federal law to annually file a copy of the federal form entitled "ACA Form - Equitable Sharing Agreement and Certification" regarding federal seizures and the proceeds received therefrom with the State Auditor's Office (SAO) by February 15th for the previous calendar year. The law provides that any law enforcement agency that intentionally or knowingly fails to comply with the reporting requirement shall be ineligible to receive state or federal funds that would otherwise be paid to such agency for law enforcement, safety, or criminal justice purposes.

The U.S. Departments of Justice and Treasury publication, *Guide to Equitable Sharing for State, Local, and Tribal Law Enforcement Agencies*, states "the Department of Justice and Department of Treasury Asset Forfeiture Programs are, first and foremost, law enforcement programs. They remove the tools of crime from criminal organizations, deprive wrongdoers of the proceeds of their crimes, recover property that may be used to compensate victims, and deter crime." Any state or local law enforcement agency that directly participates in an investigation or prosecution resulting in a federal forfeiture may request an equitable share of the net proceeds of the forfeiture. Equitably shared funds must be used for law enforcement purposes, except as noted in the publication, and must increase or supplement the resources of the receiving law enforcement agency. In addition to reporting requirements under state law, there are also various program mandated accounting, reporting, and audit requirements.

To determine the law enforcement agencies to notify of the required filing with the SAO, we requested information from the Missouri Department of Public Safety (DPS). The DPS compiled a list of law enforcement agencies using information from the Peace Officer Standards and Training (POST) program and the Justice Assistance Grants (JAG) distribution lists. The SAO notified the listed agencies of the requirement to submit a copy of the required form if the agencies participated in the federal forfeiture system. According to DPS personnel, the list does not represent a complete list of all agencies, but includes all agencies with commissioned officers or drug task forces receiving funding from the DPS.

There were 675 agencies on the DPS list provided to our office. An additional 3 agencies, not included on the list provided by the DPS, filed reports with the SAO. Officials from 10 political subdivisions associated with agencies on the DPS list indicated those agencies were not in operation during 2019. Those agencies are identified on Appendix C. This report indicates agencies that filed copies of the form by February 29, 2020.

Compilation of 2019 Federal Forfeiture Reports Executive Summary

The following table summarizes these reports.

Reporting Status	Number	Percentage
Number of agencies reporting (Appendix A and B)	154	22.71
Number of agencies not reporting (Appendix C)	524	77.29
Total Possible Reports	678	100.00

A total of 154 agencies filed a copy of the federal form with the SAO. These agencies are identified on Appendixes A and B.

Of the 675 agencies included in the list provided by DPS, 524 did not provide a copy of the form. Agencies were not required to provide a copy of the form if they did not participate in the federal forfeiture system. These agencies are identified on Appendix C.

Conclusions regarding compliance cannot be made for non-reporting agencies. This compilation work is not an audit and, as such, no verification was performed as to whether these agencies did or did not participate in the federal forfeiture system.

Note: This appendix shows the categories on the Annual Certification Report section of the ACA Form - Equitable Sharing Agreement and Certification and what each agency reported.

- A The agency submitted a copy the form after the February 15, 2020, deadline.
- B The agency's form reported no activity in the Treasury Funds section of the annual certification.
- C The agency did not file a form in 2018, but has a beginning balance in 2019.
- D The agency filed a 2018 form after February 28, 2019.
- E The ending balance from 2018 does not agree with the beginning 2019 balance.
- F The agency was not included on the list provided by the DPS, but submitted a report.
- G The agency filed a revised 2018 form.

A Officials from the political subdivision reported this law enforcement agency did not operate in 2019.

B The law enforcement agency reported an ending balance for 2018, but did not file a report for 2019.

* The law requires filing if an agency participates in the federal forfeiture system. If these agencies did not participate, the lack of filing a report does not constitute noncompliance.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 21 political subdivisions required to file a financial report by February 29, 2020, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in February 2020, after their filing deadline. The filing status for these 12 entities is presented in summary on page 3 and by individual entity in Appendix B-C.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Political Subdivision Filings

February 2020

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 21 political subdivisions, other than cities, towns, and villages, with a fiscal year end of August 31, 2019. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 21 political subdivisions, 14 filed an annual financial report timely.

This report also includes the filing status for 12 political subdivisions, other than cities, towns, and villages, that filed their financial report in February 2020, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by February 29, 2020, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for 6 cities, 1 town, and 4 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in February 2020, after their filing deadline. The filing status for these 105 cities, 1 town, and 15 villages is presented in summary on pages 4 and by individual entity in Appendixes B to H.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Municipal Court and Revenue Filings

February 2020

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 6 cities, 1 town, and 4 villages with a fiscal year end of August 31, 2019, whose financial report was due by February 29, 2020. Of the 11 municipalities required to file an annual financial report, 8 filed the report timely. Of the 9 municipalities required to file an addendum, 5 filed an addendum timely. Of the 4 municipalities required to file a certification, 2 filed a certification timely.

Monthly Report on Municipal Court and Revenue Filings
February 2020
Executive Summary

This report includes the filing status for 105 cities, 1 town, and 15 villages that filed at least one of the items (financial report, addendum, or certification) in February 2020, after their filing deadline. Of these municipalities, 23 filed an annual financial report, 93 filed an addendum, and 33 filed a certification.

CITIZENS SUMMARY

Findings in the Comprehensive Annual Financial Report Report on Internal Control, Compliance, and Other Matters

Department of Social Services Financial Reporting Controls	The Department of Social Services - Division of Finance and Administrative Services does not have adequate controls and procedures over financial reporting of federal grant accounts receivables. As a result, the accounts receivable data submitted to the Office of Administration - Division of Accounting for inclusion in the <i>Missouri Comprehensive Annual Financial Report</i> for the year ended June 30, 2019, was misstated.
Department of Natural Resources Capital Asset Controls	The Department of Natural Resources has not recently performed and documented complete annual physical inventories of state park capital assets.

Because of the nature of this audit, no rating is provided.

Introduction

Summary of Financial Statement Audit Results

We issued our audit report (Report No. 2020-001¹) of the state's Comprehensive Annual Financial Report (CAFR), as of and for the year ended June 30, 2019, on January 9, 2020. The state's financial statements covered approximately \$44 billion in total assets and approximately \$28 billion in total expenses for state fiscal year 2019. Our report expressed qualified opinions on the governmental activities and the General Fund because we were not allowed access to tax returns and related source documents for income taxes. Our report expressed unmodified opinions on all remaining opinion units.

In connection with the audit, we tested internal controls and compliance with laws and regulations. The results of our tests are contained herein in our Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. We reported two findings related to internal control deficiencies. These findings were at the Department of Social Services and the Department of Natural Resources. We consider these findings to be a material weakness and a significant deficiency. The state agencies' responses to the findings are included in this report. The agencies prepared a Corrective Action Plan (CAP) for each finding. The CAPs were submitted to the Office of Administration (OA) and will be included in the Corrective Action Plans section of the State of Missouri - Single Audit Report, to be issued in March 2020.

The state agencies prepared and submitted to the OA the status of the prior audit findings. They will be presented in the Summary Schedule of Prior Audit Findings section of the State of Missouri - Single Audit Report.

¹ The CAFR is available online at: <<https://oa.mo.gov/accounting/reports/annual-reports/comprehensive-annual-financial-reports>>.

NICOLE GALLOWAY, CPA

Missouri State Auditor

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Michael L. Parson, Governor
and
Members of the General Assembly

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the state of Missouri, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the state's basic financial statements, and have issued our report thereon dated January 9, 2020. Our report expressed qualified opinions on the governmental activities and the General Fund, a major fund, because we were not allowed access to tax returns and related source documents for income taxes. Approximately 29 percent of governmental activity revenues and 34 percent of General Fund revenues are from this source. We were unable to satisfy ourselves by appropriate audit procedures as to the income tax revenue beyond the amounts recorded. Our report expressed unmodified opinions on all remaining opinion units.

Our report on the state of Missouri's financial statements includes a reference to other auditors who audited the financial statements of:

1. The Missouri Road Fund, a major fund; the Missouri Road Bond Fund; the Transportation Self-Insurance Plan; the Missouri State Employees' Insurance Plan; the Missouri Consolidated Health Care Plan; and the Missouri Department of Transportation and Missouri State Highway Patrol Medical and Life Insurance Plan, which represent 76 percent of the assets and 11 percent of the revenues of the governmental activities.
2. The State Lottery and the Petroleum Storage Tank Insurance Fund, which are both major funds and represent 11 percent of the assets and 74 percent of the revenues of the business-type activities.
3. The aggregate discretely presented component units.
4. The pension (and other employee benefit) trust funds and the Missouri Department of Transportation agency funds, which represent 93 percent of the assets and 97 percent of the additions of the fiduciary funds.

This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

The financial statements of the Missouri State Employees' Insurance Plan and the Missouri Consolidated Health Care Plan, internal service funds; the Missouri Development Finance Board, the Missouri Agricultural and Small Business Development Authority, and the State Environmental Improvement Energy Resources Authority, discretely presented component units; and the pension (and other employee benefit) trust funds were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the state of Missouri's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the state's internal control. Accordingly, we do not express an opinion on the effectiveness of the state's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings, we identified certain deficiencies in internal control that we consider to be a material weakness and a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the state's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings as finding number FS2019-001 to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings as finding number FS2019-002 to be a significant deficiency.

Compliance and Other Matters

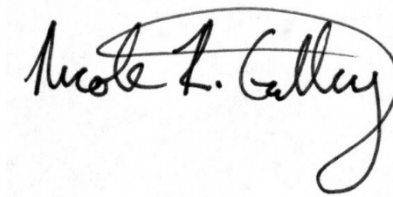

As part of obtaining reasonable assurance about whether the state of Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

State's Responses to the Findings

The state of Missouri's responses to the findings identified in our audit are described in the accompanying Schedule of Findings. The state's responses were not subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, pursuant to Section 29.200, RSMo, this report is a matter of public record and its distribution is not limited.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

State of Missouri - Comprehensive Annual Financial Report

Report on Internal Control, Compliance, and Other Matters

Schedule of Findings

FS2019-001.

Department of Social Services Financial Reporting Controls

The Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS) does not have adequate controls and procedures over financial reporting of federal grant accounts receivables. As a result, the accounts receivable data submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the *Missouri Comprehensive Annual Financial Report* (CAFR) for the year ended June 30, 2019, was misstated. If the misstatement had not been identified during the audit, deferred inflows of resources would have been overstated by approximately \$248 million and revenues would have been understated by approximately \$248 million in the CAFR financial statements.

To compile and submit accounts receivable data to the DOA, DFAS personnel analyze drawdown activities from federal cash drawdown reports. Of the net accounts receivables at June 30, the DFAS is to identify collections expected in July and August and collections expected after August. The DOA reports collections expected in July and August as revenues and collections expected after August as deferred inflows of resources. The Governmental Accounting Standards Board (GASB) *Codification*, Section 1600.106, states revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available to finance expenditures of the fiscal period. The *Governmental Accounting, Auditing, and Financial Reporting*, Chapter 9, further states resources should be recognized as revenues when they are available, even if they were not actually collected during the availability period.

The DFAS has not established procedures to classify June 30 accounts receivable amounts as expected (available) in July and August (reported as revenues in the CAFR) versus after August (reported as deferred inflows in the CAFR). In September 2019, for the year ended June 30, 2019, the DFAS reported \$247.6 million in net accounts receivables, including \$0 collections expected in July and August and \$247.6 million collections expected after August. DFAS personnel could not provide documentation or an adequate explanation supporting the classification of these amounts. After our inquiries, in November 2019, DFAS personnel revised the report to show \$248.5 million net accounts receivables, including \$248.5 million collections expected in July and August and \$0 collections expected after August. The DOA made the correction to the CAFR prior to its completion and similarly restated year ended June 30, 2018 amounts.

It is essential the DFAS establish controls and procedures to prepare and submit accurate accounts receivable reports to the DOA. The *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States, states management is responsible for the design, implementation, and operating effectiveness of the internal control system and that control activities should be designed to achieve objectives and respond to risks. Such controls would allow management or employees, in

State of Missouri - Comprehensive Annual Financial Report
Report on Internal Control, Compliance, and Other Matters
Schedule of Findings

the normal course of performing their assigned functions, to prevent or detect and correct misstatements.

Recommendation

The DSS through the DFAS implement controls and procedures to prepare and submit accurate accounts receivable reports to the DOA.

Auditee's Response

The DSS provided the following written response:

The department does not agree with this finding. The department has internal controls and procedures in place to prepare and submit accurate accounts receivable reports to the DOA. In fact, the accounts receivable balance was correct as originally reported.

Although the department did revise the state fiscal year 2019 CAFR accounts receivable report after submission and upon discussion with the State Auditor's Office, the department's original position, in reporting the accounts receivables as received after August (or as a deferred inflow for reporting purposes) was a more conservative approach for the financial statements. Additionally, the DSS does view this as a difference of opinion in how this information is captured, as a revenue versus as a deferred inflow.

The department does and will continue to submit accurate accounts receivable reports to the DOA.

Auditor's Comment

CAFR reporting must be in accordance with GASB standards that state revenues are recognized in the accounting period in which they become measurable and available. Reporting of these amounts is not a matter of "opinion" or a "conservative approach." The department's claim that the original reporting of all \$247.6 million of accounts receivables as "expected after August" cannot possibly be correct because prior to the end of August 2019, the DSS drew down approximately \$165 million for grants with accounts receivables at June 30, 2019. Because the DSS lacks controls and procedures to identify and report accounts receivables in accordance with GASB requirements, this finding is valid.

FS2019-002. **Department of** **Natural Resources** **Capital Asset Controls**

The Department of Natural Resources (DNR) has not recently performed and documented complete annual physical inventories of state park capital assets. Physical inventory procedures are required by DNR policy, state law, and state regulation, and help ensure the capital asset data submitted to the DOA for inclusion in the CAFR is accurate. For the year ended June 30, 2019, DNR capital assets totaled approximately \$147 million, or 74 percent of the total \$200 million Government Wide - Business Type Activities capital assets reported in the CAFR.

The DNR maintains capital asset records in the statewide accounting (SAM II) system. The DNR compiles and submits SAM II system capital asset data

State of Missouri - Comprehensive Annual Financial Report
Report on Internal Control, Compliance, and Other Matters
Schedule of Findings

to the DOA for inclusion in the CAFR. To ensure proper control over capital assets and that records are accurate, DNR State Property Accountability (Fixed Assets) Policy Number 7.04 requires each program, office, or facility to conduct an annual physical inventory. The policy requires the divisions to ensure the physical inventories are conducted and inventory reports are submitted, and reconcile the asset records to the actual items in the division's possession. The DNR's internal control plan submitted to the DOA states a physical fixed asset inventory is completed annually. In addition, state regulation 15 CSR 40-2.031(9) requires each department to perform an annual physical inventory and reconcile the inventory with SAM II system records and the prior annual physical inventory. Also, Section 34.125, RSMo, requires each department to keep a current inventory of all its property.

DNR procedures provide that central office personnel prepare and distribute a SAM II system report of capital assets to each state park. State park officials are to perform a physical inventory, document any discrepancies with the SAM II system report, and submit physical inventory documentation to the DNR central office. Central office personnel are responsible for reviewing the physical inventories and updating SAM II system records with any needed changes.

Our review of physical inventory records and procedures determined the DNR had not performed a complete department-wide physical inventory for fiscal years 2017, 2018, or 2019. DNR officials could not determine when department personnel had performed the last complete physical inventory. Department records show the most recent physical inventory process was started in calendar year 2018, but it was not finalized as of November 21, 2019. The 2018 summary inventory tracking sheet maintained by the central office showed personnel from several state parks had not completed and submitted their physical inventory, and central office personnel had not monitored to ensure inventories had been performed and submitted for all state parks. In addition, inventory documentation submitted for two of five state parks selected for review was incomplete. The records lacked documentation showing that the assets were physically verified, who performed the inventory, and the date the inventory was performed. Capital assets reported for these two parks totaled approximately \$14 million. DNR officials stated inadequate staffing levels resulted in the department's inability to perform annual physical inventories.

It is essential the DNR follow established policies and procedures and comply with state laws and regulations regarding capital assets. The failure to perform physical inventory procedures reduces the control and accountability over capital assets and increases the potential that loss, theft, or misuse will go undetected. In addition, without effective controls over capital asset management and reporting, the DNR cannot ensure the accuracy of the capital

State of Missouri - Comprehensive Annual Financial Report
Report on Internal Control, Compliance, and Other Matters
Schedule of Findings

asset balances in the SAM II system and the information reported in the CAFR.

Recommendation

The DNR ensure complete physical inventories of capital assets are performed annually, documented, and reconciled to the SAM II system.

Auditee's Response

The DNR provided the following written response:

We partially agree with the State Auditor's Office's (SAO) finding, as detailed below.

The department agrees that inventory documentation for calendar year (CY) 2018 was incomplete for two of the five state parks for which the SAO reviewed documentation; this resulted from an internal control weakness in the department's physical inventory process that we have since addressed. Upon the SAO's request for documentation, the department elected to review all 135 physical inventory units across the department for CY 2018 even though the SAO review was focused only on those relating to Business Type Activities. Of the 135 inventory units, 124 were properly completed or not required, five were completed late, and six could not be confirmed as complete (including the two identified by the SAO).

The department disagrees with the characterizations presented in the SAO's draft finding and conclusions. The department also disagrees with the SAO's conclusion that this internal control weakness rises to the level of a finding for purposes of the Statewide Financial Statement Audit. The impact of this matter is not material because it constitutes far less than 1% of statewide assets. The SAO notes in its draft finding that "[f]or the year ended June 30, 2019, DNR capital assets totaled approximately \$147 million, or 74 percent of the total \$199 million Government Wide – Business Type Activities capital assets reported in the CAFR." This statement, while correct, requires additional context. For fiscal year (FY) 2019, DNR capital assets for all Activities (Business Type plus Government Type) totaled approximately \$461 million, or 0.74% of the statewide total of \$62 billion.

Despite our objections to the SAO's characterization of this matter and decision to issue a finding, the department agrees with the SAO's draft recommendation to "ensure complete physical inventories of capital assets are performed annually and reconciled to the SAM II system." We have revised our internal controls to ensure inventories are completed and reconciled annually, implemented the pieces of those controls that could occur before finalizing the audit, and are on track to complete the remaining pieces this fiscal year. Our specific action steps include the following:

State of Missouri - Comprehensive Annual Financial Report
Report on Internal Control, Compliance, and Other Matters
Schedule of Findings

- *As part of our revised process, the department is converting its inventory schedule from a CY system to a FY system; this change should make CAFR reporting easier and more straightforward.*
- *The department has implemented procedures to record the specific completion date for each physical inventory to ensure we have the documentation necessary to demonstrate we are completing inventories annually.*
- *All physical inventories for CY 2019 were completed by December 31, 2019, and the status of all capital assets recorded. We are working now to complete reconciliation of the CY information with FY 2020 information, which will bring our CY and FY data together moving forward. We anticipate that process will be complete at the close of the fiscal year.*

The department does not propose any corrective action beyond the actions described in this response.

Auditor's Comment

Our decision regarding the classification of the internal control deficiency reported in this finding was made in accordance with AU-C Section 265, *Communicating Internal Control Related Matters Identified in an Audit*. AU-C Section 265.07 provides the following definitions regarding internal control deficiencies: A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable. *Reasonably possible* is the chance of the future event or events occurring that is more than remote but less than likely. *Probable* means the future event or events are likely to occur. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

We classified this internal control deficiency as a significant deficiency for the following reasons outlined in the finding (1) the DNR failed to ensure the department's key internal control to account for existing capital assets was placed into operation, (2) the internal control covers approximately 74 percent of the Government Wide - Business Type Activities opinion unit, and (3) the internal control is required by law. Also, as indicated in the finding, the DNR could not provide complete physical inventory documentation for any recent

State of Missouri - Comprehensive Annual Financial Report
Report on Internal Control, Compliance, and Other Matters
Schedule of Findings

calendar year and DNR officials could not determine when the last complete physical inventory was performed.

The DNR asserts this internal control deficiency should not be reported as a finding because DNR capital assets are not material to the state's CAFR as a whole. However, as communicated to DNR officials in meetings held on December 23, 2019 and January 3, 2020, audit standards require separate audit opinions on each opinion unit, including the Government Wide - Business Type Activities opinion unit, for which the DNR holds approximately 74 percent of the total capital assets. The DNR's attempt to compare its assets to the CAFR as a whole falsely minimizes the impact of this internal control deficiency on the state's CAFR.

The DNR also attempts to minimize the issue by stating the department's follow up on pending calendar year 2018 physical inventories determined most were complete. However, these procedures were conducted only after our inquiries. Paragraph 3.35 of the *Audit Guide Government Auditing Standards and Single Audits*, published by the AICPA, states while audit testing results should be considered when evaluating the operating effectiveness of internal controls, the absence of misstatements detected by audit procedures does not provide audit evidence that controls related to the relevant assertion being tested are effective.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 30 political subdivisions required to file a financial report by January 31, 2020, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in January 2020, after their filing deadline. The filing status for these 46 entities is presented in summary on page 3 and by individual entity in Appendix B-F.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Political Subdivision Filings

January 2020

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 30 political subdivisions, other than cities, towns, and villages, with a fiscal year end of July 31, 2019. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 30 political subdivisions, 25 filed an annual financial report timely.

This report also includes the filing status for 46 political subdivisions, other than cities, towns, and villages, that filed their financial report in January 2020, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by January 31, 2020, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180. No cities, towns, or villages had a fiscal year end of July 31, 2019; therefore, no financial reports, addendums, or certifications were due by January 31, 2020.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in January 2020, after their filing deadline. The filing status for these 49 cities and 11 villages is presented in summary on pages 3 and by individual entity in Appendixes A to D.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Municipal Court and Revenue Filings

January 2020

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

No cities, towns, or villages had a fiscal year end of July 31, 2019; therefore, no financial reports, addendums, or certifications were due by January 31, 2020.

This report includes the filing status for 49 cities and 11 villages that filed at least one of the items (financial report, addendum, or certification) in January 2020, after their filing deadline. Of these municipalities, 49 filed an annual financial report, 14 filed an addendum, and 6 filed a certification.

Missouri State Auditor

**Compilation of 2019 Criminal Activity
Forfeiture Act Seizures**

Report No. 2020-007

February 2020

auditor.mo.gov

CITIZENS SUMMARY

Compilation of 2019 Criminal Activity Forfeiture Act Seizures

Background	State law requires prosecuting attorneys and the Attorney General to report seizures made under the Criminal Activity Forfeiture Act (CAFA) to the State Auditor and the Director of the Department of Public Safety.
CAFA Seizure Reports Submitted	The State Auditor's Office received 116 CAFA seizure reports from prosecuting attorneys and the Attorney General for property seized during the 2019 calendar year. State law states intentional or knowing failure to comply with reporting requirements shall constitute a class A misdemeanor.
Disposition of the Seizures Reported	The overall dollar value for property seized in 2019 was \$5,914,967. Of that total, \$755,664 was returned, \$2,661,582 was transferred to a federal agency, and \$73,851 was transferred to the state. The disposition for \$2,360,882 was pending at the time of reporting, and no disposition was reported for \$3,508. Dispositions reported by each prosecuting attorney and the Attorney General are included in a report appendix.
Reporting of Seizures Information	State law states prosecuting attorneys and the Attorney General are to report the date, time, and place of the seizure; property seized; estimated value of the property seized; person(s) from whom the property was seized; criminal charges filed; and disposition of the seizure, forfeiture, and criminal actions.

Because of the nature of this compilation, no rating is provided.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

As required by Section 513.607, RSMo, we have compiled the 2019 Criminal Activity Forfeiture Act (CAFA) seizure reports submitted to the State Auditor by prosecuting attorneys and the Attorney General. The compilation is limited to information submitted to the State Auditor's Office. We have not audited the reports submitted and, accordingly, do not express an opinion or any other form of assurance on them. The primary objectives of this compilation were to:

1. Compile the 2019 CAFA seizure information reported.
2. Identify officials who submitted 2019 CAFA seizure reports to the State Auditor.

Section 513.607, RSMo, requires prosecuting attorneys and the Attorney General to report CAFA seizures for the previous calendar year by January 31, to both the Director of the Department of Public Safety and the State Auditor. Of the 116 potential reporting officials, we received reports from each official.

Compliance with Section 513.653, RSMo, which requires law enforcement agencies involved in using the federal forfeiture system to submit reports regarding federal seizures and the proceeds therefrom to the State Auditor's Office, will be separately reported.

Nicole R. Galloway, CPA
State Auditor

The following auditors participated in the preparation of this report:

Director of Audits:	Kelly Davis, M.Acct., CPA, CFE
Senior Analyst:	Jill Wilson, MBA

Compilation of 2019 Criminal Activity Forfeiture Act Seizures

Executive Summary

CAFA Seizure Reports Submitted

The State Auditor received 116 of the total possible 116 Criminal Activity Forfeiture Act (CAFA) seizure reports from prosecuting attorneys and the Attorney General for property seized during calendar year 2019.

Section 513.607.10, RSMo, states intentional or knowing failure to comply with any reporting requirement shall be a class A misdemeanor punishable by a fine of up to \$1,000.

Disposition of the Seizures Reported

We compiled the disposition of seizures as reported by prosecuting attorneys and the Attorney General for property seized during calendar year 2019. The following table lists the overall dollar value of the dispositions by category as reported to the State Auditor for 2019, 2018, and 2017.

Reported Disposition	2019		2018		2017	
Pending	\$ 2,360,882	39.9 %	\$ 2,067,837	22.7 %	\$ 2,542,029	36.0 %
Returned	755,664	12.8	571,892	6.3	679,549	9.6
Transferred to Federal Agency	2,661,582	45.0	5,767,867	63.4	3,256,377	46.2
Transferred to State	73,851	1.2	100,915	1.1	180,363	2.6
Other	59,480	1.0	44,658	0.5	72,354	1.0
Disposition Not Reported	3,508	0.1	549,548	6.0	322,784	4.6
Total	\$ 5,914,967	100.0 %	\$ 9,102,717	100.0 %	\$ 7,053,456	100.0 %

See Appendix I for the 2019 CAFA seizures disposition as reported by each prosecuting attorney and the Attorney General.

Reporting of Seizures Information

Section 513.607.8, RSMo, states prosecuting attorneys and the Attorney General are to report the date, time, and place of the seizure; property seized; estimated value of the property seized; person(s) from whom the property was seized; criminal charges filed; and disposition of the seizure, forfeiture, and criminal actions. See Appendix II for the number of 2019 CAFA seizures reported with this information.

Report No. 2020-006

February 2020

auditor.mo.gov

CITIZENS SUMMARY

Findings in the audit of the Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes

Questionable Use of State Resources	The Attorney General's Office (AGO) staff, under former Attorney General Josh Hawley's administration, coordinated with campaign-paid consultants, and used campaign resources to meet with consultants for purposes not always documented. Former Attorney General Hawley also used a state vehicle and driver/security detail for some trips for which the purpose was not documented on travel itineraries and state vehicle mileage logs. Records reviewed determined (1) at least a portion of some of these trips had political purposes and (2) other trips had the appearance of being personal in nature.
Communication and Retention Policies	Various employees did not comply with AGO policy by using personal email accounts and calendars, and personal phones (text) to conduct official business, communicate, and schedule meetings.
Additional Comments	This report covers only a portion of the AGO audit. Another audit report of the general operations of the office is still in progress, and any additional findings and recommendations will be included in the subsequent report.

Because this report covers only a portion of the audit, no rating is provided.

NICOLE GALLOWAY, CPA **Missouri State Auditor**

Honorable Josh Hawley
and
Honorable Eric Schmitt, Attorney General
Jefferson City, Missouri

We have audited certain operations of the Office of Attorney General, in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the period January 9, 2017, to January 3, 2019. The objectives of our audit were to:

1. Evaluate the office's internal controls over certain management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the Office of the Attorney General's use of state resources.

Another audit report of the general operations of the Office of Attorney General is still in progress, and any additional findings and recommendations will be included in the subsequent report.

Nicole R. Galloway, CPA
State Auditor

The following auditors participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
Audit Manager:	Pamela Allison, CPA, CFE
In-Charge Auditor:	Joseph T. Magoffin, CFE

Office of Attorney General

Review of Whether State Resources Were Used for Political Purposes

Introduction

Background

The attorney general serves as the chief legal officer of the state as required by the Missouri Constitution. The attorney general is elected for a 4-year term. On January 9, 2017, Joshua (Josh) David Hawley was inaugurated as the forty-second attorney general of Missouri. On August 2, 2017, Attorney General Hawley formed an exploratory committee with the Federal Election Commission to consider running for United States (U.S.) Senate, and subsequently announced his candidacy on October 10, 2017. On November 6, 2018, he was elected as a member of the U.S. Senate. He served as attorney general until January 3, 2019, when he was sworn in as a U.S. Senator during the 116th Congress.

Scope and Methodology

On November 6, 2018, the Secretary of State's (SOS) Office received a complaint from the American Democracy Legal Fund (See Appendix A) alleging that Attorney General Hawley used public funds to support his candidacy for the U.S. Senate and violated Section 115.646, RSMo. This section states, "No contribution or expenditure of public funds shall be made directly by any officer, employee or agent of any political subdivision to advocate, support, or oppose any ballot measure or candidate for public office."

On December 10, 2018, the SOS's Office requested the State Auditor's Office (SAO) investigate these allegations as part of the closeout audit of Attorney General Hawley's Office (AGO) (See Appendix B). On January 28, 2019, the SAO began a closeout audit of the AGO. While the SOS's Office only evaluated the complaint against Section 115.646, RSMo, our audit scope included other statutory provisions. Other relevant portions of state law are referenced in the report. The SOS issued an investigative report regarding the complaint on February 28, 2019 (See Appendix C).

To gain an understanding of whether state resources were used for political purposes, we reviewed documents, communications, and financial records (including those obtained from the SOS's investigation); and interviewed various personnel of the AGO, as well as certain external parties. The SAO also took testimony from former AGO employees (See Appendixes D, E, and F). This testimony was given under oath and was recorded by a court reporter.¹ Former Deputy Chief of Staff, and later Chief of Staff, Loree Anne Paradise and Timmy Teepell, Partner of OnMessage, Inc., declined to be interviewed, and Gail Gitcho, President of First Tuesday, was unresponsive to auditor requests. The SAO determined that written questions were sufficient for Paradise and Teepell. Paradise and Teepell provided written

¹ The SAO took testimony from (1) Evan Rosell, former Chief of Staff, on July 8, 2019, (2) Michael Martinich-Sauter, former General Counsel, Director of Policy, and Deputy Attorney General for Special Litigation, on July 11, 2019, and (3) Daniel Hartman, former Special Counsel and Director of Legislation, on October 3, 2019. We provided each person the transcript of his testimony for review; however, none of them responded with suggested changes during audit fieldwork.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Introduction

answers to specific written questions asked by the SAO (See Appendixes G and H). Paradise, Teepell, and Gitcho all reside outside of Missouri.

We obtained an understanding of the internal controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We obtained an understanding of the legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of contracts, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions. As part of those procedures, we requested and reviewed emails from the AGO communications systems using multiple email search queries for terms deemed significant to our audit objectives. Additionally, we interviewed the driver/security detail for former Attorney General Hawley, and obtained and reviewed state vehicle mileage logs and travel itineraries.

The scope of our audit included, but was not necessarily limited to the period January 9, 2017, through January 3, 2019, the time period Josh Hawley served as attorney general.

In a December 31, 2019, letter (Appendix I, page 435) in response to seeing a draft copy of this report, the AGO formally objected to the inclusion of interview transcripts in this report, and stated the inclusion of these transcripts would be a disclosure of audit working papers, and therefore, a felony violation of Chapter 29, RSMo. The SAO disagrees with this conclusion. Objections to the inclusion of interview transcripts and audit communications citing Chapter 29, RSMo, are without merit. The confidentiality provisions of Chapter 29 are intended to protect the SAO's working papers from public disclosure. The interpretation that those confidentiality provisions are intended to keep the SAO from disclosing information obtained during the course of the audit is at odds with Chapter 29, RSMo, and Yellow Book requirements, which both require a report of information obtained during an audit be made public. In addition, the statement that the inclusion of working papers as appendices to a public report is unprecedented is not accurate. Including information obtained during an audit as appendices is very common and not unique to this administration. Appendices have been part of audit reports issued by the SAO for decades.

The SAO included these transcripts for the purposes of transparency and public interest. The transcripts and written responses to questions include redactions determined by the SAO as information of a personal, privileged, or sensitive nature. The SAO requested the AGO provide feedback regarding specific personal, privileged, or sensitive information to be redacted, but we received none, other than the request for removal of the transcripts in their entirety. Appendix I also includes other correspondence with the AGO regarding the administration of this audit. This appendix is included for the purposes of transparency and public interest.

Office of Attorney General

Review of Whether State Resources Were Used for Political Purposes Management Advisory Report - State Auditor's Findings

1. Questionable Use of State Resources

The Attorney General's Office (AGO) staff, under former Attorney General Josh Hawley's administration, coordinated with campaign-paid consultants, and used campaign resources to meet with consultants for purposes not always documented. Former Attorney General Hawley also used a state vehicle and driver/security detail for some trips for which the purpose was not documented on travel itineraries and state vehicle mileage logs. Records reviewed determined (1) at least a portion of some of these trips had political purposes and (2) other trips had the appearance of being personal in nature.

Article III, Sections 38(a) and 39, Missouri Constitution, prohibit the use of state resources for personal or private gain. Section 36.157, RSMo, states, "An employee may not engage in political activity (1) While on duty; (2) In any room or building occupied in the discharge of official duties; (3) By utilizing any state resources or facilities; (4) While wearing a uniform or official insignia identifying the office or position of the employee; or (5) When using any vehicle owned or leased by the state or any agency or instrumentality of the state." Section 36.159, RSMo, states "It shall be unlawful for any person to intimidate, threaten, command or coerce any employee of the state to engage in, or not to engage in, any political activity, including, but not limited to, voting, or refusing to vote, for any candidate or measure in any election, making, or refusing to make, any political contribution or working, or refusing to work, on behalf of any candidate." In addition, regarding the use of campaign funds, Section 130.034.2 (2), RSMo, states, "...Contributions may be used for any purpose allowed by law including, but not limited to...[a]ny ordinary and necessary expenses incurred in connection with the duties of a holder of elective office."

1.1 Questionable meetings and phone conferences

AGO staff engaged in in-person meetings and phone conferences during regular state working hours with representatives of political campaign consulting companies paid from Josh Hawley's state campaign funds. The purpose of the meetings were not always documented. These meetings and conference calls were sometimes coordinated by AGO staff using private email accounts and text messages.² In addition, the AGO did not contract with these political representatives or their respective companies to provide non-campaign advisory services to the office's employees, and no invoices or other documentation detailing the services provided was retained to indicate that these services only related to AGO business.

In a written statement to the Secretary of State's (SOS) Office, former Attorney General Josh Hawley indicated he enlisted campaign consultants with previous experience serving as a Chief of Staff and in communications, to advise his team at the Attorney General's Office on the most effective ways to execute and communicate the Attorney General's agenda and to serve the people of Missouri.

² The use of private email accounts and text messages is addressed at MAR finding number 2.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

Meetings and phone conferences

Emails, calendars, and testimony indicate that campaign-paid consultants Timmy Teepell, Gail Gitcho, Aaron Trost, and other employees of these consultants' companies, were invited to attend in-person meetings and participate in phone conferences with various AGO employees from January to July 2017 as follows:

Approximate Date of Meeting	Type of Meeting	AGO Employee Notification Method	Attendees Listed in Emails and Meeting Invites	Documented Purpose of Meeting
01/17/2017	In-Person (1)	Unknown (2)	Timmy Teepell, Gail Gitcho, Aaron Trost, Josh Hawley, Evan Rosell, Loree Anne Paradise, Ryan Cross	Brainstorming session
01/24/2017	Conference Call	Personal email	Timmy Teepell, Gail Gitcho, Aaron Trost, Evan Rosell, Loree Anne Paradise, Ryan Cross	Not documented
02/17/2017	Conference Call	Personal calendar meeting invite	Timmy Teepell, Gail Gitcho, Brad Todd, Loree Anne Paradise, Michael Martinich-Sauter	Punch list/human trafficking logistics moving forward
03/14/2017	Conference Call	Personal calendar meeting invite	Timmy Teepell, Gail Gitcho, Evan Rosell, Loree Anne Paradise, Michael Martinich-Sauter	Follow up call
04/24/2017	In-Person (1)	Unknown (2)	Timmy Teepell, Evan Rosell, Loree Anne Paradise, Michael Martinich-Sauter, Daniel Hartman, Rachel Hassani.	Not documented
05/04/2017	Conference Call	Personal email & calendar meeting invite	Timmy Teepell, Gail Gitcho, (3), Evan Rosell, Loree Anne Paradise, Michael Martinich-Sauter, Daniel Hartman	Review Timmy's punch list from his AGO visit last week & discuss 5/31 business coalition roll out date confirmation
06/05/2017	In-Person (1)	Personal email (2)	Timmy Teepell, Gail Gitcho, Evan Rosell, Loree Anne Paradise, Daniel Hartman	Not documented
06/15/2017	Conference Call	Personal calendar meeting invite	Timmy Teepell, Gail Gitcho, Loree Anne Paradise, Michael Martinich-Sauter	Human trafficking, business council, PSA, virtual training
06/29/2017	Conference Call	Personal email	Timmy Teepell, Evan Rosell, Loree Anne Paradise, Michael Martinich-Sauter, Daniel Hartman, Elizabeth Johnson	Hawley press conference
07/13/2017	Conference Call	Personal calendar meeting invite	Timmy Teepell, Gail Gitcho, Savannah Kill, Loree Anne Paradise, Michael Martinich-Sauter, Elizabeth Johnson	Springfield human trafficking
07/14/2017	Conference Call	Personal calendar meeting invite	Timmy Teepell, Gail Gitcho, Savannah Kill, Loree Anne Paradise, Michael Martinich-Sauter, Elizabeth Johnson	Human trafficking

(1) These in-person meetings occurred at the Attorney General's Jefferson City office.

(2) Email discussion and witness statements indicate that an in-person meeting took place on or around this date.

(3) An unknown individual using an "onmessageinc.com" email address was listed as an attendee.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

During the time periods these meetings and phone conferences were held:

- Timmy Teepell was a Partner of OnMessage, Inc., a political consulting firm. The Hawley state campaign paid OnMessage, Inc., approximately \$80,000 from January 2017 to October 2017.
- Gail Gitcho, was the President of First Tuesday, a company that specializes in communications strategies for political campaigns. Also, Gail Gitcho's LinkedIn profile indicates she has experience as a communications director for various political campaigns. First Tuesday was paid approximately \$31,000 from the Hawley state campaign from January 2017 to October 2017.
- Aaron Trost was the owner of HLC Strategic, LLC, a political consulting company specializing in advising political candidates and organizations. HLC Strategic, LLC was paid \$30,000 from the Hawley state campaign in January 2017.

Also, former Attorney General Hawley's federal campaign paid OnMessage, Inc., \$4,284,891 and First Tuesday \$98,967 from August 2017 to October 2018. Records reviewed also identified other employees of OnMessage, Inc., who were invited to participate in conference calls including: Brad Todd, who is a founding Partner of OnMessage, Inc., and a political writer; Savannah Kill, who was an Assistant and Office Manager at OnMessage, Inc.; and another employee of OnMessage, Inc. All other attendees at these meetings were AGO employees.

In addition to the meetings and calls previously mentioned, private email communications and personal calendar meeting invites obtained indicated other meetings or phone conferences may have been held; however, documentation of those meetings were not retained or provided. For example, in a group private email message dated May 1, 2017, from Timmy Teepell to Evan Rosell, Loree Anne Paradise, and Daniel Hartman, Mr. Teepell wrote "**I enjoyed spending time with everyone over the last few days.**" [emphasis added by the SAO]. Based upon this email, it appears meetings may have been held on multiple days around April 24, 2017. However, official AGO calendars, emails, and records do not contain documentation of meetings being held over a few days' time. In another example, the March 14, 2017, meeting invite listed in the table on the previous page indicated the meeting was a follow-up call; however, documentation of a previous meeting or phone conference (other than the February 17, 2017, phone conference) was not retained or provided. Further, Timmy Teepell's witness statement to the SOS Office indicated he met with AGO employees in St. Louis at events involving the press in April and June 2017 and in Springfield in July 2017, and Gail Gitcho's witness statement to the SOS Office indicated she met with AGO employees in St. Louis at an anti-human trafficking event in April 2017.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

Questionable interactions

The content and timing of several of the personal emails of AGO staff demonstrate potentially inappropriate communications with campaign-paid consultants:

- In an email thread initiated by Timmy Teepell in which he suggests a weekly conference call between members of the AGO administrative team and the campaign-paid consultants, Gail Gitcho sent an email to Loree Anne Paradise, Evan Rosell, Ryan Cross, Timmy Teepell, and Aaron Trost on January 19, 2017, at 10:24 a.m., which stated: **"Sounds great. If we can do a call next Tuesday or Wednesday, that would work great because I am having lunch with Chris Wallace on Thursday and was going to pitch Josh as power player of the week - but we should all get on the same page with that before I pitch him."** [emphasis added by the SAO]. Chris Wallace is a television anchor and political commentator who hosts a Fox Broadcasting Company/Fox News program, Fox News Sunday. This email suggests that Gail Gitcho, who is a campaign-paid public relations consultant, was coordinating with AGO officials about obtaining national publicity for the elected official she was contracted to publicize.
- Elizabeth Johnson sent an email to Michael Martinich-Sauter on August 1, 2017, at 3:59 p.m. inviting him to edit an attached Google document, Backpage OPED,³ and Elizabeth Johnson wrote, **"Gail says we need a clear tic-toc [sic] on how the events transpired for the record so that Josh gets appropriate credit. We can pull from his remarks & the TPs [talking points]. I will start putting something together."** [emphasis added by the SAO]. This message was sent a day before former Attorney General Hawley formed an exploratory committee to consider running for the United States (U.S.) Senate. In a written witness statement in response to the SOS's investigation, Gail Gitcho indicated she provided consulting services to AGO employees from January to June 30, 2017. This message demonstrates Gitcho was corresponding with AGO staff past the date she was providing consulting services to AGO employees, and up to the date Hawley's Senate exploratory committee was created.

³ During testimony given by Michael Martinich-Sauter (Appendix E), he indicated he had no recollection of seeing this communication or the attached "Backpage OPED" Google document, but indicated the document was likely related to a civil investigation. The State Auditor's Office (SAO) requested the Google document from the AGO, but the office did not provide the document.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

These two interactions between Hawley administration officials and campaign-paid consultants give the appearance of political activity by state employees while using state resources, but no evidence exists that any laws were violated.

Conclusion

Campaign-paid consultants, by definition, serve a political function. They are hired to get their candidate elected to office. In contrast, AGO staff serve an administrative function and are in place to perform the work of the government. By allowing campaign-paid consultants to interact and advise AGO staff, former Attorney General Hawley potentially used state resources for political purposes. If better documentation had been maintained to show these interactions were solely official in nature, any appearance of impropriety could have been avoided. However, because most of the communications between the campaign and AGO staff were conducted via private communication channels, the full content and context of these interactions cannot be determined. The lack of transparency of the relationships and communications between the campaign-paid consultants and former AGO officials give the appearance that non-AGO business may have been discussed and not retained, and that state resources may have been used improperly.

The law permits campaign resources to be used for government purposes but does not permit government resources to be used for campaign purposes. Section 130.034.4(2), RSMo, permits campaign funds to be used for "ordinary and necessary expenses" incurred in connection with an elected office. But this section neither defines "ordinary and necessary expenses" nor specifies whether using campaign funds to pay consultants to provide administrative guidance is allowable. Section 36.157, RSMo, prohibits state employees from engaging in "political activity" while on duty or while using state resources. But this section does not define "political activity."

While the interactions between campaign paid consultants and government officials described in this report give an appearance of impropriety, we cannot conclude that any laws were violated.

1.2 Political and apparent private use of state vehicle and driver/security detail

Former Attorney General Hawley used a state vehicle and driver/security detail for some trips for which the purpose was not documented on travel itineraries and state vehicle mileage logs. Records reviewed determined (1) at least a portion of some of these trips had political purposes and (2) other trips had the appearance of being personal in nature.

Trips with political purposes

Travel itineraries and/or mileage logs show a state vehicle and driver/security detail were used to transport former Attorney General Hawley to visit with various individuals and groups for political purposes. The driver/security detail was directed to take specific hours of leave from state time, and was paid from federal campaign funds for specific meeting times; however, no campaign funds were used to pay any portion of the travel or other expenses

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

of the trips. The travel itineraries maintained by the AGO and/or the invoices submitted to the federal campaign for payment of the driver/security detail reported the specific times of each of these meetings.

- On March 30, 2017, the state vehicle and driver/security detail transported former Attorney General Hawley to Springfield and to multiple meetings. The driver/security detail was directed to take an hour of leave from his state job from 3 to 4 p.m. and was paid by the federal campaign for this time. No travel itinerary was provided to the SAO for this trip. A summary list of "AG Hawley Travel through May '17" indicated being at Evangel University at 11:30 a.m. on this date, which may have represented official business; however, the summary list did not document the purpose of the trip, the details of the meeting from 3 to 4 p.m., or any other meetings during the course of the day. The mileage log indicated 408 miles were driven in the state vehicle and payroll records indicated the driver/security detail worked 7 state-paid hours on this date.
- On April 6, 2017, the state vehicle and driver/security detail transported former Attorney General Hawley to Kansas City and to multiple meetings. The travel itinerary indicated the driver was to pick up and drop off former Attorney General Hawley in Columbia at the start and end of the day. The driver/security detail was directed to take 2 hours of leave from his state job from 11:30 a.m. to 12:30 p.m. and 2:30 p.m. to 3:30 p.m. and was paid by the federal campaign for this time. The travel itinerary indicated former Attorney General Hawley met with two private citizens⁴ (Citizens A and B) at these times. The purpose of the meetings with Citizens A and B were not documented. The travel itinerary indicated that former Attorney General Hawley had a local television interview at 10:30 a.m. and another media appointment at 1:30 p.m., which would represent official business. The mileage log indicated 437 miles were driven in the state vehicle and payroll records indicated the driver/security detail worked 6 state-paid hours on this date.
- On April 11, 2017, the state vehicle and driver/security detail transported former Attorney General Hawley to Kansas City and to multiple meetings. The travel itinerary indicated the driver was to pick up and drop off former Attorney General Hawley in Columbia at the start and end of the day. The driver/security detail was directed to take an hour of leave from his state job from 10 to 11 a.m. and was paid by the federal campaign for this time. The travel itinerary indicated former Attorney

⁴ To protect the identity of the citizen, company, or association, we refer to each in this manner through-out the remainder of the report. Citizens are referred to as Citizen A through G, companies are referred to as Company A and B, and associations are referred to as Association A and B.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

General Hawley met with officers of Company A from 10 to 10:45 a.m. The travel itinerary indicate former Attorney General Hawley met with Company B and Association A from 11 a.m. to 12:30 p.m. and Citizen C from 1 to 2 p.m. The driver/security detail was paid by the state for his time worked and was not paid from federal or state campaign funds for these specific meetings. The travel itinerary did not include any stated purpose for any of the meetings that day. The mileage log indicated 338 miles were driven in the state vehicle and payroll records indicated the driver/security detail worked 7 state-paid hours on this date.

- On April 13, 2017, the state vehicle and driver/security detail transported former Attorney General Hawley to St. Louis and to multiple meetings. The travel itinerary indicated the driver was to pick up and drop off former Attorney General Hawley in Columbia at the start and end of the day. The driver/security detail was directed to take leave from his state job and was paid for 2 hours of work by the federal campaign for the specific time periods of 10:45 to 11:15 a.m. and 12:30 to 1:30 p.m. While these time periods only represent 1 and 1/2 hours, the campaign paid the driver/security detail for 2 hours of work. The driver/security detail took 1 hour of leave from his state job and indicated he used his lunch hour for the other hour of the meetings. The travel itinerary indicated former Attorney General Hawley met with Citizen D from 10:45 to 11:15 a.m. and Citizen E from 12:30 to 1:30 p.m. The travel itinerary indicated former Attorney General Hawley met with Citizen F from 10 to 10:30 a.m. in Maryland Heights and Association B from 3:15 to 3:45 p.m. in O'Fallon. The travel itinerary did not include any stated purpose for any of the meetings that day. Only one meeting, held from 2:30 to 3 p.m., listed on the travel itinerary clearly involved official business. The mileage log indicated 306 miles were driven in the state vehicle and payroll records indicated the driver/security detail worked 7 state-paid hours on this date.
- On June 19, 2017, the state vehicle and driver security detail transported former Attorney General Hawley to Kansas City and to meet with multiple parties. The travel itinerary indicated that former Attorney General Hawley attended a Police Foundation event from 11:45 a.m. to 1:15 p.m., and an E-board meeting at a Kansas City newspaper from 2:20 to 3:30 p.m., both of which represented official business. However, the itinerary also showed he attended the Platte County Lincoln Days event from 6:30 to 7:30 p.m. that day, which is a political event. No campaign funds were used to pay the driver/security detail on this date. The travel itinerary indicated the driver was to pick up and drop off former Attorney General Hawley in Columbia at the start and end of the day. The mileage log indicated 370 miles were driven in the state vehicle and payroll records indicated the driver/security detail worked 13 state-paid hours (8 hours of regular time and 5 hours of overtime) on this date.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

The payments made to the driver/security detail from federal campaign funds demonstrate at least a portion of these trips had some political purpose.

These campaign-related hours worked in March and April 2017, were also not paid by the federal campaign until September 6, 2017. As previously noted, former Attorney General Hawley did not form an exploratory committee to consider running for U.S. Senate until August 2, 2017, or announce his candidacy until October 10, 2017. A February 26, 2019, news article in The Kansas City Star indicated Hawley's spokeswoman said the payment of these driver/security detail expenses from the federal campaign rather than the state campaign "...was a clerical mistake." However, federal and state campaign records were not corrected, and Hawley's state campaign committee was initially terminated on January 31, 2019, and an amended termination was filed as of January 16, 2020.

While there are no provisions in state law that allow for reimbursement for non-official use, such reimbursements by elected officials have taken place in the past. Specifically, see Report No. 2008-08⁵ regarding then Attorney General Nixon's reimbursement of travel expenses. We asked AGO officials in September 2019 and again in January 2020 if any travel reimbursements were provided by former Attorney General Hawley covering his time in office. In both instances they indicate they were not aware of any reimbursements.

Trips with appearance of
personal purposes

Travel itineraries and/or mileage logs show a state vehicle and driver/security detail were used to transport former Attorney General Hawley for trips that had the appearance of being personal in nature.

- The travel itinerary and state vehicle log indicated on Thursday, April 27, 2017, the driver/security detail drove former Attorney General Hawley and his family to Springfield to meet with a local church pastor and to attend a retirement party for the former Attorney General Hawley's father. The travel itinerary also provided for a visit to the Attorney General's Springfield office from 2 to 3 p.m. with the time flexible; however, the driver/security detail stated a stop at that office did not occur. The mileage log indicated 413 miles were driven in the state vehicle and payroll records indicated the driver/security detail worked 12 state paid hours (8 hours of regular time and 4 hours of overtime) on this date. In the response provided to the audit findings, former Attorney General Hawley indicated the meeting with the pastor covered official business. We

⁵ SAO, Attorney General Reimbursement, report number 2008-08, issued February 2008. A copy of the report can be found on the SAO website, <https://app.auditor.mo.gov/Repository/Press/2008-08.pdf>.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

received no documentation during audit fieldwork indicating the purpose of that meeting.

- On Saturday, December 16, 2017, mileage logs show a state vehicle was used to transport former Attorney General Hawley to Kansas City. The driver/security detail stated he transported former Attorney General Hawley and his wife in a state vehicle to a Kansas City Chiefs game, where they watched the game in Citizen G's private box.⁶ State payroll and federal campaign records indicated the driver/security detail was not paid by the state or the federal campaign for this event. The driver/security detail indicated he did not purchase a ticket for the game and he volunteered his time to drive the Hawleys so that he could attend the football game. The mileage log indicated 322 miles were driven in the state vehicle for the purpose of a "KC - meeting w/AG." No travel itinerary with an official business purpose was provided to the SAO for this trip. In the response provided to the audit findings, former Attorney General Hawley indicated he was asked to attend the game in his capacity as Attorney General and he attended the game as the Attorney General. We received no documentation during audit fieldwork indicating this information.

Article III, Sections 38(a) and 39, Missouri Constitution, prohibit the use of state resources for personal or private gain. Section 301.260, RSMo, provides that no officer or employee or other person shall use a state owned motor vehicle for other than official use. State of Missouri Administrative Policy SP-4, Article III, Section F, Subsection 3, indicates, "Only authorized passengers are permitted to ride in state vehicles. Non-state individuals such as volunteers, spouses, and children should not be passengers in a state vehicle unless they are involved in the conduct of business." Also, Article III, Section A, Subsection 3 of this policy indicates, "Vehicle usage logs must be maintained for each state vehicle and include the following information:...purpose of use." Code of State Regulations, 1 CSR 10-3.010(1)(A), requires that state payment of goods and services have a clear business relationship to the agency work program.

In addition, Section 36.157(5), RSMo, states, "An employee may not engage in political activity...[w]hen using any vehicle owned or leased by the state or any agency or instrumentality of the state." Complete and accurate vehicle usage logs, including documentation of the purpose of each trip, are necessary to document the appropriate use of vehicles and to support fuel purchases and

⁶The Missouri Ethics Commission lists an expenditure of two football tickets costing \$500 being claimed by a lobbyist for former Attorney General Hawley on December 16, 2017; however, it was amended to \$0 on this same date due to a reimbursement of the costs. The lobbyist indicated the Hawleys reimbursed him for the cost of the tickets.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

maintenance expenses. Periodically reviewing logs for completeness and reasonableness is necessary to ensure compliance.

Conclusion

Former Attorney General Hawley used state resources for some trips for which the purpose was not documented on travel itineraries and state vehicle mileage logs. Records reviewed determined (1) at least a portion of some of these trips had political purposes and (2) other trips had the appearance of being personal in nature. We did not see documentation that all potential political costs associated with these trips were paid for from non-state sources or reimbursed to the state.

Recommendations

The Attorney General:

- 1.1 To eliminate the appearance of using state resources for political purposes, the AGO should refrain from using campaign-paid staff to advise state employees. At a minimum, when campaign resources are used in this capacity the officeholder should ensure the purpose of such activity is adequately documented and not made for political purposes. The AGO should also ensure official channels and methods are used to communicate and conduct official business, including emails, texts, and calendar meeting invites.
- 1.2 Ensure travel expenditures are necessary and reasonable for the operation of the office. Ensure documentation of the specific business-purpose of all trips in state vehicles is maintained, and state resources are not used for personal purposes. Determine the amount of state resources used for political and, if applicable, personal purposes by former Attorney General Hawley, and seek reimbursement for such costs.

Auditee's Response

Former Attorney General Hawley's written response, provided by his attorney, is included at Appendix J and his answer to a question regarding the response provided is included at Appendix L.

Current Attorney General Schmitt's written response, provided by the General Counsel, is included at Appendix K.

Auditor's Comment

1.1 & 1.2

The current Attorney General Office's written response to this report is unresponsive to the audit's recommendations to ensure documentation is prepared to support the purpose of activity and travel and steps are taken to ensure official channels and methods are used to communicate and conduct official business.

- 1.2 The political purpose of a least a portion of the trips cited in the finding is not questioned in the response. We did not receive

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

documentation supporting that applicable political costs of the travel were reimbursed to the state, which the response suggests occurred.

We asked a follow-up question regarding former Attorney General Hawley's responses. His representative indicated (Appendix L) the payments from the federal campaign to the driver/security detail (discussed on pages 9 through 12) were the reimbursements to the state mentioned in the response. Those payments would not be reimbursements to the state since the driver/security detail was not compensated as a state employee for those hours.

The answer provided also indicated "We understand this is the same practice adopted by Mr. Hawley's predecessors." That is not accurate. The Nixon campaign reimbursement (discussed on page 12) included both mileage and personnel costs. In addition, the answer indicated "We are not aware of any additional outstanding invoices from the state, but if you can identify any such invoices or expenses, we are happy to pay them." At a minimum, vehicle/mileage costs associated with the "incidental stops" need to be reimbursed to the state to complete any reimbursement under the same practice as predecessors. Those costs would need to be determined by former Attorney General Hawley in conjunction with the AGO.

As indicated in the finding, the documentation provided to us did not explain the business purpose of the trips we cited as being apparently personal in nature.

The assertion that audit standards require the SAO to perform the calculation of the amount to be reimbursed is incorrect, and the Yellow Book citation is misapplied. As the report states, there is no provision in state law or state policy that allows any state official to use state resources for non-official purposes. As a result, there is no basis for this office to calculate any potential reimbursement. Similarly, the reference to the 2008 Nixon letter is misapplied. In that instance, the Nixon campaign had calculated an amount to be reimbursed to the state and had transmitted payment to the Office of Administration. The objective of that SAO review was to determine if the reimbursed amount was appropriate. The objectives of the current audit are, in part, to determine if there were any instances of noncompliance with certain legal provisions. Yellow Book Standard 7.14 (2011 Yellow Book) states that "auditors should present sufficient, appropriate evidence to support the findings and conclusions in relation to the audit objectives." The audit report meets this standard.

2. Communication and Retention Policies

Various employees did not comply with AGO policy by using personal email accounts and calendars, and personal phones (text) to conduct official business, communicate, and schedule meetings as noted in MAR finding number 1.1 and the following issues.

- In sworn testimony, Evan Rosell, the former Chief of Staff, indicated he used personal text and personal email to communicate with AGO employees, but he did not retain the personal email or text messages related to AGO business. Appendix D, page 14, lines 19 and 23 (report page 47) and page 16, lines 11 and 15 (report page 49).
- In sworn testimony, Daniel Hartman, the former Special Counsel and Director of Legislation, indicated he used personal email to communicate with AGO employees. Appendix F, page 20, line 21 (report page 285).
- In a written statement to the SOS Office, Timmy Teepell indicated he did not recall ever communicating with state employees using their official state email addresses and indicated he used the personal email addresses he had.
- In sworn testimony, Michael Martinich-Sauter, the former General Counsel, Director of Policy, and Deputy Attorney General for Special Litigation stated he never initiated any communications over personal email with anyone in the office; however, he had received AGO communications at his personal email address from other state employees' personal email addresses. Appendix E, page 10, lines 21 through 23 and page 11, lines 1 through 7 (report pages 161 and 162).

When asked about some of the personal email calendar meeting invites from his Gmail account, Martinich-Sauter stated in sworn testimony that he did not (1) use his Google calendar, (2) create the calendar meeting invites, (3) know who sent the invites, and (4) review the invites at the time of the phone calls. Appendix E, page 50, lines 17, 18, 19, and 25 (report page 201); page 52, lines 2 through 4 (report page 203). However, he also indicated "...I recognize that there is a tension between what I'm saying and what those documents say." Appendix E, page 51, lines 10 and 11 (report page 202). After audit fieldwork, we received an explanation from Martinich-Sauter's representative about how Gmail calendar invites can be sent by someone and look like they came from another attendee. We determined that this situation can occur. Therefore it is plausible that while he received these invites he did not create them.

AGO personnel policy No. 9.0, titled Electronic Written Communication on Personal Electronic Devices requires, "all electronic written communication made or received in connection with the transaction of official business be made or received using the AGO's Communication Systems." It also states that employees shall not use their personal cell phone, Blackberry, laptop,

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

tablet or other portable electronic devices, or home computer for AGO business unless they are remotely logged into their official account as part of the AGO's communication systems.

In addition to this policy that was in effect from January 2017 to January 2019, the AGO adopted an addendum in April 2018, that stated existing AGO policies require AGO personnel to retain all materials in the manner and for the duration specified in the applicable record-retention schedules issued by the State Records Commission and as prescribed by Chapter 109, RSMo. This April 2018 addendum, while not in effect during part of our audit period, makes clear that all communications using text message or text message applications must be retained if an email with the same content would be required to be maintained.

The AGO also did not develop procedures to help ensure its employees complied with AGO personnel policy No. 9.0 and the record retention schedules approved by the State Records Commission, and did not identify business related communications that are required to be retained in accordance with those schedules.

Conclusion

While the AGO has a process for retaining email messages initiated from AGO communication systems, email messages covering official business from employee personal email accounts were not always retained. In addition, because the AGO did not retain all business related communications and some employees did not comply with AGO personnel policy No. 9.0, we cannot be certain we received all such communications. Improper methods of communication could cause the loss or destruction of records and harm the public's confidence in the AGO.

Recommendation

The AGO ensure personnel policies are followed regarding use of personal email accounts and personal devices, and business communications are retained in accordance with the record retention schedules approved by the State Records Commission.

Auditee's Response

Former Attorney General Hawley's written response, provided by his attorney, is included at Appendix J.

Current Attorney General Schmitt's written response, provided by the General Counsel, is included at Appendix K.

Auditor's Comment

Former Attorney General Hawley's representative did not provide a specific response to this recommendation.

The current Attorney General Office's written response to this report only indicates policies are in place covering this recommendation.

Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Management Advisory Report - State Auditor's Findings

Objections to the inclusion of interview transcripts and audit communications citing Chapter 29, RSMo, are without merit. The confidentiality provisions of Chapter 29 are intended to protect the SAO's working papers from public disclosure. The interpretation that those confidentiality provisions are intended to keep the SAO from disclosing information obtained during the course of the audit is at odds with Chapter 29, RSMo, and Yellow Book requirements, which both require a report of information obtained during an audit be made public. In addition, the statement that the inclusion of working papers as appendices to a public report is unprecedented is not accurate. Including information obtained during an audit as appendices is very common and not unique to this administration. Appendices have been part of audit reports issued by the SAO for decades.

The audit response from Senator Hawley's representative makes claims of political bias against SAO staff:

The inadvertently sent email from the Audit Manager cited in the response is not evidence of a lack of objectivity, rather evidence that the audit team was appropriately evaluating audit evidence. Presented with evidence that satisfied one area of concern, the audit team removed a potential finding, and when presented additional evidence to support another existing area of concern, made the decision to include that information in the initial draft of the report. As with all audit reports, the draft report underwent a thorough review process with many revisions, including the areas of concern noted in the email, before it was provided to the AGO.

Regarding David Kirby's role in this audit report, there was none. Mr. Kirby's conflict regarding this audit was disclosed and documented as part of the audit planning process. As a result, he was excluded entirely from any discussions or decisions pertaining to this audit.

RECEIVED

NOV 6 2018

MO. SECRETARY OF STATE

November 2, 2018

Hon. John R. Ashcroft
Missouri Secretary of State
600 West Main Street
Jefferson City, MO 65101

Re: Complaint Against Missouri Attorney General Josh Hawley

Dear Secretary Ashcroft,

In accordance with Mo. Ann. Stat. § 115.642, American Democracy Legal Fund (“ADLF”) respectfully requests that the Missouri Secretary of State’s Office commence an investigation against Missouri Attorney General Josh Hawley. Evidence strongly suggests that Hawley used public funds as Attorney General to support his candidacy for U.S. Senate, by instructing political consultants to direct state, taxpayer-paid staff to undertake tasks that would raise Hawley’s profile in his bid to represent Missouri in the U.S. Senate. This constitutes a misuse of public funds, in violation of Mo. Ann. Stat. § 115.646. Consequently, the Secretary of State should immediately investigate this violation and aid in the state’s prosecution of this offense.

I. Factual Background

Josh Hawley assumed office as the Attorney General of Missouri on January 9, 2017. Just six months and 24 days later, on August 2, 2017, Hawley formed an exploratory committee to run for U.S. Senate.¹ Two months after that, on October 10, 2017, Hawley officially declared his intent to run for the Republican nomination to represent Missouri in the U.S. Senate.²

On October 31, 2018, *The Kansas City Star* reported that political consultants outside of Missouri “gave direct guidance and tasks to [Hawley’s] taxpayer-funded staff, and followed up to ensure the tasks were completed”³ These political consultants reportedly include Timmy Teepell, a Washington, D.C.-based partner at a consulting firm who advised Hawley’s campaign; and Gail Gitcho, a Republican political operative who has advised Hawley on communications.⁴

Emails obtained by *The Kansas City Star* demonstrate that consultants directed taxpayer-paid staff members of the Attorney General to undertake tasks intended to “shape the attorney general’s image and agenda for the year

⁴ See *id.*

Appendix A
Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
American Democracy Legal Fund Complaint

ahead.”⁵ Not only did the consultants communicate with staff members using private email addresses, but the consultants also reportedly met in-person with the staff members at Attorney General Hawley’s office.⁶

Among the agenda items reportedly discussed between consultants and taxpayer-paid staff was an effort by Hawley to initiate a lawsuit against opioid manufacturers,⁷ which Hawley did in June 2017.⁸ The lawsuit, which his political consultants went to lengths to publicize,⁹ has become a major talking point of Hawley’s Senate campaign. For instance, Hawley’s campaign website states that he is “fighting the big opioid manufacturers,”¹⁰ a talking point his political consultants and taxpayer-paid staff members worked to craft, per *The Kansas City Star*’s report.

II. Legal Violation

Under Mo. Ann. Stat. § 115.646, “No contribution or expenditure of public funds shall be made directly by an officer, employee, or agent of any political subdivision to advocate, support, or oppose any . . . candidate for public office.” Public funds constitute “monies belonging to government or any department of it in the hands of public officials.”¹¹ The Attorney General of Missouri has opined that, to determine whether a contribution or expenditure of public funds “advocate[s], support[s], or oppose[s],” one should “look to such factors as the style, tenor and timing” of the contribution or expenditure.¹²

Here, the facts strongly indicate that Attorney General Josh Hawley used public funds to support his candidacy for the U.S. Senate, by instructing his political consultants to direct taxpayer-paid staff to undertake tasks that would raise Hawley’s profile in advance of his Senate run. As public records obtained by *The Kansas City Star* indicate, taxpayer-paid staff took directions from out-of-state political consultants and even met with consultants on government property, all under Hawley’s watch.¹³ In an email to staff, consultant Gail Gitcho wrote, “It seems to me that going forward we should start compiling a punch list of what we need to do to roll out each of our agenda items this year”¹⁴

And Hawley’s staff reportedly undertook these tasks—on the taxpayer’s dime—in the name of crafting a public image and record that would aid in Hawley’s bid to represent Missouri in the U.S. Senate. In another email to taxpayer-paid staff, Gitcho reportedly wrote that she was “having lunch with [‘FOX News Sunday’ anchor]

American Democracy Legal Fund Complaint

Chris Wallace . . . and was going to pitch [Hawley] as power player of the week.”¹⁵ She then instructed the Attorney General’s staff, “[W]e should all get on the same page with that before I pitch him.”¹⁶

Under Hawley’s oversight and with his approval, political consultants appear to have used Missouri’s taxpayer-funded resources to construct a carefully-curated communications strategy that would puff up Hawley’s public image and prepare him for his Senate candidacy. And just months after this operation began, Hawley declared his candidacy for the U.S. Senate, relying on the very talking points these consultants reportedly worked with his taxpayer-paid staff to build.

Ultimately, Attorney General Josh Hawley’s use of taxpayer-paid staff to advocate and support his candidacy for U.S. Senate constitutes a misuse of public funds in violation of Mo. Ann. Stat. § 115.646.

III. Conclusion

Upon declaring victory in the November 2016 general election to serve as Missouri’s Attorney General, Josh Hawley told his supporters, “To the political establishment in Jefferson City, those of you, consultants and the lobbyists and the professional political class who’ve gotten used to running our state: your day is over.”¹⁷ Hawley suggested nobody is above the law. And, as Missouri’s chief law enforcement officer and advisor, neither is he.

Hawley reportedly instructed political consultants from outside of Missouri to direct state, taxpayer-paid staff members to help shape Hawley’s image for his next campaign—this time for U.S. Senate—which began less than a year after that Election Night speech, and less than seven months after he took office as Missouri Attorney General. Hawley’s conduct violates the trust that Missourians gave him to serve the public interest and enforce this state’s laws honorably. And most of all, Hawley’s conduct appears to demonstrate a misuse of public funds, in violation of Mo. Ann. Stat. § 115.646.

Therefore, in accordance with Mo. Ann. Stat. § 115.642, ADLF respectfully requests that the Secretary of State commence an investigation against Attorney General Josh Hawley and aids in the state’s prosecution of this offense.

Sincerely,

Brad Woodhouse

Re: Closeout Audit of Missouri Attorney General's Office

Dear Auditor Galloway:

This office received a complaint from the American Democracy Legal Fund alleging that Missouri Attorney General Josh Hawley used public funds as Attorney General to support his candidacy for the U.S. Senate." A copy of the complaint is enclosed.

See Appendix A

We have commenced an investigation of the allegations in the complaint. We request you investigate these allegations as part of your audit of the Missouri Attorney General's Office that will take place due to the change in officeholder ("closeout audit"). We do not have the same tools that the Auditor's Office has to conduct an investigation. For example, under section 115.642, RSMo, we have no subpoena power over documents or persons. It is unknown at this time whether relevant documents cited in the news article were from the Attorney General's Office, or from a person or entity not subject to the Sunshine Law. Additionally, it is not clear whether some part of the allegations are based upon oral statements.

As Auditor, you have free access to the Attorney General's Office for this audit, as well as subpoena power over persons and documents. § 29.235, RSMo. Your office's experience in this area is demonstrated by your audit of the Missouri Governor's Office in 2017, in which you found that Governor Nixon used state resources for political and personal purposes.

In addition to requesting that you investigate these specific allegations as part of the closeout audit, we also request that you give us access to the parts of the audit that relate to the allegations of improper use of state resources. Specifically, we request access to or copies of any records (of the agency or third parties) obtained that are relevant to the allegations in the complaint. If you plan to interview employees about the allegations, we request to at least sit in on such interviews.

The Honorable Nicole Galloway, CPA
State Auditor
State Capitol Building, Room 121
Jefferson City, MO 65102

Dear Auditor Galloway:

We appreciate your assistance in the elections complaint filed with my office on Nov. 6, 2018, by American Democracy Legal Fund in regard to former Attorney General Josh Hawley.

My office has completed its investigation into the complaint, and has not found probable cause to believe that Mr. Hawley or his Office violated Section 115.646, RSMo. as alleged. Since Hawley did not violate Section 115.646, I am officially closing this matter. A copy of the report is enclosed.

I am pleased our investigation reached a clear conclusion in this matter. Thank you again for your assistance.

Sincerely,

John R. Ashcroft

ELECTIONS INVESTIGATION REPORT

COMPLAINT

On November 6, 2018, my office's Election Division received a complaint alleging Attorney General Josh Hawley¹ misused public funds pursuant to Section 115.646, RSMo. ("Complaint"). Mr. Brad Woodhouse with the American Democracy Legal Fund ("ADLF") filed the Complaint.

The Complaint alleges that Attorney General Hawley violated Section 115.646, RSMo. by using public funds (taxpayer-funded staff) to support his candidacy for the United States Senate. Specifically, the Complaint alleges:

- Attorney General Hawley used outside political consultants to direct employees of the Attorney General's Office ("AGO") to undertake tasks that would construct his public image and raise his profile, preparing him for his candidacy for U.S. Senate; and
- Attorney General Hawley instructed outside consultants to direct employees of the AGO to implement priorities to benefit Attorney General Hawley's campaign and/or future campaign. These priorities included his opioid manufacturer and human trafficking initiatives.

SCOPE OF INVESTIGATION

The secretary of state's responsibility to investigate election complaints is codified in Section 115.642, RSMo. The Complaint was received by my office on November 6, 2018. This is important because amendments to Section 115.642, RSMo. went into effect the following day, after the close of the 2018 election cycle. The law in effect at the time did not allow the office to dismiss a complaint as "frivolous" nor did it require the complaint to be a sworn statement. Section 115.642, RSMo. provided my office a limited scope, pertaining specifically and only to matters related to election laws. My office may not, under state law, investigate matters outside its authority.

¹ Attorney General Josh Hawley was elected to the United State Senate in November of 2018. For ease of use and so as not to confuse the reader, he will be referred to as "Attorney General Hawley". This by no means is intended to disrespect Senator Hawley; but rather to identify his position during the time period alleged in the Complaint.

Appendix C
Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Secretary of State Investigative Report

LAW

Section 115.642, RSMo. states any person may file a complaint with the secretary of state alleging a violation of Sections 115.629 to 115.646, RSMo. Within thirty days of receiving a complaint, the secretary of state must notify the person filing the complaint whether or not the secretary has dismissed the complaint or if the secretary will commence an investigation. To date, this office has received more than 100 election complaints.

There is no case law or Attorney General Opinions that discusses this statute as it relates to contributions or expenditures to candidates or public officials. However, there is case law and/or Attorney General Opinions related to ballot measures.

Section 115.646, RSMo. states, "No contribution or expenditure of public funds shall be made *directly* by any officer, employee or agent of any political subdivision to advocate, support, or oppose any ballot measure or candidate for public office." (Emphasis added). In discussing this statute as it relates to ballot measures, Attorney General Opinion 54-90 states that in determining whether a violation of Section 115.646, RSMo. occurred, one must look at the "style and tenor" of the communication related to the ballot measure.

Furthermore, in reviewing a writ of prohibition regarding a survey commissioned by the City of Richmond Heights that was related to a ballot measure, the Missouri Court of Appeals noted that a violation of Section 115.646, RSMo. must be determined by the "communication" made by the City. *State ex rel. Wright v. Campbell*, 938 S.W.2d 640, 644 (Mo. App. E.D. 1997). The Court of Appeals stated that the dissemination of information that is purely factual is not considered to be advocating or supporting; and further stated that, at best, the survey might be relevant as to whether any communications regarding the ballot measure with residents was necessary. *Id.* The Court of Appeals made clear communication of information that is purely factual is not prohibited under Section 115.646, RSMo. *Id.*

FINDINGS

- 1) ADLF generally complains that Gail Gitcho (First Tuesday) and Timmy Teepell (OnMessage Inc.) ("outside consultants") sent emails to AGO employees directing their activities. Specifically, ADLF alleges that Attorney General Hawley used outside consultants to direct AGO employees to engage in activities for the purpose of raising his profile. ADLF further alleges Attorney General Hawley directed outside consultants to instruct AGO employees to implement priorities that benefited Attorney General Hawley's campaign and/or future campaign, those priorities being opioid manufacturer and human trafficking initiatives.
- 2) In support of its claims, ADLF refers to an article written by Jason Hancock, Lindsay Wise and Steve Vockrodt that appeared in the October 31, 2018, edition of the *Kansas City Star*. ADLF has not provided my office with any emails or other documentation to support its claims. In addition, ADLF's December 14, 2018, letter to my office specifically indicates they did not have any evidence that these emails exist and relied on the *Kansas City Star*

Appendix C
Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Secretary of State Investigative Report

article for its Complaint. Furthermore, there are no allegations that the activities in question took place after June of 2017.

- 3) In conducting this investigation, my office requested documents from Mr. Hancock. The *Kansas City Star* responded through counsel that it would not provide my office any source documents its reporters gathered in the course of their investigation.
- 4) My office also requested documents from the AGO. The AGO provided 85 pages of documents consisting of emails, drafts of documents related to the human trafficking initiative and an opioid manufacturer lawsuit, conference call requests, and calendar entries. The AGO also provided closed material consisting of documents related to a personnel matter.²
- 5) Current Attorney General Eric Schmitt also voluntarily provided my office additional information related to AGO employees, including but not limited to, timesheets and other financial records. He likewise provided my office with a copy of the AGO's Employee Handbook and Code of Conduct.
- 6) During the investigation my office requested, and received, purchasing card documentation from the AGO.
- 7) In addition to reviewing the documents provided by the AGO, my office contacted eleven individuals during the course of this investigation.³ One of the individuals contacted declined to participate in this investigation.⁴
- 8) The information provided by the AGO employees who agreed to be interviewed by my office can be summarized as follows:
 - i. Mr. Teepell and Ms. Gitcho first became involved with the AGO in January of 2017.
 - ii. The meetings with Mr. Teepell and Ms. Gitcho were to discuss the priorities set forth by Attorney General Hawley.
 - iii. The majority of the executive staff Attorney General Hawley brought on at the AGO had no government experience.

² Section 610.021, RSMo. allows personnel records to be closed.

³ My office also reviewed public information such as Missouri's Transparency Portal. That search showed no payments to Mr. Teepell or Ms. Gitcho or to their consulting firms, OnMessage Inc, and First Tuesday, in 2017.

⁴ My office requested assistance from the State Auditor as my office does not have authority under Chapter 115 to subpoena any individual or records. Auditor Galloway's subpoena powers were not needed in light of Attorney General Schmitt's willingness to provide documents that would normally be closed to my office. I commend both Auditor Galloway and Attorney General Schmitt for their cooperation.

Appendix C
Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Secretary of State Investigative Report

- iv. Mr. Teepell's role was to provide guidance to senior staff not only on how to roll out those priorities, but also on how to run a governmental entity. Mr. Teepell assisted AGO employees by sharing his experience in government administration and rolling out priorities.
- v. Ms. Gitcho's role was to provide guidance on how to communicate with the media.
- vi. Ms. Gitcho never focused on any particular media (e.g. national versus local), although she indicated to AGO employees she knew people at CNN.
- vii. Attorney General Hawley had made clear his priorities to AGO employees from the time he took office and the meetings with the consultants were simply on how to accomplish those priorities as they all related to the AGO's work priorities.
- viii. Mr. Teepell also assisted in reviewing "vague" job titles and gave guidance as to who should be doing what in the office to reduce duplication.
- ix. AGO employees did not know what Ms. Gitcho meant in her January 19, 2017 email when she said "we should all get on the same page with that before I pitch him" to Fox News.
- x. AGO employees used Google Docs because it allowed multiple individuals to work on a document at the same time.
- xi. Not all AGO employees participated in the weekly telephone calls noted on the calendars provided.
- xii. Not all weekly telephone calls noted on the calendars provided occurred.
- xiii. Not all AGO employees attended the meetings listed on the calendars provided.
- xiv. AGO employees were unsure who attended specific meetings or participated in specific conference calls that did take place.
- xv. AGO employees did not feel that they had to follow the advice Mr. Teepell or Ms. Gitcho offered.
- xvi. Attorney General Hawley running for United States Senate was never brought up during any of the meetings or conference calls.
- xvii. Mr. Teepell and Ms. Gitcho never spoke of campaigning and only spoke of office management or strategies for rollout of initiatives at the meetings and during conference calls.

Appendix C
Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Secretary of State Investigative Report

- xviii. Attorney General Hawley announced he was running for United States Senate at an executive staff meeting in August of 2017. At this meeting, he stated this was not something he had planned on doing but something he felt compelled to do.
- 9) My office also contacted the two main consultants in the documents provided by the AGO, Mr. Teepell and Ms. Gitcho. The information they provided can be summarized as follows:
 - i. Mr. Teepell and Ms. Gitcho were requested to consult with AGO employees by Attorney General Hawley.
 - ii. Mr. Teepell's primary contact at the AGO was Evan Rosell, Chief of Staff. Ms. Gitcho's primary contact was Loree Anne Paradise, Deputy Chief of Staff.
 - iii. Mr. Teepell stopped consulting with AGO employees in the summer of 2017. Ms. Gitcho stopped consulting with AGO employees in June of 2017.
 - iv. Mr. Teepell provided advice in helping the office function effectively. His advice was strategic in nature in helping AGO employees execute Attorney General Hawley's goals and priorities. Ms. Gitcho assisted in getting Attorney General Hawley's communication team up and running effectively.
 - v. Mr. Teepell travelled to Missouri six times during his consulting for the AGO, and participated in three meetings at the AGO (January, April and June). The other three times he travelled to Missouri were to attend press conferences (two in St. Louis and one in Springfield).
 - vi. Ms. Gitcho attended a human trafficking event in St. Louis in April of 2017. She also attended a meeting at the AGO in June of 2017.
 - vii. Ms. Gitcho's January 19, 2017 email to AGO employees stating "we should all get on the same page with that before I pitch" Attorney General Hawley to Fox News was meant to see if everyone agreed with her on that idea.
 - viii. Mr. Teepell did not recall Attorney General Hawley participating in any of the meetings or conference calls.
 - ix. In August of 2017, Mr. Teepell joined the Senatorial Exploratory Committee. Ms. Gitcho started working on the U.S. Senate campaign in October of 2017.
 - x. There were no discussions during any meetings or conference calls with AGO employees regarding Attorney General Hawley running for the United States Senate.
 - xi. Mr. Teepell and Ms. Gitcho sent emails to AGO employees' Gmail accounts because those were the email addresses they had for them.

Appendix C
Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Secretary of State Investigative Report

- xii. Mr. Teepell and Ms. Gitcho never received any payments from the AGO.
- 10) My office also contacted Attorney General Hawley. He provided the following information to my office:
- i. It was his decision to use Mr. Teepell and Ms. Gitcho as consultants. He made this decision in January of 2017; however, Mr. Teepell did provide informal advice during the transition.
 - ii. Ms. Gitcho stopped providing advice to AGO employees in June of 2017. Mr. Teepell stopped providing advice to AGO employees in July of 2017.
 - iii. The primary reason he enlisted Mr. Teepell to advise his team was that Mr. Teepell had previously served as chief of staff for a congressman and a governor, and it was the most effective way to execute his agenda.
 - iv. Ms. Gitcho was enlisted to advise his communications staff on communicating his priorities effectively because she was an expert in communications.
 - v. Mr. Teepell's primary contact at the AGO was Evan Rosell. Ms. Gitcho's primary contact was Loree Anne Paradise.
 - vi. Attorney General Hawley did not inform Mr. Teepell he was planning on running for the United States Senate until sometime in August of 2017.
 - vii. The AGO made no payments to either Mr. Teepell or Ms. Gitcho. Both were paid by the Hawley for Missouri Committee.
- 11) The documents provided my office show no emails between consultants and AGO employees after June of 2017.
- 12) Independent research included reviewing the following: (a) quarterly reports of the Hawley for Missouri Committee (Jan 2017 through Oct 2018 - accessed via the Missouri Ethics Commission website); (b) filings by the Josh Hawley Senate Exploratory Committee (FEC Form 1, filed August 7, 2017, and the October 10, 2017 amended statement changing the name to Josh Hawley for Senate - accessed via the Federal Election Commission web site); (c) a complaint filed by ADLF against Attorney General Hawley with the FEC dated August 2, 2017 (which also cites the *Kansas City Star* article); (d) campaign finance data for Josh Hawley for Senate for the 2018 election (accessed via the FEC website, relating¹ to disbursements to First Tuesday and OnMessage Inc.); (e) press releases from the AGO (with a focus on human trafficking, Backpage.com and/or opioid manufacturer lawsuit releases); (f) news coverage of the Hawley Attorney General campaign regarding human trafficking and/or opioid manufacturer issues; (g) Twitter feeds for Gail Gitcho and Timmy Teepell; (h) Twitter and Facebook feeds for the Hawley campaign as well as the Hawley campaign YouTube channel; (i) previous versions of the Hawley campaign web site (joshhawley.com,

Appendix C
Office of Attorney General
Review of Whether State Resources Were Used for Political Purposes
Secretary of State Investigative Report

showing an October 13, 2016 news release announcing the release of a human trafficking campaign ad (using WaybackMachine)); and (j) information available on the internet regarding when various states sued opioid manufacturers.

- 13) With respect to the initiatives cited in the Complaint, research showed that Attorney General Hawley included human trafficking in his campaign for attorney general. While my office did not find any indication that suing opioid manufacturers was part of his campaign, Missouri was not the first state to sue pharmaceutical companies relating to marketing of opioids (three had before 2017). The Missouri lawsuit was announced June 21, 2017. Ten other states filed such suits in 2017. Another 15 filed in 2018.
- 14) ADLF alleges Attorney General Hawley used outside consultants to direct AGO employees to raise his profile. However, the consultants were used to advance Attorney General Hawley's priorities as Attorney General for the State of Missouri. There is nothing showing that the consultants were used to promote him as a candidate; a requirement under Section 115.646, RSMo. In fact, Attorney General Hawley was not a candidate for any office at the time the consultants were being used, nor does the tone of the emails provided show the consultants were using AGO employees to advocate or support Attorney General Hawley as a candidate. While ADLF alleges an email just prior to Attorney General Hawley appearing on Fox News demonstrates they were attempting to raise Attorney General Hawley's profile, the email simply stated that they needed to "get on the same page." ADLF does not offer what was meant by this, and those interviewed did not know what Ms. Gitcho meant by her statement. Ms. Gitcho indicated she was wanting AGO employees' feedback to see if they agreed on pitching Attorney General Hawley to Fox News.

CONCLUSION

My office's review of the Complaint is limited to Section 115.646, RSMo. which states expenditure of public funds may not be used to directly advocate or support any candidate for public office. If reasonable grounds appear that an alleged offense has been committed, Section 115.642, RSMo. states the secretary of state may issue a probable cause statement. Probable cause exists when there is reasonable and trustworthy information that would warrant a person of "reasonable belief" to conclude an offense has been committed. *See Safford United School District No. 1 v. Redding*, 129 S.Ct. 354 (2009).

This office takes allegations that public funds were used to promote or advocate a candidate seriously. The documents reviewed only show that the consultants assisted AGO employees implementing Attorney General Hawley's priorities. The communication between the consultants and AGO employees advocated positions Attorney General Hawley held during his attorney general campaign or wished to advance after he took office. It is not unusual for elected officials to develop priorities or conduct media interviews to communicate office-related priorities that may raise their public profile.

Because the documents my office reviewed and the interviews conducted do not show that there is reasonable and trustworthy information that an offense has been committed, a probable cause statement will not be forwarded to the local prosecutor and this investigation is closed.

2

3 MR. ANDERSON: Okay. Make sure I've got
4 all the names here.

5 MR. HADEN: The first thing, Joel, I know
6 you called me to see if we were all right with the
7 AG's attorney sitting in, and we don't have any
8 objection to that. And to the extent that the
9 Attorney General's Office believes or wants to cite
10 some privilege that may be part of it, we'll just have
11 to see what happens --

12 MR. ANDERSON: Sure.

13 MR. HADEN: -- obviously during the
14 discussion here. But obviously, there's no objection
15 to that, and I know you understand that obviously
16 anytime you work as an attorney for anyone, including
17 for the Attorney General, there are certain ethical
18 obligations, so we'll have to -- as far as
19 confidentiality and everything else, and so obviously
20 the Attorney General holds certain privileges, if they
21 want to assert them, then having counsel there I think
22 is helpful so they can make that determination rather
23 than us having to speculate about it.

24 MR. ANDERSON: It sounds good to me, and I
25 think we have enough attorneys in the room to cover

1 just about everything that could possibly come up,
2 so...

3 THE WITNESS: At least real ones, yeah.

4 MR. ANDERSON: Okay. Are we about ready?

5 MS. ALLISON: I'm good.

6 MR. ANDERSON: Okay. Mr. Rosell, I'm going
7 to just kind of start things off. I don't intend to
8 ask you any questions, any audit type questions.

9 THE WITNESS: Sure.

10 MR. ANDERSON: Pam Allison is the person
11 doing the audit, so she's the one with the questions.

12 THE WITNESS: Sure.

13 MR. ANDERSON: This is not a courtroom
14 deposition, but it still will operate in much the same
15 way simply because it is being transcribed. You'll be
16 sworn in here in a second. And we'll also afford you
17 the same courtesy you have in a normal deposition,
18 once it is transcribed, you'll be able to look at it
19 to make sure it was transcribed correctly, make any
20 changes if you need to make them.

21 If at any time you have any question that you feel
22 like you need to discuss with your attorney before
23 answering, that is no problem. You can take your
24 attorney out of the room if you want to.

25 THE WITNESS: Just take him off

1 speakerphone.

2 MR. ANDERSON: Right, right, if you need to
3 consult with him on that, that's fine.

4 THE WITNESS: Okay.

5 MR. ANDERSON: And as usual -- you are an
6 attorney?

7 THE WITNESS: Yeah, inactive, but, yes.

8 MR. ANDERSON: All right. So you can go to
9 sleep here for a second. Any question that's not
10 perfectly clear to you, please ask for us to repeat it
11 or rephrase it before you answer it.

12 THE WITNESS: Sure.

13 MR. ANDERSON: You won't be asked to
14 speculate or if you are asked to speculate, you'll be
15 told you're being asked to speculate. But we want to
16 make sure that the answers that you give are the truth
17 to the best of your knowledge. And if you are
18 speculating, tell us that you're speculating so that
19 we can separate those out.

20 THE WITNESS: Sure.

21 MR. ANDERSON: Your attorney just mentioned
22 the attorney-client privilege. We have no need or
23 desire to get into any privileged matters. I think we
24 can probably phrase our questions so that we don't,
25 but we don't necessarily know what might lead into it.

1 So we'll have to depend on you, your attorney, and the
2 Attorney General's Office to stop us if something is
3 getting into a privileged matter.

4 THE WITNESS: I understand.

5 MR. ANDERSON: Okay. All right. Anything
6 else preliminary, Pam, that you can think of?

7 MS. ALLISON: Not that I can think of.

8 MR. ANDERSON: Okay. If we could swear the
9 witness, I guess we can begin.

10 EVAN ROSELL,
11 being first duly sworn, testified:

12 EXAMINATION

13 BY MS. ALLISON:

14 Q. Mr. Rosell, can you tell us a little bit
15 about your background prior to joining the AGO.

16 A. [REDACTED], went
17 to school in Texas, and went to law school at Washburn
18 University School of Law in Topeka, Kansas, and while
19 in law school, I served as the law clerk for the
20 Secretary of State at the time doing legal research
21 and whatnot.

22 Second summer of my law school, worked for the
23 district attorney's office in Wichita, and then upon
24 graduating law school worked for Johnson County,
25 Kansas, civil courts as a law clerk for two years.

1 And then worked for a litigation law firm called
2 Shaffer Lombardo Shurin in Kansas City for two and a
3 half, three -- a number of years doing medical
4 malpractice defense work, other type of litigation
5 work.

6 It was a little bit -- in 2008 we were a part of a
7 church plant, which is kind of the start of a church,
8 in the center or urban core of Kansas City, Missouri,
9 and as that church grew, my lay leadership within that
10 church grew, as well, and started to grow an affection
11 for leading and cultivating leaders more than maybe
12 litigating or fighting. And so eventually left the
13 law firm to serve as a pastor at -- it's called
14 Redeemer Fellowship Church, and there my role was to
15 continue to grow our staff and develop our teams and
16 develop leaders within that context.

17 We were still engaged in -- my wife's an attorney,
18 as well. We were engaged in some issues related to
19 education and engaged in some broader type engagement
20 beyond just like, you know, neighborhood issues, and
21 so just through natural curiosity began starting to
22 read some of the articles that Senator Hawley had
23 written at the time. We grew to know each other
24 through that. I think I was at a CLE once that he
25 taught a number of years back.

1 And so that's kind of my background at least
2 leading up to the AGO.

3 [REDACTED]

4 [REDACTED]

5 [REDACTED]

6 [REDACTED]

7 [REDACTED]

8 Q. So that's kind of how you got to know

9 Attorney General Hawley, then, or --

10 A. Yeah. Yeah.

11 Q. So kind of what transpired to have you be
12 the chief of staff of the AGO?

13 [REDACTED]

■ [REDACTED]

■ [REDACTED]

3 And after the election, I called him to
4 congratulate him on his victory. This would have been
5 in November, 2016, I believe, a couple of days after
6 that election. And he had kind of -- we'd had some
7 career type conversations as friends just, you know,
8 where -- where I felt like the Lord was leading me and
9 kind of how that would play out.

10 And then after he won, he asked, you know, Well,
11 where are you on some of those thoughts? And I said,
12 Well, you know, I don't know. I really would like to
13 lead from a public kind of role. And so he said,
14 Well, let me think about that because there may be a
15 role for you in the administration, particularly
16 relating to, you know, staff and organizations. I
17 think he was aware at the time that it hadn't -- the
18 office hadn't changed parties in a long time, and so
19 just the nature of how to organizationally do some of
20 that change, I think, and maybe that was in his mind.
21 I can't speak for him in terms of why he brought that
22 up, but through a series of conversations, we both --
23 he asked me to come be his chief of staff in, I think,
24 late -- mid to late November. I don't remember the
25 specific date, we committed to that.

1 **Q. Okay. Did you start -- when did you start**
2 **working for the Attorney General's Office?**

3 A. For the office, when we took office in --
4 was that July or --

5 **Q. January?**

6 A. January 9th or --

7 **Q. 2017?**

8 A. Yes, ma'am, yes, ma'am.

9 **Q. Okay.**

10 A. I believe there was a point in time where I
11 had worked for the transition. I remember receiving
12 one check from the transition budget line, or
13 something to that effect, as we were beginning to set
14 up the office.

15 **Q. So what did your duties and**
16 **responsibilities entail as chief of staff, and**
17 **then did those change or how did they change over the**
18 **course of your employment?**

19 A. Yeah, I think the heart of things really
20 working toward budget work, making sure that from a
21 budget standpoint, we were able to implement the
22 initiatives that then General Hawley -- I'll be
23 confused as to what to call him. But if I refer to
24 "Senator Hawley," it's because I'm referring to then
25 Attorney General Hawley.

1 So budget was a key piece, and in that respect I
2 worked a lot with Rhonda Meyer, who's a deputy chief
3 of staff and had been in that role for decades across
4 many different administrations. And she was just a
5 vital resource and was a fantastic person to work with
6 in terms of experience and knowing how the office
7 worked and those types of things.

8 Staffing was another big piece, personnel. We --
9 I believe General Koster had run for governor, did not
10 win, so there was kind of some staff shakeup in terms
11 of, you know, folks who were perhaps going to be a
12 part of his office or not.

13 But there was a significant amount of personnel
14 work that needed to be done in terms of taking a look
15 at how the office had functioned in the past, taking a
16 look at how we had structured the different divisions
17 and sections and how they related to each other, and
18 thinking through whether there were opportunities for
19 efficiency within the office, and so from that kind of
20 organizational framework was a part of that.

21 Also, part of just the nitty-gritty of helping to
22 hire a number of different attorneys. I've found that
23 in the public sector, it's a great opportunity to come
24 and get great legal experience. And so oftentimes
25 we'd have young lawyers coming to the Attorney

1 General's Office, I'm sure like the Auditor's office
2 or the Secretary of State's office or the Governor's
3 office, or any other public sector area where you can
4 get some real hands-on experience, and then use that
5 to then further your career outside of the office.

6 And so with that kind of turnaround, we would
7 always -- it was constant work to be, um, you know,
8 replenishing great attorneys throughout the state and
9 those types of things.

10 So those were the broad, the big, broad
11 significant categories then.

12 **Q. Okay. So when did you leave the AGO?**

13 A. Let's see, March, I believe my final day
14 was March 1st of 2018. Whether or not that was the --
15 that was the general time frame. I'd have to look
16 back and see when the actual technical final day was
17 but, yeah, March of '18.

18 **Q. Okay. So when you were in office, chief of**
19 **staff, how did you communicate with Attorney General**
20 **Hawley?**

21 A. Mostly we would communicate through phone
22 calls, through in-office meetings. There would be a
23 weekly kind of senior staff meeting. I believe it was
24 on Tuesday mornings. We would -- we would communicate
25 that way.

1 Oftentimes, I'd communicate through other people
2 who would have more direct touch points with him.
3 Loree Anne Paradise was one who had frequent touch
4 points with General Hawley. Mike Martinich-Sauter had
5 frequent touch points with General Hawley. John Sauer
6 would have, particularly in the legal realm, would
7 have frequent touch points with General Hawley.

8 So those were kind of the broad ways we'd
9 communicate.

10 **Q. And did you use e-mail or text or --**

11 A. Yeah, sometimes we would text, kind of
12 short, you know, Are you coming in? Are you coming in
13 today? Are you available for a phone call later on?
14 Those types of conversations. And generally e-mail,
15 not -- not really, no.

16 **Q. Okay. So, did you use your state-issued**
17 **phones for the text or was it a personal cell phone**
18 **for texts?**

19 A. I believe it was personal for phone -- or
20 for the texts, yeah.

21 **Q. Okay. Would you be able to provide those**
22 **to us?**

23 A. I don't believe that I have any of those,
24 um, uh, but I could look.

25 **Q. Okay. So how did you communicate with the**

1 **staff in the Attorney General's Office, kind of the**
2 **same --**

3 A. Yeah, I think generally speaking we -- most
4 of us were based in Jefferson City. I was based in
5 Jefferson City. Loree Anne was based in Jefferson
6 City. Mike Martinich and John Sauer were based in
7 Jefferson City, although they would -- well, they had
8 offices in St. Louis, but they were in Jefferson City
9 a couple days a week. Probably spent a lot of time on
10 the road.

11 So I -- mostly we would just talk in person in the
12 office. Darrell Moore obviously was a part and was in
13 Jefferson City, although he was based and lived in
14 Springfield. Ryan Bangert was based in Jefferson
15 City, as well.

16 So mostly we would talk in person. Sometimes we
17 would talk via our AGO e-mails, I'd say that would be
18 the bulk of kind of nonpersonal interaction.

19 There would be times where we would text about
20 different stuff. If it was kind of a short, quick
21 kind of area, Are you coming to this meeting? type of
22 thing.

23 And then there were odd, you know, certain
24 instances where private e-mail was used, and, but that
25 wasn't, certainly, the bulk of, I think, our

1 communications.

2 **Q. Okay. So you would have used private**
3 **e-mail and then private text or state text?**

4 **A.** I think I used my private text. Those were
5 the numbers that I had in my phone when we first met
6 each other and sometimes in the transition, and so we
7 would use those texts for the most part, yeah.

8 **Q. Okay. And then private e-mail, do you**
9 **think you interacted with staff with private e-mail**
10 **or --**

11 **A.** Yeah, at times, yeah. I would say
12 certainly the bulk of that through public e-mail, but
13 at times private e-mail.

14 **Q. Like Gmail or --**

15 **A.** Yeah.

16 **Q. Okay. So would you be able to provide some**
17 **of those e-mails?**

18 **A.** I could look to see what -- what remains.
19 In terms of mine, I could certainly take a look at
20 that.

21 **Q. Okay. So how were -- I'm going to kind of**
22 **talk about meetings, but how are meetings and**
23 **conferences with the Attorney General scheduled or**
24 **held, or where were they held and how were they**
25 **scheduled?**

1 A. Yeah, I think there would be, you know,
2 standing meetings as a category and then other, you
3 know, either subject matter based or impromptu, those
4 types of meetings, as well.

5 So standing meetings, I believe it was Tuesday
6 mornings every week that we would meet. And the folks
7 who were involved in those would be John Sauer as
8 first assistant; Ryan Bangert as Deputy Attorney
9 General with the civil division; Darrell Moore, Deputy
10 Attorney General over the criminal division; Mike
11 Martinich, who is Deputy Attorney General, I don't
12 know the specific title, but kind of policy and
13 general counsel type stuff, and, uh, Loree Anne
14 Paradise, who was deputy Attorney General, as well.
15 So, we would meet probably weekly, Tuesday mornings.

16 And then to the extent other meetings would come
17 up with General Hawley, you know, he'd call one of us
18 on the office line or Mike would say, Hey, I'm going
19 to meet with General Hawley on X, Y, and Z; can you
20 pop in? those types of things. So that's essentially
21 how those meetings would go.

22 **Q. Did you put those on your calendar and use**
23 **the calendar invite?**

24 A. For the standing meeting, I would certainly
25 probably have had that on my calendar. For the

1 others, it was mostly based around General Hawley's
2 availability, and so I think those wouldn't have been
3 set in stone, so much.

4 They were more frequently context where General
5 Hawley was in the office and wanted to discuss a
6 certain matter and it was, Hey, go grab Evan. Or,
7 Hey, Evan, can you grab Mike or can you grab Ryan?
8 and we can discuss a certain matter. And we'd just do
9 that immediately so there wouldn't have been a need to
10 put that on the calendar, I don't think.

11 **Q. Okay. Now did Attorney General Hawley have**
12 **the office calendar and then a personal calendar, or**
13 **do you know?**

14 A. I don't know. I was aware of a Gmail
15 calendar that was used. I don't think I did any
16 scheduling for him, so I'm not sure --

17 **Q. Okay.**

18 A. -- how exactly he used that. Um --

19 **Q. So do you know who did the scheduling?**

20 A. I believe Loree Anne did that, so, I
21 think -- you'd have to talk to her about how that was
22 done, and that sort of thing.

23 So, um, my schedule, um, was the -- the public
24 schedule. I had an assistant for a period of time
25 named Shantell Taylor who did some scheduling work,

1 and then after that another assistant helped with some
2 of that work, as well, so...

3 **Q. So did they kind of track your calendar or**
4 **put those meetings, like those Tuesday meetings on**
5 **your calendar?**

6 A. Yeah, yeah, those types of things, uh-huh.

7 **Q. Okay. Anybody else attend those meetings**
8 **or conferences other than those that you mentioned?**

9 A. I don't believe so. That was certainly the
10 regular, um -- the regular group when I was there.
11 Um, I believe once Daniel Hartman came in to discuss,
12 um, a software update within the office called
13 iManage, but that was kind of a -- um, he came in to
14 talk to that group but wasn't a regular attendee in
15 those meetings.

16 **Q. Okay. So did you have like meeting agendas**
17 **or did you know kind of what you were going to talk**
18 **about at each meeting? Was there written agendas or**
19 **notes or --**

20 A. No, I think I would -- and this is a number
21 of years ago, so I'm trying to think through kind of
22 what our daily practice was or our weekly practice. I
23 would generally connect with John Sauer, and John
24 would have -- as first assistant, would have me, Ryan
25 Bangert, Darrell Moore, Loree Anne in his office, Mike

1 probably. Essentially everybody who was in that
2 meeting besides the Attorney General, we would meet
3 ahead of time just to discuss which issues were mature
4 to bring up in that meeting, what updates were
5 material. It circled a lot on legal work, um, how
6 cases were moving forward and those types of things.

7 So I'd say John was probably the point person
8 on -- on that meeting, um, but it was helpful for the
9 rest of us to get a view into the different things
10 that were happening within the office, and, um, so
11 that's kind of how we would put things together.

12 I don't know that we -- I don't think we had a
13 written agenda just because we would roll from that
14 kind of planning meeting into -- into, um, the meeting
15 with the Attorney General, so...

16 **Q. Okay. Would you have taken any notes?**

17 A. I mean, I'm sure at some point would have
18 taken notes about different things. I couldn't tell
19 you that I have anything like that.

20 **Q. So you don't think you have any of those**
21 **notes --**

22 A. I don't --

23 **Q. -- or think you would still have any --**

24 A. No, I don't think I have any of those
25 notes.

1 Q. Okay. So how are meetings with the
2 consultants, specifically Mr. Teepell and Ms. Gitcho,
3 scheduled or held?

4 A. There was, early on, let's see, early on in
5 the administration, I'd say January, February-ish,
6 there was a call with Attorney General Hawley where
7 Loree Anne, Mike, and I from the office would jump on
8 that call. Um, I believe Timmy and Gail or some very
9 -- you know, I don't know if it was both of them all
10 the time or one of them or -- or -- or what.

11 I remember three or four instances early on where
12 we would have a -- a phone call, um, and I think this
13 was, um -- I'm not sure if our Tuesday afternoon -- or
14 Tuesday morning kind of office meetings had been
15 established at that point, but we would kind of talk
16 through. General Hawley would raise different policy
17 issues. Mike Martinich was kind of leading the human
18 trafficking and opioids work, and so that was a
19 context to update General Hawley on those initiatives.

20 And then we would jump off the phone at a certain
21 point, and then I believe General Hawley would stay on
22 and discuss other matters with Gail and Timmy. But
23 there was always a point where we jumped off the
24 phone, and our involvement in those phone calls were
25 only relating to our official kind of office -- office

1 type initiatives.

2 And so, um, I -- I would imagine that sometimes
3 Gail and Timmy would weigh in on those types of
4 initiatives, those types of things, but it certainly
5 wasn't something to cross the line toward political or
6 anything like that. Campaign -- no discussion, ever,
7 of campaign or that -- that sort of strategy or
8 anything like that.

9 Q. So, um, how many of those meetings or phone
10 calls did -- did you have?

11 A. I remember --

12 Q. Do you know?

13 A. This is an estimation, but three or four,
14 and I recall that there was a standing invite -- or
15 there was a standing meeting on my calendar that
16 Shantell put on there that probably persisted beyond
17 the times that I actually joined those calls or was in
18 that meeting. And so I remember noticing that when
19 the Secretary of State's office looked at some of our
20 calendar stuff, and it seemed like there was a
21 recurring meeting that went on beyond the times that I
22 would have joined.

23 So I would have said three or four of those -- of
24 those calls, but that's, again, an estimation.

25 Q. Okay. And who all was in on those phone

1 **calls?**

2 A. Um, I believe it was General Hawley, Loree
3 Anne Paradise, Mike Martinich, sometimes Timmy,
4 sometimes Gail. I don't know if someone named Brad
5 Todd was in on those calls, as well. Um, Aaron Trost,
6 perhaps, I think was associated with those calls early
7 on, but I couldn't tell you.

8 **Q. And Brad and Aaron are with -- are they**
9 **with the AG's office or are they with --**

10 A. No, I believe those were -- I believe Brad
11 Todd, I believe he was with OnMessage. I've never met
12 him, so I don't -- I haven't followed these issues, so
13 I couldn't tell you where they are today.

14 And Aaron Trost was involved, I believe, with the
15 AG campaign in 2016. [REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

21 But those were the folks that I would -- I believe
22 were on those calls, at least that I was there with.

23 **Q. Okay. So you mentioned those phone calls**
24 **were typically on your AGO calendar or were they your**
25 **private calendar?**

1 A. I believe they were on my AGO calendar.

2 **Q. So that's kind of how those were tracked?**

3 A. Yeah, for my own sake. I couldn't tell you
4 about other folks, but for me, we were discussing
5 office -- office initiatives and so that was on that
6 one.

7 **Q. Okay. So you'd talked about those Tuesday**
8 **meetings. On your calendar there were 10:30 executive**
9 **meetings held every Thursday; is that kind of the**
10 **meeting that you were talking about?**

11 A. Yeah, I described that as the -- I don't
12 recall at this point when, exactly, it was, but that
13 sounds right, yeah.

14 **Q. And so what you've mentioned before was**
15 **generally what was discussed, kind of policy and what**
16 **was going on in the office versus civil or criminal?**

17 A. Which -- what meeting are you referring to?

18 **Q. The Tuesday, 10:30 meetings.**

19 A. Okay.

20 **Q. The executive meetings --**

21 A. The executive meetings.

22 **Q. -- is what it was called on the calendar.**

23 A. Yeah. Again, those would have had John
24 Sauer and Darrell Moore, Ryan Bangert, Mike Martinich,
25 General Hawley, Loree Anne, and I would say that those

1 issues were, um -- there were certainly legal elements
2 to those, updates, case updates, kind of getting
3 direction from General Hawley on things.

4 I imagine there would be updates that I would
5 provide about staffing or budget or to the extent
6 there were legislative things that our office needed
7 to think through, we tried to have that as a meeting
8 to understand kind of the different complexities of
9 the office and how they related together and making
10 sure we were being efficient and comprehensive.

11 So I wouldn't say that they were policy only or
12 legal only. It was probably a mix of both, but I -- I
13 I couldn't tell you that there was --

14 **Q. Okay.**

15 **A. You know.**

16 **Q. So sometimes on your calendar they were**
17 **called "executive meetings," and then other times they**
18 **were called "executive litigation meetings." So I**
19 **didn't know if there was a clear -- when it was**
20 **executive litigation, you were talking more the mix**
21 **versus -- so can you explain the difference, I guess.**

22 **A. Yeah. Um, to the extent I can. I know**
23 **that, um, probably as our -- as those meetings**
24 **developed and as we honed in on what was productive,**
25 **um, there was probably a -- a focus on litigation.**

1 You know, General Hawley was a very engaged litigator,
2 you know, so he would, um, have had input on -- on
3 cases and those types of things.

4 And there was probably a shift early on where Mike
5 Martinich would have more policy conversations with
6 General Hawley one on one in his office or via phone
7 call or something. I'm speculating to that effect.

8 And so that meeting probably matured toward
9 efficiency by focusing in on litigation type things,
10 but I think, you know, that was -- from what I can
11 remember, that was the thrust of it.

12 So that's where our premeetings with John -- John
13 kind of led that as kind of leading the legal element
14 of the office, and Ryan Bangert and Darrell Moore
15 would kind of bring updates on significant cases and,
16 um, we would certainly be a part of those
17 conversations. I say "we" meaning me and Mike and
18 Loree Anne.

19 But, you know, as deputies, Darrell and Ryan
20 worked a lot with John Sauer and they would kind of
21 bring things to General Hawley as they warranted his
22 attention.

23 **Q. Okay. So do you think when those were**
24 **scheduled as executive versus executive litigation,**
25 **there was kind of a defining line on how you scheduled**

1 **those?**

2 A. I don't -- I don't -- I don't know that
3 there was a dividing line. I think Shantell probably
4 scheduled some of those, and I don't know if she was
5 aware of the nature of the liti -- you know, the
6 litigation nature of that, but I couldn't tell you,
7 you know, whether or not that gradual shift affected
8 how we scheduled it or not or what language was used.

9 I think Shantell left at a certain point in time
10 in the office, at which point I probably put
11 "executive litigation," because that's what -- and I'm
12 speculating here again, I don't have those calendar
13 things in front of me. But if she would have put the
14 first kind of recurring meeting times up there,
15 perhaps when she was gone I put "executive litigation"
16 calendar meetings, because that was more appropriate
17 to what it was, but I couldn't say much more than
18 that.

19 **Q. Okay. And you don't think you had any**
20 **agendas or itinerary or you would have taken any notes**
21 **or kept any of those, right --**

22 A. Uh --

23 **Q. -- from what you said earlier?**

24 A. I probably would have kept notes, just kind
25 of action points for myself, but I can't imagine that

1 I've kept any of those.

2 Q. Okay. Okay. Also throughout 2017, it
3 looked like there was a nine o'clock phone call to
4 phone number 641-715-3580 every Tuesday prior to those
5 executive meetings. Who was involved in those phone
6 calls?

7 A. Okay. That's the phone call I was
8 describing earlier. So, you know, this was -- it's a
9 guess, but probably three or four calls that I was a
10 part of that. Again, this is where Shantell probably
11 would have scheduled something and then it was
12 recurring, but I -- I -- I recall that I, um -- I was
13 not on these phone calls probably more than three or
14 four times as a guess.

15 In terms of your question of who was there, that
16 was again the group with General Hawley, Loree Anne
17 Paradise, Mike Martinich from the office, and then
18 probably Timmy Teepell, Gail Gitcho, perhaps Aaron
19 Trost was on a couple of those calls, perhaps Brad
20 Todd was on a couple of those calls. I couldn't tell
21 you with certainty who was on every time.

22 Q. Okay. So was an agenda sent to you by
23 Hawley or Teepell or Ms. Gitcho about what topics you
24 were going to discuss?

25 A. I can't recall that. It would have largely

1 been -- um, I'm trying to remember, but it would have
2 largely been relevant to whatever major issue the
3 office was pursuing at the time. So if we were
4 working hard on human trafficking and if there was a
5 human trafficking issue that was coming up, it would
6 have been, you know, relevant to that type of a
7 conversation. If there -- if there was an opioid
8 conversation, then it would have been relevant to
9 that.

10 And, again, I probably had three or four of these,
11 as a guess. Not very long. I don't recall that these
12 persisted beyond much of early 2017.

13 **Q. What kind of time frame do you think?**

14 A. Um, you know, if they were weekly and it
15 was three or four, I'd probably say -- again, this is
16 a guess. I don't have any of these dates in front of
17 me, but probably not beyond February, 2017, or March,
18 2017. But I, again, I -- if -- if there was an
19 outlier call or something, that could be true --

20 **Q. Okay.**

21 A. -- I just don't know.

22 **Q. So you don't think there's any notes or**
23 **agenda or --**

24 A. I don't believe so.

25 **Q. -- anything?**

1 A. (Shaking head.)

2 Q. So would you have received an invite from a
3 personal e-mail or a personal calendar or --

4 A. If it was --

5 Q. -- or is that your state calendar?

6 A. I -- I mean, if there was an invite on
7 my -- on my state calendar, I believe that would have
8 been it. I don't know, having gone back and looked at
9 that, um --

10 Q. So you think Shantell scheduled that for
11 you, or Loree Anne?

12 A. I believe so. Yeah, I believe -- no, Loree
13 Anne didn't ever schedule anything for me --

14 Q. All right.

15 A. -- but I would -- Loree Anne and I, our
16 offices were right next to each other, so there
17 certainly could have been occasions where, Hey, are we
18 having a nine o'clock call today? Yes. You know.
19 And if the number was on my state calendar, then I
20 just -- I'd call it. I don't remember discussing much
21 in that meeting. I remember deferring to Mike on kind
22 of policy updates and those types of things.

23 Q. All right. So to talk a little bit more
24 about the consultants, in your statement to the
25 Secretary of State, you indicated you worked with both

1 Timmy Teepell and Gail Gitcho during your time as
2 chief of staff at the AGO's office, and that Attorney
3 General Hawley first introduced you to Teepell.

4 A. (Nodding head.)

5 Q. Do you recall the time and manner in which
6 Hawley introduced you to Mr. Teepell?

7 A. Yes, generally, and I haven't reviewed any
8 of the Secretary of State's materials here, but from
9 memory, I believe, after I had committed to the role
10 of chief of staff in November of 2017, General Hawley
11 said, Hey, I want to put you in touch with Timmy
12 Teepell. He was a former chief of staff, I believe,
13 for the governor in Louisiana, and has great insight
14 and guidance on the role.

15 And so I remember having a number of conversations
16 with him before we took office about just the role of
17 chief of staff. And, you know, I'd had some public
18 sector experience in law school, but -- but relatively
19 new to the world, um, and, uh, and so would have kind
20 of conversations with him about, you know, what it's
21 like, when it's -- when we're in session, you know,
22 when the legislature is in session versus out of
23 session and how kind of those rhythms work well, or,
24 you know, the role of the office or the major
25 initiatives and -- and -- and those types of things.

1 So it was more probably, um, I'd -- I'd phrase it
2 in terms of mentoring or conversations about how to be
3 a good chief of staff within the office. Nothing that
4 I can recall in terms of campaign stuff or, um,
5 politics or that sort of thing.

6 **Q. So were those in-person meetings or was**
7 **that phone calls?**

8 A. Early on --

9 **Q. Kind of prior to inauguration.**

10 A. Yeah, prior to inauguration, that would
11 have been phone calls. Maybe we'd chat once a week or
12 so about things. Um, I probably -- and this is going,
13 again, by memory [REDACTED]

14 [REDACTED] but, um, I probably met him for the first time
15 in person after we were in office, but I -- I
16 couldn't -- I couldn't swear to that. But I think
17 that's the general memory of it I have.

18 **Q. So how did Teepell become involved with the**
19 **Attorney General?**

20 A. I don't know. Um --

21 **Q. Okay.**

22 A. My understanding was that they worked on
23 the campaign, the 2016 attorney general campaign
24 together. That was my understanding when I first met
25 him, but I --

1 **Q. Then how did he become involved with the**
2 **Attorney General's Office?**

3 A. Sure. I believe there were a couple of
4 instances when they were in town. I said "they,"
5 probably Timmy and Gail or maybe -- I can probably
6 recall two or three times when they were in town, um,
7 and that they would come by the office, um, and either
8 meet with General Hawley and -- and office staff about
9 office initiatives, um, or, uh, there were instances
10 where he would meet with some of our staff without
11 General Hawley, and we would talk about kind of key
12 initiatives within the office and those types of
13 things.

14 So, um, you know, it was always my understanding
15 that General Hawley knew about that and, um, um, kind
16 of -- I couldn't speak to their -- his conversations
17 with Timmy about that, but I think the intent was
18 always to help our staff grow and to, um, help -- help
19 us think through the best ways to bring about
20 effective results in the initiatives that our office
21 was -- was defining.

22 **Q. Do you remember the dates of when they came**
23 **to the office?**

24 A. I remember something in January or
25 February, I think early on in 2017, but that was a

1 very short meeting. I think, um -- I remember General
2 Hawley being there, I remember John Sauer being there,
3 perhaps Mike Martinich was there. But it was like end
4 of the day, they'd maybe had some other meetings that
5 I don't think I was a part of, and then we just talked
6 about like human trafficking or those types of
7 initiatives.

8 The other -- refresh me again on your question? I
9 want to make sure I'm tracking you.

10 **Q. Just when do you think those meetings**
11 **occurred --**

12 A. Yeah, yeah.

13 **Q. -- there in the office?**

14 A. Okay. Yeah. I know there was a time after
15 the legislative session in 2017, or toward the middle
16 part of 2017. I couldn't tell you a specific date,
17 whether it was April, May, June, or July, but sometime
18 in that time frame where I remember Timmy coming in
19 town, meeting with some of us individually in the
20 office about office initiatives, about, you know, how
21 we could move forward things like opioids -- opioids
22 or human trafficking, those types of things.

23 And then I remember a meeting with Timmy -- I
24 don't know if Gail was there or not -- sometime within
25 that time period, probably connected to our -- to an

1 individual meeting that I'd had or that we had had
2 with them separately. And maybe after that meeting we
3 all got together or maybe before that big meeting, all
4 of us met with them individually, where we went kind
5 of around a big table. And I believe that included
6 Loree Anne, Daniel Hartman, um, Rachel Hassani, who
7 was doing legislative work at the time, um, perhaps
8 Elizabeth Johnson, who had grown into the office to
9 help Loree Anne with some of the communications work,
10 and there may have been others, as well.

11 But that was a, um, a meeting that was probably an
12 hour or something, and we had talked about office
13 initiatives and kind of what direction we'd had from
14 General Hawley and how we could implement some of
15 those things well.

16 Then I remember, um, maybe it was associated with
17 that time period, as well, going to breakfast with
18 Timmy, and that was kind of more just of a personal
19 nature of, you know, the role of a chief of staff
20 is -- can be difficult and having to navigate
21 different complexities with staff and personnel and
22 how do you -- how do you do it?

23 I think my core ethos was I want to work my
24 hardest to put our team in positions where they have
25 the resources that they need to be successful; they

1 have the clarity that they need to be successful, and
2 that they have the capacity and, um, desire to be
3 successful, as well.

4 So, you know, just from a leadership development
5 standpoint, I remember a conversation with Timmy at
6 Panera about, Hey, how can I grow to do that? And I
7 believe that was in the same time period, probably
8 summer-ish of 2017, although I couldn't tell you
9 specifically.

10 There may have been other meetings in addition to
11 that, but I wouldn't -- I wouldn't say that there were
12 more than three or four, total.

13 **Q. Okay.**

14 **A. Um --**

15 **Q. Were those all held at the Attorney**
16 **General's Office in Jefferson City or were there some**
17 **in Kansas City or St. Louis?**

18 **A.** So anytime I ever met with Timmy or Gail,
19 it would have been at the Attorney General's Office in
20 Jefferson City, with the exception of that one
21 one-on-one meeting where we met at Panera in Jefferson
22 City, which was, again, kind of more of a personal
23 development type deal.

24 There were times where we saw them. Like we had
25 an event at a safe house in St. Louis for human

1 trafficking, and they were present there, but that
2 wasn't a meeting with them. It was more just seeing
3 them there and that sort of thing.

4 **Q. Okay. So would you have taken any notes or**
5 **had any agendas of those actual in-person meetings?**

6 A. I don't know that I would have taken notes,
7 um, not in the one-on-one meetings and if so, I
8 don't -- I don't have them. I sometimes would, if
9 we'd have meetings, would send e-mails to folks
10 saying, Hey, just following up, you know. We
11 discussed this, this, and this, and here are some key
12 action points.

13 I think any good meeting has action points coming
14 out of it and, you know, trying to keep the team
15 clarified and those types of things, would have been
16 there, but I -- I don't recall. I'm sure I took
17 notes, but I don't have any of those notes with me.

18 **Q. So who set up the meetings with Mr. Teepell**
19 **and Ms. Gitcho?**

20 A. Yeah, I don't know that there was a
21 practice. I don't know that there was a, um, this is
22 how this always happens. I think we're probably
23 talking over a six-, seven-month time period that, you
24 know, two or three -- two or three deals. I, you
25 know, it's probably such that Loree Anne said, Hey,

1 Timmy and Gail are going to be in town; they're going
2 to stop by the office on this date or that date, but,
3 uh -- or perhaps General Hawley would have said
4 something about that, but I don't recall a practice or
5 the specifics of how those things would have been set
6 up.

7 **Q. You think it would be in person or e-mail**
8 **or --**

9 A. It depends on the logistics of it. I
10 think --

11 **Q. Or --**

12 A. I can't recall one way or the other. I'm
13 sure, when we had the big circle group together, that
14 there was probably e-mail because it was just more
15 complex in terms of, Hey, can everybody get together
16 at, you know, this time in the AG's office in the big
17 conference room there.

18 **Q. Do you think that was done personal e-mail**
19 **or state e-mail?**

20 A. I can't remember right now, I truly can't.
21 So, I don't want to speculate as to what that was. It
22 could have been personal, it could have been public.
23 I'm not sure.

24 **Q. You think those would have been put on your**
25 **calendars?**

1 A. Could have been, yeah. I can't -- I don't
2 have a specific memory of whether it was or not. Um,
3 you know, sometimes you'd put a hold, a general hold
4 or something on a calendar. So I don't know, but it
5 wouldn't be outside the reach for it to be on my
6 calendar.

7 **Q. Would you have exchanged any e-mails with**
8 **outside political consultants prior to the**
9 **inauguration?**

10 A. Yes.

11 **Q. Okay. Do you think you have those?**

12 A. I don't know. I could look, but I don't
13 know.

14 **Q. If you could provide them if you do. Do**
15 **you know what the details of those e-mails would have**
16 **been or...**

17 A. I recall some logistics in terms of the
18 inauguration itself. Um, I recall e-mailing with
19 General Hawley ahead of the inauguration about kind of
20 office stuff or transition stuff. Um, it's possible
21 we could have e-mailed with Timmy and Gail about
22 transition stuff, as well, so I -- I couldn't tell
23 you. That's going on almost three years ago, so I --
24 I couldn't tell you specifically.

25 **Q. Okay. So in your statement to the**

1 **Secretary of State, you stated the first time you met**
2 **Ms. Gitcho was mid January, 2017, at the AGO's office.**
3 **Do you know who arranged for Ms. Gitcho to attend that**
4 **meeting?**

5 A. I would assume General Hawley, but I
6 wouldn't know. This was -- I think I referenced
7 this -- that meeting, um, earlier a few minutes ago
8 when there was -- when I described a meeting in
9 January or February or sometime early in the -- in the
10 administration when, um -- the way I recall it,
11 General Hawley was meeting with them.

12 They were in the office and it was a circumstance
13 where John and I popped in or -- John Sauer and I,
14 perhaps, or Mike Martinich and I. I couldn't tell you
15 exactly who all was there, but I recall General Hawley
16 and Gail Gitcho and Timmy being there, and when we
17 popped in, it was probably thirty minutes or
18 something. It was probably, A, to meet in person and,
19 B, to talk about some of the key office initiatives,
20 which I believe at the time would have been, you know,
21 some of the federal overreach work, some of the human
22 trafficking work, opioids work, some of those types of
23 things that General Hawley had set as kind of office
24 priorities.

25 But, again, that's -- the substance of that is

1 speculation, but that's kind of generally all we ever
2 spoke about there. So, that's the same meeting where
3 I probably met Timmy and Gail at the same time.

4 **Q. Okay. Did you have any meetings with any**
5 **other outside consultants besides Ms. Gitcho and**
6 **Mr. Teepell?**

7 A. I don't believe so. I remember talking
8 with a gal named Katie McGurk in the transition, and I
9 believe she had done fundraising work for General
10 Hawley.

11 But my only engagement or interaction with her was
12 with regard to the logistics of the inauguration of,
13 you know, invites or, you know, where General Hawley
14 needed to be at a certain point in time. And I was
15 kind of a point man for General Hawley that day, and
16 his wife, Erin, to help them get to the different
17 spots that they needed to be.

18 So I would have talked with her, I'm sure, about
19 some of those logistics because she was kind of
20 running point on that, I think.

21 **Q. Do you know what kind of time frame?**

22 A. That would have been, um, December, early
23 January of 2016 and '17.

24 **Q. Okay. And that was the only time you met**
25 **them or met her?**

1 A. I believe so. (Nodding head.)

2 Q. Okay.

3 A. Uh, one day I took a vacation day to go to
4 a Lincoln Days event. Is that what it's called, is it
5 called Lincoln Days?

6 Q. Mm-hmm.

7 A. I had never been to one of those before. I
8 thought it would be a good opportunity to meet other
9 lawmakers and folks that worked either in the
10 legislature or those types of things, and she may have
11 been there at that event, too. I couldn't tell you
12 when the specific date was of that, but I didn't have
13 any responsibilities then. I just, um, drove down and
14 drove back up.

15 Q. Where was that at, Lincoln Days?

16 A. I think it was Springfield.

17 Q. Okay.

18 A. But, again, I couldn't tell you the logi --
19 I couldn't tell you.

20 Q. You think that was in 2017?

21 A. Yeah, I believe it was --

22 Q. Spring?

23 A. -- in '17, yes, ma'am.

24 Q. Okay. All right.

25 A. Is it held in the same time period every

1 year?

2 Q. I'm not sure.

3 A. So...

4 Q. All right. So in your statement to the
5 Secretary of State, you stated you met with the
6 outside political consultants three to four times, and
7 you kind of indicated just now you thought January of
8 '17, then you thought -- when do you think the other
9 two or three times were?

10 A. Um, this is an estimate. I truly don't
11 recall all the specifics of it. I know that there was
12 probably one, uh, series of meetings over the course
13 of a day or two, and if that would have been May,
14 June, July, um, could have been August, but I doubt
15 that it would have been that deep, where I -- I recall
16 the breakfast meeting with Timmy, the one-on-one kind
17 of personal development meeting.

18 There was probably another meeting in my office
19 that was one on one with Timmy, same sort of thing.
20 And then there was a roundtable meeting of four or
21 five different folks from our office that were
22 present, and I believe Timmy was present there, too.
23 I don't know if Gail was there.

24 So that combined with the January meeting would
25 probably be the three or four that I'm -- I'm

1 referring to, or those types of things.

2 **Q. So the four or five that were at the**
3 **roundtable meeting, same folks, or anybody additional?**

4 A. Same folks. Same as what? I'm asking. I
5 don't understand your question.

6 **Q. Loree Anne Paradise, you indicated**
7 **Martinich-Sauter, Sauer, anybody else from the AG that**
8 **would have been in those meetings?**

9 A. I don't know -- I don't think I described
10 Sauer as being at that meeting.

11 **Q. Okay.**

12 A. I think that meeting, remember it being in
13 the afternoon, I remember Loree Anne being there. I
14 think Elizabeth Johnson was probably there. She'd
15 worked with and kind of for Loree Anne at the time.
16 Rachel Hassani was there from the legislative
17 standpoint. Maybe somebody from constituent repre --
18 constituent services was there. Daniel Hartman was
19 probably there. He was doing work on some veterans
20 initiatives, and, um, some early-stage human
21 trafficking stuff.

22 And so those were the folks that I can recall, at
23 least today, being at those meetings. There could
24 have been more, there could have been fewer. Um, but
25 just from a general recollection --

1 Q. Okay.

2 A. -- I believe that's, um, the majority of
3 those folks.

4 Q. And that meeting was in Jeff City, too?

5 A. Yes, ma'am.

6 Q. Okay.

7 A. In the office.

8 Q. All right. And those meetings scheduled on
9 their office calendar --

10 A. I believe so. Yeah, I think --

11 Q. -- or by e-mail or --

12 A. Yeah, I think -- and I believe I referenced
13 this a second ago. I think I would have scheduled
14 those on my office calendar, um, and having that --
15 those -- those people at the, um -- at the table, I'm
16 sure there was an e-mail that went out about
17 scheduling that just with -- you know, if it's one or
18 two people, you can kind of grab -- you know how the
19 office works. If it's one or two people, you can kind
20 of grab them on the fly.

21 To the extent you're trying to find a time where
22 folks can all be there, I think either an in-person
23 conversation -- I remember having a conversation with
24 Rachel Hassani about it, or an e-mail. At this point,
25 today, I couldn't tell you which.

1 Q. Do you think state e-mail or personal
2 e-mail?

3 A. I don't know.

4 Q. Okay.

5 A. I don't recall today.

6 Q. Okay.

7 A. As we sit here, I couldn't tell you one way
8 or the other.

9 Q. Okay. Great. Were there any agendas for
10 those meetings so that folks knew kind of what to
11 prepare for?

12 A. Um, I don't know that an agenda was ever
13 written down. To the extent that we --

14 Q. Could it have been included in an e-mail
15 or --

16 A. Potentially. I just -- I can't recall.
17 But to the extent I would go and talk to them in
18 person or probably in the e-mail kind of about the
19 logistics of getting together, it would have been,
20 Hey, you know, talking through some of our office
21 initiatives and, you know, thinking what could we do
22 best to effectuate those things.

23 And I -- I have the vague recollection of kind of
24 going around the table saying what we're working on
25 and how we can do it better, how we can, you know,

1 work with other people in our office to do something,
2 more efficiently, or what are good ideas that we all
3 have on different things, so...

4 **Q. So that big roundtable meeting, it would**
5 **have probably taken quite a bit to schedule. Do you**
6 **know who reached out to the consultants to schedule**
7 **that, who made the arrangements, got the room?**

8 A. Yeah, um, specifically I don't recall that.
9 Um, it probably would have been a scenario where Loree
10 Anne would have said, Hey, they're coming in town on
11 this day and this day, hoping to meet with different
12 folks in the office. I'm not sure if that was a
13 direction from General Hawley or not, I don't know,
14 but it probably would have been around their coming in
15 town.

16 **Q. So you think Mr. Teepell and Ms. Gitcho**
17 **would have contacted Loree Anne?**

18 A. Yeah, or perhaps on the phone with me, I'm
19 not sure. Maybe Timmy would have called and said,
20 Hey, I think we're coming into town this date or that
21 date; you know, it would be great to get everybody
22 together to talk about the office. That is possible,
23 too. I just don't have --

24 **Q. Okay.**

25 A. -- the logistics or specifics on

1 remembering how that stuff would come about.

2 **Q. Okay. So before the meetings with the**
3 **consultants, would you have discussed those meetings**
4 **with anybody, Attorney General Hawley or your staff?**

5 A. Well, I just referenced, you know, when we
6 would bring -- we were checking schedules and seeing,
7 you know, logistics of time -- would, I'm -- I'm sure,
8 that if it was in -- in person, it would have been,
9 Hey, Timmy and Gail are coming; it would be great to
10 get everybody to sit down and talk about what we're
11 working on and how do we -- how do we do that, how do
12 we do that well.

13 So I'm sure there was some kind of general --
14 general table-setting, so to speak, that was
15 communicated to folks. Certainly never communicated
16 that there would have been a political or a campaign,
17 you know -- it was always my understanding kind of
18 based on conversations with Mike Martinich or John
19 Sauer that it was appropriate for campaign consultants
20 to come alongside the work of the office and aid in
21 the work of the office, and so that was always my kind
22 of operating understanding in kind of these contexts.

23 And so probably would have communicated that to --
24 to folks to the extent we had conversations about,
25 Hey, this is what this meeting would be. It would

1 just be us talking about what we were working on in
2 the office and how we do it better and those types of
3 things.

4 **Q. Okay. So what all topics do you think you**
5 **discussed? You've mentioned opioids and trafficking.**
6 **Is there any other topics you would discuss?**

7 A. In -- in --

8 **Q. In the meetings with the consultants.**

9 A. All the different meetings?

10 **Q. Sure.**

11 A. Um, well, kind of going to the three or
12 four different meetings that I can recall, um, yeah,
13 there was -- there were meetings that -- maybe that
14 first one in January probably would have been federal
15 overreach and human trafficking. Um, I think human
16 trafficking was one of the first initiatives that
17 really started getting -- well, federal overreach and
18 working with our -- like our federalism's unit, so to
19 speak, to take more of a national position toward
20 federal overreach was probably the first real major
21 initiative that our office implemented, and I'm sure
22 there was some discussion about that. John Sauer
23 probably would have -- John and Mike would have led
24 those initiatives.

25 Human trafficking, I think, was the second mature

1 initiative that really kind of got -- got rolling.

2 And so I'm sure that that would have been something

3 that we would have discussed, as well.

4 And then to the extent opioids probably starting

5 to get more traction the summer of '17, that would

6 have been something that we would have discussed

7 generally, as well.

8

19 Q. Were a lot of the topics more national,
20 trying to get national issues? You mentioned the
21 federal and then the --

22 A. No, I think the -- the issues, really, that
23 we talked about substantively were how do we, um,
24 initiate and execute on the initiatives that General
25 Hawley had set for the office. And those general

1 initiatives that General Hawley had set were kind of
2 working back on federal overreach.

3 I remember things like John Sauer working on
4 letters about waters of the United States or, you
5 know, the endangered species rules, those types of
6 things; that that was something that a direction had
7 been set by General Hawley that those were areas that
8 we were going to pursue as an office. And then human
9 trafficking, obviously something that he had set as an
10 agenda item for the office. Opioids was a big piece
11 that General Hawley had set as a major initiative for
12 the office.

13 And then toward the end of my time, veterans, how
14 do we as an -- how does an attorney general's
15 office -- is it uniquely suited by -- suited to aid in
16 the care of veterans? And so we were working on
17 initiatives about how do you mobilize some of the
18 legal expertise across the state toward pro bono hours
19 and those types of things, as well.

20 So those were kind of the major policy things that
21 General Hawley would set for our office, and to the
22 extent we'd have conversations with Timmy or Gail, at
23 least from my perspective, it was, you know, rooted in
24 those issue -- how do we bring about those issues that
25 General Hawley had already set for the office.

1 And I don't think there was a national versus
2 local, or national versus state consideration there,
3 but that's -- that's -- that's me speculating on it.

4 **Q. Okay. During the meetings with the**
5 **consultants, were any topics raised that were only**
6 **campaign related?**

7 A. No. Not that I can remember, no. Um,
8 General Hawley was really precise about those things,
9 um, really, um, disciplined to just keep conversations
10 related to the work our office was doing. Um,
11 certainly our office has a public dimension -- you
12 know, a public and visible dimension to it, but, you
13 know, no other campaign type stuff.

14 I mean, I remember, um, learning that General
15 Hawley was running for senate, uh, when he published a
16 video saying that he was running for senate. You
17 know, all of us had read the -- kind of the
18 speculation articles and stuff, but that was never
19 something that as an office we discussed or anything
20 like that.

21 And I even recall when he announced that he was
22 running for senate, he sat the executive team down and
23 just said, Hey, this doesn't change anything for us.
24 We -- our -- our direction is still the same thing, is
25 to go about the work of our office in a way that's,

1 um, vigilant and honorable. Something to that effect,
2 that's what he said.

3 So it was a very clear ethos that our work at the
4 office was to be doing the work of the office. And
5 so, yeah, I never stepped foot in a campaign office or
6 anything like that.

7 **Q. So were there any references in the**
8 **meetings with the political consultants regarding**
9 **Attorney General Hawley running for senate, since they**
10 **were also his campaign consultants?**

11 A. I, uh -- I don't recall any of that, you
12 know, I don't recall. I don't recall any mention of
13 things like that. That would have been odd to me.

14 **Q. Any discussion drift towards**
15 **campaign-related issues?**

16 A. I don't believe so. No, I don't believe
17 so.

18 MR. HADEN: And I'm going to -- I -- I got
19 to say, I'm going to object to this. I'm going to
20 object here, I guess, as to form of vagueness, because
21 when you say "towards campaign issues," I guess I
22 could see anything theoretically being a campaign
23 issue. So maybe if there's a more specific question,
24 I think it's fine, but to the extent he can even know
25 what a "campaign issue" was, he said they didn't -- he

1 didn't talk about the campaign, so...

2 Q. (By Ms. Allison) During the meetings with
3 the consultants, were any topics raised that caused
4 you concern?

5 A. No.

6 Q. How was your staff informed of the topics
7 for the meetings with the consultants?

8 A. Again, I think this is going back to how we
9 would have, um, described it, which I don't -- I don't
10 have a specific memory or recollection of. Um, but
11 certainly there would have been a table-setting -- or
12 I'm sure, be it e-mail or in person, there would have
13 been some table-setting type of conversation about,
14 Hey, Timmy and Gail, or maybe just Timmy, I don't
15 recall if it was both of them coming into the office,
16 wanted to talk about some of our key office
17 initiatives, and the same thing that we've discussed
18 here. So...

19 Q. Okay. And were they given any documents to
20 prepare them for the meetings?

21 A. I don't recall that. I don't know.

22 Q. Okay. Did you or your staff take notes, do
23 you know if your staff took some notes?

24 A. I don't know. I wouldn't know.

25 Q. Okay. Following the meetings with the

1 consultants, did anyone ever come to you and discuss
2 concerns with the meetings or with the political
3 consultants?

4 A. I believe, um, perhaps prior to the
5 meeting, I remember having an in-person conversation
6 with Rachel Hassani, and Rachel expressing concerns
7 that consultants were in the office. She said
8 something to the effect of, It's illegal to have
9 consultants in the office. And this is from memory,
10 but I recall saying, I, you know, certainly don't want
11 you to feel uncomfortable here. You don't have to
12 come to the meeting if you don't feel comfortable.
13 It's my understanding that it's -- it's perfectly fine
14 for them to come alongside the office's work and help
15 us in that respect.

16 [REDACTED]
[REDACTED]
[REDACTED]

19 MR. SMITH: And I'll just say, yeah, we
20 object to privilege, if there was any discussion
21 between you and anyone else in the office about a
22 legal issue like that.

23 MS. ALLISON: Okay.

24 MR. ANDERSON: And you may want to ask if
25 it was a legal issue.

1 Q. (By Ms. Allison) Was it a legal issue?

2 A. It was based on --

3 MR. ANDERSON: Can I interrupt for a
4 second?

5 THE WITNESS: Sure.

6 MR. ANDERSON: This may be one of those
7 instances if you want to talk to your attorney outside
8 of everybody's hearing, you can do that.

9 THE WITNESS: Sure, no, I'm fine. I
10 just -- it doesn't matter --

11 MR. HADEN: I guess -- I guess here's what
12 I would say, Evan, I mean, I'm happy to say it on the
13 record. I mean, if -- I think that we've got a lot of
14 lawyers on the call. I mean, the test -- the -- what
15 the test is. So, if you were discussing a legal
16 interpretation or the law, um, then I think that meets
17 the definition of a legal issue. So --

18 MR. ANDERSON: That's --

19 MR. HADEN: -- if that's the discussion, I
20 think the answer would be yes.

21 MR. ANDERSON: That's -- that's --

22 MR. SMITH: Yes, that would be our
23 position, as well --

24 MR. HADEN: And that's -- that's not me
25 saying that is the fact. Obviously, you know the

1 facts. We don't know the facts. But if that is the
2 fact, then, I think it's appropriate to say that.

3 Obviously, the AG has already asserted their
4 privilege. So you, as an attorney to the AG within
5 that office, have to honor their assertion, as well.
6 But I mean, I think you -- I'm not telling you don't
7 answer his question. So, I think --

8 THE WITNESS: Yeah.

9 MR. HADEN: -- said what I'm going to say.
10 You do your thing.

11 A. Yeah, it was my understanding that it was a
12 legal conversation.

13 **Q. (By Ms. Allison) Okay. So what was the**
14 **role of the consultants with the Attorney General's**
15 **Office and who determined their roles?**

16 A. Their role, I would say, was within the
17 ethos of the things that were described -- that we're
18 talking about today. Early on in the administration,
19 they would come alongside the office and help on
20 thinking through different issues, those types of
21 things.

22 Um, General Hawley led the office, set the -- set
23 the trajectories, decided what we were going to
24 pursue, what we weren't going to pursue and those
25 types of things. And so I think all of us took pretty

1 seriously our role to serve Missourians, and if there
2 were ideas we can glean about how to do that well, uh,
3 then, um -- and if it was within the bounds of the law
4 and it was appropriate and it was above board, then --
5 then certainly, um, uh, listened to them on those kind
6 of limited number of -- of -- of issues within --
7 within the office. Um --

8 **Q. So they were kind of advisory or guidance,**
9 **or how do you --**

10 A. Yeah, it's supplemental. I think they
11 would come in and help and share expertise and share
12 thoughts related to issues within the office and
13 office-based initiatives, but certain -- I -- I didn't
14 experience them as being directional or directory in
15 terms of -- you know, if I ever had a question about
16 what we should pursue or what we shouldn't pursue,
17 that would have been a question to John Sauer or Mike
18 Martinich, who had probably more frequent
19 conversations with General Hawley than I did, or those
20 types of folks. I think they were to help us to think
21 through different issues.

22 In terms of whose direction they were there from,
23 I -- it's my understanding that General Hawley knew
24 and was aware and, um -- and -- and, uh, um, you know,
25 appreciated their insight on those -- on those

1 particular issues. But I don't know, um -- I
2 wasn't -- I wasn't part of conversations that he had
3 with them about, um, Hey, I want you to do this, this,
4 and this within the office. I -- I wouldn't -- I
5 wouldn't know how that direction was set.

6 **Q. Okay. So how was the role of the**
7 **consultants explained to the staff?**

8 A. Which staff?

9 **Q. Um, just your staff there at the Attorney**
10 **General's Office that might have interacted with them**
11 **or even those who --**

12 A. Sure.

13 **Q. -- saw them there, and then how and when**
14 **was that communication, if there was any, conveyed.**

15 A. Yeah, I, um, I couldn't speak to everybody
16 because I -- I didn't -- I didn't define the terms of,
17 um, their engagement with our staff. Um, uh, I think
18 Rhonda Meyer and I -- she was a direct report
19 relationship to me, as was Rachel Hassani for a time,
20 but other folks like Mike or John or Ryan or Darrell
21 or Loree Anne, those would have had other kind of
22 direct report organizational relationships. So I
23 don't know that I had any of those types of
24 conversations with any of them.

25 But my conversation with Rachel was, again, I

1 think I remember that face-to-face meeting saying,
2 Hey, they're here to help us think about some of the
3 initiatives in our office, you know, um, our major
4 initiatives, and also some of the operational things
5 like constituent services, how do we -- how do we
6 increase our ability to respond to, um -- to those we
7 serve, or legislatively how do we -- you know, how do
8 you build relationships with great -- with the
9 legislature, unto kind of the work of our init -- you
10 know, our key initiatives.

11 So those probably would have been the
12 conversations I would have had with folks. I don't
13 recall any specific conversations with Rhonda Meyer.

14 **Q. Do you know how or when those conversations**
15 **would have occurred, whether they were personal,**
16 **one-on-one conversations or --**

17 A. Yeah, I believe so. I think the two
18 conversa -- or the two, you know, folks that I'm
19 referring to would be Rhonda and Rachel. Rachel, I
20 remember that -- I remember that in-person meeting
21 where we talked about that and she expressed concern.

22 I later went back and told her, "I don't believe
23 that there's anything to be concerned about, but if
24 you don't feel comfortable coming to the meeting, you
25 certainly don't have to."

1 And then I don't know that Rhonda and I ever
2 discussed it deliberately.

3 **Q. Do you think that conversation took place**
4 **early when they took office or later on?**

5 A. With Rachel?

6 **Q. Or either, or Rhonda or --**

7 A. I don't know that I had a conversation with
8 Rhonda about any of these things --

9 **Q. Okay.**

10 A. -- but Rachel, it would have been within
11 the proximity of that roundtable meeting, May, June,
12 July-ish of '17. I don't know that she would have had
13 any other touch points with them other than that, at
14 least that I was aware of, so I don't know.

15 **Q. So in some of the Secretary of State work**
16 **that we reviewed, kind of the role of the consultants**
17 **was described as administrative consulting services;**
18 **would you agree with that or --**

19 A. I don't -- I don't know. It -- it depends
20 on what somebody means by that.

21 **Q. Okay.**

22 A. And I'm not sure who said it or what the
23 context was, so I don't know. Um, um --

24 **Q. Well, I guess describe the process of how**
25 **the consultants worked with the AGO's office.**

1 A. Well, again, it's kind of like we've been
2 talking about, um, that either Timmy would call in to
3 me or would talk to Loree Anne, or I don't know if
4 General Hawley would ever say, Hey, they're coming to
5 town; it would be great to get everybody to sit down
6 and talk about the work we're doing for the office.

7 Um, but, yeah, if we would have, it would have
8 been, you know, How do you think about certain issues?
9 How do we get more effective as an office to achieve
10 these office initiatives? You know, essentially
11 everything that you and I have been talking about --

12 **Q. Okay.**

13 A. -- would be how I'd describe it.

14 **Q. So how long did the consultants serve kind**
15 **of in that role?**

16 A. Um, I don't recall much of anything else
17 beyond the summer of 2017, and I don't -- I don't say
18 that with a firm date in my mind.

19 **Q. Maybe January to July or --**

20 A. Maybe -- yeah, maybe from a general
21 standpoint. But if you told me there were some -- you
22 know, there was something in, you know, August or
23 September, I don't know. But, again, this kind of
24 being almost three years ago, that was the season in
25 which I think the bulk of these meetings or

1 conversations would have been had, um --

2 Q. Okay.

3 A. -- so...

4 Q. Was your staff expected to report to the
5 consultants?

6 A. Uh, no. That was never my expectation.
7 Um, but it --

8 Q. Kind of follow their direction or guidance?

9 A. I -- I -- if you're asking me to jump
10 inside their head, you'd have to ask -- you'd have to
11 ask members of the staff. It was never my -- my
12 intention or understanding at all, from those who
13 would have, um, um, interaction with them, that that
14 would have been the case. I think it was always clear
15 that General Hawley led the office and the direction
16 came from him.

17 You know, one example I recall was, um, Mike
18 Martinich and General Hawley -- this would maybe be a
19 for-example of how something like this would happen.
20 Martinich and General Hawley were wanting to bolster
21 our capacity to, um, execute the, uh, human
22 trafficking initiatives, and so we talked about a
23 human trafficking coordinator.

24 So obviously there's a legal element of things,
25 but then also how do you get the right people in the

1 room and around the same table so that effective
2 conversations are being had across the state, and
3 so -- and, also, Mike Martinich, his time limitations,
4 and so what would that role look like.

5 And so I remember, uh, General Hawley and, um,
6 Mike calling me into General Hawley's office and
7 saying, Hey, let's move forward on a human trafficking
8 coordinator position. Do we have budget, you know,
9 flexibility to do that? How would we -- how will we
10 make that work? And I'd say, Well, I think we do. I
11 think we could use these funds or these funds, and
12 kind of logistically, this would be how we would piece
13 it together. Let me work with Rhonda to figure out a
14 plan of attack. And, you know, who would this person
15 report to or the office out of? Is this something
16 where it would have to be Jefferson City, only, or
17 could this person be in Kansas City or in St. Louis or
18 Springfield, and, if so, what's our office capacity
19 for those types of things? And then, you know, we
20 would kind of get working on that.

21 And I recall that being an issue once, that Timmy
22 raised in one of these meetings, is, Hey, how are we
23 doing on that human trafficking coordinator position?
24 But, you know, he would only raise that and assuming
25 that -- that General Hawley and, uh, Martinich had

1 already given the directive that this was something we
2 wanted to pursue.

3 So it was kind of like, How are we coming on that?
4 What do we think the timeline is on that? You know,
5 Mike, what do you envision about the role? You know,
6 those types of things. So that would be kind of a
7 practical example of how those types of things would
8 work, but the direction would come from General
9 Hawley.

10 And then in terms of logistics and execution, to
11 me, would, um, would help to kind of think through
12 how -- how we do that well, um, those types of things.

13 Q. Okay. I'm going to show you an e-mail -- a
14 couple of e-mails. This was sent on May 4th of '17 --
15 oh, I'm sorry, May 1st of 2017, that you -- and it
16 looks like -- um, or Loree Anne sent. I'll let you
17 take a look at it.

18 And then here's another one from Loree Anne to you
19 on 4/23 of '17. I got a copy for you, too. So I've
20 got Exhibit A and Exhibit C. There you go.

21 So on this first one, which has got the 5/4/17
22 date at the top --

23 A. Is the first one Exhibit A?

24 Q. Right.

25 A. Okay.

1 Q. But probably the e-mail I'm going to talk
2 about is the one dated on May 1st of '17.

3 A. Okay.

4 Q. So this e-mail kind of has some action
5 points --

6 A. Mm-hmm.

7 Q. -- for like Daniel, Loree Anne, Rachel,
8 Mike, and yourself, to address. So how were those
9 action points determined?

10 A. Um, let's see -- give me a second to review
11 it.

12 Q. That's all right.

13 A. Sorry. Coming in blind, here. Sure.
14 Let's see. Your question again, how would they -- how
15 were the action points arrived at?

16 Q. Right. It looks like you're sending the
17 e-mail out to all of those kind of as a group e-mail.
18 So how were those action points determined? Was this
19 something that Attorney General Hawley dictated or was
20 this something the consultants asked that you put
21 together, or I guess how did it get started?

22 A. Yeah. So these are all issues that, um, at
23 least to the best of my memory here, these are all
24 issues that we were focusing in on as an office, and
25 that these would be -- have been directed by General

1 Hawley. Now maybe not to the pure logistical level,
2 but, you know, to the extent of Daniel, you know,
3 intergovernmental affairs, you know, Hey, let's --
4 let's build some relation -- this is early on in the
5 administration, right. This is everybody kind of
6 understanding how to work with everybody. I think
7 this was coming out of, you know, the first
8 legislative session.

9 So, you know, you get -- General Hawley is
10 inaugurated January, and then you go straight into
11 the -- into the legislative session. And so I think,
12 given the date of this kind of coming in toward the
13 end of the -- of the session, and then almost kind of
14 catching our breath a little bit and getting to work
15 on building the core competencies of the office.

16 So, if we go through these generally, these would
17 have been focus areas that all of us would have with
18 relation to our work in the office as directed by
19 General Hawley.

20 So, you know -- or -- or as directed by, um -- as
21 self-initiated. Many of these things were things that
22 all of us were already working on, and if I recall
23 this e-mail, it would have been -- it would have been,
24 um, kind of a summary of our conversations at that
25 roundtable meeting, that -- this is me kind of

1 capturing action points that we had discussed together
2 or that people would have said, um, Hey, I'm going to
3 work on this, this, and this.

4 And so it may be a little bit of a dovetail here,
5 but David Allen wrote a book called "Getting Things
6 Done," and he talked about -- and I kind of used that
7 as a process.

8 THE WITNESS: Joel, are you familiar with
9 David Allen?

10 MR. ANDERSON: Mm-hmm.

11 A. So, capturing action points and kind of
12 following up with people just so that we all kind
13 of -- we're on the same page and everybody can see it
14 together. But this would have captured our
15 conversation at the roundtable context. Um --

16 Q. (By Ms. Allison) So up here at the top it
17 says, "Follow Up From Timmy's Visit." That would be
18 Timmy Teepell --

19 A. Yeah.

20 Q. -- the consultant?

21 A. Yeah, yeah. So this would have been the
22 meeting that Timmy was present for, and it looks like
23 Daniel was there, Loree Anne was there, Rachel was
24 there, Mike was there, I was there. And so this would
25 be an example of the type of, um --

1 **Q. This Thursday at 9:00 a.m., you think**
2 **that's the meeting with Timmy or is this kind of after**
3 **you've met with Timmy?**

4 A. I think this is after.

5 **Q. Okay.**

6 A. Yeah, I mean, if it says "Follow Up From
7 Timmy's Visit" as the subject line, that this would
8 have been afterward, and that this would have captured
9 some of our conversation points that we would have
10 discussed as a team with Timmy present. And just from
11 my --

12 **Q. So do you think these action points are**
13 **then from what Timmy suggested at the meeting, then?**

14 A. I mean, he may have had -- he may have had
15 things that he added, you know, that these may have
16 incorporated some of -- some of the suggestions, but
17 it wasn't -- I don't recall this meeting as being
18 Timmy hosting the meeting and saying, Evan, you do
19 this; Daniel, you do this; Loree Anne, you do this;
20 Evan, you know, Rachel, you do this, everybody break.

21 It was -- the way I recall this meeting was
22 everybody kind of going around saying, What are the
23 big issues? What are the big items in our hopper?
24 You know, if Mike's working on opioid stuff -- and
25 this would have kind of matched the time period that I

1 described to you where, toward the summertime, we were
2 starting to get more involved in the opioid issue.
3 Mike was working on that and the veterans pro bono
4 project as an example. Those were all issues that
5 General Hawley would have directed Mike to be working
6 on. And this would have been more in terms of
7 capturing some of our conversation and action points
8 rather than -- rather than Timmy saying --

9 **Q. So was Attorney --**

10 A. -- you do this, you do that, you do that.

11 **Q. Was Attorney General Hawley present at the**
12 **meeting --**

13 A. I don't believe so.

14 **Q. -- with Timmy at this time frame --**

15 A. I don't believe so.

16 **Q. Okay. All right.**

17 A. I'm sorry, I marked on this. Is that --

18 **Q. It's your copy.**

19 A. Okay.

20 **Q. So could you explain what some of these**
21 **items are on the action point list.**

22 A. Sure.

23 **Q. For example, a target list of local and key**
24 **officials for intergovernmental affairs.**

25 A. Yeah, I think this would have related to --

1 I mean, Dan -- this would be good to ask Daniel about
2 because this would have been within his -- his kind of
3 scope. And he didn't report to me, so to speak.

4 So, um -- but a target list of local and key
5 officials. Again, this was kind of coming out of the
6 first session for us and it was the first time, I
7 think as an office, that we wanted to take that summer
8 to kind of think through developing relationships,
9 think through how we could build partnerships
10 throughout the state, think through where efficiencies
11 and partnerships might be possible to pursue different
12 initiatives.

13 For example, one of them would have been kind of
14 working with Whiteman Air Force Base or different
15 military installations, or the Missouri Bar
16 Association to identify some pro bono needs on kind of
17 veterans type issues, and using that information from
18 them, kind of work with them to -- to figure out how
19 the Attorney General's Office could help, to help do
20 that. That would be an example of this.

21 Coalition groups, probably the same -- same type
22 of -- of thing, where -- I couldn't tell you two and a
23 half years later what, you know, specifically
24 "coalition groups" meant. But perhaps it was human
25 trafficking groups, nonprofits, or veterans groups and

1 nonprofits, or maybe ag -- ag industry groups and
2 nonprofits that we wanted to build relationships with
3 to further things.

4 **Q. How about the relational engagement over**
5 **the summer with the key legislators?**

6 A. Yeah.

7 **Q. What would that be?**

8 A. What's that?

9 **Q. What would that be?**

10 A. Um, I think this was pretty
11 self-explanatory. Who are some of the key legislators
12 that we want to build relationships with over the
13 summer? And I remember having a -- perhaps a
14 conversation at that roundtable to say, you know, um,
15 in the hustle and bustle of the legislative session,
16 sometimes you have to jump into issues before you can
17 jump into relationships with them.

18 So, using that summer, then, to build key
19 relationships with people, um, throughout the state,
20 um.

21 **Q. So how -- how did -- how did they do that?**

22 A. I don't know that this ever materialized,
23 but this was kind of one of our suggestions about, you
24 know, who -- who would be, uh, key, and you'd look at
25 things like -- and I'm speculating here, but, you

1 know, budget chairs or appropriations chairs or key
2 committees, maybe a committee that had sponsored a
3 human trafficking initiative, you know, and talking to
4 folks that, um, from a policy sense were sensitive to
5 the same issues that our office was sensitive to and
6 having kind of introductory conversations with folks.

7 I don't think this ever materialized. [REDACTED]

8 [REDACTED] and I
9 couldn't tell you exactly when that was. Um --

10 **Q. So were these lists that you asked them to**
11 **prepare, were they turned in to you?**

12 A. Um, I'm not sure that that was ever turned
13 in.

14 **Q. Okay.**

15 A. I don't know that that was ever --

16 **Q. Or like the target list of local and key**
17 **officials, there are several of these that have lists**
18 **on them.**

19 A. Yeah. I don't recall those ever coming
20 back to me. Um, and, again, this was -- the tone of
21 this e-mail was not necessarily like as chief of
22 staff, You guys do these things and, you know, report
23 back. That's not the tone of this at all.

24 It was more capturing what people had said and
25 so -- or capturing kind of things that folks -- we had

1 talked about in the room and everybody thought was a
2 pretty decent idea, and thought, Well, okay, how do
3 we -- how do we move toward clarity on some of these
4 things? But obviously some of them didn't -- didn't
5 materialize, just by the fast-moving nature of things.

6 MS. ALLISON: Okay.

7 THE WITNESS: If it's okay, could we turn
8 the air-conditioning back on?

9 MR. ANDERSON: Yeah.

10 THE WITNESS: Is anybody else warm?

11 MS. ALLISON: It's warm in here.

12 THE COURT REPORTER: Do you want to take a
13 break?

14 MS. ALLISON: Yeah, we can take a break,
15 too.

16 MR. ANDERSON: Thank you.

17 (Break in proceedings from 1:38 to 1:41 p.m.)

18 MS. ALLISON: Are we back on the record?

19 MR. ANDERSON: She's waiting on you.

20 MS. ALLISON: Oh, okay.

21 Q. (By Ms. Allison) Okay. So you don't think
22 any of these lists or any of this actually got done,
23 or do you think --

24 A. I don't --

25 Q. -- some of these folks would have done some

1 of this?

2 A. Um, so things like -- I'm sure some of
3 these things would have gotten done, obviously. I
4 don't know that I was the bottleneck in terms of
5 everything passing through me, but, you know,
6 constituent services, I know that we did some great
7 work updating that. I know that Loree Anne did find
8 and hire a press secretary. I know Brad Johnson
9 joined the office for a little while.

10 Q. Right, which I think this e-mail on 4/23
11 talks about Brad Johnson --

12 A. Okay.

13 Q. -- being the body man for the AG.

14 A. Okay.

15 Q. What exactly is a body man?

16 A. Are we shifting to Exhibit C?

17 Q. Yeah.

18 A. Um, so a body man is just kind of a casual
19 term for somebody that would go with General Hawley to
20 different official events, state and public events,
21 and help either drive or help him with the logistics,
22 kind of trying to help with -- maximize Attorney
23 General Hawley's time, those types of things.

24 I knew Brad. He went to church with me and he was
25 in law school at the time at UMKC, um, but also had

1 another connection to General Hawley. I'm not sure
2 what the connection was, but had another connection to
3 General Hawley, I believe, that Hawley had raised his
4 name to me, and I said, "I know Brad. He's a great
5 young guy." [REDACTED] so, you know, I
6 think could be a little bit more flexible in terms of
7 time.

8 And so I remember talking to General Hawley as
9 our -- you know, what is this, April of '17? It was
10 kind of in transition, though, at this point. It's
11 three months in office, three and a half months in
12 office, much of that spent during the legislative
13 season, kind of hit the ground running, and so
14 constantly trying to look for ways to make the office
15 more efficient and kind of respond to needs and be
16 dynamic in that sense.

17 My -- there were times where I would travel with
18 General Hawley on things, um, but, uh, um, my role
19 with kind of personnel and budget and those types of
20 things and trying to just help make the -- the office
21 flow well, um, I think General Hawley identified a
22 need for somebody to help him with this type of thing.
23 So I believe --

24 Q. Okay.

25 A. -- Brad Johnson came on board to do --

1 **Q.** And that was kind of one of those action
2 points, right?

3 A. Uh --

4 **Q.** Job description for --

5 A. Yeah, yeah, yeah. So what would that job
6 look like? And so I believe, this is from memory, but
7 I believe it was a hybrid of certainly doing some of
8 the work with General Hawley in terms of being with
9 him and kind of helping him as an aide, but also
10 working with Loree Anne in kind of constituent
11 services and helping chase down issues when they're
12 raised to our office from the general public. I
13 believe it was a hybrid of some sort there.

14 **Q.** Okay.

15 A. And then to the extent we're talking about
16 discussing it with Timmy, it would have been, you
17 know, Hey, what kind of -- what would a role have been
18 like, you've seen, for body -- I mean, how -- how do
19 we -- what -- what would that look like for the
20 office? What are some things that you've seen that
21 have been helpful? What are some elements that you --
22 you know, what kind of characteristics are we looking
23 for, those types of things.

24 But I remember when I kind of had initial
25 conversations with Brad, then Attorney General Hawley

1 had a number of longer conversations with him and
2 eventually hired him. And I don't know that I was
3 directly involved in those. I don't think I was
4 involved in those conversations.

5 **Q. Did anybody else kind of serve as the body**
6 **man or a driver --**

7 A. Um --

8 **Q. -- to events or --**

9 A. I think Daniel did it at times. I did it
10 sometimes. I believe that's all I can recall. But it
11 would be things like we'd run over -- you know,
12 General Hawley and I would run over to the capitol
13 because he would speak at a -- you know, I remember --

14 **Q. What about Steve Hayden, do you think he**
15 **would have done that --**

16 A. Yeah, yeah, Steve would have driven. I
17 don't know that he was involved in things like the
18 logistics or stuff like that, but I know that his -- I
19 think it was consistent with what General Koster had
20 done, in terms of his kind of driving and security and
21 those types of things, um, and --

22 **Q. Is that kind of the same thing Brad Johnson**
23 **did?**

24 A. Brad, I think, was probably in addition to
25 Steve, but I don't know. I wasn't on a lot of those

1 trips, so I couldn't tell you exactly how that played
2 out. But perhaps Brad would have done some of the
3 calendaring and scheduling and the logistics, and
4 Steve would have driven and kind of provided security.
5 He had post certification, I believe at some -- some
6 level, park ranger or something. So there was a
7 security element that he would provide that Brad,
8 though he is a strapping young lad, that he wouldn't
9 have formally provided.

10 **Q. And did you interact with the political**
11 **consultants outside of the meetings?**

12 A. Um, there would be phone calls every now
13 and again, um, um, maybe e-mails, I'm not sure. But
14 it would -- um, the thrust of those things were
15 related to kind of the three or four meetings that we
16 had.

17 **Q. Okay. So take a look at these e-mails.**
18 **These e-mails are all going, Loree Anne Paradise --**

19 A. Which -- which --

20 **Q. Exhibit A, I'm sorry. Exhibit A.**

21 A. Okay.

22 **Q. So we've got LoreeAnnParadise@gmail.com.**

23 A. Mm-hmm.

24 **Q. We've got evanrosell@gmail.com. We've got**
25 **mcmartinich@gmail.com. We've got hartman@gmail.com.**

1 We've got hassani@gmail.com.

2 So this is all personal e-mail. This is not state
3 e-mail, right?

4 A. Mm-hmm.

5 Q. So is this typically how these
6 communications occurred, even though this is
7 supposedly state business?

8 A. Uh, I don't --

9 Q. Or is this because it was --

10 A. This meeting --

11 Q. -- Timmy's meeting or the meeting with the
12 consultants?

13 A. You mean this e-mail or these --

14 Q. Right.

15 A. -- types of communications?

16 Q. I mean, is this pretty typical?

17 A. Uh, I -- I don't know that there would have
18 been a typical way that we would communicate, in the
19 sense that it would be only one way or the other. I
20 know a couple of considerations for me is just from a
21 practical sense, well, hey, it wasn't ever my
22 understanding that it was improper to do that. We'd
23 sometimes -- Mike would send e-mails and his general
24 counsel trusted his, you know, guidance on what was
25 appropriate and what wasn't. Would certainly defer to

1 them in terms of their -- what best practice is on
2 Sunshine and stuff would be.

3 This was early on and a couple of other factors
4 that I remember, A, the relationship with Timmy began
5 via the Gmail stuff, and so there's probably a
6 pattern, and I'm not sure if this was responding to
7 anything from Timmy or somebody else, this particular
8 e-mail.

9 I also -- I had met with the former chief of staff
10 for General Koster, Jim -- his last name escapes me,
11 but he had talked about a practice that he had where
12 his e-mail wasn't open to outside e-mails, so really
13 just only the people that were within a list of
14 internal folks could e-mail him. And so, I -- I just
15 maintained that practice in the office. And so to the
16 extent Timmy or somebody like that would have e-mailed
17 my AGO office, it just wouldn't -- it wouldn't have
18 worked, so, um, potentially use Gmail.

19 But in terms of practice or standard of practice
20 or those types of things, I don't know that there was
21 ever a set -- sometimes you're -- you're at home and
22 you kind of errantly reach for e-mail that, um -- and
23 use, you know, Gmail. But obviously in this case,
24 sending it to all Gmail folks, I don't know that that
25 would be the case.

1 Q. So are you aware of -- I'm going to show
2 you Exhibit D. So this is the AGO's policy regarding
3 computer use and electronic written communication.
4 Where it says: It's the policy of the AGO that all
5 electronic written communication made or received in
6 connection with the official business be made or
7 received using the AGO's communications system. You
8 should not use your personal cell phone, Blackberry,
9 laptop, tablet for AGO business unless you're -- here,
10 you can read over that.

11 So you're saying you weren't aware of that policy?

12 MR. ANDERSON: Do we have a copy for --

13 MS. ALLISON: Oh, yes, right here. Sorry.

14 MR. HADEN: I'm sorry I'm not there, but
15 does that have a date on it, that policy?

16 MS. ALLISON: It's two pages out of the
17 AGO's policy. I can get him the complete policy with
18 the date.

19 MR. HADEN: I just didn't know if it was
20 current or contemporaneous to the date he started
21 or --

22 MS. ALLISON: I think this policy was in
23 place during this time frame and it continues on
24 concurrently now, too.

25 MR. HADEN: Sure. You know how sometimes

1 it will have like a little date stamp in the corner --

2 MS. ALLISON: Right.

3 MR. HADEN: -- showing you the origination
4 date. I didn't know if it had that. We'll figure it
5 out. I just wondered, but we'll figure that out.

6 Thank you.

7 MS. ALLISON: No, I can get him a complete
8 copy.

9 MR. HADEN: Okay.

10 THE WITNESS: Yeah, the date of this, I,
11 um -- are you referring specifically to section 9.0?

12 **Q. (By Ms. Allison) Right, and a little bit**
13 **of 8 encompasses it, too, so policies 8 and 9.**

14 A. Okay. I don't recall seeing this or this
15 kind of being the operative policy when I was in the
16 office. So I'd be curious to know what the date of
17 this was. So, no, I -- I wouldn't have -- um, it was
18 not my understanding that this was the internal policy
19 at the time that these e-mails were sent.

20 **Q. Okay. So, back to when you were -- if this**
21 **is AGO business, is there any reason why you'd be**
22 **using a Gmail account instead of your state e-mail**
23 **account, or could you explain kind of why you chose to**
24 **use Gmail instead of state?**

25 A. Yeah, I -- generally -- I couldn't go back

1 to each of the e-mails and give you a specific mindset
2 at the particular time, but generally speaking, it's
3 kind of what I just described, my e-mail wasn't open
4 to everybody to send it. There were contexts where
5 you would errantly send something via Gmail.

6 But I think more importantly, I -- I didn't
7 believe that it was improper to -- it was not my
8 understanding, based on conversations with our -- our
9 counsel, at least at the time that these e-mails were
10 sent, that that was improper at all. And so, those
11 would have kind of generally been the, um, the
12 responses.

13 **Q. So would you have instructed your staff to**
14 **use Gmail or how did you get everybody's Gmail**
15 **account; do you know?**

16 A. I don't believe we ever instructed anybody
17 to use Gmail. I would have had these e-mail -- well,
18 mostly from transition, really.

19 Rachel's e-mail I would have had because of
20 conversations that we would have had via e-mail within
21 the hiring process before we took office.

22 Um, Martinich, same -- same thing. I wasn't
23 involved in his hiring, but, um, preoffice, you know,
24 we didn't have any -- we didn't have like transition
25 AGO e-mails, right, so it would have been just -- we

1 would have had those generally.

2 I know Loree Anne, I had her e-mail address
3 because of the transition work, and one time we went
4 to lunch before we took office just to meet each other
5 and, you know, that sort of thing.

6 So historically that's where we would have gotten
7 these e-mail addresses, but...

8 **Q. So these wouldn't have been set up just**
9 **prior to -- for the AGO use? Because, you know, a lot**
10 **of people have Yahoo.com or other, you know, personal**
11 **e-mail --**

12 A. I couldn't speak to anybody else, but mine
13 certainly no, that was -- that's an e-mail I've had
14 for years. That was my personal e-mail.

15 **Q. Was there any discussion about these**
16 **e-mails being public record and whether the e-mails**
17 **needed to be retained?**

18 A. I don't recall conversations about that.
19 That would have been within the scope of Daniel
20 Hartman and Mike Martinich, and so, I can't recall any
21 kind of specific conversations about that. That would
22 be something that they could speak to.

23 **Q. Any concerns with Sunshine Law compliance**
24 **or anything like that?**

25 A. Same thing. That would have been within

1 their kind of scope within the office, and that, uh,
2 every, um -- everything I did, um, I believe was
3 within the scope that they kind of set for us from a,
4 um, um, policy standpoint, as I'm not sure who was
5 custodian or who -- you know, Martinich would -- would
6 have done the work, the legal work on that kind of
7 stuff and would have, um --

8 **Q. So would these personal e-mails sent**
9 **through Gmail have been sent through the state e-mail**
10 **system to preserve them, or what was the steps --**

11 A. I don't know that I --

12 **Q. -- you all took to --**

13 A. -- had a practice -- I don't know that I
14 had a practice of that. I don't think that's --

15 **Q. Okay.**

16 A. -- I couldn't speak to --

17 **Q. And that wasn't ever communicated**
18 **office-wide?**

19 A. Not that I -- no, not that I can recall,
20 no.

21 **Q. Okay.**

22 A. I can't speak to everybody else, but, no,
23 it wasn't my understanding or practice.

24 **Q. Okay. Do you think you probably used your**
25 **Gmail account to communicate with Timmy and Gail --**

1 A. Um --

2 Q. -- rather than your state account?

3 A. I think most of it would have been phone
4 calls or in person. But, you know, like I mentioned,
5 my state e-mail was restricted from outside use, and
6 so I could probably e-mail them, but they wouldn't
7 have been able to e-mail me back because they weren't
8 on our internal list of e-mail addresses that my
9 e-mail address could receive it. So, most of it would
10 have been in person or on the phone.

11 Q. Do you have restrictions on your e-mail?

12 A. Right, yeah. That's what I was describing
13 earlier. The prior chief of staff for General Koster
14 had a system set up where there were restrictions as
15 to who could send e-mail to his public -- his public
16 account and, um -- and so I think we just probably
17 maintained the same. I think the IT guy said, You
18 want to do the same thing? And it was like, Sure.

19 Q. But you don't know what those specific
20 restrictions are or anything?

21 A. It would have been the restrictions of
22 these are the -- these are the e-mail addresses that
23 we can -- you know, who could -- who could send me
24 e-mails. I think the idea being you don't want some
25 lobbyist or somebody kind of hounding you or something

1 like that. And so...

2 Q. So who would those e-mails go through
3 constituent services or -- you'd have -- need to have
4 that public, you know --

5 A. I think there was --

6 Q. -- traffic coming in?

7 A. Again, you'd have to talk to kind of the IT
8 folks, but my understanding was that it would be a
9 bounceback as like undeliverable or something like
10 that. I don't know. So...

11 Q. Okay. In a news article on December 7th of
12 '18, here's the news article, you indicated that you
13 told one or two people in the AG's office that you'd
14 downloaded the "Confide" app. Who did you tell in the
15 AG's office?

16 A. Um --

17 MR. ANDERSON: This is Exhibit B, right?

18 MS. ALLISON: Exhibit B. Sorry.

19 A. I don't have a specific memory of who I
20 told that I had it. I believe Mike Martinich knew
21 that I had it. And -- and I potentially mentioned it
22 to Darrell Moore or John Sauer as, yeah, I think I had
23 that for a second, you know, I think I had that app
24 for a second. I wasn't super familiar with it.

25 Q. (By Ms. Allison) Are you aware of anybody

1 **else in the office downloading the Confide app?**

2 A. I believe Mike Martinich had it.

3 Q. Okay.

4 A. And the context of that was a lobbyist -- I
5 think it was early, you know, January, February, a
6 lobbyist sent a link to me saying, Have you seen this?
7 And I -- I downloaded it. I didn't know what it was.
8 [REDACTED] This is
9 kind of weird. I remember I forwarded a link to
10 Martinich, saying, Do you know what this is? Have you
11 seen this? And he probably downloaded it, because we
12 texted back and forth once and just said -- he made a
13 joke about, you know, "Russian spy?" or something. It
14 was a total joke. It had nothing to do with anything
15 in the office.

16 But as general counsel and kind of Sunshine lead
17 for our office, I wanted him to know that that was out
18 there and it wasn't something that I had been familiar
19 with. And so we'd sent a joke or -- he sent a joke.
20 I remember something like, you know, him saying, Is
21 this where I can admit I like KU basketball? It was
22 something to that effect. I mean, it was kind of a
23 frivolous thing, and that's the extent to which I ever
24 used it, to the best of my recollection. It wasn't
25 something that we used at all within the context of

1 the office.

2 Q. Okay. So you didn't use "Confide" other
3 than --

4 A. I don't believe so, no.

5 Q. Okay.

6 A. That's the only memory that I have, at
7 least with Mike.

8 Q. Do you think Mike used it?

9 A. I don't believe he did, no. You know at
10 that point in time, we didn't know what it was and
11 didn't know that it was an issue that was --

12 Q. And you didn't use it to communicate with
13 the consultants?

14 A. No.

15 Q. Okay. Was that on your personal phone or
16 your state phone?

17 A. Personal phone.

18 Q. Did you use your state phone very much?

19 A. Um, no, not very much. Mainly just from
20 carrying two different phones. And, you know, I had,
21 uh, at first used it because e-mail was more
22 accessible, but I figured out how through the Internet
23 I could log into my office phone -- my office e-mail
24 through my personal phone and send e-mails from
25 AGO.mo.gov through, you know, Safari or something like

1 that, so...

2 Q. Okay. So you probably used your personal
3 phone for a lot of text messages, then, correct --

4 A. Yeah.

5 Q. -- regarding AGO business?

6 A. Yeah, I mean, it would have been largely
7 kind of transitory and logistical type stuff. We
8 didn't have a major practice of discussing substantive
9 or legal stuff via text. It's not a format that is
10 beneficial to that. Most of our time was spent either
11 on the phone or in person talking about those types of
12 things.

13 Q. So did you ever retain your text or like
14 send it to your e-mail to retain it?

15 A. I don't believe so.

16 Q. Okay. So do you have any documenta -- do
17 you have any of those texts on your phone?

18 A. I don't believe so. I think from a storage
19 standpoint, I don't know if, um, settings are such
20 that it, you know, deletes after a period of time. I
21 don't know. So, but, no, I -- I don't have any of
22 that, certainly, now.

23 Q. So were you the only one communicating with
24 the consultants, or did others in the office
25 communicate with the consultants?

1 A. I believe others communicated with the
2 consultants, as well.

3 **Q. Would it have been probably through this**
4 **Gmail account or --**

5 A. I couldn't.

6 **Q. -- state e-mail?**

7 A. I couldn't speak as to how they did it. I
8 think --

9 **Q. Or through text or --**

10 A. Yeah, again, I couldn't -- I couldn't -- I
11 wasn't, you know, looking over their shoulder while
12 they were communicating, but probably would have been
13 Loree Anne having touch points with them. Maybe some
14 of the press team, Elizabeth Johnson, maybe Mary
15 Compton, and this is speculation on my end, Mike
16 Martinich, from a policy standpoint, would have
17 probably had some touch points, but you'd have to ask
18 them about some of those.

19 **Q. So was it pretty commonplace to use your**
20 **personal cell phone and your personal e-mail to**
21 **conduct AGO business?**

22 A. Um, I think phone calls, yeah, likely that
23 would have certainly been the case. I think text
24 messages were, again, like we talked about, at least
25 that I can remember, things like, you know, transitory

1 kind of logistic type, you know, Hey, I'm out today,
2 or, Hey, you know, are you in the office? Do you want
3 to chat about -- you know, want to chat about
4 something? You know, something short, you know, that
5 are for that format, generally speaking. But I don't
6 know the extent to which other people used their
7 things.

8 **Q. Okay. So you're not sure whether everybody**
9 **was aware of the policy there in Exhibit D regarding**
10 **texts and personal e-mail being used in violation of**
11 **the policy?**

12 **A.** I'm not aware of the date of that policy
13 and when that came into effect. I'd say that
14 that's -- I would be surprised if that policy was in
15 effect when -- when we were, um -- when I was in the
16 office, um. It was always my understanding through
17 conversations with, um, Mike and -- and John that what
18 we -- you know, what -- again, that was in their realm
19 of kind of direction and -- and what was appropriate
20 and what wasn't appropriate. It was always my
21 understanding that what we were doing was appropriate
22 and above board.

23 **Q. Okay. So did you retain any documentation,**
24 **personally, of any kind of communications, meetings,**
25 **notes, calendars, that you could provide to us --**

1 A. Uh --

2 Q. -- would you have to look and --

3 A. Yeah, I'd have to take a look.

4 Q. Okay.

5 A. I don't know that I, you know, to this day
6 two or three years later -- again, it's a little bit
7 of a blast from the past, here, so I -- I can take a
8 look and see if there's anything there.

9 MR. ANDERSON: Since you're represented,
10 maybe you could give that to your attorney.

11 THE WITNESS: That's fine.

12 Q. (By Ms. Allison) Okay. So were the
13 consultants ever paid out of state funds?

14 A. No. Not to my knowledge, no.

15 Q. So if the consultants were providing some
16 administrative consulting or guidance or kind of
17 working alongside the campaign and working with state
18 employees on state time, why were they being paid out
19 of campaign funds instead of state funds, if they were
20 working with state employees?

21 MR. HADEN: I'm going to object to that
22 question as completely conclusory, and I understand
23 it's investigative, not a deposition, but your whole
24 setup is completely conclusory. It's kind of like,
25 "Did you stop beating your wife last week or the week

1 before?" type question.

2 So if you want to rephrase, that's fine, but,
3 otherwise, I'm going to direct you not to answer that
4 question because the preamble, the whole first half is
5 conclusory to the question underlying the
6 investigation.

7 MR. ANDERSON: I'm not sure I follow the
8 objection. You want to break the question down?

9 MR. HADEN: Okay, so the objection is, you
10 set it up as if -- if all this was happening, if X, Y,
11 and Z was happening, then why? Well, it's presumptive
12 when the first half of the question asks whether that
13 is happening. And I don't want to turn it around and
14 see some press report that, Oh, well, Evan Rosell
15 answered in the affirmative to this and here's how he
16 answered when we asked him this, as if we're agreeing
17 with the initial premise.

18 That's a conclusory statement we don't agree with
19 -- that I don't agree -- I don't know, but I don't
20 agree with the -- the premise is some sort of settled
21 question that then leads to the second half of that
22 compound question.

23 Q. (By Ms. Allison) So do you un -- or can
24 you explain why the consultants were not paid with
25 state funds when they were in the Attorney General's

1 **Office working with the Attorney General employees?**

2 A. I have no knowledge of how they were paid
3 or, um, no knowledge of the campaign fees or
4 structures or anything like that. I know, at least
5 from my understanding, that they were not paid at all
6 from the -- the office, uh, but beyond -- beyond that,
7 I have no knowledge of how that worked.

8 **Q. So did you find it unusual that they were**
9 **not being paid, when they were working with state**
10 **employees, from state funds?**

11 A. Uh, no, I didn't find it unusual.

12 **Q. Did you ever think about it or question it**
13 **in any way?**

14 A. It's my understanding that the campaign
15 could -- could help the office and if that was
16 campaign paying for the time of consultants to aid the
17 office, that that was -- that was appropriate. But
18 other than that, I -- I didn't have any type of
19 conclusion or analysis or kind of legal or even just
20 kind of personal wonder as to what, um --

21 **Q. So, no concerns with state employees**
22 **getting paid to meet with them?**

23 A. I didn't have any concerns based on
24 conversations --

25 MR. HADEN: I'm going to object again.

1 Hold on, Evan. Don't answer that question. I'm going
2 to object again. That is a conclusory statement.
3 You're saying state employees -- your premise was
4 state employ -- you don't -- do you have a concern
5 about state employees getting paid to meet with them,
6 right? And it's a conclusory statement that they were
7 being paid to meet with them. Isn't that conclusory
8 on its face? I mean, what if we don't agree with that
9 premise?

10 MR. ANDERSON: Well, the witness can
11 answer. If he doesn't agree with it, he can say that,
12 I suppose.

13 MR. HADEN: Well, I'm his attorney and
14 that's why I'm entering the objection. So, if you
15 want to rephrase -- Evan, I'm going to direct you not
16 to answer. Obviously, you're a big boy, you can make
17 your own decision.

18 If you want to rephrase the question, that's fine,
19 but I have a problem with the setup of an
20 argumentative question. You're asking an
21 argumentative question at this point.

22 Most of this interview has been great. You've
23 asked open-ended questions that aren't leading or
24 argumentative questions. But that is an argumentative
25 question because the underlying premise of it assumes

1 some violation or assumes the premise that that's what
2 they were being paid for.

3 Q. (By Ms. Allison) So, state employees met
4 with Mr. Teepell and Ms. Gitcho on state time,
5 correct?

6 A. Yeah, to do state work, yes, to do office
7 initi -- to -- to think through and talk about office
8 initiatives that were directed by General Hawley, yes.

9 Q. But the political consultants weren't paid
10 by the state?

11 A. No, not to my knowledge. I don't believe
12 that that's the case, and I don't have any under -- I
13 don't have any knowledge other than the fact that it
14 certainly wasn't paid through the state. I don't have
15 any knowledge of that payment --

16 Q. Okay.

17 A. -- payment relationship.

18 Q. So, campaign records indicate that
19 OnMessage was paid 75,000, roughly, and First Tuesday
20 was paid a little over 30,000 by Hawley's state
21 campaign from the period January of '17 to July of
22 '17. Do you have any -- do you know if any of those
23 payments were for working with the AGO?

24 A. I have no idea. I have no understanding or
25 involvement with any of that.

1 Q. So if these services were being provided by
2 the attorney -- provided to the attorney general's
3 office, was there a contract detailing the work the
4 consultants were going to perform for the Attorney
5 General's office?

6 A. Not that I'm aware.

7 Q. Okay. And since they weren't paid, there
8 weren't any invoices showing what they were working
9 on?

10 A. I don't -- I don't have any knowledge of
11 any kind of invoices like that.

12 Q. Okay. So the OnMessage, Inc.'s website
13 indicates their purpose is to elect candidates to
14 political offices. It doesn't really indicate that
15 they have any role to provide administrative services.
16 And then Ms. Gitcho, First Tuesday, has experience as
17 a communication director for various political
18 campaigns.

19 Can you explain why these firms would have been
20 selected for providing those type of services?

21 A. No, I -- no, that's far beyond my, um --
22 any kind of exposure I had or I have no -- nothing to
23 add to -- to that. I have truly no idea.

24 Q. So did you or anyone else question using
25 those type of firms or the perception of using those

1 **firms?**

2 A. No. It was always my understanding, based
3 on conversations with, um, Mike and John that it was
4 all perfectly appropriate.

5 **Q. So those professional services weren't**
6 **procured through a selection process of any kind?**

7 A. I wouldn't know. I wasn't involved in
8 procuring them.

9 **Q. Okay. And you don't know if any other**
10 **firms were considered or other individuals were**
11 **considered?**

12 A. Again, I have -- I don't have any knowledge
13 or involvement in that.

14 **Q. Okay. So when you started with the**
15 **Attorney General's Office, were you allowed to claim**
16 **relocation expenses?**

17 A. I believe so.

18 **Q. When did you claim those expenses?**

19 A. Um, I'm not sure. It would have been
20 probably January of 2017.

21 **Q. Okay. Who gave you approval to claim those**
22 **expenses?**

23 A. Gosh, um, it would have -- it would have
24 been something I would have discussed with either
25 General Hawley or Rhonda Meyer. I believe Rhonda

1 Meyer kind of operatively had been in the office,
2 what, thirty-something years and knew some of those --
3 those things. But, um, I believe it -- I'm sure at
4 some -- I don't have a specific memory of that, but I
5 assume or I would speculate that there was a
6 conversation with General Hawley and, uh, probably
7 more likely a conversation with Rhonda Meyer.

8 Q. Okay. Did they kind of detail what kind of
9 expenses you could claim or -- or --

10 A. I don't recall that. I don't know.

11 Q. Do you remember what kind of expenses you
12 claimed?

13 A. It probably would have only been moving
14 expenses, but I'm speculating again. I don't have a
15 specific memory of that.

16 Q. Okay. Are you aware of any other employees
17 receiving relocation expenses?

18 A. Um, off the top of my head, I don't know.
19 That's not to say that others didn't. I just don't
20 know.

21 Q. Do [REDACTED]
22 from out of [REDACTED]

[REDACTED] [REDACTED]
[REDACTED] [REDACTED]
[REDACTED] [REDACTED]

1 [REDACTED]

2 [REDACTED]

3 But those types of logistic things would have --
4 would have -- practice would have been to run that
5 through Rhonda and trust her direction as to what
6 was -- what was appropriate or not.

7 Q. So you got relocation expenses. Did Loree
8 Anne Paradise get relocation expenses?

9 A. I don't know.

10 Q. You don't know?

11 A. And you mentioned that I got them. I -- I
12 think I did. I don't have a specific memory of it, I
13 promise --

14 Q. Okay.

15 A. -- you know, like I said, we got there and,
16 uh --

17 Q. Well, I would have thought you would have,

18 [REDACTED]

[REDACTED] [REDACTED] [REDACTED]

[REDACTED] [REDACTED]

[REDACTED] [REDACTED]

[REDACTED] [REDACTED]

[REDACTED] [REDACTED] [REDACTED]

[REDACTED] [REDACTED] [REDACTED]

[REDACTED] [REDACTED]

1 [REDACTED]
2 [REDACTED]
3 [REDACTED]
4 [REDACTED]
5 [REDACTED]

6 So, I don't have a specific memory of that. I
7 wish I could help you. If it happened, then it
8 happened. I'm not sure.

9 MR. ANDERSON: Let me know before you
10 finish your finishing strategy.

11 MS. ALLISON: Okay.

12 Q. (By Ms. Allison) Are you aware of any
13 state resources being used for political or personal
14 purposes, for example maybe a state vehicle?

15 A. I'm not aware of any -- I'm not aware of
16 any of those -- of anything like that.

17 Q. Okay. Were you aware of anything unlawful
18 or --

19 MR. ANDERSON: Is this your last stretch?

20 MS. ALLISON: Yes.

21 MR. ANDERSON: I want about two seconds.

22 MS. ALLISON: Okay.

23 (Break in proceedings from 2:20 to 2:23 p.m.)

24 MS. ALLISON: Are we ready to wrap up?

25 [REDACTED]

1 [REDACTED]
2 Q. (By Ms. Allison) Okay. So, were you aware
3 of anything unlawful or inappropriate regarding
4 political resources or political use of public
5 resources taking place while you were at the Attorney
6 General's Office?

7 A. No, with the only qualification that I
8 didn't do the legal research on that myself. So, um,
9 no, it was never my understanding that anything
10 improper was happening.

11 Q. Okay. Have you had any contact or
12 conversations with anyone other than your attorney
13 about this audit or this meeting?

14 A. When you first called, the day that you
15 called, um, I had -- I called Mike Martinich just to
16 say -- because I've been out of the loop, I haven't
17 followed the news story -- just to say, What -- what
18 is -- what's going on? But we didn't talk about
19 anything substantive. I didn't ask him about who else
20 had been called. I haven't reviewed anything, I
21 haven't, um -- I haven't spoken to anybody other than
22 that. And even -- and even with Mike, it wasn't,
23 um -- we didn't have any conversations about potential
24 answers or potential questions or things like that.
25 It was more just kind of, What's going on? You know.

1 From my under -- we'd worked with the auditor's
2 office when they were doing an end-of-session or
3 end-of-administration audit for General Koster, and I
4 didn't know if this was a standard end-of thing or if
5 there was a unique situation. He didn't really say
6 much. He said, you know, I don't know, I have -- you
7 know, he's out of the office, too, so that was -- that
8 was it, but nothing -- nothing substantive on this
9 kind of stuff.

10 **Q. Are there any individuals you think we**
11 **should talk to?**

12 A. Certainly names that you brought up today.
13 I don't believe anything improper happened. It
14 wasn't -- certainly wasn't my understanding, based on
15 conversations, that anything improper happened. Um, I
16 think, you know, we've -- we just -- we worked hard
17 for the State of Missouri. I think we really felt a
18 passion for things like human trafficking and for
19 opioids and for developing relationships with folks
20 across the state in order to pursue those types of
21 things.

22 But back to your question, um, I'd say certainly
23 people on the e-mails and -- but I'll let the auditors
24 be the auditors. I don't have any direction for you.

25 MS. ALLISON: All right. Well, thank you

1 for your time.

2 THE WITNESS: Appreciate it.

3 MS. ALLISON: Appreciate you traveling up
4 here to visit with us.

5 THE WITNESS: Well, I felt like it was --
6 did you have to come down from Jeff City, Joel?

7 MR. ANDERSON: Mm-hmm, mm-hmm.

8 THE WITNESS: Well, I apologize for that.
9 Is it -- middle ground --

10 MR. ANDERSON: I'm holding him responsible
11 for it. Not --

12 THE WITNESS: How long of a drive was it?

13 THE COURT REPORTER: We're still on the
14 record?

15 THE WITNESS: That's fine.

16 MR. ANDERSON: Okay. Let's finish this
17 part of it up. This will be transcribed. We'll have
18 a copy for you to review, if you want to do that, and
19 sign it, or you can consider it done. I haven't
20 gotten with our -- since I'm used to courtrooms and
21 not audits, I haven't gotten with our people on, you
22 know, whether this is some kind of an audit paper that
23 needs to be protected for some reason or another.

24 So whether we send you an electronic copy or
25 provide one for you to look at, I haven't figured that

1 out yet, but we'll figure it out.

2 THE WITNESS: I don't have a preference. I
3 think we're --

4 MR. ANDERSON: Yeah, I think either way, if
5 you want to, you know, just make sure that, you know,
6 it's transcribed correctly, we can definitely do that.
7 Other than that, I don't think there's anything else.

8 MR. SMITH: And we would certainly
9 appreciate a copy of the transcript, and we're
10 grateful that -- for the auditor's office allowing us
11 to participate.

12 MR. ANDERSON: Well, we're happy to have
13 you.

14 I think we're off the record now.

15 (Proceedings concluded at 2:28 p.m.)

Hey guys --

Thanks for making time to meet together last week. We've been talking through action points for each of us -- I've communicated with several of you about these already. Let me put your respective action points below. I think we'll likely have a conference call toward the end of the week to discuss. LA, can you make sure everyone's square on time/date?

DANIEL: Intergovernmental // Coalition-Building

- Develop a target list of local and key officials for intergovernmental affairs.
- Develop a target list of coalition groups

LOREE ANNE: Communications and Constituent Services

- Find and hire press secretary
- Review constituent services and determine needs and format
- Inventory owned/shared media assets
- Develop list of administration accomplishments
- Job Description for Brad Johnson (Special Assistant to the AG)

RACHEL: Legislative Affairs

- Develop list of key legislators for relational engagement over the summer
- Develop system for tracking legislative requests

MIKE: Policy

- Next steps on Opioid front
- Review Daniel's Veteran's Pro Bono project

EVAN: Admin/Budget/Personnel

- Secure funding for Human Trafficking Coordinator
- Secure funding for additional constituent services representative

- **Finalize line attorney rebuild (Lit, GA)**

Let me know if you guys have questions.

F.

Consultants worked to raise Josh Hawley's national profile and helped direct the state office's work, records show. BY

JEFFERSON CITY

When news first broke last December about the [use of the self-destructing text message app Confide](#) in the governor's office, the scandal appeared to be confined to a handful of people — former Gov. Eric Greitens and his closest advisers.

A year later, the list of known Confide users in Missouri government has grown alarmingly long, with the true extent of its use still an open question.

A lawsuit uncovered 27 members of Greitens staff who used Confide, which automatically deletes text messages once they are read.

The Star reported last week [that Attorney General Josh Hawley's former chief of staff](#), Evan Rosell, used it while overseeing the operations of the office that [cleared Greitens of any wrongdoing](#). The St. Louis Post-Dispatch disclosed last month that chief of staff for the incoming state attorney general, Missouri Treasurer Eric Schmitt, also [downloaded the app](#).

By deleting messages the moment they are read, Confide ensures text conversations vanish without a trace — a potential subversion of Missouri laws designed to make the inner workings of government open to public scrutiny.

Facing new scrutiny over Confide use in their offices, Hawley and Schmitt addressed the issue Thursday at a press briefing to discuss transition matters.

Hawley, a Republican who will resign Jan. 3 when he is sworn in as a U.S. Senator, said he didn't know that his top aide used Confide.

"We have a policy in this office that says that Confide is not to be used for public business," Hawley said, "and we take that seriously and expect everyone in this office to abide by it."

Appendix D - Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes

Transcribed Interview of Former Chief of Staff

Schmitt, a Republican appointed to replace Hawley as attorney general, was just as adamant that no one in government “should be using Confide for public business.”

“That is my position, and that will be my position in this office,” he said. “Confide is not something people should be using when they are elected to public office.”

[Mark Pedroli](#), a St. Louis-area attorney who sued the governor’s office last year over the use of Confide, pointed out that “Greitens said the same thing” about Confide use by his staffers.

“They always add on the ‘for public business’ in their quotes and in their policies,” Pedroli said. “That’s the loophole. They allow it to be downloaded and used and then ask the public to just trust that they aren’t going to cross the line. The use of burner apps that are unable to retain communications permanently must be banned for all state officials on all phones and for all reasons.”

Pedroli worries the revelations about Confide use in state government over the last year could be just the tip of the iceberg. He’s become convinced his lawsuit is the best way to sort out just how widespread Confide use has become in state government.

But over and over again, he says he’s run into a pair of roadblocks: Gov. Mike Parson and Hawley.

Parson’s attorneys, holdovers from the Greitens administration, continue to urge the judge in his case to dismiss the suit. And Pedroli said Hawley’s legal conclusion that cleared Greitens’ of wrongdoing in the Confide investigation has been weaponized against him in the courtroom.

Now that it’s known the top aides of three GOP statewide officials — Greitens, Hawley and Schmitt — all used Confide, Pedroli is calling on Parson to stop fighting his lawsuit in court and for Hawley and Schmitt to recuse themselves from “all burner app investigations.”

“Draining the swamp of secret, shredded, government communications is what our litigation is all about,” he said. “Holding government officials accountable is a critical component of preventing future violations.”

The Star first [revealed use of Confide in Greitens office](#) in early December 2017.

Hawley launched an investigation into whether the app was being used to destroy public records two weeks later. The inquiry consisted of interviews with eight Greitens staffers, but not Greitens.

Hawley’s office never filed a request for records pertaining to Confide use in the governor’s office.

The two-month inquiry ultimately concluded that there was no evidence of wrongdoing, in part because Confide ensured there was no evidence.

Pedroli’s lawsuit would later uncover that 27 members of the governor’s office, including Greitens himself, used Confide. Public records obtained by Pedroli show Greitens’ staff openly discussing use of the app to conduct public business not only among themselves but also with people outside the governor’s office.

The fact that Rosell used Confide during his 15 months as Hawley’s chief of staff was never disclosed.

Rosell said last week that [he did not use Confide for public business](#). He said he might have told “one or two” people in the attorney general’s office that he had downloaded it, but he did not say whether Hawley knew.

When asked by The Star shortly before the election, Hawley said he didn’t know whether any of his taxpayer-funded staff had ever used Confide.

Asked again Thursday, Hawley insisted that he was never aware Rosell ever used Confide.

Pedroli said Hawley is either “concealing the truth or his chief of staff and a handful of additional senior staff were concealing it from Hawley. Sounds like we have a genuine question that requires an investigation.”

Appendix D - Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes

Transcribed Interview of Former Chief of Staff

Hawley stood behind his investigation of Greitens on Thursday, saying “we found what we found with the tools we were able to use.” He noted he lacks subpoena power in Sunshine Law investigations, something he urged legislators to address to improve enforcement of open records laws.

Pedroli said the findings of Hawley’s Confide investigation are both factually wrong and marred by a possible conflict of interest, creating the appearance that the attorney general’s staff exonerated Greitens’ office to protect their own use of burner apps.

Parson took over the governorship after Greitens resigned in June. He banned the use of Confide in his office, but the attorneys defending the governor’s office against Pedroli’s lawsuit continue making the same arguments that the app doesn’t violate Missouri’s Sunshine Laws.

The legal tussling between Pedroli and the governor’s office culminated in June, when Cole County Circuit Judge Jon Beetem [halted all discovery in the case](#).

Pedroli will ask the judge to reconsider that order next month and allow him to continue collecting evidence.

Parson’s spokesman, Steele Shippy, said the governor’s office is committed to government transparency.

“That’s why we banned the app,” he said. “We wanted to lead by example. But we don’t have the authority to tell someone they can’t have Confide on their personal device. We don’t have the legal authority to do that.”

Barbara Smith, one of the private attorneys defending the governor’s office in the lawsuit, said it’s unfortunate that the plaintiffs are “more focused on trying this case in the press and not inside the courtroom, which reveals the fact that they have zero legal argument to stand on. We are confident in the litigation moving forward and we have nothing to hide.”

Pedroli said the last time the governor’s attorneys said he had no chance in his case “they lost their motion to dismiss.” He added that “it’s “perfectly appropriate that an open records lawsuit over the use of burner apps in government is being extensively discussed in the media. Defendants should welcome the coverage, but they won’t.”

Michael Wolff, a retired judge of the Missouri Supreme Court and former dean of St. Louis University Law School, said the question is whether the use of Confide by Hawley’s chief of staff or other people in the attorney general’s office was unlawful.

“I’m not sure whether it’s a conflict of interest or whether two office holders’ offices disobeying the same law,” Wolff said. “The only way this gets fully investigated if at all would be through a private lawsuit ... So the question is (Pedroli) going to expand his lawsuit to include the AG’s office. Otherwise, unless there’s a suit involving the office the AG and his staff don’t have to answer any questions.”

Hawley seemed to agree with Wolff on Thursday, telling reporters that because of his office’s lack of subpoena power in Sunshine Law investigations “civil litigants often have more authority and tools at their disposal than this office.”

A bill introduced during the 2018 legislative session by Rep. Gina Mitten, D-St. Louis County, would have banned state employees from conducting public business using software designed to send encrypted messages that automatically self-destruct.

It was never given a hearing or referred to committee, but Mitten said she plans to re-file the bill in 2019.

Schmitt said he hasn’t seen the bill so he can’t comment on it specifically, but “I don’t have any problem with that becoming law or policy.”

Jonathan Groves, president of the nonprofit Missouri Sunshine Coalition, said he hopes there will be hearings about Confide and other such apps as the legislature considers strengthening the state’s open records laws.

Appendix D - Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes

Transcribed Interview of Former Chief of Staff

"The Sunshine Law has not really kept up with technology," Groves said, "and this is one of the cases where we need to say: Will the legislature step up and look at this law and how we can beef up the law so that it can keep up with technology? ... There's not an easy solution to this but there's a broader conversation that needs to be had, and the legislature is a place where that could happen."

;;;;;What do you think about a press intern for the summer? I'd like us to think about what our actual needs are going forward in comms/scheduling/etc. I found a body man for AG -- Brad Johnson -- who can start in May. He's a really smart and capable dude, so I'm sure he can help on some press/human trafficking projects.

Will be good to discuss with Timmy tomorrow.

6.8 Annual Review of Policies

Each year, on or before March 31, the AGO shall review Sections 6.0-6.8 and Section 7.0 to determine whether any provisions of those sections should be changed or updated. A decision not to change any portions of those sections shall be memorialized in writing.

7.0. Discrimination and Equal Employment Opportunity

It is the AGO's policy to maintain a working environment free from discrimination. Discrimination based on gender, race, color, religion, national origin, disability, age, veteran status, sexual orientation, or other characteristic protected by law is prohibited. This applies to all areas of employment including hiring, training, salary administration, promotion, benefits, discipline, and termination.

The AGO will provide a "disabled" employee with a reasonable accommodation to enable the employee to perform the essential functions of his or her job. An employee seeking a reasonable accommodation for a disability should direct his or her request for an accommodation to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

As with harassment, AGO employees must report incidents of discrimination using the process described above for reporting harassment. The AGO will follow the guidelines set forth in Section 6.3 for investigating and remedying harassment when addressing allegations of discrimination. The guidelines described in Section 6.4, 6.5, and 6.6 also apply to complaints of discrimination made under this policy.

8.0. Computer Use and Electronic Communications Systems

The use of computers, facsimile machines, telephones, electronic mail, and voice mail are part of your everyday tasks. This policy applies to employee use of the AGO's Electronic Communications Systems (referred to here as "Communications Systems") which include, but are not limited to, office-issued telephone, computer, facsimile machine, electronic mail, internet and intranet systems, and voice mail hardware and software.

All Communications Systems and any documents or messages created or contained within the Communications Systems are the property of the AGO and regarded as documents belonging to the AGO. The Communication Systems are to be used primarily for business purposes. Excessive use of the Communication Systems for personal reasons, or use of the Communication Systems for inappropriate purposes (e.g., illegal conduct, sexual harassment, etc.) is prohibited and may lead to disciplinary action, up to and including termination of employment.

Employees should not expect that any communication created, sent or received on the Communications Systems is private. The AGO reserves the right to monitor, review, access, reproduce or disclose anything created, sent, or received on the Communications Systems, at any time, without notice.

The AGO's Communications Systems' resources may not be used for the transmission or storage of commercial or personal advertisements, solicitations, promotions, destructive programs (viruses and/or self-replicating code), or any other unauthorized or improper use.

9.0 Electronic Written Communication on Personal Electronic Devices

It is the policy of the AGO that all electronic written communication made or received in connection with the transaction of official business be made or received using the AGO's Communications Systems.

You should not use your personal cell phone, Blackberry, laptop, tablet or other portable electronic device, or home computer for AGO business unless you are remotely logged into your official account as part of the AGO's Communications Systems, whether through the AGO's webmail portal (<https://webmail.ago.mo.gov>), its Mobile Iron (or successor) platform, its virtual desktop program, or otherwise.

10.0. Blogging and Social Media

The guidelines in this policy are intended to assist the AGO's employees to make appropriate decisions about work-related blogging and the contents of blogs, personal websites, postings on social media websites (e.g., Facebook, Twitter, etc.), wikis, and other interactive sites, postings on video or picture sharing sites (e.g., YouTube), or in the comments that employees make online on blogs, elsewhere on the public internet, and in responding to comments from posters either publicly or via email. Any of the AGO's other electronic communications policies (e.g., Computer Use and Electronic Communications Systems) remain in effect and are not modified by this policy.

These guidelines will protect the privacy, confidentiality, and interests of the AGO, our employees, and the constituencies we serve.

10.1. Guidelines for Interactions About the AGO on the Internet

If employees are developing a website, writing a blog, or make comments on social media websites (e.g., Facebook, Twitter, etc.) that will mention the AGO, our employees, or matters likely of interest to the AGO, identify that you are an employee of the AGO and that the views expressed on the blog or website are yours alone and do not represent the views of the AGO.

Unless given written permission by the Attorney General or the Chief of Staff, employees are not authorized to speak on behalf of the AGO, nor to represent that employees are authorized to do so.

Employees should let the Chief of Staff or Deputy Chief of Staff know if they are developing a website or writing a blog that will mention the AGO, our employees, or matters likely of interest to the AGO. The AGO's management may choose to visit those websites from time to time to determine whether employees' comments comply with this policy.

IN RE:)
No. 33-02.00
AUDIT OF MISSOURI ATTORNEY)
GENERAL'S OFFICE)

SWORN STATEMENT OF MICHAEL MARTINICH-SAUTER,
produced, sworn, and examined on July 11, 2019,
between the hours of eight o'clock in the forenoon
and six o'clock in the afternoon of that day, at
the office of the Wainwright State Office Building,
111 North 7th Street, St. Louis, Missouri, before
Stephanie D. Darr, a Certified Shorthand Reporter
and Notary Public within and for the State of
Missouri, in re: Audit of Missouri Attorney
General's Office.

1 APPEARANCES

2 Chief Litigation Counsel:

3 Mr. Joel E. Anderson, Esq.
4 OFFICE OF AUDITOR NICOLE GALLOWAY, CPA
5 301 W. High Street, Room 880
6 Jefferson City, Missouri 65102
7 573/751-4213
8 joel.anderson@auditor.mo.gov

9 Audit Manager:

10 Ms. Pamela Allison, CPA, CFE
11 OFFICE OF THE STATE AUDITOR
12 149 Park Central Square, Suite 814
13 Springfield, Missouri 65806
14 573/751-4213
15 pamela.allison@auditor.mo.gov

16 Mr. Joseph Todd Magoffin
17 OFFICE OF THE STATE AUDITOR
18 P.O. Box 869
19 Jefferson City, Missouri 65102
20 573/751-4213
21 joseph.magoffin@auditor.mo.gov

22 Deputy Attorney General:

23 Mr. Justin D. Smith
24 MISSOURI ATTORNEY GENERAL'S OFFICE
25 P.O. Box 899
Jefferson City, Missouri 65102
573/751-0304
justin.smith@ago.mo.gov

Reported By:

Stephanie Darr, CCR(MO)
ALARIS LITIGATION
711 North 11th Street
St. Louis, Missouri 63101
314/644-2191

1 IT IS HEREBY STIPULATED AND AGREED by
2 and between counsel that this sworn statement may
3 be taken in shorthand by Stephanie D. Darr, CCR and
4 Notary Public, and afterwards transcribed into
5 printing, and signature by the witness expressly
6 reserved.

7 (Sworn statement proceedings began
8 at 10:00 a.m.)

9 * * * * *

10 MR. ANDERSON: I'm just going to go
11 ahead and start it off. Ms. Allison will be asking
12 most of the questions. Since we have so many
13 lawyers in the room, I thought I'd start off by
14 saying this isn't exactly a deposition like we're
15 normally used to. It's more of a sworn statement.
16 I don't think lawyers know how to act anyway other
17 than if it's a deposition. Pam Allison is the
18 primary audit staff on this, and she will be asking
19 most of the questions. I don't plan on saying
20 anything unless something maybe needs to be
21 clarified or if there is some kind of objection we
22 need to deal with. I don't expect there to be many
23 of those. Just like a deposition, the Attorney
24 General's office is here to ensure confidentiality
25 as far as communications and so forth. If there is

1 ever any time you need to discuss something with
2 them, that's fine. We can go off the record and
3 step out in the hall. That's not a problem at all.
4 It's not our intention to get into anything like
5 that. But we may not know what question leads to
6 that. I think this is easier to do with lawyers
7 around than it is with lay people. The usual rules
8 apply. If you don't understand something we'll
9 repeat it until you do. This is mainly a bunch of
10 stuff that I don't understand because it has to do
11 with numbers. Pam understands, and she can
12 certainly explain it. Other than that, do you have
13 any questions?

14 THE WITNESS: I don't think so.

15 MR. ANDERSON: Pam.

16 MICHAEL MARTINICH-SAUTER,
17 of lawful age, produced, sworn, and examined,
18 deposes and says:

19 DIRECT EXAMINATION

20 QUESTIONS BY MS. ALLISON:

21 Q. Well, to get started, can you tell
22 us a little bit about your background prior to
23 joining the AGO.

24 A. Sure. How far back would you like
25 me to go? I'll just go back. [REDACTED]

■ [REDACTED]
■ [REDACTED]
■ [REDACTED] I went to undergrad in law school here in
4 St. Louis. After law school I spent a year
5 clerking for a federal court of appeals judge. I
6 worked a couple of years as a private practice
7 lawyer. In January of 2017 I accepted a position
8 in the Attorney General's office. I worked for the
9 Attorney General's office until I believe February
10 1st of this year. Since then I've been back in
11 private practice in St. Louis.

12 **Q. So how did you know former Attorney**
13 **General Hawley?**

14 A. While I was in private practice my
15 law firm represented I guess a not-for-profit
16 entity he was associated with, drafting some amicus
17 briefs, some federal appellate court cases. So
18 that's how I get to know him.

19 **Q. So kind of how did your job at the**
20 **AGO transpire? Did you just go through the normal**
21 **application process, or did you kind of reach out**
22 **after he got elected?**

23 A. Sure. So Attorney General Hawley
24 hired John Sauer as his first assistant. I was in
25 private practice with John, and frankly we had a

1 four person law firm. The two of us were full
2 time. One person I think billed zero hours the
3 year before, and the other person was a law
4 professor at Stanford. So when John left it was
5 sort of necessary to find a new job. John
6 recommended me to Attorney General Hawley, and I
7 accepted.

8 **Q. Okay. So you started working in?**

9 A. January 2017, either the 9th or
10 10th. I'm not sure. I believe the 9th was
11 inauguration. I'm not sure when my employment
12 formally started. But the day after inauguration
13 was my first day doing work.

14 **Q. So tell us a little bit about your**
15 **duties and responsibilities while you were at AGO**
16 **and if they changed during the time of your**
17 **employment.**

18 A. Sure. I would say I wore two hats
19 generally. One hat was to provide equivalent of
20 sort of in-house counsel legal advice to the
21 office, sort of a general counsel like role. The
22 other hat that I wore was to staff and service lead
23 counsel in, you know, lawsuits or investigations
24 that needed someone working on them. I would say
25 that broadly speaking those duties persisted

1 throughout my two years there. Obviously the
2 specifics changed, you know, as different cases
3 were involved or, you know, different issues came
4 forward. But broadly speaking that's what I did
5 for two years.

6 **Q. So you said you left in February?**

7 A. Yes. I believe February 1st was my
8 last day at the office.

9 **Q. So how did you communicate with**
10 **Attorney General Hawley, through e-mail, phone, in**
11 **person? Can you expand kind of on --**

12 A. Sure. I would say that the two
13 principle media of communication were by telephone
14 and in person. You know, I live in St. Louis, and
15 I lived in St. Louis throughout my time working for
16 the Attorney General's office. I came to Jeff City
17 quite a bit. When I was in Jeff City I would say
18 we spoke principally face to face. When I was in
19 St. Louis or if for whatever the AG was traveling
20 around the state we spoke by phone.

21 **Q. Did you use e-mail at all, the**
22 **state e-mail system or private e-mail?**

23 A. When you say did I use e-mail, to
24 communicate with the AG or in general?

25 **Q. With the AG.**

1 A. I know that we did communicate by
2 e-mail some, particularly early on. My
3 recollection is that over time the AG just didn't
4 use e-mail all that much. So certainly I did
5 communicate with him by state e-mail to be clear
6 when I say e-mail. But that was principally early
7 on in 2017.

8 **Q. Okay. So how did you communicate**
9 **with the AGO staff primarily?**

10 A. Telephone principally, especially
11 if, you know, I was in St. Louis and whoever I was
12 speaking with in Jeff City. In person if I was in
13 the same office. Then e-mail. You know, I would
14 say certainly when I was dealing with attorneys on
15 cases that was mostly by e-mail or, you know, in
16 person if I was in the same office.

17 **Q. So would that be state e-mail?**

18 A. Correct. Yes.

19 **Q. Okay. Did you ever use personal**
20 **e-mail?**

21 A. To the best of my recollection, I
22 never initiated any communications over personal
23 e-mail with anyone in the office. My recollection
24 based on reviewing documents in late 2018 in
25 response to a request from the Secretary of State's

1 office is that I did receive a couple of e-mails
2 from, you know, Evan Rosell and maybe one or two
3 other people. I believe that I responded to one of
4 those based on the e-mails that I produced to the
5 office. Any e-mails that would fit into that
6 category were produced to the Secretary of State's
7 office.

8 **Q. Okay.**

9 A. So that set of documents you
10 probably know better than I do.

11 **Q. Okay. So what about text messages?**
12 **Did you use the state phone or private texts?**

13 A. I received probably about five or
14 six text messages on my state phone. I never sent
15 a text message on my state phone. I would
16 occasionally exchange logistical text messages on
17 my personal phone of the nature, you know, are you
18 in Jeff City today or do you have availability?
19 Can you talk like at 11:00 a.m.? Things like that.

20 **Q. Okay. So regarding meetings and**
21 **conferences, meetings and conferences with Attorney**
22 **General Hawley, how were they scheduled or where**
23 **were they held?**

24 A. What sorts of meetings or
25 conferences are you referring to?

1 **Q. Any kind of meetings you would have**
2 **had regarding state business with Attorney General**
3 **Hawley, either in Jefferson City or in St. Louis,**
4 **how were those typically scheduled? Were they put**
5 **on your Outlook calendar and kind of where were**
6 **they held, or did you participate by phone?**

7 A. Sure. I mean obviously over the
8 course of two years there were a lot of meetings.
9 So I would have to sort of group them into
10 categories.

11 **Q. Okay.**

12 A. We had more or less weekly
13 executive team meeting. My recollection is it was
14 on Mondays or Tuesdays. I think that changed over
15 time. That I believe there was always an Outlook
16 event. You know, I don't recall who sent those. I
17 think Evan did when he was chief of staff, and then
18 Loree Anne did when she was chief of staff. I
19 don't know who sent them after Loree Ann left. But
20 certainly that should be available from the
21 calendar invites. In terms of other meetings, I
22 mean I would say they were mostly informal in
23 nature. So my office was in the basement of the
24 Supreme Court building. It was quite common for
25 Josh to call me up and say, hey, can you come up

1 here and talk about X, Y and Z? You know, there
2 wouldn't be calendar entries for that largely
3 because they popped up out of the blue.

4 I'm having trouble recalling any
5 other meetings outside the executive staff meeting
6 with Attorney General Hawley that were sort of
7 planned in advance, at least that I participated
8 in.

9 **Q. So did you participate by phone for**
10 **those executive meetings every Tuesday, or did you**
11 **go to Jeff City?**

12 A. I may have participated in one or
13 two by phone. I tried to come to Jeff City unless
14 there was some reason I had to be elsewhere in the
15 state.

16 **Q. And so those were held in the**
17 **conference room there?**

18 A. Correct.

19 **Q. In the AG's office?**

20 A. Yes.

21 **Q. So who typically attended those**
22 **meetings or conferences?**

23 A. The executive team meetings?

24 **Q. Uh-huh.**

25 A. The Attorney General, John Sauer,

1 me, Loree Ann Paradise, Evan when he was in the
2 office, Ryan Banger, who was the head of civil
3 litigation, Daryl Moore, who was the head of
4 criminal litigation. Daniel Hartman at some point
5 started attending them. He didn't attend them sort
6 of early on. I don't recall precisely when he did
7 start attending them. You know, I hate to guess.
8 But if I had to guess it would be late 2017. But I
9 don't recall any specific triggering event that I
10 was aware of or anything like that. To the best of
11 my recollection, it had something to do with as the
12 office was implementing the I-manage document
13 management system Daniel was really the point
14 person on that. So as that was crystalizing he
15 started attending meetings to provide updates on
16 it.

17 **Q. Okay. So were these meetings that**
18 **you said those were tracked on your Outlook**
19 **calendar, your AGO calenders, right, the executive**
20 **meetings?**

21 **A.** I certainly know that many, if not
22 most, if not all of them, were -- I mean I can't
23 sit here and guarantee that every single one of
24 those were an Outlook entry. But I believe so.

25 **Q. Did -- so were those also logged**

1 **like on a private calendar or anything like that?**

2 A. You know, I didn't have a private
3 calendar when I was in the office, and I don't know
4 whether anybody else logged in on any other
5 calendar.

6 **Q. How were the meetings with**
7 **consultants, for example, Timmy Teepell and Gail**
8 **Gitcho, scheduled or held?**

9 A. I only recall being in one such
10 meeting. I believe it was in April of 2017. I
11 don't recall sort of when I first learned it was
12 happening. I do know that I had a calendar entry.
13 I know that we produced that calendar entry to the
14 Secretary of State's office, and I believe that
15 calendar entry would reflect who sent the calendar
16 invite.

17 **Q. So you think that's the only**
18 **meeting you had with Timmy Teepell or Gail?**

19 A. That's the only thing that I would
20 characterize as a meeting. I know that they came
21 to the Supreme Court building in January 2017 and
22 I, you know, met them and shook hands with them.
23 But I didn't participate in any substantive
24 discussions with them, and I don't know the nature
25 of any meetings they may have had while they were

1 there.

2 **Q. Did you participate in any phone**
3 **conference meetings with them?**

4 A. I know that I was on, you know, at
5 least one phone call with them. I don't know how
6 many. I couldn't really give you a ballpark. It
7 could be anywhere between one and whatever. I
8 don't have strong recollections of them.

9 **Q. Okay. So who normally participated**
10 **in those meetings or conferences?**

11 A. In telephone conferences with Timmy
12 or Gail?

13 **Q. Uh-huh.**

14 A. To the best of my recollection,
15 from the office I don't recall anyone other than
16 Loree Anne participating. As I said, I don't
17 recall anyone else participating. It's possible
18 that Evan might have. But I don't recall anyone
19 beyond them.

20 **Q. Okay. And then the in-person**
21 **meeting in April, same thing?**

22 A. So to the best of my recollection,
23 the folks who attended that meeting at least while
24 I was there was Timmy. I don't believe Gail was
25 there, to the best of my recollection. Daniel

1 Hartman was there. Loree Anne Paradise was there.
2 Rachel Hassani was there. I was there. It's
3 possible that Elizabeth Johnson was there, but I
4 don't recall. I don't recall anyone else being
5 there.

6 **Q. And so were those type of meetings**
7 **tracked on your Attorney General calendar?**

8 A. As I said, to the best of my
9 recollection, I only attended one such meeting. To
10 the best of my recollection, that's on my official
11 calendar.

12 **Q. Would you have put those on like a**
13 **private calendar?**

14 A. As I said, I didn't have a private
15 calendar at the time.

16 **Q. So throughout 2017 it appears there**
17 **was a 10:30 executive meeting held nearly every**
18 **Tuesday. Is that what you were referring to**
19 **earlier with the staff?**

20 A. Correct.

21 **Q. Okay. What was generally discussed**
22 **at those meetings?**

23 A. I would say largely, if not
24 entirely, case-related issues. More or less the
25 purpose of it was that, you know, as you guys know,

1 state offices do a lot of things. Not every action
2 by a state office requires the approval of the
3 elected official. But some things do, and
4 particularly in the Attorney General's office there
5 is certain litigation decisions like settlement or
6 a decision to institute certain lawsuits requires
7 the Attorney General to give the thumbs up or the
8 thumbs down. So the principle purpose of that
9 meeting was to provide the office the opportunity
10 to, in a structured way, put those issues in from
11 of the Attorney General on a regular basis.

12 **Q. So sometimes those meetings were**
13 **called executive meetings on the calendars, and**
14 **then other times they were called executive**
15 **litigation meetings. Could you explain the**
16 **difference, or was there a difference?**

17 **A.** No. I couldn't explain the
18 difference. I didn't put together those calendar
19 entries. Frankly, until you raised it I'm not sure
20 that I knew that that difference existed. But I
21 would say that all of the meetings were litigation
22 oriented. So I don't know what that different
23 wording reflects.

24 **Q. Okay. You may have mentioned this**
25 **earlier. But who attended those meetings?**

1 A. So the Attorney General did, John
2 Sauer did, Ryan Banger and Daryl Moore, who were
3 the heads of the respective civil and criminal
4 litigation divisions. Loree Anne Paradise did.
5 Daniel Hartman began attending them at some point I
6 attended them. I don't recall anyone else.
7 Obviously those names changed in, you know, January
8 2019 when the Attorney General changed. But I
9 assume we're talking about AG Hawley.

10 **Q. Correct. So was there an agenda**
11 **for those meetings or kind of any itinerary or**
12 **agenda or anything that detailed what you were**
13 **going to discuss each week?**

14 A. So generally sort of everyone but
15 the Attorney General would meet in person right
16 before the executive staff meeting, and we would
17 talk about what we wanted to present in the
18 executive staff meeting. John Sauer generally
19 preside over those. I think -- I don't want to
20 speak for him. But I think he viewed his role as
21 streamlining it. In particular identifying issues
22 that he as first assistant could say yes or no to
23 without the Attorney General sort of having to
24 weigh in on it because the executive staff meetings
25 sometimes lasted hours, which wasn't really

1 necessarily an efficient use of anyone's time. So
2 we met in advance of them to try and identify what
3 needed to be presented, what didn't, and then, you
4 know, come up with an order. That usually
5 manifested as we would go around the circle, Mike,
6 what issues do you need to present today? Ryan,
7 what issues do you need to present today? And on
8 around the circle.

9 **Q. So mostly verbal then and probably**
10 **no written agenda?**

11 A. I don't recall whether or not --
12 let me say this: I believe that there were
13 meetings that had written agendas. I don't think
14 every meeting did, and I couldn't tell you sort of
15 what percentage. But I don't recall those ever
16 being circulated. So I don't know whether it was
17 sort of a situation of somebody sitting at a
18 computer while we were meeting and then typing it
19 up and printing it out. I know there were meetings
20 that had agendas. Not all of them. And I don't
21 really know the details of how they came about.

22 **Q. So would you have any of those**
23 **agendas that you could provide them?**

24 A. I don't have them. I don't know
25 whether the Attorney General's office has them or

1 not.

2 **Q. So did you take notes at those**
3 **meetings?**

4 A. The pre-meetings?

5 **Q. Uh-huh. Or at your executive**
6 **meetings. Pre or executive.**

7 A. I'm sure that I did take notes. If
8 there was an issue that I needed to present to the
9 Attorney General, I certainly wrote down, yes, we
10 can move forward on this or, no, we can't.

11 **Q. So would you have any of those**
12 **left?**

13 A. I don't have any such notes. You
14 know, to the extent that I took notes they would
15 certainly be reflected in sort of like the
16 litigation of decisions that were taken. I suspect
17 that -- I can't think of any issue I ever presented
18 in those meetings that wouldn't be privileged
19 and/or work product.

20 **Q. So throughout 2017 it appears there**
21 **was a 9:00 phone call that occurred to the number**
22 **everybody dialed in at (641) 715-3180 every Tuesday**
23 **prior to the executive meetings. Were you involved**
24 **in any of those phone calls?**

25 A. I don't -- I don't recall that. I

1 don't recall a regular phone call in advance of the
2 executive staff meetings.

3 **Q. Would this have been those**
4 **meetings, those pre-meetings you think? Did anyone**
5 **participate by phone or --**

6 **A.** I don't recall whether anyone
7 participated in them by phone. But if somebody did
8 participate by phone, I suspect it would have been
9 sitting in John Sauer's office, you know, him
10 calling that person or that person calling his desk
11 line. I guess that's somewhat speculative because
12 I don't recall whether or not anyone did. But I
13 certainly don't recall sort of a regular
14 pre-meeting call in.

15 **Q. So do you think your pre-meeting --**
16 **so the other executive meeting was at 10:30. What**
17 **time do you think your pre-meeting might have**
18 **gotten started?**

19 **A.** I don't recall the specificity.
20 Honestly, the starting time is generally governed
21 by when John and I would get in from St. Louis. We
22 generally carpooled together. Sometimes we would
23 get in early, 7:30 or 8:00. Sometimes if for
24 whatever reason we were delayed in St. Louis we'd
25 get in at like 10:00. So the timing would just

1 depend on when we were in town.

2 **Q. So regarding the consultants, in**
3 **your statement to the Secretary of State you**
4 **indicated you attended a meeting with Timmy Teepell**
5 **in late April 2017. Was that the first time you**
6 **met people? You kind of indicated you might have**
7 **met him in January. Or did you meet him prior to**
8 **joining the AGO?**

9 A. The first time I met Timmy Teepell
10 was in January 2017 in that instance that I
11 described earlier.

12 **Q. So how did Mr. Teepell become**
13 **involved with the AGO?**

14 A. I don't know the answer to that.

15 **Q. So in your statement to the**
16 **Secretary of State you stated you had a couple of**
17 **conference calls with Timmy Teepell in attendance**
18 **prior to the April 2017 meeting. Can you provide**
19 **any details of kind of what was discussed or what**
20 **those meetings involved?**

21 A. To the best of my recollection, the
22 phone call or phone calls, again, I don't recall
23 how many there were, were in advance of the offices
24 roll out of our human trafficking regulations. So
25 the subject matter of those calls was sort of

1 planning that roll out.

2 **Q. So what do you mean by roll out?**

3 A. Sure. So we made several
4 announcements. We issued human trafficking
5 regulations. We also created a unit within the
6 Attorney General's Office focussed on addressing
7 human trafficking issues. I believe there was
8 another component, but off the top of my head I
9 can't recall what it was. So in order to implement
10 those various components, you know, there were a
11 lot of moving pieces. There was a regulatory
12 component. There was the office logistical
13 component of setting up a team, you know, budgeting
14 for someone or someone to staff it. You know,
15 identifying who would be the right people to staff
16 it. Figuring out where in the office to house it,
17 and that tied in closely with the budgeting issues
18 in terms of where money was available in the budget
19 to do something like that. So we wanted to have
20 all of those issues sorted out before making a
21 public announcement about it. So there was a
22 logistical matter to address before that public
23 announcement.

24 **Q. Okay. So did you take any notes of**
25 **those phone calls or meetings?**

1 A. I don't recall.

2 **Q. Would there have been agendas for**
3 **those meetings?**

4 A. To the best of my recollection, I
5 put into the possession the Attorney General's
6 Office several documents that were housed on Google
7 docs. To the extent that I believe one of them --
8 I don't know whether I would characterize it as an
9 agenda. But to the extent that there was anything
10 like an agenda, that document is in the possession
11 of the Attorney General' office and was produced to
12 the Secretary of State.

13 **Q. Okay. So did you exchange any**
14 **e-mails with the outside consultants prior to the**
15 **inauguration?**

16 A. No.

17 **Q. Do you know how the meetings with**
18 **the consultants were scheduled?**

19 A. I don't. I was not involved in it.

20 **Q. So when was the first time you met**
21 **Gail Gitcho?**

22 A. I believe the first time I met her
23 -- the first time I met her was in January 2017 at
24 that, you know, handshake in the Attorney General's
25 office. I know that she also attended the press

1 conference where we announced the human trafficking
2 regulations. But to the best of my recollection,
3 she didn't attend the April meeting.

4 [REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

11 Q. What about any phone conference
12 calls?

13 A. To the best of my recollection, any
14 phone conference calls in advance of the roll out
15 involved her. I recall at least one phone call
16 that she was on.

17 Q. Okay. So what would have been
18 discussed like at the roll out or at that first
19 meeting when you had the handshake meeting?

20 A. As I said, there was no substantive
21 discussion at the handshake meeting. You know, I
22 had no idea who Timmy Teepell or Gail Gitcho were
23 and Josh. Just said, hey, this is Timmy. This is
24 Gail. I shook their hands.

25 Q. So you might have already answered

1 **this. But are you aware of who arranged for Gail**
2 **to attend those meetings?**

3 A. I am not aware.

4 Q. Okay. So did you have any meetings
5 **with any other outside consultants besides Timmy**
6 **Teepell and Gail Gitcho?**

7 A. No. Not to the best of my
8 recollection.

9 Q. So you indicated earlier I think
10 **you met with the outside consultants in January and**
11 **in April. Did you meet with them any other time?**

12 A. I would say I met them in January,
13 and I had a meeting with Timmy in April. I don't
14 recall any other meetings.

15 Q. Okay. Then phone conferences, you
16 **thought just a couple or --**

17 A. Yeah. I mean, as I said, I don't
18 recall a specific number. I know there is at least
19 one.

20 Q. Okay.

21 A. But I don't -- I just don't have a
22 recollection of how many there were and precisely
23 when they occurred.

24 Q. So for the April meeting that was
25 **in person, who established the agenda for that**

1 **meeting, or was there an agenda?**

2 A. I don't recall an agenda. My
3 understanding, the purpose of the meeting --
4 welcoming into the meeting I didn't really have any
5 understanding what the purpose was. You know, as
6 the meeting began, my understanding of the purpose
7 was principally to help identify the roles or lanes
8 of various people on the executive team. You know,
9 we had several people on the executive team whose
10 roles were either ill defined or overlapping,
11 including certain components of my role. I
12 understood the purpose of the meeting to delineate
13 the roles so that there wasn't duplication of
14 efforts or sort of turf wars so to speak. I mean
15 that's what I understood the agenda to be. But I
16 don't recall a written agenda or anything that was
17 provided in advance either in writing or orally.

18 **Q. So do you know who was responsible**
19 **for coordinating the visits with the consultants?**

20 A. I don't know.

21 **Q. And do you know, did you include**
22 **those meetings on your Outlook calendar?**

23 A. The April meeting?

24 **Q. Uh-huh.**

25 A. I believe there is an entry on my

1 Outlook calendar for it. To the best of my
2 recollection, and, again, this will be reflected in
3 the documents, it was a calendar entry sent to me
4 by someone else.

5 **Q. Okay. So before the meetings with**
6 **the consultants, did you discuss the meetings with**
7 **them with anyone?**

8 A. Not to the best of my recollection.
9 I suspect that at some point somebody told me that
10 the meetings were happening. But I don't recall
11 who that was or what the discussion was.

12 **Q. So during those meetings with the**
13 **consultants, were any topics raised that were only**
14 **campaign related?**

15 A. No. Never discussed anything
16 campaign related.

17 **Q. So were there any references of the**
18 **Attorney General running for Senate?**

19 A. No. In fact, all of those -- well,
20 one meeting. But also the handshake meeting in
21 January, all of those occurred months before I knew
22 that he was going to run for Senate.

23 **Q. So how did you come to know he was**
24 **running for Senate?**

25 A. I learned in the papers.

1 **Q. So he didn't make an announcement**
2 **to the employees or anything?**

3 A. Well, he -- we had an executive
4 staff meeting soon after he made his announcement.
5 At the executive meeting he said something to the
6 effect of you may have seen in the papers that I'm
7 running for U.S. Senate and I don't want it to
8 change the office operates. We're doing important
9 work here. I also don't want an elephant in the
10 room. I learned in the papers. But he did address
11 it when the next executive meeting was.

12 **Q. What do you think the timeframe was**
13 **when all of this occurred?**

14 A. I don't recall. In terms of what
15 month?

16 **Q. Yes.**

17 A. I don't recall when he announced.

18 **Q. So did discussion in those meetings**
19 **with the consultants ever drift towards campaign**
20 **issues or --**

21 A. No. In fact, I'm not sure at that
22 time that I even realized that Timmy or Gail had
23 any sort of professional, you know, campaign roles
24 either with Josh's campaign or with any other
25 campaign.

1 Q. So when you're meeting with Timmy
2 and Gail, were there any topics that ever caused
3 you concern that were brought up?

4 A. No.

5 Q. Do you know if any of the topics or
6 the issues with the consultants caused any other
7 AGO staff concerns?

8 A. I need to tread carefully here in
9 terms of privilege. To the best of my
10 recollection, Rachel Hassani in advance of the
11 meeting raised concern to Adam Rosell. I believe
12 she raised them in advance of the meeting.
13 Therefore, her concerns weren't caused by the
14 content of the meeting which had not yet happened
15 but instead the identity of the people we were
16 meeting with. Presumably she, you know, either
17 knew who they were or Googled them. But I was not
18 part of that conversation at least in terms of not
19 privileged information. I can't really speak to
20 what transpired.

21 Q. So how was the AGO staff informed
22 of the topics of those meetings with the
23 consultants?

24 A. Well, as I said, I only attended
25 the April meeting. To the best of my recollection,

1 as I said, there was no advanced notice to me of
2 what the content of the meeting would be. So I
3 guess that's responsive to your question.

4 **Q. Okay. So were you given any**
5 **documents to prepare for the meetings or after the**
6 **meetings?**

7 A. Certainly not before the meeting
8 for the reasons I have stated. I don't recall
9 certainly myself having any documents to prepare
10 coming out of the meeting.

11 **Q. Okay. So what was the role of the**
12 **consultants or what was your understanding of the**
13 **role of the consultants and who determined their**
14 **roles?**

15 A. As to the latter part, who
16 determined it, I don't know. My understanding of
17 what their role was, I guess I would say there is
18 two levels of that question. The most basic level
19 and probably the most important one is that most of
20 the people in the Hawley administration had little
21 or no government experience coming in. So, you
22 know, there are -- there is a knowledge base on how
23 to effectively run a government office the people
24 who have been particularly in state government have
25 that I certainly didn't have and Evan didn't have.

1 So my understanding of the principle role of the
2 consultants was to sort of help us government
3 novices sort of understand how to operate a
4 government office. You know, as I said, sort of a
5 level below that and to my mind the most important
6 thing they did was sort of help us think through
7 the various roles of the people on the executive
8 team so that they were delineated, not conflicting,
9 not overlapping, and also so that we could identify
10 areas there may have been a gap.

11 So to the best of my recollection,
12 one issues that was discussed in April was the need
13 for more constituents. That was, to the best of my
14 recollection, something that came out of concerns
15 raised by Loree Anne but was really clarified by
16 Timmy who had run a governor's office and,
17 therefore, sort of hand, I think, a pretty good
18 handle on what statewide constituent services
19 should look like. So to the best of my
20 recollection, one action item coming out of that
21 meeting, although it wasn't an action time for me,
22 was to consider whether or not we could hire
23 someone to spend more time on constituent services.
24 If not, if there was a way to sort of reallocate
25 various tasks so that there would be more time to

1 spend on constituent services.

2 **Q. So was there any direction clearly**
3 **given that consultants were not performing campaign**
4 **work?**

5 A. I don't recall ever being told
6 they're not performing campaign work. But I also
7 don't recall ever thinking that they were such that
8 such instruction would be required, if that makes
9 sense.

10 **Q. So was the role of the consultants**
11 **explained to the staff?**

12 A. I don't recall anyone ever
13 explaining to me expressly here is the role of the
14 consultants.

15 **Q. So how long did the consultants**
16 **serve in that role?**

17 A. I don't know. I mean I know my
18 interactions with them. You know, as I have
19 described, I met them in January of 2017. There
20 was one or more phone calls in the human
21 trafficking roll out. There was the April meeting
22 of Timmy Teepell. I don't have personal knowledge
23 of sort of beyond that time period, their
24 interactions with the office, if any.

25 **Q. Okay. So you think January to May**

1 **then?**

2 A. I don't have personal knowledge.

3 **Q. Okay.**

4 A. I don't know.

5 **Q. So would you describe the type of**
6 **work that they did to be kind of administrative**
7 **consulting services, or how would you describe it?**

8 A. Yeah. I mean I would sort of
9 compare them to like a McKenzie consultant in terms
10 of operational consulting, which I think is similar
11 to administrative consulting maybe.

12 **Q. So were the AGO staff expected to**
13 **report to the constituents?**

14 A. I certainly didn't feel like I had
15 to report to them, and no one ever expressed to me
16 that they felt they had to report to them.

17 **Q. Did you feel like you had to follow**
18 **the direction you gave?**

19 A. I never felt that way certainly,
20 and I don't recall anyone ever expressing to me
21 that they felt that way.

22 **Q. And did you ever interact with the**
23 **political consultants outside the meetings or phone**
24 **calls or the phone conferences via e-mail, texts,**
25 **social media apps, self-erasing or self-destructing**

1 **messaging apps?**

2 A. Well, certainly not the last
3 category. I believe that there were e-mails to
4 which I was a party. To the extent that those
5 exist, I produced them or they were produced to the
6 Secretary of State's office. I don't have clear
7 recollection of them. But they're in the record.

8 **Q. Were those state e-mails or**
9 **personal e-mails?**

10 A. They were over Gmail.

11 **Q. Any texts that you are aware of?**

12 A. I don't recall any. Let me put it
13 this way: In late 2018 I searched all personal
14 digital data that I had available to me. There
15 weren't any. I don't recall any, and I didn't have
16 any when I searched for them.

17 **Q. Okay. So how often do you think**
18 **you communicated with the consultants either e-mail**
19 **or phone or --**

20 A. I mean I would say rarely. You
21 know, I mean obviously more than zero as we've
22 discussed. But, you know, not very often and for a
23 pretty time limited period.

24 **Q. So on December 7, 2018, there was a**
25 **news article that was released quoting that Evan**

1 **Rosell had told one or two people in the AG's**
2 **office that he downloaded a Confide app. Are you**
3 **familiar with that?**

4 A. With the news article?

5 Q. **Uh-huh.**

6 A. I don't know that I've read the
7 article. But I'm aware that such an article may
8 exist.

9 Q. **Well, I'll show you the news**
10 **article here. So we've got it as appendix G.**
11 **That's mine.**

12 A. I'm not sure I actually need a
13 copy.

14 Q. **So did -- were you one of the one**
15 **or two people that Evan Rosell told about the app?**

16 A. I think the answer to that would be
17 privileged.

18 Q. **Okay. Did he forward you the**
19 **Confide app?**

20 A. He did not forward me the Confide
21 app.

22 Q. **So are you aware of anyone else in**
23 **the office downloading a self-destructing messaging**
24 **app such as Wicker, Telegram, Bleep or Signal?**

25 A. Well, two answers to that. I think

1 your last question may have been narrower than
2 intended. I downloaded Confide. Or maybe not
3 narrowed. I downloaded Confide probably in January
4 of 2017. I had it on my phone very briefly. The
5 only person I exchanged any messages with was Evan
6 Rosell, probably about five messages back and
7 forth. That app was in the news in early 2017
8 because of its use by people in the executive
9 branch of the federal government. You know, as
10 somebody who does civil litigation, I kind of
11 wanted to understand the various media that kids
12 are using these days so to speak. I spent a lot of
13 time thinking about ESI issues. So I downloaded
14 it, exchanged a few messages with Evan. Never with
15 anyone else. You know, deleted it not long
16 thereafter.

17 In terms of other self-deleting
18 apps, I mean I certainly didn't have any. To the
19 best of my recollection, Ryan Banger had Signal on
20 his phone. To the best of my recollection, that
21 was because there was a witness in a case who would
22 only communicate via Signal. I don't believe -- I
23 don't know exactly how Signal works, so I may be
24 misstating it. But to the best of my
25 understanding, Signal is not a self-deleting app.

1 Instead it has a setting to that effect. I
2 certainly know that Ryan's communications with that
3 witness were retained as part of the case file and
4 were retained, you know, when I left the office in
5 February.

6 **Q. So --**

7 MR. ANDERSON: When you said ESI
8 earlier.

9 THE WITNESS: Electronically stored
10 information. Computer or electronic data that's
11 evidence in a case.

12 **Q. (By Ms. Allison) So you're not**
13 **aware of the Signal app being distributed to**
14 **several staff in January of '17 to be used as an**
15 **encrypting app?**

16 A. I -- I'm not aware of that. I mean
17 I didn't have Signal.

18 **Q. And you weren't forwarded that app?**

19 A. No. I mean I don't -- and maybe
20 I'm confessing my technical ignorance. I'm not
21 exactly sure what forwarding that means. My
22 understanding is that for Confide there is some
23 sort of setting where you can essentially send a
24 text message to somebody to download this app.

25 **Q. Were you asked to download Signal?**

1 A. I never received such an invite
2 from anybody about any app.

3 **Q. Including Confide?**

4 A. Including Confide.

5 **Q. So how did you come to know about**
6 **Confide or know to download it?**

7 A. As I said before, it was being
8 discussed in the media in connection with the
9 federal executive branch and to the best of my
10 recollection sort of focusing on the executive
11 branch trying to communicate without their
12 superiors knowing communications were happening.
13 As I said, I, as a civil litigator, trying to keep
14 abreast of sort of potential ESI issues. That's
15 what I spend -- now that I'm back in private
16 practice, that's essentially what I spend all of my
17 time dealing with. So from a professional
18 competency perspective I felt like I needed to at
19 least understand what it was.

20 **Q. But you said you sent some messages**
21 **back and forth to Evan Rosell. Is that what you**
22 **indicated earlier?**

23 A. Correct.

24 **Q. Anybody else that you know of?**

25 A. I mean I've never exchanged Confide

1 messages with anyone else. To be clear for the
2 record, you know, none of the messages I exchanged
3 with Evan were work related. The only one I
4 remember was sort of a mean-spirited joke about KU
5 basketball, Evan being a KU grad. But, you know,
6 certainly not about state business.

7 **Q. Okay. Are you aware or did you use**
8 **Facebook Messenger or LinkedIn to communicate about**
9 **state business between staff or communicate with**
10 **the legislature?**

11 A. I certainly never did, and I'm not
12 aware of anyone who used those media.

13 **Q. Okay. So did you communicate via**
14 **private or personal e-mail with the consultants?**

15 A. To the extent that such
16 communications exist, they're produced to the
17 Secretary of State. To the best of my
18 recollection, the only e-mail sent by me was a
19 response to, you know, a scheduling e-mail that
20 someone else had sent. I think I said that time
21 works for me. I certainly don't recall initiating
22 any e-mail communications over personal e-mail with
23 them or with anyone else about state business. As
24 I said, I produced all of the, you know, the whole
25 universe of documents to the office. So anything

1 that existed has been produced.

2 Q. Okay. Was there any discussion
3 about those e-mails, private e-mails or personal
4 e-mails, being public record and whether those
5 e-mails needed to be retained?

6 A. I would say that anything
7 responsive to that would be privileged work
8 product.

9 Q. And so any of those e-mails you
10 said you produced and you retained, correct?

11 A. When you say any of those e-mails,
12 can you clarify what you mean?

13 Q. Personal or private e-mails with
14 the consultant?

15 A. As I said, you know, in 2018 I
16 searched all of the electronic and paper for that
17 matter communications accessible to me and produced
18 to the AG's office anything that would fit into
19 that category. Those materials were all in turn
20 produced to the Secretary of State.

21 MR. ANDERSON: I'm going to
22 interject something here. On the question you
23 claim privilege on, what was your question, Pam?

24 MS. ALLISON: Was there any
25 discussion about the e-mails being public record or

1 whether e-mails needed to be retained?

2 MR. ANDERSON: Is your assertion
3 privilege, would it be as to the fact of
4 communication?

5 THE WITNESS: Well, I mean the
6 question asks about communications. Were there
7 communications between me, the general counsel at
8 the office. I mean I can tell you anyone I would
9 have had those communications with would have been
10 the client of the Attorney General's office. So
11 I'm not sure how to answer that question in a way
12 that's not breaching privilege.

13 MR. ANDERSON: In other words,
14 leaving aside the content, like what was the
15 communication, the fact of the communication which
16 you're claiming privilege to --

17 MS. ALLISON: So I guess --

18 MR. ANDERSON: Hang on, Pam.

19 THE WITNESS: So is your question
20 can I confirm the communications exist without
21 disclosing the content of the communication?

22 MR. ANDERSON: Right. And you may
23 not care. I was just listening to the question.

24 MS. ALLISON: Go ahead.

25 THE WITNESS: I will defer to the

1 Attorney General's office as to whether or not they
2 think the fact of the communication is privileged.

3 MR. SMITH: I think the way the
4 question was phrased called for privileged
5 information. So we would ask that you not divulge
6 any such privileged information.

7 THE WITNESS: Is there a way to
8 rephrase the question that asks -- I mean, Joel,
9 can I take you to be saying were there any
10 communications regarding the subject matter of
11 whether or not -- I can't recall the rest of the
12 question.

13 MR. ANDERSON: Whether or not they
14 were to be retained. Something like that.

15 MR. SMITH: Or public record.

16 MR. ANDERSON: That was my question
17 is the fact of that communication leaving aside
18 what the communication was.

19 THE WITNESS: I think I can answer
20 that by saying --

21 MR. ANDERSON: You good with that
22 part?

23 MR. SMITH: I'm good with him
24 answering that question.

25 MR. ANDERSON: Okay.

1 MR. SMITH: And not getting any
2 details.

3 THE WITNESS: I think I can answer
4 that without breaching privilege by saying, yes,
5 there were privileged communications regarding
6 whether or not -- I guess can you clarify what
7 e-mails? We've had so many communications that
8 I've lost track of what the direct object of the
9 question was.

10 MR. ANDERSON: And I'm sure I
11 helped it along.

12 THE WITNESS: Well, I mean you did
13 help us along by getting us where we can have an
14 answer.

15 Q. (By Ms. Allison) So basically
16 whether those private or personal e-mails were
17 public record and should have been retained?

18 A. And by those private e-mails, you
19 mean the ones that I put into the possession of the
20 Attorney General's office?

21 Q. Or just in general should private
22 or personal e-mails to the consultants discussing
23 state business, was there a discussion that those
24 should be retained or should be public record?

25 A. I mean I now feel like that the

1 question has been phrased so broadly that I'm not
2 sure. Can we break it up into discrete questions
3 so that I can --

4 MR. ANDERSON: I think the question
5 is -- you need to listen to me, Pam. Were there
6 communications about whether those --

7 MR. ALLISON: Types.

8 MR. ANDERSON: Those types of
9 communications or records should or should not be
10 retained.

11 MR. ALLISON: Or public record.
12 Right.

13 THE WITNESS: So do you mind if I
14 articulate what I think the question is, and you
15 can tell me if that's the right question?

16 MR. ANDERSON: Yes.

17 MS. ALLISON: Yes.

18 THE WITNESS: Were there ever
19 communications involving me regarding whether or
20 not communications over personal e-mail needed to
21 be retained under Missouri law?

22 MS. ALLISON: Right.

23 THE WITNESS: Yes. The answer to
24 that question is yes.

25 MR. ANDERSON: Now we can't ask

1 what the communications were.

2 **Q. (By Ms. Allison) So were -- was**
3 **there a policy and was there direction given to**
4 **staff regarding?**

5 A. Regarding what.

6 **Q. Whether those e-mails, personal**
7 **e-mails or private e-mails, should be returned?**

8 MR. SMITH: I, again, encourage you
9 not to get into the legal advice area. Your
10 question might call for that. So not to disclose
11 any privileged communications.

12 A. In terms of policies, yes. In
13 terms of guidance, I want to answer this without
14 revealing privileged content. So if the AG office
15 will stop me if they think I'm veering off course.
16 But certainly, yes, legal guidance was given
17 regarding what sorts of documents and
18 communications were subject to retention
19 obligations under Missouri law. I don't know if
20 that answered your question.

21 **Q. (By Ms. Allison) So did you use a**
22 **private e-mail account to schedule official**
23 **meetings and press conferences?**

24 A. Did I use -- sorry. Can you repeat
25 the question?

1 **Q. Did you use a private e-mail**
2 **account, for example, like Gmail that you mentioned**
3 **earlier, to schedule official meetings and press**
4 **conferences?**

5 A. No. I want to make sure I
6 understand your question, so I'm going to answer it
7 sort of in parts. I certainly never scheduled any
8 press conferences personally. In terms of
9 scheduling meetings or phone calls, as I said, I
10 believe that there is a document that I produced to
11 the AG's office, which was in turn produced to the
12 Secretary of State, in which there was an e-mail
13 sent to me and several other people, whose
14 identities I don't recall, basically trying to
15 schedule a time. I believe I responded, yeah, that
16 time works for me, or something to that effect.

17 To the best of my recollection, and
18 as I said, I searched my personal e-mail for a
19 particular response to records. To the best of my
20 recollection, that's the only phone call or sort of
21 communication by e-mail that would be responsive to
22 your question.

23 **Q. Okay. Were consultants included in**
24 **those type of e-mail invites? You know, you said**
25 **you were a party or you might have received. So**

1 **were the consultants included in those invites?**

2 A. I guess are you asking about
3 e-mails or sort of calendar invites?

4 **Q. Calendar invites.**

5 A. And calendar invites over personal
6 e-mail?

7 **Q. Right.**

8 A. So to the best of my -- well, a
9 couple of things. I never used sort of a Google
10 calendar largely because my phone at the time, the
11 calendar function on my phone didn't work. So I
12 wasn't able to create entries. If people sent
13 entries to me and I accepted it, they didn't show
14 up on my calendar. So I didn't use Google calendar
15 or any other personal calendar, you know,
16 throughout the relevant time period.

17 After, you know, as I was
18 collecting responsive documents to the Secretary of
19 State's investigation, I went through in my Google
20 account basically every application, whatever the
21 proper noun is for that, in the Google suite. In
22 the course of doing that I realized that there were
23 calendar entries that were accessible from my
24 desktop computer when I was logged in to my Google
25 account that I never seen before.

1 To the best of my recollection --
2 and, again, all of those have been produced to the
3 Secretary. So you undoubtedly know the documents
4 better than I do as I sit here. To the best of my
5 recollection, at some of those if not all of them
6 had Timmy and/or Gail as an invite.

7 **Q. Okay. So I was going to show you a**
8 **couple of things. So Exhibits B, C and D. So to**
9 **start with Exhibit B.**

10 A. Uh-huh.

11 **Q. So that says Hawley Press**
12 **Conference Call?**

13 A. Correct.

14 **Q. Created by yourself on your Gmail?**

15 A. It says created by my Gmail
16 address. Correct.

17 **Q. Okay. So you created this calendar**
18 **invite?**

19 A. I did not.

20 **Q. Can you explain what this is or**
21 **what this represents?**

22 A. Sure. Well, I can do my best. It
23 says created by my personal Gmail account. As I
24 said before and as I explained to the Secretary of
25 State's office, I didn't use my Google calendar. I

1 didn't even realize it was an application on my
2 Google account, and I didn't use the calendar
3 function on my phone at this time. I pointed out
4 to the Secretary of State's office that that was
5 there. But this document appears to reflect that I
6 created it. I can't speak to why it says that. I
7 don't know whether it's because in the course of
8 pulling these up and printing them out it somehow
9 modified the calendar entry. I don't know. You
10 know, I recognize that there is a tension between
11 what I'm saying and what these documents say. I
12 don't have an answer for you beyond what I've
13 given.

14 **Q. Okay. So are you saying that**
15 **somebody else sent you this meeting invite? Is**
16 **that what you're saying?**

17 A. I don't know the providence of
18 these documents. As I said, I didn't realize they
19 existed until, you know, late 2018 when I was
20 searching through all of the personnel files that
21 are available to me to see whether or not there was
22 anything else out there. It was only in that
23 context -- to the best of my recollection, that's
24 the first time I ever went into Google calendar,
25 and these were there. So I printed them out,

1 scanned them and put them in the possession of the
2 Attorney General's office. So I don't know who
3 sent them. I didn't review them at the time of the
4 phone calls that are reflected. But that's all I
5 really know about that.

6 **Q. Okay. So the same thing with**
7 **Exhibit C. It says created by you 9:00 to 10:00**
8 **a.m. Central Time-Chicago with Timmy Teepell, Gail**
9 **Gitcho, Loree Anne Paradise and yourself on June**
10 **15th. So this is kind of another time period where**
11 **I think earlier you indicated you didn't**
12 **participate with them after April?**

13 **A. Well --**

14 **Q. Do you remember this conference**
15 **call or --**

16 **A. I would say two things. First, I**
17 **don't recall saying I didn't participate with them**
18 **after April. I don't have recollections of it. I**
19 **certainly didn't have any. I mean I don't recall**
20 **any specific phone calls in looking at the -- what**
21 **appears to be an agenda here on Exhibit C, I don't**
22 **recall discussing any of those issues with Timmy**
23 **Teepell or Gail. I'm not even sure what PSA or**
24 **virtual training relate to. I don't know for sure**
25 **-- I suspect business council relates to the human**

1 trafficking business council that the office later
2 launched. But as I sit here right now, I don't
3 recall ever having discussed that with Timmy or
4 Gail.

5 **Q. Okay. So you don't recall this**
6 **meeting at all?**

7 A. I have no recollection of a phone
8 call, you know, involving that content, you know,
9 and I don't recall what happened on June 15, 2017.

10 **Q. Okay. Then on the second page**
11 **there of C, this is another press conference,**
12 **Hawley press conference, created by yourself, 2:00**
13 **to 3:00 p.m. Do you know what press conference**
14 **that might have been?**

15 A. Again, I have no recollection of
16 that call. I would push back on the wording you
17 used. It says -- rather than saying created by me,
18 the document says created by that Gmail address.
19 As I said, I never created any such calendar
20 entries.

21 **Q. Okay. So do you remember being**
22 **involved in a press conference in June of '17, or**
23 **around this time?**

24 A. I mean I -- what do you mean by
25 involved in a press conference?

1 **Q. Did you attend the press**
2 **conference? Do you know what this press conference**
3 **was for, or do you remember anything going on at**
4 **this timeframe?**

5 A. I don't recall when the Attorney
6 General had press conferences. I know that I
7 attended several press conferences. I attended his
8 April 2017 -- I think it was April 2017 press
9 conference regarding the human trafficking
10 regulations. I attended his press conference
11 announcing the opioids lawsuit. I know that over
12 the course of two years I attended other press
13 conferences. They were largely press conferences
14 involving cases or investigations that I was
15 working on. But I have no recollection of anything
16 that was happening in late June of 2017 about which
17 he gave a press conference.

18 **Q. So how would you have been notified**
19 **of those press conferences?**

20 A. I suspect by phone call probably
21 from Loree Anne Paradise, who as I understand
22 organized the press conferences.

23 **Q. Okay. So do you think she might**
24 **have sent these invites?**

25 A. I would be speculating about who

1 sent them. I don't know.

2 **Q. All right. So then Exhibit D, this**
3 **is in March of '17. It's a Hawley follow-up call.**
4 **So it's got -- again, it's like the others. It**
5 **says it's created by your Gmail account. But it's**
6 **got your response, Yes, I'm going?**

7 A. It reflects on the document the
8 words, Yes, I'm going. As I explained with the
9 others, I didn't realize that these even existed
10 until late 2018. I couldn't speak to the inner
11 workings of the Google accounts and why it reflects
12 what it does. I acknowledge there is a tension
13 between what I'm saying and what the document says.
14 Beyond that I'm not sure what other information I
15 have.

16 MS. ALLISON: Anything else I
17 should ask him about?

18 MR. MAGOFFIN: Nothing to add.

19 **Q. (By Ms. Allison) Do you have any**
20 **idea on the guest list, sometimes it's got your**
21 **name at the top and sometimes it's at the bottom.**
22 **Do you have any idea? Is that why it does that?**

23 A. As I said, I don't know how Google
24 calendar works.

25 **Q. Okay.**

1 A. I would just be speculating, and my
2 technical knowledge is such that my speculation is
3 probably not accurate.

4 Q. Okay. So a lot of these have phone
5 **numbers on them. Do you recognize the phone**
6 **numbers?**

7 A. I don't recognize the phone
8 numbers.

9 Q. Okay. Because this Exhibit D that
10 **has the (641) 715-3580, that's the number of those**
11 **9:00 calls that were on everybody's Outlook**
12 **calendar. So I was just curious as to if you were**
13 **familiar with that phone number or --**

14 A. I don't recognize it, which is not
15 necessarily to say I didn't recognize it at the
16 time. But as I sit here now I don't know what it
17 is.

18 Q. All right. So you weren't tasked
19 **with setting up the conference calls with the**
20 **consultants?**

21 A. I was not.

22 Q. Earlier you indicated you were
23 **issued a state phone from the AGO. Did you use it**
24 **very often for text messages?**

25 A. Well, as I said before, I received

1 a small handful, maybe like five text messages over
2 the course of two years. I never sent a text
3 message with it.

4 **Q. Were those text messages retained?**

5 A. Yes.

6 **Q. Do you know how long they were**
7 **retained or just in the course of your employment?**

8 A. Well, they were all case related.
9 To the best of my knowledge, they were incorporated
10 into the relevant case files.

11 **Q. So did you and other AGO staff**
12 **frequently use personal cell phones to text or**
13 **communicate?**

14 A. As I said I earlier, I know that I
15 did text with at least some people in the office in
16 sort of a logistical nature of, hey, are you free
17 to talk? Something like that.

18 **Q. So do you have any knowledge of**
19 **personal text being used to communicate state**
20 **business?**

21 A. I'm not aware of any such text
22 messages that constitute records.

23 **Q. Was it common place to communicate**
24 **via private e-mail or private phone, private text**
25 **or social media apps in the AG office?**

1 A. Well, I'm not aware of anyone
2 communicating over social media apps. With regards
3 to personal e-mail, as I said, I have produced all
4 of those e-mails that I have. The volume of those,
5 especially in the relation to the volume of e-mails
6 that I sent over my state server, I think common
7 place would be an inaccurate word. In terms of
8 text messages, I wouldn't describe it as common
9 place either. Again, they were a logistical
10 nature.

11 **Q. So how would you describe the**
12 **personal e-mails that were sent, if not common**
13 **place? Were they used frequently, infrequently?**

14 A. I would say infrequently. Again, I
15 think the volume of them speaks for themselves,
16 especially in relation to the thousands of e-mails
17 I sent from my state e-mail account. So in terms
18 of frequency, I think, yes, infrequently and not
19 common place would be inaccurate statements.

20 **Q. So are you -- here is -- I'm going**
21 **to give you this. This is Exhibit E. So this is**
22 **the employee handbook from Missouri Attorney**
23 **General Hawley. Then if you turn to pages 5 and 6,**
24 **there on page 5 is the computer use and electronic**
25 **communication system policy. Then over on page 6**

1 **is number 9, electronic written communication on**
2 **personal electronic devices. Were you aware and**
3 **familiar with these policies?**

4 A. I don't have a distinct
5 recollection. But I am confident that I was aware
6 of them and familiar with them at the time.

7 Q. **Were other AGO staff aware of this**
8 **policy?**

9 A. I can't speak to anyone's
10 awareness. But to the best of my recollection, the
11 office requires all new employees to sign a
12 document more or less saying, yes, I've read and
13 understand the policies.

14 Q. **Were any AGO staff ever directed to**
15 **violate this policy?**

16 A. Not to my knowledge.

17 Q. **Okay. So this policy on page 6,**
18 **number 9, basically says that, "It is the policy of**
19 **the AGO that all electronic written communication**
20 **made or received in connection with the transaction**
21 **of official business be made or received using the**
22 **AGO's Communication Systems." "You should not use**
23 **your personal cell phone, Blackberry, laptop,**
24 **tablet or other portable electronic device or home**
25 **computer for AGO business unless you are remotely**

1 **logged into your official account." So are you**
2 **aware of any employees violating that policy or**
3 **using their personal e-mail account to communicate?**

4 A. I guess I'm aware that, you know --
5 here is what I would say in terms of personal
6 e-mail accounts. All such communications that I'm
7 aware of I have produced to the office for the
8 record. I do think that, you know, probably at
9 least one or two of those fall within the scope of
10 this policy. I don't believe that their original
11 sending violated the policy. But I certainly think
12 that their being put into the possession of the
13 office cured any violations there might have been.

14 **Q. How about are you aware of any**
15 **texts that might have violated this policy?**

16 A. I am not aware of any text message
17 that might have violated that policy. I would
18 point out that the first sentence there tracks the
19 language of the definition of record in Chapter
20 109. Therefore, the scope of the policy is going
21 to track the scope of Chapter 109 as, you know,
22 reflected in conversations that I've had with
23 counsel for the auditor's office and our prior
24 review of the auditor's office. I believe we're on
25 the same page of Chapter 109.

1 **Q. Can you expound on that?**

2 A. Sure. As Joel knows, the AG's
3 office and I led this inquiry I believe is the noun
4 we used involving daughter's (s.i.c.) offices,
5 record retention and Sunshine compliance. In the
6 course of that we had detailed conversations on
7 what Chapter 109 required. I certainly left those
8 meetings thinking that we were all on the same
9 page. Mike Morefield, who reviewed the report that
10 I wrote that includes our legal conclusions,
11 indicated that he agreed with that as well.

12 **Q. Okay. Would you have advised staff**
13 **that if private e-mails or texts used to conduct**
14 **state business were requested, that the AGO would**
15 **fight providing them tooth and nail?**

16 MR. SMITH: And I'm just going to
17 object that it clearly sounds like it's calling for
18 privileged communications.

19 MR. ANDERSON: Give me the question
20 again.

21 MS. ALLISON: Would you have
22 advised staff that if private e-mails or texts used
23 to conduct state business were ever requested, the
24 AGO would fight providing them tooth and nail?

25 MR. ANDERSON: Yeah. I think the

1 word advised is probably --

2 MR. SMITH: It's in the question.

3 THE WITNESS: But I will say this:
4 Hopefully the AG's office doesn't get upset with
5 me. No.

6 Q. (By Ms. Allison) So you have
7 provided all notes, agendas, correspondence,
8 calendars that you have?

9 A. Yes. I mean in terms of
10 communications, the calendar entries, those were
11 all produced to the AG office. In terms of notes
12 or things like that, I didn't take any from the
13 Attorney General's office when I left. Notes were
14 incorporated in the case files and things like
15 that. I can't speak to whether or not the AG
16 office retained them since I left. But I assume
17 so.

18 Q. Okay. Are you aware if the
19 consultants, Mr. Teepell or Gail Gitcho, were paid
20 out of state funds?

21 A. I am not aware of them being paid
22 out of state funds.

23 Q. Are you aware of the consultants
24 working with state employees while they were on
25 state paid time?

1 A. Can you repeat the question?

2 **Q. Were you aware of whether**
3 **consultants were working with state employees while**
4 **those state employees were on state time or being**
5 **paid with state dollars?**

6 A. Could you clarify what you mean by
7 working with?

8 **Q. When they came, for example, to the**
9 **meeting or the phone conferences, those type of**
10 **things?**

11 A. Sure. I mean I guess the answer
12 would be yes in the sense that I mean I think
13 probably those meetings happened on state time.
14 There were meetings that involved state business on
15 state time.

16 **Q. But the consultants weren't being**
17 **paid by the state, correct?**

18 A. I'm not aware of them being paid by
19 the state.

20 **Q. Okay. Would you find that unusual**
21 **that there are consultants working with state**
22 **employees on state time that are not being paid by**
23 **state funds?**

24 A. Would I find it unusual that
25 consultants would provide services without being

1 paid by the state?

2 **Q. Uh-huh.**

3 A. I wouldn't necessarily find it
4 unusual. I think that it's not uncommon for people
5 to help out so to speak with government without,
6 you know, being paid.

7 **Q. Okay. So from January of '17 to**
8 **July 2017, campaign records indicate that OnMessage**
9 **was paid \$75,000, roughly, which is Timmy Teepell's**
10 **organization. Then First Tuesday was paid \$30,506**
11 **by Hawley's state campaign. Do you think that**
12 **would represent the amount of work performed**
13 **providing those kind of administrative consulting**
14 **services to the AGO?**

15 A. I mean I have no familiarity with,
16 you know, the campaign finance reports, and I have
17 no sense of what they would charge, Timmy and Gail
18 would charge. So I couldn't even begin to
19 speculate about whether or not that would reflect
20 that amount of time, nor do I have a factual basis
21 to say how much time they actually spent in total
22 consulting with the office. I can only speak to
23 the, you know, at least in my experience, limited
24 interactions that I have with them.

25 **Q. Are you aware of there being a**

1 **contract for them to provide that work for the AGO?**

2 A. I am not aware of such a contract.

3 **Q. Are you aware of any invoices?**

4 A. I am not aware of any invoices. To
5 be clear, I am not aware of invoices from them.
6 I'm aware of invoices to and from the Attorney
7 General's office. But in the realm of what we're
8 talking about here, no.

9 **Q. Okay. So the OnMessage website**
10 **indicates their purpose is to elect candidates to**
11 **political office. There is really no indication on**
12 **that website that they are in the business of**
13 **providing administrative services. Then Gail**
14 **Gitcho, First Tuesday, has experience as a**
15 **communications director for various political**
16 **campaigns. Can you explain why these firms would**
17 **have been selected or providing that type of**
18 **service of administrative service to the AGO?**

19 A. I mean I have no knowledge of how
20 their affiliation with the AGO came about, and I
21 can't speak to what they do professionally.

22 **Q. Did you or anyone else question**
23 **using those types of firms or the perception of**
24 **using those types of firms for those kind of**
25 **administrative consulting services?**

1 A. As I described before, my
2 understanding is that Rachel Hassani raised
3 concerns about meeting with Timmy and Gail to Evan.
4 I am not aware of anyone else raising concerns
5 about that. You asked about perception. I mean I
6 would certainly say retrospectively whatever
7 benefit their involvement might have had has been
8 outweighed by the sort of perception that has been
9 generated as a result. But that's a retrospective
10 perception of mine.

11 **Q. So you didn't have that concern at**
12 **the time they were providing those services?**

13 A. I don't recall having that concern.
14 But I also don't recall really knowing much about
15 their backgrounds or, you know, perceptions of
16 them.

17 **Q. Do you know if those firms had**
18 **previously provided those types of administrative**
19 **consulting services before?**

20 A. I have no knowledge one way or the
21 other.

22 **Q. Do you know if those professional**
23 **services were procured through a selection process?**

24 A. I have no knowledge regarding that.

25 **Q. The last payment made to First**

1 **Tuesday during that January to July 2017 time**
2 **period was made on June 30, 2017. After that time**
3 **period First Tuesday, or Gail Gitcho, was no longer**
4 **providing any kind of administrative consulting**
5 **services, correct?**

6 MR. SMITH: If I can just clarify.
7 When you say payment, you mean from the campaign
8 and not the Attorney General's office?

9 MS. ALLISON: Correct. Campaign.

10 MR. SMITH: And your question
11 though was related to the campaign services being
12 provided, or to services provided elsewhere?

13 **Q. (By Mr. Allison) To the**
14 **administrative consulting services. Are you aware**
15 **of her providing any administrative consulting**
16 **services after June of '17?**

17 A. You know, as I said before, I don't
18 have a clear recollection of -- I mean, A, I don't
19 have a clear recollection of precisely when any
20 interactions I had with them were. B, you know, I
21 really don't know what interactions they may have
22 had with other people in the office that I was a
23 party to. So the short answer is I'm not sure
24 whether June 30th was a critical date or not. I
25 just don't know.

1 **Q. Okay. Do you know the timeframe in**
2 **which they began working on the Senate campaign?**

3 A. I have no knowledge on their work
4 on the Senate campaign.

5 **Q. Do you recall roughly when Attorney**
6 **General Hawley announced he was running for Senate?**

7 A. I don't recall. I mean I think it
8 was in mid 2017. But I couldn't give you the
9 month. I'm not sure.

10 **Q. So I'm going to show you Exhibit A.**

11 A. Can I just say one other thing?

12 **Q. Yes.**

13 A. I believe the words that I used
14 before was I know nothing Timmy and Gail's work on
15 the Senate campaign. To be clear, I do know they
16 worked on the campaign. But I don't know the
17 details of what they did on the campaign. I used
18 more general language than I should have. I just
19 want to be clear.

20 **Q. So this is a Gmail to you from**
21 **Elizabeth Johnson. It's to your Gmail account from**
22 **Elizabeth Johnson's Gmail account. Elizabeth**
23 **Johnson is a state employee, correct?**

24 A. She was at the time.

25 **Q. So she's sending you an invitation**

1 **to edit a Google doc Backpage OPED. Can you tell**
2 **us a little bit about what this document was?**

3 A. Sure. This is -- I mean this is
4 another document that I didn't realize I even had
5 possession of until late 2018 when I went back and
6 ran search terms on my Gmail to identify documents
7 that might be related to the Secretary of State's
8 investigation. Based on sort of the timestamp
9 here, on August 1, 2017 -- well, to take a step
10 back. Earlier in 2017 our office had served a
11 civil investigative demand on a company called
12 Backpage.com in order to investigate their
13 potential facilitation of human trafficking in
14 Missouri. They, rather than complying with the
15 civil investigative demand, filed a Federal 1983
16 suit against the Attorney General's office in an
17 effort to stop it. On August 1st, which is the
18 apparent date of this communication, we filed a
19 motion to dismiss that lawsuit. Sort of as part of
20 that in support of a jurisdictional argument we're
21 making, we were releasing exhibits of, you know, in
22 our view it was very damning evidence that Backpage
23 was in fact engaged in some extraordinarily
24 heinous behavior.

25 To the best of my recollection, the

1 Attorney General was planning on having a press
2 conference in conjunction with that filing. So
3 August 1st was a busy day for me because I spent
4 the first half of it frantically trying to finish a
5 complex and fact intensive filing. [REDACTED]

[REDACTED]
[REDACTED] So I have no recollection of
8 seeing this communication. Frankly, I suspect that
9 I went several days without checking the e-mail at
10 that time. So it doesn't surprise me that I didn't
11 realize this communication came in.

12 Q. Okay. But would you feel like this
13 does violate the Attorney General's policy number
14 9?

15 MR. SMITH: And I would just state
16 to the extent you're asking for a legal conclusion
17 from the office, I think that would call for him to
18 give legal advice from either his role as general
19 counsel or speculate in his role as a private
20 citizen. So we would object to that type of
21 questioning.

22 MR. ANDERSON: I don't think the
23 question called for an opinion on coming from the
24 office. What was your question -- can I get the
25 question one more time?

1 **Q. (By Ms. Allison) I'm not sure how**
2 **I phrased it. This -- did you feel like this**
3 **e-mail or looking at this e-mail now, would this**
4 **violate Attorney General's policy number 9?**

5 A. Well, I think in order to assess
6 whether or not this violates the policy I think
7 implicates the legal question of whether or not
8 this constitutes a record under Chapter 109. As I
9 sit here right now, I'm not sure that I have the
10 opportunity to sort of run through that legal
11 analysis. But what I would say is that as soon as
12 I was aware that this document existed I brought it
13 into the possession of the Attorney General's
14 office.

15 **Q. So this e-mail says Gail says we**
16 **need a clear tic-toc on how the events transpired**
17 **for the record so that Josh gets appropriate**
18 **credit. We can pull from his remarks and the TPs,**
19 **which I assume is talking point. I will start**
20 **putting something together. What did this getting**
21 **appropriate credit comment mean?**

22 A. I don't know what Elizabeth meant
23 by that. I don't recall the context well enough
24 even to speculate about that what means.

25 **Q. So you don't think this comment is**

1 **in reference to promoting his bid for Senate?**

2 A. I mean I certainly have no reason
3 to believe that it relates to promoting his bid for
4 Senate. I also do not know if he was a candidate
5 for Senate at the time. But I mean I suspect that
6 it just relates to getting media attention for the
7 office. Not for any political campaign. But,
8 again, I didn't send that communication. So I
9 don't know what the intent of the communication
10 was.

11 Q. **So do you believe Gail was**
12 **providing those administrative consulting services**
13 **to the AGO at this time?**

14 A. I don't know.

15 Q. **Do you know if she was working for**
16 **the campaign at that time?**

17 A. I have no knowledge of, you know,
18 when she was working for the campaign.

19 Q. **But you indicated that you and Ms.**
20 **Johnson were state employees at this time of this**
21 **e-mail?**

22 A. Certainly on August 1, 2018, we
23 were both state.

24 Q. **So did you end up reviewing or**
25 **revising that Google document at some point in**

1 **time?**

2 A. I have no recollection of revising
3 it. As I said, I have no recollection of receiving
4 this at the time. The first recollection I have of
5 this communication is in late 2018 when I was going
6 through my personal accounts to see if there was
7 anything responsive to the Secretary of State. I
8 don't recall for sure. But to the best of my
9 recollection, in late 2018 one of the documents
10 that I put in the possession of the office which
11 then went to the secretary was a Google doc
12 generally relating to Backpage. To the best of my
13 recollection, that was the document that opens if
14 you click open in docs in this communication.

15 MS. ALLISON: Do have that
16 document?

17 MR. MAGOFFIN: I can look real
18 quick.

19 THE WITNESS: I know the Secretary
20 of State has it. It was discussed in my interview
21 with Khريس. And Khريس is K-h-r-i-s.

22 **Q. (By Ms. Allison) We may come back**
23 **to that. So I'm going to give you Exhibit F, which**
24 **is going to make you --**

25 MS. ALLISON: Justin, you've seen

1 this one before too.

2 **Q. (By Ms. Allison) So this is an**
3 **e-mail from Evan Rosell. It looks like it went out**
4 **to several folks. It started -- let me make sure I**
5 **get this right. So Evan sent it. It's basically**
6 **action points for each person to address. Do you**
7 **recall getting this e-mail?**

8 **A. To the best of my recollection, I**
9 **didn't -- again, to the best of my recollection, I**
10 **didn't recall getting it at the time of the e-mail.**
11 **This is yet another e-mail that when I was**
12 **searching through my records in late 2018 I**
13 **identified sort of the version of this that came**
14 **from my Gmail account, put it in the possession of**
15 **the office, and that was in turn produced to the**
16 **secretary. I don't recall getting this at the**
17 **time. But I don't sort of have a clear**
18 **recollection to say definitively. I didn't read it**
19 **at the time.**

20 **Q. Okay. So up at the top it says**
21 **follow up from Timmy's visit?**

22 **A. Uh-huh.**

23 **Q. These e-mails are dated May 1st and**
24 **May 4th. So is this the meeting that they had**
25 **there in the AGO's office where Timmy was present?**

1 A. As I read this document the
2 reference to "Timmy's visit" most likely refers to
3 when Timmy was in the office in late April.

4 **Q. Okay. And so everybody there at**
5 **the top, were they all included in that meeting**
6 **with Timmy, Evan, yourself, Daniel Hartman, Rachel**
7 **Hassani, Loree Anne Paradise?**

8 A. Yes. I believe that matches up
9 with the roster I provided earlier.

10 **Q. And so this e-mail was sent out to**
11 **everybody's Gmail account. Do you know, was it**
12 **also sent to everybody's state e-mail account?**

13 A. Not that I recall. I don't recall
14 receiving an e-mail containing this content on my
15 state e-mail. I also don't recall such an e-mail
16 being identified in the searches I ran in late 2018
17 on my state e-mail account.

18 **Q. So can you tell me a little bit**
19 **about the different things that's on each person's**
20 **list as far as action points that each person is**
21 **supposed to follow up on, or specifically yours if**
22 **you're not familiar with the others. Or if you're**
23 **familiar with the others if you can comment on**
24 **those.**

25 A. I can certainly comment on the two

1 under my name. You know, I would need to read
2 other people's, and if there is specific ones you
3 want to ask about I can try and handle those. In
4 terms of "next steps on Opioid front", we had been
5 thinking within the administration for several
6 months about what the office's role, if any, would
7 be in sort of addressing the opioid crisis for lack
8 of a better more specific term. I don't -- I'll
9 try and avoid saying anything about privileged work
10 product.

11 Obviously at some point we reached
12 the decision to file a lawsuit against three major
13 opioid manufacturers, and later we decided to serve
14 civil investigative demands on a number of others.
15 I don't recall precisely when we decided that, yes,
16 the office's best role on this issue was to file
17 that lawsuit. I believe we filed the lawsuit in
18 mid to late June. So I couldn't say with
19 specificity on whether May 1st we had made that
20 decision yet. I suspect the next steps on opioid
21 front refers either to continuing to think about
22 the office's proper role on this issue and/or if we
23 had already decided to sue, moving that lawsuit
24 forward towards filing.

25 **Q. And then the other bullet point?**

1 A. The other bullet point "Review
2 Daniel's Veteran's Pro Bono project." The office
3 launched sometime in 2017 a program that would
4 facilitate private practice attorneys providing pro
5 bono legal representation to I believe both
6 veterans and active duty members of the military in
7 Missouri. Daniel was -- Dan Hartman was leading
8 that effort. I didn't have much of a role in it,
9 if any.

10 To the best of my recollection, the
11 state of Nevada launched a substantially similar
12 program, and I spoke by phone with the then chief
13 of staff for the Nevada AG's office sometime in
14 January 2017, within the first couple of weeks of
15 taking the job. I had talked with him about that
16 program, how they had launched it. You know, in
17 particular how they recruited attorneys to
18 participate in it and how they sort of dealt with
19 the authority question of the Office of the
20 Attorney General potentially being construed as
21 providing legal advice to private citizens.

22 At some point Daniel really took
23 that over. So I know that Evan wanted me to give
24 input on the project as Daniel worked on it. So I
25 guess I understand looking at this bullet point now

1 to be pointing towards as Daniel continues to work
2 on this project, giving input on it.

3 **Q. So both those topics there for you**
4 **are state business, correct?**

5 A. Yes. I would characterize both of
6 them as state business.

7 **Q. How about the topics under**
8 **everybody else, are those all kind of state**
9 **business?**

10 A. I'll need to read them.

11 **Q. Okay.**

12 A. I mean as I read them I don't see
13 any that look like they're not state business. I
14 confess that, for example, inventory owned/media
15 assets, I don't know what that means. But I don't
16 see any reason to think that it's anything other
17 than state business. I also don't know what
18 develop a target list of coalition groups means.
19 But, again, I see no reason to think it's anything
20 other than state business.

21 **Q. Now, what was that first one did**
22 **you say?**

23 A. Inventory owned/shared media
24 assets. Loree Anne.

25 **Q. So what would develop a target list**

1 **of local and key officials for governmental affair,**
2 **what would your understanding of that be?**

3 A. Sure. And I couldn't provide you
4 details. But it's very common, I use common place
5 here, for the Attorney General's office to have to
6 interact with and rely on other governmental
7 entities, whether it's other state governmental
8 entities or local entities. Frequently local law
9 enforcement. Sometimes municipalities I certainly
10 reengaged on some housing issues where engaging
11 with municipalities was necessary.

12 So it's sort of essential when
13 those needs come about that the office have
14 relationships with -- I guess preexisting
15 relationships with the governmental entities. So
16 that's what I read that bullet point to refer to is
17 developing those institutional relationships we can
18 draw on if and when we needed to.

19 **Q. How about under the legislative**
20 **affairs, develop a key -- develop list of key**
21 **legislatures for relational engagement over the**
22 **summer?**

23 A. I confess that my knowledge of the
24 legislative affairs world is pretty limited. But I
25 think this is somewhat similar in the sense that

1 one goal was for the office to develop
2 institutional relationships with members of the
3 legislature such that, you know, when the office
4 had a legislative priority there would be folks to
5 connect with, whether it's a budget issue.
6 Certainly there were a few legislative proposals
7 that the office had where presumably relationships
8 with key legislatures would have been helpful.
9 That's my understanding of that bullet point. But
10 as I said, my role of legislative affairs was very
11 minor, and I don't know the role that well.

12 **Q. Okay. So this e-mail was sent via**
13 **Gmail. You don't have -- well, you had indicated**
14 **earlier that it was rare, infrequent that state**
15 **business was conducted on private e-mail?**

16 A. Yes. I think that would be an
17 accurate characterization.

18 **Q. So this would have been one of**
19 **those times?**

20 A. I think this is an e-mail over
21 Gmail that involves state business.

22 **Q. Well, to kind of -- let's see. So**
23 **when you started with the Attorney General's**
24 **Office, were you allowed to claim relocation**
25 **expenses, or have you always been in St. Louis?**

1 A. I don't whether I was allowed to.
2 I certainly didn't.

3 **Q. Are you aware of any other**
4 **employees receiving relocation expenses?**

5 A. Honestly, until a moment ago I
6 didn't know they existed.

7 **Q. Are you aware of state resources**
8 **being used for political or personal purposes,**
9 **including use of a state vehicle, anything like**
10 **that?**

11 A. I'm not aware of any state
12 resources being used for political or personal
13 purposes.

14 **Q. Okay. Were you aware of anything**
15 **unlawful or inappropriate regarding state resources**
16 **being used for political purposes or personal**
17 **purposes?**

18 A. No.

19 **Q. Have you had any contact or**
20 **conversations with anyone about this audit?**

21 A. Well, I certainly as a former
22 attorney for the Attorney General's Office, when
23 you initially reached out to me I notified the
24 Attorney General's Office the state auditor wanted
25 to interview me, conduct a interview. So I

1 consulted with the Attorney General's Office in an
2 effort to protect that office's privilege. I
3 received phone calls from both Evan Rosell and
4 Loree Anne Paradise after, as I understand it, you
5 reached out to them. You know, both of those phone
6 calls were basically them asking whether there had
7 been any outreach to me. At the time there hadn't
8 been. I don't remember the details of those phone
9 calls. But I do recall indicating to them that I
10 thought it was everyone's interest, both theirs,
11 the offices and the auditor's interest, if they
12 would cooperate.

13 **Q. Are there any individuals you think**
14 **we need to talk to?**

15 A. I mean I suspect that you guys
16 already have on your wish list everyone that would
17 be relevant. I think certainly folks whose names
18 appear on these communications would be relevant
19 individuals.

20 **Q. Anyone else?**

21 A. Are there specific topics that you
22 have in mind in particular?

23 **Q. Just in general regarding the**
24 **consultants or political use or state resources**
25 **being used for political purposes?**

1 A. I mean in terms of folks
2 interacting with the consultants, I'm not sure that
3 I'm aware of anyone other than the people that run
4 these communications. I'm not aware of state
5 resources used for political purposes. Therefore,
6 I can't speak to anyone who would have relevant
7 knowledge.

8 MS. ALLISON: I think we're done.

9 MR. ANDERSON: Would you like to
10 read a copy?

11 THE WITNESS: I would appreciate
12 that.

13 MR. ANDERSON: We'll get you a copy
14 of that. You have my e-mail address there, right?
15 Any questions?

16 THE WITNESS: No. I don't think
17 so.

18 (Record proceedings were
19 concluded at 11:44 a.m.)

20

21

22

1.0. This Handbook's Guidelines and Policies

The guidelines and policies contained in this handbook are for your information only. Because it is impossible to cover all of the possible issues that may arise, this handbook is not all-inclusive and the Office of the Attorney General ("AGO") may add to, revise, or change these guidelines at any time.

This handbook is not an express or implied contract of employment. No employee of the AGO has the authority to create a verbal or written contract of employment with any employee.

2.0. Your Employment Relationship

Your employment with the AGO is "at-will." This means that either you or the AGO may conclude the employment relationship, at any time, for any reason or no reason at all, with or without notice.

3.0. Confidentiality

Lawyers and staff who work with lawyers are expected to keep communications concerning the legal matters they are working on in strictest confidence. The law classifies these communications as "privileged." That means that normally even a court cannot compel a lawyer to disclose confidential information unless the client agrees. This privilege exists so that all clients will feel free to consult counsel without fear that what they may have said to their lawyer in confidence will ever be used to their disadvantage. The counterpart of this privilege is that the lawyer must not, without permission, disclose to others what has been communicated in confidence.

A violation of this rule is a grave breach of professional ethics that may lead to disciplinary proceedings against the lawyer, and even to disbarment.

The practice of law involves lawyers, but also legal assistants, paralegals, and other staff employees. Lawyers frequently must communicate confidential information to staff. All staff employees are charged with the same duty to keep this information absolutely confidential. Every lawyer's and staff member's responsibility to safeguard the confidentiality of clients' information exists both during and *after* the termination of employment with the AGO (regardless of the reason for termination).

All of the AGO's personnel should avoid any discussion of any substantive work of the AGO with friends or family. Discussion of the AGO's matters should not take place in public areas such as elevators, restaurants, or other places where the discussion can be overheard. Any unauthorized disclosure can adversely affect our clients' interests and be a source of grave embarrassment to the AGO.

Violation of this confidentiality policy may result in disciplinary action up to and including termination.

4.0. Use of the AGO's Name

The AGO, including its letterhead and the name of the Attorney General, should be used only by the AGO's personnel in the performance of services or the conduct of business by or on behalf of the AGO. In personal or other matters not involving the AGO's business, the personal letterhead (not governmental letterhead) of the attorney, staff member, or other individual should be used.

No person other than a licensed attorney should sign a letter on the AGO's stationery unless the title of such person (for example, "Legal Assistant," "Paralegal", "Administrative Assistant," or "Administrative Assistant to _____") is indicated below the employee's signature. This disclosure is important so that the recipient of the letter does not mistakenly believe that the author of the letter is an attorney employed by the AGO.

5.0. Substance Abuse

Use of alcohol or the illegal use of drugs by an employee while performing work on behalf of the AGO may result in disciplinary action, up to and including termination of employment.

6.0. Sexual and Other Harassment

It is the AGO's policy to maintain a working environment free from harassment based upon sex, sexual orientation, race, color, religion, national origin, disability, age or any other characteristic protected by law. Unlawful harassment by any person, regardless of whether he or she is a member of the AGO, an AGO employee, a client, or a vendor representative, is prohibited by this policy.

This policy describes prohibited harassment, its forms, and the procedure for reporting and investigating complaints of harassment.

6.1. Sexual Harassment

Unwelcome sexual advances, unwelcome requests for sexual favors, and other unwelcome verbal or physical conduct of a sexual nature constitute sexual harassment prohibited by this policy when: (a) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (b) submission or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (c) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment on the basis of the employee's sex.

Sexual harassment may include subtle pressure for sexual activity; accusations of sexual preference; demands for sexual favors accompanied by promises or threats related to an individual's employment status. In addition, unwelcome sexual suggestive objects, pictures or written words, sexual jokes, slurs or innuendoes, graphic commentaries or descriptions of sexual conduct, suggestive or insulting sounds, touching, leering, whistling, and obscene gestures, if unwelcome, may constitute forms of sexual harassment prohibited by this policy.

6.2. Other Forms of Prohibited Harassment

Prohibited harassment based on other attributes, such as sexual orientation, gender, race, color, religion, national origin, disability, age or other protected characteristics may include, without limitation, unwelcome jokes, slurs, graphic commentaries, insulting sounds, obscene gestures, demeaning remarks and other conduct that has the purpose or effect of interfering with an individual's work performance or creates an intimidating, hostile, or offensive working environment on the basis of an employee's protected characteristics.

6.3. Procedure for Reporting Sexual or Other Prohibited Harassment

All AGO personnel are responsible for maintaining acceptable standards of personal behavior in the work environment and for helping to ensure that assigned duties can be carried out in an atmosphere free of prohibited harassment.

The following step-by-step reporting, investigation, and corrective procedure for handling incidences of harassment will be used:

Step 1: Any employee with a complaint of any form of harassment prohibited by this policy has a responsibility to immediately report such conduct directly to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

Because the AGO is concerned about this important topic, reporting violations of this policy to members of the AGO's management other than those specifically designated in this policy are not enough – the AGO has designated the two individuals specifically identified within this policy as the appropriate persons to whom violations of this policy should be reported so that the AGO can ensure that complaints are handled consistently with this policy.

Step 2: An investigation will then be conducted.

Step 3: Upon completion of the investigation, and where it is necessary, the AGO will take corrective measures that the AGO determines are appropriate under the circumstances. Corrective measures will be considered on a case by case basis, will depend on the severity of the behavior, and can include anything, including but not limited to counseling, verbal or written warning, suspension without pay, or termination of employment.

6.4. Retaliation is Prohibited

Retaliation against an individual for making a good faith complaint or report of harassment, or providing information regarding harassment, will not be tolerated. Retaliation will result in discipline, up to and including termination. Any employee with any complaint of retaliation has a responsibility under this policy to immediately report such conduct directly to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

6.5. Confidentiality

The AGO will attempt to provide as much confidentiality as possible under the circumstances for all parties involved in any complaint of harassment or discrimination.

6.6. False Complaints of Harassment or Discrimination

False accusations or complaints made in bad faith may result in disciplinary action, up to and including the termination of employment of the person making such false or bad faith allegations.

7.0. Discrimination and Equal Employment Opportunity

It is the AGO's policy to maintain a working environment free from discrimination. Discrimination based on gender, race, color, religion, national origin, disability, age, veteran status, sexual orientation, or other characteristic protected by law is prohibited. This applies to all areas of employment including hiring, training, salary administration, promotion, benefits, discipline, and termination.

The AGO will provide a "disabled" employee with a reasonable accommodation to enable the employee to perform the essential functions of his or her job. An employee seeking a reasonable accommodation for a disability should direct his or her request for an accommodation to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

As with harassment, AGO employees must report incidents of discrimination using the process described above for reporting harassment. The AGO will follow the guidelines set forth in Section 6.3 for investigating and remedying harassment when addressing allegations of discrimination. The guidelines described in Section 6.4, 6.5, and 6.6 also apply to complaints of discrimination made under this policy.

8.0. Computer Use and Electronic Communications Systems

The use of computers, facsimile machines, telephones, electronic mail, and voice mail are part of your everyday tasks. This policy applies to employee use of the AGO's Electronic Communications Systems (referred to here as "Communications Systems") which include, but are not limited to, office-issued telephone, computer, facsimile machine, electronic mail, internet and intranet systems, and voice mail hardware and software.

All Communications Systems and any documents or messages created or contained within the Communications Systems are the property of the AGO and regarded as documents belonging to the AGO. The Communication Systems are to be used primarily for business purposes. Excessive use of the

Communication Systems for personal reasons, or use of the Communication Systems for inappropriate purposes (e.g., illegal conduct, sexual harassment, etc.) is prohibited and may lead to disciplinary action, up to and including termination of employment.

Employees should not expect that any communication created, sent or received on the Communications Systems is private. The AGO reserves the right to monitor, review, access, reproduce or disclose anything created, sent, or received on the Communications Systems, at any time, without notice.

The AGO's Communications Systems' resources may not be used for the transmission or storage of commercial or personal advertisements, solicitations, promotions, destructive programs (viruses and/or self-replicating code), or any other unauthorized or improper use.

9.0 Electronic Written Communication on Personal Electronic Devices

It is the policy of the AGO that all electronic written communication made or received in connection with the transaction of official business be made or received using the AGO's Communications Systems.

You should not use your personal cell phone, Blackberry, laptop, tablet or other portable electronic device, or home computer for AGO business unless you are remotely logged into your official account as part of the AGO's Communications Systems, whether through the AGO's webmail portal (<https://webmail.ago.mo.gov>), its Mobile Iron (or successor) platform, its virtual desktop program, or otherwise.

10.0. Blogging and Social Media

The guidelines in this policy are intended to assist the AGO's employees to make appropriate decisions about work-related blogging and the contents of blogs, personal websites, postings on social media websites (e.g., Facebook, Twitter, etc.), wikis, and other interactive sites, postings on video or picture sharing sites (e.g., YouTube), or in the comments that employees make online on blogs, elsewhere on the public internet, and in responding to comments from posters either publicly or via email. Any of the AGO's

other electronic communications policies (e.g., Computer Use and Electronic Communications Systems) remain in effect and are not modified by this policy.

These guidelines will protect the privacy, confidentiality, and interests of the AGO, our employees, and the constituencies we serve.

10.1. Guidelines for Interactions About the AGO on the Internet

If employees are developing a website, writing a blog, or make comments on social media websites (e.g., Facebook, Twitter, etc.) that will mention the AGO, our employees, or matters likely of interest to the AGO, identify that you are an employee of the AGO and that the views expressed on the blog or website are yours alone and do not represent the views of the AGO.

Unless given written permission by the Attorney General or the Chief of Staff, employees are not authorized to speak on behalf of the AGO, nor to represent that employees are authorized to do so.

Employees should let the Chief of Staff or Deputy Chief of Staff know if they are developing a website or writing a blog that will mention the AGO, our employees, or matters likely of interest to the AGO. The AGO's management may choose to visit those websites from time to time to determine whether employees' comments comply with this policy.

10.2. Confidential Information Component of the Blogging and Social Media Policy

Employees may not share information that is confidential or proprietary about the AGO. This includes information about personnel matters, legal matters that are subject to attorney-client, work product, or other applicable privileges, and any other information that is not subject to public disclosure by the AGO.

These are given as examples only and do not cover the range of what the AGO considers confidential or proprietary. Any questions about whether information has been released publicly or doubts of any kind about whether information may be shared on the internet should be directed to the Chief of Staff or Deputy Chief of Staff before releasing such information.

The AGO's logos, the Attorney General's name, etc. may not be used without explicit permission in writing from the AGO. This is to prevent the appearance that employees' speak for or represent the AGO officially.

10.3. Respect and Privacy Rights Components of the Blogging and Social Media Policy

Speak respectfully about the AGO, our employees, and the constituencies we serve. Employees should not engage in name calling or behavior that will reflect negatively on the reputation of the AGO or its employees. Use of copyrighted materials, unfounded or derogatory statements, harassing or intimidating comments, or misrepresentation about the AGO or our employees is not viewed favorably by the AGO and can result in disciplinary action up to and including the termination of employment with the AGO.

Honor the privacy rights of our current employees by seeking their permission before writing about or displaying internal AGO happenings that might be considered to be a breach of their privacy and confidentiality.

10.4. Legal Liability Component of the Blogging and Social Media Policy

The AGO's employees should recognize that they may be legally liable for anything they write or present online. Employees can be disciplined by the AGO for commentary, content, or images that are defamatory, pornographic, proprietary, harassing, libelous, or that can contribute towards the creation of an unlawful hostile work environment. Employees can also be sued by the AGO, our employees, or other individuals who view employees' online commentary, content, or images as defamatory, pornographic, proprietary, harassing, libelous, or that contributes towards the creation of an unlawful hostile work environment.

10.5. Media Contact Component of the Blogging and Social Media Policy

Employees with questions about the guidelines provided in this policy should contact the Chief of Staff or the Deputy Chief of Staff. An employee's failure to comply with this policy may lead to disciplinary action, up to and including the termination of employment, as well as potential legal action against the employee by the AGO and/or our employees or members of the public.

11.0. Media Communications

If you are contacted by the media, you should immediately refer them to the AGO's Communication Director, Ryan Cross. Reporters may be insistent and encourage you to talk "off-the-record." No AGO employee is authorized to communicate with the media without prior authorization from the Press Secretary about an AGO matter in either an on-the-record or off-the-record situation.

12.0. Attendance

Regular and predictable attendance is an essential function of every job with the AGO. Poor attendance is disruptive. When employees are unable to work as scheduled they should notify their immediate supervisor as soon as possible in advance of the anticipated absence. Poor attendance may result in disciplinary action, up to and including termination.

There is no leave without pay unless approved in advance or as provided under the AGO's Family and Medical Leave Act Policy found in Section 13.0. Where appropriate, the AGO may grant unpaid personal leaves of absence. Any employee who does not come to work and is not on approved leave is taking an unapproved and unexcused absence from work.

Any absence without notification and approval will be considered unexcused. The AGO may take disciplinary action, up to and including terminating employment, for any employee who, in the AGO's judgment, has unacceptable attendance.

12.1. Hazardous Travel Policy

Employees who are delayed or prevented from reporting to work due to inclement weather or who wish to leave work early due to worsening weather or road conditions may account for the absence by one of the following methods with the approval of their supervisors:

- a. charged to an employee's accumulated compensatory time.
- b. charged to an employee's accumulated annual leave.
- c. made up by adjusting work schedule. Make-up work shall be completed within a reasonable period after the absence, and the make-up work shall not count toward compensatory time. Employees should consult their Division Chief about an acceptable schedule to make-up the work. Note: Due to the nature of an individual employee's duties, make-up work may not be an available alternative.

d. charged to leave without pay only if the employee has insufficient accumulated compensatory and/or annual leave and the work schedule cannot be adjusted for the absence to be made up.

13.0. Family and Medical Leave Act Policy

Employees may, depending upon whether they meet defined eligibility and qualifications criteria, be entitled to take up to 12 weeks of unpaid, job-protected leave each year in accordance with the AGO's obligations under the Family and Medical Leave Act ("FMLA"). The AGO applies a "rolling calendar" method for determining an employee's eligibility for leave. The AGO may also require an employee to concurrently use paid time off (such as accrued vacation or sick leave) during any period of leave under designated as leave under the FMLA.

13.1. Basic Leave Entitlement

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- To care for the employee's child after birth, or placement for adoption or foster care ("bonding time");
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee's job.

13.2. Military Family Leave Entitlements

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the Armed Forces, including a

member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

13.3. Benefits and Protections

During FMLA leave, the AGO maintains the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

13.4. Eligibility Requirements

Employees are eligible if they have worked for the AGO for at least one year, for 1,250 hours over the previous 12 months, and if at least 50 employees are employed by the AGO within 75 miles.

13.5. Definition of Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

13.6. Use of Leave

An employee requiring leave for the employee's own serious health condition or the serious health condition of an immediate family member does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Leave for "bonding time" cannot be taken intermittently but must be taken in one block, and must be used within 12 months of the child's birth or adoption/ foster care placement.

13.7. Substitution of Paid Leave for Unpaid Leave

Employees may choose and the AGO may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the AGO's normal paid leave policies.

13.8. Employee Responsibilities

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

13.9. Employer Responsibilities

The AGO will inform employees requesting leave whether they are eligible under FMLA. If they are, the notice will specify any additional information required as well as

the employees' rights and responsibilities. If they are not eligible, the AGO will provide a reason for the ineligibility.

The AGO will inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the AGO determines that the leave is not FMLA-protected, the AGO will notify the employee.

13.10. Unlawful Acts by Employers

FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

13.11. Enforcement

The AGO requests that any employee who believes that the AGO has not complied with the FMLA first bring the employee's concerns to the attention of the Deputy Chief of Staff or the Chief of Staff so that the AGO may first attempt to resolve the matter internally.

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against the AGO if the employee believes that the AGO has not complied with its obligations under the FMLA. The FMLA does not affect any federal or state law prohibiting discrimination, or supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights.

14.0. Dress Code and Professional Appearance

The dress code for Monday through Friday is **Business Dress** attire.

Repeated violation of the dress code policy will result in disciplinary action. Questions regarding the appropriateness of particular clothing should be resolved with the Deputy Chief of Staff or Human Resources Manager prior to wearing the clothing to the office. Employees are expected to use good judgment and common sense when deciding on appropriate attire for the workplace. The AGO expects our personnel to dress

professionally. The AGO has the discretion to advise any employee of the AGO that his or her attire is inappropriate and send that person home to change into appropriate attire, without pay, or to impose more severe discipline, up to and including termination.

The following clothing is never appropriate Business Dress attire:

- jeans of any color
- denim skirts or dresses
- t-shirts
- shorts
- tank tops
- bare midriffs
- halter tops
- hats
- low-cut blouses
- sweat suits or wind suits
- skirts or dresses shorter than 3" above the knee
- lycra or spandex tops or bottoms
- tennis shoes
- hiking boots
- casual mules or crocs
- flip flops
- sandals without a heel or ankle strap

15.0. Personal Telephone Usage

The AGO recognizes that employees must from time to time receive personal telephone calls. However, personal telephone calls should not interfere with normal business routine. To the extent possible it is expected that personal calls, other than emergency calls, will be made during the lunch hour. Business hours should not be used to make personal arrangements concerning outside activities.

16.0. Smoking Policy

Smoking is prohibited inside all buildings exclusively occupied by the State of Missouri regardless of whether the building is owned or leased by the State.

17.0. Political Activities

Political activity must not interfere with the normal work for the AGO and never occur on state time. AGO employees cannot post political signs on AGO property. The AGO's name and its supplies, equipment, or services may not be utilized in political causes and activities. Such action could be viewed as an activity of the AGO and result in possible embarrassment to the AGO or in having the value thereof deemed a financial contribution by the AGO.

EMPLOYEE ACKNOWLEDGEMENT FORM

The Employee Handbook of the Office of the Attorney General for the State of Missouri (“AGO”) describes important information and guidelines about my employment with the AGO. I understand that my employment with the AGO is terminable “at will,” which means that either the AGO or I may terminate the relationship at any time, for any reason or no reason, at any time with or without notice.

Because the information, policies and benefits described in the handbook are necessarily subject to change, I understand that revisions to the handbook may occur. I understand that no such change will affect my at-will employment relationship with the AGO. I understand that revised policies will supersede, modify, or eliminate existing policies.

I acknowledge and understand that nothing contained in this handbook is a contract of employment, either express or implied. I also understand that no AGO employee has the right or authority to create any type of employment contract, either express or implied.

I also acknowledge I have received the handbook, and I understand that it is my responsibility to read and comply with the policies contained in this handbook and any revisions made to it.

Employee’s Signature

Date

Employee’s Name (Printed or Typed)

ACKNOWLEDGMENT OF HARASSMENT AND DISCRIMINATION POLICIES

I acknowledge that I have received and read the policies of the Office of the Attorney General for the State of Missouri ("AGO") regarding sexual and other harassment, and discrimination contained in the AGO's Employee Handbook. I understand that the AGO prohibits harassment and discrimination on the basis of sex, race, color, religion, age, disability, national origin, and any other characteristic protected by law.

I understand that I have a responsibility to refrain from engaging in conduct prohibited by the AGO's harassment and discrimination policies.

I understand that if I am subject to conduct that I believe is harassing or discriminatory, I have the responsibility to immediately report such conduct directly to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

Because the AGO is concerned about this important topic, I understand that reporting violations, incidents of unlawful harassment or discrimination to members of the AGO's management other than those specifically designated in this Acknowledgement is not enough. That is, I understand that I have the responsibility to immediately report unlawful harassing or discriminatory conduct to either of the two individuals specifically identified by the AGO as the appropriate persons to whom incidents of unlawful harassment or discrimination should be reported so that the AGO can ensure that complaints are handled consist with this policy.

I also understand that the AGO's harassment and discrimination policies prohibit retaliation towards an employee who makes a good faith complaint of harassment or discrimination under the AGO's policies.

Hey guys --

Thanks for making time to meet together last week. We've been talking through action points for each of us -- I've communicated with several of you about these already. Let me put your respective action points below. I think we'll likely have a conference call toward the end of the week to discuss. LA, can you make sure everyone's square on time/date?

DANIEL: Intergovernmental // Coalition-Building

- Develop a target list of local and key officials for intergovernmental affairs.
- Develop a target list of coalition groups

LOREE ANNE: Communications and Constituent Services

- Find and hire press secretary
- Review constituent services and determine needs and format
- Inventory owned/shared media assets
- Develop list of administration accomplishments
- Job Description for Brad Johnson (Special Assistant to the AG)

RACHEL: Legislative Affairs

- Develop list of key legislators for relational engagement over the summer
- Develop system for tracking legislative requests

MIKE: Policy

- Next steps on Opioid front
- Review Daniel's Veteran's Pro Bono project

EVAN: Admin/Budget/Personnel

- Secure funding for Human Trafficking Coordinator
- Secure funding for additional constituent services representative

- **Finalize line attorney rebuild (Lit, GA)**

Let me know if you guys have questions.

Consultants worked to raise Josh Hawley's national profile and helped direct the state office's work, records show. BY

JEFFERSON CITY

When news first broke last December about the [use of the self-destructing text message app Confide](#) in the governor's office, the scandal appeared to be confined to a handful of people — former Gov. Eric Greitens and his closest advisers.

A year later, the list of known Confide users in Missouri government has grown alarmingly long, with the true extent of its use still an open question.

A lawsuit uncovered 27 members of Greitens staff who used Confide, which automatically deletes text messages once they are read.

The Star reported last week [that Attorney General Josh Hawley's former chief of staff](#), Evan Rosell, used it while overseeing the operations of the office that [cleared Greitens of any wrongdoing](#). The St. Louis Post-Dispatch disclosed last month that chief of staff for the incoming state attorney general, Missouri Treasurer Eric Schmitt, also [downloaded the app](#).

By deleting messages the moment they are read, Confide ensures text conversations vanish without a trace — a potential subversion of Missouri laws designed to make the inner workings of government open to public scrutiny.

Facing new scrutiny over Confide use in their offices, Hawley and Schmitt addressed the issue Thursday at a press briefing to discuss transition matters.

Hawley, a Republican who will resign Jan. 3 when he is sworn in as a U.S. Senator, said he didn't know that his top aide used Confide.

"We have a policy in this office that says that Confide is not to be used for public business," Hawley said, "and we take that seriously and expect everyone in this office to abide by it."

Schmitt, a Republican appointed to replace Hawley as attorney general, was just as adamant that no one in government “should be using Confide for public business.”

“That is my position, and that will be my position in this office,” he said. “Confide is not something people should be using when they are elected to public office.”

[Mark Pedroli](#), a St. Louis-area attorney who sued the governor’s office last year over the use of Confide, pointed out that “Greitens said the same thing” about Confide use by his staffers.

“They always add on the ‘for public business’ in their quotes and in their policies,” Pedroli said. “That’s the loophole. They allow it to be downloaded and used and then ask the public to just trust that they aren’t going to cross the line. The use of burner apps that are unable to retain communications permanently must be banned for all state officials on all phones and for all reasons.”

Pedroli worries the revelations about Confide use in state government over the last year could be just the tip of the iceberg. He’s become convinced his lawsuit is the best way to sort out just how widespread Confide use has become in state government.

But over and over again, he says he’s run into a pair of roadblocks: Gov. Mike Parson and Hawley.

Parson’s attorneys, holdovers from the Greitens administration, continue to urge the judge in his case to dismiss the suit. And Pedroli said Hawley’s legal conclusion that cleared Greitens’ of wrongdoing in the Confide investigation has been weaponized against him in the courtroom.

Now that it’s known the top aides of three GOP statewide officials — Greitens, Hawley and Schmitt — all used Confide, Pedroli is calling on Parson to stop fighting his lawsuit in court and for Hawley and Schmitt to recuse themselves from “all burner app investigations.”

“Draining the swamp of secret, shredded, government communications is what our litigation is all about,” he said. “Holding government officials accountable is a critical component of preventing future violations.”

The Star first [revealed use of Confide in Greitens office](#) in early December 2017.

Hawley launched an investigation into whether the app was being used to destroy public records two weeks later. The inquiry consisted of interviews with eight Greitens staffers, but not Greitens.

Hawley’s office never filed a request for records pertaining to Confide use in the governor’s office.

The two-month inquiry ultimately concluded that there was no evidence of wrongdoing, in part because Confide ensured there was no evidence.

Pedroli’s lawsuit would later uncover that 27 members of the governor’s office, including Greitens himself, used Confide. Public records obtained by Pedroli show Greitens’ staff openly discussing use of the app to conduct public business not only among themselves but also with people outside the governor’s office.

The fact that Rosell used Confide during his 15 months as Hawley’s chief of staff was never disclosed.

Rosell said last week that [he did not use Confide for public business](#). He said he might have told “one or two” people in the attorney general’s office that he had downloaded it, but he did not say whether Hawley knew.

When asked by The Star shortly before the election, Hawley said he didn’t know whether any of his taxpayer-funded staff had ever used Confide.

Asked again Thursday, Hawley insisted that he was never aware Rosell ever used Confide.

Pedroli said Hawley is either “concealing the truth or his chief of staff and a handful of additional senior staff were concealing it from Hawley. Sounds like we have a genuine question that requires an investigation.”

Hawley stood behind his investigation of Greitens on Thursday, saying “we found what we found with the tools we were able to use.” He noted he lacks subpoena power in Sunshine Law investigations, something he urged legislators to address to improve enforcement of open records laws.

Pedroli said the findings of Hawley’s Confide investigation are both factually wrong and marred by a possible conflict of interest, creating the appearance that the attorney general’s staff exonerated Greitens’ office to protect their own use of burner apps.

Parson took over the governorship after Greitens resigned in June. He banned the use of Confide in his office, but the attorneys defending the governor’s office against Pedroli’s lawsuit continue making the same arguments that the app doesn’t violate Missouri’s Sunshine Laws.

The legal tussling between Pedroli and the governor’s office culminated in June, when Cole County Circuit Judge Jon Beetem [halted all discovery in the case](#).

Pedroli will ask the judge to reconsider that order next month and allow him to continue collecting evidence.

Parson’s spokesman, Steele Shippy, said the governor’s office is committed to government transparency.

“That’s why we banned the app,” he said. “We wanted to lead by example. But we don’t have the authority to tell someone they can’t have Confide on their personal device. We don’t have the legal authority to do that.”

Barbara Smith, one of the private attorneys defending the governor’s office in the lawsuit, said it’s unfortunate that the plaintiffs are “more focused on trying this case in the press and not inside the courtroom, which reveals the fact that they have zero legal argument to stand on. We are confident in the litigation moving forward and we have nothing to hide.”

Pedroli said the last time the governor’s attorneys said he had no chance in his case “they lost their motion to dismiss.” He added that “it’s “perfectly appropriate that an open records lawsuit over the use of burner apps in government is being extensively discussed in the media. Defendants should welcome the coverage, but they won’t.”

Michael Wolff, a retired judge of the Missouri Supreme Court and former dean of St. Louis University Law School, said the question is whether the use of Confide by Hawley’s chief of staff or other people in the attorney general’s office was unlawful.

“I’m not sure whether it’s a conflict of interest or whether two office holders’ offices disobeying the same law,” Wolff said. “The only way this gets fully investigated if at all would be through a private lawsuit ... So the question is (Pedroli) going to expand his lawsuit to include the AG’s office. Otherwise, unless there’s a suit involving the office the AG and his staff don’t have to answer any questions.”

Hawley seemed to agree with Wolff on Thursday, telling reporters that because of his office’s lack of subpoena power in Sunshine Law investigations “civil litigants often have more authority and tools at their disposal than this office.”

A bill introduced during the 2018 legislative session by Rep. Gina Mitten, D-St. Louis County, would have banned state employees from conducting public business using software designed to send encrypted messages that automatically self-destruct.

It was never given a hearing or referred to committee, but Mitten said she plans to re-file the bill in 2019.

Schmitt said he hasn’t seen the bill so he can’t comment on it specifically, but “I don’t have any problem with that becoming law or policy.”

Jonathan Groves, president of the nonprofit Missouri Sunshine Coalition, said he hopes there will be hearings about Confide and other such apps as the legislature considers strengthening the state’s open records laws.

Transcribed Interview of Former General Counsel, Director of Policy, and Deputy Attorney General for Special Litigation

"The Sunshine Law has not really kept up with technology," Groves said, "and this is one of the cases where we need to say: Will the legislature step up and look at this law and how we can beef up the law so that it can keep up with technology? ... There's not an easy solution to this but there's a broader conversation that needs to be had, and the legislature is a place where that could happen."

DANIEL HARTMAN 10/3/2019

Page 4

1 (The deposition commenced at 10:05 a.m.)

2 DANIEL HARTMAN,

3 of lawful age, being produced, sworn, and examined on
4 behalf of the state auditor's office, deposes and
5 says:

6 MR. ANDERSON: Mr. Hartman, my name is
7 Joel Anderson. I'm not actually going to be the one
8 questioning you, but I usually get these things
9 started. I'm an attorney with the auditor's office.
10 I'm serving more as support staff as the auditors
11 are conducting their interviews for this audit. You
12 met Pam Allison. Pam will be the one asking you
13 some questions.

14 If at any time -- I'm sure your lawyer has
15 probably already told you this. If at any time a
16 question is not clear to you, just let us know.
17 We'll rephrase it, repeat it, whatever we need to
18 do. We just need to make sure your answers are true
19 to the best of your recollection, and we don't need
20 you to guess at any time. If you need to take a
21 break, if you need to discuss anything with your
22 lawyer, you're more than welcome to do that. This
23 is a department audit of the Missouri Attorney
24 General's office, and there's always a danger of
25 getting into communications that are protected by

DANIEL HARTMAN 10/3/2019

Page 5

1 law, which would be privileged communications.

2 Are you an attorney, sir?

3 THE WITNESS: I am.

4 MR. ANDERSON: Good. So maybe I can
5 shorten this a little bit, then. If you think
6 something might be privileged -- and we have
7 representative from the attorney general's office,
8 in addition to your lawyer, but if you have some
9 questions about whether something is privileged and
10 you want to talk to him, we can take a break and you
11 can do that. Is that agreeable with you?

12 THE WITNESS: Yes.

13 MR. ANDERSON: Okay. Now, I'll insult you
14 by saying that all of the answers have to be verbal.
15 Head nods won't work -- I know you already know
16 that.

17 Any questions before we start?

18 MR. HADEN: I've got a couple.

19 MR. ANDERSON: Okay.

20 MR. HADEN: Sorry. I didn't mean to step
21 on you there. All right. So just so I know where
22 we're at, this is your -- this is -- this audit is
23 being conducted as part of the closeout audit of the
24 attorney general's office; is that correct?

25 MS. ALLISON: That is correct.

DANIEL HARTMAN 10/3/2019

Page 6

1 MR. HADEN: Is there only a closeout
2 audit, or is there some other function, in terms of
3 the investigation -- or is there an investigation?

4 MS. ALLISON: It's part of the closeout
5 audit. We're conducting -- we may issue a couple of
6 different reports, but it's all under the same
7 umbrella of the same audit.

8 MR. HADEN: Okay. So then I just want to
9 make sure -- because, Joel, you and I have talked
10 about this. Obviously, we've got Mr. Hartman under
11 oath today, we're making a transcript. He's here
12 voluntarily, not a true deposition, but we are where
13 we are on that, in terms of agreement. I think --
14 well, I've gone back and looked at the law on this.
15 I've looked 29.200, and it talks about the audit
16 work papers related to supported material being kept
17 confidential. So is this transcript going to be
18 kept confidential as a -- I don't know if it's an
19 audit work paper, but is it related to supported
20 material?

21 MR. ANDERSON: Well, as I explained on the
22 phone, the audit report itself -- the final report
23 is public, and anything that is attached to that as
24 an appendix is also public. If the transcript or
25 portions of it are attached to the audit report,

DANIEL HARTMAN 10/3/2019

Page 7

1 those will be public. If they're not attached to
2 the audit report, they're not.

3 MR. HADEN: Okay.

4 MR. ANDERSON: Is that right, Pam?

5 MS. ALLISON: Right.

6 MR. HADEN: So what's your obligation to
7 keep confidential versus publish? And I'm going to
8 ask this -- I mean, you-all knew this -- I don't do
9 this. I'm looking at 29.200(17), it's the last
10 paragraph. The very last sentence says:

11 "Except as provided in this section" --
12 and the rest of the section talks about certain --
13 like, government agencies could get it, I presume
14 the legislators could get it, I don't know. Because
15 it says:

16 "Except as provided in this section, audit
17 work papers and related supportive materials shall
18 be kept confidential, including any interpretations,
19 advisory opinions, or other information or materials
20 used and relied on in performing the audit."

21 So what part do you have to keep
22 confidential and what part do you not? It's a good
23 faith question. I'm not trying to be argumentative;
24 I'm just trying to figure this out.

25 MR. ANDERSON: I don't know how much more

DANIEL HARTMAN 10/3/2019

Page 8

1 I can clarify. If it's not part of the report -- if
2 you, like, concerned with, like, a Sunshine request
3 or something like that?

4 MR. HADEN: Well, that's what you and I
5 talked about, and I know you said you don't believe
6 that you can even cite an investigatory exception
7 under the Sunshine Act to a Sunshine request for
8 this transcript. I think that's where we left it
9 last time we talked about it.

10 MR. ANDERSON: Well, I think my point was
11 I don't think it's necessary, because if it isn't a
12 public document under that section, it's got a heck
13 of a lot more protection than something that's
14 closed under the Sunshine Law.

15 MR. HADEN: Well, that's easy to say when
16 you're not the one not being asked questions here
17 today.

18 MR. ANDERSON: True.

19 MR. HADEN: So when we get done, if you
20 want to go under oath, I can ask you, but, I mean --

21 MR. ANDERSON: But I'm not going to answer
22 those -- you probably guessed --

23 MR. HADEN: I figured as much. I figured
24 as much. So that's my point, then. I know you say
25 it's not necessary; we can feel our way as we go

DANIEL HARTMAN 10/3/2019

Page 9

1 here. I just want to make sure I understand --
2 because -- and the reason -- and, again, I'm not
3 trying to be difficult, but to have this
4 conversation now, so I don't have to accidentally blow
5 up your rhythm later, I want to make sure I
6 understand the scope of what you're doing here
7 today, in terms of constitutional authority, the
8 statutory authority of the auditor.

9 So you're telling me it is a closeout
10 audit under -- and I get that part of the authority,
11 obviously. Are you looking at it as -- 29.201 deals
12 with further investigations or other potential
13 investigations. Do you think you're asking
14 questions under that section of the statute, or is
15 it only under a closeout audit theory?

16 MR. ANDERSON: Well, I think we're doing a
17 closeout audit, and there's an investigation here.

18 MS. ALLISON: Right.

19 MR. HADEN: There's a separate
20 investigation, you think, along with a closeout
21 audit, or separate from the closeout audit?

22 MR. ANDERSON: How much of this is public?
23 I don't even know. I think part of that's public --
24 do you know?

25 MR. HADEN: How much of what you're doing

DANIEL HARTMAN 10/3/2019

Page 10

1 is public?

2 MR. ANDERSON: No, no, no. Ordinarily, we
3 don't discuss an ongoing audit, so I need to be
4 careful what I say about what's going on. In terms
5 of -- is what we're doing right now public? No.

6 MR. HADEN: Well, right. I mean, I
7 understand you're not live streaming our discussion
8 here today, and neither am I, to be clear with
9 everybody.

10 You understood my concern, because as --
11 it's not a shock. I mean, a lot of what the auditor
12 does gets press coverage. In particular, what we
13 may talk about here today may. What I asked you
14 was, if a request comes in from the press, are you
15 going to turn around and disclose it on the theory
16 that you don't have the investigatory exception to
17 the Sunshine Act, because that's probably how this
18 is going to go down. Somebody will file and give
19 you a request under 610. Are you going to cite your
20 investigatory exception, or are you going to say,
21 Nope, here it is, here you go?

22 MR. ANDERSON: Well, I'm not sure what
23 piece I'm leaving out here. Whatever we've got
24 going on in an ongoing audit isn't public.

25 MR. HADEN: Okay.

DANIEL HARTMAN 10/3/2019

Page 11

1 MR. ANDERSON: So if they send up
2 something tomorrow because we took this deposition
3 today, is that what you're talking about?

4 MR. HADEN: Right. Right. Right.

5 MR. ANDERSON: Well, that's an audit work
6 paper and related support materials.

7 MR. HADEN: Okay.

8 MR. ANDERSON: At the very least, it's
9 that.

10 MR. HADEN: You do believe it's that?

11 MR. ANDERSON: Once the audit is
12 published, if it's part of it, that part is.

13 MR. HADEN: I understand that, because of
14 that -- the theory on that would be that it's a
15 public document anyway. Now, what determines
16 whether or not you attach -- because here is my
17 issue -- and you and I have talked about it. We
18 don't have to do this on a transcript. I'm not --
19 by the way, I'm not necessarily opposed to doing
20 this on a transcript, but he's here voluntarily, and
21 you've got a boss that's running for governor, and
22 you've got a boss that's going to have -- I'm not
23 saying she will do this or she won't do this, and
24 I -- frankly, America is America, but she would have
25 some incentive to take potshots at a sitting senator

DANIEL HARTMAN 10/3/2019

Page 12

1 from the opposite party.

2 MR. ANDERSON: You've said that to me
3 before --

4 MR. HADEN: I have said it, and I'll say
5 it on the record here today.

6 MR. ANDERSON: You already have said it on
7 the record.

8 MR. HADEN: Okay. So that being the case,
9 what's --

10 MR. ANDERSON: I'm kind of done with it at
11 this point.

12 MR. HADEN: Done with what?

13 MR. ANDERSON: Well, the same question
14 over and over again.

15 MR. HADEN: Okay. So -- all right. So
16 what is my assurance that this is not going to be a
17 politicized event? I'm just a lawyer doing my job.

18 What is my assurance from the auditor's
19 office that this is going to be about doing their
20 job, rather than about pursuing some political
21 agenda?

22 MR. ANDERSON: I don't know what assurance
23 you're looking for.

24 MR. HADEN: Well, I'm at least looking for
25 assurance that you will do your utmost to ensure

DANIEL HARTMAN 10/3/2019

Page 13

1 that doesn't happen.

2 MR. ANDERSON: What is the "that" that
3 you're talking about?

4 MR. HADEN: What I just said. It's not
5 going to be some politicized event --

6 MR. ANDERSON: What does "politicized"
7 mean? Will it be public? Well, an audit is public.

8 MR. HADEN: Okay.

9 MR. ANDERSON: I mean, where do you go
10 from there?

11 MR. HADEN: Okay. All right. Well, we
12 can proceed with the questions, I guess, and see
13 where we end up today.

14 MR. ANDERSON: If you have an objection to
15 make or a concern with a question, that's why you're
16 here.

17 MR. HADEN: Obviously.

18 MR. ANDERSON: Uh-huh.

19 MR. HADEN: I'm just trying to figure out
20 what exactly the auditor's office is going to do
21 with the information they're gathering.

22 MR. ANDERSON: They're going to do a
23 report, and it's going to be published, just like
24 every audit they've ever done.

25 MR. HADEN: Okay. We'll see.

DANIEL HARTMAN 10/3/2019

Page 14

1 MR. ANDERSON: Good to start?

2 MR. HADEN: Yes.

3 MR. ANDERSON: Pam.

4 EXAMINATION

5 BY MS. ALLISON:

6 Q. So, Mr. Hartman, can you tell us a little
7 bit about your background prior to joining the
8 attorney general's office?

9 A. Sure. I served as a U.S. Army officer for
10 a period of time before going to law school; I did
11 two tours in Iraq as an entry officer. And whenever
12 I went to law school, I attended the University of
13 Missouri, and after that, I actually worked for
14 Mr. Haden, and then I started working for Josh.

15 Q. So how did you know former Attorney
16 General Hawley?

17 A. Well, he was my professor in law school,
18 as was his wife, and I got to know him initially at
19 the University of Missouri.

20 Q. So tell us what your duties and
21 responsibilities were at the attorney general's
22 office and how they changed while you were employed.
23 I think you first started off as special counsel and
24 director of legislation, and then later you became
25 chief of staff; is that correct?

DANIEL HARTMAN 10/3/2019

Page 15

1 A. Initially, I was -- my title was special
2 counsel, and in that capacity, I handled a number of
3 miscellaneous issues, some legal and nonlegal. For
4 instance, a nonlegal would be the implementation of
5 our document management system at the attorney
6 general's office. A legal responsibility would be
7 the Sunshine Law -- responding to those. I guess
8 another nonlegal role would be, eventually -- you
9 mentioned that I was legislative director. That was
10 not until -- at some point into the term. I don't
11 recall exactly when, but I took over those duties at
12 some point. And then, yes, in 2018, I became chief
13 of staff.

14 **Q. Okay. So kind of what were your duties as**
15 **director of legislation and then chief of staff?**

16 A. As legislative director, I would -- I was
17 responsible for our monitoring of legislative
18 initiatives occurring at the capital and responding
19 to fiscal notes; I oversaw that. And when
20 legislators had questions or concerns or any contact
21 that they had -- or wanted to have with our office,
22 I was their primary point of contact. As chief of
23 staff, I filled the traditional chief of staff role
24 that one might expect, primarily, operations of the
25 office was my purview.

DANIEL HARTMAN 10/3/2019

Page 16

1 **Q. So when did you leave the AGO?**

2 A. When Senator Hawley took office as
3 senator.

4 **Q. So that would be January of --**

5 A. January 2019, yes.

6 **Q. 2019?**

7 A. Yes.

8 **Q. Okay. So how did you communicate with**
9 **Attorney General Hawley while you were employed at**
10 **the office?**

11 A. Primarily, in person and by phone.

12 **Q. Okay. How did you communicate with other**
13 **staff? Did you use state email, state text, private**
14 **email, private text? What kind of method?**

15 A. Primarily, in person, phones, certainly
16 used email -- state email accounts.

17 **Q. So is that a -- like a state-issued cell**
18 **phone, or are you talking office phone?**

19 A. I did have a state-issued cell phone, so,
20 yes, I did use that, in addition to the state desk
21 phone -- I did have a desk phone.

22 **Q. Okay. What about your personal phone or a**
23 **personal email account?**

24 A. I had a personal phone, and I made calls
25 from it, as well.

DANIEL HARTMAN 10/3/2019

Page 17

1 **Q. Related to attorney general business?**

2 A. I don't recall specific phone calls
3 from --

4 **Q. Okay.**

5 A. -- my personal phone and the content of
6 specific phone calls.

7 **Q. What about texts regarding AGO business?**

8 A. I did use my state-issued cell phone for
9 text, although, primarily, those were received by
10 me, and my ordinary practice was to respond to
11 somebody by calling them back. My state-issued cell
12 phone was distributed to people that I worked with
13 outside of the building -- outside of our office, so
14 when people wanted to reach me, sometimes they would
15 text me. Generally, I would respond to those people
16 with a phone call. And I did retain those text
17 messages on AGO servers.

18 **Q. Okay. What about personal email? Did you**
19 **ever use personal email to either set up meetings or**
20 **discuss meetings regarding AGO business?**

21 MR. HADEN: I think method may have a
22 privilege issue, so I'm going to object to the
23 question.

24 MR. ANDERSON: The method of communication
25 would be a privilege issue?

DANIEL HARTMAN 10/3/2019

Page 18

1 MR. HADEN: Uh-huh. Potentially. How do
2 you talk to your lawyer when you talk to him, or how
3 as a lawyer do you talk to your client, actually, is
4 more to the specifics here. We've got to be
5 careful, because we've got to make sure that -- I
6 have to make sure that Mr. Hartman as an attorney,
7 as we all do. It's the client's privilege to waive,
8 so --

9 MR. ANDERSON: Yeah, I've got that.
10 Do you want to weigh in? I don't think
11 it's a privilege issue, but you may not be that
12 concerned with it. I don't know. Do you have a --
13 Mr. Smith, do you?

14 MR. SMITH: Yeah. I mean, we maintain we
15 don't want any privileged -- obviously, he waived,
16 so I -- you mean, it does flag a potential privilege
17 issue, so we would encourage Mr. Hartman not to get
18 into any privileged subject matter.

19 MR. HADEN: Can I get the question again?
20 I'm sorry.

21 Q. (By Ms. Allison) Did you communicate
22 regarding any AGO business -- any type at all,
23 whether -- or I can rephrase that to any AGO
24 business that's not legal or attorney-client
25 privileged using personal email?

DANIEL HARTMAN 10/3/2019

Page 19

1 MR. ANDERSON: Can I interrupt you, Pam?
2 I think he wanted you to repeat the question you
3 asked.

4 MR. HADEN: Yeah. Sorry. I just want
5 make sure I understood -- I heard it; I want to make
6 sure I'm thinking about the substance of it, so ...

7 MR. ANDERSON: As best you can.

8 MR. HADEN: As best you can. I mean, as
9 close as you can to what you asked.

10 MS. ALLISON: Did you ever use personal
11 email to conduct AGO business or communicate with
12 other staff?

13 MR. HADEN: Okay. So -- that's a compound
14 question that I ask be broken up, to the extent he
15 is going to answer it, because I think it may be --
16 it's two different questions. But I still -- I want
17 to make sure I'm clear on what the AG's -- you're
18 saying don't get into privileged material. Does the
19 AG have a position as to whether method would be a
20 privileged matter?

21 MR. SMITH: The fact of an action being
22 taken, I don't -- I don't think we would claim that
23 as privileged, but, certainly, any communications
24 about business we would claim as privileged.

25 MR. HADEN: So the substance of the

DANIEL HARTMAN 10/3/2019

Page 20

1 communication --

2 MR. ANDERSON: The content, I understand.

3 I think she's just asking did you use this method to
4 communicate or not.

5 MR. HADEN: I just want to make sure.

6 Okay. So --

7 MR. ANDERSON: Did I get that right, Pam?

8 MS. ALLISON: Right.

9 MR. HADEN: Okay. Now, then, as to AGO --
10 or business versus communicate with the staff, I
11 would ask that that be bifurcated, because that
12 could be --

13 MR. ANDERSON: Sure. That's compound.

14 MR. HADEN: Yeah.

15 MR. ANDERSON: Yeah, that's fair.

16 If you just want to break those up into
17 two parts, that'll be fine.

18 MS. ALLISON: Right.

19 **Q. (By Ms. Allison) So did you use personal**
20 **email to communicate with other AGO staff?**

21 A. Yes.

22 **Q. Okay. Could you tell us how meetings and**
23 **conferences with Attorney General Hawley were**
24 **scheduled or held?**

25 A. Can you tell me during what time frame

DANIEL HARTMAN 10/3/2019

Page 21

1 you're referring to?

2 **Q. From January of 2017 until July of 2017.**

3 A. And I understand the question is how the
4 attorney general's time was scheduled?

5 **Q. Well, how were meetings held? Were they**
6 **held in person or were they held -- did you have**
7 **phone conferences, or how did you typically meet**
8 **with Attorney General Hawley?**

9 A. I can speak for myself. I was not his
10 scheduler there or involved with his scheduling
11 process. When he was in the office is whenever I
12 would meet with him one-on-one.

13 **Q. Who typically attended those meetings?**

14 A. I don't recall being in that time frame a
15 part of any formal meetings where other people were
16 attending with the attorney general.

17 **Q. Okay.**

18 A. My interactions with him at that time
19 were, as best as I can recall, one-on-one.

20 **Q. Okay. Were those meetings put on your AGO**
21 **calendar or a private calendar?**

22 A. With the attorney general?

23 **Q. Uh-huh.**

24 A. Not that I recall.

25 **Q. Okay. How were meetings with consultants,**

DANIEL HARTMAN 10/3/2019

Page 22

1 **Mr. Teepell and Gail Gitcho scheduled or held?**

2 A. I recall meeting -- one meeting that I
3 attended with Mr. Teepell at the attorney general's
4 office. I do not recall how that was scheduled.

5 **Q. Okay. So that was an in-person meeting?**

6 A. Yes.

7 **Q. Who attended that meeting?**

8 A. I recall that Mr. Teepell was there and
9 then I was there. And as I was instructed earlier
10 not to guess, I don't recall precisely who else was
11 there.

12 **Q. Okay. Do you know an approximate time**
13 **frame that meeting was held?**

14 A. I can say that it was during working hours
15 that the attorney general's office was open during
16 the day.

17 **Q. Do you know if it was winter, spring, fall**
18 **or --**

19 A. Oh. I thought you were referring to the
20 time of day.

21 Okay. In the first half of the year of
22 2017.

23 **Q. And you may have indicated this earlier --**
24 **so was that on your calendar or ...**

25 A. I don't recall.

DANIEL HARTMAN 10/3/2019

Page 23

1 Q. You don't remember?

2 So regarding that meeting, was there an
3 agenda or did you take notes?

4 A. I don't recall there being an agenda. And
5 to extent that I took notes, I don't recall taking
6 any.

7 Q. Okay. So in your statement to the
8 secretary of state's office, you indicated attending
9 one in-person meeting with Timmy Teepell, and so you
10 think the date of that was within the first six
11 months? Is that what you said earlier, is that one
12 meeting was in the first six months of 2017?

13 A. Yes. To the best of my recollection.

14 Q. Was that the first time you ever met
15 Mr. Teepell?

16 A. No.

17 Q. When did you previously meet him?

18 A. I served as the attorney -- then Attorney
19 General Hawley's campaign manager in the 2016
20 campaign, so I met Timmy in my capacity as campaign
21 manager.

22 Q. Do you know how Mr. Teepell became
23 involved with the attorney general's office?

24 A. No.

25 Q. During your in-person meeting with

DANIEL HARTMAN 10/3/2019

Page 24

1 **Mr. Teepell, what topics were discussed?**

2 A. I recall at the meeting Mr. Teepell looked
3 at me and said something to the effect of, Hey, Dan,
4 you know a lot of people across the street, what do
5 you think about handling intergovernmental relations
6 or intergovernmental affairs, something to that
7 effect.

8 **Q. Okay. Do you recall talking about the**
9 **iManage software update or veterans initiative or**
10 **human trafficking?**

11 A. I don't recall any of those.

12 **Q. Did you exchange any emails with the**
13 **outside political consultants prior to the**
14 **inauguration?**

15 MR. HADEN: Could I hear that one more
16 time, just to make sure I didn't catch the last part
17 wrong?

18 **Q. (By Ms. Allison) Did you exchange any**
19 **emails with outside political consultants prior --**
20 **just prior to the inauguration? So December --**

21 MR. HADEN: Okay. So I'm going to object
22 to that question on the grounds -- and if you clean
23 it up -- and maybe you're going to -- it's public
24 record. I don't think it's a secret Mr. -- that
25 Mr. Hartman was a campaign employee for Mr. Hawley

DANIEL HARTMAN 10/3/2019

Page 25

1 before he went to the AG's office, and I don't think
2 any of that would be a proper line of questioning
3 for today, and so -- and I think maybe you were
4 going to clarify at the end, I apologize. I just
5 want to have that on the record.

6 Q. (By Ms. Allison) Okay. So would you have
7 communicated with the outside political consultants
8 about your future employment with the attorney
9 general's office prior to the inauguration?

10 A. I do not recall doing that.

11 Q. In your statement to the secretary of
12 state's office, you indicated the first time you met
13 Gail Gitcho was at a human trafficking press
14 conference in St. Louis. Did you attend any
15 meetings where Gitcho was in attendance?

16 A. No.

17 Q. Did Ms. Gitcho participate in any phone
18 conference calls that you would have participated
19 in?

20 MR. ANDERSON: Pam, I'd suggest a time
21 frame on that, just to be clear.

22 MS. ALLISON: Okay.

23 Q. (By Ms. Allison) During your employment at
24 the AGO's office, or even, specifically, the first
25 seven months of 2017, did you participate in any

DANIEL HARTMAN 10/3/2019

Page 26

1 **phone conference calls with Ms. Gitcho?**

2 A. No.

3 **Q. Did you have meetings with any other**
4 **outside consultants during that first seven months**
5 **in 2017?**

6 A. No. Not that I recall.

7 **Q. Okay. So how many meetings and phone**
8 **calls in total did you attend in which outside**
9 **political consultants were present or participated?**

10 MR. ANDERSON: You need a time frame on
11 that, too.

12 **Q. (By Ms. Allison) During the first seven**
13 **months of 2017.**

14 A. The only one I recall is the one I
15 referenced earlier that was the at the Supreme Court
16 building.

17 **Q. Do you know who was responsible for**
18 **coordinating that meeting?**

19 A. I don't have personal knowledge of that.

20 **Q. Before that meeting with the consultants,**
21 **did you discuss kind of what we were -- you were**
22 **going to talk about with anyone else at the AGO's**
23 **office, like a prep meeting or anything like that?**

24 A. No. Not that I recall.

25 **Q. At that meeting with the consultants, were**

DANIEL HARTMAN 10/3/2019

Page 27

1 **any topics raised that were only campaign related?**

2 A. No.

3 **Q. Were there any references to Attorney**
4 **General Hawley running for U.S. Senate at that**
5 **meeting?**

6 A. No.

7 **Q. Did the discussion ever drift to**
8 **campaign-related issues?**

9 A. No.

10 **Q. Were there any topics that were discussed**
11 **that caused you any concern?**

12 A. No.

13 **Q. So how were you informed of what was going**
14 **to be talked about at that meeting?**

15 A. I don't know that I was given advance
16 notice, so to speak.

17 **Q. Okay. So you weren't given any documents**
18 **or asked to prepare anything for that meeting?**

19 MR. HADEN: The only thing -- I mean,
20 we're talking about some old events. I'd advise you
21 to answer within your memory and not speculate.

22 A. This was two and a half years ago. I hope
23 you understand. So the answer to your question is,
24 no, not that I recall.

25 **Q. (By Ms. Allison) Did anyone come to you**

DANIEL HARTMAN 10/3/2019

Page 28

1 **and discuss their concerns with meeting with the**
2 **political consultants?**

3 A. No.

4 **Q. What was the role of the consultants, to**
5 **your knowledge?**

6 A. My understanding is that they were to
7 advise us on the efficient operations of a state
8 office. I had never been in state government, nor
9 had then-Attorney General Hawley or most of our
10 staff, as I recall -- as best as I can recall.

11 So I understood it to be advice given
12 that -- for instance, Mr. Teepell, I understand, had
13 experience in government in high levels.

14 **Q. Do you know who determined the roles of**
15 **Mr. Teepell and Ms. Gitcho?**

16 A. I do not.

17 **Q. Was the role ever -- of the consultants**
18 **ever explained to you or other AGO staff?**

19 A. No. Not that I recall.

20 **Q. Was there any direction clearly given that**
21 **the consultants were not performing campaign work?**

22 A. I'm sorry. Can you say that again?

23 **Q. Was there any direction clearly given that**
24 **consultants were not performing campaign work?**

25 A. I don't recall campaign -- the campaign --

DANIEL HARTMAN 10/3/2019

Page 29

1 a campaign being discussed at any time.

2 MR. HADEN: Well, I want to make sure I
3 understand the question. You're saying -- you're
4 asking -- I hope -- or I think -- I hope I
5 understand it -- to the negative -- somebody
6 affirmatively said, Hey, these people are definitely
7 not doing campaign work, they're doing something
8 else, did that ever happen? Is that the question?

9 MS. ALLISON: That's the question.

10 MR. HADEN: Okay. So did somebody ever
11 come to you and say, Hey, these guys are definitely
12 not doing campaign work, they're doing some other
13 work?

14 A. That was my understanding of your
15 question.

16 THE WITNESS: And thank you for clearing
17 that up, because I wasn't entirely clear.

18 A. But, no, no one made such an affirmative
19 statement to me.

20 **Q. (By Ms. Allison) Can you describe the type**
21 **of work that was included in those consulting**
22 **services?**

23 A. No.

24 **Q. So how did -- when you interacted with**
25 **Mr. Teepell, kind of what -- what role did he serve**

DANIEL HARTMAN 10/3/2019

Page 30

1 **with you?**

2 A. He suggested that I would fill a good, I
3 think -- fill a role as intergovernmental relations,
4 sort of as a point of contact for our office and
5 outside governmental entities.

6 **Q. Were AGO staff expected to report to the**
7 **consultant or follow their direction?**

8 A. No. And, in fact -- I can only speak for
9 myself here, of course, but in the case of
10 Mr. Teepell's guidance to me, I felt that it was
11 purely advisory in nature and that I was free to
12 disregard it, and, in fact, in large part, I did.

13 **Q. Okay. Did you interact with Mr. Teepell**
14 **and Gail Gitcho outside of that one particular**
15 **meeting while -- during that first seven months of**
16 **2017?**

17 A. Not that I recall.

18 **Q. On December 7th of 2018, a news article**
19 **was released stating Evan Rosell told one or two**
20 **people in the AG's office he had downloaded the**
21 **Confide app. Were you aware that Rosell had**
22 **downloaded the Confide app on his phone?**

23 A. I had no personal knowledge of Mr.
24 Rosell's use of Confide.

25 **Q. Okay. Are you aware of anyone else in the**

DANIEL HARTMAN 10/3/2019

Page 31

1 **office downloading a self-destructing messaging app?**

2 A. I would ask at what point.

3 **Q. Were you aware during the time frame --**

4 A. Because -- I'm sorry to interject --
5 because today I am. I know what the papers have
6 reported, let me say that.

7 **Q. So from January of 2017 to July of 2017,**
8 **were you aware of anyone else in the office**
9 **downloading a self-destructing messaging app?**

10 A. No.

11 **Q. During that same time frame, were you**
12 **aware of anyone else in the office downloading a**
13 **self-destructing messaging app, such as Wickr,**
14 **Telegraph, Bleep, or Signal?**

15 A. Is this the same question as the previous
16 one? I'm sorry.

17 **Q. No.**

18 A. What is the distinction?

19 **Q. So the distinction is a different type of**
20 **self-destructing messaging app or a self-encrypting**
21 **app, such as Wickr, Telegraph, Bleep, or Signal.**

22 A. I don't recall knowing of anyone's use of
23 those apps.

24 **Q. Okay. Were you ever forwarded the Signal**
25 **app?**

DANIEL HARTMAN 10/3/2019

Page 32

1 A. Can you explain what you mean "forwarded"?

2 Q. Did anyone send you the Signal app for you
3 to download or use?

4 A. No.

5 Q. Was Facebook messenger or LinkedIn used by
6 the attorney general's office or yourself to
7 communicate state business between staff or to
8 communicate with legislature?

9 A. I heard Facebook Messenger and -- what?

10 Q. LinkedIn.

11 A. No. Not to my knowledge.

12 Q. Okay. So did you ever use the Signal app?

13 A. During the period that you're referring
14 to, no.

15 Q. Okay. Did you communicate through private
16 and personal email with the consultants during the
17 time period of January through July of 2017?

18 A. Yes.

19 Q. Were you instructed to communicate through
20 private email instead of your attorney general
21 email?

22 A. No.

23 Q. Was there any discussion about those
24 emails being public record or whether the emails
25 needed to be retained?

DANIEL HARTMAN 10/3/2019

Page 33

1 MR. HADEN: I'm going to object to the
2 extent it involves legal advice and legal
3 conclusions, I think in all directions, so ...

4 MR. ANDERSON: That's agreed. So that
5 would be -- I don't know if there's a way to answer
6 the question without getting into the content of
7 advice. I suppose that's okay, but -- hang on one
8 second.

9 Well, maybe if we -- and you-all may want
10 to discuss how this is answered, but leaving aside
11 any attorney-client privileged communications or
12 communications with attorneys about what the law is
13 or how it should be followed -- I don't know if
14 there's anything left to discuss there, so, you
15 know, that probably covers it all.

16 MR. SMITH: They seem intertwined to me.

17 MR. HADEN: The distinction makes all of
18 the difference here.

19 Can I hear the question one more time? I
20 just want to make sure that I understand it.
21 Because we -- we want to get through this with you
22 guys; I just want to make sure I understand what
23 you're asking.

24 MS. ALLISON: Was there any discussion
25 about the emails with the consultants being public

DANIEL HARTMAN 10/3/2019

Page 34

1 record and whether the emails needed to be retained?

2 MR. HADEN: Yeah.

3 MR. ANDERSON: To the extent that's a
4 yes-or-no, that doesn't get into context.

5 MR. HADEN: I object. I mean, I think
6 that -- I think the question, in general, Did you
7 ever have a discussion with your attorney about X is
8 even privileged. I mean, whether you have a
9 discussion is privileged. The problem I have here
10 is that this actually flows in multiple directions.
11 Dan Hartman as attorney to the AG; Dan Hartman as an
12 AG employee receiving legal advice from within the
13 AG, if they have somebody in a GC or quasi-GC role
14 back the other direction, I ...

15 And, look, Joel, I understand, it's a
16 complicated situation. Obviously, if you're working
17 on the -- inside the AG as an attorney, but, as --
18 like we've talked about -- if for any other reason,
19 the ethical obligations are strong on all of us, and
20 we can all get in trouble as attorneys, which we all
21 know, if we accidentally violate.

22 So I'm going object and direct my client
23 not to answer.

24 MR. ANDERSON: That's fine. You're on the
25 record with that. I would note that whether certain

DANIEL HARTMAN 10/3/2019

Page 35

1 agency records are or are not public is oftentimes a
2 matter of written agency policy, so that's why -- I
3 think there may be a response to here that goes --
4 that does not implicate attorney-client privilege or
5 maybe not. I don't know the answer to the question,
6 so I can't say.

7 MR. HADEN: Fair enough.

8 MR. SMITH: The application to the policy,
9 though, likely involves some sort of legal judgment
10 or legal advice, and this was not a question asking
11 about policy.

12 MR. ANDERSON: Well, was there any
13 discussion about these emails being public record,
14 yes or no; whether they need to be retained, yes or
15 no. No, it's not explicitly about policy. Policy
16 could be an answer to it. It could also get into
17 attorney-client privilege, which we don't want to
18 do, so I would guess Mr. Hartman would know the
19 difference, but ...

20 MS. ALLISON: We may get there later.

21 MR. HADEN: One of my jobs here is to make
22 sure that Mr. Hartman does not even -- and whether
23 Mr. Hartman wants to answer or not does not
24 inadvertently violate his ethical duties to the
25 attorney general's office as a former attorney there

DANIEL HARTMAN 10/3/2019

Page 36

1 and does not incidentally waive his rights to
2 privilege as someone who received guidance there.

3 I, frankly, as I sit here, am not even
4 sure I'm clear -- I'm not even sure what the answer
5 would be. I'm objecting on principle, that I just
6 think the question calls for the disclosure of
7 attorney-client information, so that's where I'm at.

8 MR. ANDERSON: Did you say you're getting
9 to the policy questions later?

10 MS. ALLISON: Yeah, we are.

11 MR. ANDERSON: Okay. Then let's just ask
12 that.

13 **Q. (By Ms. Allison) Were you ever issued a**
14 **state phone -- I think you said you were.**

15 A. Yes, ma'am.

16 **Q. Were text messages retained?**

17 A. I -- on the state-issued phones? Is that
18 what we're referring --

19 **Q. (Examiner nods.)**

20 A. I retained mine. I mentioned that
21 earlier.

22 **Q. Do you know how long you retained those --**
23 **did you send them to your AGO email, or did you just**
24 **leave them on the phone?**

25 A. I sent them to my AGO email.

DANIEL HARTMAN 10/3/2019

Page 37

1 **Q. Okay. Do you have documentation of those**
2 **communications?**

3 A. I do not.

4 **Q. We talked about this a little bit earlier.**
5 **Did you and other AGO staff frequently use personal**
6 **cell phones to text and communicate?**

7 MR. SMITH: I thought that had been asked
8 and answered.

9 MS. ALLISON: Right. Right.

10 **Q. (By Ms. Allison) So I'm going to show you**
11 **an exhibit.**

12 [REDACTED]

13 [REDACTED]

14 MR. ANDERSON: Oh, sure.

15 (A recess was taken.)

16 **Q. (By Ms. Allison) Okay. So Exhibit A is an**
17 **email string -- or an email thread -- I think it**
18 **originated with Mr. Teepell, but -- so this email**
19 **was sent to your Gmail account; correct?**

20 MR. HADEN: So before we go any further on
21 this -- because I can see where we're headed here.
22 I think we may have an ongoing litigation objection,
23 to the extent this is going to be anything about
24 Sunshine requests or anything related to the DSCC
25 litigation.

DANIEL HARTMAN 10/3/2019

Page 38

1 MR. ANDERSON: Can I see it real quick?

2 I'm not sure it is, so I'll --

3 MR. HADEN: I'll go question by question,
4 that's fine.

5 Q. (By Ms. Allison) So my first question is
6 just to confirm that it was sent to your Gmail
7 account danielstevenhartman@gmail.com, and it looks
8 like it's an email thread from Mr. Teepell, so I
9 just want confirmation it was sent to your Gmail
10 account?

11 MR. HADEN: I'm going to -- I'm going to
12 object. I think the document can speak for itself.

13 MS. ALLISON: Okay.

14 MR. HADEN: And -- I mean, I just think it
15 goes to ongoing litigation.

16 MS. ALLISON: Okay.

17 MR. HADEN: The DSCC has a lawsuit on this
18 question.

19 MR. ANDERSON: You can ask him if it's a
20 fair copy of what was sent to his Gmail account.

21 Q. (By Ms. Allison) Is that a fair copy of
22 what was sent to your Gmail account? And,
23 specifically, this -- I'm going to ask you about
24 this conversation here on Monday, May 1st, 2017.

25 MR. HADEN: That is an evidentiary

DANIEL HARTMAN 10/3/2019

Page 39

1 question that may be at issue in ongoing litigation.
2 Even that is an evidentiary question and an
3 evidentiary issue.

4 MR. ANDERSON: Any opinion on --

5 MR. HADEN: Well, I don't know. I don't
6 know. I'm not in that lawsuit. I'm just thinking
7 about this from 50,000 foot objectively as an
8 attorney. I have no idea whether -- I have no idea
9 what -- well, I may or may not know what the answer
10 is.

11 I have no idea whether the attorneys in
12 that suit -- how they would characterize it. Do
13 they have a -- will they stipulate? I don't know.
14 But it is evidentiary -- potential evidentiary issue
15 in ongoing litigation, and my understanding is
16 you-all don't dig in where there's ongoing
17 litigation.

18 MR. ANDERSON: Who is the litigation
19 between?

20 MR. HADEN: DSCC.

21 MR. SMITH: And our office.

22 MR. ANDERSON: All right. So you have a
23 concern with ongoing litigation?

24 MR. SMITH: Yeah. I mean -- so I think
25 Brent is stating on behalf of Mr. Hartman in his

DANIEL HARTMAN 10/3/2019

Page 40

1 individual capacity, if he's a witness. And then
2 from our office's perspective as the defendant in
3 that case and as Mr. Hartman's former employer, I
4 think we also would share that concern about any
5 testimony that may be subject to a separate opinion
6 litigation.

7 MR. ANDERSON: Okay. That's fair.

8 Pam, ask whatever questions you plan on
9 asking, and then we'll say that there's something --
10 reassert their objections to those, and we'll move
11 on.

12 MR. HADEN: Okay.

13 Q. (By Ms. Allison) So in this email it says:
14 "Daniel, intergovernmental coalition
15 building" -- and it has a couple of bulleted points.
16 "Develop a target list of local and key officials in
17 intergovernmental affairs and develop a target list
18 of coalition groups."

19 Can you tell us a little bit about what
20 that represents?

21 MR. HADEN: I'm going to object to that
22 because it involves a question that's essential to,
23 apparently, an ongoing litigation. I'm going to
24 direct my client not to answer, and then going
25 forward, if it works for you -- because I think

DANIEL HARTMAN 10/3/2019

Page 41

1 we're going it have a lot this -- I'm going to say
2 same objection to what I just stated to all of these
3 questions, unless you want me to restate the exact
4 objection every time. Alternatively, if you don't
5 want to me to give you a talking objection, I can
6 just say "objection," but, I mean, we're dealing
7 with some pretty heavy stuff here.

8 MR. ANDERSON: What was your questions?
9 You read him something, but what was your question
10 again?

11 MS. ALLISON: I asked him if he could tell
12 me what these bulleted points represented -- or what
13 he was being asked to do.

14 MR. ANDERSON: Okay. Would it serve your
15 needs to simply ask him about those bulleted points,
16 rather than asking about the email itself?

17 MS. ALLISON: Okay.

18 MR. ANDERSON: I'm asking you if that
19 would serv- --

20 MS. ALLISON: Yeah, that serves -- same
21 thing.

22 **Q. (By Ms. Allison) Can you tell me what was**
23 **represented by developing a target list of local and**
24 **key officials for intergovernmental affairs?**

25 MR. HADEN: And, again -- so one objection

DANIEL HARTMAN 10/3/2019

Page 42

1 here is that I think the question was conclusionary,
2 although I think that can be fixed easily. In other
3 words, there's no foundation to the question. It
4 was asked in a conclusionary manner. Secondly, I
5 want the AG to weigh in on whether they think that's
6 a question based on litigation, to the extent that's
7 their issue. Those are my two.

8 MR. ANDERSON: Okay.

9 MR. HADEN: Those are my two.

10 MR. SMITH: For our part -- I understood
11 your question not that you're referring to the email
12 or any contents therein; just asking about subject
13 matter. Is that fair?

14 MS. ALLISON: That's fair.

15 MR. ANDERSON: Okay.

16 MR. SMITH: So if it's not related to the
17 email, then I think our office would probably not
18 have concerns about litigation.

19 MR. HADEN: Right.

20 MR. ANDERSON: Could we go off the record?

21 (A recess was taken.)

22 **Q. (By Ms. Allison) Were you ever asked by**
23 **Mr. Teepell to develop a target list of local key**
24 **official -- local and key officials for**
25 **intergovernmental affairs?**

DANIEL HARTMAN 10/3/2019

Page 43

1 A. Yes.

2 Q. Could you tell us kind of what that list
3 is?

4 A. Is the question what I -- how I -- how
5 that manifested itself, so to speak?

6 Q. Right. Right.

7 A. Okay. I don't recall it ever manifesting
8 itself in any way. As I referred to earlier, I
9 didn't -- I chose not to do -- to act on his advice
10 there.

11 Now, I did interact with people from the
12 legislature, of course, given the title that we
13 discussed earlier, and intergovernmental relations,
14 to me, most commonly manifested itself in
15 interactions with legislators and their staff. If
16 someone from -- I don't recall interacting with
17 anybody at the municipal or county level, although
18 at the time, I felt like that might be an avenue
19 that I could pursue, to interact with people at the
20 municipal or county level or other -- any
21 governmental agency to ask how the attorney
22 general's office could serve them in some way. I
23 don't recall that ever coming to fruition.

24 Q. Okay. Do you recall whether Mr. Teepell
25 asked you to develop a target list of coalition

DANIEL HARTMAN 10/3/2019

Page 44

1 **groups?**

2 A. Yes.

3 **Q. So what is a -- what's the makeup of a**
4 **target list of coalition groups, and did you make**
5 **the list?**

6 A. Not that I recall, so I don't know how
7 that would best be defined.

8 And if I can add to that, I was very busy
9 with my normal duties, and I prioritized my duties
10 how I felt I should.

11 **Q. So I'm going to show you a policy, and**
12 **this is Exhibit C. And this is the employee**
13 **handbook for Missouri Attorney General Josh Hawley.**
14 **And then on Policy No. 9 -- it's titled "Electronic**
15 **or Communications on Personal Electronic Devices."**
16 **Would you read over that.**

17 A. Your question was what?

18 **Q. Well, my question is going to be, were**
19 **you -- you were aware of that policy. And this is**
20 **a -- the policy of the attorney general's office at**
21 **the time of your employment --**

22 MR. HADEN: Okay. So it's the same
23 question I had before, I think, when we worked on
24 this in another set of questions you-all had. Do
25 you have a business records affidavit or some

DANIEL HARTMAN 10/3/2019

Page 45

1 authenticating document, because this is just being
2 put in front of us and represented as being the
3 policy.

4 MR. ANDERSON: First ask him if he
5 recognizes it as the policy in the effective time
6 that you're talking about.

7 Q. (By Ms. Allison) Do you recognize this to
8 be the policy of the attorney general's office when
9 you were employed?

10 A. I read the policy handbook when we came
11 into office. I understand that at some point it was
12 amended or a section was added -- maybe multiple
13 times, but with regard to Section 9, which you
14 pointed out to me, I recall at some point -- I think
15 that was clarified or modified in some way. And I
16 don't remember when Section 9 was in effect, but I
17 do recall, generally, receiving the book, and I -- I
18 know I had to have read it.

19 Q. Were any AGO staff ever directed to
20 violate that policy?

21 MR. HADEN: I'm going to object on
22 multiple reasons. I'm not going to give you,
23 without some other proof that is this is the actual
24 policy. This says 2017 on the front, then it has an
25 effective date of March 13th, 2014. That is not

DANIEL HARTMAN 10/3/2019

Page 46

1 necessarily exclusive, but there's at least a
2 conflict in terms of dating, even in this. It
3 doesn't show that this is an updated or approved
4 version, once now Senator Hawley became the attorney
5 general or what the edits were. I think the version
6 I saw before wasn't even dated, and so this is a
7 different one, I think, than the one I've even seen.

8 But to the extent it is a -- it's
9 conclusionary that this even is the policy that
10 Mr. Hartman had or would have known, I'm going to
11 direct him not to answer on that, because I think
12 it's a faulty premise. If you can find -- this
13 thing has employee acknowledgment forms in the back
14 and -- if you can find the one that actually
15 authenticates it's the one he read and signed, I
16 think I'd be in a different position, but ...

17 So I guess -- we had this discussion last
18 time. Any conclusionary question -- and this is
19 across the board -- that's going to start with the
20 premise of, Well, you've seen this, why did you
21 violate it, is a -- essentially, it's my paraphrased
22 version --

23 MR. ANDERSON: Well, it's a heck of a
24 paraphrase, but I'll let you finish --

25 MR. HADEN: Well, I think we know where

DANIEL HARTMAN 10/3/2019

Page 47

1 you're headed with it.

2 I'm going to object to it because it's
3 conclusionary as a premise.

4 MR. ANDERSON: Are we done? I'm going to
5 direct her to go if we're done.

6 MR. HADEN: I'm done.

7 MR. ANDERSON: Okay.

8 **Q. (By Ms. Allison) Was there a discussion**
9 **between yourself and other AG employees about**
10 **whether personal email and texts were public record?**

11 MR. ANDERSON: Subject to an
12 attorney-client privilege.

13 MR. SMITH: That was the exception. Thank
14 you, Joel.

15 Without getting into privileged
16 communications.

17 MR. HADEN: Okay. I want to hear the
18 question again, because I want to make sure it's
19 possible. Was there a discussion with --

20 **Q. (By Ms. Allison) Was there discussion**
21 **between yourself and other AG employees about**
22 **whether personal email and texts were public record,**
23 **exception to attorney-client privilege.**

24 MR. HADEN: Is the AG's position that it
25 is possible that that even could happen? Because if

DANIEL HARTMAN 10/3/2019

Page 48

1 it's not your position it's even possible, I think
2 it's an easy answer.

3 MR. SMITH: I'm trying to imagine a
4 scenario where you could be talking to somebody
5 that's an AGO employee -- perhaps a non-staffer,
6 you're not giving legal advice -- are you --

7 MR. HADEN: Yeah, someone who doesn't work
8 for the AG.

9 MR. SMITH: A non-attorney not giving
10 legal advice -- if there -- we object to any
11 privileged communications, but if there was a
12 communication, Mr. Hartman, that you had with an AGO
13 employee that did not give privileged information.

14 A. I am not aware of a conversation that
15 would not get into privileged information.

16 **Q. (By Ms. Allison) Were the consultants ever**
17 **paid out of state funds, to your knowledge?**

18 A. Not to my knowledge.

19 **Q. If the consultants were providing**
20 **administrative consulting services, do you know why**
21 **they were being paid out of campaign funds?**

22 A. I'm without knowledge to that question.

23 **Q. To your knowledge, from January of 2017 to**
24 **July 2017, campaign records indicate that OnMessage**
25 **was paid \$75,137.65 and 1st Tuesday was paid**

DANIEL HARTMAN 10/3/2019

Page 49

1 **\$30,505.92 by Hawley's state campaign. Would that**
2 **represent the amount of work performed providing**
3 **administrative consulting services to the AGO?**

4 MR. HADEN: I'm going to -- I want to make
5 sure -- I understood the question. I want to make
6 sure I get the date that was at the beginning. What
7 was --

8 MS. ALLISON: From January 2017 to
9 July 2017.

10 MR. ANDERSON: I think the "to your
11 knowledge" goes at the end. He may not know what
12 the campaign records say.

13 A. I do not have knowledge of the rationale
14 of campaign expenditures.

15 **Q. (By Ms. Allison) Do you know if the**
16 **services were being provided to the AGO -- was there**
17 **a contract detailing the work performed?**

18 A. Not that I'm aware of.

19 **Q. Were there any invoices sent?**

20 A. Not that I'm aware of.

21 **Q. Can you explain why OnMessage or**
22 **1st Tuesday would have been selected for providing**
23 **that type of service to the attorney general's**
24 **office?**

25 A. No.

DANIEL HARTMAN 10/3/2019

Page 50

1 **Q. Did you question working with those types**
2 **of firms or the perception of working with those**
3 **types of firms with the attorney general's office?**

4 A. No.

5 **Q. Do you know if those firms would have**
6 **provided those types of services in the past to**
7 **others?**

8 A. No.

9 MR. SMITH: And just so I'm clear, no,
10 they didn't, or, no, you don't know?

11 THE WITNESS: Thank you.

12 A. I don't know.

13 **Q. (By Ms. Allison) Were the professional**
14 **services of the consultants procured through a**
15 **selection process?**

16 A. Not that I'm aware of.

17 **Q. When you started with the attorney**
18 **general's office, were you allowed to claim**
19 **relocation expenses?**

20 A. I never made such a request. And if you'd
21 like me to clarify, I've lived in my same house for
22 years.

23 **Q. Are you aware of any other employees**
24 **receiving relocation expenses?**

25 A. I don't have personal knowledge of that.

DANIEL HARTMAN 10/3/2019

Page 51

1 **Q. Are you aware of any use of state**
2 **resources for political or personal purposes? For**
3 **example, the use of a state vehicle?**

4 A. I'm sorry. Say that one again.

5 **Q. Are you aware of any state resources being**
6 **used for political or personal purposes?**

7 MR. ANDERSON: Sorry, Pam. Could we go
8 ahead and get the time on that, as well?

9 MS. ALLISON: Sure.

10 **Q. (By Ms. Allison) From July of 2017 -- or**
11 **from January of 2017 to July of 2017, were you aware**
12 **of any use of state resources for political or**
13 **personal purposes? An example would be the state**
14 **vehicle.**

15 A. No to the state vehicle, and no to your
16 broader question.

17 **Q. On June 29th, 2017, you were invited to a**
18 **press conference -- and that's going to be this**
19 **Exhibit B -- where the political consultants were**
20 **also invited --** [REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]

24 MR. HADEN: What is the prominence of this
25 document? I mean, this is literally --

DANIEL HARTMAN 10/3/2019

Page 52

1 MR. ANDERSON: The question is asking what
2 it is.

3 MR. HADEN: Okay. That's fine. I'll wait
4 to hear that.

5 MR. ANDERSON: Just ask him what it is.

6 **Q. (By Ms. Allison) Can you tell me what is?**

7 A. Exhibit B?

8 **Q. Exhibit B.**

9 A. You want to me describe Exhibit B? It
10 says at the top "Hawley Press Conference Call."

11 **Q. Okay. Is that a -- like, a calendar**
12 **invite to a meeting or a press conference?**

13 A. It would appear to be.

14 MR. ANDERSON: Let me shortcut it a little
15 bit. Do you recognize that document at all? Have
16 you ever seen it before?

17 THE WITNESS: I don't recall seeing this.
18 I understand that, for some reason, everyone's --
19 you have Timmy Teepell's name, Evan Rosell's name --
20 several other names written out. My email address
21 is on there. I don't recall being a part of that
22 conference call or seeing this.

23 MR. ANDERSON: Okay.

24 So, Pam, you may want to -- if there's
25 some content in there you may want to ask him about,

DANIEL HARTMAN 10/3/2019

Page 53

1 you want to ask him those questions, rather than
2 what the document says or doesn't say.

3 MS. ALLISON: Okay.

4 Q. (By Ms. Allison) So your recollection, you
5 don't remember being a part of that press conference
6 call?

7 A. I don't recall.

8 Q. And you don't recall being invited or sent
9 the phone line to call in?

10 A. Not that I recall.

11 [REDACTED]
12 [REDACTED]
13 [REDACTED]
14 [REDACTED]
15 [REDACTED]
16 [REDACTED]
17 [REDACTED]
18 [REDACTED]

19 Q. (By Ms. Allison) Okay. Were you aware of
20 anything unlawful or inappropriate taking place
21 while you were employed at the attorney general's
22 office?

23 A. No.

24 Q. Have you had any contact or conversations
25 with anyone about our audit?

DANIEL HARTMAN 10/3/2019

Page 54

1 MR. ANDERSON: Other than communications
2 with your attorneys or -- subject to attorney-client
3 privilege.

4 A. I've spoken regarding this meeting today
5 with the attorney general's office, with my
6 attorney, and, for what it's worth, my wife.

7 Q. (By Ms. Allison) Are there any other
8 individuals you think we should talk to?

9 A. No.

10 MS. ALLISON: All right.

11 MR. ANDERSON: Do you-all want to pow-wow,
12 or are you done?

13 MS. ALLISON: We can pow-wow.

14 (A recess was taken.)

15 MR. ANDERSON: We're done. Thank you,
16 Mr. Hartman, for your time. This will be
17 transcribed. We'll get a copy to your lawyer and to
18 the AG, if you want to take a look at it and sign
19 it.

20 Can we agree that after you get it, you'll
21 sign it and get it back to us within, say, ten days;
22 otherwise, we can use it as if you've read and
23 signed?

24 MR. HADEN: Yeah, that'll be fine.

25 MR. ANDERSON: And with the AGO?

DANIEL HARTMAN 10/3/2019

Page 55

1 MR. SMITH: Yeah. That's fine with us.
2 Are there any more interviews that we need to
3 schedule?

4 MR. ANDERSON: I honestly don't know. I
5 don't -- I don't know.

6 MR. SMITH: So maybe.

7 MR. ANDERSON: Maybe, but I don't know.
8 We're going to have to digest this is see.

9 MR. SMITH: One other question, is there
10 anything from our office that you-all need
11 pre-audit?

12 MR. ANDERSON: There may be, but we'll
13 need to review the thing.

14 MR. SMITH: Nothing comes to mind right
15 now --

16 MR. ANDERSON: We'll, there may have been
17 some '17 -- I'm not as tuned in on what they may
18 need copies of, so ...

19 MS. ALLISON: Basically what happens is,
20 once we have a deposition, there might -- that might
21 trigger us to ask for more information or ...

22 MR. SMITH: Of course.

23 MS. ALLISON: I don't think there's
24 anything we're waiting on. We're in pretty good
25 shape.

DANIEL HARTMAN 10/3/2019

Page 56

1 MR. ANDERSON: I appreciate you asking.

2 MR. SMITH: Yeah. Thank you very much.

3 That's all from me.

Hey guys --

Thanks for making time to meet together last week. We've been talking through action points for each of us -- I've communicated with several of you about these already. Let me put your respective action points below. I think we'll likely have a conference call toward the end of the week to discuss. LA, can you make sure everyone's square on time/date?

DANIEL: Intergovernmental // Coalition-Building

- Develop a target list of local and key officials for intergovernmental affairs.
- Develop a target list of coalition groups

LOREE ANNE: Communications and Constituent Services

- Find and hire press secretary
- Review constituent services and determine needs and format
- Inventory owned/shared media assets
- Develop list of administration accomplishments
- Job Description for Brad Johnson (Special Assistant to the AG)

RACHEL: Legislative Affairs

- Develop list of key legislators for relational engagement over the summer
- Develop system for tracking legislative requests

MIKE: Policy

- Next steps on Opioid front
- Review Daniel's Veteran's Pro Bono project

EVAN: Admin/Budget/Personnel

- Secure funding for Human Trafficking Coordinator
- Secure funding for additional constituent services representative

- **Finalize line attorney rebuild (Lit, GA)**

Let me know if you guys have questions.

F.

1.0. This Handbook's Guidelines and Policies

The guidelines and policies contained in this handbook are for your information only. Because it is impossible to cover all of the possible issues that may arise, this handbook is not all-inclusive and the Office of the Attorney General ("AGO") may add to, revise, or change these guidelines at any time.

This handbook is not an express or implied contract of employment. No employee of the AGO has the authority to create a verbal or written contract of employment with any employee.

2.0. Your Employment Relationship

Your employment with the AGO is "at-will." This means that either you or the AGO may conclude the employment relationship, at any time, for any reason or no reason at all, with or without notice.

3.0. Confidentiality

Lawyers and staff who work with lawyers are expected to keep communications concerning the legal matters they are working on in strictest confidence. The law classifies these communications as "privileged." That means that normally even a court cannot compel a lawyer to disclose confidential information unless the client agrees. This privilege exists so that all clients will feel free to consult counsel without fear that what they may have said to their lawyer in confidence will ever be used to their disadvantage. The counterpart of this privilege is that the lawyer must not, without permission, disclose to others what has been communicated in confidence.

A violation of this rule is a grave breach of professional ethics that may lead to disciplinary proceedings against the lawyer, and even to disbarment.

The practice of law involves lawyers, but also legal assistants, paralegals, and other staff employees. Lawyers frequently must communicate confidential information to staff. All staff employees are charged with the same duty to keep this information absolutely confidential. Every lawyer's and staff member's responsibility to safeguard the confidentiality of clients' information exists both during and *after* the termination of employment with the AGO (regardless of the reason for termination).

All of the AGO's personnel should avoid any discussion of any substantive work of the AGO with friends or family. Discussion of the AGO's matters should not take place in public areas such as elevators, restaurants, or other places where the discussion can be overheard. Any unauthorized disclosure can adversely affect our clients' interests and be a source of grave embarrassment to the AGO.

Violation of this confidentiality policy may result in disciplinary action up to and including termination.

4.0. Use of the AGO's Name

The AGO, including its letterhead and the name of the Attorney General, should be used only by the AGO's personnel in the performance of services or the conduct of business by or on behalf of the AGO. In personal or other matters not involving the AGO's business, the personal letterhead (not governmental letterhead) of the attorney, staff member, or other individual should be used.

No person other than a licensed attorney should sign a letter on the AGO's stationery unless the title of such person (for example, "Legal Assistant," "Paralegal", "Administrative Assistant," or "Administrative Assistant to _____") is indicated below the employee's signature. This disclosure is important so that the recipient of the letter does not mistakenly believe that the author of the letter is an attorney employed by the AGO.

5.0. Substance Abuse

Use of alcohol or the illegal use of drugs by an employee while performing work on behalf of the AGO may result in disciplinary action, up to and including termination of employment.

6.0. Sexual and Other Harassment

It is the AGO's policy to maintain a working environment free from harassment based upon sex, sexual orientation, race, color, religion, national origin, disability, age or any other characteristic protected by law. Unlawful harassment by any person, regardless of whether he or she is a member of the AGO, an AGO employee, a client, or a vendor representative, is prohibited by this policy.

This policy describes prohibited harassment, its forms, and the procedure for reporting and investigating complaints of harassment.

6.1. Sexual Harassment

Unwelcome sexual advances, unwelcome requests for sexual favors, and other unwelcome verbal or physical conduct of a sexual nature constitute sexual harassment prohibited by this policy when: (a) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (b) submission or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (c) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment on the basis of the employee's sex.

Sexual harassment may include subtle pressure for sexual activity; accusations of sexual preference; demands for sexual favors accompanied by promises or threats related to an individual's employment status. In addition, unwelcome sexual suggestive objects, pictures or written words, sexual jokes, slurs or innuendoes, graphic commentaries or descriptions of sexual conduct, suggestive or insulting sounds, touching, leering, whistling, and obscene gestures, if unwelcome, may constitute forms of sexual harassment prohibited by this policy.

6.2. Other Forms of Prohibited Harassment

Prohibited harassment based on other attributes, such as sexual orientation, gender, race, color, religion, national origin, disability, age or other protected characteristics may include, without limitation, unwelcome jokes, slurs, graphic commentaries, insulting sounds, obscene gestures, demeaning remarks and other conduct that has the purpose or effect of interfering with an individual's work performance or creates an intimidating, hostile, or offensive working environment on the basis of an employee's protected characteristics.

6.3. Procedure for Reporting Sexual or Other Prohibited Harassment

All AGO personnel are responsible for maintaining acceptable standards of personal behavior in the work environment and for helping to ensure that assigned duties can be carried out in an atmosphere free of prohibited harassment.

The following step-by-step reporting, investigation, and corrective procedure for handling incidences of harassment will be used:

Step 1: Any employee with a complaint of any form of harassment prohibited by this policy has a responsibility to immediately report such conduct directly to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

Because the AGO is concerned about this important topic, reporting violations of this policy to members of the AGO's management other than those specifically designated in this policy are not enough – the AGO has designated the two individuals specifically identified within this policy as the appropriate persons to whom violations of this policy should be reported so that the AGO can ensure that complaints are handled consistently with this policy.

Step 2: An investigation will then be conducted.

Step 3: Upon completion of the investigation, and where it is necessary, the AGO will take corrective measures that the AGO determines are appropriate under the circumstances. Corrective measures will be considered on a case by case basis, will depend on the severity of the behavior, and can include anything, including but not limited to counseling, verbal or written warning, suspension without pay, or termination of employment.

6.4. Retaliation is Prohibited

Retaliation against an individual for making a good faith complaint or report of harassment, or providing information regarding harassment, will not be tolerated. Retaliation will result in discipline, up to and including termination. Any employee with any complaint of retaliation has a responsibility under this policy to immediately report such conduct directly to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

6.5. Confidentiality

The AGO will attempt to provide as much confidentiality as possible under the circumstances for all parties involved in any complaint of harassment or discrimination.

6.6. False Complaints of Harassment or Discrimination

False accusations or complaints made in bad faith may result in disciplinary action, up to and including the termination of employment of the person making such false or bad faith allegations.

7.0. Discrimination and Equal Employment Opportunity

It is the AGO's policy to maintain a working environment free from discrimination. Discrimination based on gender, race, color, religion, national origin, disability, age, veteran status, sexual orientation, or other characteristic protected by law is prohibited. This applies to all areas of employment including hiring, training, salary administration, promotion, benefits, discipline, and termination.

The AGO will provide a "disabled" employee with a reasonable accommodation to enable the employee to perform the essential functions of his or her job. An employee seeking a reasonable accommodation for a disability should direct his or her request for an accommodation to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

As with harassment, AGO employees must report incidents of discrimination using the process described above for reporting harassment. The AGO will follow the guidelines set forth in Section 6.3 for investigating and remedying harassment when addressing allegations of discrimination. The guidelines described in Section 6.4, 6.5, and 6.6 also apply to complaints of discrimination made under this policy.

8.0. Computer Use and Electronic Communications Systems

The use of computers, facsimile machines, telephones, electronic mail, and voice mail are part of your everyday tasks. This policy applies to employee use of the AGO's Electronic Communications Systems (referred to here as "Communications Systems") which include, but are not limited to, office-issued telephone, computer, facsimile machine, electronic mail, internet and intranet systems, and voice mail hardware and software.

All Communications Systems and any documents or messages created or contained within the Communications Systems are the property of the AGO and regarded as documents belonging to the AGO. The Communication Systems are to be used primarily for business purposes. Excessive use of the

Communication Systems for personal reasons, or use of the Communication Systems for inappropriate purposes (e.g., illegal conduct, sexual harassment, etc.) is prohibited and may lead to disciplinary action, up to and including termination of employment.

Employees should not expect that any communication created, sent or received on the Communications Systems is private. The AGO reserves the right to monitor, review, access, reproduce or disclose anything created, sent, or received on the Communications Systems, at any time, without notice.

The AGO's Communications Systems' resources may not be used for the transmission or storage of commercial or personal advertisements, solicitations, promotions, destructive programs (viruses and/or self-replicating code), or any other unauthorized or improper use.

9.0 Electronic Written Communication on Personal Electronic Devices

It is the policy of the AGO that all electronic written communication made or received in connection with the transaction of official business be made or received using the AGO's Communications Systems.

You should not use your personal cell phone, Blackberry, laptop, tablet or other portable electronic device, or home computer for AGO business unless you are remotely logged into your official account as part of the AGO's Communications Systems, whether through the AGO's webmail portal (<https://webmail.ago.mo.gov>), its Mobile Iron (or successor) platform, its virtual desktop program, or otherwise.

10.0. Blogging and Social Media

The guidelines in this policy are intended to assist the AGO's employees to make appropriate decisions about work-related blogging and the contents of blogs, personal websites, postings on social media websites (e.g., Facebook, Twitter, etc.), wikis, and other interactive sites, postings on video or picture sharing sites (e.g., YouTube), or in the comments that employees make online on blogs, elsewhere on the public internet, and in responding to comments from posters either publicly or via email. Any of the AGO's

other electronic communications policies (e.g., Computer Use and Electronic Communications Systems) remain in effect and are not modified by this policy.

These guidelines will protect the privacy, confidentiality, and interests of the AGO, our employees, and the constituencies we serve.

10.1. Guidelines for Interactions About the AGO on the Internet

If employees are developing a website, writing a blog, or make comments on social media websites (e.g., Facebook, Twitter, etc.) that will mention the AGO, our employees, or matters likely of interest to the AGO, identify that you are an employee of the AGO and that the views expressed on the blog or website are yours alone and do not represent the views of the AGO.

Unless given written permission by the Attorney General or the Chief of Staff, employees are not authorized to speak on behalf of the AGO, nor to represent that employees are authorized to do so.

Employees should let the Chief of Staff or Deputy Chief of Staff know if they are developing a website or writing a blog that will mention the AGO, our employees, or matters likely of interest to the AGO. The AGO's management may choose to visit those websites from time to time to determine whether employees' comments comply with this policy.

10.2. Confidential Information Component of the Blogging and Social Media Policy

Employees may not share information that is confidential or proprietary about the AGO. This includes information about personnel matters, legal matters that are subject to attorney-client, work product, or other applicable privileges, and any other information that is not subject to public disclosure by the AGO.

These are given as examples only and do not cover the range of what the AGO considers confidential or proprietary. Any questions about whether information has been released publicly or doubts of any kind about whether information may be shared on the internet should be directed to the Chief of Staff or Deputy Chief of Staff before releasing such information.

The AGO's logos, the Attorney General's name, etc. may not be used without explicit permission in writing from the AGO. This is to prevent the appearance that employees' speak for or represent the AGO officially.

10.3. Respect and Privacy Rights Components of the Blogging and Social Media Policy

Speak respectfully about the AGO, our employees, and the constituencies we serve. Employees should not engage in name calling or behavior that will reflect negatively on the reputation of the AGO or its employees. Use of copyrighted materials, unfounded or derogatory statements, harassing or intimidating comments, or misrepresentation about the AGO or our employees is not viewed favorably by the AGO and can result in disciplinary action up to and including the termination of employment with the AGO.

Honor the privacy rights of our current employees by seeking their permission before writing about or displaying internal AGO happenings that might be considered to be a breach of their privacy and confidentiality.

10.4. Legal Liability Component of the Blogging and Social Media Policy

The AGO's employees should recognize that they may be legally liable for anything they write or present online. Employees can be disciplined by the AGO for commentary, content, or images that are defamatory, pornographic, proprietary, harassing, libelous, or that can contribute towards the creation of an unlawful hostile work environment. Employees can also be sued by the AGO, our employees, or other individuals who view employees' online commentary, content, or images as defamatory, pornographic, proprietary, harassing, libelous, or that contributes towards the creation of an unlawful hostile work environment.

10.5. Media Contact Component of the Blogging and Social Media Policy

Employees with questions about the guidelines provided in this policy should contact the Chief of Staff or the Deputy Chief of Staff. An employee's failure to comply with this policy may lead to disciplinary action, up to and including the termination of employment, as well as potential legal action against the employee by the AGO and/or our employees or members of the public.

11.0. Media Communications

If you are contacted by the media, you should immediately refer them to the AGO's Communication Director, Ryan Cross. Reporters may be insistent and encourage you to talk "off-the-record." No AGO employee is authorized to communicate with the media without prior authorization from the Press Secretary about an AGO matter in either an on-the-record or off-the-record situation.

12.0. Attendance

Regular and predictable attendance is an essential function of every job with the AGO. Poor attendance is disruptive. When employees are unable to work as scheduled they should notify their immediate supervisor as soon as possible in advance of the anticipated absence. Poor attendance may result in disciplinary action, up to and including termination.

There is no leave without pay unless approved in advance or as provided under the AGO's Family and Medical Leave Act Policy found in Section 13.0. Where appropriate, the AGO may grant unpaid personal leaves of absence. Any employee who does not come to work and is not on approved leave is taking an unapproved and unexcused absence from work.

Any absence without notification and approval will be considered unexcused. The AGO may take disciplinary action, up to and including terminating employment, for any employee who, in the AGO's judgment, has unacceptable attendance.

12.1. Hazardous Travel Policy

Employees who are delayed or prevented from reporting to work due to inclement weather or who wish to leave work early due to worsening weather or road conditions may account for the absence by one of the following methods with the approval of their supervisors:

- a. charged to an employee's accumulated compensatory time.
- b. charged to an employee's accumulated annual leave.
- c. made up by adjusting work schedule. Make-up work shall be completed within a reasonable period after the absence, and the make-up work shall not count toward compensatory time. Employees should consult their Division Chief about an acceptable schedule to make-up the work. Note: Due to the nature of an individual employee's duties, make-up work may not be an available alternative.

d. charged to leave without pay only if the employee has insufficient accumulated compensatory and/or annual leave and the work schedule cannot be adjusted for the absence to be made up.

13.0. Family and Medical Leave Act Policy

Employees may, depending upon whether they meet defined eligibility and qualifications criteria, be entitled to take up to 12 weeks of unpaid, job-protected leave each year in accordance with the AGO's obligations under the Family and Medical Leave Act ("FMLA"). The AGO applies a "rolling calendar" method for determining an employee's eligibility for leave. The AGO may also require an employee to concurrently use paid time off (such as accrued vacation or sick leave) during any period of leave under designated as leave under the FMLA.

13.1. Basic Leave Entitlement

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- To care for the employee's child after birth, or placement for adoption or foster care ("bonding time");
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee's job.

13.2. Military Family Leave Entitlements

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the Armed Forces, including a

member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

13.3. Benefits and Protections

During FMLA leave, the AGO maintains the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

13.4. Eligibility Requirements

Employees are eligible if they have worked for the AGO for at least one year, for 1,250 hours over the previous 12 months, and if at least 50 employees are employed by the AGO within 75 miles.

13.5. Definition of Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

13.6. Use of Leave

An employee requiring leave for the employee's own serious health condition or the serious health condition of an immediate family member does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Leave for "bonding time" cannot be taken intermittently but must be taken in one block, and must be used within 12 months of the child's birth or adoption/ foster care placement.

13.7. Substitution of Paid Leave for Unpaid Leave

Employees may choose and the AGO may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the AGO's normal paid leave policies.

13.8. Employee Responsibilities

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

13.9. Employer Responsibilities

The AGO will inform employees requesting leave whether they are eligible under FMLA. If they are, the notice will specify any additional information required as well as

the employees' rights and responsibilities. If they are not eligible, the AGO will provide a reason for the ineligibility.

The AGO will inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the AGO determines that the leave is not FMLA-protected, the AGO will notify the employee.

13.10. Unlawful Acts by Employers

FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

13.11. Enforcement

The AGO requests that any employee who believes that the AGO has not complied with the FMLA first bring the employee's concerns to the attention of the Deputy Chief of Staff or the Chief of Staff so that the AGO may first attempt to resolve the matter internally.

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against the AGO if the employee believes that the AGO has not complied with its obligations under the FMLA. The FMLA does not affect any federal or state law prohibiting discrimination, or supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights.

14.0. Dress Code and Professional Appearance

The dress code for Monday through Friday is **Business Dress** attire.

Repeated violation of the dress code policy will result in disciplinary action. Questions regarding the appropriateness of particular clothing should be resolved with the Deputy Chief of Staff or Human Resources Manager prior to wearing the clothing to the office. Employees are expected to use good judgment and common sense when deciding on appropriate attire for the workplace. The AGO expects our personnel to dress

professionally. The AGO has the discretion to advise any employee of the AGO that his or her attire is inappropriate and send that person home to change into appropriate attire, without pay, or to impose more severe discipline, up to and including termination.

The following clothing is never appropriate Business Dress attire:

- jeans of any color
- denim skirts or dresses
- t-shirts
- shorts
- tank tops
- bare midriffs
- halter tops
- hats
- low-cut blouses
- sweat suits or wind suits
- skirts or dresses shorter than 3" above the knee
- lycra or spandex tops or bottoms
- tennis shoes
- hiking boots
- casual mules or crocs
- flip flops
- sandals without a heel or ankle strap

15.0. Personal Telephone Usage

The AGO recognizes that employees must from time to time receive personal telephone calls. However, personal telephone calls should not interfere with normal business routine. To the extent possible it is expected that personal calls, other than emergency calls, will be made during the lunch hour. Business hours should not be used to make personal arrangements concerning outside activities.

16.0. Smoking Policy

Smoking is prohibited inside all buildings exclusively occupied by the State of Missouri regardless of whether the building is owned or leased by the State.

17.0. Political Activities

Political activity must not interfere with the normal work for the AGO and never occur on state time. AGO employees cannot post political signs on AGO property. The AGO's name and its supplies, equipment, or services may not be utilized in political causes and activities. Such action could be viewed as an activity of the AGO and result in possible embarrassment to the AGO or in having the value thereof deemed a financial contribution by the AGO.

EMPLOYEE ACKNOWLEDGEMENT FORM

The Employee Handbook of the Office of the Attorney General for the State of Missouri (“AGO”) describes important information and guidelines about my employment with the AGO. I understand that my employment with the AGO is terminable “at will,” which means that either the AGO or I may terminate the relationship at any time, for any reason or no reason, at any time with or without notice.

Because the information, policies and benefits described in the handbook are necessarily subject to change, I understand that revisions to the handbook may occur. I understand that no such change will affect my at-will employment relationship with the AGO. I understand that revised policies will supersede, modify, or eliminate existing policies.

I acknowledge and understand that nothing contained in this handbook is a contract of employment, either express or implied. I also understand that no AGO employee has the right or authority to create any type of employment contract, either express or implied.

I also acknowledge I have received the handbook, and I understand that it is my responsibility to read and comply with the policies contained in this handbook and any revisions made to it.

Employee’s Signature

Date

Employee’s Name (Printed or Typed)

ACKNOWLEDGMENT OF HARASSMENT AND DISCRIMINATION POLICIES

I acknowledge that I have received and read the policies of the Office of the Attorney General for the State of Missouri ("AGO") regarding sexual and other harassment, and discrimination contained in the AGO's Employee Handbook. I understand that the AGO prohibits harassment and discrimination on the basis of sex, race, color, religion, age, disability, national origin, and any other characteristic protected by law.

I understand that I have a responsibility to refrain from engaging in conduct prohibited by the AGO's harassment and discrimination policies.

I understand that if I am subject to conduct that I believe is harassing or discriminatory, I have the responsibility to immediately report such conduct directly to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

Because the AGO is concerned about this important topic, I understand that reporting violations, incidents of unlawful harassment or discrimination to members of the AGO's management other than those specifically designated in this Acknowledgement is not enough. That is, I understand that I have the responsibility to immediately report unlawful harassing or discriminatory conduct to either of the two individuals specifically identified by the AGO as the appropriate persons to whom incidents of unlawful harassment or discrimination should be reported so that the AGO can ensure that complaints are handled consist with this policy.

I also understand that the AGO's harassment and discrimination policies prohibit retaliation towards an employee who makes a good faith complaint of harassment or discrimination under the AGO's policies.

Appendix G

Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes Written Answers of Specific Questions Asked of Loree Anne Paradise, Former Deputy Chief of Staff

The State Auditor's Office requested Loree Anne Paradise, former Deputy Chief of Staff to provide written answers to specific questions asked on October 3, 2019, and Ms. Paradise provided those written answers on October 18, 2019. The specific questions, Ms. Paradise's answers, and the related exhibits are noted below.

Please respond to the following questions as fully and as accurately as you can. If you cannot answer a question in full after exercising due diligence to secure the information to do so, please so state and answer to the extent possible, specifying your inability to answer the remainder and stating whatever information or knowledge you have concerning the unanswered portions.

If you have records of any kind that are or may be responsive to a question asked, please describe each such record in detail so that we may properly identify it. You may provide copies of such records in addition to your written response or, if the records are fully responsive to the question, you may provide such records in lieu of a written response (please indicate that you are doing so).

If you believe that you cannot answer any question in whole or in part on the basis of a claim of privilege, please state the ground of the privilege claimed, the general nature of the matter withheld, the date of the origination of the withheld information, the name of the originator, and the names of all persons to whom the withheld information was distributed, shown or explained.

When you are asked about "meetings" in any questions, please include telephone or video conferences, in-person meetings, etc.

1. Please explain how you came to know former Attorney General (AG) Hawley?

Answer: I was introduced to former AG Hawley in December 2015 when I began working part-time on his campaign, handling scheduling issues.

2. Please describe your professional background prior to joining the Attorney General's Office (AGO).

Answer: Prior to serving in the AGO, I worked in multiple legal and political entities, including work for three members of Congress and a law firm. I also obtained a Juris Doctorate from the University of Kansas School of Law December of 2016 prior to joining the AGO.

3. Please describe your duties and responsibilities while employed at the AGO.

Answer: I was hired as the Deputy Chief of Staff prior to being named Chief of Staff. I originally handled scheduling as Deputy Chief of Staff, but then took over the office's communications and constituent services before being promoted to Chief of Staff.

4. For the time period commencing approximately January 9, 2017 to July 2, 2018, please describe the method(s) of written communication used to communicate with former AG Hawley (e.g. state email, state text messages, personal email, personal text, etc.).

Answer: I communicated with former AG Hawley via email, text, and phone conversations.

- 5. For the time period commencing approximately January 9, 2017 to July 2, 2018, please state the names and job titles of all persons who scheduled meetings and/or who was responsible for scheduling meetings for former AG Hawley.**
- a. If you scheduled or were responsible for scheduling, please indicate how you scheduled meetings (state email calendar, personal email calendar, personal email, state email, etc.).**
 - b. If personal email calendars or personal emails were used, please provide true and accurate copies of all such records.**

Answer: I primarily scheduled meetings during this period. We hired Elizabeth Johnson in the spring of 2017 to assist with scheduling. I do not recall Elizabeth's specific title.

- a. I utilized a Google calendar and a state email calendar to schedule meetings.
- b. I do not have any records responsive to this request.

- 6. For the time period commencing approximately January 9, 2017 to July 31, 2017, please state whether you participated in meetings (including phone conferences) with Timmy Teepell. If so, please set forth the following:**
- a. Please state the specific or approximate date of each meeting.**
 - b. Please describe in detail how you participated in each meeting (e.g., by phone, video conference, in person).**
 - (1) If you participated in any meeting in-person, please provide the location of the meeting(s).**
 - c. Please indicate if you coordinated the in-person and phone conference meetings with Timmy Teepell. If not, please indicate who coordinated/scheduled the meetings.**
 - d. Please indicate if you notified and invited attendees to each of these meetings. If so, please describe how you notified or invited individuals to each meeting (e.g., by office calendar invite, personal calendar invite, state email, personal email, state text, personal text, phone call).**
 - (1) If personal calendars, emails, or texts were used, please provide true and accurate copies of all such records.**
 - e. If you did not notify and invite individuals to these meetings, please describe in detail how you were notified of and invited to each meeting (e.g., by office calendar invite, personal calendar invite, state email, personal email, state text, personal text, phone call).**
 - f. For each meeting described in responses to question No. 6(a-e), please state the following:**
 - (1) Who invited you to or notified you of each meeting.**
 - (2) Who attended each meeting.**
 - (3) Please summarize in detail the discussion that took place at each meeting.**
 - g. Please indicate if agendas were prepared for meetings described in response to questions No. 6(a-f) above. If so, please provide true and accurate copies of all such records.**
 - h. Please indicate if you took notes at meetings described in response to questions No. 6(a-f) above. If so, please provide true and accurate copies of all such records.**

Appendix G

Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes
Written Answers of Specific Questions Asked of Loree Anne Paradise, Former Deputy Chief of Staff

Answer: Yes

- a. I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add. Mr. Teepell provided guidance and advice to AG Hawley's official office based on his experience as a Chief of Staff. We had several meetings in April, May, and June 2017 that all involved official business with the type of guidance and advice I have previously referenced. I never discussed or participated in any campaign-related meetings with Mr. Teepell.
 - b. I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add. I do not recall additional details about how I participated in each meeting.
 - (1) I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add. I do not recall additional details about the location of each meeting.
 - c. As the scheduler, I would generally assist with coordinating meetings with Mr. Teepell. I do not recall who scheduled specific meetings with him.
 - d. I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.
 - (1) I do not have any records responsive to this request.
 - e. I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.
 - f. See below.
 - (1) I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.
 - (2) I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.
 - (3) I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add. Every meeting in which I participated involved official business. I never discussed or participated in any campaign-related meetings with Mr. Teepell.
 - g. I do not recall if agendas were prepared. I do not have any records responsive to this request.
 - h. I do not recall, but I do not have any records responsive to this request.
- 7. For the time period commencing approximately January 9, 2017 to June 30, 2017, please indicate if you participated in meetings (including phone conferences) with Gail Gitcho. If so, please set forth the following:**
- a. **Please state the specific or approximate date of each meeting.**
 - b. **Please describe in detail how you participated in each meeting (e.g., by phone, video conference, in person).**
 - (1) **If you participated in any meeting in-person, please provide the location of the meeting(s).**
 - c. **Please indicate if you coordinated the in-person and phone conference meetings with Gail Gitcho. If not, please indicate who coordinated/scheduled the meetings.**
 - d. **Please indicate if you notified and invited attendees to each of these meetings. If so, please describe how you notified or invited individuals to each meeting (e.g., by office calendar invite, personal calendar invite, state email, personal email, state text, personal text, phone call).**

- e. If you did not notify and invite individuals to these meetings, please describe in detail how you were notified of and invited to each meeting (e.g., by office calendar invite, personal calendar invite, state email, personal email, state text, personal text, phone call).**
- f. For each meeting described in responses to question No. 7(a-e), please state the following:**
 - (1) Who invited you to or notified you of each meeting.**
 - (2) Who attended each meeting.**
 - (3) Please summarize in detail the discussion that took place at each meeting.**
- g. Please indicate if agendas were prepared for meetings described in response to questions No. 7(a-f) above. If so, please provide true and accurate copies of all such records.**
- h. Please indicate if you took notes at meetings described in response to questions No. 7(a-f) above. If so, please provide true and accurate copies of all such records.**

Answer: Yes

- a. I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add. Ms. Gitcho provided guidance and advice to AG Hawley's official office based on her experience with the media. We had several meetings in February, May, June, and July 2017 that all involved official business with the type of guidance and advice I have previously referenced. I never discussed or participated in any campaign-related meetings with Ms. Gitcho.
- b. I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add. I do not recall additional details about how I participated in each meeting.
 - (1) I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add. I do not recall additional details about the location of each meeting.
- c. As the scheduler, I would generally assist with coordinating meetings with Ms. Gitcho. I do not recall who scheduled specific meetings with her.
- d. I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.
- e. I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.
- f. See below.
 - (1) I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.
 - (2) I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.
 - (3) I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add. Every meeting in which I participated involved official business I never discussed or participated in any campaign-related meetings with Ms. Gitcho.
- g. I do not recall if agendas were prepared. I do not have any records responsive to this request.
- h. I do not recall. I do not have any records responsive to this request.

8. Please describe in detail the services provided to the AGO by Timmy Teepell's and Gail Gitcho during the period January 9, 2017 and July 31, 2017.

Answer: I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.

9. Please state who determined Timmy Teepell and Gail Gitcho's responsibilities or the services they provided to the AGO

Answer: I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.

10. Please state how and when Timmy Teepell and Gail Gitcho's responsibilities or the services to be provided to the AGO were explained to you and by whom.

Answer: I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.

11. Please state the time frame in which Timmy Teepell and Gail Gitcho performed the services at the AGO referenced in responses to questions No. 8 and 9 above.

Answer: I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.

12. Please state whether you received or sent emails or met with Timmy Teepell and Gail Gitcho in December 2016, just prior to the inauguration. If so, please set forth the following and provide any emails:

- a. Approximate date of any emails sent or received and meetings.
- b. Please summarize in detail the discussion in the emails or at the meetings.

Answer: No, I do not believe I communicated with Mr. Teepell or Ms. Gitcho prior to meeting them in January 2017.

- a. N/A
- b. N/A

13. In your statement to the Missouri Secretary of State (SOS), you indicated you did not know what Gail Gitcho meant in her January 19, 2017, 10:24 a.m. email when she wrote, "...I am having lunch with Chris Wallace on Thursday and was going to pitch Josh as power player of the week - but we should all get on the same page with that before I pitch him." (See Exhibit A page 2 for email) Please indicate if "pitching" former AG Hawley to Chris Wallace, Fox News, was ever discussed in any other form of communication. If so, please provide the details of that communication.

Answer: I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add. I do not have any responsive documents or additional details about this interaction.

- 14. On January 19, 2017, at 4:47 p.m., you sent an email (in a group conversation with various AGO employees and Timmy Teepell and Gail Gitcho) to Aaron Trost requesting him to "send around the conference call line from the campaign?" (See Exhibit A, page 1)**
- a. Please explain why you were using a conference call line from the campaign to schedule a call with AGO employees instead of using a conference call line with the AGO.**
 - b. Please indicate if the campaign call line was used during the other phone conferences (by dates notated in your answers to questions No. 6(a-h) and No. 7(a-h) above) with Timmy Teepell and Gail Gitcho.**
 - c. Please indicate who Aaron Trost was employed by in January 2017 and explain why you were communicating with him.**

Answer: See below.

- a. As I previously explained to the Secretary of State's office, I was not aware there was another conference call line available for use within the AGO office. I was only aware of a free conference call line that had been previously used for conference calls.
 - b. It is possible that the free conference call line referenced in the January 19, 2017 email was used for other meetings, but I do not recall specifically.
 - c. I do not know who employed Mr. Trost in January 2017. I have had a personal and professional relationship with Mr. Trost for many years.
- 15. On January 19, 2017, email strings indicate routine phone conferences/meetings were planned between former AG Hawley, AGO employees, Gail Gitcho, and Timmy Teepell for 8:30 a.m. on Tuesdays. Please set forth the following:**
- a. Please state the timeframe that the routine weekly meetings referenced in No. 15 above were held.**
 - b. Please indicate who usually attended/participated in the routine weekly meetings referenced in No.15.**
 - c. Please indicate the purpose and general topics discussed at the meetings referenced in No.15.**
 - d. Please indicate if agendas were prepared for each meeting referenced in No.15. If so, please provide true and accurate copies of all such records.**
 - e. Please indicate if you took notes at the meetings referenced in No.15. If so, please provide true and accurate copies of all such records.**

Answer: See below.

- a. I did not participate in the scheduled calls and do not have any additional information.
- b. I did not participate in the scheduled calls and do not have any additional information about who may or may not have "usually attended/participated."
- c. I did not participate in the scheduled calls and do not have any additional information.
- d. I did not participate in the scheduled calls and do not have any additional information regarding whether agendas were prepared. I do not have any records responsive to this request.
- e. I did not participate in the scheduled calls and do not have any additional information or any responsive records.

- 16. For the time period commencing approximately January 9, 2017 to July 31, 2017, please describe the method(s) you or other AGO employees used to communicate with Timmy Teepell and Gail Gitcho (e.g. personal email, state email, personal text, state text, social media apps, self-erasing, self-destructing, or encrypting apps).**

Answer: I communicated via text message, email, or phone conversations. I did not use any other method of communication. I cannot address what methods "other AGO employees used" to communicate with Mr. Teepell or Ms. Gitcho.

- 17. Please provide any personal emails and texts used to communicate with Timmy Teepell and Gail Gitcho during the time of your employment with the AGO.**

Answer: I do not have any records responsive to this request.

- 18. Please indicate if you were instructed to communicate with Timmy Teepell or Gail Gitcho using personal email or personal text.**

Answer: I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.

- 19. Please indicate whether you were aware of AGO policies 8.0 *Computer Use and Electronic Communications Systems* and 9.0 *Electronic Written Communication on Personal Electronic Devices*. (See Exhibit B, pages 8-9). If so, please explain how and when you became aware of this policy.**

Answer: I received the AGO policies when I first was employed by the office and was aware of them from that time forward.

- 20. Please indicate why you communicated with Timmy Teepell, Gail Gitcho, and AGO employees using personal email. (See Exhibit B, page 9)**

Answer: I previously provided detailed information to the Secretary of State's office on January 24, 2019 on this topic and do not have additional information to add.

- 21. On April 26, 2017, at 3:37 p.m. Timmy Teepell sent an email outlining action items for AGO employees to prepare prior to the next set of meetings. (See Exhibit C, page 4)**

- a. Please indicate if Timmy Teepell developed these action items.**
- b. Please indicate if you performed any of the action items listed in the April 26, 2017 email and/or prepared the items for the next meeting. If so, please provide true and accurate copies of all such documents prepared.**
- c. Please explain in detail what each action item listed in the email under "Loree Anne" represented and its purpose to the AGO. (e.g., Inventory Owned and Shared Media Assets, Develop List of Accomplishments).**

Answer: See below.

- a. I do not know who developed the action items.

Appendix G

Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes
Written Answers of Specific Questions Asked of Loree Anne Paradise, Former Deputy Chief of Staff

- b. I am aware that, following the referenced meeting, I hired a press secretary and assisted the constituent services office. Other than the information I provided to the Secretary of State's office on January 24, 2019, I do not have any additional information to add and do not have any responsive documents.
- c. I did not prepare the list. I have previously explained the actions I took following the meeting in my January 24, 2019 response to the Secretary of State's office. I do not know what "Inventory Owned and Shared Media Assets" refers to.

22. Please indicate if Timmy Teepell (OnMessage, Inc.) and Gail Gitcho (First Tuesday) were paid from state funds for providing the services referenced in questions No. 8 and 9 above.

Answer: I do not have any knowledge whether Mr. Teepell or Ms. Gitcho were paid from state funds. Rhonda Meyer served as the Deputy Chief of Staff for fiscal items in the office and handled payment details.

23. From January 2017 to July 2017, campaign records indicate OnMessage was paid \$75,137.65.

- a. Please indicate if this compensation includes the services provided while meeting with AGO staff and referenced in questions No. 6, 7, 8, and 9 above.
- b. If the services referenced in questions No. 8 and No. 9 were provided to AGO staff, please indicate if there was a contract or invoices detailing the work performed. If so, please provide any contracts and/or invoices detailing the services provided.

Answer: See below.

- a. I was not the Chief of Staff for the office during this time period. I have no knowledge of the campaign's efforts or what OnMessage was paid to do for the campaign.
- b. I was not the Chief of Staff for the office during this time period. I have no knowledge of the campaign's efforts or what OnMessage was paid to do for the campaign. I do not have any contracts or invoices detailing the services provided.

24. The OnMessage, Inc. website indicates their purpose is to elect candidates to political office. Gail Gitcho, First Tuesday, has experience as a Communications Director for various political campaigns.

- a. Please explain in detail why Timmy Teepell, OnMessage, Inc. and Gail Gitcho, First Tuesday would be selected by former AG Hawley to provide the services referenced in questions No. 6, 7, 8, and 9 above.

Answer: See below.

- a. I was not involved in the campaign or the decision to hire Mr. Teepell or Ms. Gitcho, so I do not have any knowledge why they were selected by former AG Hawley.

25. For the time period commencing approximately January 9, 2017 to July 2, 2018, please indicate if you used a self-erasing/self-destructing/self-encrypting messaging app to communicate with former AG Hawley or AGO employees (e.g. confide, signal).

- a. If so, please indicate who you contacted.**
- b. If so, please indicate what was discussed in these messages.**

Answer: No. I did not use any self-erasing/self-destructing/self-encrypting messaging app to communicate with anyone during the period from January 2017 through July 2018.

- a. N/A
- b. N/A

26. From January 10 through March 22, 2017, you claimed relocation expenses totaling \$3,142.01. (See Exhibit D). Please set forth the following:

- a. Please indicate if the relocation expenses referenced in Exhibit D were approved prior to incurrence. If so please provide documentation of the prior approval, and state the name of the person who provided the prior approval.**
- b. Please explain how you became aware of obtaining reimbursement for the types of relocation expenses referenced in Exhibit D.**
- c. Please explain why you stayed in a hotel for 3 months and claimed reimbursement of expenses for the time period referenced in Exhibit D.**
- d. Please explain why you claimed 3 months of expenses on March 27, 2017 as referenced in Exhibit D rather than claiming the expenses each month on the "monthly" expense report form.**
- e. Please indicate if you relocated to Missouri. If so, please indicate when you relocated to Missouri and where you lived.**
- f. Please indicate who stayed at the hotel for each of the nights claimed on your expense reimbursement (e.g., yourself, your husband, Scott Paradise, etc.) referenced in Exhibit D.**
- g. Please indicate if you were aware of the Office of Administration's relocation expense policy. (See Exhibit E).**
- h. Please indicate if you were aware that claiming 3 months of hotel stays was not allowed by OA policy (e.g. temporary lodging expense for up to 30 calendar days, 1 month).**
- i. Please explain why the bill for the hotel referenced in Exhibit D was sometimes in your name and sometimes in your husband's name.**
- j. Please indicate if your husband, or his company (Mine Creek Strategies), was working for former AG Hawley's state campaign during the months January, February, and March 2017.**
- k. In reference to Exhibit D, please explain why you sometimes stayed in Columbia when you worked in Jefferson City.**
 - (1) Please indicate if this was approved prior to occurrence and who approved.**
 - (2) Please indicate the location of former Attorney General Hawley's state and federal campaign offices.**
- l. Please indicate if anyone at the AGO questioned your expense reimbursement. If so, please indicate who questioned your expense reimbursement, what concerns were addressed, and how were they resolved.**

Appendix G

Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes
Written Answers of Specific Questions Asked of Loree Anne Paradise, Former Deputy Chief of Staff

Answer: See below.

- a. Yes, My relocation expenses were verbally approved by Rhonda Meyer. It is likely that I discussed the relocation expenses with Evan Rosell and others in the fiscal office, but I do not recall specifically. I do not have any written documentation of prior approval.
- b. Ms. Meyer at the fiscal office explained that the AGO would pay for up to 30 days of relocation expenses. It is possible that others in the fiscal office provided similar information but I do not recall specifically.
- c. I stayed in a hotel for a total of 30 nights as my family explored permanent housing options. I carefully tracked my expenses to ensure that I would not go beyond the 30 nights Ms. Meyer indicated I was allowed.
- d. Ms. Meyer advised that I could wait until my 30 days were complete rather than submitting the forms piecemeal. It is possible that others in the fiscal office provided similar information but I do not recall specifically. I carried the cost of the hotel expenses until the 30 nights were complete and then sought reimbursement.
- e. Yes. I ultimately relocated in September 2017 to [REDACTED]
I continued to stay in a hotel at my own expense after the 30 nights of relocation expenses were exhausted.
- f. I always stayed by myself for each of the nights claimed on my expense reimbursement.
- g. I was not aware of a state policy on relocation expenses prior to receiving this document.
- h. I was not aware of a state policy on relocation expenses prior to receiving this document. I relied on Ms. Meyer's instructions and approval.
- i. As I explained in my January 24, 2019 response to the Secretary of State, my husband and I share a joint credit card and reward programs for various hotels and travel reward programs. I always stayed by myself in the hotel each night for which I sought reimbursement.
- j. I was aware my husband and/or Mine Creek Strategies was working for former AG Hawley's campaign during that period.
- k. Like many state employees, I chose to stay in the area surrounding Jefferson City [REDACTED]
[REDACTED] I did not seek reimbursement for mileage or gas expenses on my commute.
 - (1) Yes. Ms. Meyer approved me for 30 nights of reimbursement and instructed me to utilize the government rate, which I did.
 - (2) I do not know the address of either former AG Hawley's campaign offices.
- l. To the best my recollection, no one in the AGO questioned my expense reimbursements.

27. Please indicate if any AGO employees shared concerns with you that state resources were used for political or personal purposes (e.g. the use of a state vehicle, meeting with Timmy Teepell and Gail Gitcho or other consultants,). If so, please set forth the following:

- a. Please indicate who shared the concern.
- b. Please indicate the details of the concern
- c. Please indicate the approximate date the concern was shared.
- d. Please indicate how the concern was addressed.

Appendix G

Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes Written Answers of Specific Questions Asked of Loree Anne Paradise, Former Deputy Chief of Staff

Answer: I do not recall any AGO employee sharing concerns with me that state resources were being used for political purposes.

- a. N/A
- b. N/A
- c. N/A
- d. N/A

1.0. This Handbook's Guidelines and Policies

The guidelines and policies contained in this handbook are for your information only. Because it is impossible to cover all of the possible issues that may arise, this handbook is not all-inclusive and the Office of the Attorney General ("AGO") may add to, revise, or change these guidelines at any time.

This handbook is not an express or implied contract of employment. No employee of the AGO has the authority to create a verbal or written contract of employment with any employee.

2.0. Your Employment Relationship

Your employment with the AGO is "at-will." This means that either you or the AGO may conclude the employment relationship, at any time, for any reason or no reason at all, with or without notice.

3.0. Confidentiality

Lawyers and staff who work with lawyers are expected to keep communications concerning the legal matters they are working on in strictest confidence. The law classifies these communications as "privileged." That means that normally even a court cannot compel a lawyer to disclose confidential information unless the client agrees. This privilege exists so that all clients will feel free to consult counsel without fear that what they may have said to their lawyer in confidence will ever be used to their disadvantage. The counterpart of this privilege is that the lawyer must not, without permission, disclose to others what has been communicated in confidence.

A violation of this rule is a grave breach of professional ethics that may lead to disciplinary proceedings against the lawyer, and even to disbarment.

The practice of law involves lawyers, but also legal assistants, paralegals, and other staff employees. Lawyers frequently must communicate confidential information to staff. All staff employees are charged with the same duty to keep this information absolutely confidential. Every lawyer's and staff member's responsibility to safeguard the confidentiality of clients' information exists both during and *after* the termination of employment with the AGO (regardless of the reason for termination).

All of the AGO's personnel should avoid any discussion of any substantive work of the AGO with friends or family. Discussion of the AGO's matters should not take place in public areas such as elevators, restaurants, or other places where the discussion can be overheard. Any unauthorized disclosure can adversely affect our clients' interests and be a source of grave embarrassment to the AGO.

Violation of this confidentiality policy may result in disciplinary action up to and including termination.

4.0. Use of the AGO's Name

The AGO, including its letterhead and the name of the Attorney General, should be used only by the AGO's personnel in the performance of services or the conduct of business by or on behalf of the AGO. In personal or other matters not involving the AGO's business, the personal letterhead (not governmental letterhead) of the attorney, staff member, or other individual should be used.

No person other than a licensed attorney should sign a letter on the AGO's stationery unless the title of such person (for example, "Legal Assistant," "Paralegal", "Administrative Assistant," or "Administrative Assistant to _____") is indicated below the employee's signature. This disclosure is important so that the recipient of the letter does not mistakenly believe that the author of the letter is an attorney employed by the AGO.

5.0. Substance Abuse

Use of alcohol or the illegal use of drugs by an employee while performing work on behalf of the AGO may result in disciplinary action, up to and including termination of employment.

6.0. Sexual and Other Harassment

It is the AGO's policy to maintain a working environment free from harassment based upon sex, sexual orientation, race, color, religion, national origin, disability, age or any other characteristic protected by law. Unlawful harassment by any person, regardless of whether he or she is a member of the AGO, an AGO employee, a client, or a vendor representative, is prohibited by this policy.

This policy describes prohibited harassment, its forms, and the procedure for reporting and investigating complaints of harassment.

6.1. Sexual Harassment

Unwelcome sexual advances, unwelcome requests for sexual favors, and other unwelcome verbal or physical conduct of a sexual nature constitute sexual harassment prohibited by this policy when: (a) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (b) submission or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (c) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment on the basis of the employee's sex.

Sexual harassment may include subtle pressure for sexual activity; accusations of sexual preference; demands for sexual favors accompanied by promises or threats related to an individual's employment status. In addition, unwelcome sexual suggestive objects, pictures or written words, sexual jokes, slurs or innuendoes, graphic commentaries or descriptions of sexual conduct, suggestive or insulting sounds, touching, leering, whistling, and obscene gestures, if unwelcome, may constitute forms of sexual harassment prohibited by this policy.

6.2. Other Forms of Prohibited Harassment

Prohibited harassment based on other attributes, such as sexual orientation, gender, race, color, religion, national origin, disability, age or other protected characteristics may include, without limitation, unwelcome jokes, slurs, graphic commentaries, insulting sounds, obscene gestures, demeaning remarks and other conduct that has the purpose or effect of interfering with an individual's work performance or creates an intimidating, hostile, or offensive working environment on the basis of an employee's protected characteristics.

6.3. Procedure for Reporting Sexual or Other Prohibited Harassment

All AGO personnel are responsible for maintaining acceptable standards of personal behavior in the work environment and for helping to ensure that assigned duties can be carried out in an atmosphere free of prohibited harassment.

The following step-by-step reporting, investigation, and corrective procedure for handling incidences of harassment will be used:

Step 1: Any employee with a complaint of any form of harassment prohibited by this policy has a responsibility to immediately report such conduct directly to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

Because the AGO is concerned about this important topic, reporting violations of this policy to members of the AGO's management other than those specifically designated in this policy are not enough – the AGO has designated the two individuals specifically identified within this policy as the appropriate persons to whom violations of this policy should be reported so that the AGO can ensure that complaints are handled consistently with this policy.

Step 2: An investigation will then be conducted.

Step 3: Upon completion of the investigation, and where it is necessary, the AGO will take corrective measures that the AGO determines are appropriate under the circumstances. Corrective measures will be considered on a case by case basis, will depend on the severity of the behavior, and can include anything, including but not limited to counseling, verbal or written warning, suspension without pay, or termination of employment.

6.4. Retaliation is Prohibited

Retaliation against an individual for making a good faith complaint or report of harassment, or providing information regarding harassment, will not be tolerated. Retaliation will result in discipline, up to and including termination. Any employee with any complaint of retaliation has a responsibility under this policy to immediately report such conduct directly to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

6.5. Confidentiality

The AGO will attempt to provide as much confidentiality as possible under the circumstances for all parties involved in any complaint of harassment or discrimination.

6.6. False Complaints of Harassment or Discrimination

False accusations or complaints made in bad faith may result in disciplinary action, up to and including the termination of employment of the person making such false or bad faith allegations.

7.0. Discrimination and Equal Employment Opportunity

It is the AGO's policy to maintain a working environment free from discrimination. Discrimination based on gender, race, color, religion, national origin, disability, age, veteran status, sexual orientation, or other characteristic protected by law is prohibited. This applies to all areas of employment including hiring, training, salary administration, promotion, benefits, discipline, and termination.

The AGO will provide a "disabled" employee with a reasonable accommodation to enable the employee to perform the essential functions of his or her job. An employee seeking a reasonable accommodation for a disability should direct his or her request for an accommodation to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

As with harassment, AGO employees must report incidents of discrimination using the process described above for reporting harassment. The AGO will follow the guidelines set forth in Section 6.3 for investigating and remedying harassment when addressing allegations of discrimination. The guidelines described in Section 6.4, 6.5, and 6.6 also apply to complaints of discrimination made under this policy.

8.0. Computer Use and Electronic Communications Systems

The use of computers, facsimile machines, telephones, electronic mail, and voice mail are part of your everyday tasks. This policy applies to employee use of the AGO's Electronic Communications Systems (referred to here as "Communications Systems") which include, but are not limited to, office-issued telephone, computer, facsimile machine, electronic mail, internet and intranet systems, and voice mail hardware and software.

All Communications Systems and any documents or messages created or contained within the Communications Systems are the property of the AGO and regarded as documents belonging to the AGO. The Communication Systems are to be used primarily for business purposes. Excessive use of the

Communication Systems for personal reasons, or use of the Communication Systems for inappropriate purposes (e.g., illegal conduct, sexual harassment, etc.) is prohibited and may lead to disciplinary action, up to and including termination of employment.

Employees should not expect that any communication created, sent or received on the Communications Systems is private. The AGO reserves the right to monitor, review, access, reproduce or disclose anything created, sent, or received on the Communications Systems, at any time, without notice.

The AGO's Communications Systems' resources may not be used for the transmission or storage of commercial or personal advertisements, solicitations, promotions, destructive programs (viruses and/or self-replicating code), or any other unauthorized or improper use.

9.0 Electronic Written Communication on Personal Electronic Devices

It is the policy of the AGO that all electronic written communication made or received in connection with the transaction of official business be made or received using the AGO's Communications Systems.

You should not use your personal cell phone, Blackberry, laptop, tablet or other portable electronic device, or home computer for AGO business unless you are remotely logged into your official account as part of the AGO's Communications Systems, whether through the AGO's webmail portal (<https://webmail.ago.mo.gov>), its Mobile Iron (or successor) platform, its virtual desktop program, or otherwise.

10.0. Blogging and Social Media

The guidelines in this policy are intended to assist the AGO's employees to make appropriate decisions about work-related blogging and the contents of blogs, personal websites, postings on social media websites (e.g., Facebook, Twitter, etc.), wikis, and other interactive sites, postings on video or picture sharing sites (e.g., YouTube), or in the comments that employees make online on blogs, elsewhere on the public internet, and in responding to comments from posters either publicly or via email. Any of the AGO's

other electronic communications policies (e.g., Computer Use and Electronic Communications Systems) remain in effect and are not modified by this policy.

These guidelines will protect the privacy, confidentiality, and interests of the AGO, our employees, and the constituencies we serve.

10.1. Guidelines for Interactions About the AGO on the Internet

If employees are developing a website, writing a blog, or make comments on social media websites (e.g., Facebook, Twitter, etc.) that will mention the AGO, our employees, or matters likely of interest to the AGO, identify that you are an employee of the AGO and that the views expressed on the blog or website are yours alone and do not represent the views of the AGO.

Unless given written permission by the Attorney General or the Chief of Staff, employees are not authorized to speak on behalf of the AGO, nor to represent that employees are authorized to do so.

Employees should let the Chief of Staff or Deputy Chief of Staff know if they are developing a website or writing a blog that will mention the AGO, our employees, or matters likely of interest to the AGO. The AGO's management may choose to visit those websites from time to time to determine whether employees' comments comply with this policy.

10.2. Confidential Information Component of the Blogging and Social Media Policy

Employees may not share information that is confidential or proprietary about the AGO. This includes information about personnel matters, legal matters that are subject to attorney-client, work product, or other applicable privileges, and any other information that is not subject to public disclosure by the AGO.

These are given as examples only and do not cover the range of what the AGO considers confidential or proprietary. Any questions about whether information has been released publicly or doubts of any kind about whether information may be shared on the internet should be directed to the Chief of Staff or Deputy Chief of Staff before releasing such information.

The AGO's logos, the Attorney General's name, etc. may not be used without explicit permission in writing from the AGO. This is to prevent the appearance that employees' speak for or represent the AGO officially.

10.3. Respect and Privacy Rights Components of the Blogging and Social Media Policy

Speak respectfully about the AGO, our employees, and the constituencies we serve. Employees should not engage in name calling or behavior that will reflect negatively on the reputation of the AGO or its employees. Use of copyrighted materials, unfounded or derogatory statements, harassing or intimidating comments, or misrepresentation about the AGO or our employees is not viewed favorably by the AGO and can result in disciplinary action up to and including the termination of employment with the AGO.

Honor the privacy rights of our current employees by seeking their permission before writing about or displaying internal AGO happenings that might be considered to be a breach of their privacy and confidentiality.

10.4. Legal Liability Component of the Blogging and Social Media Policy

The AGO's employees should recognize that they may be legally liable for anything they write or present online. Employees can be disciplined by the AGO for commentary, content, or images that are defamatory, pornographic, proprietary, harassing, libelous, or that can contribute towards the creation of an unlawful hostile work environment. Employees can also be sued by the AGO, our employees, or other individuals who view employees' online commentary, content, or images as defamatory, pornographic, proprietary, harassing, libelous, or that contributes towards the creation of an unlawful hostile work environment.

10.5. Media Contact Component of the Blogging and Social Media Policy

Employees with questions about the guidelines provided in this policy should contact the Chief of Staff or the Deputy Chief of Staff. An employee's failure to comply with this policy may lead to disciplinary action, up to and including the termination of employment, as well as potential legal action against the employee by the AGO and/or our employees or members of the public.

11.0. Media Communications

If you are contacted by the media, you should immediately refer them to the AGO's Communication Director, Ryan Cross. Reporters may be insistent and encourage you to talk "off-the-record." No AGO employee is authorized to communicate with the media without prior authorization from the Press Secretary about an AGO matter in either an on-the-record or off-the-record situation.

12.0. Attendance

Regular and predictable attendance is an essential function of every job with the AGO. Poor attendance is disruptive. When employees are unable to work as scheduled they should notify their immediate supervisor as soon as possible in advance of the anticipated absence. Poor attendance may result in disciplinary action, up to and including termination.

There is no leave without pay unless approved in advance or as provided under the AGO's Family and Medical Leave Act Policy found in Section 13.0. Where appropriate, the AGO may grant unpaid personal leaves of absence. Any employee who does not come to work and is not on approved leave is taking an unapproved and unexcused absence from work.

Any absence without notification and approval will be considered unexcused. The AGO may take disciplinary action, up to and including terminating employment, for any employee who, in the AGO's judgment, has unacceptable attendance.

12.1. Hazardous Travel Policy

Employees who are delayed or prevented from reporting to work due to inclement weather or who wish to leave work early due to worsening weather or road conditions may account for the absence by one of the following methods with the approval of their supervisors:

- a. charged to an employee's accumulated compensatory time.
- b. charged to an employee's accumulated annual leave.
- c. made up by adjusting work schedule. Make-up work shall be completed within a reasonable period after the absence, and the make-up work shall not count toward compensatory time. Employees should consult their Division Chief about an acceptable schedule to make-up the work. Note: Due to the nature of an individual employee's duties, make-up work may not be an available alternative.

d. charged to leave without pay only if the employee has insufficient accumulated compensatory and/or annual leave and the work schedule cannot be adjusted for the absence to be made up.

13.0. Family and Medical Leave Act Policy

Employees may, depending upon whether they meet defined eligibility and qualifications criteria, be entitled to take up to 12 weeks of unpaid, job-protected leave each year in accordance with the AGO's obligations under the Family and Medical Leave Act ("FMLA"). The AGO applies a "rolling calendar" method for determining an employee's eligibility for leave. The AGO may also require an employee to concurrently use paid time off (such as accrued vacation or sick leave) during any period of leave under designated as leave under the FMLA.

13.1. Basic Leave Entitlement

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- To care for the employee's child after birth, or placement for adoption or foster care ("bonding time");
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee's job.

13.2. Military Family Leave Entitlements

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the Armed Forces, including a

member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

13.3. Benefits and Protections

During FMLA leave, the AGO maintains the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

13.4. Eligibility Requirements

Employees are eligible if they have worked for the AGO for at least one year, for 1,250 hours over the previous 12 months, and if at least 50 employees are employed by the AGO within 75 miles.

13.5. Definition of Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

13.6. Use of Leave

An employee requiring leave for the employee's own serious health condition or the serious health condition of an immediate family member does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Leave for "bonding time" cannot be taken intermittently but must be taken in one block, and must be used within 12 months of the child's birth or adoption/ foster care placement.

13.7. Substitution of Paid Leave for Unpaid Leave

Employees may choose and the AGO may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the AGO's normal paid leave policies.

13.8. Employee Responsibilities

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

13.9. Employer Responsibilities

The AGO will inform employees requesting leave whether they are eligible under FMLA. If they are, the notice will specify any additional information required as well as

the employees' rights and responsibilities. If they are not eligible, the AGO will provide a reason for the ineligibility.

The AGO will inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the AGO determines that the leave is not FMLA-protected, the AGO will notify the employee.

13.10. Unlawful Acts by Employers

FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

13.11. Enforcement

The AGO requests that any employee who believes that the AGO has not complied with the FMLA first bring the employee's concerns to the attention of the Deputy Chief of Staff or the Chief of Staff so that the AGO may first attempt to resolve the matter internally.

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against the AGO if the employee believes that the AGO has not complied with its obligations under the FMLA. The FMLA does not affect any federal or state law prohibiting discrimination, or supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights.

14.0. Dress Code and Professional Appearance

The dress code for Monday through Friday is **Business Dress** attire.

Repeated violation of the dress code policy will result in disciplinary action. Questions regarding the appropriateness of particular clothing should be resolved with the Deputy Chief of Staff or Human Resources Manager prior to wearing the clothing to the office. Employees are expected to use good judgment and common sense when deciding on appropriate attire for the workplace. The AGO expects our personnel to dress

professionally. The AGO has the discretion to advise any employee of the AGO that his or her attire is inappropriate and send that person home to change into appropriate attire, without pay, or to impose more severe discipline, up to and including termination.

The following clothing is never appropriate Business Dress attire:

- jeans of any color
- denim skirts or dresses
- t-shirts
- shorts
- tank tops
- bare midriffs
- halter tops
- hats
- low-cut blouses
- sweat suits or wind suits
- skirts or dresses shorter than 3" above the knee
- lycra or spandex tops or bottoms
- tennis shoes
- hiking boots
- casual mules or crocs
- flip flops
- sandals without a heel or ankle strap

15.0. Personal Telephone Usage

The AGO recognizes that employees must from time to time receive personal telephone calls. However, personal telephone calls should not interfere with normal business routine. To the extent possible it is expected that personal calls, other than emergency calls, will be made during the lunch hour. Business hours should not be used to make personal arrangements concerning outside activities.

16.0. Smoking Policy

Smoking is prohibited inside all buildings exclusively occupied by the State of Missouri regardless of whether the building is owned or leased by the State.

17.0. Political Activities

Political activity must not interfere with the normal work for the AGO and never occur on state time. AGO employees cannot post political signs on AGO property. The AGO's name and its supplies, equipment, or services may not be utilized in political causes and activities. Such action could be viewed as an activity of the AGO and result in possible embarrassment to the AGO or in having the value thereof deemed a financial contribution by the AGO.

EMPLOYEE ACKNOWLEDGEMENT FORM

The Employee Handbook of the Office of the Attorney General for the State of Missouri ("AGO") describes important information and guidelines about my employment with the AGO. I understand that my employment with the AGO is terminable "at will," which means that either the AGO or I may terminate the relationship at any time, for any reason or no reason, at any time with or without notice.

Because the information, policies and benefits described in the handbook are necessarily subject to change, I understand that revisions to the handbook may occur. I understand that no such change will affect my at-will employment relationship with the AGO. I understand that revised policies will supersede, modify, or eliminate existing policies.

I acknowledge and understand that nothing contained in this handbook is a contract of employment, either express or implied. I also understand that no AGO employee has the right or authority to create any type of employment contract, either express or implied.

I also acknowledge I have received the handbook, and I understand that it is my responsibility to read and comply with the policies contained in this handbook and any revisions made to it.

Employee's Signature

Date

Employee's Name (Printed or Typed)

**ACKNOWLEDGMENT OF HARASSMENT AND
DISCRIMINATION POLICIES**

I acknowledge that I have received and read the policies of the Office of the Attorney General for the State of Missouri ("AGO") regarding sexual and other harassment, and discrimination contained in the AGO's Employee Handbook. I understand that the AGO prohibits harassment and discrimination on the basis of sex, race, color, religion, age, disability, national origin, and any other characteristic protected by law.

I understand that I have a responsibility to refrain from engaging in conduct prohibited by the AGO's harassment and discrimination policies.

I understand that if I am subject to conduct that I believe is harassing or discriminatory, I have the responsibility to immediately report such conduct directly to either: (1) Deputy Chief of Staff, Rhonda Meyer (or her successor); or (2) Chief of Staff.

Because the AGO is concerned about this important topic, I understand that reporting violations, incidents of unlawful harassment or discrimination to members of the AGO's management other than those specifically designated in this Acknowledgement is not enough. That is, I understand that I have the responsibility to immediately report unlawful harassing or discriminatory conduct to either of the two individuals specifically identified by the AGO as the appropriate persons to whom incidents of unlawful harassment or discrimination should be reported so that the AGO can ensure that complaints are handled consist with this policy.

I also understand that the AGO's harassment and discrimination policies prohibit retaliation towards an employee who makes a good faith complaint of harassment or discrimination under the AGO's policies.

Hi Gail!

May 18 Josh is traveling within MO. May 20-21 he's traveling to Chicago.

First week of June would be easier (if that's not too late)? He's traveling June 7th to St. Louis but completely free June 5-6. Thoughts?

On Apr 26, 2017, at 4:39 PM, Timmy Teepell <timmy@onmessageinc.com> wrote:

I have to be in Florida for RGA stuff 15-17. What about 18-19? I'm adding gail to see her availability. Otherwise we could do that first week of June.

On Apr 26, 2017, at 3:45 PM, Loree Anne Paradise <loreeparadise@gmail.com> wrote:

Thanks Timmy! We will get this completed and taken care of.

Session ends Friday, May 12. FYI, Josh may be out of town until May 17th. I should have confirmation on that by tomorrow or Friday. The body guy starts May 22nd, but I know Evan is out that week. Josh is out again May 25 through Memorial Day (May 29).

Most likely, the best date would be sometime May 15-17, so I will ping you when I know Josh's travel schedule that week.

On Wed, Apr 26, 2017 at 3:37 PM, Timmy Teepell <timmy@onmessageinc.com> wrote:

I enjoyed spending time with everyone over the last few days. Here are the action items to

Appendix G

Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes Written Answers of Specific Questions Asked of Loree Anne Paradise, Former Deputy Chief of Staff

prepare for the next set of meetings in a couple weeks. Y'all let me know if I'm missing anything.

Evan

1. Find money for Human Trafficking Executive Director
2. Find money for another Constituent Services Rep (in case we need one)

Mike

1. Flesh out options on Opioids.

Rachel

1. Develop Target list of Key Legislators
2. Develop system for tracking Legislative Requests

Loree Anne

1. Find a press secretary.
2. Assess our constituent services and determine what our needs are.
3. Inventory Owned and Shared Media Assets
4. Develop List of Accomplishments
5. Develop Job Description for Press Secretary and body guy.

Daniel

1. Develop target list of Local Officials for intergovernmental affairs
2. Develop target list of coalition groups and stake holders for Opioid and Veteran rollouts.

Our next meeting we will go over these items, but I want to spend the majority of the time brainstorming and fleshing out our Human Trafficking 2.0 plans, Opioid Plan, and Veteran Pro Bono Plan. So be thinking about those items in the coming weeks.

When does session end? I'd like to get a date set so we can get Gail to come too to help brainstorm the Human Trafficking 2.0 plans, Opioid Plan, and Veteran Pro Bono plans.

Timmy

P.S. I don't have Mike and Rachel's emails so can y'all get their stuff to them? Thanks.

Exhibit E

OFFICE OF ADMINISTRATION ADMINISTRATIVE POLICY

POLICY TITLE: Payment of Relocation and Recruitment Expense	AUTHORIZED BY:
POLICY: B-4	PAGE: 1 of 2
ISSUED: August 1, 1984	REVISED: August 1, 1994

I. General Statement

In the course of recruitment and relocation of employees the question of payment of certain expenses may be raised. This is particularly true in higher level and competitive employment areas where such expenses may be a factor in employment negotiations. This policy is established to define the expenses which the Office of Administration may pay and the circumstances under which payment may be offered to a prospective employee or to an existing employee.

II. Guidelines

A. General Guidelines

- 1) A person who is recruited in a professional, supervisory, or management capacity or any existing employee required to relocate by the Office of Administration is eligible for reimbursement under this policy.
- 2) All offers to reimburse recruitment and relocation expenses must be approved in writing by the Division Director and the Commissioner of Administration prior to the offer being made to an employee or perspective employee. Requests will be evaluated on an individual case basis for appropriateness, consistency with past decisions, and the availability of funds.
- 3) Divisions are responsible for the approval of recruitment and relocation expenses that serves the requirement of the state most economical and advantageously in accordance with the State of Missouri Travel Regulations. This includes the method of Travel (airfare, mileage, etc.), meal costs, lodging costs, etc.
- 4) All payments for recruitment and relocation expenses will be on a reimbursement basis unless a written request to direct bill charges is approved by the Commissioner of Administration. The employee or prospective employee must submit appropriate verification when requesting reimbursement which includes original invoices, proof of payment, prior approval letter, and any other documentation required by the Missouri Travel Regulations. All costs must be itemized on the payment request. Existing employees must request reimbursement on a Monthly Expense Report. Prospective employees may request reimbursement using a Monthly Expense Report or by letter.

III. Reimbursement Guidelines

A. Recruitment Expenses Eligible for Reimbursement

OFFICE OF ADMINISTRATION ADMINISTRATIVE POLICY

POLICY TITLE: Payment of Relocation and Recruitment Expense	AUTHORIZED BY:
POLICY: B-4	PAGE: 2 of 2
ISSUED: August 1, 1984	REVISED: August 1, 1994

- 1) A Person who is asked to interview and meets the general guidelines under this policy may be reimbursed the following allowable recruitment expenses:

Allowable relocation expenses shall consist of the following items:

- a) The cost of moving household goods and personal belongings.
- b) Lodging expenses at no more than the single room rate. Lodging invoices should clearly indicate that the single room rate was charged.
- c) Meal charges incurred during recruitment travel. Receipts are not required for meal charges. However, individuals are expected to exercise the same care in incurring expenses as if traveling on personal business.

B. Relocation Expenses Eligible for Reimbursement

- 1) A person meeting the above general guidelines may be reimbursed the cost, up to 10 percent of the employee's annual salary, of relocating at the time of employment, plus temporary lodging for up to thirty calendar days. Temporary lodging is defined as hotel expenses (meals are not included) or temporary apartment rental with utilities.

Allowable relocation expenses shall consist of the following items:

- a) The cost of moving household goods and personal belongings.
- b) The cost of storing household goods and personal belongings for up to one month when it is necessary that they be stored until the move is completed.
- c) The transportation cost (meals are not included) of one round trip by the employee and family to locate a new residence and one one-way trip by the employee and family to make the actual move.

C. Relocation and/or Recruitment Expenses Not Eligible for Reimbursement

- 1) Recruitment and relocation expenses not listed above (real estate fees, payment of fees to employment agencies, first class airfare, etc.) may not be offered to prospective or existing employees.

Appendix H

Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes Written Answers of Specific Questions Asked of Timmy Teepell, Partner of OnMessage, Inc.

The State Auditor's Office requested Timmy Teepell, a Partner of OnMessage, Inc., to provide written answers to specific questions asked on September 5, 2019, and Mr. Teepell provided those written answers on September 30, 2019. Emails, calendars, and testimony indicate that Timmy Teepell attended various meetings with Attorney General's Office (AGO) employees at the Jefferson City office and participated in phone conferences with various AGO employees from January to July 2017. The specific questions, Mr. Teepell's answers, and the related exhibits are noted below.

Please respond to the following questions as fully and as accurately as you can. If you cannot answer a question in full after exercising due diligence to secure the information to do so, please so state and answer to the extent possible, specifying your inability to answer the remainder and stating whatever information or knowledge you have concerning the unanswered portions.

If you have records of any kind that are or may be responsive to a question asked, please describe each such record in detail so that we may properly identify it. You may provide copies of such records in addition to your written response or, if the records are fully responsive to the question, you may provide such records in lieu of a written response (please indicate that you are doing so).

If you believe that you cannot answer any question in whole or in part on the basis of a claim of privilege, please state the ground of the privilege claimed, the general nature of the matter withheld, the date of the origination of the withheld information, the name of the originator, and the names of all persons to whom the withheld information was distributed, shown or explained.

When you are asked about "meetings" in any questions, please include telephone or video conferences, in-person meetings, etc.

Mr. Teepell provided the following response to our request for answers to the questions:

Thank you for giving me the opportunity to address the issues you've outlined. My answers are below. Please note that I am providing these answers in the spirit of cooperation, and not as an acknowledgment of the office's authority to investigate these matters or to require me to provide information for the audit.

1. Please explain how you came to know former Attorney General Hawley?

Answer: We were introduced by a mutual acquaintance.

2. Please state your relationship to the organization known as OnMessage, Inc.

Answer: I am a partner with OnMessage Inc.

3. Please state your relationship to the organization known as First Tuesday.

Answer: The partners of OnMessage Inc. owned a minority stake in First Tuesday.

4. Did you provide any services to any political campaign of former Attorney General Hawley, whether personally or through any organization to which you were associated? If so,

- a. Please identify each campaign of former Attorney General Hawley to which you have provided services and the dates of such services, and the entity through which you rendered such services.**
- b. Please describe the services rendered that you identified in response to 4(a) above.**

Answer: I along with OnMessage Inc., provided consulting, polling and advertising services to Josh Hawley's 2016 primary campaign for Attorney General from July 2015 until Election Day, August 2016, his general election campaign for Attorney General from August 2016 until Election Day, November 2016, his 2018 primary for US Senate upon launch of the Hawley Exploratory Committee in August 2017 until Election Day, August 2018, and his 2018 general campaign for US Senate from August 2018 until Election Day, November of 2018.

5. Please describe any relationship you had with the Missouri Attorney General's Office.

Answer: I provided advice in helping the office function as effectively as possible in serving the people of Missouri and accomplishing the priorities of the Attorney General.

- 6. Did you provide any services to the Missouri Attorney General's Office, whether personally or through any organization to which you were associated? If so,**
 - a. Please identify the dates on which services were rendered to the Missouri Attorney General's Office and the entity through which you rendered such services.**
 - b. Please describe the services rendered that you identified in response to 6(a) above.**

Answer: Neither I, nor OnMessage, Inc. received any compensation from the Attorney General's Office. However, I did provide advice in helping the office function as effectively as possible in serving the people of Missouri and accomplishing the priorities of the Attorney General. My first conversations with Evan Rosell occurred during the transition period prior to the Attorney General's inauguration, and I continued to provide advice until the Summer of 2017 when Josh Hawley began exploring a run for the US Senate.

7. With respect to the services to be provided to the Missouri Attorney General's Office, please state:

- a. Whether there was a written contract, memorandum of understanding, or any other written memorialization of the terms of services to be rendered by you or any organization through which you provided such services. If so, please identify this record and summarize its contents. Alternatively, if such record can be provided, please attach a copy to your responses.**

Answer: To the best of my recollection, there are no such records.

8. To whom did you report at the AGO?

Answer: My primary contact was Evan Rosell.

9. **Did you sign any non-disclosure agreement (NDA) with the AGO? If so, please provide copies of all such non-disclosure agreements. If copies are not available please set forth the following:**
- a. **The specific or approximate date each such NDA was signed.**
 - b. **Please describe the type of information protected from disclosure by each NDA to the extent possible.**

Answer: No

10. **Did you participate in any regularly scheduled meetings (including phone conferences) with AGO staff? If so, please set forth the following:**
- a. **Please state the specific or approximate date of each meeting.**
 - b. **Please describe in detail how you participated in each meeting (e.g., by phone, video conference, in person).**
 - (1) **If you participated in any meeting in-person, please provide the location of the meeting.**
 - c. **Please describe in detail how you were notified of and invited to each meeting (e.g., by calendar invite, email, phone call).**
 - d. **For each meeting, described in your response to this question, please state the following:**
 - (1) **Who invited you to or notified you of each meeting?**
 - (2) **Who attended each meeting?**
 - (3) **Please summarize in detail the discussions that took place at each meeting.**

Answer: I traveled to Missouri 6 times over the course of six months. I participated in meetings in the Attorney General's Office on three separate occasions in January 2017, April 2017, and June 2017. I also traveled to Missouri on three other occasions to attend events involving the press. These included St. Louis in April and June 2017, and Springfield in July 2017. To the best of my recollection, the meetings I participated in also included Evan Rosell, Ryan Cross, Loree Anne Paradise, Rachel Hasani, Daniel Hartman, and Michael Martinich. I do not recall who attended which meetings. To the best of my recollection, I had phone conversations and/or conducted conference calls with Evan Rosell, Ryan Cross, Loree Anne Paradise, Daniel Hartman, and occasionally Michael Martinich. I do not recall who attended which conference calls. The Attorney General participated in the January 2017 meeting I attended, where he laid out the goals he had for his first year in office. He did not participate in the meetings I attended in April and June of 2017. To my recollection, the Attorney General also did not participate in conference calls that I led with AGO staff.

11. **Exhibit A attached hereto is a list of meeting dates and other information about the meetings appearing in the AGO records. For each:**
- a. **Confirm whether each listed meeting occurred and the accuracy of the date. If not accurate, set forth the correct information.**
 - b. **Confirm whether the "Type of Meeting" shown is accurate. If not accurate, set forth the correct information.**
 - c. **Confirm whether the "AGO Employee Notification Method" is accurate. If not accurate, set forth the correct information.**

- d. Confirm whether each listed attendee was in attendance at the meeting. If other attendees were at the meeting who are not listed, please set forth the name of each such attendee.**
- e. Confirm whether the "Purpose of Meeting, If Documented" is accurate. If not accurate, set forth the correct information.**
- f. For each instance in which the word "unknown" appears in the chart, or where no information appears, please supply the correct information.**

Answer: I do not have any specific recollection to contradict the details presented in Exhibit A. I also do not recall enough details to affirm its accuracy.

- 12. Were you working for OnMessage, Inc. at the time of the meetings with AGO staff referenced in question Nos. 10 and 11 above?**

Answer: Yes

- 13. From January 2017 to July 2017, campaign records indicate OnMessage was paid \$75,137.65. Does this compensation include the services provided while meeting with AGO staff and referenced in question No. 10 and 11 above?**

Answer: Yes

- 14. Did the Attorney General's Office pay OnMessage for any of the services provided while meeting with AGO staff and referenced in question No. 10 and 11 above?**

Answer: No

- 15. Have you or OnMessage, Inc. provided services to any other governmental entity similar to the services provided to the Missouri Attorney General's Office. If so, please state:**

- a. The name of the state and department/public office.**
- b. The dates such services were provided.**
- c. A detailed explanation of the services provided to the entities referenced.**

Answer: I served as Chief of Staff to Louisiana Congressman Bobby Jindal in 2005 and 2006, I ran his transition team for Governor in 2007, and served as his Chief of Staff in the Governor's office from 2008 to 2011. In his 2nd term, I provided advice and help to his senior staff as an outside advisor paid by his campaign committee from 2012 until 2015. I have also provided training for Governors and their senior staff on responding to crisis and natural disasters, setting up an official office and navigating transition in sessions with the National Governors Association and the Republican Governor's Association.

- 16. Please describe each method used by you to communicate with AGO employees (for example, AGO employee personal email, state email, personal or state phone, personal or state text message, messaging apps).**

- a. If you communicated with AGO employees by their personal emails, personal texts, or social media apps, please set forth the following:**

Appendix H

Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes
Written Answers of Specific Questions Asked of Timmy Teepell, Partner of OnMessage, Inc.

- (1) The method of communication.**
- (2) Describe in detail the frequency of the communications.**
- (3) A detailed explanation of the content of the messages exchanged.**
- (4) Please provide copies of those communications.**

Answer: To the best of my recollection all substantive communications occurred via email, phone calls, and in person meetings.

17. Have you ever used a self-erasing/self-destructing/self-encrypting messaging application to communicate with former Attorney General Hawley or AGO employees about AGO or State of Missouri business (e.g., Confide, Signal, etc.) from January, 2017 through July, 2017?

- a. If so, please provide a list of the individuals contacted.**
- b. If so, please provide a detailed explanation of the content of the messages exchanged.**

Answer: No

18. On April 26, 2017, at 3:37 p.m. you sent an email outlining action items for AGO employees to prepare prior to the next set of meetings. (See Exhibit B, pages 4 and 5). Please set forth the following:

- a. Who developed the action items?**
- b. Did AGO employees prepare documents outlined in the action items? If so, please provide the documents prepared.**
- c. Please explain in detail what each action item listed in the email represented and its purpose to the AGO. (e.g., Loree Anne-4. Develop List of Accomplishments).**

Answer: These actions items were developed in consultation with Evan and each of the staff members listed. Developing a List of Accomplishments is an important exercise for any organization. In this case, the Attorney General's office serves the people of Missouri, and developing a list of accomplishments is important to maintain the trust and confidence of the people in your effectiveness on their behalf. The other items are self-explanatory, but if you have questions about them I am happy to answer those questions, as well.

Hi Gail!

May 18 Josh is traveling within MO. May 20-21 he's traveling to Chicago.

First week of June would be easier (if that's not too late)? He's traveling June 7th to St. Louis but completely free June 5-6. Thoughts?

I have to be in Florida for RGA stuff 15-17. What about 18-19? I'm adding gail to see her availability. Otherwise we could do that first week of June.

On Apr 26, 2017, at 3:45 PM, Loree Anne Paradise <loreeparadise@gmail.com> wrote:

Thanks Timmy! We will get this completed and taken care of.

Session ends Friday, May 12. FYI, Josh may be out of town until May 17th. I should have confirmation on that by tomorrow or Friday. The body guy starts May 22nd, but I know Evan is out that week. Josh is out again May 25 through Memorial Day (May 29).

Most likely, the best date would be sometime May 15-17, so I will ping you when I know Josh's travel schedule that week.

On Wed, Apr 26, 2017 at 3:37 PM, Timmy Teepell <timmy@onmessageinc.com> wrote:

I enjoyed spending time with everyone over the last few days. Here are the action items to

Office of Attorney General - Review of Whether State Resources Were Used for Political Purposes Written Answers of Specific Questions Asked of Timmy Teepell, Partner of OnMessage, Inc.

prepare for the next set of meetings in a couple weeks. Y'all let me know if I'm missing anything.

Evan

1. Find money for Human Trafficking Executive Director
2. Find money for another Constituent Services Rep (in case we need one)

Mike

1. Flesh out options on Opioids.

Rachel

1. Develop Target list of Key Legislators
2. Develop system for tracking Legislative Requests

Loree Anne

1. Find a press secretary.
2. Assess our constituent services and determine what our needs are.
3. Inventory Owned and Shared Media Assets
4. Develop List of Accomplishments
5. Develop Job Description for Press Secretary and body guy.

Daniel

1. Develop target list of Local Officials for intergovernmental affairs
2. Develop target list of coalition groups and stake holders for Opioid and Veteran rollouts.

Our next meeting we will go over these items, but I want to spend the majority of the time brainstorming and fleshing out our Human Trafficking 2.0 plans, Opioid Plan, and Veteran Pro Bono Plan. So be thinking about those items in the coming weeks.

Appendix H

RECEIVED

FEB 15 2019

STATE AUDITORS OFFICE

ATTORNEY GENERAL OF MISSOURI

ERIC SCHMITT
ATTORNEY GENERAL

JEFFERSON CITY
65102

P.O. Box 899
(573) 751-3321

February 15, 2019

Frank Jung
Missouri Secretary of State's Office
600 West Main Street
Jefferson City, MO 65101

Dear Frank,

Pursuant to your authority under § 115.646 RSMo., we are providing documents responsive to the request made by the Auditor's Office dated February 5, 2019. Although we are unaware of any constitutional or statutory authority that allows the Auditor to request the information sought, other than as part of an end-of-term audit, we are providing said documents under your authority previously referenced and in the spirit of full cooperation.

Sincerely,

A handwritten signature in black ink that reads "Christopher R. Wray".

CHRISTOPHER R. WRAY
Chief of Staff

NICOLE GALLOWAY, CPA
Missouri State Auditor

February 21, 2019

Mr. Christopher R. Wray, Chief of Staff
Missouri Attorney General's Office
Supreme Court Building
207 W. High Street
Jefferson City, MO 65102

Dear Mr. Wray:

I am writing this letter to outline the conflict of interest that prevents the Attorney General's Office from representing the State Auditor's Office in any case related to an audit. Because of this conflict, the State Auditor's Office will not tender any case to your office where the authority of the State Auditor to conduct audits under the performance audit standards is being challenged.

As you are aware, the State Auditor's Office is conducting an audit of the Attorney General's Office. Our office has two audit teams—one for the Attorney General's Office closeout and one for the allegations of potential use of state resources for political purposes. During our meeting on February 14, 2019, you stated that the Auditor's Office didn't have the authority to request the information contained in the letter dated February 4, 2019 as a part of a performance audit, and that the State Auditor has no authority to conduct performance audits of the Attorney General outside of closeout audits. Further, you stated that you were making this assertion as the attorney for the Auditor's Office and that it was your legal advice that the audit be conducted as a single closeout audit. You gave legal advice about, and subsequently attempted to direct, a pending audit of the Attorney General's Office.

You seem to be unaware that any closeout audit is also conducted under the performance audit standards. While the audit teams have determined that they should entrance with the Attorney General's Office under a single governance letter, the auditors review evidence to determine the facts and do not presume facts before they have obtained sufficient evidence. Planning is a continuous part of the audit process, and auditors may need to adjust the objectives, scope, and methodology as work is being completed, including separating the inquiries into two audits or multiple reports. Furthermore, this office cannot assure you what will and will not be in a final report or reports.

During our meeting, I questioned whether the Attorney General's Office can represent the State Auditor's Office given your office's opinion that the State Auditor's Office is not authorized to request information contained in the letter dated February 4, 2019 as part of a performance audit. This creates an irreconcilable conflict that renders it impossible for the Attorney General's Office to serve as the attorney for the State Auditor's Office in any cases related to our office's audit functions, and especially in any case where the authority of the State Auditor's Office to conduct performance audits is being challenged.

This conflict was further demonstrated in your response to information requested by our audit team in a letter dated February 15, 2019. In that letter, to another statewide official, you again challenged the authority of the State Auditor to obtain information related to the audit. The Attorney General's Office explicitly stated that it was "unaware of any constitutional or statutory authority that allows the Auditor to request the information sought." The "information sought" included very basic records such as calendar events, conference room meeting bookings with attendees, timesheets, leave records, expense accounts, dates of employment, financial disclosure forms, contracts with consultants, and personnel policies and procedures. I have attached a copy of this letter. This letter is on page 410

These documents are requested regularly in audits by this office. In the letter, you suggested that the only authority this office would have to request this information is "as a part of an end-of-term audit." By law, however, the State Auditor has the authority to audit state offices on her initiative and as often as she deems necessary.

Further, under Rule 4-1.6, an attorney representing a client "shall not reveal information relating to the representation of a client unless the client gives informed consent, the disclosure is impliedly authorized in order to carry out the representation," or unless the disclosure is otherwise authorized by the rule. As stated in the comments to Rule 4-1.6, "A fundamental principle in the client-lawyer relationship is that, in the absence of the client's informed consent, the lawyer must not reveal information relating to the representation."

I am aware of no authority for you to release information related to your alleged representation of this office. The fact that you, in communication with another client, actively took a position contrary to the State Auditor's Office on an issue between our offices that we were attempting to resolve calls into question whether the Attorney General's Office can represent the State Auditor's Office in any matter related to the Auditor's authority.

In the February 14 meeting, we also discussed the *Clay County Commission v. State Auditor* case that is currently pending in Cole County. You acknowledged that this office had not yet tendered the case and asked that this office do so. Given the conflict as to the Auditor's authority, this case will not be tendered to your office.

Given the irreconcilable conflict created by your: (1) taking a position against the authority of the State Auditor's Office; (2) attempting to give legal advice and direct the audit of the Attorney General's Office; and (3) communicating your position against the authority of this office to a third-party, the Attorney General's Office cannot serve as attorney for this office in any case related to its core audit function.

Sincerely,

Michael A. Moorefield
Chief of Staff and Counsel

Enclosure

ATTORNEY GENERAL OF MISSOURI

ERIC SCHMITT
ATTORNEY GENERAL

JEFFERSON CITY

February 21, 2019

Mr. Michael Moorefield, Esq.
Missouri State Auditor's Office
State Capitol, Room 121
Jefferson City, MO 65102

Dear Mr. Moorefield,

In your February 21, 2019, letter to this Office, you expressed your belief that a disqualifying conflict exists that should prevent the Attorney General's Office from representing the State Auditor's Office "in any case related to an audit." On this basis, you declared the Auditor's sweeping refusal to tender any case to this Office "where the authority of the State Auditor to conduct audits under performance audit standards is being challenged." For the reasons discussed below, not even the appearance of a conflict exists with respect to the Attorney General's representation of the Auditor in any legal matter.

When we shared our view that the Auditor's attempt to conduct a separate performance audit of the Attorney General's Office surpassed her authority we did so as your office's auditee, not as its attorney. As is clear at this point, the Auditor's Office does not consider itself a client of the Attorney General's Office and has not tendered any relevant matter for representation. For this reason, the Attorney General's Office does not currently consider the Auditor's Office a client agency.

Myriad incorrect statements within your letter deserve attention, but we will focus on three of the more egregious: (1) At no point did we attempt to direct any pending audit; (2) We did not share legal advice with you within an attorney-client relationship; and, (3) We did not declare the Auditor's Office generally unable to conduct performance audits. We merely pointed out that Section 29.005(6), RSMo., outlines when the Auditor may conduct a separate performance audit, and then asked you to cite the provision upon which you were relying in this instance. Unable or unwilling at the time to answer our question, you repeatedly rested on a blanket

assertion of the Auditor's general audit authority. The Auditor's decision yesterday, acknowledged in your letter today, to abandon the separate performance audit of the Attorney General's Office validates the concern we shared as your auditee.

Neither our pointing out that the Auditor's now-rescinded performance audit upon this Office, in this instance, lacked statutory or constitutional authority, nor our explanation of why your continued representation of the state's interests in court proceedings is similarly unconstitutional (the validity of which you tacitly acknowledge by not challenging our reasoning), make it impossible or untenable for the Attorney General to deliver good faith arguments on the Auditor's behalf in any matter.

Likewise, our accurate statement of law to the Secretary of State relating to our position as your prospective auditee creates no disqualifying conflict. That statement was made as the focus of audit proceedings, and we provided you with a copy of the letter to the Secretary of State. Finally, our informing the Secretary of State of our concerns regarding your office's constitutional or statutory authority for its attempted actions in this instance in no way relates to any potential representation of your office by ours. After expressing this concern, we fully disclosed the requested documents to the Secretary of State pursuant to his authority under Section 115.646, RSMo., "and in the spirit of full cooperation." For these reasons, your suggestion that our communication with the Secretary of State somehow violated Rule 4-1.6 is wholly without merit.

As no general or specific conflict exists, please be reminded that if the Auditor's Office continues to represent itself in the lawsuit brought against it by the Clay County Commission, it will do so beyond the coverage of the Legal Expense Fund, for the reasons cited in our letter of February 8, 2019.

Your signature line now reflects that in addition to serving as the Auditor's Chief of Staff you are also your office's Counsel. As lawyers, we owe it to our profession, our colleagues, and the public generally to be cautious and measured in all of our statements, including those about other lawyers. As your professional colleagues, we encourage you to avoid leveling false and frivolous allegations against others, and to make sure to read and fully understand statutes, court rules, and rules of professional conduct before inaccurately citing them. Finally, such allegations – and similar behavior by you and your office – call into question whether your office maintains independence in appearance and independence in mind pursuant to the AICPA Code of Professional Conduct, *Government Auditing Standards*, and other professional rules governing audits.

This Office strives to work with the Auditor and her staff cooperatively, and even collaboratively. We raised good-faith, well-founded concerns regarding your

office's conduct and authority, which were validated by your office's subsequent actions.

Sincerely,

Terry J. Brady
General Counsel

Re: Audit of the Attorney General's Office

Dear Mr. Brady and Mr. Hensley:

I am writing this letter to request your assistance with interviews the audit team intends to conduct related to the audit of your office.

As a part of your office, the State Auditor's Office intends to interview the following people on the record:

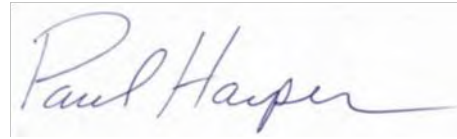

<u>Name</u>	<u>Job Title</u>	<u>Date of Service</u>
Loree Anne Paradise	Deputy Chief of Staff	1/9/17-7/2/18
Daniel Hartman	Special Counsel and Director of Legislation, Chief of Staff	1/9/17-1/2/19
Elizabeth Johnson	Executive Secretary, Press Secretary	2/14/17-1/25/19
Brad Johnson	Special Assistant	6/17-9/17
Ryan Cross	Director of Communications	1/9/17-2/28/17
Timmy Teepell	Consultant	
Gail Gitcho	Consultant	

We have been having difficulty setting up interviews or obtaining contact information for these individuals. We have left four messages with Timmy Teepell, four with Loree Anne Paradise, and one with Ryan Cross. We have discussed the matter with Daniel Hartman and Loree Anne Paradise's attorney, but have not yet set a date for the interviews. We have also left

three messages with Senator Hawley's attorney, David Thompson, regarding obtaining contact information.

Your assistance would be appreciated in setting up these on-the-record interviews.

Sincerely,

A handwritten signature in blue ink that reads "Paul Harper". The signature is written in a cursive style with a long, sweeping underline.

Paul Harper
General Counsel
Office of the Missouri State Auditor
P.O. Box 869
Jefferson City, MO 65102

Dear Mr. Harper,

We have for acknowledgment your letter dated June 27. We are prepared to assist you and/or be cooperative in any reasonable manner. However, none of these individuals are employed by the Attorney General's Office, some never were. Thus, we have no control over them. Most, if not all, of these individuals have personal attorneys.

Your letter does not specify as to what assistance you are requesting, but we are prepared to forward any communication to the attorneys if that would be helpful once we know who they are.

Sincerely,

A handwritten signature in dark ink, appearing to read "Terry J. Brady", is written over the typed name.

Subject: Audit Interviews

Follow Up Flag: Follow up
Flag Status: Completed

Paul,

This is in follow-up to the correspondence you and Terry Brady exchanged regarding interviews the Auditor's Office intends to conduct, including of former employees of the Attorney General's Office.

Our Office's position is that you cannot interview any former employee of our office without our Office present. As the holder of the attorney-client privilege, our Office has the authority to object to any inquiry that may implicate the privilege. Under Missouri law, the Auditor lacks authority to review attorney-client privileged materials or attorney work product in course of an audit of the Attorney General's Office or a similar state agency. Our Office concluded that the Auditor lacks this authority in Missouri Attorney General Opinion 74-87, p. 15, which states in relevant part: "[I]n situations wherein the attorney-client privilege or the work product privilege is properly assertable ... the State Auditor is not entitled to access the litigation records when the Department properly asserts either privilege." Mo. A.G. Op. 74-87 (Oct. 5, 1987) (underlines in original). Notably, this AG Opinion indicates that the state agency might waive its privilege with respect to attorney-client privilege and/or attorney work product materials if it did not timely assert those privileges with respect to the Auditor, and thus risk their disclosure in response to "adversarial attempts to obtain that information from the Office of the State Auditor" by third parties. *Id.*

This conclusion is consistent with Missouri statutes that specify the powers of the Auditor, which indicate that the Auditor may not force state agencies to divulge attorney-client privilege and attorney work product in the course of an audit. Chapter 29, which sets forth the powers of the Auditor, provides: "Nothing in this chapter shall be construed to infringe upon or deprive the legislative, executive, or judicial branches of state government of any rights, powers, or duties vested in or imposed upon them by statute or the constitution of this state." 29.200.14, RSMo. The right to assert attorney-client privilege and attorney work product is codified by statute in Missouri. *See* § 491.060(3), RSMo. Thus, it constitutes a "right ... imposed ... by statute." § 29.200.14, RSMo. The attorney-client privilege is also deeply rooted in constitutional concerns related to due process, as many courts have observed, so the privilege likely also qualifies as a "right ... imposed ... by the constitution of this state" as well. *Id.*

The Missouri appellate courts have not directly addressed this issue, but the conclusion of our AG Opinion 74-87 is also supported by persuasive authority. In *Louisiana Department of Insurance ex rel. Donelon v. Theriot*, 64 So.3d 854 (La. App. 2011), interpreting a similar statutory scheme, the Louisiana Court of Appeals held that "an auditee's duty to provide information to the Auditor in connection with an audit is restricted by evidentiary privileges, whether legislatively enacted or jurisprudentially created," and that this privilege against the Auditor extends specifically to "documents protected by the attorney-client and deliberative process privileges." *Id.* at 863.

As former employees of our Office, we also represent these employees when they are asked questions relating to their employment by our Office.

I will be our Office's representative in any interviews of our former employees. Please have your office coordinate with me before scheduling any interviews.

Thank you,

Justin

JUL 17 2019

STATE AUDITORS OFFICE

Joel Anderson
Chief Litigation Counsel
Office of the Missouri State Auditor
P.O. Box 869
Jefferson City, MO 65102

Dear Mr. Anderson:

Last week, your office conducted interviews of two former Attorney General's Office employees. Thank you for confirming to my colleague in attendance, Justin Smith, that our Office would receive transcripts of those interviews.

We understand that you seek to schedule at least one more former employee interview, and we appreciate you working with Justin to ensure that he is available to attend. We request that you confirm that, other than the two interviews last week and any interview(s) in which our Office may participate in the future, your Office has had and will have no other communications with former employees of the Attorney General's Office regarding the subject matter of your audit that have not been disclosed to us.

Sincerely,

A handwritten signature in cursive script, reading "Terry J. Brady", is written over a horizontal line.

Missouri State Auditor

July 25, 2019

Terry J. Brady
Office of the Attorney General
Supreme Court Building
207 W. High St.
P.O. Box 899
Jefferson City, MO 65102

Dear Mr. Brady:

I am in receipt of your correspondence of July 16, 2019, and Justin Smith's correspondence of July 3, 2019, on which you were copied. Together, these letters that express opinions of your office do not seem to help advance our audit to a conclusion.

First, we are very respectful of matters that may involve attorney-client privileged communications and it is not our intention to breach that privilege.

As you know, we have been conducting interviews of former employees of the Attorney General's Office that worked under then Attorney General Hawley. Those interviewees who worked directly under then Attorney General Hawley have been cooperating with the audit and have appeared for their interviews without the need for a subpoena. We would like to finish these interviews in that same vein.

In the spirit of cooperation, this office has, as a courtesy, accommodated your request and permitted an attorney from your office to be present when we conducted interviews in furtherance of our constitutional and statutory duties to audit the Attorney General's Office. Those individuals who have had a personal attorney are permitted to be accompanied by their attorney. As this office stated it would, we have asked the individuals, or their attorney if represented, if they consent to having an attorney from your office present, and to-date such consent has been granted. We intend to continue to do so with those we are contacting for these on the record interviews.

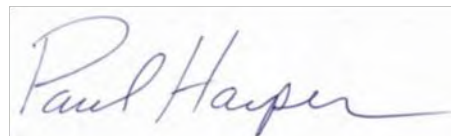

I am concerned about the blanket assertion that your office "represents" all former employees of the Attorney General's Office "when they are asked questions relating to their employment by [the Attorney General's Office]" such that an attorney from your office must be present. We need to understand, clearly, who you represent and how that representation applies to your duties as the auditee.

We will continue to work with the Attorney General's Office to bring this audit to a conclusion and we are fully willing to notify you of those we intend to interview so long as the witnesses themselves do not object. If a potential interviewee informs us that they are represented by any attorney, including the Attorney General's Office, we will act according to the rules of ethics.

As I addressed to you in my letter dated June 27, 2019, we continue to have trouble setting up interviews with Lorree Anne Paradise, and the out-of-state consultants, Timmy Teeple and Gail Gitcho. As the auditee, will you assist us in contacting these individuals to schedule interviews?

We look forward to working with you to bring this matter to a close.

Sincerely,

A handwritten signature in blue ink that reads "Paul Harper". The signature is fluid and cursive, with the first name "Paul" and last name "Harper" clearly distinguishable.

Paul Harper
General Counsel

PH/dd

ATTORNEY GENERAL OF MISSOURI

ERIC SCHMITT

August 5, 2019

Paul Harper
General Counsel
Office of the Missouri State Auditor
P.O. Box 869
Jefferson City, Missouri 65102

Dear Mr. Harper,

This is in response to your July 25, 2019 letter.

The Attorney General's Office has fully cooperated with the State Auditor's Office during this close-out audit. We have responded to every request submitted by the State Auditor's Office openly and in good faith, produced hundreds of thousands of pages of documents requested by the State Auditor's Office, and continue to fulfill each and every one of your inquiries to the best of our ability. While the State Auditor's Office has conducted a seemingly endless review, we have remained steadfast in our commitment to transparently seeing this process to its completion.

Your July 25, 2019 letter concerns us. In this letter, the State Auditor's Office does not commit to allowing our Office to be present at every interview of former employees of the Attorney General's Office. The State Auditor's Office does not even commit to notifying us of who it is interviewing. We are troubled by the State Auditor's Office position on these issues.

Our position has been clear and unrefuted. On July 3, 2019, we provided the State Auditor's Office with extensive legal authority prohibiting it from interviewing any former employee of the Attorney General's Office without our Office present. The State Auditor's Office has not disputed this legal authority. Our presence is a requirement, not a courtesy to be granted by the State Auditor's Office or a witness.

Ethical rules also require our Office to be present for all interviews. Missouri's Rules of Professional Conduct prohibit attempts to obtain privileged information from former employees. In a comment to Rule 4-4.2, the Rules of Professional Conduct

provide, “In communicating with a current or former constituent of an organization, a lawyer must not use methods of obtaining evidence that violate the legal rights of the organization. See Rule 4-4.4.” Rule 4-4.2, Comment 7. Rule 4-4.4(a), in turn, states, “In representing a client, a lawyer shall not use means that have no substantial purpose other than to embarrass, delay, or burden a third person or use methods of obtaining evidence that violate the legal rights of such a person.” Covered rights of third persons “include legal restrictions on methods of obtaining evidence from third persons and unwarranted intrusions into privileged relationships, such as the client-lawyer relationship.” Rule 4-4.2, Comment 1 (emphasis added). In accordance with these ethical duties, the State Auditor’s Office cannot question witnesses about privileged matters without our Office present.

Our Office’s transparency in this audit unfortunately has not been reciprocated. On June 27, 2019, the State Auditor’s Office notified us, “As a part of your office, the State Auditor’s Office intends to interview the following [seven] people on the record:” Loree Anne Paradise; Daniel Hartman; Elizabeth Johnson; Brad Johnson; Ryan Cross; Timmy Teepell; and Gail Gitcho. The State Auditor’s Office reported it was “having difficulty setting up interviews or obtaining contact information for these individuals.”¹

When our Office reached out less than one week later to designate a representative to participate in any former employee interviews and to ask to coordinate on scheduling, the State Auditor’s Office told us that interviews of unnamed individuals already had been scheduled “for some time already,” and that two interviews were scheduled for the following week. The State Auditor’s Office never notified us that former chief of staff Evan Rosell or former general counsel Michael Martinich-Sauter would be interviewed, which they were on July 8 and July 11, 2019, respectively. Indeed, neither name appeared on the June 27, 2019 list of individuals “the State Auditor’s Office intends to interview.”

On July 10, 2019, the State Auditor’s Office contacted us about an interview of Daniel Hartman and another unnamed interviewee. Because of a conflict for our Office’s representative, the State Auditor’s Office verbally agreed on July 11, 2019 to delay both interviews. We have not heard about either interview since, nor has the State Auditor’s Office ever told us the name of the other interviewee.

The July 25, 2019 letter reports that the State Auditor’s Office “continue[s] to have trouble setting up interviews” with just three individuals: Ms. Paradise; Mr. Teeple; and Ms. Gitcho. We have received no information about interviews of Ms.

¹ We responded to your request for assistance in reaching these individuals with a general willingness to aid your efforts, though you made no specific request for action. We remain willing to assist and will consider any specific action request.

Johnson, Mr. Johnson, or Mr. Cross, nor have we received any further information about Mr. Hartman's interview.

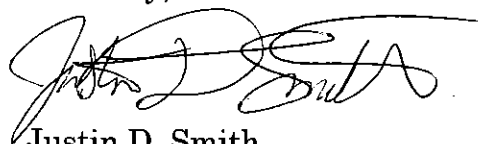

In summary, the State Auditor's Office never notified us about the interviews of Mr. Rosell or Mr. Martinich-Sauter. The State Auditor's Office is no longer asking for assistance with contacting Ms. Johnson, Mr. Johnson, Mr. Cross, or Mr. Hartman, but has not notified us of any interviews. And the State Auditor's Office has expressed it will withhold witness information from us upon request.

Because of your Office's lack of transparency on witness interviews, please provide us with answers to the following questions relating to the close-out audit of the Attorney General's Office.

1. Have you interviewed or obtained information from any individuals other than Evan Rosell and Michael Martinich-Sauter?
2. Have you scheduled interviews with Elizabeth Johnson, Brad Johnson, Ryan Cross, Daniel Hartman, or anyone else?
3. Do you plan to interview or rely on information from any individual not identified in your June 27, 2019 letter?

I look forward to your response.

Sincerely,

A handwritten signature in black ink, appearing to read "Justin D. Smith", written in a cursive style.

Justin D. Smith
Deputy Attorney General
for Special Litigation

NICOLE GALLOWAY, CPA
Missouri State Auditor

August 9, 2019

Terry J. Brady
Office of the Attorney General
Supreme Court Building
207 W. High St.
P.O. Box 899
Jefferson City, MO 65102

Dear Mr. Brady:

I am writing in response to the letter sent by Justin Smith on August 5, 2019, which was a response to my letter to you dated July 25, 2019.

While those associated with the former Hawley administration have been forthcoming and cooperative, your office began this audit by challenging the authority of the Auditor's Office to conduct audits and now challenges the authority of the office to obtain relevant, valid, and reliable evidence related to the audit objectives. An audit is not, and should not be, an adversarial process. Our auditors remain focused on the audit objectives and are not requesting privileged information.

As discussed in the letter from Michael Moorefield to Christopher Wray on February 21, 2019, it is not appropriate for an auditee to direct a pending audit. An auditee's attempt to direct an audit violates the independence of the audit. The requirement of independence is precisely what the public relies on in entrusting the State Auditor with the tools to shine a light on the use, or misuse, of public resources by its government.

Among the tools provided to the State Auditor is the right to examine evidence, including questioning people, in connection with an audit. This ensures that the State Auditor can produce an audit report that is based on objective facts supported by appropriate evidence. The desire of an auditee to scrutinize the ongoing work of an auditor is not uncommon, including the desire to be in every meeting related to the audit. But no auditee is *entitled* to be present for interviews, nor are they *entitled* to a report on who the auditors have interviewed.

In spite of this, an auditee's desire to be present for interviews may be accommodated by this office unless there is an audit reason not to do so. One of many such reasons is the law itself. A person who, for example, wants to report government corruption to the State Auditor may do

so anonymously.¹ And that law also protects current and former employees of the Attorney General's Office.

Your attempt to leverage our attorneys' ethical obligations to improperly demand that you be in all witness interviews is troubling. Although, you do not seem to touch on any concern with specific attorneys in this office, I do want to address the ethics of those attorneys. The attorneys that work for the State Auditor are well aware of their ethical obligations to their client and others under the Rules of Professional Conduct. Our attorneys have not violated those ethical obligations.²

Your letter states that the ethical rules our attorneys follow require your office to: (1) be present at all interviews conducted by audit staff; (2) have access to a list of all people audit staff have interviewed; and (3) receive a list of all future individuals to interview for the Attorney General's approval.

Your interpretation of these rules is simply incorrect. Auditors are not attorneys and audits are not exercises in litigation.

Furthermore, were your interpretation to apply, it would have far-reaching consequences. Some individuals may be intimidated by having a current or former employer present in the room when they provide information on conduct of that employer that may violate law or policy—whether or not such fears are well-founded. The threat of retaliation by a government official is significant enough that there are specific legal protections afforded to those who come forward. Accommodation of such persons is reflected in numerous sections of law that prohibit interference with an audit, protect reporters of government malfeasance by allowing them to remain anonymous, prohibit interference with persons wanting to communicate government wrongdoing to certain officials, and require that audits maintain independence.³ Claiming that a government's attorney represents everyone who has ever worked for that government entity, and then using that alleged representation to influence an audit, would defeat all of these laws in one fell swoop.

¹ Section 29.221.1, RSMo, provides, "Individuals who make a report under this section may choose to remain anonymous until the individual affirmatively consents to having the individual's identity disclosed."

² In your letter dated July 1, 2019, you stated that most of those to be interviewed on the record are not employed by the Attorney General's Office, you have no control over them, and that they have their own personal attorneys. Comment 7 to Rule 4.4., specifically provides, "Consent of the organization's lawyer is not required for communication with a former constituent." Comment 7 further states, "If a constituent of the organization is represented in the matter by his or her own counsel, the consent by that counsel to a communication will be sufficient for purposes of this Rule 4-4.2." Therefore, under the rules, for those that are represented by another attorney, our attorneys discussing these matters with the personal attorney are under no ethical obligation to obtain your consent to talk to the former employee represented by private counsel. Nonetheless, at your request, our attorneys have informed you of the communication and the transcribed interviews after their private attorneys consented.

³ See, e.g., Section 29.221, RSMo (providing anonymity for whistleblowers to the State Auditor's Office); Section 29.250, RSMo (providing that interfering with an audit is a class A misdemeanor); Section 105.055, RSMo (providing remedies for employees for employment actions taken against an employee that discusses the operations of a public employer with the Auditor's Office); Section 105.058, RSMo (prohibiting state agencies from prohibiting employees from talking to the State Auditor).

As to the transcribed interviews taken under oath being conducted by this office, you have been informed of every interview and the person being interviewed or their attorney has consented to you being present in the interview. As you noted in your letter, this office has been in contact with your office and voluntarily delayed transcribed interviews, and ultimately the conclusion of the audit, so that Justin Smith could be present.

If there is someone you represent, or someone you believe represents you, identify that person by name. Communicate with your clients to inform us that they are represented and desire an attorney present with them during interviews. As of this date:

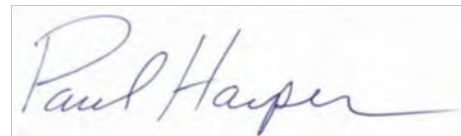

- 1) Not a single person has informed us that they are represented by the Missouri Attorney General's Office;⁴
- 2) You have not informed us that you represent any specific former employee; and
- 3) During the two transcribed interviews conducted by our audit staff, the Attorney General's Office did not once announce its appearance on behalf of the individual.

This office will continue to work with your office to ensure your attendance at interviews as long as the individuals themselves do not object. These are courtesies. If we are informed that a specific person is represented, our attorneys will act according to the Rules of Professional Conduct.

It is now time to try to schedule the last remaining transcribed interviews. Our office will be working on scheduling a transcribed interview with Daniel Hartman soon.

As stated, we have had cooperation from former Attorney General Hawley's staff. I hope that we can have the same cooperation from you. To that end, I again ask that you assist in setting up interviews with Lorree Anne Paradise, Timmy Teeple, and Gail Gitcho so that this audit can come to a close.

Sincerely,

A handwritten signature in blue ink that reads "Paul Harper". The signature is fluid and cursive, with the first name "Paul" and last name "Harper" clearly distinguishable.

Paul Harper
General Counsel

PH/dd

⁴ As noted above, former employees have informed us that they are represented by a private attorney, but none stated that they are represented by your office.

ATTORNEY GENERAL OF MISSOURI

ERIC SCHMITT

August 21, 2019

Paul Harper
General Counsel
Office of the Missouri State Auditor
P.O. Box 869
Jefferson City, Missouri 65102

Dear Mr. Harper,

In its August 9, 2019 letter, the State Auditor's Office severely mischaracterizes the actions and positions of the Attorney General's Office. The Attorney General's Office has fully cooperated with every request in this close-out audit. The Attorney General's Office has never attempted to direct this audit. Any assertion to the contrary is simply incorrect.

We agree that this should not be an adversarial process. The State Auditor's Office is needlessly creating conflict, however, by conducting a fishing expedition that appears driven by political motivations. We also agree that audits are not exercises in litigation. Yet the State Auditor's Office insists on depositions of former employees.

The State Auditor's Office incorrectly claims that it is not requesting privileged information. In both former employee depositions to date, the State Auditor's Office attempted to inquire about privileged advice. We understand that attorneys in the State Auditor's Office have prepared questions asked by auditors during this audit. The State Auditor's Office cannot evade the ethical rules or exclude the Attorney General's Office from a process that repeatedly has sought privileged information.

We are concerned by the State Auditor's Office's refusal to be transparent during this close-out audit. We maintain our simple request for the State Auditor's Office to identify which current or former employees it interviewed without our presence. We reserve our right to claw back any privileged information the State Auditor's Office improperly obtained and to take any other action that may be necessary as a result.

Supreme Court Building
207 W. High Street
P.O. Box 899
Jefferson City, MO 65102
Phone: (573) 751-3321
Fax: (573) 751-0774
www.ago.mo.gov

Finally, the State Auditor's Office has asked yet again for assistance in setting up interviews with three individuals. As we have said on each previous occasion, we remain willing to assist and await a specific action request.

Sincerely,

A handwritten signature in blue ink, appearing to read "Justin D. Smith", with a stylized flourish extending to the right.

Justin D. Smith
Deputy Attorney General
for Special Litigation

NICOLE GALLOWAY, CPA
Missouri State Auditor

August 9, 2019

Letter was sent on August 30, 2019

Terry J. Brady
Office of the Attorney General
Supreme Court Building
207 W. High St.
P.O. Box 899
Jefferson City, MO 65102

Dear Mr. Brady:

Your office's letter dated August 21, 2019, shows a lack of understanding of the audit process. It may be that you and your associate were not involved or sufficiently engaged in the early meetings that preceded the audit where we explained the process and answered questions.

This office performs close-out audits of statewide elected officials when the office changes hands. These audits are normal and routine. Additionally, on November 2, 2018, allegations were made to the Secretary of State that public funds were used for political purposes. On December 10, 2018, the Secretary of State asked our office to investigate whether state funds were used for improper purposes in part because the Secretary lacked the tools necessary to compel full cooperation. This office has a number of tools to ensure that any audit findings are based on sufficient and appropriate evidence. We would like to finish this audit using the tools granted to this office and put this matter to rest without reservation or suggestion that there were matters that could not be addressed because of roadblocks from the Attorney General Schmitt administration.

You seem to be most alarmed that we are taking transcribed testimony of witnesses under oath, repeatedly alleging that there must be some attempt to invade the attorney-client privilege. You also reassert your claim that you are entitled to be present for all interviews.

As specified in Section 29.235, RSMo, this office is authorized to take testimony under oath during the course of an audit. This is one of the tools we have to conduct our audits. We are also required to follow auditing standards as prescribed by the federal government, presented in *Government Accounting Standards* published by the comptroller general of the United States--the "Yellow Book". Section 29.005 RSMo. Paragraph 6.62 of that publication specifically provides that, "[t]estimonial evidence may be useful in interpreting or corroborating documentary or physical evidence."

As you are aware, attorneys from this office assist auditors when they take testimony under oath. One of the purposes of that assistance in this audit is to safeguard attorney-client privileged communications. And without quoting the transcripts at length, each witness was told explicitly that we do not intend to venture into that territory. Further, your office has been involved in each transcribed interview, and has had the opportunity to make objections and discuss when you believe the questions may be moving toward privileged information.

With regard to your insistence on being present in all interviews and to be given a list of anyone interviewed, Missouri law does not permit us to accommodate this request. That public employees and others are permitted to make reports to this office without interference from an auditee is a matter of explicitly established Missouri law. The statutes that I referenced in my prior letter to you ***not only permit but mandate*** that those who want to report to this office can do so anonymously until they affirmatively consent to having their identity disclosed and without fear of retaliation by the entity under audit. To require both the disclosure of the individual and the presence of the government entity's attorney at all interviews conducted by auditors from this office would have a chilling effect on the ability of public employees and others to come forward and report improper government activities. None of the assertions in your letters have provided any legal support for the proposition that the Attorney General's Office is exempt from these important protections for whistleblowers and others.

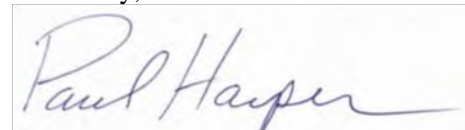

Furthermore, such a requirement could have significant impacts on an audit. The Yellow Book specifically provides that auditors should communicate certain information to management and those charged with governance "unless doing so could significantly impair the auditors' ability to obtain sufficient, appropriate evidence to address the audit objectives."¹ It could interfere with this office's ability to obtain sufficient, appropriate evidence if this office permitted potential threatened intimidation and retaliation against those who desire to report to this office.

As for the help that you can provide, to date you have not specified dates when your office is available for the interview with Daniel Hartman. We provided you and Mr. Hartman's attorney our conflict dates on August 21.

I hope this clarifies what is going on in this audit and investigation. There is no need to assume an adversarial posture when nothing out of the ordinary is occurring. If there is a specific concern, please let us know.

The fieldwork for this audit is nearly complete. With cooperation from your office our auditors can complete the audit process and put this matter to rest.

Sincerely,

A handwritten signature in blue ink that reads "Paul Harper". The signature is fluid and cursive, with the first name "Paul" and last name "Harper" clearly distinguishable.

Paul Harper
General Counsel

PH/dd

¹ Yellow Book, paragraph 147. It should also be noted that a list of witness interviews is not one of the required disclosures under Yellow Book standards.

ATTORNEY GENERAL OF MISSOURI
ERIC SCHMITT

September 4, 2019

Paul Harper, Esq.
State Auditor's Office
P.O. Box 869
Jefferson City, MO 65102

Dear Mr. Harper,

We have for acknowledgment your letter, received in this office on August 30, 2019, though dated August 9, 2019. It appears that your only remaining request for assistance is that we schedule to attend Mr. Hartman's interview, which we will, promptly.

Like you, we would of course prefer a report issued by your office free of any suggestion of "roadblocks" from this administration, as there is no basis for such a suggestion. No responsive material has been withheld from your auditors. Voluminous amounts of information have been reviewed and provided by this administration, with the only exclusions occurring with the informed consent of your audit staff. Our concerns related to certain practices and lines of questioning in your on-going interviews were sincere, and, in our view, well-founded, though our sharing of them never approached a denial of any production request or a refusal to cooperate in any way. However, we will accept your representations in this regard on Auditor Galloway's behalf, and allow her report and the transcripts to speak for themselves.

Please let us know of any specific, outstanding "roadblock" concerns as soon as possible, and in any event, before your staff completes its fieldwork. While we are confident that we have fully complied with each and every request for documents and other information, and that no "roadblock" suggestion is warranted, we would appreciate the opportunity to address any such concern which may exist while there is still time. Thank you.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jonathan M. Hensley", is written over a circular blue stamp or seal.

Jonathan M. Hensley
Deputy General Counsel

ATTORNEY GENERAL OF MISSOURI
ERIC SCHMITT

December 31, 2019

Paul Harper, Esq.
Office of the State Auditor
P.O. Box 869
Jefferson City, MO 65102

Dear Mr. Harper,

On December 12, 2019, the Missouri Attorney General's Office ("AGO") received a draft audit report containing, as appendices, complete and unredacted interview transcripts and written responses. The State Auditor's Office ("SAO") legal counsel, Joel Anderson, conceded on the record at the October 3, 2019, interview of Daniel Hartman that these materials "at the very least" constitute "audit work paper and related support materials." Section 29.200.17, RSMo., provides that "audit workpapers and related supportive material shall be kept confidential." Section 29.080, RSMo., makes violation of the provisions of Chapter 29 a felony. Notably, these confidentiality provisions serve important state interests by encouraging state agencies and state employees to cooperate fully and freely in state audits.

On December 13, 2019, AGO staff asked SAO Manager Pamela Allison to provide written explanation and legal justification for the inclusion of these materials as appendices to the report. Though Ms. Allison responded to the email, no explanation or justification was provided.

During a meeting on December 16, 2019, when presented with Mr. Anderson's statement, as well as numerous authorities requiring that such materials be held confidential, neither you, Mr. Showers, Ms. Allison, nor Mr. Magoffin were able to provide any legal authority for Auditor Galloway's decision to publish statutorily confidential materials as appendices to her audit report. Similarly, the audit staff were unable to provide a citation to auditing standards or other professional guidance that allows for release. The only attempted explanation involved a vague notion of "transparency," though your staff also conceded that this action would be unprecedented in the history of the SAO. Further, you and your colleagues were unable to explain how an inclination towards "transparency"

Supreme Court Building
207 W. High Street
P.O. Box 899
Jefferson City, MO 65102
Phone: (573) 751-3321
Fax: (573) 751-0774
www.ago.mo.gov

overrode prohibitions in Missouri law against the disclosure of confidential audit materials. Finally, your colleagues acknowledged that all relevant material from the interview transcripts and written responses had been copied into the body of the draft report, and that there is no valid audit purpose to including irrelevant material as appendices.

At that same meeting, AGO staff explained to you that such materials contain significant privileged and confidential information, including material relating to personnel decisions, ongoing litigation, and other sensitive topics. AGO staff reiterated their request that SAO staff provide follow-up communication containing a citation of legal authority to justify your planned violation of Section 29.200.17. No response has been provided. Instead, on December 23, 2019, the AGO and Senator Hawley's attorneys received a revised draft of the report, with the interview transcripts and written responses still attached as exhibits, with very minor redactions.

Not only does Section 29.200.17 bar the release of these documents, but other legal and ethical considerations do as well. Section 29.185 provides that the auditor shall comply with Yellow Book standards in conducting the audit, and Yellow book standards do not allow for the disclosure of confidential audit workpapers. *See* Yellow Book Standard 4.41 (2011 version) ("Certain information may be classified or may otherwise be prohibited from general disclosure by federal, state, or local laws or regulations."). Statutes governing Missouri certified public accountants provide that CPA licensees shall not disclose information communicated to the licensee in connection with professional services rendered. *See* § 326.322, RSMo. The American Institute of Certified Public Accountants ("AICPA") Code of Conduct, which is made applicable to all Missouri CPAs, provides that confidential information obtained in the performance of professional services shall not be released without consent. *See* AICPA Code of Professional Conduct Section 1.700.001; 20 C.S.R. 2010-3.010.

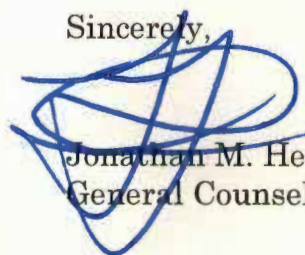

In the face of these authorities, Auditor Galloway's failure or refusal to cite any legal authority permitting this publication is deeply troubling. Her planned course of action violates Missouri law and the professional licensure regulations governing her and her staff. Confidentiality provisions exist to ensure candor and cooperation with auditors, and to protect auditees from partisan or self-interested actions by auditors. Auditor Galloway is not at liberty to discard these protections for mere political convenience.

By Monday, January 6, 2020, please respond to the following:

1. Please cite any legal authority which the State Auditor's Office contends permits its publication of confidential audit work papers and related support materials;

2. Please identify all members of the Auditor's audit staff and legal staff involved in the decision to publish these audit work papers and related supporting materials;
3. During the December 16, 2019, meeting, you stated that these materials had not yet been shared outside of your office, other than to the AGO and interviewees. Please confirm that this remains the contention of the State Auditor's Office, with the exception of sending the revised draft report to Senator Hawley's attorneys; and,
4. Please provide a copy of the draft of the "personal email/personal calendar" section of the audit report as it existed on August 28, 2019.

Sincerely,

Jonathan M. Hensley
General Counsel

NICOLE GALLOWAY, CPA
Missouri State Auditor

January 7, 2020

Jonathan M. Hensley
Office of the Attorney General
Supreme Court Building
207 W. High St.
P.O. Box 899
Jefferson City, MO 65102

Dear Mr. Hensley:

I am responding to the letter dated December 31, 2019, about the draft AGO report.

This office conducts all of its audits under government auditing standards established by the comptroller general of the United States (the Yellow Book). The purpose of an audit is to produce a public report.

During the exit meeting, you demanded that this office remove in their entirety the verbatim transcripts of several under-oath interviews from the appendices to the audit. What records are made part of the audit is a matter of audit discretion, subject to restrictions on records that are confidential by law. A record included in a published audit is a public record. Records not made part of the published audit are confidential audit workpapers and related supportive material.

During the exit meeting, I specifically asked you to identify which statements made in the appendices contained confidential information. You made general comments about attorney-client communication and information that could be embarrassing to the individuals. But you have not identified any specific statements that should be redacted. Nevertheless, this office attempted to redact anything that appeared remotely personal. I again extend an invitation to you to identify any information that should be redacted.

This audit began with your chief of staff asserting that your office is unaware of any constitutional or statutory authority to obtain even very basic records related to this audit. Rather than summarize or reiterate those conversations, I have attached copies of the letters exchanged between our offices on February 21, 2019, for your reference. Your office also has attempted to obstruct the audit from proceeding with regard to these interviews that produced the transcripts now in question. Again, rather than summarize or reiterate those conversations, I have attached copies of the letters exchanged between our offices from June 27 to September 4.

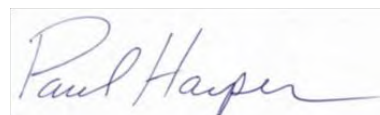

Copies of these letters are included as pages 416 through 437

Your letter appears to be a continuation of the pattern to delay and control this audit, and seems to include a veiled threat against the auditors working on this audit.

As with all other audits conducted by this office, auditors from this office have acted professionally to perform this audit and produce a draft report. As an attorney, I hope that you are aware that the veiled threats in an effort to intimidate, embarrass, burden, or delay the legal rights of another could be construed as a violation of the Supreme Court's Rules of Professional Conduct. *See, e.g.*, Rules 4-3.1, 4-4.4(a), 4-8.4.

As I stated above, I am again asking you to specify what information you believe is expressly prohibited from disclosure under law so that we can consider whether any further redactions are appropriate.

Sincerely,

A handwritten signature in blue ink that reads "Paul Harper". The signature is written in a cursive style with a long, sweeping underline.

Paul Harper
General Counsel

ATTORNEY GENERAL OF MISSOURI

ERIC SCHMITT

January 9, 2020

Paul Harper
General Counsel
Office of the State Auditor
P.O. Box 869
Jefferson City, MO 65102

Dear Mr. Harper,

Thank you for your prompt response to our December 31, 2019, letter. Thank you also for confirming that the SAO is bound by Yellow Book standards, and that the Auditor's discretion when deciding which records to make part of an audit is "subject to restrictions on records that are confidential by law." Our December 31 letter addresses the SAO's planned publication of materials which SAO counsel has previously conceded constitute "audit work paper and related support materials," and details the statutory and professional conduct provisions declaring the entirety of such materials to be confidential and prohibiting SAO's release of them. We then asked you to cite any legal authority which the SAO contends permits its publication of confidential audit work papers and related support materials. In the face of our cited provisions prohibiting publication, and certainly now with your concession that Auditor Galloway's discretion is "subject to restrictions on records that are confidential by law," your failure or refusal to cite any provision of law supporting Auditor Galloway's ability to publish confidential audit work papers and related support materials simply confirms the patent illegality of her intended course of action.

After acknowledging the restrictions applied to records that are confidential by law, you nonetheless assert, "A record included in a published audit is a public record. Records not made part of the published audit are confidential audit workpapers and related supportive materials." This disagreement could be swiftly resolved by your citation to a controlling authority supporting your assertion that the Auditor's decision to include a statutorily confidential record in her audit strips that record of its confidential nature. Every single authority we have found unequivocally declares this confidentiality, without subjecting it to the Auditor's whim. You seem quite convinced of your position, however, so a citation should not be difficult to provide. And, to be perfectly clear, because your notes and memory seem foggy, while our December 16 meeting included discussion of a handful of examples of immaterial passages in the

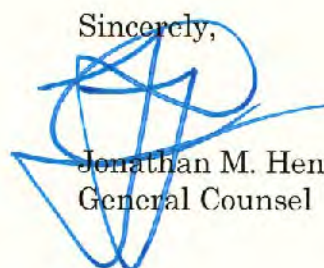

transcripts that would make your publication of them particularly egregious, shameful, or inhumane, the central concern we communicated to you and your colleagues focused on the overall confidentiality of these materials in their entirety – a concern to which you continue to provide no meaningful response.

Your refrain of baseless allegations of delay, relating to nothing more than our voiced concerns about your Office's repeated (and occasionally admitted) overstepping, is tired. The record reveals your frivolity and that any "delay" with respect to the two pending audit reports has been, and continues to be, of the SAO's own calculated creation. We devoted thousands of hours to reviewing and delivering hundreds of thousands of pages of materials in response to the SAO's repeated requests. Your auditors' fieldwork has been finished for several months now. Your staff has repeatedly confirmed to the AGO that it has everything it needs from us. We have discussed drafts of one report with your Office, and on January 2, 2020, were informed by one of your audit managers that the other report has been written and is in the review stage within your office, yet you "anticipate providing the draft report in several months." In short, your staff has what it needs, they haven't been here for months, the reports have been written – though are slowed by "several months" of delay within your own Office – and all you can do is cast shallow, baseless allegations in an attempt to cow this Office into accepting your violative conduct. It will not work. The Auditor's Office is not immune to valid criticism or to facing the consequences of its unlawful behavior.

The plain purpose of our December 31 letter, and of this letter, has been to inform you and your Office of the illegality and professional impropriety of your proposed actions, and to detail the legal and professional conduct bases for these concerns. You, in contrast, have provided no substantive response or legal justification for your planned unlawful conduct, but instead resort to lobbing frivolous, bad faith threats. I encourage you to heed your own warning, as presented in the second to last paragraph of your January 7, 2020, letter.

Your dedication to this unlawful path leaves us no choice but to determine the appropriate next steps necessary to address the patent, even admitted, illegality and professional impropriety of your actions. After all, we, as public servants, are required to do so upon observing illegal and potentially corrupt actions perpetrated by a public office. As our recent correspondence will attest, we have gone to extraordinary lengths to avoid having to pursue any such action. We have simply asked that you follow the law. Your continued silence with respect to each of the four items requested at the end of our December 31 letter speaks volumes and constitutes nothing less than a string of stunning self-indictments.

Sincerely,

Jonathan M. Hensley
General Counsel

Missouri State Auditor

January 10, 2020

Jonathan M. Hensley
Office of the Attorney General
Supreme Court Building
207 W. High St.
P.O. Box 899
Jefferson City, MO 65102

Dear Mr. Hensley:

I am writing to respond to your letter dated January 9, 2020.

As addressed in the exit meeting and my letter dated January 7, 2020, this disagreement could be resolved if your office would note any further redactions that you believe are appropriate. As has been requested of your office, I am for the third time asking you to specify what information you believe is expressly prohibited from disclosure under law, and anything that you believe is related to personnel decisions, ongoing litigation, or "sensitive" topics, so that we can consider whether any further redactions are appropriate.

Sincerely,

A handwritten signature in blue ink that reads "Paul Harper".

VIA Email

Pamela Allison, CPA, CFE
Missouri State Auditor's Office
Supervisory Manager
pamela.allison@auditor.mo.gov

Dear Ms. Allison:

Please find enclosed comments on behalf of Mr. Hawley to the draft audit report you transmitted on December 23, 2019. In accordance with Missouri Code § 29.200(12) and GAO auditing standards, these comments must be included verbatim in the final version of the report.

We are very pleased with the conclusion of the report regarding 2018 campaign allegations made by the Democrat group American Democracy Legal Fund. In the closing days of Mr. Hawley's campaign for U.S. Senate, this Democrat group falsely alleged that Mr. Hawley had used state resources to aid his U.S. Senate campaign. These false allegations were heavily promoted by the Claire McCaskill campaign, including especially by her campaign manager, David Kirby. But there is no evidence that Mr. Hawley ever engaged in misconduct or violated Missouri laws or ethics rules. The Secretary of State reached the same conclusion, nearly a year ago, in February 2019. These partisan campaign attacks, now more than a year old, have been exposed as baseless multiple times.

We are also happy to provide you with information confirming that Mr. Hawley followed the established practice of past Governors, Attorneys General, and other statewide officials in the use of state vehicles for travel. Mr. Hawley never used state resources for political or personal purposes.

While we are pleased with the audit's conclusion, we must note deeply troubling information that has come to light about the Auditor's own conduct during the pendency of this review.

1. The lead auditor assigned by Nicole Galloway to this case, Pam Allison, discussed altering the audit's conclusions in order to make the audit appear more critical of Mr. Hawley or his office. On August 20, 2019, Ms. Allison learned from the Attorney General's Office that there was no factual basis for concluding that anyone working with or for Attorney General Hawley had violated any confidentiality agreements or otherwise engaged in misconduct. In

an email to colleagues in the Auditor's Office that same day (but which she inadvertently sent to the Attorney General's Office), Ms. Allison wrote: "I'm thinking I'll just drop the confidentiality paragraph in the report and beef up the personal email/personal calendar section."

Such alteration of a state audit is deeply inappropriate, unethical, and potentially a violation of state law. That this misconduct was committed while the Auditor was herself conducting a political campaign for Governor only underscores the impropriety. This misconduct calls into question the integrity of the audit and warrants a thorough independent investigation.

2. The Democrat allegations against Mr. Hawley were made during his U.S. Senate campaign and widely promoted by his opponent, Claire McCaskill. During the pendency of this audit, Nicole Galloway announced her candidacy for Governor and hired McCaskill's campaign manager, David Kirby, a political operative, as a senior state employee in her office. The involvement, at a senior level, of a political operative who personally promoted the very attacks against Mr. Hawley that Galloway was supposed to be independently reviewing is deeply inappropriate and potentially unethical. Additionally, it calls into question whether state resources were used for political gain.
3. A member of Ms. Galloway's audit team, Bobby Showers, appears to have a significant conflict of interest. Mr. Showers donated to Claire McCaskill's campaign against Mr. Hawley and wrote recently that any Senator who opposes removing President Trump from office "will go down in history as not fulfilling their oath to their country." The role of this individual in the audit is further evidence of the report's political bias. Further, Mr. Showers' involvement in the audit calls into question the Auditor's conflict of interest standards when conducting audits. Indeed, as stated in the GAO auditing standards, an "Auditors' objectivity in discharging their professional responsibilities is the basis for the credibility of auditing in the government sector. Objectivity includes independence of mind and appearance when conducting engagements, maintaining an attitude of impartiality, having intellectual honesty, and being free of conflicts of interest." Ms. Galloway's audit team may have violated these standards.
4. Mr. Hawley's 2018 campaign opponent and booster of the partisan allegations, Claire McCaskill, has personally funded Ms. Galloway's auditor and gubernatorial campaigns. Ms. McCaskill's \$2,600 donation to Ms. Galloway's gubernatorial campaign came just days after the Secretary of State cleared Mr. Hawley of any wrongdoing. Accepting a donation from the chief promoter of a partisan allegation against Mr. Hawley while in the middle of investigating that allegation is suspicious at best. Any independent investigation of Ms. Galloway's audit practice should include a probe of the Auditor's campaign donation policy and whether the Auditor is completing audits without political bias.
5. While campaigning for Governor, Ms. Galloway has been using taxpayer resources for more than one year to conduct a closeout audit of Mr. Hawley's tenure as Attorney General, apparently focused largely on a partisan campaign allegation already thoroughly investigated and deemed false. Now, after all this time, Ms. Galloway is purportedly issuing *more than one* closeout audit. This is in conflict with previous statements of the Auditor's office. First,

in a letter dated December 14, 2018 from Ms. Galloway to Secretary of State Ashcroft regarding Mr. Ashcroft's request for the Auditor to investigate the American Democracy Legal Fund complaint, Ms. Galloway clearly indicates there will be one closeout audit when agreeing to include the allegations in her investigation.

Second, per an e-mail from Chris Wray, Chief of Staff for Missouri Attorney General Eric Schmitt, Ms. Galloway's General Counsel "stated on the record, there is one 'closeout audit of the Attorney General's Office' being conducted." The complete turnabout by the Auditor and her staff, combined with the length of time to issue the audit, brings to light questions of the Auditor's ability to focus on her taxpayer-funded duties while campaigning for a new job and the office's integrity when conducting audits.

Sincerely,

A handwritten signature in blue ink, appearing to read "B. Barnes", with a stylized flourish extending to the right.

Brian Barnes

1.1 – Mr. Hawley Did Not Use State Resources For Political Purposes

We are pleased with the audit's conclusion on this matter. As the Secretary of State concluded nearly one year ago, Mr. Hawley never engaged in misconduct or violated Missouri law or ethics rules.

Background:

During his tenure as Missouri's Attorney General, Mr. Hawley hired two outside advisors to help ensure the Attorney General's Office would operate effectively. One of these advisors was the former chief of staff to Louisiana Governor Bobby Jindal. He gave advice on organizational matters based on his extensive experience overseeing the work of a state executive official's staff. The other advisor was a communications expert who helped develop strategies for informing the public about the office's work and priorities. Although running an efficient office and communicating with the public about its work are important elements of the Attorney General's job, Missouri taxpayers did not pay a penny for the help of either consultant. Instead, as Missouri law permits, Mr. Hawley used funds from his state political committee to cover these costs.

In the weeks before the 2018 Senate election, with Senator McCaskill running behind in the polls, this routine and unremarkable use of outside advisors was turned into a political smear in an attempt to influence the outcome of the election. Without a shred of evidence to support the accusation, the McCaskill campaign claimed the outside advisors had met with Attorney General's Office staff to discuss campaign matters that are off limits for state employees during working hours. This was just one of almost a dozen false legal complaints filed against Mr. Hawley in the run-up to the election. Missouri voters rejected these partisan smears and elected Mr. Hawley to the United States Senate.

Investigating alleged campaign finance violations is the responsibility of the Missouri Secretary of State, not the Missouri Auditor, and Secretary of State Ashcroft carefully looked into this matter. He concluded that neither Mr. Hawley nor anyone who worked for him did anything wrong. And although Secretary of State Ashcroft suggested early during his investigation that the Auditor's help might be needed because the Secretary of State lacks subpoena power, he ultimately closed the investigation without requiring the Auditor's assistance because everyone involved cooperated voluntarily.

With the 2018 election in the books and a full investigation having exonerated Mr. Hawley, one might have thought that Missouri Democrats would be ready to move on. But State Auditor and gubernatorial candidate Nicole Galloway apparently saw political advantage in retreading this ground. At great expense to the Missouri taxpayer, she directed her office to spend a year reinvestigating this matter by re-interviewing the same witnesses and re-reviewing the same documents that were examined as part of the Secretary of State's investigation. But there is no evidence that provides a basis for second guessing the Secretary of State's conclusion that Mr. Hawley and his staff fully complied with Missouri law.

Galloway's conduct raises troubling questions of its own. Galloway's lead auditor wrote that after discovering no evidence of any violation of AGO policy or state law, she planned to "beef up" other sections of the report to criticize Mr. Hawley. Moreover, during the pendency of the audit, Galloway hired on state payroll one of the principal purveyors of the false campaign accusations, Claire McCaskill campaign manager David Kirby. He remains a state-paid staffer in the Auditor's office as she runs for Governor. Additionally, Bobby Showers, who worked directly on this audit, has commented on Mr. Hawley's "duty" to impeach President Donald Trump, donated to the McCaskill campaign, and Galloway accepted campaign contributions from Claire McCaskill during the pendency of this audit.

In light of these deeply troubling and potentially unethical practices, an independent investigation may be warranted into the Auditor's conduct and that of her office.

1.2 – Mr. Hawley Did Not Use State Resources For Campaign or Personal Purposes

Mr. Hawley did not use state resources for campaign or personal purposes, but instead followed the established practice of past Governors, Attorneys General, and other statewide elected officials—including Democrats Jay Nixon and Chris Koster.

Background:

While serving as Attorney General, Mr. Hawley occasionally took trips that involved both official state business and separate stops related to political activity. Any stops related to political activity were incidental to state business. In conducting these trips and reimbursing the state, Mr. Hawley followed the practice of his Democratic predecessors.

Mr. Hawley is happy to provide further details about specific trips:

- First, and as a general rule, any political meetings or events were always incidental to official state business and work, as is common for statewide elected officials. For example:
 - On March 30, 2017, Mr. Hawley attended multiple meetings in Springfield, MO at Evangel University in his official capacity.
 - On April 6, 2017, Mr. Hawley traveled to Kansas City for multiple interviews on the AGO's efforts on human trafficking.
 - On April 11, 2017, Mr. Hawley traveled to Kansas City to meet with anti-trafficking and pro-family advocates.
 - On April 13, 2017, Mr. Hawley traveled to St. Louis to discuss anti-trafficking efforts with business leaders.
- Mr. Hawley's April 27, 2017 meeting with an area pastor concerned efforts to ensure that a children's educational initiative operated by the church for the public complied with Missouri law. It was official state business.
- The Platte County event Mr. Hawley attended on June 19, 2017—"A Salute to Law Enforcement"—was an event honoring local and state law enforcement at which Mr. Hawley spoke about the work of the Attorney General's Office. He was invited in his official capacity. This event followed a series of other official events in the Kansas City area.
- Mr. Hawley was invited to and attended the December 16, 2017 Kansas City Chiefs game as part of an elected officials' event that included multiple other Missouri elected officials. Mr. Hawley paid for the tickets personally pursuant to his ethics practice of refusing to accept gifts as Attorney General, but he was invited and attended in his official capacity.

Both Mr. Koster and Mr. Nixon spent thousands of dollars reimbursing the state or state employees for non-official travel. Mr. Nixon, in particular, wrote the state a nearly \$50,000 check to reimburse the state for taking his state vehicle and attorney general's office staff on political trips.

Any suggestion that Mr. Hawley acted differently from his Democrat predecessors would further indicate Ms. Galloway's political bias.

2.1 – The Policy of Mr. Hawley’s Office on the Use of Personal Devices and Email Fully Complied with State Law and Records Retention Requirements

The policy of Mr. Hawley’s office while serving as Attorney General was to retain any materials that related to state business if a non-state communication device or tool was used. Any claims otherwise by the Auditor’s office would be questionable as the lead auditor on this audit admitted that the report would “beef up” allegations of the use of personal email or devices.

Background:

Pam Allison was the Audit Manager for this audit, and she also worked for the Auditor’s Office when Claire McCaskill was the Missouri Auditor. On August 20, 2019, Ms. Allison learned from the Attorney General’s Office that there was no factual basis for alleging that the consultants discussed above had violated any confidentiality agreements. In an email that was apparently intended for internal consumption within the Auditor’s Office but that was inadvertently sent to the Attorney General’s Office, Ms. Allison wrote: “I’m thinking I’ll just drop the confidentiality paragraph in the report and beef up the personal email/personal calendar section.” This email confirms that for political reasons the Auditor’s Office was determined to issue a report that is critical of Mr. Hawley’s tenure as Attorney General. Where audit staff could not make one charge stick, they beefed up others.

The policy of the Attorney General’s Office under Mr. Hawley was to retain any communication required to be retained by law, whether that communication was made on a state-issued device or not. In response to a request from the Secretary of State over a year ago, Mr. Hawley’s office not only voluntarily shared such retained emails, but released them to the public.

Galloway, on the other hand, has admitted to deleting work-related text messages from state-issued phones. While Mr. Hawley was Attorney General, his office defended Galloway’s conduct on this issue, as required by state law, but it is worth noting that the records retention practices of Mr. Hawley’s Office were considerably broader and more stringent than those of Galloway.

ATTORNEY GENERAL OF MISSOURI
ERIC SCHMITT

January 13, 2020

Paul Harper
General Counsel
Office of the State Auditor
P.O. Box 869
Jefferson City, MO 65102

Dear Mr. Harper,

Please find below responses to the audit you have conducted of former Attorney General Joshua Hawley. The named or numbered paragraphs below correspond to your recommendations in the draft report you provided.

Scope and Methodology:

Aside from the correspondence listed by the Missouri Attorney General's Office ("AGO") in response to Section 2.0, below, the inclusion of confidential auditor-auditee procedural communications within Exhibit H is a direct violation of Section 29.200.17, RSMo, and ethical standards governing the auditing profession. These communications do not relate to findings presented in this report, serve no audit purpose whatsoever, and are included solely as a means of attempting to intimidate current and former state employees.

The accusations of non-cooperation strewn throughout the auditor's correspondence in Exhibit H are baseless and irresponsible. During this audit process, the AGO has devoted thousands of hours to reviewing and delivering several hundred thousand pages of materials and has complied with every request for material. The auditor's executive staff has resorted to baseless threats of obstruction whenever presented with concerns that their conduct was exceeding the limitations of the law. Auditor Galloway's publication of these confidential auditor-auditee communications, and the false accusations within them, is a troubling and unprecedented departure from required audit practice.

- 1.1 On August 29, 2019, the manager of this audit inadvertently sent an email to an employee of the AGO. In that email, after failing to find a valid basis for one potential ground of criticism, the audit manager states her intention to abandon that portion and "beef up" findings in a different section of the report. *See*

Attachment 1, August 29, 2019 Email ("I'm thinking I'll just drop the confidentiality paragraph in the report and beef up the personal email/personal calendar section."). This email shredded any veneer of objectivity or neutrality in this audit process, in violation of Yellow Book standards, which require that an audit be conducted "with an attitude that is objective, fact-based, nonpartisan, and nonideological." Yellow Book Standard 1.17 (2011 version).

Subject to this concern about the audit process, the auditor's recommendation is superfluous. AGO policy has not and does not permit the use of taxpayer-funded resources for campaign purposes. AGO policy currently provides that personal email addresses should not be used by AGO employees to transact official business, and that policy applies with equal weight to other personal means of electronic communication.

- 1.2 The auditor's recommendation is that the Attorney General's Office determine "the amount of state resources used" for certain trips conducted by former Attorney General Joshua Hawley. Auditing standards, however, provide that this calculation is to be conducted by the auditor, who is charged by auditing standards to "give the reader a basis for judging the prevalence and consequences of these findings" by "quantify[ing] the results in terms of dollar value." Yellow Book Standard 7.16 (2011 version). This is consistent with past practice by the State Auditor's Office. Letter from State Auditor Susan Montee to Attorney General Jay Nixon, report no. 2008-08, Feb. 19, 2008, available at <https://app.auditor.mo.gov/Repository/Press/2008-08.pdf>.

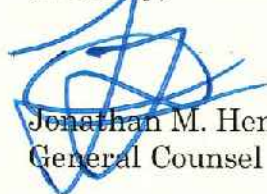

Subject to this concern about the audit process, the auditor's recommendation is acknowledged. Attorney General Eric Schmitt's use of state resources is and has been in accordance with applicable law.

- 2.0 The AGO objects to the inclusion of interview transcripts and written responses by former AGO employees. The interviewed employees were not informed that transcripts would be made public, and the transcripts contain significant privileged and confidential information, including material relating to personnel decisions, investigations, ongoing litigation, and other sensitive topics. The auditor's legal counsel has confirmed that "at the very least" these materials constitute audit workpapers and related supportive materials. As has been repeatedly explained to the auditor, such materials are declared confidential in their entirety by Section 29.200.17, RSMo., without exception permitting the release here. The Missouri State Auditor's Office has never before released materials of this sort as part of an audit report, and no legal authority permits this change in practice. The AGO has asked the auditor several times to cite the legal authority upon which she has based her contention that she is free to release statutorily confidential materials whenever she chooses. The auditor has provided no response to these repeated requests. Auditor Galloway's release of these audit workpapers and related supportive materials violates Missouri statute and

breaches the ethical standards governing the auditing profession. *See* Attachment 2, December 31, 2019 letter; *see also* Attachment 3, January 9, 2020 letter; *see also* Attachment 4, January 10, 2020 letter.

Subject to this concern about the audit process, the auditor's recommendation is superfluous. AGO policy currently provides that personal email addresses should not be used by AGO employees to transact official business, and this policy applies with equal weight to other personal means of electronic communication. AGO policy requires all AGO personnel to retain all materials in the manner and for the duration specified in the applicable record-retention schedules issued by the State Records Commission and as prescribed by Missouri statutes.

Sincerely,

Jonathan M. Hensley
General Counsel

Joseph –

Please see section 3.0 “Confidentiality” in the AGO’s Employee Handbook, which I believe you have already received. Our attorneys and other staff are also bound by Missouri’s Rules of Professional Conduct, including Rule 4-1.6, and are guided as well by its comments. When retaining expert witnesses or other services in litigation, it is this office’s longstanding practice to require such retained services providers to maintain the confidentiality of information provided regarding the relevant matter and not to use such information for any purpose other than the performance of services related to the litigation. Beyond these authorities and practices, we are unaware of policies under this or the prior administration responsive to your request.

Thank you.

Sincerely,

Jonathan M. Hensley

ATTORNEY GENERAL OF MISSOURI
ERIC SCHMITT

December 31, 2019

Paul Harper, Esq.
Office of the State Auditor
P.O. Box 869
Jefferson City, MO 65102

Dear Mr. Harper,

On December 12, 2019, the Missouri Attorney General's Office ("AGO") received a draft audit report containing, as appendices, complete and unredacted interview transcripts and written responses. The State Auditor's Office ("SAO") legal counsel, Joel Anderson, conceded on the record at the October 3, 2019, interview of Daniel Hartman that these materials "at the very least" constitute "audit work paper and related support materials." Section 29.200.17, RSMo., provides that "audit workpapers and related supportive material shall be kept confidential." Section 29.080, RSMo., makes violation of the provisions of Chapter 29 a felony. Notably, these confidentiality provisions serve important state interests by encouraging state agencies and state employees to cooperate fully and freely in state audits.

On December 13, 2019, AGO staff asked SAO Manager Pamela Allison to provide written explanation and legal justification for the inclusion of these materials as appendices to the report. Though Ms. Allison responded to the email, no explanation or justification was provided.

During a meeting on December 16, 2019, when presented with Mr. Anderson's statement, as well as numerous authorities requiring that such materials be held confidential, neither you, Mr. Showers, Ms. Allison, nor Mr. Magoffin were able to provide any legal authority for Auditor Galloway's decision to publish statutorily confidential materials as appendices to her audit report. Similarly, the audit staff were unable to provide a citation to auditing standards or other professional guidance that allows for release. The only attempted explanation involved a vague notion of "transparency," though your staff also conceded that this action would be unprecedented in the history of the SAO. Further, you and your colleagues were unable to explain how an inclination towards "transparency"

Supreme Court Building
207 W. High Street
P.O. Box 899
Jefferson City, MO 65102
Phone: (573) 751-3321
Fax: (573) 751-0774
www.ago.mo.gov

overrode prohibitions in Missouri law against the disclosure of confidential audit materials. Finally, your colleagues acknowledged that all relevant material from the interview transcripts and written responses had been copied into the body of the draft report, and that there is no valid audit purpose to including irrelevant material as appendices.

At that same meeting, AGO staff explained to you that such materials contain significant privileged and confidential information, including material relating to personnel decisions, ongoing litigation, and other sensitive topics. AGO staff reiterated their request that SAO staff provide follow-up communication containing a citation of legal authority to justify your planned violation of Section 29.200.17. No response has been provided. Instead, on December 23, 2019, the AGO and Senator Hawley's attorneys received a revised draft of the report, with the interview transcripts and written responses still attached as exhibits, with very minor redactions.

Not only does Section 29.200.17 bar the release of these documents, but other legal and ethical considerations do as well. Section 29.185 provides that the auditor shall comply with Yellow Book standards in conducting the audit, and Yellow book standards do not allow for the disclosure of confidential audit workpapers. *See* Yellow Book Standard 4.41 (2011 version) ("Certain information may be classified or may otherwise be prohibited from general disclosure by federal, state, or local laws or regulations."). Statutes governing Missouri certified public accountants provide that CPA licensees shall not disclose information communicated to the licensee in connection with professional services rendered. *See* § 326.322, RSMo. The American Institute of Certified Public Accountants ("AICPA") Code of Conduct, which is made applicable to all Missouri CPAs, provides that confidential information obtained in the performance of professional services shall not be released without consent. *See* AICPA Code of Professional Conduct Section 1.700.001; 20 C.S.R. 2010-3.010.

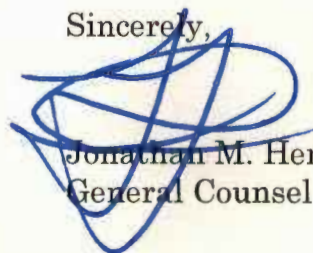

In the face of these authorities, Auditor Galloway's failure or refusal to cite any legal authority permitting this publication is deeply troubling. Her planned course of action violates Missouri law and the professional licensure regulations governing her and her staff. Confidentiality provisions exist to ensure candor and cooperation with auditors, and to protect auditees from partisan or self-interested actions by auditors. Auditor Galloway is not at liberty to discard these protections for mere political convenience.

By Monday, January 6, 2020, please respond to the following:

1. Please cite any legal authority which the State Auditor's Office contends permits its publication of confidential audit work papers and related support materials;

2. Please identify all members of the Auditor's audit staff and legal staff involved in the decision to publish these audit work papers and related supporting materials;
3. During the December 16, 2019, meeting, you stated that these materials had not yet been shared outside of your office, other than to the AGO and interviewees. Please confirm that this remains the contention of the State Auditor's Office, with the exception of sending the revised draft report to Senator Hawley's attorneys; and,
4. Please provide a copy of the draft of the "personal email/personal calendar" section of the audit report as it existed on August 28, 2019.

Sincerely,

Jonathan M. Hensley
General Counsel

ATTORNEY GENERAL OF MISSOURI
ERIC SCHMITT

January 9, 2020

Paul Harper
General Counsel
Office of the State Auditor
P.O. Box 869
Jefferson City, MO 65102

Dear Mr. Harper,

Thank you for your prompt response to our December 31, 2019, letter. Thank you also for confirming that the SAO is bound by Yellow Book standards, and that the Auditor's discretion when deciding which records to make part of an audit is "subject to restrictions on records that are confidential by law." Our December 31 letter addresses the SAO's planned publication of materials which SAO counsel has previously conceded constitute "audit work paper and related support materials," and details the statutory and professional conduct provisions declaring the entirety of such materials to be confidential and prohibiting SAO's release of them. We then asked you to cite any legal authority which the SAO contends permits its publication of confidential audit work papers and related support materials. In the face of our cited provisions prohibiting publication, and certainly now with your concession that Auditor Galloway's discretion is "subject to restrictions on records that are confidential by law," your failure or refusal to cite any provision of law supporting Auditor Galloway's ability to publish confidential audit work papers and related support materials simply confirms the patent illegality of her intended course of action.

After acknowledging the restrictions applied to records that are confidential by law, you nonetheless assert, "A record included in a published audit is a public record. Records not made part of the published audit are confidential audit workpapers and related supportive materials." This disagreement could be swiftly resolved by your citation to a controlling authority supporting your assertion that the Auditor's decision to include a statutorily confidential record in her audit strips that record of its confidential nature. Every single authority we have found unequivocally declares this confidentiality, without subjecting it to the Auditor's whim. You seem quite convinced of your position, however, so a citation should not be difficult to provide. And, to be perfectly clear, because your notes and memory seem foggy, while our December 16 meeting included discussion of a handful of examples of immaterial passages in the

Supreme Court Building
207 W. High Street
P.O. Box 899
Jefferson City, MO 65102
Phone: (573) 751-3321
Fax: (573) 751-0774
www.ago.mo.gov

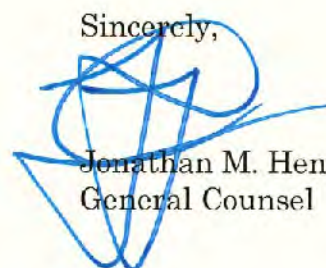

transcripts that would make your publication of them particularly egregious, shameful, or inhumane, the central concern we communicated to you and your colleagues focused on the overall confidentiality of these materials in their entirety – a concern to which you continue to provide no meaningful response.

Your refrain of baseless allegations of delay, relating to nothing more than our voiced concerns about your Office's repeated (and occasionally admitted) overstepping, is tired. The record reveals your frivolity and that any "delay" with respect to the two pending audit reports has been, and continues to be, of the SAO's own calculated creation. We devoted thousands of hours to reviewing and delivering hundreds of thousands of pages of materials in response to the SAO's repeated requests. Your auditors' fieldwork has been finished for several months now. Your staff has repeatedly confirmed to the AGO that it has everything it needs from us. We have discussed drafts of one report with your Office, and on January 2, 2020, were informed by one of your audit managers that the other report has been written and is in the review stage within your office, yet you "anticipate providing the draft report in several months." In short, your staff has what it needs, they haven't been here for months, the reports have been written – though are slowed by "several months" of delay within your own Office – and all you can do is cast shallow, baseless allegations in an attempt to cow this Office into accepting your violative conduct. It will not work. The Auditor's Office is not immune to valid criticism or to facing the consequences of its unlawful behavior.

The plain purpose of our December 31 letter, and of this letter, has been to inform you and your Office of the illegality and professional impropriety of your proposed actions, and to detail the legal and professional conduct bases for these concerns. You, in contrast, have provided no substantive response or legal justification for your planned unlawful conduct, but instead resort to lobbing frivolous, bad faith threats. I encourage you to heed your own warning, as presented in the second to last paragraph of your January 7, 2020, letter.

Your dedication to this unlawful path leaves us no choice but to determine the appropriate next steps necessary to address the patent, even admitted, illegality and professional impropriety of your actions. After all, we, as public servants, are required to do so upon observing illegal and potentially corrupt actions perpetrated by a public office. As our recent correspondence will attest, we have gone to extraordinary lengths to avoid having to pursue any such action. We have simply asked that you follow the law. Your continued silence with respect to each of the four items requested at the end of our December 31 letter speaks volumes and constitutes nothing less than a string of stunning self-indictments.

Sincerely,

Jonathan M. Hensley
General Counsel

ATTORNEY GENERAL OF MISSOURI
ERIC SCHMITT

January 10, 2020

Paul Harper
General Counsel
Office of the State Auditor
P.O. Box 869
Jefferson City, MO 65102

Dear Mr. Harper,

I write in response to your letter of today's date.

Your repeated misrepresentation of the issue and of the specific nature of our concern is deeply troubling. It has never been our position that your release of these transcripts and written answers would be objectionable solely on grounds related to any specific privilege or other concern that could be corrected by line-by-line review and redaction. Those considerations only compound the extraordinarily troubling consequences of Auditor Galloway's recent decision to begin releasing statutorily confidential audit materials whenever she deems appropriate. As your Office has admitted, the Missouri State Auditor's Office has never before released materials of this sort as part of an audit report. No legal authority permits this change in practice.

The transcripts are full of confidential information about personnel decisions, attorney-client privileged communications, active investigations, and on-going litigation, and your release of these transcripts would risk significant consequences for the state, its residents, and their interests on several important fronts. But that, remarkably, is not even the main point. As we have said repeatedly in writing and in person, and now again in direct response to the question presented in your letter today:

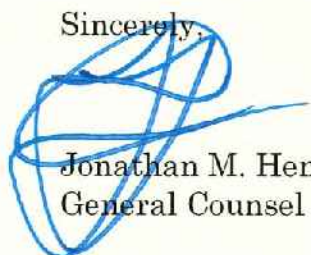

The transcripts and written answers which you plan to release as appendices to your audit report constitute "audit workpapers and related support materials" (as your counsel has admitted) and are declared confidential by Section 29.200.17, RSMo., in their entirety. The law expressly prohibits you from disclosing any of it – first line of the first page, through the final line of the last. There are no exceptions

Supreme Court Building
207 W. High Street
P.O. Box 899
Jefferson City, MO 65102
Phone: (573) 751-3321

www.ago.mo.gov

provided by law, which you, at this point, essentially admit by not answering our repeated requests for you to provide a single supportive citation to counter the many we have provided in support of our position.

There is no way for us to express our concern in any plainer language. Absent statutory authority supporting your blanket assertion that the Auditor is free to strip statutorily confidential records of their confidential nature whenever she chooses, it is clear that your client is intent on engaging in illegal and unethical conduct. You may wish to consider stopping her, if you can.

Sincerely,

Jonathan M. Hensley

Pamela Allison

From: Brian Barnes <BBarnes@cooperkirk.com>
Sent: Wednesday, January 29, 2020 8:05 PM
To: Pamela Allison
Subject: RE: Missouri Attorney General's Office Audit

Dear Ms. Allison:

We sent you materials in May showing that the political committee reimbursed state employee Steve Hayden on the handful of occasions when, during official travel, Mr. Hawley made incidental stops. We understand this is the same practice adopted by Mr. Hawley's predecessors. We are not aware of any additional outstanding invoices from the state, but if you can identify any such invoices or expenses, we are happy to pay them.

The draft report says that Mr. Hawley "violated" state law by using state resources for political purposes, but, thanks to the political committee's reimbursement of Mr. Hayden and the incidental nature of the stops in question, no state resources were actually used. When the Auditor's Office reviewed similar practices by other statewide elected officials in the past, it did not accuse them of "violating" state law. I also note that the amount at issue here is orders of magnitude less than the nearly \$50,000 Mr. Nixon repaid the state, yet the draft report is far more critical of Mr. Hawley than what the Auditor's Office wrote about Mr. Nixon.

Are you planning to "beef up" the section of the audit report that concerns Mr. Hawley's travel, as you said in a previous email about another part of the report? If so, we would appreciate an opportunity to comment on the revised draft.

Sincerely,

Brian W. Barnes

Subject: Missouri Attorney General's Office Audit

Good afternoon Mr. Barnes,

In a letter to our office dated January 14, 2020, the response to finding 1.2 indicated, "In conducting these trips and reimbursing the state, Mr. Hawley followed the practice of his Democratic predecessors."

On September 5, 2019, our office asked the Missouri Attorney General's Office whether any expenses had been reimbursed to the state by former Attorney General Hawley. On September 6, 2019, Missouri Attorney General's Office fiscal staff responded they had reviewed office records and found no expenses reimbursed by former Attorney General Hawley. On January 15, 2020, we asked the Missouri Attorney General's Office whether any expense reimbursements had been made to the state by former Attorney General Hawley since September 6, 2019, and the response provided indicate no reimbursements had been received.

Please confirm whether former Attorney General Hawley has reimbursed the state for any expenses for non-official travel. If so, please provide documentation of those reimbursements and how they were calculated. Please provide the response by Wednesday, January 29, 2020.

Thank you.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 356 political subdivisions required to file a financial report by December 31, 2019, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in December 2019, after their filing deadline. The filing status for these 12 entities is presented in summary on page 3 and by individual entity in Appendix B-F.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Political Subdivision Filings

December 2019

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 356 political subdivisions, other than cities, towns, and villages, with a fiscal year end of June 30, 2019. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 356 political subdivisions, 287 filed an annual financial report timely.

This report also includes the filing status for 12 political subdivisions, other than cities, towns, and villages, that filed their financial report in December 2019, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by December 31, 2019, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for 262 cities, 5 towns, and 63 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in December 2019, after their filing deadline. The filing status for these 4 cities and 3 villages is presented in summary on pages 4 and by individual entity in Appendixes B to D.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Municipal Court and Revenue Filings

December 2019

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 262 cities, 5 towns, and 63 villages with a fiscal year end of June 30, 2019, whose financial report was due by December 31, 2019. Of the 330 municipalities required to file an annual financial report, 245 filed the report timely and 3 filed a financial report for a portion of the fiscal year. Of the 230 municipalities required to file an addendum, 101 filed an addendum timely. Of the 124 municipalities required to file a certification, 75 filed a certification timely.

Monthly Report on Municipal Court and Revenue Filings
December 2019
Executive Summary

This report includes the filing status for 4 cities and 3 villages that filed at least one of the items (financial report, addendum, or certification) in December 2019, after their filing deadline. Of these municipalities, 5 filed an annual financial report and 3 filed an addendum.

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Board of Commissioners
Plattsburg Special Road District

We have conducted follow-up work on certain audit report findings contained in Report No. 2019-054, *Plattsburg Special Road District* (rated as Poor), issued in July 2019, pursuant to the Auditor's Follow-Up Team to Effect Recommendations (AFTER) program. The objectives of the AFTER program are to:

1. Identify audit report findings for which follow up is considered necessary, and inform the district about the follow-up review on those findings.
2. Identify and provide status information for each recommendation reviewed. The status of each recommendation reviewed will be one of the following:
 - Implemented: Auditee fully implemented the recommendation, either as described in the report or in a manner that resolved the underlying issue.
 - In Progress: Auditee has specific plans to begin, or has begun, to implement and intends to fully implement the recommendation.
 - Partially Implemented: Auditee implemented the recommendation in part, but is not making efforts to fully implement it.
 - Not Implemented: Auditee has not implemented the recommendation and has no specific plans to implement the recommendation.

As part of the AFTER work conducted, we reviewed documentation provided by district officials and held discussion with district officials to verify the status of implementation for the recommendations. Documentation provided by the district included minutes of meetings, financial records, and other pertinent documents. This report is a summary of the results of this follow-up work, which was completed during December 2019.

Nicole R. Galloway, CPA
State Auditor

Plattsburg Special Road District

Follow-Up Report on Audit Findings

Status of Findings

1. **Misappropriated Monies** The former Secretary/Treasurer, Ava Langner, misappropriated monies totaling at least \$286,615 from the district. The former Secretary/Treasurer made improper payments to her company totaling \$156,739, used district monies to pay personal credit card bills totaling \$125,642, obtained \$1,634 in credit card rewards points related to transactions paid for using district funds, and made other improper payments for personal and company bills totaling at least \$2,600.

In addition, the former Secretary/Treasurer may have created/modified meeting minutes after she was terminated, and she falsified the district's published financial statements for several years to conceal improper disbursements.

Recommendation

The Board of Commissioners continue to work with law enforcement officials regarding criminal prosecution of the improper payments, falsified records, and improper disbursements, and take the necessary actions to obtain restitution. In addition, the Board of Commissioners should ensure financial statements are reviewed for accuracy prior to publication.

Status

Implemented

The Board is continuing to work with law enforcement officials regarding criminal prosecution, and will take the necessary action to obtain restitution. On November 12, 2019, the former Secretary/Treasurer was indicted by a federal grand jury for stealing from the district. The case is ongoing as of December 2019. The Board Treasurer indicated the Board reviewed the financial statement for the year ended December 31, 2018, for accuracy prior to its publication in March 2019.

2. **Oversight and Bond Coverage**

The Board did not establish adequate oversight of the former Secretary/Treasurer or obtain bond coverage for applicable officials and employees as required by state law.

2.1 **Oversight and segregation of duties**

The Board did not establish adequate segregation of duties or supervisory reviews over the various financial accounting functions performed by the former Secretary/Treasurer, and blank checks were frequently signed in advance by check signers with no subsequent review of the checks.

Recommendation

The Board of Commissioners segregate accounting duties to the extent possible and implement appropriate reviews and monitoring procedures. In addition, the Board should not allow any check signers to sign checks in advance.

Status

Partially Implemented

Plattsburg Special Road District
Follow-up Report on Audit Findings
Status of Findings

The district has not adequately segregated accounting duties or implemented appropriate reviews and monitoring over various accounting functions. Accounting duties previously performed by the former Secretary/Treasurer related to making deposits, preparing disbursements, and reconciling bank accounts are now primarily performed by the Board Treasurer. A part-time Secretary processes incoming mail, including receiving receipts and invoices, and an accounting firm processes district payroll and prepares year-end financial statements.

Monthly financial information is presented to the Board by the Board Treasurer and the Board's review is documented in the meeting minutes. However, our review of the November 2019 Board meeting packet showed an adequate independent supervisory review of district accounting records is still not being performed as discussed in section 3.1. The Board Treasurer indicated checks are no longer signed in advance and our review showed most disbursements are now made using online banking.

2.2 Bonding

The district did not have bond coverage for district employees or officials. While the district had some fidelity and crime insurance coverage it was limited to \$5,000 with a \$500 deductible for each specific type of crime listed.

Recommendation

The Board of Commissioners maintain bond coverage for all employees or officials with access to district monies or other assets.

Status

Implemented

The Board increased its fidelity and crime insurance coverage to \$50,000 per type of crime (fidelity, forgery or alteration, on premises, in transit, and computer fraud). The Board Treasurer indicated the Board chose to increase this coverage, rather than bonding each board member or individual employee.

3.1 Accounting Controls and Procedures - Board review and approval process

The former Secretary/Treasurer did not provide bank statements, a list of bills, or financial statements to the Board for review at monthly meetings. The Board and the former Secretary/Treasurer failed to monitor the district's cash balances, and as a result, the district's checking account incurred overdraft fees. In addition, Board members did not review invoices, and no one generally marked invoices paid or otherwise canceled once payment occurred or acknowledged receipt of goods or services on them. Board members also indicated the former Secretary/Treasurer did not prepare meeting minutes for their review and approval.

Recommendation

The Board of Commissioners review bank statements and reconciliations monthly, properly monitor bank account balances to avoid bank fees, and ensure any differences are promptly investigated and resolved. The Board should also ensure a monthly list of bills is prepared and compared to invoices

Plattsburg Special Road District
Follow-up Report on Audit Findings
Status of Findings

and checks written. In addition, the Board should ensure invoices are adequately reviewed and marked paid and require documentation of receipt of goods and/or services prior to payment of invoices.

Status

Partially Implemented

Our review of the November 2019 accounting and bank records showed the Board Treasurer actively monitored bank account balances by reconciling the bank account to accounting records after each district online banking transaction and the district incurred no bank fees.

Board packets presented to the Board for the November 2019 meeting included the previous month's meeting minutes and monthly financial information. However, the bank balances reported did not agree to the related accounting records provided to the Board. In addition, the check listing did not include all details, such as date issued, and invoices were not provided for comparison to the disbursements. The Board Treasurer indicated he and the Secretary review invoices prior to payment. However, he also stated that invoices, while available for review, are not typically reviewed by the Board members when the Board approves disbursements at meetings. Our review of November 2019 invoices showed that invoices were stamped as received by the Secretary. The Board Treasurer indicated payment stubs are filed with each invoice. This filing process serves as marking the invoices as paid. The receipt of goods and/or services was not always documented for invoices reviewed during November 2019.

3.2 Accounting Controls
and Procedures -
District checks and
accounting records

The former Secretary/Treasurer did not issue checks in numerical sequence, properly account for the numerical sequence of checks, or retain voided checks. In addition, accounting records maintained by the former Secretary/Treasurer were not accurate.

Recommendation

The Board of Commissioners perform adequate reviews of accounting records and checks written before approving disbursements.

Status

In Progress

Our review of November 2019 financial records showed district checks were issued in numerical sequence, no checks were voided, and all receipts and disbursements appear to be recorded in the accounting records. The meeting minutes also documented the Board's review and approval of the accounting records presented. However, as discussed in section 3.1, the financial records presented to the Board showed discrepancies.

Plattsburg Special Road District
Follow-up Report on Audit Findings
Status of Findings

3.3 Accounting Controls
and Procedures -
Recording and
depositing

The former Secretary/Treasurer did not always record or deposit receipts timely.

Recommendation

The Board of Commissioners ensure receipts are recorded and deposited timely and intact.

Status

In Progress

The district receives monies by check (all received by mail) or direct deposit. The Secretary makes a copy of checks received and date stamps the copy. Receipts received in November 2019 were deposited timely and intact; however, the Board Treasurer does not record the date payments are received in the accounting records. As a result, we could not determine if receipts were recorded timely. The Board Treasurer indicated he intends to add the date of each transaction to the accounting records.

4. Payroll

The Board approved year-end bonuses to the former Secretary/Treasurer and employees contrary to state law and the former Secretary/Treasurer did not timely file and remit payroll taxes.

4.1 Bonuses

The Board approved year-end bonus payments to the former Secretary/Treasurer and district employees contrary to state law.

Recommendation

The Board of Commissioners discontinue the practice of paying bonuses.

Status

Implemented

The Board indicated employees will not receive year-end bonuses in 2019.

4.2 Payroll taxes

The former Secretary/Treasurer did not timely remit federal payroll taxes resulting in interest and penalties for the district.

Recommendation

The Board of Commissioners establish procedures to ensure payroll taxes are remitted timely.

Status

Implemented

The Board remitted the outstanding payroll taxes and associated interest and penalties to the Internal Revenue Service in December 2018. Payroll taxes are currently processed by an accounting firm and reviewed by the Board each month. Accounting records for the period January 2019 through November 2019 showed that federal taxes are being filed and remitted monthly.

Plattsburg Special Road District
Follow-up Report on Audit Findings
Status of Findings

5. Budgets and Financial Reporting

The district did not comply with state law relating to budget preparation and submitting financial statements.

5.1 Budgets

Neither the Board nor the former Secretary/Treasurer prepared budgets for the 8 years ended December 31, 2018, as required by state law.

Recommendation

The Board of Commissioners prepare budgets that contain all information required by state law.

Status

In Progress

The Board prepared a 2019 budget document that showed detailed budgeted revenues and disbursements. However, the budget document did not contain a budget message, actual and estimated cash balances, and actual receipts and disbursements for the 2 preceding years. The Board Treasurer indicated district officials will work with the accounting firm in January to prepare a complete budget for 2020.

5.2 Financial reporting

Neither the Board nor the former Secretary/Treasurer submitted a financial report to the State Auditor's Office as required by state law for the years ended December 31, 2012, 2013, 2014, 2015, and 2016, and the report submitted for the year ended December 31, 2017, was not filed until November 7, 2018, more than 4 months late.

Recommendation

The Board of Commissioners submit annual financial reports to the State Auditor's Office as required by state law.

Status

Implemented

The district timely submitted a financial report to the State Auditor's Office for the year ended December 31, 2018, on June 13, 2019.

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Anne L. Precythe, Director
Department of Corrections
Jefferson City, Missouri

To address our responsibilities of Section 217.595.6, RSMo, we have audited the revenues and the expenditures of the Working Capital Revolving Fund, as part of our audit of the state's Comprehensive Annual Financial Report (CAFR), as of and for the year ended June 30, 2019, and have issued our report (Report No. 2020-001), dated January 9, 2020. The state's CAFR is comprised of the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information (including the Working Capital Revolving Fund) of the state of Missouri, and the related notes to the financial statements.

Our report expressed qualified audit opinions on the governmental activities and the General Fund opinion units and unmodified opinions on the business-type activities, the aggregate discretely presented component units, each major fund excluding the General Fund, and the aggregate remaining fund information (including the Working Capital Revolving Fund) opinion units of the state of Missouri, as of June 30, 2019.

No findings resulted from our audit procedures related to the Working Capital Revolving Fund.

A handwritten signature in black ink that reads "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

Stacy Neal
Director

January 9, 2020

The Honorable Michael L. Parson
The Honorable Members of the Legislature
Citizens of the State of Missouri

In accordance with generally accepted accounting principles, I submit to you the Comprehensive Annual Financial Report (CAFR) of the State of Missouri for the fiscal year ended June 30, 2019. This report was prepared by the Office of Administration, Division of Accounting, whose management is responsible for its contents.

The report is prepared to show the financial position and operating results of the State. The State's internal accounting controls provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposal and the reliability of financial records for preparing financial statements. The concept of reasonable assurance recognizes that the cost of a control should not exceed the resulting benefit. We believe the data presented is accurate in all material respects and that all disclosures necessary to enable the reader to gain a reasonable understanding of the State's financial activities have been included.

An annual audit of the basic financial statements is completed each year by the State Auditor's Office. The State Auditor conducts the audit in accordance with generally accepted government auditing standards, and her opinion has been included in this report. The State Auditor conducts a "Single Audit" of all federal funds in accordance with the Federal Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform guidance).

A narrative introduction, overview, and analysis of the basic financial statements is presented in the *Management's Discussion and Analysis (MD&A)* section of this report. This letter of transmittal is intended to complement MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

PROFILE OF THE GOVERNMENT

Missouri was organized as a territory in 1812 and was the second state (after Louisiana) of the Louisiana Purchase to be admitted to the Union. Statehood was granted on August 10, 1821, making Missouri the 24th state. The State encompasses 68,945 square miles.

The State operates under three branches of government: executive, legislative, and judicial. The executive branch consists of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, and Attorney General. The legislative branch consists of 34 members of the Senate and 163 members of the House of Representatives. The judicial branch is a three-tier court system: the Supreme Court, the State's highest court, has statewide jurisdiction; a court of appeals that consists of districts established by the General Assembly; and a system of circuit courts that has original jurisdiction over all cases and matters, civil and criminal.

The State provides a range of services in the areas of agriculture, education, health and social services, transportation systems, public safety, judicial systems, economic development, conservation and natural resources, labor relations, and general administration.

The State operates on a legally adopted budget in order to ensure compliance with legal provisions embodied in the annual appropriated budget passed by the General Assembly and approved by the Governor prior to the beginning of the fiscal year. If appropriations are not sufficient for a fiscal year, supplemental amounts are requested during the next legislative session by the same process that original appropriations are requested. Budgets are established at the program level. Expenditures cannot exceed the individual appropriation amount. The Governor has the authority to reduce the allotments of appropriations in any fund if it appears that the revenue estimate will not be met. Article IV, Section 27 of the Missouri Constitution, amended in 2014, requires the Governor to notify the General Assembly if the Governor reduces allotments when it appears revenues will be less than estimated. This Section then gives the General Assembly the authority to overturn any of the Governor's restrictions with a two-thirds vote, similar to the procedure to overturn a veto. Unexpended appropriations lapse at the end of each fiscal year, unless reappropriated to the following budget fiscal year.

The financial reporting entity of the State includes all of the funds of the primary government as well as component units for which the State is financially accountable. The transmittal letter, MD&A, and the financial statements focus on the primary government and its activities. Although information pertaining to the component units is provided, their separately issued financial statements should be read to obtain a complete overview of their financial position.

ECONOMIC CONDITION AND OUTLOOK

State Economy

Missouri's economy saw its seventh consecutive year of Annual Real GDP growth in 2018. Missouri's GDP was \$282.2 billion in inflation-adjusted dollars; this is a 2.3% increase over 2017. Missouri's per capita personal income was \$46,635 in 2018, an increase of 3.6% from 2017. The national per capita income is \$53,712. While the State's per capita income is lower than the national average, so is the cost of living. In 2018, Missouri ranked 4th lowest in cost of living for states.

Source: MERIC 2019 Missouri Economic Report

In May 2019, Missouri's unemployment rate was 3.3%, while the nation's unemployment rate was 3.6%. May 2019 makes 27 consecutive months of unemployment rates below 4%. Between May 2018 and May 2019 Missouri added 31,000 jobs.

Long-Term Financial Planning

During the 2014 legislative session, the legislature passed Senate Bill 509 and Senate Bill 496, relating to changes to the State's income tax structure. The legislation reduced the maximum tax rate on personal income and created an income tax deduction for business income. The implementation of the tax cut is gradual with a 0.10% decline each calendar year and will go into effect following fiscal years where net general revenue collections grow at least \$150 million. Estimates indicate that the bills will cost at least \$620 million annually once fully in effect, which will occur in fiscal year 2024 at the earliest, due to a phased implementation. General revenue growth for fiscal year 2017 and 2018 triggered the first two income tax reductions in tax year 2018 and 2019. The estimated income tax revenue reduction for fiscal year 2019 is \$240 million. Net General revenue growth did not trigger the third income tax reduction for tax year 2020.

The General Assembly passed several tax-related bills during the 2019 legislative session. The combined impact to general revenue during fiscal year 2020 is estimated as a loss of \$9.4 million to \$59.6 million. Once fully implemented, the legislation could impact general revenue by an estimated loss of \$57.3 million to an estimated gain of \$4.3 million.

There were no new bond issuances during fiscal year 2019. In fiscal year 2020, the Third Lien State Road Bonds, Series B 2019 in the amount of \$178,370,000 were issued by the Missouri Highways and Transportation Commission. Senate Concurrent Resolution 14 authorized \$301 million Missouri Highways and Transportation Commission bonds to renovate bridges and other important transportation infrastructure. The Department of Transportation leveraged this spending authority to qualify for the U.S. Infrastructure for Rebuilding America grant to provide \$81.2 million in federal funding for Missouri transportation projects. This is the first time that general revenue funds are being used to pay a Missouri Highways and Transportation Commission bond.

Relevant Financial Policies

Article X, Sections 16-24 of the Constitution of Missouri (the “Tax Limitation Amendment”), imposes a limit on the amount of taxes that may be imposed by the General Assembly in any fiscal year. This limit is tied to total state revenues for fiscal year 1981, as defined in the Tax Limitation Amendment and adjusted annually based on a formula, which is tied to increases in the personal income of Missouri for certain designated periods. If the revenue limit is exceeded by one percent or more in any fiscal year, the excess revenue will be refunded based on the liability reported on state income tax returns. If the excess revenue collected is less than one percent of the revenue limit, the excess revenue shall be transferred to the General Revenue Fund.

The revenue limit can be exceeded by a constitutional amendment duly adopted by the people or, if the General Assembly approves by a two-thirds vote, an emergency declaration by the Governor. Strong economic growth resulted in revenues above the total state revenue limit in fiscal years 1995-1999. The State has refunded to income taxpayers \$979 million in excess revenue for these fiscal years. The revenue limit was not exceeded in fiscal years 2000 through 2019, inclusive. The State is currently \$3.79 billion below the limit and does not expect the limit to be exceeded in fiscal year 2020.

Major Initiatives

Missouri will continue to focus on streamlining government functions and investing in its citizens. Major initiatives include a focus on tax reform, economic growth, government reorganization, and the well-being of Missouri citizens.

2019 Tax Legislation

- **Individual Income Tax** - The General Assembly passed Senate Bill (SB) 87 which contained individual income tax-related components. SB 87 would disallow interest for one month and penalties through December 2019 for individuals who paid their income tax liabilities (due in April 2019) late. In addition, the bill created the Taxpayer Protection Act which requires paid tax preparers to provide their tax identification number and signature on tax returns. SB 87 is estimated to reduce fiscal year 2020 general revenues by \$9.3 million. Once fully implemented, SB 87 could increase general revenue by an estimated \$1.4 million.
- **Sales Tax** - The General Assembly passed three sales tax related bills - House Bill (HB) 220, SB 87, and SB 368. HB 220 would allow telecommunications businesses to separate product bundles into taxable and non-taxable components. Currently the full telecommunications bundle is taxable, even if it contains non-taxable items and services. This may have an unknown negative impact on general revenue. SB 87 would extend sales tax refunds from three years to ten years from the date of overpayment. SB 368 would grant a tax exemption to leases from port authorities to private entities.
- **Corporate Income Tax** - The General Assembly passed two corporate income tax-related bills - SB 87 and SB 174. SB 87 would decouple business interest expensing from the federal Tax Cuts and Jobs Act. This provision is estimated to have cash flow impacts to general revenue as businesses accelerate interest expensing into the year the interest expenses occurred, and adding back the federally allowed deduction in later years. SB 174 exempts Federal Reserve interest received by financial institutions from corporate income taxes. SB 174 is expected to reduce corporate income tax collections by \$30,000 to \$70,000 once fully implemented.
- **Tax Credits** - The General Assembly passed three tax credit-related bills - SB 68, SB 174, and SB 180. SB 68 expands both the business facility tax credit and the Missouri Works tax credit programs. These expansions are estimated to reduce general revenue by \$54.4 million, once fully implemented. SB 174 eliminates one of the bank franchise tax credits, now that the bank franchise tax has been phased out. This provision is estimated to increase general revenue by \$2.7 to \$4.3 million annually. SB 180 would expand the Missouri Works tax credit program to include military projects. This provision is estimated to decrease general revenue by an estimated \$5.5 million annually.

Fast-Track Grant Program and Qualified Manufacturing Incentives - The General Assembly passed a comprehensive economic development strategy for growth across Missouri (SB 68). SB 68 provides state government with new tools to promote economic success. The Fast-Track Workforce Incentive Grant program offers qualified individuals, at least 25 years of age, forgivable loans to pay for education in fields with current occupational shortages. Additionally, the bill creates a new incentive program for automotive manufacturing plants that invest at least \$500 million in retooling manufacturing facilities.

Missouri One Start Workforce Development Initiatives - The General Assembly passed a comprehensive economic development strategy for growth across Missouri - SB 68 and SB 180. SB 68 creates a new Closing Fund to help the state encourage businesses to locate in Missouri while also modifying the Missouri One Start new and retained jobs initiatives to encourage current Missouri businesses to remain in Missouri. Senate Bill 180 modifies the One Start program to assist in funding the retention or expansion of U.S. Department of Defense installations within Missouri

Executive Department Reorganization - Executive Orders 19-01, 19-02, and 19-03 reorganized the Departments of Higher Education; Economic Development; Natural Resources; and Insurance, Financial Institutions and Professional Registration to promote efficiency across state government by allowing each agency to focus on its primary mission. These structural changes promote state government economic and workforce development initiatives. Additionally, HB 612 transferred the State Arts Council to the Lieutenant Governor's Office to allow the Department of Economic Development to focus on business retention, expansion, and recruitment while supporting the Arts Council's mission of promoting fine and performing arts across the state.

ACKNOWLEDGEMENTS

While the Office of Administration, Division of Accounting, is responsible for the contents of this report, no one division could do it alone. Many people were involved in the compilation of materials necessary to complete the report.

We want to issue a special thanks to all the personnel at the State agencies who provided us with information quickly and accurately so that we could issue the CAFR in a timely manner. We also owe thanks to the professionalism and dedication demonstrated by technical and management personnel within the State Auditor's Office, the State Treasurer's Office, Office of Administration, Information Technology Services Division, and the State Printing Center. We appreciate all their efforts.

Sincerely,

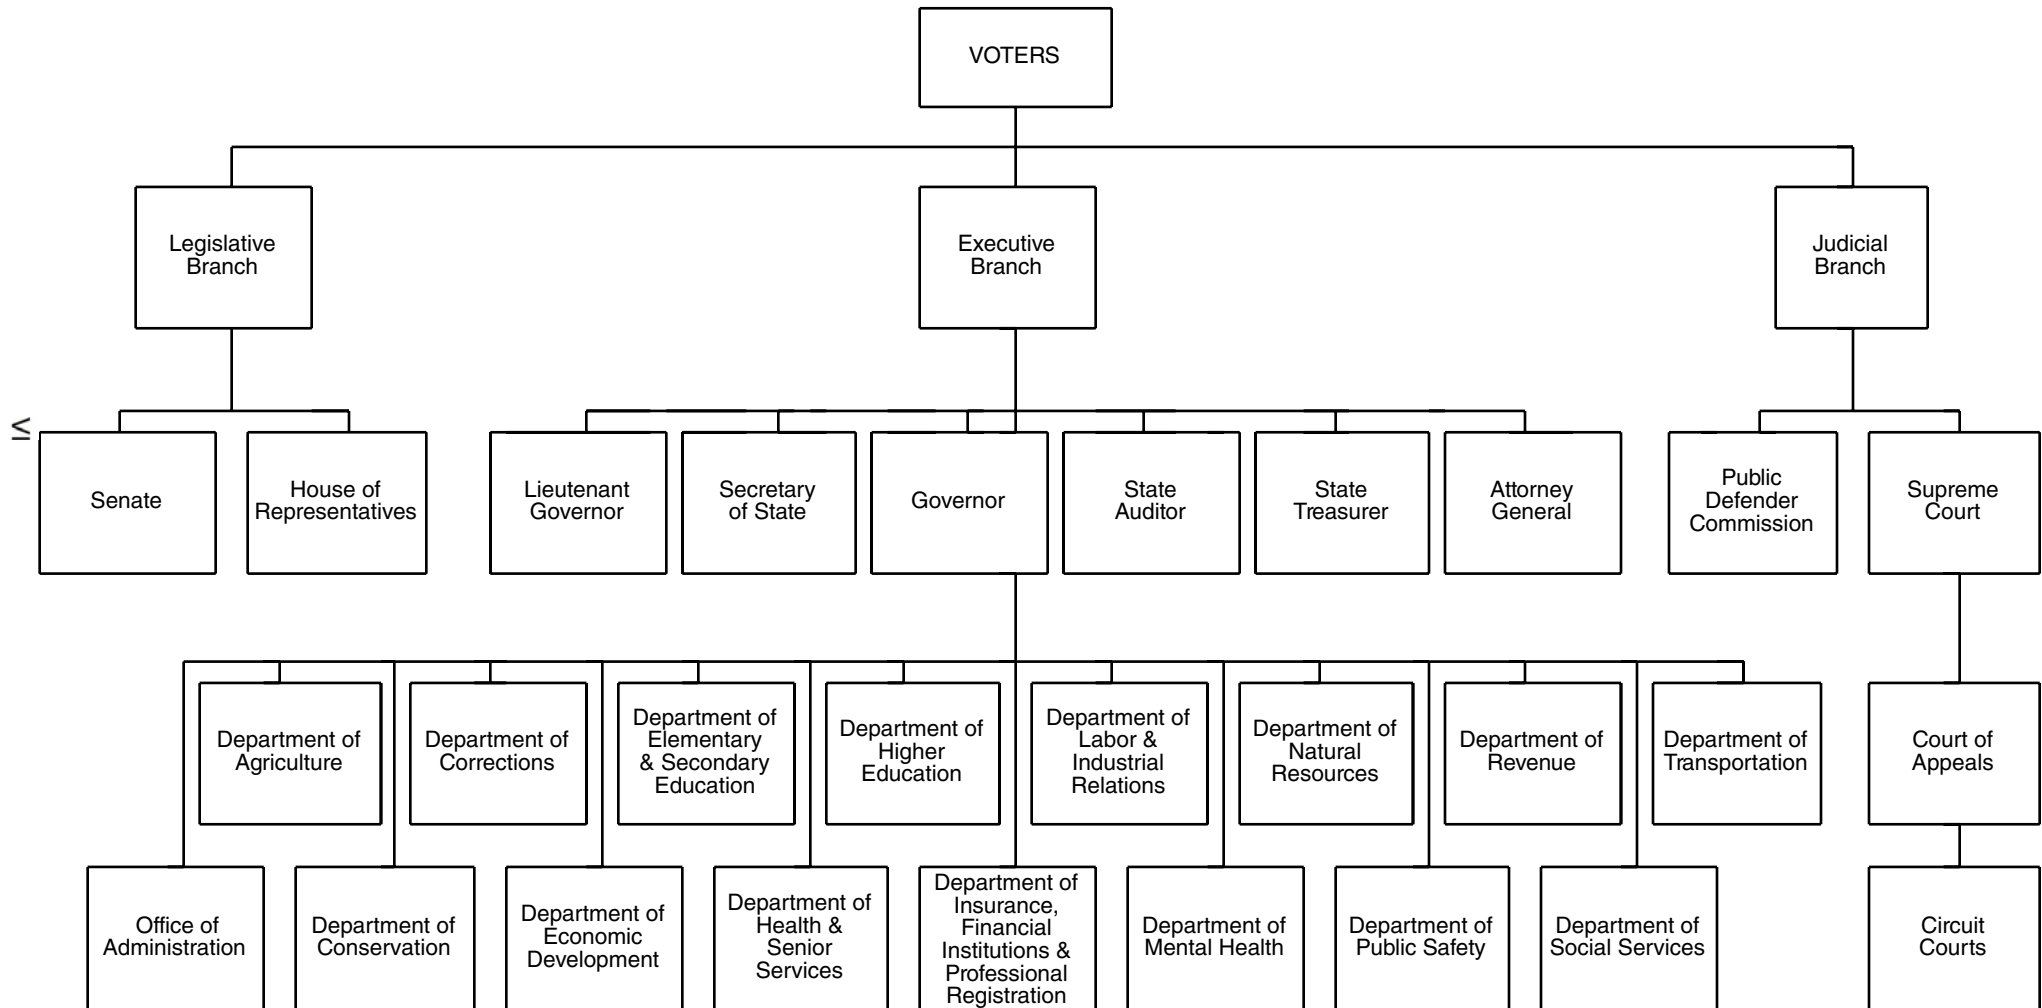

A handwritten signature in black ink that reads "Stacy Neal". The signature is written in a cursive, flowing style.

INDEPENDENT AUDITOR'S REPORT

Honorable Michael L. Parson, Governor
and
Members of the General Assembly

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the state of Missouri, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the state's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of certain entities. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based solely on the reports of the other auditors. Those entities were:

1. The Missouri Road Fund, a major fund; the Missouri Road Bond Fund; the Transportation Self-Insurance Plan; the Missouri State Employees' Insurance Plan; the Missouri Consolidated Health Care Plan; and the Missouri Department of Transportation and Missouri State Highway Patrol Medical and Life Insurance Plan which represent 76 percent of the assets and 11 percent of the revenues of the governmental activities.
2. The State Lottery and the Petroleum Storage Tank Insurance Fund which are both major funds and represent 11 percent of the assets and 74 percent of the revenues of the business-type activities.

3. The aggregate discretely presented component units.
4. The pension (and other employee benefit) trust funds and the Missouri Department of Transportation agency funds which represent 93 percent of the assets and 97 percent of the additions of the fiduciary funds.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Missouri State Employees' Insurance Plan and the Missouri Consolidated Health Care Plan, internal service funds; the Missouri Development Finance Board, the Missouri Agricultural and Small Business Development Authority, and the State Environmental Improvement Energy Resources Authority, discretely presented component units; and the pension (and other employee benefit) trust funds were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinions on the governmental activities and the General Fund opinion units and our unmodified opinions on all remaining opinion units.

Basis for Qualified Opinions on the Governmental Activities and the General Fund

We were not allowed access to tax returns and related source documents for income taxes. Access was denied based on the Department of Revenue's interpretation of the decision rendered by the Missouri Supreme Court in the case of *Director of Revenue v. State Auditor* 511 S.W.2d 779 (Mo. 1974). Approximately 29 percent of governmental activity revenues and 34 percent of General Fund revenues are from this source. We were unable to satisfy ourselves by appropriate audit procedures as to the income tax revenue beyond the amounts recorded.

Qualified Opinions

In our opinion, based on our audit and the reports of other auditors, and except for the possible effects of the matter described in the "Basis for Qualified Opinions on the Governmental Activities and the General Fund" paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and the General Fund of the state of Missouri, as of June 30, 2019, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component units, each major fund excluding the General Fund, and the aggregate remaining fund information of the state of Missouri, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 18 to the financial statements, the 2018 financial statements have been restated to correct misstatements. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis; the Budgetary Comparison Schedule-General Fund, Major Special Revenue Funds; the Schedule of Changes in Net Pension Liability and Related Ratios; the Schedule of Proportionate Share of the Net Pension Liability; the Schedule of State Contributions; the Schedule of Changes in Total OPEB Liability and Related Ratios, the Schedule of Changes in Net OPEB Liability and Related Ratios; and the Schedule of Proportionate Share of the Collective Net OPEB Liability, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the state of Missouri's basic financial statements. The supplementary information, as listed in the table of contents, and the other information, which consists of the introductory and statistical sections, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

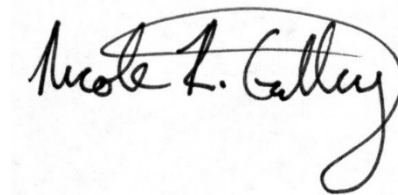

The supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the audit procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States

of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, and except for the possible effects on the supplementary information of the matter discussed in the "Basis for Qualified Opinions on the Governmental Activities and the General Fund" paragraph, the supplementary information, as listed in the table of contents, is fairly stated in all material respects, in relation to the basic financial statements as a whole.

The information in the introductory and statistical sections has not been subjected to the audit procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, our report dated January 9, 2020, on our consideration of the state of Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters will be issued under separate cover in the Report on Internal Control, Compliance, and Other Matters. The purpose of our report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the state of Missouri's internal control over financial reporting or on compliance. Our report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the state of Missouri's internal control over financial reporting and compliance.

The Management's Discussion and Analysis provides a narrative overview and analysis of the financial activities of the State.

Management's Discussion and Analysis

The following is a discussion and analysis of the State of Missouri's financial activities for the fiscal year ended June 30, 2019. Readers are encouraged to consider the information presented here in conjunction with additional information that is furnished in the letter of transmittal.

FINANCIAL HIGHLIGHTS – PRIMARY GOVERNMENT

Government-Wide:

- *Net Position.* Assets and deferred outflows of the State of Missouri exceeded liabilities and deferred inflows at the close of fiscal year 2019 by \$28.1 billion. Of the \$28.1 billion, “unrestricted net position” is reported as a negative \$7.3 billion, offset by \$4.4 billion in “restricted net position,” and \$31.0 billion net investment in capital assets.
- *Changes in Net Position.* The State's total net position increased by \$502.4 million in fiscal year 2019. Net position for governmental-type activities increased by \$404.6 million.
- *Excess of Revenues over (under) Expenses.* During fiscal year 2019, the State's total revenues of \$28.2 billion were \$502.3 million greater than total expenses of \$27.7 billion (excluding capital contributions, transfers, and extraordinary items). Of these expenses, \$15.5 billion were covered by program revenues. General revenues, generated primarily from various taxes, totaled \$12.7 billion.

Fund-Level:

- *Governmental Funds – Fund Balance.* At the close of fiscal year 2019, the State's governmental fund assets exceeded liabilities by \$5.8 billion, an increase of \$310.4 million or 5.7% from the prior year. The increase was due to the net effect of several factors. Revenues increased \$245.0 million, primarily from an increase in taxes of \$314.6 million. Additionally, revenues from Contributions and Intergovernmental decreased \$125.3 million and related expenditures in Human Services increased \$53.9 million due to an increase for Medicaid and Other Assistance Programs.
- *General Fund – Fund Balance.* At the end of the current fiscal year, the State's General Fund reported a balance of \$2.1 billion.

Additional information regarding individual funds begins on Page 8.

Debt Issued and Outstanding:

- The primary government's total long-term obligations related to bonds payable decreased \$321.9 million, or 11.1%, over the prior year. The outstanding bonds payable represents 25.3% of financial assets (cash, receivables, and investments) and 5.9% of total assets. The Missouri Department of Transportation issued refunding bond Series A 2019 in the amount of \$102,705,000, which refunded \$68,605,000 of bond Series A 2008 and \$42,695,000 of bond Series A 2009. Additionally, bond payments of \$313,265,000 were made during the fiscal year. The State has financed purchases through direct borrowing with banks in the amount of \$31.5 million. Additional detail is available in *Note 12*.

Revenue Limit:

- The State Constitution limits the State's ability to retain revenue collected over an amount set by a constitutional amendment known as Article X. Excess revenue of 1.0% or more must be refunded to the taxpayers each year. During fiscal year 2019, the State did not exceed the revenue limit.

OVERVIEW OF THE FINANCIAL STATEMENTS

The State's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements:

The government-wide financial statements are designed to provide readers with a broad overview of the State's finances in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the State's assets, deferred outflows, liabilities, and deferred inflows, with the difference between them reported as *net position*. Increases or decreases in net position may serve as a useful indicator of the State's financial position.

The *Statement of Activities* presents information showing how the State's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of when the cash is received. Thus, revenues and expenses are reported in the statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements report three activities:

Governmental Activities are primarily supported by taxes and intergovernmental revenues. They include general government, education, natural and economic resources, transportation and law enforcement, and human services.

Business-Type Activities are intended to recover all or a significant portion of their costs through user fees and charges. They include constructing or operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising, publishing maps and documents, and insurance coverage. Also included are the operations of the State Lottery, Unemployment Compensation, and the Petroleum Storage Tank Insurance funds.

Discretely Presented Component Units are operations for which the State has financial accountability, but are legally separate. They include the college and universities, Missouri Development Finance Board, Missouri Agricultural and Small Business Development Authority, Missouri Transportation Finance Corporation, Missouri Wine and Grape Board, and the State Environmental Improvement Energy Resources Authority.

Fund Financial Statements:

The fund financial statements present more detailed information about the government's operations than the government-wide statements. The State uses fund accounting to ensure and demonstrate compliance with statutory requirements. The funds of the State can be divided into three categories: governmental, proprietary, and fiduciary.

Governmental funds. Governmental funds are used to account for most of the basic services provided by the State. Unlike the government-wide financial statements, governmental fund financial statements focus on short-term inflows and outflows of current financial resources and utilize the modified accrual basis of accounting. This presentation focuses on when cash will be received and disbursed making the statements useful in evaluating a government's financing requirements in the near future.

Governmental funds include the general, special revenue, capital projects, debt service, and permanent funds. Major funds include general, public education, conservation and environmental protection, and the Missouri Road Fund which are presented in separate columns. Data from other governmental funds are combined into a single column for aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements in supplementary information.

A user can compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. A reconciliation to facilitate this comparison is provided on the page immediately following each governmental fund financial statement.

Proprietary funds. Proprietary funds are used to account for activities similar to private businesses in which goods and services are sold for specified fees. Generally, the State uses enterprise funds to account for activities that provide goods and services to the general public. These include constructing or operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising, and publishing maps and documents. Also included are the operations of the State Lottery, Unemployment Compensation, and the Petroleum Storage Tank Insurance funds. Internal service funds report activities that provide supplies and services for the State's other programs and activities. The State uses internal service funds to account for insurance and health care plans, as well as administrative services for other state agencies, such as fleet management, data processing, and telecommunication services. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds focus on economic resources and utilize the full accrual basis of accounting. The proprietary fund financial statements provide separate information for the State Lottery, Unemployment Compensation, and Petroleum Storage Tank Insurance, which are considered major enterprise funds. Non-major enterprise funds are also combined into a single column for aggregated presentation. All internal service funds are combined into a single column in the proprietary fund financial statements. Individual fund data for the non-major enterprise and internal service funds is provided in the form of combining statements in supplementary information.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside State government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are not available to support the State's own programs. The fiduciary funds are presented using the full accrual basis of accounting.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information (RSI) including a budgetary comparison schedule for the General Fund and major special revenue funds and schedules for pension and other postemployment benefits. Other supplementary information includes the combining statements for the general, non-major governmental, non-major enterprise, internal service, fiduciary, and non-major component unit funds. It also includes the statistical section as well as budgetary comparison schedules and statements for the Missouri Road Fund, non-major special revenue, debt service, capital projects, and permanent funds.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position:

The State's total net position increased \$502.4 million or 1.8% during fiscal year 2019. Cash and cash equivalents and investments increased \$326.3 million due to an increase in revenues. Accounts receivable increased \$188.3 million due to the conversion to a new tax system and the timing of grants receivables. Capital assets increased \$228.1 million mainly due to an increase in the State's infrastructure in progress. Bonds payable and the related unamortized bond premium liability decreased by \$351.0 million, due to bond payments of \$313.3 million and the refunding of the Missouri Highways and Transportation Commission Series A 2008 and Series A 2009 Bonds.

Net investment in capital assets, which includes capital assets, bonds payable, and capital lease/financed purchase obligations, is the largest component of the State's net position at \$31.0 billion or 110.1%. These assets include construction in progress, software in progress, infrastructure in progress, land, easements, land improvements, buildings, equipment, software, and trademarks which are not easily converted to cash or readily available to pay state debts as they come due. Net investment in capital assets and restricted net position, which do not represent resources available to pay day-to-day operating expenses, increased by \$631.9 million or 1.8%. The increase was primarily due to the increase in capital assets of \$228.1 million and a decrease in related outstanding bond, capital lease, and financed purchase obligation of \$254.7 million.

Restricted net position of the primary government totaled \$4.4 billion or 15.6% of total net position vs. 15.4% from the prior year. Net position is restricted for several reasons including constitutional, legal, enabling legislation, or external requirements. Examples of restricted net position include lottery proceeds restricted for public education, funds restricted for debt service, and certain sales taxes restricted for the maintenance of highways or state parks and conservation areas. Also, many federal funds are restricted to funding certain programs.

The following table displays the current and prior year government-wide condensed Statement of Net Position.

STATEMENT OF NET POSITION (In Thousands of Dollars)						
	Governmental Activities		Business-Type Activities		Total	
	2019	2018*	2019	2018*	2019	2018*

Changes in Net Position:

The schedule below reflects how the State's net position changed during the year. The State collected program revenues of \$15.5 billion and general revenues of \$12.7 billion for total revenues of \$28.2 billion during fiscal year 2019. Expenses for the State during fiscal year 2019 were \$27.7 billion. Total net position, net of contributions and transfers, increased by \$502.4 million.

The following table displays the current and prior year government-wide condensed Statement of Activities.

Governmental Activities

The net position of governmental activities increased \$404.6 million in fiscal year 2019. General and program revenues of governmental activities were \$506.1 million more in fiscal year 2019 than in fiscal year 2018, due mainly to an increase in charges for services, sales and use taxes, and income taxes.

As shown in the Revenues by Source chart below, approximately 47.9% of revenues from all sources earned came from taxes. Grants and contributions, which represents amounts received from other governments/entities, primarily the federal government, provided 44.7% of total revenue. Charges for services contributed 6.9% and various other revenues provided 0.5% of the remaining governmental activity revenue sources.

The State's governmental activities program expenses for fiscal year 2019 were \$259.1 million more than fiscal year 2018. The most notable increase is \$109.6 million in Human Services. This is mainly due to an increase for Medicaid and Other Assistance Programs.

As shown in the Expenses by Function chart below, expenses for Human Services comprised the largest portion of total governmental activities expenses at 55.4%, followed by Education at 27.4%.

Business-Type Activities

Net position of the State's business-type activities increased \$97.8 million in fiscal year 2019, mainly due to an increase in cash in Unemployment Compensation. The increase was due to an improved economy and a low unemployment rate which is allowing excess cash to remain in the fund.

Revenues of business-type activities totaled \$2.0 billion. As shown in the Revenues by Source chart below, 77.4% of the revenues came from charges for services. Operating grants and contributions provided 21.3% of the total revenues and all other revenues provided 1.3%.

Expenses of business-type activities totaled \$1.6 billion. As shown in the Expenses by Fund chart below, State Lottery makes up the largest portion with 71.7% of total business-type expenses. Unemployment Compensation comes in second at 16.2%, followed by Veterans' Homes at 7.7%, Inmate Canteen at 1.8%, Petroleum Storage Tank Insurance at 1.3%, State Parks and DNR at 0.8%, State Fair Fees at 0.3%, and Surplus Property at 0.2%.

FINANCIAL ANALYSIS OF THE STATE'S INDIVIDUAL FUNDS

Governmental Funds:

At the end of fiscal year 2019, the State's governmental funds reported combined ending fund balances of \$5.8 billion. Approximately 63.9% is unrestricted and available for spending at the government's discretion. The remainder of fund balance is nonspendable and restricted to indicate that it is not available for new spending because it has already been allocated for: 1) inventories, 2) to pay debt service, 3) for loans receivable, and 4) for a variety of other purposes.

Fund balances (in thousands) for governmental funds are as follows:

	General Fund	Public Education	Conservation and Environmental Protection	Missouri Road Fund	Non-Major Funds	Total
Nonspendable	\$ 47,543	\$ 108	\$ 331	\$ 32,865	\$ 64,925	\$ 145,772
Restricted	555,916	244,432	144,637	644,615	354,036	1,943,636
Committed	655,262	1,843	1,765,893	—	31,696	2,454,694
Assigned	98,635	20,364	109,682	—	247,202	475,883
Unassigned	769,967	—	—	—	—	769,967
Total	\$ 2,127,323	\$ 266,747	\$ 2,020,543	\$ 677,480	\$ 697,859	\$ 5,789,952

The General Fund is the chief operating fund of the State. At the end of fiscal year 2019, the State's General Fund reported a total fund balance of \$2.1 billion, an increase of \$430.8 million from fiscal year 2018. Total revenues increased \$369.5 million. The increase was due primarily to an increase in taxes and an increase in funds received from the federal government for Medicaid and Other Assistance programs. Total expenditures went from \$18.9 billion to \$19.1 billion between fiscal years 2018 and 2019, an increase of \$223.4 million. The largest component of this increase was in education of \$115.5 million relating to the increase in appropriations to state public schools.

The Public Education Fund provides general and special education services to the children of the State and other related functions, such as library services and student loans. Total fund balance decreased from \$281.3 million last year to \$266.7 million this year, a decrease of \$14.6 million or 5.2%. This is mainly due to an increase of appropriations to educational institutions and to school districts.

The Conservation and Environmental Protection Fund provides the preservation of the State's wildlife and environment. At the end of fiscal year 2019, the fund balance was \$2.0 billion, an increase of \$25.3 million from fiscal year 2018. This increase is less than last year's increase of \$52.0 million, mainly due to a decrease in new loans issued by the State Revolving Fund loan program in fiscal year 2019 and to existing loans under that program being paid off.

The Missouri Road Fund accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. Total fund balance decreased \$26.0 million from fiscal year 2018. Revenues totaled \$1.2 billion while expenditures totaled \$1.7 billion. Total revenues decreased by \$89.8 million from fiscal year 2018. The primary decrease is in capital grants and contributions, which was impacted by a reduction in contractor payments due to projects being delayed because of rain and flooding.

Proprietary Funds:

The State has three major proprietary funds: State Lottery, Unemployment Compensation, and the Petroleum Storage Tank Insurance Fund. The State Lottery Fund was established in 1986 to account for the sale of lottery tickets and lottery operations. Since 1992, public education has been the sole beneficiary of lottery proceeds. Unemployment Compensation accounts for contributions and payments collected from Missouri employers under the provision of the "Unemployment Compensation Law." This tax finances benefits for workers who become unemployed through no fault of their own. The Petroleum Storage Tank Insurance Fund accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks. The fund pays cleanup expenses for petroleum leaks or spills from underground storage tanks and certain above ground storage tanks as well as third party property damage or bodily injury resulting from such discharges. This fund is one of the largest insurers of storage tanks in the country.

The State Lottery Fund's net position increased by \$1.0 million in fiscal year 2019, due mainly to pension and OPEB. Those changes are the result of deferred outflows decreasing by \$0.5 million, and deferred inflows increasing by \$0.4 million, both due mainly to differences between projected and actual earnings on pension plan investments. Total operating revenues increased by 4.7%, while operating expenses increase by 7.5% in fiscal year 2019. Prize expense increased by \$75.6 million, while ticket sales increased by \$65.8 million. The sales increase was the result of an increase in Scratchers sales by \$7.7 million, or 0.9%, an increase in Draw Game sales by \$30.1 million, or 7.4%, and an increase in Pull-Tab sales by \$28.0 million, or 32.6%. The increase in Scratchers ticket sales can be attributed to increased sales of the \$20 and \$30 Scratchers games. Mega Millions sales were responsible for most of the increase in Draw Games sales.

The Unemployment Compensation Fund's net position increased by \$111.3 million during fiscal year 2019, which is mainly due to an increase in cash of \$126.1 million and a decrease in accounts receivables of \$7.5 million. The increase in cash is due to an improved economy and low unemployment rate, which allows excess cash to remain in the fund. During fiscal year 2019, the cash balance in the fund reached the statutorily established levels that trigger contribution rate reductions and decreases in the taxable wage base. The employer contribution rates decreased during fiscal year 2019, from 2.5% to 2.4%, and the taxable wage base decreased from \$12,500 to \$12,000, which were the main reasons for the accounts receivable decrease.

The Petroleum Storage Tank Insurance Fund's net position decreased by \$4.6 million in fiscal year 2019 versus \$7.8 million in fiscal year 2018, mainly due to a decrease in claims expenses of \$1 million and an increase in operating revenues of \$1.9 million.

GENERAL FUND BUDGETARY HIGHLIGHTS

The original budget is the appropriated budget that is truly agreed to and finally passed by the legislature, and signed by the Governor at the beginning of the fiscal year. The final budget includes emergency and supplemental appropriations, reverted amounts, and increases to estimated appropriations, which occur during the fiscal year.

Budgeted charges to appropriations for fiscal year 2019 from the General Fund were \$27.7 billion original budget and \$28.1 billion final budget. Actual spending was \$25.3 billion. Reasons for the final budget variances include:

- Appropriation authority exceeded cash available for expenditures.
- Lapse of various appropriations.
- Multiple year grants are appropriated in one year, but the expenditures may occur over several years.
- Capital improvement appropriations were restricted during the budget process.

Budgeted revenues/transfers in for fiscal year 2019 for the General Fund were \$27.0 billion original budget and \$27.0 billion final budget. Actual revenue/transfers in was \$25.5 billion.

Refer to the *Notes to RSI*, Budgetary Reporting, on page 142 for more information on budgetary variances.

GOVERNMENT-WIDE CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets:

The State's investment in capital assets for its governmental and business-type activities as of June 30, 2019, was \$33.4 billion (net of accumulated depreciation/amortization). This investment in capital assets includes construction in progress, software in progress, infrastructure in progress, land, permanent easements, land improvements, temporary easements, buildings and improvements, equipment, software, trademarks, and infrastructure.

Capital Assets of the State include (in thousands):

	Governmental Activities	Business-Type Activities	Total
Construction in Progress	\$ 395,764	\$ 807	\$ 396,571
Software in Progress	82,763	22	82,785
Infrastructure in Progress	1,700,359	—	1,700,359
Land	3,087,175	32,647	3,119,822
Permanent Easements	4,420	—	4,420
Land Improvements	228,760	50,688	279,448
Temporary Easements	524	50	574
Buildings and Improvements	3,451,028	59,494	3,510,522
Equipment	1,375,450	55,023	1,430,473
Software	297,816	820	298,636
Trademarks	17	—	17
Infrastructure	51,366,457	—	51,366,457
<i>Subtotal</i>	<u>61,990,533</u>	<u>199,551</u>	<u>62,190,084</u>
Less Accumulated Depreciation/ Amortization	(28,718,412)	(74,196)	(28,792,608)
Total Capital Assets, Net	<u><u>\$ 33,272,121</u></u>	<u><u>\$ 125,355</u></u>	<u><u>\$ 33,397,476</u></u>

Additional information on capital assets can be found in *Note 5* of this report.

Debt Administration:

At the end of fiscal year 2019, the primary government had total general obligation and other bonded debt outstanding of \$2.6 billion. Of this amount, \$66.1 million comprises debt backed by the full faith and credit of the government. The State had an additional \$31.5 million of direct borrowing obligation outstanding.

Principal amounts retired or refunded in fiscal year 2019 were \$38.6 million for general obligation bonds, \$386.0 million for other bonds, and \$10.8 million for direct borrowings.

The State of Missouri is proud to have maintained a Triple-A credit rating since 1989 from all three major credit rating agencies (Moody's Investor Services, Inc., Standard and Poor's, and Fitch Ratings, Inc.) on the State's General Obligation Bonds.

Outstanding Bonds Payable Financed Purchase Obligation of the State include (in thousands):

	Governmental Activities	Component Units	Total
General Obligation Bonds	\$ 66,120	\$ —	\$ 66,120
Other Bonds	2,523,955	1,937,564	4,461,519
Direct Placements	—	96,170	96,170
Financed Purchases from Direct Borrowings	31,525	74	31,599
Total	<u><u>\$ 2,621,600</u></u>	<u><u>\$ 2,033,808</u></u>	<u><u>\$ 4,655,408</u></u>

Additional information on long-term debt can be found in *Notes 11, 12, and 13* of this report.

ECONOMIC OUTLOOK AND NEXT YEAR'S BUDGET

As a major manufacturing, financial, and agricultural state, Missouri's economic health is tied closely to that of the nation. The expansion after the recession that ended in the summer of 2009 has continued, despite European fiscal and geopolitical troubles, volatile stock markets, and national policy uncertainty. Missouri's personal income, which directly impacts individual income tax and sales tax, increased 3.9% in 2018. Personal income growth began to accelerate in 2017, following a slight deceleration in 2016. Missouri's employment stood at 2.9 million in June 2019, about 1.0% above June 2018. The State's seasonally adjusted unemployment rate registered 3.3% in June 2019, compared to 3.1% one year earlier. The national rate was 3.7% in June 2019.

Since 2012, personal incomes have increased, on average, 2.5% annually for the State and 3.3% for the nation. The average income of Missouri citizen was \$46,635 in 2018, which was lower than the national average of \$53,712. Missouri's per capita personal income grew 3.6% compared to national growth in per capita income of 3.8% from 2017 to 2018. While the State's per capita income is lower than the national average, so is the cost of living. Missouri is among the most affordable states as it had the fourth lowest cost of living in the United States in the first quarter of 2019. The below graph depicts the components of personal income, with transfer payments (such as social security, Medicare, etc.) comprising 21.2% of the State's total personal income, due in part to the State's aging population.

Source: U.S. Bureau of Economic Analysis 2018

The State of Missouri's net general revenue collections in Fiscal Year 2019 were \$9.6 billion, a 1.0% increase from fiscal year 2018 collections.

The State's economic outlook for fiscal year 2020 anticipates continued improvement in employment and wages, with continued growth in state revenue collections. During the fiscal year 2020 budget process, staff from the House, Senate, the University of Missouri and the Division of Budget and Planning developed a revenue estimate of 1.7% growth for fiscal year 2019 and 2.0% growth for fiscal year 2020. The actual fiscal year 2019 revenue collections increased by 1.0% when compared to the fiscal year 2018 collections, slightly below forecast. However, because fiscal year 2018 ended significantly above forecast, net general revenue collections for fiscal year 2019 could have declined by 0.5% and still reached the original budgeted amount. Because of the conditions listed above, the Governor has begun fiscal year 2020 with no restrictions placed on general revenue spending. However, if necessary, the Governor may restrict spending at some point during the fiscal year.

The outlook for general revenue for fiscal year 2020 remains uncertain. Most economic forecasts are calling for moderate economic growth; however, escalating trade tensions and a slowing global economy may dampen Missouri growth. Equity markets are near record highs, but have been very volatile during the first half of 2019. While the number of jobs is steadily improving, the rate of growth has continued to slow as the labor market reaches full employment. Growth in sales tax is expected to be moderate, but much depends on the growth in energy prices and inflation which has been muted lately.

The General Assembly passed several tax-related bills during the 2019 legislative session. The combined impact to general revenue during fiscal year 2020 is estimated as a loss of \$9.4 million to \$59.6 million. Once fully implemented, the legislation could impact general revenue by an estimated loss of \$57.3 million to an estimated gain of \$4.3 million.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the State's finances for all those with an interest in the State's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of Administration, Division of Accounting, P.O. Box 809, Jefferson City, MO 65102.

*The **Governmental Funds** focus on current financial resources.*

Governmental Fund Financial Statements

Major Funds

General Fund - Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

Major Special Revenue Funds:

Public Education - Provides general and special education needs of the State and other related areas such as library services and student loans.

Conservation and Environmental Protection - Provides for the preservation of the State's wildlife and environment.

Major Capital Projects Fund:

Missouri Road Fund - Accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system.

Non-Major Funds

Non-Major Governmental Funds are presented in the Combining and Individual Fund Statements for non-major funds as part of Supplementary Information.

STATE OF MISSOURI
RECONCILIATION OF THE BALANCE SHEET OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION
June 30, 2019
(In Thousands of Dollars)

Total Fund Balances - Governmental Funds \$ 5,789,952

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental funds are not financial resources and are not reported in the funds. These assets consist of (Note 5):

Construction in Progress	395,538	
Software in Progress	81,175	
Infrastructure in Progress	1,700,359	
Land	3,078,841	
Permanent Easements	4,420	
Land Improvements	225,168	
Temporary Easements	524	
Buildings and Improvements	2,957,216	
Equipment	1,241,030	
Software	257,760	
Trademarks	17	
Infrastructure	51,366,457	
Accumulated Depreciation/Amortization	(28,340,848)	32,967,657

Deferred inflows of resources related to the State's revenues that will be collected after year-end, but are not available soon enough to pay for the current period's expenditures are deferred in the funds. 1,096,945

Deferred outflows of resources related to pensions and OPEB (Other Postemployment Benefits) are applicable to future reporting periods and therefore, not reported in the funds. 1,719,003

Deferred outflows of resources related to asset retirement obligations are applicable to future reporting periods and therefore, not reported in the funds. 857

Deferred inflows of resources related to pensions and OPEB are applicable to future reporting periods and therefore, not reported in the funds. (404,486)

Deferred outflows of resources related to deferred charges or credits on debt refundings are applicable to future reporting periods and therefore, not reported in the funds. 42,158

Deferred inflows of resources related to deferred charges or credits on debt refundings are applicable to future reporting periods and therefore, not reported in the funds. (1,761)

Some liabilities are not due and payable in the current period and therefore, not reported in the funds. Those liabilities consist of (Note 11):

Due to Other Entities	(1,403)	
General Obligation and Other Bonds Payable	(2,590,075)	
Unamortized Bond Premium	(137,782)	
Accrued Interest on Bonds	(23,132)	
Obligation under Financed Purchases	(14,971)	
Obligation under Capital Lease	(11,453)	
Pollution Remediation	(48,805)	
Asset Retirement Obligations	(1,789)	
Compensated Absences	(171,928)	
Claims Liability	(29,640)	
Contingent Liabilities	(2,102,294)	
Net Other Postemployment Benefit Obligation	(2,900,752)	
Net Pension Liability	(6,446,534)	(14,480,558)

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The assets and liabilities are included in governmental activities in the Statement of Net Position. 302,958

Net Position of Governmental Activities \$ 27,032,725

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

STATE OF MISSOURI
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES IN
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Fiscal Year Ended June 30, 2019
(In Thousands of Dollars)

Net Change in Fund Balances - Total Governmental Funds	\$ 309,960
--	------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Inventories, which are recorded under the purchases method for governmental fund reporting, are reported under the consumption approach on the Statement of Activities. As a result of this change, the Increase in Reserve for Inventories on the fund statement has been reclassified as a functional expense on the government-wide statement.	425
---	-----

Governmental funds report capital outlays as expenditures. In the Statement of Activities, however, the cost of these assets is allocated over their estimated useful lives and reported as depreciation/amortization expense. This is the amount that capital outlays of \$952,103 exceeds depreciation/amortization of \$691,796 in the current period.	260,307
---	---------

In the Statement of Activities only the gain/loss on the sale of assets is reported, whereas in the governmental funds, the proceeds from the sales increase financial resources. Thus the change in net position differs from the change in governmental fund balance by the net book value of the assets sold.	(30,448)
--	----------

The net effect of the donation of capital assets increased net position.	873
--	-----

Deferred inflows do not provide current financial resources and are not recognized as revenues until available in governmental funds.	66,801
---	--------

Pension and OPEB (Other Postemployment Benefits) contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability and OPEB liability are measured a year before the report date. Pension expense and OPEB expense, which are the change in the net pension liability and the net change in OPEB liability, adjusted for changes in deferred outflows and inflows of resources related to pensions and OPEB, is reported in the Statement of Activities.

Pension Contributions	553,466
Pension Expense	(984,150)
OPEB Contributions	103,909
OPEB Expense	(167,149)

Deferred outflows of resources related to deferred charges on asset retirement obligations are applicable to future reporting periods and therefore, not reported in the funds.	(38)
---	------

Proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. In governmental funds, repayment of principal is an expenditure, but the repayment reduces long-term liabilities in the Combined Statement of Net Position (Note 11):

Bonds Issued	(102,705)	
Bond Premiums and Refunding Costs	(8,966)	
Bonds Retired	424,565	
Financed Purchases Issued	(1,612)	
Financed Purchase Payments	5,346	
Capital Lease Payments	15,527	332,155

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, not reported as expenditures in governmental funds (Note 11):

Amortization of Bond Premium and Refunding Costs	21,847	
Decrease in Accrued Interest	3,653	
Increase in Pollution Remediation	(2,562)	
Decrease in Due to Other Entities	17	
Increase in Compensated Absences	(3,871)	
Increase in Contingent Liabilities	(100,203)	
Decrease in Claims Liability	3,100	(78,019)

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The net revenue and expense of internal service funds are reported with governmental activities.	36,509
--	--------

Change in Net Position of Governmental Activities	\$ 404,601
---	------------

The notes to the financial statements are an integral part of this statement.

*The **Proprietary Funds** focus on economic resources and are operated in a manner similar to private business enterprises.*

Proprietary Fund Financial Statements

Major Funds

State Lottery - Accounts for proceeds from the sale of lottery tickets and all other moneys credited or transferred to this fund. A minimum of 45% of the moneys are used for prizes.

Unemployment Compensation - Accounts for contributions and payments collected under the provisions of the “Unemployment Compensation Law” to pay benefits.

Petroleum Storage Tank Insurance - Accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks for cleanup of contamination caused by releases from petroleum storage tanks.

Non-Major Funds

Non-major enterprise funds and all internal service funds are presented in our combining non-major fund financial statements as part of Supplementary Information.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies

A. Financial Statements and Reporting Entity

The accompanying financial statements of the State of Missouri (primary government) and its component units have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB).

The financial statements include the departments, agencies, boards, commissions, and other organizational units over which the State has financial accountability. GASB set forth the following criteria in Statement No. 14, *The Financial Reporting Entity*, for determining financial accountability: appointment of a voting majority of an organization's governing body and either: 1) the ability to impose the State's will on the organization; or 2) the organization's ability to provide specific benefits to, or impose specific burdens on, the primary government. Where the State does not appoint a voting majority of the governing body, the entity would still be included if it is fiscally dependent on the State. Statement No. 39, *Determining Whether Certain Entities are Component Units*, added a requirement to include all entities whose relationship with the State would make it misleading to exclude it. Statement No. 61, *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34*, improves financial reporting by amending GASB Statement No. 14, *The Financial Reporting Entity*, and Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, in blending component units: 1) if there is a financial benefit or burden relationship with the primary government; 2) management of the primary government has operational responsibility for the component unit's activities; and 3) if the total outstanding debt is expected to be repaid entirely or almost entirely with the resources of the primary government. GASB Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*, requires component units to be blended if they are incorporated as not-for-profit corporations and the primary government is the sole corporate member.

In addition to the legislative, executive, and judicial branches, the following organizations are included in these financial statements:

Component Units (Blended):

Blended component units are legally separate entities from the State, but are so intertwined with the State that they are, for all practical purposes, the same as the State. They are reported as part of the primary government and blended into the appropriate funds. The following component units are blended because they provide services entirely or almost entirely to the primary government:

Governmental Funds:

Board of Fund Commissioners – The Board was created by state law and is comprised of the Governor, Lieutenant Governor, Attorney General, State Treasurer, and the Commissioner of Administration. The Board's purpose is to issue, redeem, and cancel state general obligation bonds and perform other administrative activities related to state general obligation debt as assigned by law. Separate financial statements are not required or issued for the Board.

Board of Private Investigator and Private Fire Investigator Examiners – The Board was created by state law and is charged with the licensure and regulation of the practice of private investigators and private fire investigators in Missouri. The seven member board shall consist of three private investigators, two private fire investigators, and two public members, appointed by the Governor. The Board is appointed by the primary government. It is therefore considered a blended special revenue fund and shown in the financial statements as part of the primary government.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

Coordinating Board for Early Childhood – The Board was created by state law within the Missouri Children's Services Commission. The Board's purpose is to develop a comprehensive statewide long-range strategic plan for a cohesive early childhood system, and to work with public and private entities for the purpose of promoting and improving the development of Missouri's children from birth through age five. The 17 member Board is composed of representatives from the Governor's Office; the following departments: Health and Senior Services, Mental Health, Social Services, and Elementary and Secondary Education; the judiciary; the Family and Community Trust Board; the Head Start Program; and nine members appointed by the Governor. The majority of the board members are appointed by the primary government and, therefore, separate financial statements are not required for the Board.

Missouri State Penitentiary Redevelopment Commission – The Commission was established to coordinate the planning and redevelopment of the old Jefferson City Correctional Center. The ten member commission consists of three members appointed by the Jefferson City mayor, three members appointed by the Cole County Commission, and four members appointed by the Governor. The majority of the board members are appointed by the primary government. Therefore, it is considered a blended special revenue fund and is shown in the financial statements as part of the primary government.

Internal Service Funds:

Board of Public Buildings – This is reported with the State Facility Maintenance and Operation Fund. The Board was created by state law and its governing body is made up of the Governor, the Lieutenant Governor, and the Attorney General. Its purpose is to provide state buildings by issuing revenue bonds and to supervise the operations of these facilities. All construction contracts must be approved by the Division of Facilities Management, Design and Construction, and its projects must be approved by the General Assembly. The Board can require state agencies to occupy its projects. The General Assembly appropriates to the Board, on behalf of the state agencies, amounts sufficient to pay the principal and interest on the bonds and pay the costs of operations.

Conservation Employees' Insurance Plan – The Plan provides health and life insurance coverage to eligible employees and retirees of the Missouri Department of Conservation. The Plan is administered by a five member board of trustees made up of three members of the Plan appointed by the Conservation Commission which consist of two Conservation employees and Division Chief, the Chief Financial Officer, and the Human Resources Division Chief. Copies of the Plan's financial statements may be requested from:

Missouri Department of Conservation
P.O. Box 180
Jefferson City, Missouri 65102

Transportation Self-Insurance Plan – The Plan provides fleet vehicle liability, workers' compensation, and general liability insurance. The Plan is administered by the Missouri Department of Transportation. Additional information may be requested from:

Missouri Department of Transportation
Financial Services Division
P.O. Box 270
Jefferson City, Missouri 65102

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

Missouri State Employee's Insurance Plan – The Plan was created to provide basic life insurance to eligible members and is administered through the Missouri State Employees' Retirement System (MOSERS). Death benefits, optional life insurance, and long-term disability benefits are also provided by the Plan for certain members. Copies of the System's financial statements may be requested from:

Missouri State Employees' Retirement System
P.O. Box 209
Jefferson City, Missouri 65102-0209

Missouri Consolidated Health Care Plan (MCHCP) – The Plan was created by state law to provide medical benefits to its members and is administered by a board of trustees. The Board consists of two members of the Senate; two members of the House; three members appointed by the Governor; the Director of the Department of Health and Senior Services; the Director of the Department of Insurance, Financial Institutions and Professional Registration; the Commissioner of Administration; two members of the system who are current employees; and one member of the system who is a retiree. The management of MCHCP is the responsibility of the Executive Director who is appointed by the Board. Copies of the Plan's financial statements may be requested from:

Missouri Consolidated Health Care Plan
P.O. Box 104355
832 Weathered Rock Court
Jefferson City, Missouri 65110-4355

MoDOT/MSHP Medical and Life Insurance Plan – The Plan provides health and life insurance coverage to eligible employees, retirees, and their dependents of the Missouri Department of Transportation (MoDOT) and the Missouri State Highway Patrol (MSHP). The Plan is administered by a board of trustees consisting of four active MoDOT employees, one retired MoDOT employee appointed by the Director of MoDOT, two active MSHP employees, and one retired MSHP employee appointed by the Superintendent of MSHP. Additional information may be requested from:

Missouri Department of Transportation
Financial Services Division
P.O. Box 270
Jefferson City, Missouri 65102

Pension (and other employee benefit) trust funds:

Missouri State Employees' Retirement System (MOSERS) – The System was created by state law and provides retirement, survivor, and disability benefits to its members and is administered by a board of trustees. The Board consists of two members of the Senate, two members of the House, two members appointed by the Governor, three members elected by the System's members, the State Treasurer, and the Commissioner of Administration. The management of MOSERS is the responsibility of the Executive Director who is appointed by the Board. The MOSERS Board of Trustees also oversees the State's Deferred Compensation Plan which is administered by a third party. Copies of the System's financial statements may be requested from:

Missouri State Employees' Retirement System
P.O. Box 209
Jefferson City, Missouri 65102-0209

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS) – The System provides retirement, survivor, and disability benefits to qualified employees of the Missouri Department of Transportation, uniformed and non-uniformed members of the Missouri State Highway Patrol, and MPERS staff. The System is administered by a board of trustees consisting of three members of the Missouri Highways and Transportation Commission, the Director of the Missouri Department of Transportation, the Superintendent of the Missouri State Highway Patrol, one member of the Senate, one member of the House, one member elected by MoDOT employees, one member elected by the Missouri State Highway Patrol employees, one retired member elected by retired MoDOT employees, and one retired member elected by retired Missouri State Highway Patrol employees. Copies of the System's financial statements may be requested from:

Missouri Department of Transportation and
Highway Patrol Employees' Retirement System
P.O. Box 1930
Jefferson City, Missouri 65102-1930

Missouri Consolidated Health Care Plan (MCHCP) State Retiree Welfare Benefit Trust – The Trust was established on June 27, 2008, to provide health and welfare benefits for the exclusive benefit of current and future retired employees of the State and their dependents who meet eligibility requirements, except those covered by other State sponsored post-employment benefit plans. The Trust is administered by the MCHCP board of trustees, which also administers the benefits for the active participants of the Plan. The net position and activity related to active participants are reported in an internal service fund. Copies of the Plan's financial statements may be requested from:

Missouri Consolidated Health Care Plan
P.O. Box 104355
832 Weathered Rock Court
Jefferson City, Missouri 65110-4355

Missouri State Public Employees' Deferred Compensation Plan – The Missouri State Public Employees' Deferred Compensation Plan is administered by ICMA-RC and oversight of the Plan is provided by the MOSERS board of trustees. Under this Plan, employees are permitted to defer a portion of their current salary until future years. In addition, eligible employees have the opportunity to participate in the Missouri State Employees' Deferred Compensation Incentive Plan. Under this Plan, the State contributes \$25, \$30, or \$35 per month on behalf of any employee who contributes at least that amount to the Missouri State Public Employees' Deferred Compensation Plan and who has been an employee of the State for at least one year. However, due to budget constraints, the State's contribution amount was suspended in March 2010. Copies of financial statements for both Plans may be requested from:

Plan Administrator

University of Central Missouri
316 Administration Building
Warrensburg, Missouri 64093

University of Missouri System
118 University Hall
Columbia, Missouri 65211

Non-Major

Missouri Development Finance Board - The Board was created by state law as an independent, self-supporting, body corporate and politic to promote economic development of the State and was created within the Department of Economic Development. The Board is empowered to issue taxable, tax-exempt, and public purpose infrastructure industrial revenue bonds or notes; provide loans or loan guarantees to eligible businesses; provide loans and grants to political subdivisions to fund public infrastructure improvements; and issue tax credits against certain state income taxes in exchange for contributions made to the Board. The twelve member board is made up of the Lieutenant Governor and the Directors of the Department of Economic Development, the Department of Natural Resources, and the Department of Agriculture, who serve as ex-officio voting members, and eight members appointed by the Governor and confirmed by the Senate. Copies of the Board's financial statements may be requested from:

Missouri Development Finance Board
Governor Office Building
200 Madison Street, Suite 1000
Jefferson City, Missouri 65102

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 1 - Significant Accounting Policies (cont.)

Missouri Agricultural and Small Business Development Authority - The Authority was created by state law and is authorized to issue bonds to finance agricultural and small business development loans for property acquisitions/renovations and pollution control facilities throughout the State. If for any reason, the Authority ceases to exist, all rights and properties of the Authority will pass to the State. Its governing body consists of seven members appointed by the Governor with the advice and consent of the Senate. Copies of the Authority's financial statements may be requested from:

Missouri Agricultural and Small
Business Development Authority
P.O. Box 630
1616 Missouri Boulevard
Jefferson City, Missouri 65102

Missouri Transportation Finance Corporation - The Corporation is a not-for-profit corporation organized under the Missouri Nonprofit Corporation Law. The Corporation is financed by federal highway and transit dollars, plus state and local matching funds. It is authorized to issue revenue bonds. The Corporation provides loans to assist public and private entities to fund highway and transportation projects throughout the State. Missouri Transportation Finance Corporation's board determines which applicants are extended loans. Copies of the Corporation's financial statements may be requested from:

Missouri Transportation Finance
Corporation
P.O. Box 270
105 West Capitol Avenue
Jefferson City, Missouri 65102

Missouri Wine and Grape Board – The Board was created by state law to further growth and development of the grape growing industry in Missouri and foster the expansion of the grape market for Missouri grapes. The eleven member board consists of seven members representing the grape and wine industry, food service industry, or media marketing industry. The four other members include the director of the Department of Agriculture and the presidents of the Missouri Grape Growers Association, the Missouri Vintners Association, and the Missouri Wine Marketing and Research Council. Copies of the Board's annual report may be requested from:

Missouri Wine and Grape Board
P.O. Box 630
1616 Missouri Boulevard
Jefferson City, Missouri 65102

State Environmental Improvement and Energy Resources Authority – The Authority was created by state law and is authorized to finance, acquire, construct, and equip projects to reduce, prevent, and control pollution and develop the energy resources of the State. The Authority is governed by a five-member board appointed by the Governor with the advice and consent of the Senate. Copies of the Authority's annual report may be requested from:

State Environmental Improvement and
Energy Resources Authority
425 Madison Street
Jefferson City, Missouri 65101

Related Organizations

Related organizations are excluded from the financial reporting entity because the State's accountability does not extend beyond appointing a voting majority of the organization's board members. Related organizations of the State of Missouri include:

Missouri Health and Educational Facilities Authority – finances health and educational facilities.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

Missouri Higher Education Loan Authority – provides a secondary market for loans made under the Federal Family Education Loan Program.

Missouri Housing Development Commission – finances the purchase, development or rehabilitation of affordable housing and funds housing assistance.

Missouri Technology Corporation – promotes the modernization of businesses through the development of science and technology applications.

Missouri Public Entity Risk Management Fund – provides liability protection to participating public entities, their officials, and employees.

Jackson County Sports Complex Authority – responsible for construction, operation, and financing of the Jackson County Sports Complex.

Kansas City Regional Sports Complex Authority – responsible for the study and review of all current major sports leagues, clubs, or franchises in Kansas City.

St. Charles County Convention and Sports Facility Authority – responsible for planning, constructing, and managing convention and sports facilities in the St. Charles area.

Missouri Cotton Growers' Organization – organized for boll weevil eradication.

Universal Service Board – organized to ensure just, reasonable, and affordable rates for comparable essential local telecommunication services throughout the State.

Interstate Commission for Adult Offender Supervision – responsible for promoting public safety and protecting the rights of victims through the control and regulation of the interstate movement of adults placed under community supervision.

Board of Trustees of the Missouri Mesothelioma Risk Management Fund – provides coverage of liabilities for participating employers relating to mesothelioma awards.

P-20 Council – organized to create a more efficient and effective education system that more adequately prepares students for the challenges of entering the workforce.

Missouri Propane Safety Commission – responsible for developing comprehensive plans and programs for the prevention, control, and abatement of propane-related accidents in Missouri.

Missouri Family Trust Board of Trustees – provides trust services for persons with disabilities.

B. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements:

The government-wide financial statements focus on the government as a whole. The Statement of Net Position and Statement of Activities report information on all non-fiduciary activities of the primary government and its component units. Primary government activities are distinguished between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Governmental activities include governmental type funds and internal service funds. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services and consist of enterprise funds.

The Statement of Net Position presents the reporting entity's non-fiduciary assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Indirect costs, such as depreciation/amortization expense, are included in the direct expenses reported for individual functions. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not meeting the definition of program revenues are instead reported as general revenues.

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when incurred. Fiduciary funds have been excluded from the government-wide financial statements because, by definition, the resources of these funds cannot be used to support government operations. Generally, interfund transactions have also been eliminated. Some interfund transactions, such as the exchange of services, were not eliminated because doing so would mistakenly understate both expenses of the buyer and revenues of the seller.

Fund Financial Statements:

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though fiduciary funds are excluded from the government-wide statements. For governmental and proprietary fund financial statements, the emphasis is on major individual governmental and enterprise funds, with each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Internal service funds are also aggregated and reported in a separate column on the proprietary fund financial statements.

The governmental fund financial statements are presented using the current financial resources measurement focus and modified accrual basis of accounting. With the current financial resources measurement focus, only current assets and current liabilities are included on the balance sheet. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to pay current period liabilities. Operating statements of governmental funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in fund balance. Material revenues susceptible to accrual include federal grants and sales and income taxes. Expenditures are recognized when the related fund liability is incurred except for the following:

- Principal and interest on general long-term debt is recorded as an expenditure when due.
- Compensated absences (accumulated vacation and compensatory time) and sick pay are recorded as expenditures when paid.
- Inventories are reported as expenditures when purchased, except for the Missouri Road Fund, which updates inventory perpetually under the consumption method.

The proprietary, pension (and other employee benefit) trust, and private-purpose trust fund financial statements are presented using the economic resources measurement focus and accrual basis of accounting. With the economic resources measurement focus, assets, deferred outflows, liabilities, and deferred inflows associated with the operation of these funds are included on the Statement of Net Position. Under the accrual basis of accounting, revenues are recognized in the period earned and expenses are recognized in the period incurred. Proprietary fund-type operating statements present revenues and expenses in total net position. Operating revenues and expenses in proprietary funds are classified as those activities that make up the primary ongoing operations associated with those funds. Non-operating revenues and expenses in proprietary funds are classified as those activities that are deemed incidental or unusual for those funds.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. The agency fund financial statements are presented on the accrual basis of accounting.

The discretely presented component unit financial statements are presented using the economic resources measurement focus and accrual basis of accounting with the following exception in regard to the college and universities. Revenues and related expenditures in connection with the summer sessions in progress at June 30 are deferred at that date.

The State reports the following major funds categories:

General Fund – accounts for all current financial resources not required by law or administrative action to be accounted for in another fund. Major revenues include contributions and taxes.

Public Education – provides general and special education needs of the State and other related areas such as library services and student loans. Major revenues include contributions and taxes.

Conservation and Environmental Protection – provides for the preservation of the State's wildlife and environment. Major revenues include contributions, taxes and licenses, fees, and permits.

Missouri Road Fund – accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. Major revenues are from contributions.

State Lottery – accounts for proceeds from the sale of lottery tickets and all other moneys credited to this fund. A minimum of 45% of the moneys are used for prizes. Major revenues are from sales of lottery tickets.

Unemployment Compensation – accounts for contributions, payments, and federal loans collected under the provisions of the Unemployment Compensation Law to pay benefits. Major revenues include federal and employer contributions.

Petroleum Storage Tank Insurance – accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks for cleanup of contamination caused by releases from petroleum storage tanks. Major revenues are from fees.

C. Basis of Presentation

The State's financial practices are based upon fund accounting concepts. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and fund balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The accompanying financial statements are structured into three categories of funds and discretely presented component units:

Primary Government:

Governmental Funds include the General Fund, special revenue funds, debt service funds, capital projects funds, and permanent funds. These funds account for the revenues and expenditures, capital outlay, and certain debt service of the State.

Proprietary Funds include enterprise funds and internal service funds. These funds account for the cost of certain services provided by the State.

Fiduciary Funds include pension (and other employee benefit) trust funds, private-purpose trust funds, and agency funds. These funds account for assets held by the State in a trustee capacity or as an agent for individuals, other governments, and other entities.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

Discretely Presented Component Units:

Major

College and Universities account for moneys from student tuition and fees, federal and state grants, debt proceeds, gifts and contributions, state appropriations, investments, and endowments. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position are accounted for on the Statement of Net Position. Revenues, expenses, gains, and losses are reported on the Statement of Revenues, Expenses, and Changes in Net Position/Statement of Activities.

Non-Major

Non-Major Component Units account for moneys from bond proceeds, loans, contributions, gifts, grants, and other revenue sources. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position are accounted for on the Statement of Net Position. Revenues, expenses, gains, and losses are reported on the Statement of Revenues, Expenses, and Changes in Net Position/Statement of Activities.

D. Cash and Cash Equivalents

For reporting purposes, cash and cash equivalents include bank accounts, petty cash, and all investments with an original maturity of 92 days or less, such as certificates of deposit, money market certificates, and repurchase agreements. Cash and cash equivalents on the Proprietary Funds Statement of Cash Flows are also reported under this definition. This definition excludes Fiduciary funds. Cash balances of most state funds are pooled and invested by the State Treasurer (see *Note 3*).

E. Investments

These are long-term investments with an original maturity greater than 92 days which are expected to be held to maturity and redeemed at face value. The majority of investments are reported in pension (and other employee benefit) trust funds, however, investments are held in all fund types. Repurchase agreements held by the State Treasurer's Office are reported at amortized cost. The Missouri State Public Employees' Deferred Compensation Plan and the Missouri State Public Employees' Deferred Compensation Incentive Plan report their Stable Value Funds at contract value. The Missouri State Employees' Retirement System reports their cash equivalents at cost plus accrued interest. All other investments of the State are reported at fair value.

There are multiple funds that have income from investments which are directed to the General Fund. These funds consist of special revenue, enterprise, internal service, private-purpose, and agency funds.

F. Interfund Receivables/Payables

The State makes various transactions between funds or between the primary government and component units to distribute interest earnings, finance operations, provide services, and acquire capital assets. These receivables at June 30 are classified as "due from other funds" or "due from primary government/component units" on the Balance Sheet and Statement of Net Position. Payables are classified as "due to other funds" or "due to primary government/component units" on the Balance Sheet and Statement of Net Position (see *Note 16*). These receivables/payables are due within one year. Any receivables/payables that are due to and due from an enterprise fund are eliminated on the face of the Proprietary Funds Statement of Net Position. If any receivables/payables that remain after this elimination are both in the same activity (Governmental), they are eliminated at the Government-Wide Statement of Net Position. Interfund receivables/payables between the primary government and the component units are reclassified as accounts receivable/payable at the government-wide level. Any remaining interfund receivables/payables are reported as internal balances on the Government-Wide Statement of Net Position.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

G. Advances to/from Other Funds

Long-term interfund receivables are classified as “advances to other funds” or “advances to primary government/component units” on the Balance Sheet and Statement of Net Position. Long-term interfund payables are classified as “advances from other funds” or “advances from primary government/component units” on the Balance Sheet and Statement of Net Position (see *Note 16*). These receivables/payables are eliminated if both the receivable and payable are in the same activity (Governmental). Advances to/from that are between the primary government and the component units are reclassified as accounts receivable/payable at the government-wide level. Any remaining long-term interfund receivables/payables are reported as internal balances on the Government-Wide Statement of Net Position.

H. Inventories

Inventories in the governmental funds consist of expendable supplies held for consumption, the cost of which is recorded as an expenditure at the time of purchase, except for the Missouri Road Fund, which updates inventory perpetually under the consumption method. Inventory balances for governmental funds are shown in the nonspendable fund balance classification. Inventories in the proprietary funds consist of both expendable supplies held for consumption and the cost of goods held for resale, the cost of which is recorded as an expense as they are used. Inventories are valued at cost using various methods such as moving average; weighted average; and first-in, first-out.

I. Capital Assets

Capital assets, which include construction in progress, software in progress, infrastructure in progress, land, land improvements, permanent and temporary easements, buildings and improvements, equipment, software, trademarks, and infrastructure assets, are valued at historical cost or estimated historical cost if actual historical cost is not available. The estimate of historical cost was based on current appraised value indexed to the date of acquisition. Donated capital assets are reported at estimated acquisition value at the time received. Capital assets acquired through lease agreements and financed purchases are capitalized at the inception of the agreement (see *Notes 5, 6 and 12*).

Infrastructure assets (including highways, bridges, streets and sidewalks, drainage systems, lighting systems, and similar items) are capitalized. Interest costs incurred during construction of capital assets are not capitalized.

The capitalization threshold for all capital assets is as follows: land improvements – \$15,000, buildings and improvements – \$15,000, software and trademarks – \$5,000, and equipment – \$1,000. No dollar threshold is set for land, easements, or infrastructure.

Capital assets are depreciated/amortized using the straight-line method of depreciation/amortization over the following useful lives: buildings – 40 to 50 years, land improvements and building improvements – 15 to 20 years, temporary easements – term of easement, equipment – 2 to 5 years, software – 3 to 5 years, trademarks – 10 years, and infrastructure – 12 to 50 years. Construction in progress, software in progress, infrastructure in progress, land, and permanent easements are not depreciated/amortized.

Most works of art and historical treasures are not capitalized or depreciated/amortized. The State's non-capitalized collections include the historical artifacts at the various state museums and historical sites, monuments, and other art throughout the capitol grounds. Assets that were previously capitalized continue to be reported in the government-wide financial statements.

Component unit capital assets are stated at cost and are depreciated/amortized using the straight-line method of depreciation/amortization over the following useful lives: buildings – 40 years, land improvements and building improvements – 20 years, equipment – 5 to 15 years, and software – 3 to 5 years.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

J. Deferred Outflow of Resources and Deferred Inflow of Resources

In addition to assets, the Statement of Net Position/Balance Sheet may report a separate line item for deferred outflows of resources. Deferred outflows of resources consist of the decrease of net position by the State that is applicable to a future reporting period and will not be recognized as outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Net Position/Balance Sheet may report a separate line item for deferred inflows of resources. Deferred inflows of resources consist of the increase of net position by the State that is applicable to a future reporting period and will not be recognized as inflow of resources (revenue) until then.

K. Unearned Revenues

Unearned revenues are amounts collected in advance of the year in which earned.

L. Long-Term Debt

Long-term liabilities that will be financed from governmental funds are not reported on the fund financial statements. However, the long-term liabilities are reported on the government-wide financial statements. The reconciliation between fund financial statements and government-wide financial statements includes a line item for the long-term liabilities of governmental funds. These long-term liabilities include the following:

1. Due to Other Entities includes outstanding principal on advances from other governments and contractual obligations to other governments. The expenditures are recorded in the appropriate governmental funds when the liability is paid (see *Note 11*).
2. Outstanding principal for general obligation debt. The expenditure for payment of principal and interest for general obligation debt is recorded in the debt service funds when paid (see *Note 12*).
3. Outstanding principal for bonds issued by the Board of Public Buildings, bonds issued by the Health and Educational Facilities Authority, the Regional Convention and Sports Complex Authority, the Missouri Development Finance Board, and the State Road Bonds issued by the Missouri Highways and Transportation Commission. The expenditure for payment of principal and interest for these bonds is recorded in the appropriate governmental funds when paid (see *Note 12*).
4. Bond premiums are deferred and amortized over the life of the bonds using the effective interest rate method in the government-wide financial statements. Bonds payable are reported net of the applicable bond premium.

In the fund financial statements, governmental fund types recognize bond premiums during the current period. Premiums on debt issuances are reported as other financing sources (see *Note 11*).

5. Obligations under leases and financed purchases reported include the present value of net minimum future lease payments, which will be paid from the General Fund, various special revenue funds, proprietary funds, and the Missouri Road Fund (see *Notes 6, 11, and 12*).
6. Pollution remediation liabilities are measured based on the pollution remediation outlays expected to be incurred to settle those liabilities. These liabilities include all remediation work that the State expects to perform, including work expected to be performed for other responsible parties or potentially responsible parties, whether or not the State is required to do that work. For goods or services used for pollution remediation activities, amounts that are normally expected to be liquidated with expendable available financial resources are recognized as liabilities upon receipt of those goods and services (see *Note 11 and 23*).

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

7. Asset Retirement Obligations are measured based on the best estimate of the current value of outlays expected to be incurred. These liabilities include all legally enforceable amounts associated with the future retirement of a tangible capital asset. Liabilities and expenditures are recognized for goods and services used for asset retirement activities upon receipt of those goods and services (see *Note 24*).
8. Compensated absences include accumulated unpaid vacation and compensatory time accruals and related employer payroll taxes. These amounts are not accrued in the governmental funds, but are recorded as expenditures when paid (see *Note 11*).

Vacation leave is accumulated at a rate of 10 to 14 hours per month depending on the number of years of employment. Accumulated vacation leave cannot exceed twice the number of vacation hours earned annually. Compensatory time is accumulated as earned by an individual employee.

Sick leave is accumulated at a rate of 10 hours per month with no limit to the amount which can be accumulated. Accumulated sick leave is not paid upon employee termination and does not represent a liability of the State. However, unused sick leave may be converted to additional credited service upon retirement (usable only for benefit computation, not eligibility).

9. Claims and contingent liabilities include estimates of the risk of loss related to tort liability, general liability, motor vehicle liability, contractor liability, and injuries to employees. These liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. These losses include an estimate of claims that have been incurred, but not reported. Expenditures are recorded in the fund from which the liability is paid (see *Notes 11, 22, and 25*).
10. The State provides postemployment health care (OPEB) and life insurance benefits to the majority of employees who either retire from the State or receive long-term disability benefits. These benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP), the Missouri State Employees' Retirement System (MOSERS), the MoDOT/MSHP Medical and Life Insurance Plan (MHPML), and the Conservation Employees' Insurance Plan (CEIP). MCHCP is a cost-sharing multiple-employer defined benefit plan, while MHPML and CEIP are single-employer defined benefit plans. Health care benefits and MOSERS life insurance benefits are funded through both employer and employee contributions. The University of Missouri's OPEB plan is a single-employer defined benefit plan for all qualified employees.

For the purposes of measuring the total/net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position and additions to/deductions from have been recognized on the same basis as they are reported by the plans. Employer contributions are recognized as revenue and reported when due and payable. Benefits are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value (see *Note 8*).

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

11. The State has two major retirement systems which cover substantially all State employees and a retirement plan for University of Missouri employees. These systems are the Missouri State Employees' Retirement System (MOSERS) and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS). The Missouri State Employees' Plan (MSEP) is a cost-sharing multiple employer defined benefit public employee retirement plan administered by MOSERS. MOSERS also administers the Judicial Plan, a single-employer defined benefit public employee retirement plan. MPERS is a single-employer defined benefit public employee retirement plan. The University of Missouri Retirement, Disability, and Death Benefit Plan is a single-employer defined benefit plan for all qualified employees.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value (see *Note 7*).

Long-term liabilities of all proprietary, pension (and other employee benefit) trust, and private-purpose trust funds are accounted for in the respective funds.

M. Net Position and Fund Balance

The difference between fund assets, deferred outflows, liabilities, and deferred inflows is reported as "Net Position" on the government-wide, proprietary, fiduciary, and component unit fund statements and "Fund Balance" on the governmental fund financial statements.

Net Position is reported in three categories:

Net Investment in Capital Assets – An account used to segregate the portion of net position attributable to capital assets and related debt. It consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributed to acquisition, construction, or improvement of those assets.

Restricted Net Position – An account used to segregate the portion of net position that have constraints on their use, which are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through enabling legislation.

Enabling legislation authorizes the State to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. At June 30, 2019, net position restricted by enabling legislation equaled \$521,213,000 for governmental activities.

Unrestricted Net Position – An account used to segregate the portion of net position that does not meet the definition of the two preceding categories.

When both restricted and unrestricted resources are available for use, generally the State uses restricted resources first, then unrestricted resources as they are needed. However, there may be instances in which restricted funds may only be spent in proportion to unrestricted funds spent.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

Governmental Fund Balance Classifications

The State's fund balances are classified as:

Nonspendable – Amounts that are not expected to be converted to cash or amounts that are legally or contractually required to be maintained intact.

Restricted – Amounts that are restricted for specific purpose due to constraints that are externally imposed by creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts that can only be used for specific purposes pursuant to constraints imposed by a formal action of the legislature. Committed amounts cannot be used for other purposes unless the General Assembly passes legislation to remove the restraints.

Assigned – Amounts that are constrained by the legislature's intent to be used for a specific purpose, but do not meet the criteria for restricted or committed. The constraint for assigned fund balance is established by the Revised Statutes of the State of Missouri.

Unassigned – Amounts that do not meet the criteria of any of the classifications listed above.

Negative Fund Balance

A negative fund balance is prohibited in all fund balance classifications except Unassigned. When a negative fund balance exists, the shortfall would be covered by the next fund balance classification for that specific purpose.

N. Interfund Transactions

During the fiscal year, the State incurs various transactions between funds, including expenditures and transfers of resources to distribute interest earnings, finance operations, provide services, service debt, and acquire capital assets. Interfund transactions consist of these three types:

1. Transactions that would be treated as revenues or expenditures/expenses, if they involved organizations external to the State, are similarly treated when involving other funds of the State. Major transactions that fall into this category include payments to internal service funds from other funds for services rendered and to agency funds for contributions for employee benefits.
2. Transactions that reimburse another fund for an expense reduce the expenses of the fund that is being reimbursed and increase the expenses for the fund doing the reimbursement. Therefore, they are not shown on the face of the statements.
3. Operating subsidies and transfers from funds receiving revenues to funds through which the resources are to be expended are classified as transfers (see *Note 17*). These transactions are eliminated on the face of the financial statements if the transfer in and transfer out are either both in governmental funds or both in enterprise funds. Of the remaining transfers, any transfers in and transfers out that are within the governmental activities are eliminated at the Government-Wide Statement of Activities.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 1 - Significant Accounting Policies (cont.)

O. Property Taxes

Presently there is a state property tax of three cents on each hundred dollars assessed valuation on all real estate and personal property. The tax collected is deposited into the Blind Pension Fund, which is a component of social assistance.

Property taxes in Missouri are levied by October 31 of each year on assessed valuation as of January 1 of that year. Property taxes are due and payable by December 31 and penalties on unpaid taxes are imposed after that date. Assessed values are established by each county assessor's office and are calculated as a percent of market value except for agricultural land which is calculated on productive capability. The percentage for real property varies according to use: residential at 19%, commercial at 32%, and agricultural at 12%. Personal property is assessed according to type with the majority at 33 1/3% of market value.

Note 2 - Reporting Changes and Classifications

The State of Missouri implemented the following new accounting standards issued by the Governmental Accounting Standards Board (GASB) for the fiscal year ending June 30, 2019:

- GASB Statement No. 83, *Certain Asset Retirement Obligations*, which addresses accounting and financial reporting for any legally enforceable obligations required to retire tangible capital assets. It also requires disclosure of information about the nature of a government's asset retirement obligations, the methods and assumptions used for the estimates of the liabilities, and the estimated remaining useful life of the associated tangible capital assets. The implementation of this statement is reflected in *Note 24 - Asset Retirement Obligations*.
- GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placement*, which requires additional information related to debt to be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. The implementation of this statement is reflected in *Note 6 - Leases and Note 12 - Debt*.

The State of Missouri reclassified one fund for the fiscal year ending June 30, 2019. The Inmate Canteen Fund was reclassified from an agency fund to a enterprise fund per House Bill No. 2009, 99th General Assembly, Second Regular Session, with its inclusion into the State Treasury.

The State Environmental Improvement and Energy Resources Authority was reclassified from a related organization to a discreetly presented component unit upon re-evaluation as this is a legally separate entity, body corporate and politic, with the board members appointed by the Governor and able to be removed by the Senate at will. The State does not have operational responsibility for the Authority and there is no financial benefit/burden relationship with the State. Debt obligations for the Authority are not an indebtedness of the State.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 3 - Deposits and Investments

The State Treasurer's Office maintains a cash and short-term investment pool that is used by substantially all state funds of the primary government. These funds do not include accrued interest. Certain organizational units are authorized to administer assets designated to their organization in a manner similar to the deposit and investment activities of the State as a whole. Summarized on the following page is the portfolio that represents the "Cash and Cash Equivalents," "Investments," "Restricted Assets – Cash and Cash Equivalents," and "Restricted Assets – Investments" as reported at June 30, 2019.

A. Deposits

The State minimizes custodial credit risk by restrictions set forth in state law and stipulations in the State Treasurer's Office Investment Policy. Custodial credit risk is risk that, in the event of the failure of a depository financial institution, the State will not be able to recover deposits or will not be able to recover collateralized securities that are in the possession of an outside party. Statutes restrict the State Treasurer's Office to deposit funds in financial institutions that are physically located in Missouri, which are selected based on financial stability and community involvement. The financial institution's loan to deposit ratio must exceed 50% at the time of deposit and deposits must be collateralized at least 100% in excess of FDIC coverage with approved securities. Deposits must have a maturity of five years or less and earn interest at varying rates based on State law.

Primary Government

At June 30, 2019, the bank balance of the primary government's deposits was \$1,690,830,000. Of the bank amount, \$15,641,000 was exposed to custodial credit risk by being uninsured and collateralized with securities held by the pledging financial institutions, \$1,044,757,000 was held by the U.S. Treasury, and the remainder was not exposed to custodial risk.

Fiduciary

At June 30, 2019, the bank balance of the deposits of the fiduciary funds was \$112,316,000.

Component Units

Information on the component units' deposits is available within their individual financial statements.

B. Investments

Statutes authorize the State Treasurer's Office to invest in U.S. Treasury or Agency securities maturing within five years, commercial paper and banker's acceptances maturing within 180 days, or in repurchase agreements maturing within 90 days secured by U.S. Treasury, or Agency securities of any maturity. There have been no violations of these investment restrictions during fiscal year 2019.

The State Treasurer's Office minimizes credit risk, the risk of loss due to the failure of the security issuer or backer, by establishing a pre-approved list of financial institutions and companies that will be used to purchase commercial paper. The State Treasurer's Office also conducts regular credit monitoring, pre-qualifies the financial institutions and brokers/dealers with which the State Treasurer's Office will do business for broker services and repurchase agreements, and diversifies the portfolio to reduce potential losses on individual securities.

Custodial credit risk is the risk that, in the event of failure of the counterparty to a transaction, the State will not be able to recover the value of their investment or collateral securities that are in the possession of an outside party. The State Treasurer's Office minimizes custodial credit risk by requiring that all securities be held in the State's name at the State's custodial bank, Wells Fargo Bank, National Association, or at one of the State Treasurer's Office approved collateral custodians.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 3 - Deposits and Investments (cont.)

Primary Government

At June 30, 2019, the reported amount of the primary government's investments was \$3,916,181,000. Of this amount, \$178,057,000 was exposed to custodial credit risk because it was uninsured and unregistered with securities held by the State's counterparty.

Fiduciary

At June 30, 2019, the reported amount of the fiduciary funds investments was \$17,016,216,000.

Component Units

Information on the component units investments is available within their individual financial statements.

The following table (in thousands of dollars) provides information about the interest rate risks associated with the State's investments. Statutes also authorize investment of funds not held by the State Treasurer's Office. The externally-held internal service funds, the agency and pension (and other employee benefit) trust funds, and the component units, in accordance with statutory authority, invest primarily in U.S. government securities, repurchase agreements, preferred and common stocks, bonds, real estate, fixed income securities, mutual funds, and investments in limited partnerships. The investments include certain short-term cash equivalents, various long-term items, and restricted assets by maturity, or in certain instances, a weighted average maturity in years. The State Treasurer's Office minimizes the risk of the market value of securities falling due to changes in interest rates by maintaining an effective duration of less than 2.5 years, and holding at least 25% of the portfolio's total market value in securities with a maturity of 12 months or less.

*The State Treasurer's Office reports their repurchase agreements in the amount of \$1,258,000 at amortized costs. The Missouri State Public Employees Deferred Compensation Plan and the Missouri State Public Employees Deferred Compensation Incentive Plan reports their Stable Value Funds in the amounts of \$473,000 and \$363,000 respectively, at contract value. The Missouri State Employees' Retirement System reports their cash equivalents in the amount of \$687,000, at cost plus accrued interest.

The State minimizes concentration of credit risk, the risk attributed to the magnitude of an investment in a single issuer. State statute prohibits the State Treasurer's Office from investing more than 10% of the total time deposits with any single financial institution. State investment policy limits investment in commercial paper to 5% of the total portfolio per issuer and no more than 15% of the total portfolio may be invested in repurchase agreements with a single counterparty. Addendum A to the investment policy limits the total amount of linked deposits a financial institution may receive to 20% of the statutory cap set forth in Section 30.753.1 RSMo. There are no restrictions in the amount that can be invested in U.S. securities. During fiscal year 2019, the State did not have any instances of noncompliance with these requirements and policies.

Note 3 - Deposits and Investments (cont.)

Fair Value Measurement

The State of Missouri categorizes its fair value measurements within the fair value hierarchy established by GASB Statement No. 72, *Fair Value Measurements and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

- Level 1 – Unadjusted quoted prices for identical instruments in active markets.
- Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs are unobservable.
- Level 3 – Valuations derived from valuation techniques in which significant inputs are unobservable.

Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lower level input that is significant to the valuation. The State's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The State Treasurer's Office uses the market approach for the determination of the fair value of investments, except for repurchase agreements, which are measured at amortized costs.

Debt, equities, and investment derivatives classified in level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

Debt securities and liabilities classified in level 2 have non-proprietary information that was readily available to market participants from multiple independent sources, which are known to be actively involved in the market. Pricing inputs may include market quotations, yields, maturities, call features, and ratings. A portion of the derivative securities classified in level 2 are securities whose values are derived daily from associated traded securities. Other investments listed as level 2 include debt securities where an independent pricing evaluator had direct observable information, including: trading volume, multiple sources of market data and benchmark spreads. FX forwards are included due to the valuation coming from observable forward rates on the underlying currencies. The equity index swap is included because valuation inputs include an observable interest rate and the underlying index.

Private equity securities classified at level 2 are valued at the price observed in subsequent market activity.

Investments listed as level 3 include debt securities where an independent pricing evaluator did not have direct observable information for comparable securities. Significant inputs used in the valuation are not available aside from the evaluator providing the price. Direct investments in private equity, real estate, credit, and real assets are included because the valuation techniques utilize discounted cash flows or other non-observable market information.

The following is a description of valuation methodologies used for assets recorded at fair value.

¹Activist equity – This value is 100% from MPERS. Consisting of two funds, this strategy focuses on obtaining publicly traded shares of companies and effecting changes within the companies that it owns whether that be value creation through operational, financial or corporate governance changes. One fund's focus is on North American companies and the other fund's focus is on European and Nordic companies. Due to contractual lock-up restrictions and the necessity for activist managers to retain capital in order to realize desired company changes, 50% of this strategy's investments are eligible for redemption on a rolling three-year basis. The remaining 50% are eligible for redemption on a rolling one-year basis.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 3 - Deposits and Investments (cont.)

²Long/short equity hedge funds – This value is 90.0% from MOSERS and 10.0% from MPERS. Consisting of two funds for MOSERS and one fund for MPERS, this strategy invests both long and short in U.S. and global equity securities, with a goal of adding growth and minimizing market exposure. Due to contractual lock-up restrictions, these investments remain restricted ranging anywhere from 4 to 12 months for MOSERS and within 6 months for MPERS.

³Equity market neutral hedge fund – This value is 100% from MOSERS. This consists of one fund whereby the strategy invests both long and short in U.S. and global equity securities, with the goal of having little to no net market exposure. This investment is redeemable quarterly and is not subject to lockup restrictions.

⁴Event driven hedge funds – This value is 94.2% from MOSERS (with a redemption period of 60 days) and 5.8% from MPERS (with a redemption period of 90 days). Consisting of one fund for MOSERS and one fund for MPERS, this strategy seeks to gain an advantage from pricing inefficiencies that may occur in the onset or aftermath of a corporate action or related event. Due to contractual lock-up restrictions, (a) approximately 50% of the value of these investments is eligible for redemption semi-annually, the remaining 50% of the value of these investments remains restricted for 12 months for MOSERS and (b) the value of these investments is eligible for redemption in the next 4 months for MPERS.

⁵Fund-of-funds – This value is 100% from MOSERS. Consisting of one fund, this fund seeks to provide diversification by holding a number of funds within a single fund structure. This investment is redeemable monthly, and is not subject to lock-up restrictions.

⁶Global asset allocation – This value is 100% from MPERS. Consisting of one fund, this strategy is highly diversified and uses fundamental research to develop systematic rules for trading positions. Due to contractual lock-up restrictions, the value of these investments is eligible for redemption in the next 35 days.

⁷Pending liquidated hedge funds – This value is 98.5% from MOSERS and 1.5% from MPERS. MOSERS has 12 hedge funds that have been fully redeemed as of June 30, 2019, which are awaiting final distribution of the proceeds. MPERS has a small investment in two hedge funds that are in liquidation and have been closed, and MPERS is awaiting the sale of the final assets.

⁸Macro hedge funds – This value is 100% from MOSERS. Consisting of two funds, this strategy seeks to take advantage of macroeconomic dislocations between countries by trading a number of different markets and financial instruments. These investments are redeemable monthly and quarterly, and are not subject to lock-up restrictions.

⁹Merger arbitrage hedge fund – This value is 100% from MOSERS. Consisting of one fund, this strategy invests in the common stock of companies that are involved in publicly announced mergers and seeks to generate attractive returns while dampening volatility. This investment is redeemable monthly, and is not subject to lock-up restrictions.

¹⁰Multi-strategy hedge fund – This value is 100% from MPERS. Consisting of two funds, these investments aim to pursue varying strategies in order to diversify risks and reduce volatility. Due to contractual lock-up restrictions, the value of these investments are eligible for redemption in the next 6 months.

¹¹Risk parity funds – This value is 100% from MOSERS. Consisting of one fund, this strategy attempts to build a more efficient portfolio through an equal risk methodology. The fund takes long only positions across equity indices, developed nominal bonds, TIPS, commodities and credit. Diversification benefits decrease both the expected return and volatility, thus requiring leverage to maintain a similar return to a more conventional portfolio. This investment is redeemable monthly, and not subject to lock-up restrictions.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 3 - Deposits and Investments (cont.)

¹²Risk premia hedge funds – This value is 100% from MOSERS. Consisting of one fund, this strategy seeks to capture hedge fund betas through the use of systematic, bottoms up security selection across major hedge fund strategies. Style premia such as value, momentum and carry help build the long/short portfolios. This investment is redeemable at least monthly, and is not subject to lock-up restrictions.

¹³Structured credit – relative value – This value is 100% from MPERS. Consisting of one fund, this strategy's main focus is to benefit from valuation discrepancies that may be present in related financial instruments by simultaneously purchasing or selling these instruments. Due to contractual lock-up restrictions, all funds are eligible for redemption within the next 6 months.

¹⁴Commingled international equity funds – This value is 69.5% from MOSERS (with a redemption period of 1-10 days) and 30.5% from MPERS (with a redemption period of 0-30 days and 90 days). These international equity funds (2 for MOSERS and 3 for MPERS) are considered to be commingled in nature. For MPERS, due to contractual lock-up restrictions, 70% of this capital is eligible for redemption in one month; the remaining 30% has daily liquidity.

¹⁵MOSERS Investment Portfolio (MIP) fund – This value is 85.9% from the Deferred Compensation Plan and 14.1% from the Deferred Compensation Incentive Plan. Participant transactions (purchases and sales) may occur monthly. The significant investment strategies are designed to achieve long-term total returns, comprised of capital appreciation and income. There are no unfunded commitments. There are generally no restrictions as to the redemption of these investments nor do the Plans have any contractual obligations to further invest in any of these funds.

¹⁶Missouri target date funds – This value is 66.9% from Deferred Compensation Plan and 33.1% from the Deferred Compensation Incentive Plan. Participant transactions (purchases and sales) may occur daily. The significant investment strategies of the funds are to seek the highest total return over time, consistent with the fund's asset mix. The asset allocations within these target date funds adjust automatically over time. Each fund invests more aggressively in its early years and becomes more conservative as it reaches its time horizon. There are no unfunded commitments. There are generally no restrictions as to the redemption of these investments nor are there any contractual obligations to further invest in any of these funds.

¹⁷Private equity, real estate and timber funds – This value is 100% from MOSERS. MOSERS' private equity portfolio consists of 44 funds with exposure to buyout funds, distressed funds, infrastructure, energy, royalty funds, and special situations. The real estate portfolio, comprised of four funds, invests mainly in U.S. commercial real estate. The timber portfolio consists of one fund which invests in global timberland. The fair values of the majority of these funds has been determined using net assets valued one quarter in arrears plus current quarter cash flows. These funds are not eligible for redemption. Distributions are received as underlying investments within the funds are liquidated, which, on average, can occur over the span of 5 to 10 years.

The State Treasurer's Office requires investments in commercial paper and bankers' acceptances to have the highest letter and numerical ranking (such as A1/P1) as rated by at least two Nationally Recognized Statistical Rating Organizations (NRSROs). The Treasurer does not have any additional policies regarding credit ratings of investments.

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The State Treasurer's Office does not have any deposits or investments in foreign currency and therefore does not have a policy regarding foreign currency risk. The Missouri State Employees' Retirement System and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System do have foreign currency deposits and investments which may be used for hedging purposes. The following table (in thousands of dollars) provides information on deposits and investments held in various foreign currencies, which are stated in U.S. dollars.

C. Securities Lending Program

Missouri State Employees' Retirement System:

The Missouri State Employees' Retirement System's (MOSERS) board of trustees' investment policies permit the pension trust funds to participate in a securities lending program. Fixed income, international equity and domestic equity securities of the pension trust funds are loaned to participating brokers who provide collateral in the form of cash, U.S. Treasury or government agency securities, or letters of credit issued by approved banks. Collateral must be provided in the amount of 102% of market value for domestic loans and 105% of market value for international loans. MOSERS does not have the authority to pledge or sell collateral securities without borrower default.

MOSERS had no securities lending activity in fiscal year 2019.

Missouri Department of Transportation and Highway Patrol Employees' Retirement System:

In accordance with the investment policies set by the board of trustees, the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS), lends its securities to broker-dealers and banks pursuant to a form of loan agreement. MPERS custodial bank, Northern Trust, is authorized to lend available securities to approved broker-dealers and banks subject to the receipt of acceptable collateral.

MPERS may lend securities and receive cash, securities insured or guaranteed by the U.S. government or its agencies, and irrevocable bank letters of credit as collateral. MPERS cannot pledge or sell non-cash collateral unless a borrower defaults. Borrowers are required to deliver collateral for each loan equal to: 1) 102% of the fair value of the loaned securities plus any accrued interest in the case of loaned securities denominated in United States dollars or whose primary trading market is located in the United States, and 2) 105% of the fair value of the loaned securities plus any accrued interest in the case of loaned securities not denominated in United States dollars or whose primary trading market was not located in the United States.

MPERS did not impose any restrictions during the fiscal year on the amount of the loans that the custodial bank made on its behalf. There were no known failures by any borrowers to return loaned securities or pay distributions thereon during the year.

MPERS and borrowers maintained the right to terminate all securities lending transactions on demand. At June 30, 2019, the cash collateral fund had a fair value of \$104,247,000.

At June 30, 2019 and June 30, 2018, MPERS had earned \$166,000 and \$193,000, respectively, on the securities lending program.

Component Units:

Information on the component units securities lending program is available within their individual financial statements.

Note 3 - Deposits and Investments (cont.)

D. Derivatives

Missouri State Employees' Retirement System:

While the Board has no formal policy specific to derivatives, Missouri State Employees' Retirement System (MOSERS), through its external investment managers, holds investments in futures contracts, swap contracts and forward foreign currency exchange. MOSERS does not anticipate additional significant market risk from the derivative arrangements. The forward foreign currency exchange contracts are used primarily to hedge against changes in exchange rates related to foreign equities. For the year ended June 30, 2019, the change in fair value of the foreign exchange contracts resulted in \$700,000 of investment loss. MOSERS could be exposed to risk if the counterparties to the contracts are unable to meet the terms of the contracts. MOSERS anticipates that the counterparties will be able to satisfy their obligation as credit evaluations and credit limits are monitored by the investment managers. At June 30, 2019, MOSERS Foreign Currency Forward Contracts had a pending receivable of \$18,770,000 and a pending payable of \$18,694,000 resulting in a final asset of \$76,000.

The following table (in thousands of dollars) summarizes the various contracts in MOSERS portfolio as of June 30, 2019. The investments are reported at fair value and are included on the Statement of Fiduciary Net Position of the pension (and other employee benefit) trust funds.

Futures Contracts:

Notional Amount	Exposure
\$428,722	\$24,687

Swap Contracts:

Notional Amount	Counterparty Exposure
\$2,727,586	\$66,167

Foreign Currency
Forward Contracts:

Notional Amount	Exposure
\$76	\$76

Missouri Department of Transportation and Highway Patrol Employees' Retirement System:

MPERS has an investment policy which holds investments in future contracts, swap contracts, options contracts, and forward foreign currency exchange contracts. Derivative financial instruments involve credit risk and market risk. The notional value related to these derivative instruments are generally not recorded on the financial statements; however, the change in fair value of these instruments is incorporated in performance.

The following table (in thousands of dollars) summarizes the various contracts in MPERS portfolio as of June 30, 2019. The investments are reported at fair value and are included on the Statement of Fiduciary Net Position of the pension (and other employee benefit) trust funds.

Type	Notional/Fair Value	Unrealized Gain (Loss)
Futures Contracts	\$ 287,227	\$ 35,430
Swap Contracts	89,635	10,407
Total	\$ 376,862	\$ 45,837

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 3 - Deposits and Investments (cont.)

Through the use of derivatives, MPERS is exposed to risk that the counterparties involved in the contracts are unable to meet the term of their obligation. MPERS investment managers seek to control this risk through counterparty credit evaluations and approvals, counterparty credit limits, and exposure monitoring procedures. MPERS anticipates the counterparties will be able to satisfy their obligations under the contracts. The associated counterparty's credit rating is an A+.

Component Units:

Information on the component units derivatives is available within their individual financial statements.

E. Assets Held in Escheat

The Unclaimed Property Division of the Missouri State Treasurer's Office holds unclaimed stocks, bonds, mutual fund positions, and other securities that have been turned over by their holders on behalf of the securities' owners. The State takes custody of these securities until the owner claims them or if unclaimed, liquidates them after 18 to 24 months. The State holds the securities in order to return them to their owners. The State does not report these securities as investments because they do not meet the Governmental Accounting Standards Board's definition of "investments." This is because the State does not hold the securities for income or profit, nor do the securities have a present service capacity for the State. A total of \$11,882,000 of these unclaimed securities is shown as "Assets Held in Escheat" on the private-purpose trust funds combining statement of fiduciary net position in Unclaimed Property.

A. Budget Reserve Fund

The Budget Reserve Fund is established in Article IV, Section 27(a) of the Missouri Constitution. The Commissioner of Administration may transfer amounts from the Budget Reserve Fund to any other fund when necessary to meet the cash requirements of the State. However, the Budget Reserve Fund must be paid back with interest prior to May 16th of the fiscal year in which the transfer was made.

Budget stabilization expenditures may occur in a fiscal year in which the Governor reduces the expenditures of the State or any of its agencies below their appropriation or in which there is a budget need due to a natural disaster as proclaimed by the Governor to be an emergency. An appropriation from the Budget Reserve Fund may be granted by a two-thirds vote of the members elected to each House. The maximum amount which may be appropriated at any one time for budget stabilization purposes is one-half the sum of the balance of the Budget Reserve Fund and any amounts appropriated or otherwise owed to the fund, less all amounts owed to the fund for budget stabilization purposes but not yet appropriated for repayment to the fund. One-third of the amount expended or transferred from the Budget Reserve Fund for budget stabilization purposes plus interest shall stand appropriated to the Budget Reserve Fund during each of the next three fiscal years from the fund which received the budget stabilization appropriation. The balance of the Budget Reserve Fund at June 30, 2019, was \$652,096,000.

Capital Asset Impairment

In fiscal year 2018, there was significant damage to the Oak Place Apartment buildings, owned by the University of Missouri, which resulted in an impairment amount of \$17,908,000 which was reported as an extraordinary item in the Component Units Statement of Revenues, Expenses, and Changes in Net Position/Statement of Activities that fiscal year. Insurance proceeds of \$11,757,000 were received in fiscal year 2019.

An impairment loss of \$1,037,000 was recognized in fiscal year 2019 due to damage to the residence of the President of Lincoln University. This was caused by a tornado in May 2019 and is reported as an extraordinary item on the statements of revenues, expenses and changes in net position. The loss was determined based on the deflated depreciation replacement cost approach.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 6 - Leases

Capital

The State has entered into various agreements to lease land, buildings, and equipment. GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, requires a lease that transfers substantially all of the benefits and risks of ownership to the lessee to be accounted for as the acquisition of a capital asset and the incurrence of an obligation by the lessee (a capital lease liability).

Capital leases for the internal service funds, enterprise funds, and college and universities are reported as a long-term obligation in those funds along with the related assets. Capital leases and the related assets are not reported on the fund financial statements of governmental type funds. However, the capital leases and related assets of governmental funds are included on the government-wide financial statements and they are shown on the reconciliation between fund financial statements and government-wide statements.

Following is a summary of the future minimum lease payments for capital leases (in thousands of dollars):

Fiscal Year Ending June 30	Governmental Funds	Internal Service Funds	College and Universities
2020	\$ 1,821	\$ 320	\$ 6,483
2021	1,820	320	6,098
2022	1,820	319	5,857
2023	1,401	319	5,834
2024	1,401	319	5,797
2025-2029	3,745	604	9,879
2030-2031	749	121	535
Total Minimum Lease Payments	12,757	2,322	40,483
Less Amount Representing Interest	(1,304)	(226)	(4,006)
Present Value of Net Minimum Lease Payments	\$ 11,453	\$ 2,096	\$ 36,477

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 6 - Leases (cont.)

The State has entered into a lease with the Missouri Development Finance Board. The State's obligation under this lease does not constitute a general obligation or other indebtedness of the State. Payments under the lease agreement have been structured in amounts sufficient to pay principal and interest on the Leasehold Revenue Bonds issued by the Board. In November 2005, the Board issued \$28,995,000 of Leasehold Revenue Bonds Series 2005 for the purpose of purchasing buildings in Florissant, St. Louis, and Jennings. In May 2006, the Board issued \$9,865,000 of Leasehold Revenue Bonds Series 2006 for the purpose of purchasing one building in St. Louis. In June 2013, the Board issued \$21,820,000 of Leasehold Revenue Refunding Bonds Series A 2013 and \$7,450,000 of Leasehold Revenue Refunding Bonds Series B 2013 for the purpose of refunding \$20,805,000 of Leasehold Revenue Bonds Series 2005 and \$7,100,000 of Leasehold Revenue Bonds Series 2006, respectively. The payments on these leases are subject to annual appropriation by the State legislature.

Following is a summary of the future minimum lease payments to pay interest and principal of the Leasehold Revenue Bonds (in thousands of dollars):

Fiscal Year Ending June 30	Internal Service Funds
2020	\$ 2,412
2021	2,414
2022	2,413
2023	2,409
2024	2,407
2025-2029	12,037
2030-2031	4,810
Total Minimum Lease Payments	28,902
Less Amount Representing Interest	(4,732)
Present Value of Net Minimum Lease Payments	<u>\$ 24,170</u>

Assets acquired through these capital lease agreements are recorded as capital assets at the lower of the present value of the minimum lease payments or the fair value at the time of acquisition. The following is the value of the property under capital lease by asset category as of June 30, 2019 (in thousands of dollars):

	Governmental Funds	Internal Service Funds	College and Universities
Land	\$ —	\$ —	\$ 519
Buildings	21,964	39,135	64,685
Equipment	42	—	17,998
	<u>\$ 22,006</u>	<u>\$ 39,135</u>	<u>\$ 83,202</u>

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 6 - Leases (cont.)

Operating

The State has entered into various operating leases for land, buildings, and equipment. Most of these leases are classified as operating because the lease period is one year with multiple renewal options. The Department of Natural Resources (DNR) has a yearly obligation of \$10,000 for leased property for the Katy Trail easement which is paid out of governmental funds. The obligation will continue in perpetuity. The contract conditions and amount for the easement can change with the sale of the property requiring the easement. If the property requiring the easement is sold, a new contract would be negotiated with the new property owners. Future minimum commitments due under operating leases as of June 30, 2019, were as follows (in thousands of dollars):

Fiscal Year Ending June 30	Governmental Funds	Enterprise Funds	Component Units
2020	\$ 24,119	\$ 1,467	\$ 19,709
2021	1,999	755	10,763
2022	2,041	388	8,616
2023	1,740	388	7,672
2024	2,759	388	12,464
2025-2029	3	262	11,277
2030-2034	2	—	4,788
Total Minimum Commitments	<u>\$ 32,663</u>	<u>\$ 3,648</u>	<u>\$ 75,289</u>

Expenditures for rent under operating leases for the years ended June 30, 2019 and June 30, 2018, were \$24,434,000 and \$23,048,000, respectively.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 6 - Leases (cont.)

Rental Revenue

The State leases certain state owned facilities to entities outside the State. These lessor arrangements are generally long-term commitments which either generate revenue from otherwise idle property or better serve Missouri's citizens by providing convenient access to products and services. The total asset value of the leased facilities and land is \$121.5 million less accumulated depreciation of \$34.3 million for component units. The Department of Natural Resources (DNR) has \$75,000 in income from easements on DNR property. This income will be received in perpetuity. The contract conditions and amount for each individual easement can change with the sale of the property requiring the easement. If the property requiring the easement is sold, new contracts will be negotiated with the new property owners. Future minimum receivables, payable from lessor arrangements as of June 30, 2019, were as follows (in thousands of dollars):

Fiscal Year Ending June 30	Component Units
2020	\$ 6,853
2021	4,789
2022	4,447
2023	4,068
2024	3,818
2025-2029	17,929
2030-2034	17,454
2035-2039	17,403
2040-2044	11,987
2045-2049	6,250
2050-2054	2,132
2055-2059	2,132
2060-2064	1,403
2065-2069	500

Note 7 - Retirement Systems

The State has two major retirement systems which cover substantially all State employees. These systems are the Missouri State Employees' Retirement System (MOSERS) and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS). MOSERS is comprised of the Missouri State Employees' Plan (MSEP), a cost-sharing multiple-employer, defined benefit public employee retirement plan and the Judicial Plan, a single-employer defined benefit public employee retirement plan. MPERS is a single-employer defined benefit public employees' retirement plan.

Plan Descriptions

The Missouri State Employees' Plan (MSEP) is a cost-sharing multiple-employer, defined benefit public employee retirement plan administered by MOSERS. The Plan is administered in accordance with Sections 104.010 and 104.312-104.1215, RSMo.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

The MSEP has three benefit structures known as MSEP (closed plan), MSEP 2000, and MSEP 2011. The MSEP covers all full-time employees hired before July 1, 2000, who are not covered under another state-sponsored retirement plan. MSEP 2000 covers all full-time employees hired on or after July 1, 2000 and before January 1, 2011. MSEP 2011 covers all full-time employees first hired on or after January 1, 2011. Members of the closed plan have the option at retirement to choose between the benefit structure of the MSEP or MSEP 2000.

The Judicial Plan is a single-employer, defined benefit public employee retirement plan administered by MOSERS. The Plan is administered in accordance with Sections 476.445 - 476.690, RSMo. The Judicial Plan covers eligible members appointed/elected before January 1, 2011. The Judicial Plan 2011 covers eligible members appointed/elected for the first time on or after January 1, 2011.

MOSERS provides retirement, survivor, and disability benefits to its members. General employees are fully vested after 5 years of creditable service if covered by the MSEP, MSEP 2000, and MSEP 2011 plans. Elected officials are fully vested after 4 years of creditable service and Members of the General Assembly are fully vested after 6 years of creditable service. The base retirement benefits are calculated by multiplying the employee's final average pay by a specific factor multiplied by the years of credited service. The retirement eligibility requirements are as follows for general employees:

MSEP

Age 65 and active with 4 years of service
Age 65 with 5 years of service
Age 60 with 15 years of service
Age 48 with age and service equaling 80 or more (Rule of 80)
Employees may retire early at age 55 with at least 10 years of service with reduced benefits.
The base benefit in the general employee plan is equal to 1.6% multiplied by the final average pay multiplied by years of credited service.

MSEP 2000

Age 62 with 5 years of service
Age 48 with age and service equaling 80 or more (Rule of 80)
Employees may retire early at age 57 with at least 5 years of service with reduced benefits.
The base benefit in the general employee plan is equal to 1.7% multiplied by the final average pay multiplied by years of credited service.

MSEP 2011

Age 67 with 5 years of service
Age 55 with age and service equaling 90 or more (Rule of 90)
Employees may retire early at age 62 with at least 5 years of service with reduced benefits.
The base benefit in the general employee plan is equal to 1.7% multiplied by the final average pay multiplied by years of credited service.

Judicial Plan

Age 62 with 12 years of service
Age 60 with 15 years of service
Age 55 with 20 years of service
Employees may retire early at age 62 with less than 12 years of service or age 60 with less than 15 years of service with a reduced benefit that is based upon years of service relative to 12 or 15 years.
The base benefit for members with 12 or more years of service is equivalent to 50% of compensation on the highest court served.

Judicial Plan 2011

Age 67 with 12 years of service
Age 62 with 20 years of service
Employees may retire early at age 67 with less than 12 years of service with reduced benefits or age 62 with less than 20 years of service with a reduced benefit based on years of service.
The base benefit for members with 12 or more years of service is equivalent to 50% of compensation on the highest court served.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

For members hired prior to August 28, 1997, cost of living adjustments (COLAs) are provided annually based on 80% of the percentage increase in the average Consumer Price Index (CPI) from one year to the next, with a minimum rate of 4% and a maximum rate of 5%, until the cumulative amount of COLAs equals 65% of the original benefit, thereafter the 4% minimum rate is eliminated. For members hired on or after August 28, 1997, COLAs are provided annually based on 80% of the percentage increase in the average CPI from one year to the next, up to a maximum rate of 5%. Qualified, terminated-vested members of MSEP and the Judicial Plan may make a one-time election to receive the present value of their future benefit in a lump sum payment. To qualify, a member must have left state employment on or after October 1, 1984 and prior to September 1, 2002, have less than 10 years of service, not be within 5 years of retirement eligibility, meet age requirements, and have a benefit present value of less than \$10,000.

The Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS) is a single-employer, defined benefit public employee retirement plan administered in accordance with Sections 104.010-104.1093, RSMo.

MPERS is considered a single-employer plan because its membership is composed of qualified employees of the Missouri Department of Transportation, uniformed and non-uniformed members of the Missouri State Highway Patrol, and MPERS staff.

MPERS provides retirement, survivor, and disability benefits to its members. The MPERS has three benefit structures known as the Closed Plan, the Year 2000 Plan, and the Year 2000 Plan-2011 Tier. Generally, the Closed Plan covers employees hired before July 1, 2000. The Year 2000 Plan generally covers employees hired on or after July 1, 2000 and before January 1, 2011. The Year 2000 Plan-2011 Tier covers employees hired on or after January 1, 2011. Employees covered by the Closed Plan and the Year 2000 Plan are fully vested after 5 years of creditable service. Employees covered by the 2011 Tier are fully vested after 5 years of creditable service if they were active on or after January 1, 2018.

The retirement eligibility requirements are as follows:

Closed Plan

MoDOT and non-uniformed patrol members:

Age 65 and active with 4 or more years
of service
Age 65 with 5 or more years of service
Age 60 with 15 or more years of service
Age 48 with sum of age and service
equaling 80 or more (Rule of 80)

Uniformed patrol members:

Age 55 and active with 4 or more years
of service
Age 55 with 5 or more years of service
Age 48 with sum of age and service
equaling 80 or more (Rule of 80)
Mandatory retirement at age 60

All non-uniformed members may retire early, with reduced benefits, at age 55 with at least 10 years of service.

The base benefit in the Closed Plan is equal to 1.6% multiplied by the final average pay multiplied by years of creditable service. For members of the uniformed patrol, the base benefit is calculated by applying the same formula, then multiplying the product by 1.33%.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

For members employed prior to August 28, 1997, cost of living adjustments (COLAs) are provided annually based on 80% of the increase in the Consumer Price Index for all urban consumers for the United States (CPI-U). The minimum rate is 4% and the maximum rate is 5%, until the cumulative amount of COLAs equals 65% of the original benefit. Thereafter, the 4% minimum rate is eliminated and the annual COLA rate will be equal to 80% of the increase in the CPI-U (annual maximum of 5%). For members employed on or after August 28, 1997, COLAs are provided annually based on 80% of the increase in the CPI-U, up to a maximum rate of 5%.

Year 2000 Plan

MoDOT and non-uniformed patrol members:

Age 62 with 5 or more years of service
Age 48 with sum of age and service
equaling 80 or more (Rule of 80)

Uniformed patrol members:

Age 48 with sum of age and service
equaling 80 or more (Rule of 80)
Mandatory retirement at age 60 with
5 or more years of service

All members may retire early with reduced benefits at age 57 with at least 5 years of service.

The base benefit in the Year 2000 Plan is equal to 1.7% multiplied by the final average pay multiplied by years of creditable service. Members retiring under the Rule of 80, and uniform patrol members retiring at the mandatory retirement age (currently 60), receive an additional temporary benefit until age 62. The temporary benefit is equivalent to 0.8% multiplied by final average pay multiplied by years of creditable service. COLAs are provided annually based on 80% of the change in the CPI-U, up to a maximum rate of 5%.

Year 2000 Plan-2011 Tier

MoDOT and non-uniformed patrol members:

Age 67 with 5 or more years of service
Age 55 and active with sum of age and service
equaling 90 or more (Rule of 90)

Uniformed patrol members:

Age 55 and active with 5 or more years
of service
Mandatory retirement at age 60 with no
minimum service amount, active only.

Active MoDOT and non-uniformed patrol members may retire early with reduced benefits at age 62 with at least 5 years of service. Terminated and vested uniformed patrol members may retire at age 67 with 5 or more years of service.

The base benefit in the 2011 Tier is equal to 1.7% multiplied by the final average pay multiplied by years of creditable service. Members retiring under the Rule of 90, and uniform patrol members retiring at the mandatory retirement age (currently 60) or at age 55 with 5 years of creditable service, receive an additional temporary benefit until age 62. The temporary benefit is equivalent to 0.8% multiplied by final average pay multiplied by years of creditable service. COLAs are provided annually based on 80% of the change in the CPI-U, up to a maximum rate of 5%.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 7 - Retirement Systems (cont.)

Single-Employer Plans:

Employees Covered by Benefit Terms – Single-Employers Only

As of June 30, 2018 valuation, membership consisted of the following:

	<u>Judicial Plan</u>	<u>MPERS</u>
Retirees, beneficiaries, and the disabled currently receiving benefits	569	8,916
Terminated employees entitled to, but not yet receiving benefits	26	1,980
Active		
Vested	415	5,233
Nonvested	—	2,158
Total Membership	<u>1,010</u>	<u>18,287</u>

Contributions

Per Chapter 104.436, RSMo, contribution requirements of the active employees and the participating employers are established and may be amended by the MOSERS Board. Employees in the MSEP 2011 Plan are required to contribute 4.00% of their annual pay. The State's required contribution rates for the MSEP and the Judicial Plan for the year ended June 30, 2018, were 19.45% and 62.09% of annual payroll, respectively. The contribution rates as a percentage of covered payroll for the MSEP and the Judicial Plan for the year ended June 30, 2018, were 19.45% and 62.11%, respectively. Contributions to the pension plan from the MSEP Plan and the Judicial Plan were \$313,167,000 and \$36,895,000 respectively, for the year ended June 30, 2018.

Per Chapter 104.070, RSMo, contribution requirements of the active employees and the participating employers are established and may be amended by the MPERS Board of Trustees. Beginning January 1, 2011, employee contributions of 4.00% of gross pay are required for those covered by the Year 2000 Plan-2011 Tier. Employer contributions are determined through annual actuarial valuations. Administrative expenses are financed through contributions from participating employers and investment earnings. The state's required contribution rate, as adopted by the MPERS Board of Trustees, for the year ended June 30, 2018, was to be at least 58.00%. The contribution rate as a percentage of covered payroll for the MPERS plan year ended June 30, 2018, was 58.00%. Contributions to the pension plan from the MPERS plan were \$204,955,000.

For the portion of the MSEP Plan relating to the State's component units, the required contribution rate for the year ended June 30, 2018, was 19.45%. The contribution rates as a percentage of covered payroll for the year ended June 30, 2018, was 19.45%. Contributions to the pension plan were \$63,594,000 for the year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

Cost-Sharing Multiple Employer Plan:

At June 30, 2019, a liability was reported for the State's proportionate share of the net pension liability for the MSEP and the MSEP-CU plans based on an actuarial valuation as of June 30, 2018. The State's proportionate share of the net pension liability was based on the State's actual share of contributions to the pension plan relative to the actual contributions of all participating employers for plan year ended June 30, 2018.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

Net difference between projected and actual earnings on pension plan investments	543,479	9,980	—	110,362	—	—	1,136	—
Changes in proportion and differences between pension plan contributions and proportionate share of contributions	18,557	—	—	3,660	795	—	—	20,998
Contributions subsequent to the measurement date	326,951	38,555	210,167	64,224	—	—	—	—
Total	<u>\$ 1,297,750</u>	<u>\$ 73,054</u>	<u>\$ 320,117</u>	<u>\$ 261,253</u>	<u>\$ 110,196</u>	<u>\$ 7,155</u>	<u>\$ 63,292</u>	<u>\$ 43,214</u>

Amount reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the measurement period of the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands of dollars):

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources			
	MSEP	Judicial	MPERS	MSEP-CU
2020	\$ 529,891	\$ 18,542	\$ 23,743	\$ 99,677
2021	241,150	5,315	19,036	40,653
2022	89,267	3,544	1,214	13,425
2023	295	(57)	2,665	60
Totals	<u>\$ 860,603</u>	<u>\$ 27,344</u>	<u>\$ 46,658</u>	<u>\$ 153,815</u>

Actuarial Assumptions

The total pension liability at June 30, 2019, is based upon the June 30, 2018 actuarial valuation for MOSERS and MPERS using the entry age normal actuarial cost method. Significant actuarial assumptions used in the June 30, 2018, actuarial valuations are the following:

	MSEP and MSEP-CU	Judicial	MPERS
Price Inflation	2.5%	2.5%	3.0%
Salary Increases	3.0-8.5%	2.75-4.95%	3.0-12.45%
Investment Rate of Return	7.25%	7.25%	7.00%

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2015, for MOSERS. In addition, the investment return assumption was reduced from 7.50% to 7.25% for the June 30, 2018 valuation. Other assumption changes were decreases in the payroll and wage growth assumptions. MOSERS mortality rates were based on the RP-2014 Healthy Annuitant Mortality Table, projected to 2026 with scale MP-2015 and scaled by 120%. The pre-retirement mortality table used is the RP-2014 Employee Mortality Table, projected to 2026 with scale MP-2015 and scaled by 95% for males and 90% for females.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

Amounts reported in the June 30, 2018, actuarial report are assumptions reflecting adjustments to expected rates of withdrawal, disability, normal and early retirement, mortality, and merit and seniority pay for MPERS. The actuarial assumptions were based on the results of an actuarial experience study for the period July 1, 2012, through June 30, 2017. Mortality rates, for post-retirement mortality, used in evaluating allowances to be paid to non-disabled pensioners were the RP-2014 Healthy Mortality Tables projected to 2022 using projection scale MP-2017. Pre-retirement mortality used were the RP-2014 Employee Mortality Table projected to 2022 using projection scale MP-2017 and multiplied by a factor of 65%. Disabled pension mortality was based on RP-2014 Disabled Retiree Annuitant Mortality Tables projected to 2022 using projection scale MP-2017.

The long-term (30 year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate rates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for the MSEP and Judicial Plan and arithmetic real rates of return for MPERS for each major asset class included in the target allocation are summarized in the table below:

Asset Class	MSEP and MSEP-CU		Judicial		MPERS	
	Target Allocation	Long-Term Expected Real Rate of Return	Target Allocation	Long-Term Expected Real Rate of Return	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	38.0%	5.5%	38.0%	5.5%	30.0%	4.75%
Private Equity					15.0%	6.50%
Fixed Income					20.0%	0.25%
Real Assets					7.5%	4.75%
Real Estate					10.0%	2.75%
Hedge Funds					10.0%	2.75%
Opportunistic Debt					7.5%	4.00%
Nominal Bonds	44.0%	1.0%	44.0%	1.0%		
Commodities	20.0%	4.5%	20.0%	4.5%		
Inflation-linked Bonds	39.0%	0.8%	39.0%	0.8%		
Alternative Beta	31.0%	4.5%	31.0%	4.5%		
	<u>172.0%</u>		<u>172.0%</u>		<u>100.0%</u>	

Discount Rate

A single discount rate based on the expected rate of return on pension investments of 7.25%, 7.25%, and 7.00% was used to measure the total pension liability for MSEP, Judicial Plan, and MPERS, respectively. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate for MPERS. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at required rates, actuarially determined for MOSERS. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate, as well as, what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
	6.25%	7.25%	8.25%
MSEP Net Pension Liability	\$5,902,862	\$4,620,928	\$3,542,967
	6.25%	7.25%	8.25%
Judicial Plan Net Pension Liability	\$504,646	\$443,589	\$391,378
	6.00%	7.00%	8.00%
MPERS Net Pension Liability	\$2,140,629	\$1,667,309	\$1,272,455
	6.25%	7.25%	8.25%
MSEP-CU Net Pension Liability	\$1,198,672	\$938,355	\$719,457

Payables to the Pension Plan

As of June 30, 2019, the State had payables of \$16,004,000 to MOSERS for the outstanding amount of contributions to the pension plan, relating to a two week lag in payroll.

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separate financial reports issued by MOSERS and MPERS:

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

University of Missouri Retirement System

Plan Description

The University of Missouri Retirement, Disability, and Death Benefit Plan is a single-employer defined benefit plan for all qualified employees. As authorized by Section 172.300, RSMo, the University's Board of Curators administers the Retirement Plan and establishes its terms.

Full-time employees vest in the Retirement Plan after five years of credited service and become eligible for benefits based on age and years of service. A vested employee who retires at age 65 or older is eligible for a lifetime annuity calculated at a certain rate times the credited service years times the compensation base (average consumption for the five highest consecutive salary years). The rate is 2.2% if the employee was hired before October 1, 2012, or 1.0% if the employee was hired after September 30, 2012. Academic members who provide summer teaching and research service receive additional summer service credit. The Board of Curators may periodically approve increases to the benefits paid to existing pensioners. However, vested members who leave the University prior to eligibility for retirement are not eligible for these pension increases. Vested employees who are at least age 55 and have ten years or more of credited service, or age 60 with at least five years of credited service may choose early retirement with a reduced benefit. However, if the employee retires at age 62 and has at least 25 years of credited service, the benefit is not reduced. Up to 30% of the retirement annuity can be taken in a lump sum payment. In addition the standard annuity can be exchanged for an actuarially-equivalent annuity selected from an array of options with joint and survivor, period certain, and guaranteed annual increase features.

As of June 30, 2019, membership consisted of the following:

Vested members	18,102
Inactive vested members	4,817
Pensioners and beneficiaries	10,316
Total Membership	<u>33,235</u>

In April 2019, the University's Board of Curators approved a new retirement plan for newly hired or rehired employees starting October 1, 2019. Employees starting on or after that date, will be enrolled in a defined contribution plan and the defined benefit plan of the University will be closed to new entrants. Rehires on or after October 1, 2019 will also be enrolled into the new defined contribution plan regardless of their vested status in the defined benefit plan. Vested defined benefit employees that are rehired on or after October 1, 2019 will no longer receive creditable service credit within the defined benefit plan.

Contributions

The University's contributions to the Retirement Plan are equal to the actuarially determined contribution requirement (ADC). The ADC for those employees hired before October 1, 2012 averaged 11.2% of covered payroll for the year ending June 30, 2019. The ADC for those employees hired after September 30, 2012, averaged 7.5% of covered payroll for the year ended June 30, 2019. Employees are required to contribute 1% of their salary up to \$50,000 in a calendar year and 2% of their salary in excess of \$50,000. An actuarial valuation of the Plan is performed annually and the University's contribution rate is updated on July 1, to reflect the actuarially determined funding requirement from the most recent valuation, as of the preceding October 1. This actuarial valuation reflects the adoption of any Retirement Plan amendments during the previous fiscal year. The University contributed \$115,980,000 during the fiscal year ended June 30, 2019.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

Employees hired after September 30, 2012, participate in a single employer, defined contribution plan. Each year the University contributes 2% of each employee's eligible salary to a 401(a) plan. Employees are able to contribute to a 457(b) and 403(b) plan. The University will match up to 3% of the employee's contribution to the 457(b) plan with the University's match funds going into the 401(a) plan. Employees are immediately 100% vested in their contributions. The University's base contributions and matching contributions vest following three years of consecutive or nonconsecutive service. The defined contribution plan recognized \$19,212,000 of pension expense net of \$3,994,000 of forfeitures for the year ended June 30, 2019.

Employees hired or rehired beginning October 1, 2019, will participate in a single employer, defined contribution plan. Employees will be automatically enrolled in the plan to contribute 8% of eligible salary into a 457(b) plan. Each year the University will match up to 8% of each employee's eligible salary to a 401(a) plan. Employees are immediately 100% vested in their contributions. The University's matching contributions vest following three years of consecutive or nonconsecutive service.

Net Pension Liability

The Retirement Plan's net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2018. Roll-forward procedures were used to measure the Retirement Plan's net pension liability as of June 30, 2019. For the year ended June 30, 2019, fiduciary net position as a percentage of the total pension liability amounted to 82.19%.

Changes in net pension liability (in thousands of dollars):

	Total Pension Liability (TPL)	Fiduciary Net Pension (FNP)	Net Pension Liability (NPL)
Balances at June 30, 2018	\$ 4,413,831	\$ 3,682,638	\$ 731,193
Changes for the year:			
Service Cost	62,845	—	62,845
Interest	312,921	—	312,921
Differences between expected and actual experience	23,046	—	23,046
Contributions – Employer	—	115,980	(115,980)
Contributions – Employee	—	15,989	(15,989)
Net Income Investment	—	183,826	(183,826)
Benefit payments, including refunds of employee contributions	(241,020)	(241,020)	—
Net Changes	157,792	74,775	83,017
Balances at June 30, 2019	\$ 4,571,623	\$ 3,757,413	\$ 814,210

Note 7 - Retirement Systems (cont.)

Pension Expense

Annual pension expense consists of service cost and interest on the pension liability less employee contributions and projected earnings on pension plan investments. The difference between actual and expected earnings is recorded as a deferred outflow/inflow of resources and recognized in pension expense over a five year period.

For the year ended June 30, 2019, the Retirement Plan recognized pension expense of \$217,961,000. At June 30, 2019, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 28,810	\$ 24,985
Changes in assumptions	163,698	—
Net difference between projected and actual earnings on pension plan investments	27,965	—
Total	<u>\$ 220,473</u>	<u>\$ 24,985</u>

The University recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of the University's employees. The following table summarizes the future recognition of these items:

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources
	Recognition
2020	\$ 74,495
2021	23,789
2022	52,202
2023	43,287
2024	1,715
Totals	<u>\$ 195,488</u>

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

Actuarial Assumptions

The October 1, 2018 actuarial valuation utilized the entry age actuarial cost method. During fiscal year 2018, the Board of Curators approved a change in the discount rate from 7.75% to 7.20%. The change resulted in an increase in the Net Pension Liability of \$257,616,000 and will be recognized in pension expense over the average expected remaining service lives of employees or 5.5 years. The total deferred outflow of resources resulting from the change in the discount rate will be fully recognized through pension expense by fiscal year 2023. Actuarial assumptions included:

Inflation	2.20%
Salary Increases	3.6% - 4.5%
Investment Rate of Return	7.20%

For purposes of determining actuarially required contributions, the actuarial value of assets was determined using techniques that spread effects of short-term volatility in the market value of investments over a five-year period. The underfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis over 25 from the October 1, 2018 valuation date. Mortality rates were based on the RP-2014 Combined Health Mortality Table projected using Scale MP-2017 and RP-2000 Combined Health Mortality Table projected to 2023 using Scale BB for the October 1, 2018 valuation date.

The actuarial assumptions used in the October 1, 2018 valuation were based on the results the most recent quinquennial study of the University's own experience covering 2012 to 2016.

The annual money-weighted rate of return is calculated as the internal rate of return on pension investments, net of pension plan investment expense. The money-weighted rate of return expresses investment performance, net of pension plan investment expense, adjusted for the changing amounts actually invested. The annual money-weighted rate of return on pension plan investments for the year ended June 30, 2019 was 5.2%. The following table provides long-term expected rates of real return:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Public equity	32.0%	5.2%
Private equity	10.0%	5.7%
Sovereign bonds	15.0%	1.0%
Inflation linked bonds	17.0%	0.8%
Private debt	3.0%	4.4%
Risk balanced	10.0%	7.6%
Commodities	5.0%	2.2%
Real estate	8.0%	4.5%
	<u>100.0%</u>	

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 7 - Retirement Systems (cont.)

Discount Rate

The discount rate used to measure the total pension liability was 7.20%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the University contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate, as well as, what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
	6.20%	7.20%	8.20%
MU Net Pension Liability	\$1,387,128	\$814,210	\$330,738

Separate financial statements are not prepared for the Plan.

Detailed information concerning the Plan is presented in the University's 2019 financial report, which is publicly available. Copies of this report may be requested from:

Note 8 - Other Postemployment Benefits

In addition to the retirement benefits described in Note 7, the State provides postemployment health care and life insurance benefits, in accordance with State statutes, to the majority of employees who either retire from the State or receive long-term disability benefits. These benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP), the Missouri State Employees' Retirement System (MOSERS), the Missouri Department of Transportation and Highway Patrol Employees' Medical and Life Insurance Plan (MHPML), and the Conservation Employees' Insurance Plan (CEIP). MCHCP is a cost-sharing multiple-employer, defined benefit other postemployment benefits plan, MOSERS is an insured, defined benefit insurance plan, and MHPML and CEIP are single-employer defined benefit public employees' other postemployment benefits plans.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 8 - Other Postemployment Benefits (cont.)

Plan Descriptions

Missouri Consolidated Health Care Plan (MCHCP) operates a cost-sharing multiple-employer, defined benefit Other Postemployment Benefits Plan (OPEB), the State Retiree Welfare Benefit Trust (SRWBT). Employees may participate at retirement, if eligible to receive a monthly retirement benefit from either Missouri Employees' Retirement System (MOSERS) or another retirement system whose members grandfathered for coverage under the MCHCP by law. The terms and conditions governing postemployment benefits, are vested with the MCHCP Board of Trustees within the authority granted under sections 103.003 - 103.178, RSMo. MCHCP provides medical, dental, and vision benefits, and the Strive Employee Life & Family program for the exclusive benefit of current and future retired employees of the state and their dependents who meet eligibility requirements, except those retired members covered by other OPEB plans of the state. Covered categories include active employees, participants and spouses in payment status, participants with a deferred benefit, and disabled participants.

The Missouri Department of Transportation and Highway Patrol Employees' Medical and Life Insurance Plan (MHPML) is a single-employer, defined benefit OPEB plan administered in accordance with Section 104.270, RSMo. MHPML is not a separate legal entity and is self insured. The plan does not maintain assets in a trust and pays expenses on a pay-as-you-go basis. The plan assets are neither legally protected from creditors nor are they dedicated to providing OPEB benefits. The State has no legal obligation to pay the benefits. MHPML provides healthcare insurance benefits to employees who retired from the Department who participated in the Medical and Life Insurance Plan when they were an active employee and had a minimum of five years creditable service. Coverage categories include retirees, certain disabled employees, spouses, certain dependents and survivors of deceased employees and retirees. At June 30, 2017, the number of participants covered by the plan included 6,211 retirees or beneficiaries currently receiving benefits, 90 retirees entitled to but not yet receiving benefits, and 7,558 active employees.

The Conservation Employees' Benefits Plan (CEIP) is a single-employer defined benefit OPEB plan administered by the Conservation Employees' Benefits Plan Board of Trustees in accordance with Article IV, Section 42 of the Missouri Constitution. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The benefit plan for the Department of Conservation is not irrevocable.

CEIP provides for the continuation of medical insurance benefits for retirees and their dependents. Coverage categories include active employees, retirees and surviving spouses, and spouses of current retirees. At June 30, 2017, 1,301 active employees, 714 retirees and surviving spouses, and 404 spouses of current employees were participating in the plan.

Contributions

Contributions are established and may be amended by the MCHCP Board of Trustees with the authority granted under sections 103.003 - 103.178, RSMo. Contributions to MCHCP by the State are not legally or contractually required. For the fiscal year end June 30, 2018, employers contributed 4.29% for the period July 1, 2017 through December 31, 2017, and 4.24% for the period January 1, 2018, through June 30, 2018, of covered payroll. Retiree contribution rates are established based on projected claims experience and funding provided by employer contributions. Contributions to the OPEB plan for MCHCP and MCHCP-CU was \$68,619,000 and \$32,000, respectively for the year ended June 30, 2019.

The contribution requirements for MHPML are recommended by the Medical and Life Insurance Plan's Board of Trustees and are approved by the Missouri Highways and Transportation Commission. The Commission contributes a percentage of medical premiums for retirees. For those who retired prior to January 1, 2015, an amount ranging from 40.0% to 57.0% of the premium is contributed, dependent on the level of coverage. Medical premiums, for employees who retire on or after January 1, 2015, are based on total years of service, with the Commission contributing 2.0% per year of service, not to exceed 50.0% of the total premium, with the retiree responsible for the remaining balance of the premiums. Benefit projections for financial reporting purposes are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and the historical pattern of cost sharing between employer and the plan members to that point. Contributions to the Plan for the year ended June 30, 2019 was \$23,024,000.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 8 - Other Postemployment Benefits (cont.)

The contribution requirements for CEIP are established by a trust agreement between the Conservation Commission and the Conservation Employees' Benefits Plan Board of Trustees, which grants the authority to establish and amend benefit terms and financing requirements to the Board of Trustees. The Commission contribution toward retiree medical premium is based on tenure or years of service with the State. At the time of retirement, employees who have 25+ years of service receive a 35% contribution, 20-24 years of service receive a 30% contribution, 15-19 years of service receive a 25% contribution, vested status up to 14 years of service receive a 20% contribution, and employees who retired prior to January 1, 2013 continue to receive a 35% contribution towards their premium. Benefit projections for financial reporting purposes are based on an established policy of the retiree's paying the premium amount less any direct subsidy paid by the Commission based on years of service and date of retirement. Contributions to the Plan for the year ended June 30, 2018 was \$3,375,000.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

Cost-Sharing Multiple Employer Plan:

At June 30, 2019, a liability was reported for the State's proportionate share of the collective net OPEB liability for the MCHCP and the MCHCP-CU plans based on an actuarial valuation as of June 30, 2018. The State's proportionate share of the collective net OPEB liability was calculated by dividing the State's contribution to the SRWBT by the total contributions from all applicable employers during the measurement period. From the previous valuation, the discount rate changed from 5.71% to 5.90%.

The State reported the following proportionate share of the collective net OPEB liability and the OPEB expense for the fiscal year ended June 30, 2019 (in thousands of dollars):

	<u>MCHCP</u>	<u>MCHCP-CU</u>
OPEB Expense	\$ 123,105	\$ 51
Proportionate share: 2019	99.59%	0.05%
Net OPEB Liability	\$ 1,745,034	\$ 825

Single-Employer Plans:

The State's total OPEB liability and related information for the MHPML and CEIP plans for the fiscal year ended June 30, 2019 (in thousands of dollars):

	<u>MHPML</u>	<u>CEIP</u>
	<u>Total</u>	<u>Total</u>
	<u>OPEB</u>	<u>OPEB</u>
	<u>Liability</u>	<u>Liability</u>
Balances at June 30, 2018	\$ 1,121,399	\$ 134,757
Changes for the year:		
Service Cost	40,070	2,926
Interest	39,737	5,264
Differences between expected and actual experience	(1,907)	—
Changes of assumptions or other inputs	(54,900)	10,144
Benefit payments	(23,024)	(3,375)
Net Changes	(24)	14,959
Balances at June 30, 2019	<u>\$ 1,121,375</u>	<u>\$ 149,716</u>

For the year ended June 30, 2019, the MHPML and CEIP recognized OPEB expense of \$43,590,000 and \$8,692,000, respectively.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 8 - Other Postemployment Benefits (cont.)

At June 30, 2019, deferred outflows of resources and deferred inflows of resources related to OPEBs were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources				Deferred Inflows of Resources			
	MCHCP	MHPML	CEIP	MCHCP-CU	MCHCP	MHPML	CEIP	MCHCP-CU
Difference between expected and actual experience	\$ —	\$ —	\$ —	\$ —	\$ (26,887)	\$ (1,597)	\$ —	\$ (12)
Changes of assumptions	—	—	8,401	—	(45,872)	(157,061)	(5,184)	(22)
Net difference between projected and actual earnings on plan investments	2,635	—	—	1	—	—	—	—
Changes in proportion and differences between employer contributions and proportionate share of contributions	577	—	—	28	(51)	—	—	(85)
Contributions subsequent to the measurement date	82,173	23,684	3,831	35	—	—	—	—
Total	<u>\$ 85,385</u>	<u>\$ 23,684</u>	<u>\$ 12,232</u>	<u>\$ 64</u>	<u>\$ (72,810)</u>	<u>\$ (158,658)</u>	<u>\$ (5,184)</u>	<u>\$ (119)</u>

Amount reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the measurement period of the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (in thousands of dollars):

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources			
	MCHCP	MHPML	CEIP	MCHCP-CU
2020	\$ (8,014)	\$ (36,219)	\$ 503	\$ (11)
2021	(8,014)	(36,219)	503	(11)
2022	(8,014)	(36,219)	503	(11)
2023	(7,972)	(36,218)	502	(11)
2024	(8,662)	(12,488)	1,206	(11)
Thereafter	(28,922)	(1,295)	—	(35)
Totals	<u>\$ (69,598)</u>	<u>\$ (158,658)</u>	<u>\$ 3,217</u>	<u>\$ (90)</u>

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 8 - Other Postemployment Benefits (cont.)

Actuarial Assumptions

The total OPEB liability at June 30, 2019, is based upon the June 30, 2018, actuarial valuation date for MCHCP and CEIP, and July 1, 2017 for MHPML, using the entry age normal actuarial cost method. Significant actuarial assumptions used in the actuarial valuations are the following:

MCHCP and MCHCP-CU	
Price Inflation	3.0%
Salary Increases	4.0%
Investment Rate of Return	5.90%
Healthcare Cost Trend Rate	Non-Medicare is 6.25% for fiscal year 2018; the rate decreases by 0.25% per year to an ultimate rate of 5.0% in fiscal year 2023 and later. Medicare is 7.25% for fiscal year 2018; the rate decreases by 0.25% per year to an ultimate of 5.0% in fiscal year 2027 and after.
MHPML	
Price Inflation	2.0%
Salary Increases	2.5%
Investment Rate of Return	3.87%
Healthcare Cost Trend Rate	7.7% for 2018, decreasing to 4.6% for 2025 and later years.
CEIP	
Price Inflation	2.3%
Salary Increases	4.0%
Investment Rate of Return	3.50%
Healthcare Cost Trend Rate	Pre-65 rate of 5.9% for 2018, gradually decreasing to an ultimate rate of 4.1% for 2084 and beyond. Post-65 trend rate of 5.9% for 2018, gradually decreasing to an ultimate rate of 4.3% for 2090 and beyond.

MCHCP's actuarial assumptions used in the June 30, 2018 valuation for SRWBT involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The valuation to determine the SRWBT's total OPEB liability is required to be performed at least every two years, but is performed annually. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long term perspective of the calculations. The collective total OPEB liability for June 30, 2018 measurement date was determined by an actuarial valuation as of January 1, 2018, with updated procedures used to roll forward the total OPEB liability to June 30, 2018. The cost method utilized for the valuation year June 30, 2018, was the entry age normal, level percentage of payroll. Mortality rates were based on RP-2016 for Employees/Annuitants without collar adjustments using Scale MP-2016. The last experience study was conducted for the period July 1, 2008 through June 30, 2012. The last independent actuarial review of the reasonableness and accuracy of actuarial assumptions, actuarial cost methods, and valuations was conducted as of June 30, 2018.

MHPML's actuarial assumptions used in the June 30, 2018 valuation were determined using a measurement date of July 1, 2018. The inflation rate was based on the actuary's long-term estimate of inflation as of July 1, 2016 and July 1, 2017. The salary increases were based on projected salaries, which include COLA's. The discount rate was based on Bond Buyer General Obligation 20-Bond Municipal Bond Index. Mortality rates were based on the 2018 Pub-2010 Public Retirement Plans Safety Employees Mortality Table weighted by Headcount project by MP-2018 and the RP 2014 Employees and Health Annuitants Mortality table, headcount weighted, fully generational projected by Scale MP-2016 for July 1, 2018. The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2017 through June 30, 2018. From the previous valuation, the discount rate changed from 3.58% to 3.87%.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 8 - Other Postemployment Benefits (cont.)

CEIP's actuarial assumptions used in the June 30, 2017 valuation were determined using a measurement date of June 30, 2019. The discount rate was based on the 20-year Bond General Obligation Index. Mortality rates were based on RP-2014 Mortality for Employees and Healthy Annuitants, with generational projection per Scale MP-2017. The plan has not had a formal actuarial experience study performed. From the previous valuation, the discount rate changed from 3.87% to 3.50%.

For MCHCP, the long-term expected rate of return on OPEB plan investments was determined as a blend of the plan sponsor's best estimate on the expected return on plan assets and the 20-year high quality municipal bond rate as of the measurement date. The target asset allocation and best estimates of arithmetic real rate of returns for each major asset class are listed below.

Asset Class	MCHCP and MCHCP-CU	
	Target Allocation	Long-Term Expected Real Rate of Return
Large Cap Stocks	20.0%	5.7%
Mid Cap Stocks	10.0%	6.0%
Small Cap Stocks	10.0%	6.0%
High-Yield Bonds	10.0%	2.9%
BarCap Aggregate Bonds	20.0%	1.4%
Long Government/Credit	25.0%	1.6%
Cash Equivalants	5.0%	0.3%
	100.0%	

Discount Rate

A single discount rate based on the expected rate of return on OPEB investments of 5.90%, 3.87%, and 3.50% was used to measure the total OPEB liability for MCHCP, MHPML, and CEIP, respectively. For MCHCP, the projection of cash flows used to determine the discount rate assumed that employee contributions at the current contribution rate and that contributions from employers will be made at required rates, actuarially determined. For years where the expected benefit payments can be covered by projected trust assets, expected returns are used. For years where payments are not expected to be covered by trust assets, the municipal Bond Buyer 20-Bond General Obligation Index rate is utilized.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

Regarding the sensitivity of the net OPEB liability for MCHCP and total OPEB liability for MHPML and CEIP, to changes in the single discount rate, the following presents the State's liability, calculated using a single discount rate, as well as, what the plan's liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
MCHCP Net OPEB Liability	4.90% \$2,052,644	5.90% \$1,745,034	6.90% \$1,500,710
MHPML Total OPEB Liability	2.87% \$1,348,274	3.87% \$1,121,375	4.87% \$947,704
CEIP Total OPEB Liability	2.50% \$182,900	3.50% \$149,716	4.50% \$124,440
MCHCP-CU Net OPEB Liability	4.90% \$971	5.90% \$825	6.90% \$710

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 8 - Other Postemployment Benefits (cont.)

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

Regarding the sensitivity of the net OPEB liability for MCHCP and the total OPEB liability for MHPML and CEIP, to changes in healthcare cost trend rates, the following presents the plan's liability, calculated using healthcare cost trend rates, as well as, what the plan's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Health Care Cost Trend Rates	1% Increase
MCHCP Net OPEB Liability	\$1,493,667	\$1,745,034	\$2,061,988
MHPML Total OPEB Liability	\$939,200	\$1,121,375	\$1,396,849
CEIP Total OPEB Liability	\$123,534	\$149,716	\$184,669
MCHCP-CU Net OPEB Liability	\$706	\$825	\$975

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the separate financial reports issued by MCHCP:

Missouri Consolidated Health Care Plan
P.O. Box 104355
Jefferson City, Missouri 65110-4355
www.mchcp.org

Missouri State Insured Defined Benefit Insurance Plan

The Missouri State Insured Defined Benefit Insurance Plan is administered through The Standard, which is a third party administrator with oversight by Missouri State Employees Retirement System (MOSERS). In the event that the Standard becomes insolvent, the Missouri Guarantee Association will work with the Standard to see what assets are available to handle their liabilities and the MO Guarantee Association would handle the open and unpaid claims up to the maximum outlined in Section 376.717, RSMo.

Retiree Life Insurance

Members who retire on or after October 1, 1985, or retirees of the Department of Labor and Industrial Relations (DOLIR) who retire on or after January 1, 1996, are eligible for \$5,000 of state-sponsored basic life insurance coverage if they retire directly from active employment. This group plan is financed on a percentage of payroll and is purchased as a group policy through competitive bids. Premiums are contributed as provided by Section 104.515, RSMo. Retirees of the DOLIR who retire prior to January 1, 1996, are eligible for state-sponsored insured defined benefit coverage in the same amount of coverage they were receiving through the DOLIR. The coverage for this closed group is purchased as a group policy at a current cost of \$2.07 per thousand dollars of coverage, per month as provided by Section 288.225, RSMo. The cost for fiscal year 2019 was \$1,896,000.

Long-Term Disability Insurance (LTD)

MOSERS provides LTD coverage for eligible members and generally includes those active members of MOSERS' retirement plans who do not have other disability coverage and are not yet eligible to receive normal (unreduced) retirement benefits. There were 32,431 members covered under the program as of June 30, 2019. This insured defined-benefit coverage is billed on percentage of covered payroll (0.55%). Purchased as group policy through competitive bids, LTD is administered by The Standard Insurance Company. The cost for the year ended June 30, 2019, was \$8,227,000. Premiums are contributed by the State and its component employers as provided for by Section 104.515, RSMo.

Note 8 - Other Postemployment Benefits (cont.)

University of Missouri System

Plan Description

In addition to the retirement benefits described in Note 7, the University of Missouri operates a single-employer, defined benefit Other Postemployment Benefits (OPEB) Plan. The assets of the OPEB Trust Fund are irrevocable and legally protected from creditors and dedicated to providing postemployment benefits in accordance with the plan. The OPEB plan provides postemployment medical, dental, and life insurance benefits to employees who retire from the University after attaining age 55 and before reaching age 60 with ten or more years of service, or after attaining age 60 with five or more years of service. As of January 1, 2018, employees must be 60 years old and have 20 years of service at the date of retirement to access the same percentage subsidy as retirees prior to January 1, 2018. Employees with age plus years of service less than 80, but with more than 5 years of service as of January 1, 2018, will receive a subsidy of \$100 per year of service up to a maximum of \$2,500 annually. Employees with less than 5 years of service as of January 1, 2018, will not receive an insurance subsidy or be eligible to participate in the University's plans.

As of June 30, 2019, 9,208 retirees were receiving benefits, and an estimated 9,720 active University employees may become eligible to receive benefits under the plan. Post-employment medical, dental and life insurance benefits are also provided to long-term disability claimants who were vested in the University's Retirement Plan at the date the disability began, provided the onset date of the disability was on or after September 1, 1990. As of June 30, 2019, 123 long-term disability claimants met those eligibility requirements. The terms and conditions governing the postemployment benefits to which employees are entitled are at the sole authority and discretion of the University's Board of Curators. The OPEB plan does not issue a separate financial report.

Contributions

Postemployment benefits are funded through both employer and employee contributions. Contribution requirements of employees and the University are established and may be amended by the University's Board of Curators. For employees retiring prior to September 1, 1990, the University contributes 2/3 of the medical benefits premium and 1/2 of the dental plan premium. For employees who retire on or after September 1, 1990, the University contributes towards premiums based on the employee's length of service and age at retirement.

The University makes available two group term life insurance options. Option A coverage is equal to the retiree's salary at the date of retirement, while Option B is equal to two times the amount. For each Option, graded decreases in coverage are made when the retiree attains specific age levels. The University pays the full cost of Option A and approximately 91% of Option B coverage. Coverage for group term life insurance ends on January 1 following the retiree's 70th birthday.

For the year ended June 30, 2019, participant contributions were \$17,378,000 or approximately 50.8% , of the total premiums through their required contributions, which vary depending on the plan and coverage selection. In fiscal year 2019, the contribution rate as a percentage of covered payroll was 3.45% and the University contributed \$23,363,000.

The University also makes available two long-term disability options to its employees. Option A coverage is equal to 60% of the employee's salary on the date the disability began, when integrated with benefits from all other sources. Option B coverage is equal to 66-2/3% of the employee's salary, integrated so that benefits from all sources will not exceed 85% of the employee's salary. Both options have a 149-day waiting period and provide benefits until age 65. The University pays the full cost of the Option A premium, while employees enrolled in Option B pay the additional cost over the Optional A premium.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2019, the net OPEB liability for the University was based on an actuarial valuation as of June 30, 2019 and measured as of that date. For the year ended June 30, 2019, fiduciary net position as a percentage of the net OPEB liability amounted to 7.81%.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 8 - Other Postemployment Benefits (cont.)

Changes in net OPEB liability (in thousands of dollars):

	Total OPEB Liability (TOL)	Fiduciary Net Position (FNP)	Net OPEB Liability (NOL)
Balances at June 30, 2018	\$ 479,006	\$ 36,801	\$ 442,205
Changes for the year:			
Service Cost	4,124	—	4,124
Interest	18,248	—	18,248
Differences between expected and actual experience	31,459	—	31,459
Changes in assumptions	(17,565)	—	(17,565)
Contributions – Employer	—	23,363	(23,363)
Contributions – Employee	—	17,378	(17,378)
Net Investment Income	—	1,469	(1,469)
Benefit payments, including refunds of employee contributions	(23,206)	(40,584)	17,378
Administrative Expenses	—	(1)	1
Net Changes	13,060	1,625	11,435
Balances at June 30, 2019	\$ 492,066	\$ 38,426	\$ 453,640

For the year ended June 30, 2019, the University recognized OPEB expense of \$17,476,000. At June 30, 2019, deferred outflows of resources and deferred inflows of resources related to OPEBs were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 27,214	\$ —
Changes in assumptions	—	42,853
Net difference between projected and actual earnings on OPEB plan investments	—	2,014
Total	\$ 27,214	\$ 44,867

The University recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of the University's employees. The following table summarizes the future recognition of those items (in thousands of dollars):

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources
	Recognition
2020	\$ (4,897)
2021	(4,897)
2022	(4,714)
2023	(4,396)
2024	(1,069)
Thereafter	2,320
Totals	\$ (17,653)

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 8 - Other Postemployment Benefits (cont.)

Actuarial Assumptions

The total OPEB liability at June 30, 2019, is based upon the June 30, 2019 actuarial valuation, using the entry age normal, as a level percentage of pay, actuarial cost method. Significant actuarial assumptions used in the actuarial valuations are the following:

Price Inflation	2.2%
Salary Increases	Varies based on age: 0.1% to 6.0% (including inflation) for academic and administrative; 0.1% to 3.0% (including inflation) for clerical and service
Investment Rate of Return	3.50%
Retiree Health PPO Plan, Healthy Savings, and Rx Healthcare Cost Trend Rate	8.50% decreasing by 0.25% per year until ultimate trend of 4.5% is reached.
Pre-65 Rx trend rate	9.50% decreasing by 0.25% per year until ultimate trend of 4.5% is reached.
Medicare Advantage Plans medical trend rate	Premium rates are guaranteed through 2022. Thereafter, trend rates are 7.00% decreasing by 0.25% per year until an ultimate trend of 4.50% is reached
EWP Rx trend rate	8.50% decreasing by 0.25% per year until an ultimate trend of 4.5% is reached
Dental trend rates	3.0% all years.

The University's actuarial assumptions used in the June 30, 2019 valuation involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Benefit projections for financial reporting purposes are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and the historical pattern of cost sharing between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. For healthy retiree mortality rates, the RP-2014 Healthy Employee/Annuitant Mortality Table projected generationally using Scale MP-2017 was used. For disabled retiree mortality rates, the RP-2014 Disabled Annuitant Mortality Table projected generationally using Scale MP-2017 was used.

Discount Rate

The discount rate used to measure the total OPEB liability was 3.50% for the year ended June 30, 2019. The projection of cash flows used to determine the discount rate assumed that the University would not make additional contributions to the OPEB Trust and would continue to fund the plan on a pay-as-you-go basis, therefore the University's investments related to OPEB are considered cash and cash equivalents. For the June 30, 2019 actuarial valuation, 3.50% was used as the long-term expected rate of return. Based on these assumptions, the OPEB Plan's fiduciary net position was not projected to cover a full year of projected future benefit payments. Therefore, all future benefit payments are discounted at the current index rate for 20 year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

Regarding the sensitivity of the net OPEB liability for the University, to changes in the single discount rate, the following presents the University's liability, calculated using a single discount rate, as well as, what the plan's liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
	2.50%	3.50%	4.50%
Net OPEB Liability	\$523,380	\$453,640	\$396,499

Note 9 - Deferred Compensation

Missouri State Public Employees' Deferred Compensation Plan:

In accordance with Internal Revenue Code Section 457, the State offers all employees the opportunity to participate in the Missouri State Public Employees' Deferred Compensation Plan. Under the Plan, employees are permitted to defer a portion of their current salary until future years.

All amounts of compensation deferred under the Plan must be held in a trust, custodial account, or annuity contract for the exclusive benefit of Plan participants and their beneficiaries. Investments are managed by the Plan's trustee under one of several investment options, or a combination thereof. The choice between the investment option(s) available by the Plan is made by the participants.

Note 9 - Deferred Compensation (cont.)

Missouri State Public Employees' Deferred Compensation Plan:

The Plan was established by the Missouri State Public Employees' Deferred Compensation Commission in July 1995 pursuant to Section 401(a) of the Internal Revenue Code.

Under the Plan provisions, any employee of the State is eligible to participate in the Plan if he/she has been an employee of the State for at least 12 consecutive months preceding any employer contributions to the Plan, and is making continuous monthly deferrals of at least \$25 to the Missouri State Public Employees' Deferred Compensation Plan. As of March 2010, employer incentive (match) associated with the State of Missouri Deferred Compensation Plan was suspended. Participating employees are 100% vested.

The first employer contributions to the Plan were made in January 1996. The Plan receives contributions from employers as well as rollovers from other qualified plans. During fiscal year 2019, net rollovers and contributions to ICMA-RC were \$56,545,000.

Copies of the Plan's financial statements may be requested from:

Plan Administrator

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 12 - Debt

Bonds:

Bonds are long-term liabilities and are reconciling items from governmental fund financial statements to government-wide financial statements. On the Government-Wide Statement of Net Position, the long-term liabilities are shown as the amounts due within one year from the date of the statement and the amounts due in more than one year from the date of the statement.

General Obligation Bonds:

The Board of Fund Commissioners of the State of Missouri, upon voter approval and subsequent authorization of the General Assembly, issues general obligation bonds that are secured by a pledge of the full faith, credit, and resources of the State. The principal and interest amounts are transferred one year in advance from the General Fund or other funds to the debt service funds from which principal and interest payments are made. Three types of general obligation bonds are currently outstanding. Proceeds from the Water Pollution Control Bonds were used to provide funds for the protection of the environment through the control of water pollution. Proceeds from the Fourth State Building Bonds were used to provide funds for improvements of buildings and property of higher education institutions, Department of Corrections, and the Division of Youth Services. Proceeds from the Stormwater Control Bonds were used to provide funds to protect the environment through the control of stormwater.

To take advantage of lower interest rates, the Board of Fund Commissioners has issued bonds to refund various outstanding bond issues. The following indicates the refunding bonds issued by the Board (in thousands of dollars):

	Date Issued	Amount Issued	Series Refunded	Amount Refunded
Water Pollution Control Bonds:				
Series A 2010-Refunding	7/27/10	\$ 81,450	A 2001	\$ 15,030
			A 2002	20,225
			B 2002-Refunding	12,990
			A 2005-Refunding	8,595
			A 2007	31,385
Series A 2012-Refunding	9/27/12	62,460	A 2002	3,225
			B 2002-Refunding	64,080
Fourth State Building Bonds:				
Series A 2010-Refunding	7/27/10	9,060	A 2002-Refunding	8,970
			A 2005-Refunding	1,470
Series A 2012-Refunding	9/27/12	100,395	A 2002-Refunding	110,535
Stormwater Control Bonds:				
Series A 2010-Refunding	7/27/10	15,150	A 2001	7,320
			A 2002	8,475
			A 2005-Refunding	905

The additional principal amount of the refunding bonds does not decrease the amount of the authorization.

As of June 30, 2019, \$594,494,240 of the Water Pollution Control Bonds; \$250,000,000 of the Fourth State Building Bonds; and \$45,000,000 of the Stormwater Control Bonds have been issued. The remaining authorization for the Water Pollution Control Bonds is \$130,505,760 and for Stormwater Control Bonds is \$155,000,000. There is no remaining authorization for the Fourth State Buildings Bonds.

STATE OF MISSOURI

The Missouri Health and Educational Facilities Authority (MOHEFA) issued \$35,000,000 of Educational Facilities Revenue Bonds (University of Missouri-Columbia Arena Project) Series 2001, dated November 1, 2001, to fund the design, acquisition, construction, furnishing, and equipping of a sports arena facility and related facilities on the University of Missouri-Columbia campus. MOHEFA issued \$20,125,000 of Educational Facilities Refunding Revenue Bonds Series 2011, dated November 17, 2011. The Refunding Educational Facilities Revenue bonds refunded \$22,770,000 of Educational Facilities Revenue Bonds Series 2001. These bonds are special, limited obligations of the Authority and do not constitute a pledge of the full faith and credit of the State. However, under a financing agreement, the Office of Administration will request that the Governor's annual budget request to the General Assembly include the State's financing amount for principal and interest each year.

The Regional Convention and Sports Complex Authority issued \$132,910,000 of Convention and Sports Facility Project Bonds Series A 1991, dated August 15, 1991, to finance the costs of acquiring land and constructing a multi-purpose convention and indoor sports facility in downtown St. Louis, Missouri. On December 15, 1993, the Authority issued \$121,705,000 of Convention and Sports Facility Project Refunding Bonds Series A 1993 for the purpose of refunding the callable portions of the outstanding bonds issued in August 1991 and to pay the costs of additions and enhancements to the project. The outstanding principal amount refunded was \$101,410,000. On August 1, 2003, the Authority issued \$116,030,000 of Convention and Sports Facility Project Refunding Bonds Series A 2003 for the purpose of refunding Convention and Sports Facility Project Bonds Series A 1991 and Series A 1993 refunding bonds and to pay the costs of additions and enhancements to the project. The outstanding principal amount refunded was \$2,845,000 for the Series A 1991 bonds and \$113,170,000 for the Series A 1993 refunding bonds. On August 20, 2013, the Authority issued \$65,195,000 of Convention and Sports Facility Project Refunding Bonds Series A 2013 for the purpose of refunding Convention and Sports Facility Project Refunding Bonds Series A 2003. The principal amount refunded was \$64,385,000. These bonds are limited obligations of the Authority and do not constitute a pledge of the full faith and credit of the State.

The Convention and Sports Facility Project Bonds issued and outstanding as of June 30, 2019, were as follows (in thousands of dollars):

	Interest Rates	Payment Dates	Issue Date	Final Maturity Date	Issued	Outstanding
Convention and Sports Facility Project Bonds:

State Road Bonds:

The Missouri Highways and Transportation Commission authorized by Article IV, Section 29-34 of the Missouri Constitution and Section 226.133 of the State Highway Act, issues bonds for highway construction and repairs. Under the Missouri Constitution, the principal and interest of the State Road Bonds are payable solely from the revenues of the Missouri Road Fund. State Road Bonds have the following levels of priority: Senior Bonds, First Lien Bonds, Second Lien Bonds, and Third Lien Bonds. Proceeds from State Road Bonds are used for the purpose of constructing and maintaining the State's highways. As of June 30, 2019, the Missouri Highways and Transportation Commission had issued \$3,812,195,000.

To take advantage of lower interest rates, the Missouri Highways and Transportation Commission has issued Bonds to refund various outstanding bond issues. The following indicates the refunding bonds issued by the Commission (in thousands of dollars):

	Date Issued	Amount Issued	Series Refunded	Amount Refunded
Senior Lien State Road Bonds:				
Series C 2010-Refunding	11/10/10	\$ 130,390	A 2001	\$ 11,135
			A 2002	18,405

Note 12 - Debt (cont.)

Non-Major

Missouri Development Finance Board:

In December 2000, the Board issued \$6,500,000 in St. Louis Convention Center Hotel Series 2000B, taxable infrastructure facilities revenue bonds and \$14,600,000 in St. Louis Convention Center Hotel Series 2000C, tax-exempt infrastructure facilities revenue bonds, respectively for the purpose of paying the costs of acquiring land and constructing a parking garage. Bonds are payable, both principal and interest, out of revenues derived from the operation of the parking garage.

In April 2010, the Board issued \$9,000,000 in Seventh Street Garage Series 2010A, tax exempt infrastructure facilities revenue bonds.

The Missouri Development Finance Board Revenue Bonds issued and outstanding as of June 30, 2019, were as follows (in thousands of dollars):

	Interest Rates	Payment Dates	Issue Date	Final Maturity Date	Issued	Outstanding
Missouri Development Finance Board:						
Revenue Bonds						
Series 2000B	Variable	12/1	12/00	12/1/20	\$ 6,500	\$ 3,910
Series 2000C	Variable	12/1	12/00	12/1/20	14,600	5,410

2030-2034	1,652	159	1,811
Totals ⁽¹⁾	<u>\$ 13,804</u>	<u>\$ 1,865</u>	<u>\$ 15,669</u>

⁽¹⁾The bond schedule does not include notes payable, therefore, it differs from the bonds and notes payable amount reported in the statements.

The annual debt service schedule assumes an interest rate of 0.098%, representing the interest rate at June 30, 2019, for the Series 2000B and Series 2000C bonds. The annual debt service also assumes an interest rate of 4.25%, representing the interest rate as of June 30, 2019, for the Seventh Street Garage Series 2010A bonds. As of June 28, 2012 through April 30, 2015, the Board entered into an interest deferral agreement whereby the bond interest rate for the Seventh Street Garage Series 2010A bonds is the lesser of the modified pay rate or 4.25% annually.

⁽¹⁾ Detailed information for college and universities are not shown.

Financed Purchases from Direct Borrowings:

The State has entered into various agreements for financed purchases from direct borrowings for buildings, equipment, and software. Through contracts with Central Bank, the State has a \$16.5 million obligation outstanding as of June 30, 2019, for governmental activities. These financed purchases are secured with collateral of capital assets in the amount of \$22.0 million. In the event of default, the lease shall be terminated and the resulting property returned to the lessor. If the termination is the result of non-appropriation, the State shall deliver the property to the lessor within 10 business days after the termination of the lease schedule. If the property is not delivered within 10 business days, then the State shall also be responsible for the payment of damages in an amount equal to the amount of the lease payments that would have thereafter come due on the lease schedule had it not been terminated. The State had an unused line of credit in the amount of \$21.5 million at the end of fiscal year 2019.

The State has entered into an agreement for financed purchases from direct borrowings for energy star equipment through a contract with Bank of America. These purchases are secured with capital assets as collateral with a value of \$44.2 million. The State has a \$10.7 million obligation outstanding as of June 30, 2019, for governmental activities. In the event of default, the lease shall be terminated and the resulting property returned to the lessor. If the termination is the result of non-appropriation, the State shall deliver the property to the lessor within 10 business days after the termination of the lease schedule. If the property is not delivered within 10 business days, then the State shall also be responsible for the payment of damages in an amount equal to the amount of the lease payments that would have thereafter come due on the lease schedule had it not been terminated. The State had no available line of credit at the end of fiscal year 2019.

Through a contract with IBM, the State has \$4.3 million of financed purchases from direct borrowings outstanding as of June 30, 2019, for governmental activities. These financed purchases are secured with capital assets in the amount of \$6.3 million. The State of Missouri can terminate the agreement with written notice prior to 90 days of each starting anniversary. Upon termination, the State will pay to IBM all amounts due and payable including cross-band allotment offerings, deferred payment settlement amounts for the listed software products, termination and/or financing prepayments and applicable taxes on or before the termination. The deferred payments settlement amount represents the non-financed amounts. The deferred payments are \$6.6 million if terminated on July 1, 2019, and \$1.3 million if terminated on July 1, 2020. The State of Missouri may elect to cancel the fixed term license program under the agreement by giving IBM 30 day's written notice and may receive a prorated credit for a prepaid term. The prorated credit may be used to purchase IBM programs prior to the end date or termination of the remaining agreement. The credits are not transferable, cannot be converted to cash, and upon expiration eligible credit will be forfeited. The State had no available line of credit at the end of fiscal year 2019.

Note 12 - Debt (cont.)

As of June 30, 2019, debt service requirements for principal and interest in future years for direct borrowings were as follows (in thousands of dollars):

Fiscal Year Ending	Financed Purchases from Direct Borrowings					
	Governmental Funds		Internal Service Funds		College and Universities	
	Principal	Interest	Principal	Interest	Principal	Interest
2020	\$ 5,265	\$ 325	\$ 6,535	\$ 416	\$ 15	\$ 6
2021	4,860	190	5,751	216	17	4
2022	3,217	84	3,555	73	18	3
2023	1,440	22	707	11	19	1
2024	190	2	5	—	5	—
Total	<u>\$ 14,972</u>	<u>\$ 623</u>	<u>\$ 16,553</u>	<u>\$ 716</u>	<u>\$ 74</u>	<u>\$ 14</u>

Note 13 - Defeased Debt

A. Current Year Debt Defeasance

On May 13, 2019, the Missouri Highways and Transportation Commission issued Series A 2019 Federal Reimbursement State Road bonds in the amount of \$102,705,000, with an interest rate of 5.00%, to refund \$68,605,000 of Series A 2008 Federal Reimbursement State Road bonds and \$42,695,000 of Series A 2009 Federal Reimbursement State Road bonds. As a result, the bonds are considered to be defeased and the liabilities for the bonds have been removed from the financial statements. As a result of the funding, the Board reduced its total debt service payments by \$8.6 million to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$9.5 million.

On September 12, 2018, the University of Central Missouri issued the Missouri Health and Educational Facilities Authority Educational Facilities Revenue bonds, Series B 2018, in the amount of \$3,670,000, with interest rates ranging from 3.25% to 4.0%, to refund \$3,770,000 of the Educational Facilities Revenues bond, Series 2013 B-2. As a result, this bond is considered defeased and the liabilities for the bonds have been removed from the financial statements. As a result of the refunding, the University reduced its total debt service payments by \$467,949 to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$358,890.

On October 1, 2018, Missouri Western State University issued Series 2018 Auxiliary Revenue Refunding bonds, in the amount of \$3,765,000, with an average interest rate of 3.53%, to refund \$4,420,000 of the Series 2008 Auxiliary Revenue bonds. As a result, this bond is considered defeased and the liabilities for the bonds have been removed from the financial statements. As a result of the refunding, the University reduced its total debt service payments by \$1,327,992 to obtain an economic gain (difference between the present values of the old and the new debt service payments) of \$273,848.

B. Cumulative Debt Defeasances

Various bond issues have been defeased by the advance refunding of bonds. Irrevocable escrow accounts, containing proceeds of the refunding bond issues in the form of cash and U.S. government securities, are used to pay principal, interest, or redemption prices of the defeased bonds as and when due.

For financial reporting purposes, the following debt has been defeased and therefore removed as a liability from the governmental activities and college and universities Statement of Net Position.

Governmental Activities - As of June 30, 2019, bonds outstanding of \$132,680,000 are defeased.

College and Universities - As of June 30, 2019, bonds outstanding of \$280,545,000 are defeased.

Other Governments	8	—	8
Vendors	23,349	—	23,349
Customers	150,372	40	150,412
Other	25,849	—	25,849
	<u>1,349,047</u>	<u>40</u>	<u>1,349,087</u>
Accounts Receivable	5,109,150	162,491	5,271,641
Amounts not expected to be collected	<u>(562,025)</u>	<u>—</u>	<u>(562,025)</u>
Accounts Receivable, net	<u>\$ 4,547,125</u>	<u>\$ 162,491</u>	<u>\$ 4,709,616</u>

The Accounts Receivable amounts greater than one year for taxpayers increased from fiscal year 2018, due to an error correction.

Note 15 - Deferred Inflows and Outflows

Deferred outflows of resources are defined as consumption of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources are defined as acquisition of net assets by the government that is applicable to a future reporting period. Deferred outflows increase net position, similar to assets and deferred inflows decrease net position, similar to liabilities.

Totals	\$ 54,564	\$ 1,325,758	\$ 1,924	\$ 488,052	\$ 282,816

Continues Below

	State Lottery	Non-Major Enterprise Funds	Internal Service Funds	Totals
Transfers Out:				
General Fund	\$ —	\$ 141	\$ —	\$ 1,277,478
Public Education	—	—	—	34,010
Conservation and Environmental Protection	—	—	—	4,592
Non-Major Governmental Funds	—	16,400	—	529,729
State Lottery	—	—	—	317,783
Unemployment Compensation	—	—	—	2,602
Non-Major Enterprise Funds	—	—	—	742
Internal Service Funds	33	24	57	2,833
Totals	\$ 33	\$ 16,565	\$ 57	\$ 2,169,769

Principal reasons for interfund transfers include:

- moving general revenue funds to support elementary and secondary education
- moving state lottery funds to support elementary and secondary education
- moving general revenue funds to support social assistance programs reported in non-major governmental funds
- moving funds related to the construction of capital assets

There were transfers of capital assets for \$173,000 from a non-major capital projects fund to the enterprise funds. These are reported as capital contributions in the enterprise funds and excluded from the non-major special revenue funds; therefore these transfers are also not included in the reconciliation.

Enterprise	\$ 32,415	\$ 8,874	\$ 41,289
Internal Service	263,996	(1,999)	261,997
Total Proprietary Funds	\$ 296,411	\$ 6,875	\$ 303,286
DISCRETELY PRESENTED COMPONENT UNITS			
College and Universities	\$ 6,108,097	\$ (7,087)	\$ 6,101,010
Non-Major	229,146	2,563	231,709
Total Component Units	\$ 6,337,243	\$ (4,524)	\$ 6,332,719

Breakdown of restatements by type:

- General Fund, the restatement was due to a decrease in accounts receivable of \$523,000 and a decrease of \$178,145,000 due to the recognition of revenue previously classified as a deferred inflow of resources.
- Public Education, the restatement was due to a decrease in accounts receivable of \$749,000.
- Conservation and Environmental Protection, the restatement was due to a decrease in accounts receivable of \$4,000 and increase in loans receivable of \$124,698,000.
- Non-major special revenue funds, the restatement was due to a decrease in accounts receivable of \$1,000.
- Non-major enterprise funds, the restatement was due to a decrease in capital assets (net of accumulated depreciation/amortization) of \$310,000. The restatement due to the implementation of GASB Statement No. 83, *Certain Asset Retirement Obligations*, decreased net position by \$1,000. The increases in cash of \$8,093,000, inventories of \$3,656,000, accounts payable of \$1,369,000, accrued payroll of \$26,000, and compensated absences of \$179,000 was due to the reclassification of the Inmate Canteen Fund from an agency fund to an enterprise fund. Additionally, the reclassification of the fund caused an increase in deferred outflows of resources of \$307,000, deferred inflows or resources of \$17,000, net OPEB liability of \$386,000, and net pension liability of \$894,000.
- Non-major internal service funds, the restatement was due to a decrease in accounts receivable of \$521,000, a decrease of capital assets (net of accumulated depreciation/amortization) of \$988,000, and an increase of obligations under lease purchase of \$490,000.
- Discretely presented component units - colleges and universities, the restatement for Truman State University was due to a decrease in net position of \$5,233,000 for a correction in the error of depreciable life made to a building improvement. Lincoln University no longer includes Lincoln University Foundation, Inc. as a discretely presented component unit in their financial statements, causing an increase in net position of \$643,000. For the University of Missouri, the implementation of GASB Statement No. 83, *Certain Asset Retirement Obligations*, decreased net position by \$2,497,000.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 18 - Restatements (cont.)

- Discretely presented component units - non-major funds, the increase in net position of \$2,563,000 was due to the reclassification of the State Environmental Improvement Energy Resources Authority from a related organization to a discretely presented component unit.

Purpose for restatements:

The items on the schedule were restated as a result of additional information received this year related to prior year corrections.

On the Government-Wide Statement of Activities, net position for the governmental activities were restated by the amounts shown on the restatement schedule for governmental funds and internal service funds. In addition, internal balance increased by \$2,000, capital assets (net of accumulated depreciation/amortization) increased by \$29,136,000, obligations under lease purchase decreased by \$490,000, pollution remediation increased by \$4,000, and a decrease in net position of \$178,145,000 due the recognition of revenue previously classified as a deferred inflow of resources in the general fund causing it to no longer be a reconciling item to the Statement of Net Position. The reclassification of the Inmate Canteen Fund caused a decrease in deferred outflows of resources by \$307,000, net OPEB liability by \$386,000, net pension liability by \$894,000, and deferred inflows of resources by \$17,000 due to contributions for pension and OPEB previously being paid by the general fund and reimbursed by the Inmate Canteen Fund. Net position also decreased \$894,000 due to the implementation of GASB Statement No. 83, *Certain Asset Retirement Obligations*.

On the Government-Wide Statement of Activities, net position for the business-type activities were restated by the amounts shown on the restatement schedule for enterprise funds and by a decrease in internal balance of \$2,000.

Note 19 - Fund Deficit

The following funds had a deficit balance:

Enterprise Fund – Petroleum Storage Tank Insurance – At June 30, 2019, this fund had a net position deficit of \$45,569,000. The deficit at June 30, 2018 was \$ 40,982,000. The deficit occurred when transport load fees collected were not sufficient to cover the estimated claims liability for clean up of petroleum storage tank leaks. This liability amount is the cumulative result of numerous years of petroleum storage tank leaks. Per Section 319.129, RSMo, this fund will not accept new claim liabilities after December 31, 2025, or upon revocation of federal regulation 40 CFR, whichever occurs first, unless extended by action of the General Assembly. Under Section 319.132, RSMo, the Board of Trustees has authority to increase the transport load fee to a maximum of \$60 per 8,000 gallons. In addition, under Section 319.133, RSMo, the Board can increase annual participation fees to a maximum of \$500 per tank per year. These facts, along with the knowledge that PSTIF's claim reserves are set using very conservative assumptions, assure that adequate revenues will be available to meet its liabilities. Per Section 319.131, RSMo, the liability of the Petroleum Storage Tank Insurance Fund is not the liability of the State. Upon dissolution of this fund, the liability would be liquidated.

Enterprise Funds – State Lottery and Missouri Veterans' Homes, Internal Service Funds – Natural Resources Cost Allocation, Economic Development Administrative, Professional Registration Fees and Missouri Consolidated Health Care Plan and Component Unit Funds – Missouri Wine and Grape – At June 30, 2019, these funds had a net position deficit of \$11,159,000, \$116,821,000, \$17,634,000, \$3,021,000, \$8,629,000, \$8,624,000 and \$268,000 respectively. These funds, except for the Missouri Consolidated Health Care Plan, have deficit balances due to the fiscal year 2015 implementation of GASB 68 and the reporting of net pension liabilities and the fiscal year 2018 implementation of GASB 75 and the reporting of OPEB liabilities. It is expected that these liabilities will be funded over time. The Missouri Consolidated Health Care Plan (MCHCP) had a poor claims experience during fiscal year 2018, due to a few high claimants. This issue is being resolved by employee health care plan design changes and by an increase in appropriations to MCHCP beginning in fiscal year 2019 of \$76.9 million. Net position increased \$11.8 million from fiscal year 2018 to 2019. An additional increase of \$6.2 million in fiscal year 2020 was appropriated by the General Assembly.

Housing

The Missouri Low Income Housing Tax Credit (MOLIHTC) is authorized by Sections 135.350-135.363, RSMo, and provides a tax credit to qualified owners of affordable rental housing. To qualify upon application, a development must 1) rent at least 20% of its units to families earning 50% of the area median family income or 2) rent at least 40% of its units to families earning 60% of the area median family income, each adjusted for family size. The MOLIHTC generates equity investments that are purchased by the private sector for the development of new or rehabilitated rental housing which enables owners to lower rents to affordable levels for low-income families. The investor of the MOLIHTC can redeem the credit by applying it dollar for dollar to the following types of tax liabilities: income tax, corporate franchise tax, insurance premium tax, other financial institutions tax, or express company tax. MOLIHTC properties must comply with tenant eligibility, property maintenance, and fair housing law throughout a 15-year period. The Missouri Housing Development Commission monitors the properties for compliance and reports non-compliance to the Internal Revenue Service and Missouri Department of Revenue. Property owners found to be out of compliance are subject to recapture through the provisions of Section 135.355, RSMo and IRS §42. The MOLIHTC reduced state taxes by \$153,024,000 during fiscal year 2019.

Note 20 - Tax Abatements (cont.)

The Neighborhood Preservation Tax Credit is authorized by Sections 135.475-135.487, RSMo, and provides incentives for homeowners in lower income areas who rehabilitate or construct owner-occupied homes in qualifying or eligible areas of the State. Upon application, the eligible property must be in a qualifying area with a median household income of less than 70% of the median household income for the metropolitan statistical area (MSA) or non-MSA; or be located in an eligible area with a median household income of 70-89% of the median household income for the applicable MSA or non-MSA. Recipients are eligible to receive a credit for 15% of eligible costs up to \$25,000 per residence for new residences in eligible areas; 15% of eligible costs up to \$40,000 per residence for new residences in qualifying areas; 25% of eligible costs with a minimum of \$10,000 and not to exceed \$25,000 per residence for substantial rehabilitation in eligible areas; 35% of eligible costs with a minimum of \$5,000 or 50% of purchase price and not to exceed \$70,000 per residence for substantial rehabilitation in qualifying areas; and 25% of eligible costs with a minimum of \$5,000 and not to exceed \$25,000 per residence for non-substantial rehabilitation in qualifying areas. The abatements can be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, or other financial institutions tax. A taxpayer, other than the owner-occupant who receives a certificate of tax credit, shall have 30 days within the date of the sale to furnish satisfactory proof that the residence was sold at market to the Director of the Department of Economic Development (DED). If the Director determines that the residence was not in good faith intended for long-term owner occupancy, then the Director may revoke any tax credits issued and seek recovery of those credits pursuant to Section 620.017, RSMo. There are no other commitments made as part of the agreement. The Neighborhood Preservation Tax Credit reduced state taxes by \$2,807,000 during fiscal year 2019.

Business Recruitment

Missouri Quality Jobs is authorized by Sections 620.1875-620.1890, RSMo and provides tax incentives to qualified companies for facilitating the creation of new jobs or the retention of existing jobs in the State. This program has been replaced by Missouri Works, except for current projects. To qualify, the company must create a minimum number of jobs within the project facility within 2 to 3 years after the approval of the Notice of Intent and must maintain those jobs for the duration of the benefit. The average wage of the new jobs must equal or exceed the average county wage and the company must offer health insurance and pay at least 50% of the premium. The company must also submit an annual report. Companies may retain 100% of withholding tax that would otherwise be paid into the State or receive tax credits based on the percentage of new payroll or a combination of both for the new or retained jobs approved. The credits can be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. Missouri Quality Jobs reduced state taxes by \$48,411,000 during fiscal year 2019.

The Missouri Works - Business Incentives is authorized by Sections 620.2000-620.2020, RSMo and provides tax incentives for qualified companies to create or retain jobs in the State. To qualify for the credit, a company must create or retain a minimum number of new jobs at the project facility with average wages of 80%, 90%, 120%, or 140% of the county average wage, must offer health insurance and pay at least 50% of the premium, must meet the required number of jobs within 2 years of the Approval of the Notice of Intent, must maintain those minimums for the duration of the benefit, and must submit an annual report. Companies may retain 100% of withholding tax that would otherwise be paid into the State or receive tax credits based on the percentage of new payroll or a combination of both for the new or retained jobs approved. The credits can be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. Taxes may be recaptured due to misrepresentation, out-of-state relocation, or failure to file an annual report. The agreement requires 100% of the benefits received to be repaid within 60 days for misrepresentation or out-of state location or one year for failure to file an annual report. There are no other commitments made as part of the agreement. Missouri Works - Business Incentives reduced state taxes by \$64,787,000 during fiscal year 2019.

Note 20 - Tax Abatements (cont.)

Missouri Works New Jobs Training and Job Retention Training are authorized by Sections 620.800-620.809, RSMo. New Jobs Training provides assistance to eligible companies to train workers in newly created jobs. To qualify, the company must create new jobs in the state; the project must include eligible training costs, as well as other eligibility criteria such as types of occupations, wage rates, and turnover rates. Job Retention Training provides training assistance to eligible companies for job retention efforts. To qualify, a project must be for an existing Missouri company making a capital investment of at least 5 times the total project costs, retaining at least 100 eligible jobs at the facility for at least one year, be located in a border community, or be determined to represent substantial risk of relocation. Eligible companies for both programs include manufacturing, research and development, or those engaged in interstate commerce. The company must retain the eligible jobs in the project for at least 5 years and use the funding only toward eligible project costs. These programs are administered locally through community colleges. While the recipient's taxes are not actually reduced, a portion of normal withholding payments (paid to the Department of Revenue) are deferred to pay for eligible project costs. The amount that can be deferred is 2.5% of the payroll for the first 100 jobs in the project and 1.5% of the payroll for the remaining jobs in the project. The company may file withholding claims for the project until the budgeted project funds are disbursed; typically for a period of 3-5 years, with maximum limit of 8 years. There are no other commitments under these programs. Recapture provisions apply in accordance with Section 620.017, RSMo in which the recipient shall repay training funds under these programs if the jobs included in the project are moved out of Missouri or are eliminated within five years of the date the project is approved by DED. The Director of the Division of Workforce Development within DED shall have the authority and discretion to exempt the recipient in whole or in part of such repayment. Missouri Works New Jobs Training and Job Retention Training reduced state taxes by \$4,715,000 and \$2,781,000, respectively, during fiscal year 2019.

The Missouri Manufacturing Jobs Act is authorized by Section 620.1910, RSMo and provides incentives in the form of retaining withholding taxes to expand manufacturing facilities for an existing product or the creation of a new product. This program sunset in 2016 and no new applications are being accepted. To qualify, manufacturing companies must have a North American Industry Classification System (NAICS) of 33611, which is an establishment primarily engaged in (1) manufacturing complete automobile and light duty motor vehicles or (2) manufacturing automobile and light duty motor vehicle chassis. The company must manufacture goods at a facility in the state throughout the period benefits are received, and make a capital investment at a facility of at least \$75,000 per retained job for the manufacture of a new product within 2 years of beginning to retain withholding taxes or commit to make a capital investment of at least \$50,000 per retained job at the facility for the modification or expansion of the manufacture of an existing product within 2 years of beginning to retain withholding taxes. Qualified suppliers of an eligible manufacturer must attest to DED that they derive more than 10% of its total annual sales revenue from sales to a qualified manufacturing company, add 5 or more new jobs for a period of 3 years, pay wages for the new jobs equal to or exceeding the county average wage using the NAICS industry classification, but are not less than 60% of the statewide average wage, and the company must offer health insurance and pay at least 50% of the premium. If qualified, the company is allowed to retain 100% of the withholding tax that would otherwise have been paid in to the state for those jobs for 10 years for qualified manufacturers or 3 to 5 years for qualified suppliers. There are no provisions for recapture and no other commitments are made as part of the agreement. The Missouri Manufacturing Jobs Act reduced state taxes by \$15,013,000 during fiscal year 2019.

Note 20 - Tax Abatements (cont.)

Business Use Incentives for Large-Scale Development (BUILD) is authorized by Sections 100.700-100.850, RSMo. The incentives offered by the BUILD Missouri Program are designed to offset infrastructure and other capital costs of certain large projects by making the cost of investing in Missouri more competitive. The costs are financed through the issuance of Board of Certificates (bonds or notes), where the principal and interest will be repaid by the business. Businesses are then reimbursed for these repayments through the issuance by the Board of Missouri state income tax credits. The businesses may use these credits against taxes, which would otherwise be due, or to obtain a refund if the business has insufficient Missouri income tax liability to offset the credit. A business can apply these credits against income tax, bank tax, insurance premium tax, or other financial institutions tax. To qualify, an eligible industry in manufacturing, processing, assembly, research and development, agricultural processing or services in interstate commerce must invest a minimum of \$15 million; or \$10 million for an office industry in an economic development project; and create a minimum of 100 new jobs at the project facility within 3 years, or a minimum of 500 jobs if the project is an office industry, or a minimum of 200 new jobs if the project is an office industry located within a distressed community as defined in Section 135.530, RSMo. The tax credits become subject to recapture if the company does not expend the minimum investment on or before the first test date established in the program agreement, or create and maintain the minimum number of new jobs on or before the first test date. The first test date is the last day of the closest calendar quarter ending 3 years following bond closing. The tax credits are also subject to recapture if the company eliminates or announces its intention to eliminate all the new jobs at the project within 2 years of the first test date. If subject to recapture, the company shall, within 30 days following written demand from the Board, reimburse the Board in full for the face amount of the tax credits received from the date of execution of the program agreement to the date of such demand. There are no other commitments made as part of the agreement. The BUILD program reduced state taxes by \$13,776,000 during fiscal year 2019.

The Enhanced Enterprise Zone is authorized by Sections 135.950-135.973, RSMo and provides tax credits to new or expanding businesses in enhanced enterprise zones. To qualify, a company must create or maintain at least 2 new jobs and make at least \$100,000 in eligible investments. In addition, a Notice of Intent must be approved by DED, and the business must submit an annual report. Eligibility for the credit is determined by the zone based on creation of sustainable jobs in a targeted industry or demonstrated impact on local industry cluster development. Taxes are reduced by claiming a tax credit against the Missouri income tax liability owed to the state. The tax credits are calculated at 2% of new payroll and 0.5% of new investment. There are no provisions for recapture and no other commitments are made as part of the agreement. The Enhanced Enterprise Zone reduced state taxes by \$4,929,000 during fiscal year 2019.

The Business Facility Tax Credit is authorized by Sections 135.100-135.150 and Section 135.258, RSMo and provides to facilitate the expansion of new or existing facilities in Missouri. To qualify, a Notice of Intent must be approved by DED; the facility must create at least 2 new jobs and make \$100,000 in eligible investments or pursuant to House Bill 191 (2009), for "headquarters" that commence operations and "headquarters" of certain "employee-owned" businesses that commence or expand operations must create 25 new jobs and make \$1,000,000 in new investment. The company must submit an annual report to DED. Taxes are reduced by claiming a tax credit against the Missouri tax liability owed to the state. The tax credits are calculated as \$75 to \$150 per new job and \$75 to \$150 for each \$100,000 in new investment for up to 10 years. The tax credits for headquarters are calculated as the greater of \$400 per new job plus 4% of new investment or \$500 per new job plus \$500 per each \$100,000 in new investment for up to 10 years. The credit may be applied against income tax, insurance premium tax, or insurance company retaliatory tax. This program has sunset as of January 1, 2005 except headquarters that commence or expand operations on or before December 31, 2019 may be eligible for the program. There are no provisions for recapture and no other commitments are made as part of the agreement. The Business Facility Tax Credit reduced state taxes by \$8,218,000 during fiscal year 2019.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS

Note 20 - Tax Abatements (cont.)

The Amateur Sports Ticket Sales Tax Credit is authorized by Section 67.3000, RSMo and provides an incentive to encourage the location of competitively bid amateur sporting events in Missouri. Upon application, applicants must submit predictions on the anticipated economic benefit to the state. Applicants will be evaluated based upon anticipated and verified economic performance. The program is available to one or more certified sponsors, endorsing counties, endorsing municipalities, or a local organizing committee, acting individually or collectively. The program provides tax credits equal to the lesser of: \$5 per admission ticket sold to the event; or 100% of eligible costs incurred by the applicant. The recipient is able to reduce their outstanding tax liability in an amount equal to the value of the tax credit and may be taken against income tax, bank tax, insurance premium tax, and other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. The Amateur Sports Ticket Sales Tax Credit reduced state taxes by \$1,421,000 during fiscal year 2019.

The Rebuilding Communities Tax Credit is authorized by Section 135.535, RSMo and provides a tax credit for eligible businesses locating, relocating, or expanding within a distressed community. This program has been replaced by Missouri Works, except for current projects. To qualify, a business must have fewer than 100 full-time employees, 75% of which must be located in the distressed community; be primarily engaged in manufacturing, biomedical, medical devices, scientific research, animal research, computer software design, computer software development or computer programming, which includes Internet, web hosting, and other information technology, wireless, wired or other telecommunications, or a professional firm. The business must submit an annual tax credit application documenting eligible expenditures on the project to DED. Once approved, the tax credit is calculated at 40% or 25% of the qualifying expenditures and may be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, or other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. The Rebuilding Communities Tax Credit reduced state taxes by \$56,000 during fiscal year 2019.

The Development Tax Credit is authorized by Sections 32.100-32.125, RSMo and provides incentives to facilitate a business project in order to create new jobs. This program has been replaced by Missouri Works, except for current projects. Tax credits are issued to approved taxpayers that make an eligible donation to a non-profit corporation. The non-profit leases assets to an approved company. The company must create a specified number of jobs within 2 years and be in a distressed or blighted area. In many instances, the taxpayer that makes the donation is also the company that is creating the economic impact. The donor that makes the contribution must submit a tax credit application to DED. Once approved, taxes are reduced by claiming a tax credit against Missouri tax liability owed to the state. The tax credit is calculated at 50% of the eligible donation and may be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, other financial institutions tax, or express company tax. No other commitments are made as part of the agreement. DED may recapture tax credits up to the amount issued if the non-profit fails to complete the project or comply with the agreement. The non-profits only and not the donors are subject to the recapture. The Development Tax Credit reduced state taxes by \$374,000 during fiscal year 2019.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 20 - Tax Abatements (cont.)

Chapter 100 Personal Property Tax Exemption is authorized by Section 144.054 (2), RSMo and provides a state and local sales tax exemption on tangible personal property leased by a company from the City or County. To qualify, cities and counties may apply to DED on behalf of eligible companies for which Chapter 100 bond proceeds are used to purchase tangible personal property, which is leased back to the company. DED may apply discretionary benefit exemption if the benefit contained in a formal DED proposal is accepted by the company. Since DED cannot enact the sales tax exemption on the lease without the underlying Municipality Chapter 100 in place, any inclusion in a formal DED proposal will be coordinated with the Municipality and their economic developer. The proposal must have been accepted by the company prior to any project announcements, no approval or issuance of the bonds may have taken place, and the tangible personal property may not have been purchased prior to the acceptance of the proposal. The project must also be competitive, have comprehensive local incentive participation, have above average wages with benefits, be located in an economically distressed or blighted area, have a positive state fiscal impact, and have an indication that the municipality has offered the local Chapter 100 exemptions. The company receives the exemption on sales tax as the facility, construction materials, and certain tangible personal property may be purchased as exempt by the City or County and then leased back to the company. The company will be responsible for the payment of sales tax on purchases exceeding the maximum accepted in the proposal, ineligible purchases, or the revenue stream generated by lease of ineligible personal property. There are no provisions for recapture and no other commitments are made as part of the agreement. The sales tax is applicable to the lease payments made over a period not to exceed 20 years by statute and restricted further by local ordinance. The sales tax exemptions are only applicable if tangible personal property purchases are made within established project time periods, as listed on the certificate. For fiscal year 2019 no certificates were provided for the exemption of state sales tax related to lease payments of tangible personal property under a Chapter 100 structure.

Data Center Sales Tax exemption is authorized by Section 144.810, RSMo and incentivizes the location and expansion of data centers in the state by providing an exemption of the sales and use taxes associated with a variety of activities necessary to build a new facility or expand an existing facility. To qualify, companies must create 5 new jobs and \$5 million in investment for expanding facilities or create 10 new jobs and \$25 million in investment for new facilities within certain time frames. A company is refunded their sales and use taxes for new purchases related to the data center project for the period prior to meeting the threshold for participation and then are exempt for a period of no more than 10 years for expanding facilities or 15 years for a new facility. Taxes may be subject to recapture if the full investment projected is not met or if the jobs created are not maintained, causing the cost/benefit to the State to be negative, or if the company does not meet the minimum thresholds. Taxes will be recaptured up to the amount that creates a positive cost/benefit to the state, or if the company does not meet the minimum thresholds, the full exemptions to date must be repaid. No other commitments are made as part of the agreement. The amount that state taxes were reduced is confidential under Section 32.057, RSMo.

Redevelopment

The Historic Preservation Tax Credit is authorized by Sections 253.545-253.561, RSMo and provides an incentive for the redevelopment of commercial and residential historic structures in the state. Upon application, the eligible property must be listed on the National Register of Historic Places, be certified by the Department of Natural Resources (DNR) as contributing to the historical significance of a certified historic district listed on the National Register, or located within a local historic district that has been certified by the U.S. Department of Interior. The costs and expenses associated with the rehabilitation must exceed 50% of the total basis of the property. All approved applicants must commence rehabilitation within 2 years of the date of issuance of the letter of approval from DED. The program provides state tax credits equal to 25% of eligible costs and expenses of the rehabilitation of approved historic structures, which the recipient is able to use to reduce their outstanding tax liability in an amount equal to the value of their tax credit. The credit may be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. The Historic Preservation Tax Credit reduced state taxes by \$54,566,000 during fiscal year 2019.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 20 - Tax Abatements (cont.)

Brownfield Remediation is authorized by Sections 447.700-447.718, RSMo and provides incentives to businesses or developers to redevelop property contaminated with hazardous waste. To qualify, the property must be abandoned or underutilized for at least 3 years, and contaminated with hazardous substance, the applicant cannot be a responsible party, the project must be accepted into DNR Voluntary Cleanup Program, the project must be endorsed by city or county government, must create at least 10 new jobs or retain 25 jobs, the project must create a positive net state economic benefit, and must demonstrate need for the credits. The recipient is able to reduce their outstanding tax liability in an amount equal to the value of the tax credit. The tax credits may be issued for up to 100% of eligible costs and expenses for remediating the project property. The tax credit may also include up to 100% of the costs of demolition that are not directly part of the remediation activities. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation. DED will issue 75% of the credits upon adequate proof of payment of the costs; the remaining 25% will not be issued until a clean letter has been issued by DNR. The tax credits may be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, or other financial institutions tax. The tax credits may be subject to recapture in the event the owner sells the abandoned or underutilized property within a 5 year period after the receipt of remediation tax credits, grants, loans or loan guarantee. Subject to Sections 447.700-447.718, RSMo, the owner shall repay a portion of the tax credits and grant funds provided based on the percentage of the owner's investment for the project to DED's total financial assistance, upon achieving an annual internal rate of return of 25%. The internal rate of return calculation shall be documented by the owner's capital gains tax calculation. Owner investment is equity and debt for the eligible project. At the end of the project, a purchaser who has performed voluntary remediation action certifies to DNR that the goals of the purchaser's voluntary remediation plan have been attained. DNR verifies the remediation plan goals are achieved and issues a certificate that states that the site has been cleaned up to DNR standards pertaining to the property itself and therefore protects both current and future owners of the property. Brownfield Remediation reduced state taxes by \$13,029,000 during fiscal year 2019.

Distressed Areas Land Assemblage is authorized by Section 99.1205, RSMo and provides incentives to redevelop blighted areas. This program has sunset and no new applications are being accepted. To qualify, the area must be at least 75 acres; at least 80% of the area must be within a Distressed Area or a federal Qualified Census Tract; the redeveloper must acquire at least 50 acres of the area; the average parcels per acre must be 4 or more; and less than 5% of the acreage for acquisition by the redeveloper under the redevelopment plan shall consist of owner-occupied residences. The recipient is able to reduce their outstanding tax liability in an amount equal to the value of the tax credit. The tax credits are provided to the redeveloper based on 50% of the acquisition costs, including maintenance costs, and 100% of the interest costs incurred for a period of 5 years after the acquisition of an eligible parcel. The credits may be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. Any funds generated through the use or sale of the tax credits issued shall be used to redevelop the eligible project area. There are no provisions for recapture and no other commitments are made as part of the agreement. Distressed Areas Land Assemblage reduced state taxes by \$43,000 during fiscal year 2019.

Note 21 - Commitments

Contracts

The Department of Conservation had contracts outstanding of \$293,000 for construction and \$75,000 for land acquisition contracts at June 30, 2019. These contracts are funded through the special revenue funds from specific sales tax, fees, and permits.

The Department of Natural Resources had construction contracts outstanding at June 30, 2019 of \$210,000. These projects are funded through a capital project fund and an enterprise fund.

The Department of Transportation had long-term contracts of \$718,535,000 outstanding at June 30, 2019. These contracts are paid from capital projects funds with approximately 83.18% federal reimbursement expected.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 21 - Commitments (cont.)

The Office of Administration, Division of Facilities Management, Design and Construction, had construction contracts outstanding at June 30, 2019 of \$65,445,000. Approximately 46.4% will be paid from the General Fund, 17.4% from special revenue funds, and 36.2% will be paid from the capital projects funds.

On March 10, 1988, the State of Missouri entered into a contract with the United States Army Corps of Engineers confirming an assurance agreement of April 8, 1965. The State obtained rights to a portion of the water supply storage from the Clarence Cannon Dam and Mark Twain Lake Project. The State agreed to pay up to \$10.8 million plus interest for the investment costs allocated to the water supply storage, the amount of such payments to be determined by the portion of the water storage space put in use by the State for that purpose. The contract provided a ten year interest free period running from 1984 to 1994. In fiscal year 1995, the State began making interest payments. The interest payment amount for fiscal year 2019 was \$364,000. Payment of principal and interest must be completed by March 2038.

As of June 30, 2019, the University of Missouri had outstanding commitments for the usage and ongoing support of the University Health System's information technology environment totaling \$170,895,000. The payments are as follows:

2020	\$	26,252,000
2021		27,146,000
2022		28,008,000
2023		28,855,000
2024		29,819,000
2025		30,815,000

Truman State University had approximately \$2,749,000 in outstanding commitments for various construction contracts at June 30, 2019.

Southeast Missouri State University had outstanding commitments of approximately \$7,200,000 related to construction contracts at June 30, 2019.

Missouri State University had approximately \$19,000,000 in outstanding commitments for various construction contracts at June 30, 2019.

University of Central Missouri had approximately \$9,205,000 in outstanding commitments related to construction contracts at June 30, 2019.

Northwest Missouri State University had approximately \$671,000 in outstanding commitments related to various construction contracts at June 30, 2019.

Note 22 - Risk Management and Insurance

The State is exposed to various risks of loss related to tort, general, motor vehicle, and contractor liability and injuries to employees. The State assumes its own liability for risks except for the purchase of surety bond, aircraft, and boiler coverage. The State's Office of Administration (OA), Risk Management Unit, self-insures its workers' compensation program for all state employees, with the exception of the Missouri Department of Transportation (MoDOT) and the State Highway Patrol. Liability insurance is also provided by OA-Risk Management, pursuant to state statute, through the State's Legal Expense Fund, which is a component of the General Fund in this report. This insurance covers all state employees.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 22 - Risk Management and Insurance (cont'd)

The Workers' Compensation and Legal Expense Fund claims liability is based upon actual claims that have been submitted to OA-Risk Management. Incurred but not reported (IBNR) liability is not included since workers' compensation and liability insurance claims are reported timely, and therefore any potential IBNR liability amount would be considered immaterial. The State has not had any insurance settlements exceed the coverage. OA-Risk Management also procures property insurance for approximately 3% of all state buildings, with the remainder uninsured. The buildings are insured through purchased property insurance and through the Property Preservation Fund. Buildings insured through the Property Preservation Fund are backed with bonded debt through the Board of Public Buildings.

The Transportation Self-Insurance Plan covers workers' compensation for employees of MoDOT and the State Highway Patrol, and covers vehicle liability and general liability insurance for the employees of MoDOT. The Transportation Self-Insurance Plan is presented as an internal service fund. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Estimated claims payable is based on known claims pending as well as an estimate of IBNR claims from data provided by an actuary. Liabilities are reported at their discounted value, assuming an investment yield of 2%.

The Missouri Consolidated Health Care Plan (MCHCP) provides health care insurance to all state employees, except for MoDOT, the State Highway Patrol, and the Department of Conservation. The Plan is presented as an internal service fund. Estimated claims payable is based on known medical claims pending as well as an estimate of IBNR claims from data provided by an actuary.

The MoDOT and MSHP Medical and Life Insurance Plan (MHPML) accounts for the medical coverage provided on a self-insured basis and life insurance benefits, underwritten by a commercial insurance company, for employees of MoDOT and the State Highway Patrol. The Plan is presented as an internal service fund. Estimated claims payable is based on known insurance claims pending as well as an estimate of IBNR claims from data provided by an actuary.

The Conservation Employees' Insurance Plan (CEIP) provides health care and life insurance to employees of the Department of Conservation. The Plan is presented as an internal service fund. Estimated claims payable is based on known claims pending as well as an estimate of IBNR claims.

The Petroleum Storage Tank Insurance Fund (PSTIF) has claims liability for the cost of contamination cleanup for policyholders and other eligible site owners who have submitted notice of a contamination. The PSTIF is presented as a major enterprise fund.

The University of Missouri System provides workers' compensation, liability, and medical insurance for its employees. The University funds this through a combination of self-insurance and commercially purchased insurance. The amount of coverage is based upon analysis of historical information and actuarial estimates. Settled claims have not exceeded commercial coverage in any of the past three fiscal years. The claims liability is the present value of the claims, using discounted rates ranging between 0.75% and 3.50% based on future investment yields. The University of Missouri System is included with college and universities as a major component unit of the State.

Missouri State University is exposed to various risks of loss. These include loss related to torts; business interruption; employee injuries and illnesses; employee health, dental and accidental benefits; natural disasters; damage to and destruction of assets; and errors and omissions. Commercial insurance coverage is purchased for claims arising from such matters other than those related to natural disasters and employee health benefits, general liability, and workers' compensation. Settled claims have not exceeded the commercial coverage in any of the three preceding years. Additional coverage is provided through the State Self-Insurance Program, through the Risk Management Unit of the Office of Administration. The State of Missouri self-insures the workers' compensation benefits for all state employees, including University employees.

Risk Management Pool:

The State of Missouri participates in the property program of the Midwestern Higher Education Compact (MHEC) as defined in Section 173.700, RSMo. This program was formed to expand coverage, reduce costs, and stabilize property insurance rates over extended time periods at higher education institutions in all member states. The program offers loss limit coverage tailored to individual institutions as well as self-insured retention by institution. The MHEC Risk Management Oversight Committee directs the major operations of the program overseeing the development of program policies, premium allocations, new program memberships, and selection of program administrators and insurance underwriters.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 23 - Pollution Remediation and Landfill Closure and Postclosure

The State has an obligation to address current or potential detrimental effects of existing pollution by participating in pollution remediation activities.

The Missouri Department of Natural Resources (DNR) was compelled to assess and oversee the cleanup of contaminated sites subject to federal law under the Resource Conservation and Recovery Act (RCRA), also known as the Superfund Law, administered by the U.S. Environmental Protection Agency (EPA). Under this law, the State is required to pay or ensure payment of 10% of the costs of remediation action and 100% of the costs of operations and maintenance at sites where the party responsible for the contamination is unknown, uncooperative, or insolvent. Similarly, Section 260.371.7, RSMo, states that the public should bear a portion of the cost to pay for the State's share of Superfund cleanup to be appropriated from general revenue. At the end of fiscal year 2019, the State was participating in the cleanup of seventeen Superfund sites. Total pollution remediation obligation for these sites totaled approximately \$48.8 million. The basis for these costs are State Superfund contracts that list the estimated cost of cleanup, or actual costs if cleanup is complete, less any payments that have been made to the EPA. Estimated costs will change as actual costs become available. The Hazardous Waste Fund is a component of Conservation and Environmental Protection.

The Office of Administration (OA), Division of Facilities Management, Design and Construction did not have any pollution remediation obligations during fiscal year 2019.

The Missouri Department of Transportation (MoDOT) is in remediation activities related to buildings and grounds caused by contamination and a fuel leak. The current pollution remediation obligation for these sites total approximately \$4.0 thousand. The potential for additional pollution remediation exists, however, any future remediation obligations are not yet estimable.

The Department of Public Safety, Office of the Adjutant General, has been named as a potentially responsible party in the Pools Prairie Superfund site in Newton County, Missouri. The site is listed on the National Priorities List (NPL) and is governed by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). At this time, the Department of Public Safety's portion of the costs for the cleanup cannot be determined.

Changes in the balances of pollution remediation liability (in thousands of dollars) during the current fiscal year are as follows:

Governmental Activities	Type of Pollution Remediation	*Fiscal Year Remediation Liability 6/30/2018	Current Year Assessments and Estimated Changes	Payments	Fiscal Year Remediation Liability 6/30/2019	Due Within One Year
DNR	Superfund Sites	\$ 46,222	\$ 7,079	\$ (4,500)	\$ 48,801	\$ 2,207
OA	Soil and Groundwater Testing and Remediation	17	—	(17)	—	—
MoDOT	Buildings and Grounds Remediation	4	—	—	4	—
Total Governmental Activities		<u>\$ 46,243</u>	<u>\$ 7,079</u>	<u>\$ (4,517)</u>	<u>\$ 48,805</u>	<u>\$ 2,207</u>

*Beginning balances as of June 30, 2018 have been restated (see Note 18).

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 23 - Pollution Remediation and Landfill Closure and Postclosure (cont.)

Each landfill owner/operator is required to obtain a financial assurance instrument, which is held by the State as security in the case of a default or forfeiture. Financial assurance instruments can include financial guarantee or performance bonds, letters of credit, insurance policies, corporate guarantees, contracts of obligations, trust funds, and escrow accounts. At June 30, 2019, the DNR, Solid Waste Program tracked the value of the secured financial assurance instruments held by the State to be \$340.2 million. This amount is disclosed, but not reported in the financial statements, because the State does not perform the investment function and does not have significant administrative involvement. While the State maintains possession of the financial assurance instruments, it does not meet criteria to be reported in a fiduciary fund.

As of June 30, 2019, eleven Municipal Solid Waste Landfills (MSWLFs) and two waste tire facilities have defaulted. The owners/operators failed to properly close or maintain post-closure care for these facilities; therefore, the State took possession of the forfeited financial assurance instruments to initiate the closure or post-closure activities as required by Section 260.228, RSMo. The State will monitor and pay post-closure care costs of these facilities for the next 30 years in accordance with the DNR Solid Waste Management Law and Regulations. At June 30, 2019, it is expected that \$1.5 million will be paid over the remaining monitoring periods. This is the amount of the assigned fund balance that has been designated on the General Fund balance sheet for forfeited assets.

The University of Missouri System has been working with the Voluntary Cleanup Program at DNR to characterize subsurface contamination on a University owned property. The University received the results of the two-year sampling process in fiscal year 2016. The University is awaiting a determination from DNR. The site is now on the National Regulatory Commission (NRC) license and must be decommissioned. Upon further review of the documents, the University determined that it does not believe that the documents support the decision to add the site to the NRC license due to an overestimated quantity of isotopes managed at the site. The University made a formal request to remove the site from the NRC license. NRC responded with a request for more information, including a dose assessment, which is estimated at a cost of \$15.0 thousand. If the NRC finds the dose assessment to be unacceptable, then the University will be required to fully decommission the site, including a sampling plan. The cost of a sampling plan to characterize the chemical contamination is estimated at \$1.0 million. The University has not commenced any actions requiring the recognition of a liability for this property.

Note 24- Asset Retirement Obligations

The State has a legally enforceable obligation to perform future asset retirement obligations (ARO) related to its tangible capital assets.

The Missouri Department of Natural Resources (DNR) has a total ARO of \$1,717,000 for gas chromatographs, radiation detectors, petroleum above ground storage tanks, and permitted sewage treatment plants. Gas chromatographs and radiation detectors are considered radioactive sources and will not be accepted by the State's Surplus Property Program, thus requiring a cost for disposition. These ARO's are measured at the current cost of returning the items to the vendor. Gas chromatographs have remaining useful lives of 3 years and radiation detectors have remaining useful lives of 0 to 9 years. The ARO for petroleum above ground storage tanks is measured using the best estimate for taking the tanks out of service, which consists of emptying the tanks, removing the secondary containment, and proper disposal. Remaining useful lives of the tanks are 0 to 16 years. Aboveground storage tanks are regulated under the Missouri Code of State Regulations 2 CSR 90-30.050.16. The ARO for permitted sewage treatment plants is measured using the best estimate for closure of the facilities, which includes submitting a closure plan to DNR addressing wastewater and sludge removal, dewatering activities, removal of treatment structures, and removal of solid waste or leaving in place as a clean fill. Remaining useful lives of the plants is 0 to 47 years. Permitted sewage treatment plants are regulated by the Missouri Code of State Regulations 10 CSR 20-6-011.12 and the Federal Clean Water Act. The ARO for these items would be funded by state appropriations.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 24- Asset Retirement Obligations (cont.)

The Missouri Department of Transportation (MoDOT) has an ARO of \$44,000 to properly dispose of all nuclear gauges used to measure physical properties of materials during its construction projects. The ARO is measured using the current cost of returning the items to the vendor and the assets have remaining estimated useful lives of 15 years. Disposal of the nuclear gauges is required by the Nuclear Regulatory Commission - NUREG 1556 Volume 1 Rev 2. The ARO will be funded by state appropriations.

The Department of Public Safety (DPS), Office of the Adjutant General, has an ARO of \$30,000 to take two underground storage tanks out of service. The ARO is measured using the current cost for closure and the assets have estimated remaining useful lives of 25 years. Underground storage tanks are regulated under the Missouri Code of State Regulations 10 CSR 26. The ARO will be funded by state appropriations.

The University of Missouri (MU) has an ARO based on its ownership of two nuclear research reactors which are regulated by the U.S Nuclear Regulatory Commission (NRC). The NRC requires the University to submit decommissioning funding plans every three years to retain the right to operate the reactors. The decommissioning funding plans update and adjust changes in costs to remediate and the extent of the estimated future contamination. The cost to decommission the reactors is based on a formula as set forth by the NRC as part of the licensing of the facilities. The ARO as of the end of fiscal year 2019 was \$62,433,000. The remaining useful lives of the reactors was 23 years as of June 30, 2019 (in thousands of dollars).

<u>Governmental Activities</u>	<u>ARO Liability at June 30, 2019</u>
DNR	\$ 1,715
MoDOT	44
DPS	30
Total Governmental Activities	<u>\$ 1,789</u>
 <u>Business-Type Activities</u>	
DNR	<u>\$ 2</u>
 <u>Component Units</u>	
MU	<u>\$ 62,433</u>

Note 25- Contingencies

Contingent Claims Liabilities

Contingent claims liabilities are reported when it is probable a loss has occurred and the amount can be reasonably estimated. These losses include estimates of claims which have been incurred but not reported, including the effects of specific, incremental claim adjustment expenditures/expenses, salvage, subrogation, and other allocated or unallocated claim adjustment expenditures/expenses. Liabilities of governmental funds are reported as a reconciling item to the Government-Wide Statement of Net Position. Expenditures are recognized as payments are made.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 25- Contingencies (cont.)

As of June 30, 2019, the amount of contingent liabilities was \$30.4 million. Changes in reported liability since June 30, 2018, resulted from the following (in thousands of dollars):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance Fiscal Year End
2018-2019	\$ 48,923	\$ 13,628	\$ (32,146)	\$ 30,405
2017-2018	71,150	4,368	(26,595)	48,923
2016-2017	39,040	59,672	(27,562)	71,150

Section 287.220.8, RSMo, requires an actuarial study of the Second Injury Fund be made every year to determine solvency of the fund. Figures presented below for current year claims and changes in estimates are based on the 2018 actuarial study. As at June 30, 2019, the amount of liabilities for Second Injury Fund was \$2.1 billion. Changes in reported liability since June 30, 2018, resulted from the following (in thousands of dollars):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance Fiscal Year End
2018-2019	\$ 1,953,168	\$ 213,020	\$ (94,299)	\$ 2,071,889
2017-2018	1,840,186	213,633	(100,651)	1,953,168
2016-2017	1,732,685	206,662	(99,161)	1,840,186

The State receives federal grants which are subject to review and audit by federal grantor agencies. This could result in requests for reimbursements by the grantor agency for expenditures disallowed under grant agreements. The State believes such dis-allowances, if any, would be immaterial in the next fiscal year.

Sales and Use Tax Lawsuits:

The Attorney General, on behalf of other state agencies, is involved in litigation for tort claims including wrongful death, motor vehicle accidents, medical malpractice, assault and battery, and deliberate indifference, as well as employment discrimination claims not included in the 2019 liability amount. It is reasonably possible an adverse court decision may incur an estimated loss of \$4.3 million.

Department of Social Services:

Little Sisters of the Poor v. Department of Social Services, No. 18AC-CC00262 (Cole County Circuit Court). This petition for review was filed on July 12, 2018, by 335 nursing facilities participating in the MO HealthNet program. They claim that the reduction of a per diem reimbursement rate by the department was invalid and contrary to the department's own regulation. The Cole County Circuit Court entered an order and judgment on May 22, 2019, concluding the department had violated its own regulation, the Medicaid Act requirements that apply to rate reductions, and the Equal Protection Clauses of the United States and Missouri Constitutions. If upheld, the resulting cost to the department and the State would be approximately \$45 million. The State filed a notice of appeal on June 28, 2019. Appellate briefs have not yet been submitted and oral argument has not been scheduled. The ultimate resolution of the case on appeal cannot be predicted with any degree of certainty.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 25- Contingencies (cont.)

Department of Health and Senior Services:

The Nurse Student Loan Program provides forgivable student loans to eligible Missouri undergraduate, graduate, post-graduate, and doctoral nursing students in exchange for service in underserved communities and facilities in the state. Current annual award levels, based on statute, are a one-time amount of \$2,500 for LPN students and \$5,000 for professional nursing students. Loans are repaid either through service in an underserved area, or via cash repayment at 9.5% simple interest. For repayment via service, participants provide one year of professional service for each school year a loan is received, up to a maximum of 5 years. The number of loans awarded per year varies based upon available funding, number of previous students anticipating continued funding, and number of eligible new applicants.

The Health Professional Student Loan Program is a competitive state program that awards forgivable loans to students pursuing health care training leading to Missouri licensure. Eligible disciplines are primary care physicians, primary care dentists, and dental hygienists. The amount of funding provided depends upon the student's chosen discipline and educational status. Repayment of loans can be completed either through obtaining employment to earn forgiveness or through cash repayment at 9.5% simple interest. Forgiveness is based upon the number of loans received and is earned at a rate of one year of professional service for each loan received, up to a maximum of 5 years. Qualifying employment is considered as full-time, direct patient care at a facility located in an area of need also referred to as a Health Professional Shortage Area.

The purpose of the Missouri Health Professional State Loan Repayment Program (SLRP) is to improve access to primary care by assisting rural and underserved communities with recruitment and retention of primary care providers. SLRP offers eligible healthcare providers an opportunity to receive up to \$50,000 in financial assistance towards the repayment of their qualifying educational loans in exchange for a minimum two-year commitment to provide healthcare services at an ambulatory public, nonprofit or private nonprofit primary care practice site located in a federally designated Health Professional Shortage Area (HPSA).

The Missouri Nurse Loan Repayment Program (NLRP) offers Registered Nurses (RNs) and Advanced Practice Registered Nurses (APRNs) an opportunity to receive financial assistance towards the repayment of their qualifying educational loans in exchange for a minimum two-year commitment to provide healthcare services in an area of defined need in the State of Missouri.

For all types of loan programs, in the event of a default, i.e. the loanee does not complete the service agreement, the loan status changes to repayment. In the event the loanee does not repay according to the terms of their agreement, the Department of Health and Senior Services will work with the Attorney General's Office to try to collect the outstanding receivables. The current total amount of loans outstanding is \$6.9 million; the total amount in repayment is \$2.7 million. There is no correlation between who will or will not repay their debt once a default has occurred since it is subject to each individual case and the legal remedies pursued. Therefore the amount of loss cannot be reasonably estimated.

Department of Corrections Settlements:

Hootselle v. Department of Corrections, No. 12AC-CC00518 (Cole County Circuit Court). This lawsuit was filed on August 14, 2012 by several corrections officers alleging that the Missouri Department of Corrections failed to compensate them for pre- and post-shift activities, including passing through security checkpoints and retrieving equipment such as keys and radios. The officers' union was later added as a plaintiff and asserted claims for breach of its collective bargaining agreement. Following a jury trial on the plaintiffs' breach of contract claims in August 2018, the court entered judgment against the State and for the class of \$113.7 million. The State filed a notice of appeal and the Missouri Court of Appeals affirmed the judgment. The State has sought transfer to the Supreme Court of Missouri. The ultimate resolution of the case on appeal cannot be predicted with any degree of certainty.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 25- Contingencies (cont.)

Tobacco Master Settlement Agreement:

Under the 1998 Tobacco Master Settlement Agreement ("MSA"), Missouri receives annual settlement payments in perpetuity from Participating Manufacturers ("PMs") of tobacco products. Each year on or about April 15th, Missouri receives an annual payment typically between \$120 and \$140 million. Annual MSA payments are subject to a downward adjustment if the PMs lose more than 2% of their pre-MSA market share to Non-Participating Manufacturers ("NPMs"). Individual states may avoid their share of this "NPM Adjustment" by enacting and diligently enforcing model legislation, which imposes certain escrow obligations on NPMs.

The tobacco manufacturers contest Missouri's enforcement of the model legislation for 2004 and subsequent years, each of which is subject to binding arbitration. Arbitration regarding diligent enforcement for 2004 is ongoing. The state appointed arbitrator passed away in August 2019 and the state parties have selected another arbitrator who will begin reviewing the evidence and hear additional matters and argument in 2020. If the panel finds that Missouri was not diligent in 2004, the State will face a downward adjustment on the annual payment following the panel's determination. The ultimate resolution of the 2004 proceeding, the timing of the panel's decision, and the outcome of any subsequent arbitration proceedings between the tobacco manufacturers and Missouri cannot be predicted with any degree of certainty.

Contingent Gains

Contingencies that might result in gains are not reported on the statements since they are not realizable.

Natural Resource Settlements:

The Department of Natural Resources works jointly with the United States Fish and Wildlife Service and United States Forest Service to recover damages from parties responsible for causing injuries to natural resources. Funds from these settlements are typically held in the federal treasury in a joint account administered by the United States Department of Interior. Expenditures of these funds may only be by mutual agreement of the Missouri Trustee Council (the Department of Natural Resources, the United States Fish and Wildlife Service and, at times, United States Forest Service) and such funds may only be used to restore, replace, or acquire natural resources similar to those that were injured. As of June 30, 2019, the balance of Missouri-related joint settlement funds in the Department of Interior restoration fund is approximately \$48 million.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 26 - Nonexchange Financial Guarantees

The following nonexchange financial guarantees are extended by the Missouri Agricultural and Small Business Development Authority (MASBDA) and the Missouri Department of Agriculture (MDA). The exchange financial guarantees are not recognized as a liability, which indicates that the State will most likely not be required to make a payment related to the nonexchange financial guarantees. As of June 30, 2019, the State extends the following financial guarantees:

Programs	Maximum Guarantee Period	Total Number of Loans Outstanding	Total Dollar Amount of Loans Outstanding (in thousands)	Total Dollar Amount Guaranteed by the State (in thousands)
Missouri Value-Added Loan Guarantee Program	10 Years	2	\$ 277	\$ 138
Single-Purpose Animal Facilities Loan Guarantee Program	10 Years	6	557	278
Crop and Livestock Loan Guarantee Program	2 Years	20	51	25

Missouri Value-Added Loan Guarantee Program

The Missouri Value-Added Loan Guarantee Program, authorized in Sections 348.400-348.415, RSMo, provides up to a 50% first-loss guarantee on loans, of \$250,000 or less, made by lenders for the purpose of agricultural business development. The loan guarantee is for a duration of up to 10 years. The program is intended to create new economic activity by creating or retaining jobs. Loans guaranteed by the value-added loan guarantee program can be used to finance agricultural property, which includes land, buildings, structures, improvements, and equipment used for the purpose of processing, manufacturing, marketing, exporting, or adding value to an agricultural product. Loans may also be guaranteed to buy stock in a new generation processing entity that processes an agricultural product. In the event of a default, the MASBDA will work with the Attorney General's Office or the loan recipient's bank to try to collect. There were five loan defaults under this program in fiscal year 2019. The outstanding balance on judgments for amounts owed to the State totals \$51,000.

Single-Purpose Animal Facilities Loan Guarantee Program

The Single-Purpose Animal Facilities Loan Guarantee Program, authorized in Sections 348.185-348.225, RSMo, is designed to provide banks and other lenders with a 50% first-loss guarantee on loans of up to \$250,000 for up to 10 years. Independent livestock producers may use the loans to finance, refinance or restructure breeding or feeder livestock, earthworms, land, buildings, facilities, equipment, machinery and animal waste systems for producing poultry, swine, beef and dairy cattle, or other livestock. In the event of a default, the MASBDA will work with the Attorney General's Office or the loan recipient's bank to try to collect. There were no loan defaults under this program in fiscal year 2019.

Crop and Livestock Loan Guarantee Program

The Crop and Livestock Loan Guarantee Program, authorized in Section 261.027(3), RSMo, is a 50% guarantee on a loan made to a 4-H and Future Farmers of America (FFA) member who borrows money to purchase livestock, input, etc., for their Supervised Agriculture Education (SAE) project. Loans eligible for the program are limited to the purchase of livestock, feed, seed, fertilizer, and other miscellaneous out-of-pocket expenses directly related to the project. In the event of a default, the MDA will work with the Attorney General's Office or the loan recipient's bank to try to collect. As of June 30, 2019, there are four loan defaults under this program. The outstanding balance on judgments for amounts owed to the State totals \$1,500.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 27 - Joint Ventures

The Regional Convention and Sports Complex Authority was created by state law for the purpose of financing, constructing, operating, and maintaining a multipurpose convention and sports facility to be located in the City of St. Louis. The Authority operates under a board of commissioners of whom five are appointed by the Governor of the State, three by the County Executive of St. Louis County, and three by the Mayor of the City of St. Louis. The Authority is granted all rights and powers necessary to plan, finance, construct, equip, and maintain the facility.

The Authority is considered a joint venture of the State, County, and City because it constitutes a contractual agreement for public benefit in which the State, County, and City retain an ongoing financial responsibility for the Convention and Sports Facility Project Bonds. In August 1991, the Authority issued \$258,670,000 of Convention and Sports Facility Project Bonds. The bonds were sponsored in the amount of \$132,910,000 by the State (Series A), \$65,685,000 by the County (Series B), and \$60,075,000 by the City (Series C). In December 1993, the Authority issued \$181,885,000 in Convention and Sports Facility Project and Refunding Bonds to advance refund \$101,410,000 and \$50,275,000 of the outstanding 1991 Series A and Series B bonds, respectively, and for additional construction costs. The bonds were sponsored in the amount of \$121,705,000 by the State (Series A) and \$60,180,000 by the County (Series B). In February 1997, the Authority issued \$61,285,000 in Series C refunding bonds to advance refund \$47,155,000 of the outstanding 1991 Series C bonds. In August 2003, the Authority issued \$116,030,000 of Convention and Sports Facility Project and Refunding Bonds Series A 2003 to refund \$2,845,000 and \$113,170,000 of Series A 1991 and Series A 1993 refunding bonds, respectively, and for additional construction costs. In May 2007, the Authority issued \$49,585,000 in Series C 2007 refunding bonds to refund \$61,285,000 of original principal of the Series C 1997 refunding bonds. In August 2013, the Authority issued \$65,195,000 in Series A 2013 refunding bonds to refund \$65,385,000 of Series A 2003 bonds and issued \$32,560,000 in Series B 2013 refunding bonds to refund \$32,180,000 of Series B 2003 bonds.

Pursuant to a financing agreement entered into in August 1991, and terminating in August 2021, the Authority leased the facility to the sponsors who subleased the facility back to the Authority. The payments made by the State, County, and City under the financing agreement are sufficient to pay the principal and interest on the bonds. See *Note 12* for the specific debt service requirements that make up the State's ongoing financial responsibility for this joint venture.

Summary financial information for the Authority as of and for the fiscal year ended December 31, 2018, is presented below (in thousands of dollars):

Total Assets	\$ 166,907
Total Deferred Outflows of Resources	412
Total Assets and Deferred Outflows of Resources	<u>\$ 167,319</u>
Total Liabilities	\$ 61,939
Total Net Position	105,380
Total Liabilities and Net Position	<u>\$ 167,319</u>
Total Revenues	\$ 24,715
Total Expenses	15,558
Net Increase in Net Position	<u>\$ 9,157</u>

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 28 - Endowments

Donor-restricted endowments for Missouri reside primarily within the higher education institutions, which are reported as a major component unit of the State. For the college and universities, except the University of Missouri, the net appreciation/depreciation of the endowments is \$2,156,000. Of this amount, \$997,000 is reported as restricted non-expendable, \$1,133,000 is reported as restricted expendable, and \$25,000 is reported as unrestricted net position. The University of Missouri reported a net appreciation/depreciation of restricted non-expendable net position in the amount of \$68,675,000 which consisted of both realized and unrealized gains and losses on investment. For detailed information on the college and universities, please see the individual financial statements. The Revised Statutes of Missouri authorize the acceptance of donations at State agencies or public institutions. The governing boards of these institutions and the donor agreements determine whether net appreciation can be spent and the acceptable spending rate as detailed in Section 402.134, RSMo. These policies are entity specific and vary with each institution.

Note 29 - Conduit Debt

As of June 30, 2019, the Missouri Development Finance Board issued \$1,637,968,000 in Private Activity Bonds and \$2,624,104,000 in Public Purpose and Refunding Revenue Bonds. The outstanding balances on these bonds and notes as of June 30, 2019, were approximately \$350,741,000 and \$976,803,000 respectively. The Missouri Development Finance Board and the State have no liability for repayment of these revenue bonds and funding notes aside from reserve fund deposits and, accordingly, these bonds and notes have not been recorded as a liability on the financial statements for the Missouri Development Finance Board. The debtor pays all debt service requirements. Security for the bondholders consists of insurance, letters of credit, annual appropriation pledges, and certain funds held through trustees under the various indentures.

As of June 30, 2019, the State Environmental Improvement and Energy Resources Authority (EIERA), a component unit of the State of Missouri, had an outstanding balance of \$875,620,000 in Tax Exempt Revenue Bonds. Of this outstanding amount, \$529,615,000 is for Water Pollution Control and Drinking Water Revenue Bonds issued on behalf of the Department of Natural Resources. The State of Missouri has no liability for repayment of these revenue bonds beyond the resources provided by related loan programs. The bonds are limited obligations of EIERA.

Note 30 - Subsequent Events

Bonds

In July 2019, the Missouri Department of Transportation was awarded \$81.2 million to help fund the \$255.8 million project for improvements to the I-70 freight corridor; specifically to replace the I-70 Missouri River Bridge at Rocheport, Missouri and the addition of climbing lanes at the Mineola Hill in Montgomery County. The acceptance of the grant will result in the issuance of bonds. One such bond is the Third Lien State Road Bonds, Series B 2019 which was issued in the amount of \$178,370,000 on November 13, 2019. These bonds will bear interest of 5.00%, due in semi-annual installments beginning November 1, 2020.

Southeast Missouri State University

Subsequent to year-end, on July 24, 2019, the University issued Series 2019 bonds in the amount of \$44,595,000 to refund the Series 2010B which are maturing on October 1, 2021 and thereafter.

Missouri Southern State University

On December 17, 2019, Missouri Southern State University issued \$22,490,000 of Auxiliary Enterprise System Revenue bonds, Series 2019A, with interest rates ranging from 3.0%-5.0%. Final maturity for the bonds is October 1, 2049.

STATE OF MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2019

Note 30 - Subsequent Events (cont.)

Missouri State University

During October 2019, the University reached a settlement and release agreement with the interested insurers regarding the sustained loss of the collapse of the broadcast tower in Fordland, Missouri, and received payments for the full settlement. This settlement was included in accounts and other receivables on the statement of net position and in other nonoperating revenues and expenses on the statement of revenues, expenses and changes in net position.

On October 25, 2019, the Board of Governors approved the following:

- The issuance of Educational Facilities Revenue Bonds, Series 2019B in an aggregate amount not to exceed \$7,500,000 for the purpose of providing funds to refund the Series 2010B Bonds maturing on and after October 1, 2021, and associated costs of issuance.
- The issuance of Auxiliary Enterprise System Revenue Bonds, Series 2019A educational facilities revenue bonds. Series 2019B in an aggregate amount no to exceed \$18,400,000 for the purpose of providing funds to refund the Series 2010B Bonds maturing on and after October 1, 2021, and associated costs of issuance.

The bond sale occurred on November 19, 2019, and the bond closing and transfer of funds occurred on December 4, 2019, in the amounts of \$6,780,000 and \$15,980,000 for the series 2019 B and series 2019 A bonds, respectively.

Required Supplementary Information (RSI) includes the Budgetary Comparison Schedule for the General Fund and Major Special Revenue Funds, as well as the Budget to Generally Accepted Accounting Principles (GAAP) reconciliation, Schedule of Changes in Net Pension Liability and Related Ratios, Schedule of Proportionate Share of the Net Pension Liability, Schedule of State Contributions, Schedule of Changes in Total OPEB Liability and Related Ratios, Schedule of Changes in Net OPEB Liability and Related Ratios, Schedule of Proportionate Share of the Collective Net OPEB Liability, and the Notes to RSI on Budgetary Reporting.

STATE OF MISSOURI
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY REPORTING
June 30, 2019

Budgetary Presentation:

A Budgetary Comparison Schedule is presented as Required Supplementary Information for the State's General Fund and Major Special Revenue Funds. Revenues and expenditures are reported on a budgetary basis where actual revenues are recognized when cash is received, and actual expenditures are recognized for cash disbursements. The accounting principles applied for reporting on a budgetary basis differ from those used to present the financial statements in accordance with GAAP. A reconciliation of the two for the fiscal year ended June 30, 2019, has been presented at the bottom of the Budgetary Comparison Schedule.

The budgetary expenditures are included in the current year's Appropriation Activity Report, which demonstrates legal compliance with the current year's budget. This report can be viewed at <http://oa.mo.gov/accounting/reports/annual-reports/appropriation-activity-reports>. The original budget expenditures and transfers are for what was originally appropriated for each fund. The final budget expenditures and transfers takes into account any increases and decreases to appropriations during the fiscal year less the Governor's amounts reverted (withheld) for each fund less any reappropriations to the next fiscal year.

Once a year, the Office of Administration-Division of Budget and Planning receives budgeted revenues from state agencies for each of their funds as well as a revised revenue estimate in the spring for the State's General Revenue Fund. The revised revenue estimate is used in the final budget column for the General Fund and is very comparable to actual revenue resulting in a small negative variance on this Schedule.

In accordance with State statute, all state funds must have an appropriation before amounts can be expended or transferred to another state fund; therefore, variances between budgeted and actual expenditures and transfers out on the budgetary schedule will always be positive.

For budget purposes, interfund activity is not eliminated. A summary of interfund eliminations at June 30, 2019, is shown below (in thousands):

	Final Budget Transfer		Actual Transfer	
	In	Out	In	Out
GENERAL FUND	\$ 3,501,007	\$ (3,501,007)	\$ 2,987,192	\$ (2,987,192)
SPECIAL REVENUE FUNDS				
Public Education	414,120	(414,120)	393,274	(393,274)
TOTAL	\$ 3,915,127	\$ (3,915,127)	\$ 3,380,466	\$ (3,380,466)

Budgetary Control:

Budgetary control is maintained at the departmental level; each Department of the Missouri government formulates a budget to be submitted for approval by the General Assembly prior to the beginning of the fiscal year. These budgets are prepared essentially on the cash basis. The legislature reviews, revises, and legally adopts these budgets. The Governor then has the authority to approve or veto each budget, subject to legislative override.

Budgeted expenditures cannot exceed estimated revenues and other sources of funding, including beginning fund balances. In the event that actual revenues are insufficient to cover budgeted expenditures, the Governor must order budget reductions or call a special session of the legislature to address the issue.

Unexpended appropriations lapse at the end of each appropriation year, unless reappropriated to the following appropriation year.

*After post-valuation adjustments.

Note: This schedule is ultimately required to show information for ten years. However, until a full ten-year trend is compiled, only the years that information is available will be reported.

Notes to the Schedule:

Changes of benefit terms. Senate Bill 62 (SB 62), which contained changes to the benefit structure for Missouri State Employees' MSEP 2011 Plan and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System Year 2000 Plan-2011 Tier, was passed by the 2017 legislature. The provisions of the bill decreased vesting from ten to five years of service, but also included provisions that essentially offset the cost of the vesting change. As a result, SB 62 had no impact on the employer contribution rate and created a decrease to the UAAL for the MSEP 2011 Plan of \$1.6 million.

Changes of assumptions.

For MOSERS: The board reduced the investment return assumption used in the June 30, 2018 valuation to 7.25%.

For MPERS: The board reduced the investment return assumption used in the June 30, 2018 valuation to 7.00%.

For MU: No changes in assumptions.

Plan fiduciary net position as a percentage of the total OPEB liability	6.90%	6.64%

*Based on a measurement date and actuarial valuation as of the end of the preceding fiscal year.

Note: This schedule is ultimately required to show information for ten years. However, until a full ten-year trend is compiled, only the years that information is available will be reported.

Notes to the Schedules:

Neither MHPML or CEIP have assets that are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

Changes of benefit terms. There were no changes in benefit terms.

Changes of assumptions.

For MCHCP: The discount rate changed from 5.71% to 5.90%, in the June 30, 2018 valuation.

For CEIP: The discount rate changed from 3.87% to 3.50% in the June 30, 2018 valuation.

MHPML: The discount rate changed from 3.58% to 3.87% in the June 30, 2018 valuation.

For MU: Claims and trends from the Base and Buyup Medicare advantage plans were revised to reflect future expectations. Also, the discount rate used for the valuations was changed from 3.50% to 3.87% in the June 30, 2018 valuation.

Supplementary Information includes the Budgetary Comparison Schedule and Reconciliation for the Major Capital Projects Fund (Missouri Road Fund), as well as the Combining and Individual Fund Statements for the General Fund and all Non-Major Funds.

The Combining and Individual Fund Statements

Major Funds

General Fund - Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

Non-Major Funds

This includes all non-major governmental and enterprise funds, as well as the non-major component units. It also includes all internal service and fiduciary funds because the “major fund” classification, created under GASB Statement 34, does not apply to these funds.

A budgetary comparison statement is provided for all non-major governmental funds.

*The **Special Revenue Funds** account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The State has numerous individual Special Revenue Funds. Therefore, the funds have been combined into specific functional areas.*

Non-Major Special Revenue Funds:

Professional Registration - Provides for the control and regulation of various professions. Each profession has its own fund to account for its operation.

Judicial Protection and Assistance - Provides for protection of public employees by the Attorney General's Office, conviction of criminal offenders by prosecuting attorneys and assistance to victims of criminal offenses.

Agriculture and State Fair - Provides for inspections of products, market development, and awards for competition at the State Fair.

Social Assistance - Provides financial, health, and other services to qualifying individuals.

Transportation and Law Enforcement - Provides transportation services, road construction and maintenance, and the enforcement of vehicle laws and traffic safety.

Unemployment and Workers' Compensation - Provides for the administration of these laws and benefits to workers who qualify for workers' compensation.

Reimbursements and Other - Provides various reimbursements of costs to other governments and various regulatory commissions not included in other functional areas.

*The **Permanent Funds** account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the government's programs.*

Permanent Funds:

Arrow Rock State Historic Site Endowment - Accounts for moneys transferred from the State Parks Earnings Fund, as well as other moneys or property received by grant, gift, donation, or bequest specified for the enhancement of the Arrow Rock State Historic Site.

Confederate Memorial Park - Accounts for the income from investments acquired by gifts, donations, and bequests to be used for the maintenance of the Confederate Memorial Park.

State Public School - Accounts for all moneys, bonds, lands, and other properties belonging to or donated to the State for public school use in establishing and maintaining free public schools.

Smith Memorial Endowment Trust - Accounts for moneys bequeathed for the use and benefit of the Crippled Children's Service.

*The **Enterprise Funds** account for operations that are financed and operated in a manner similar to private business enterprises.*

Non-Major Enterprise Funds:

State Fair Fees - Accounts for the fairground admission fees used to improve the grounds and to pay the operating costs of the State Fair.

State Parks - Accounts for park concessions and contributions which are used to acquire and operate state parks.

Natural Resources Revolving Services - Accounts for moneys received from the delivery of services and the sale or resale of maps, plats, reports, studies, records, and other publications and documents.

Historic Preservation Revolving - Accounts for gifts, grants, and contributions used to acquire, preserve, restore, maintain, or operate any historical properties.

Missouri Veterans' Homes - Accounts for fees to provide services for persons confined to one of the veterans' homes.

State Agency for Surplus Property - Accounts for the surplus property operation.

Department of Revenue Information - Accounts for fees received by the Department of Revenue for publications and used to pay the costs of providing this information.

Inmate Canteen - Accounts for sales of the canteen or commissary which is used to improve offender recreational, religious, or education services.

*The **Internal Service Funds** account for the financing of goods or services provided by one department or agency to other departments or agencies of the State on a cost-reimbursement basis.*

Internal Service Funds:

Natural Resources Cost Allocation - Accounts for the administrative costs of the Department of Natural Resources.

Mental Health Interagency Payments - Accounts for moneys received through interagency agreements for services provided by other agencies.

State Facility Maintenance and Operation - Accounts for moneys collected from tenants for rent to cover the costs of operations in state-owned office buildings and institutions, charges to tenants in leased space to cover costs of real estate administrative services, and charges to capital improvement projects to cover the costs of project management services.

Office of Administration Revolving - Accounts for the following operations: printing services, flight operations, vehicle management, garage services, data processing and telecommunication services, building and grounds, insurance services, postage, and personnel administration.

Working Capital Revolving - Accounts for the operation of correctional industry programs and correctional farm programs.

General Government Revolving - Accounts for various service operations of the House of Representatives, Supreme Court, Adjutant General, Senate, Treasurer, and Department of Corrections.

Social Services Administrative Trust - Accounts for moneys transferred or paid to the Department of Social Services from any governmental entity or the public for goods and services provided.

Economic Development Administrative - Accounts for moneys collected for goods and services provided to other divisions and used to pay the cost of providing such services.

Professional Registration Fees - Accounts for moneys received from the professional boards for administrative services.

Conservation Employees' Insurance Plan - Accounts for health insurance coverage on a self-insured basis and life insurance coverage by a third party provider for Department of Conservation employees.

Transportation Self-Insurance Plan - Accounts for highway and highway patrol moneys used to pay workers' compensation claims. Moneys are also used to pay auto claims against the Department of Transportation.

Missouri State Employees' Insurance Plan - Accounts for long-term disability and death benefits provided on a self-insured basis for state employees.

Missouri Consolidated Health Care Plan - Accounts for medical care benefits provided on a self-insured basis for active state employees.

MoDOT and MSHP Medical and Life Insurance Plan - Accounts for the medical coverage provided on a self-insured basis and death benefits provided on an insured basis to Department of Transportation employees and members of the Missouri State Highway Patrol.

*The **Fiduciary Funds** account for assets held by the State in a trustee or agent capacity.*

Pension (and Other Employee Benefit) Trust Funds:

Missouri State Employees' Retirement System:

Missouri State Employees' Plan - Accounts for retirement, survivor, and disability benefits paid to employees of the State who are not covered under another state-sponsored retirement plan.

Judicial Plan - Accounts for retirement, survivor, and disability benefits to judges in the State of Missouri.

Missouri Department of Transportation and Highway Patrol Employees' Retirement System - Accounts for retirement, survivor, and disability benefits paid to Department of Transportation employees and members of the Missouri State Highway Patrol.

Missouri Consolidated Health Care Plan State Retiree Welfare Benefit Trust - Accounts for health and welfare benefits paid for the exclusive benefit of current and future retired employees of the State who are not covered under another state-sponsored other post-employment benefit plan.

Missouri State Public Employees' Deferred Compensation Incentive (IRC 401a) Plan - Accounts for retirement benefits paid to employees of the State.

Missouri State Public Employees' Deferred Compensation (IRC 457) Plan - Accounts for deposits from State employees, which are invested for the benefit of the employees until properly authorized to distribute.

Private-Purpose Trust Funds:

Alternative Care Trust - Accounts for all moneys received and spent by the Division of Family Services on behalf of children in their custody.

Johnson-Travis Memorial Trust - Accounts for all moneys, stocks, and securities given to the State by Miss Pansy Johnson or for the benefit of the Pansy Johnson-Travis Memorial State Gardens. Moneys will be used solely to establish, develop, and maintain the gardens.

Unclaimed Property - Accounts for moneys unpaid or unclaimed within one year after final settlement of any executor or administrator, assignee, sheriff or receiver and all unclaimed deposits, dividends, and interest of banks unable to locate the owners.

Agency Funds:

Social Security Contributions - Accounts for the receipt of contributions from various state funds for the State's share of social security contributions, which are due to the Federal Social Security Administration.

Missouri State Employees' Voluntary Life Insurance - Accounts for moneys withheld from employees' compensation for the contracts entered into with life insurance companies.

Program - Accounts for the receipt of various taxes, refundable deposits, and other moneys to be held until the State has the right or obligation to distribute them to various entities or individuals.

Institution - Accounts for deposits to various institutional accounts and other receipts held by the State until there is proper authorization to disburse them directly to others.

*The **Component Units** account for all transactions relating to legally separate entities which, for reporting purposes, are a part of the State.*

Non-Major Component Units:

Missouri Development Finance Board - Accounts for moneys from bond proceeds, gifts, and grants to make loans for industrial development.

Missouri Agricultural and Small Business Development Authority - Accounts for moneys from bond proceeds, gifts, and grants to make loans for property acquisitions/renovations and pollution control facilities.

Missouri Transportation Finance Corporation - Accounts for moneys from federal, state or local sources, and from bond proceeds to be used for projects approved by the Missouri Highways and Transportation Commission.

Missouri Wine and Grape Board - Accounts for moneys derived from the privilege of selling wine to be used for marketing development in developing programs for growing, selling, and marketing of grape products grown in Missouri.

State Environmental Improvement Energy Resources Authority - Accounts for moneys derived from the issuance of revenue bonds and notes to finance, acquire, construct and equip projects for the purpose of reducing, preventing or controlling pollution and to provide for the development of energy resources of the State of Missouri.

*The **Statistical Section** presentations include Financial Trends, Revenue Capacity, Debt Capacity, Demographic and Economic Information, and Operating Information trends. The statistical data presented is intended to provide report users with a broader understanding of the environment in which the State operates.*

**STATE OF MISSOURI
STATISTICAL SECTION
June 30, 2019**

Index and Overview

This part of the State's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the State's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the State's financial performance and fiscal health have changed over time.

Net Position by Component	217
Changes in Net Position	218
Fund Balances - Governmental Funds	220
Changes in Fund Balances - Governmental Funds	221

Revenue Capacity

These schedules contain information to help the reader understand the State's capacity to raise revenues and the sources of those revenues.

Revenue Base - Taxable Sales by Industry	223
Revenue Base - Personal Income by Industry	224
Personal Income Tax Revenue	225
Personal Income Tax Rates	226
Revenue Payers by Industry	227
Personal Income Tax Filers/Liability	228

Debt Capacity

These schedules present information to help the reader understand and assess the State's levels of outstanding debt and the State's ability to issue additional debt in the future.

Ratios of Outstanding Debt	229
Pledged Revenue Coverage	231

Demographic and Economic Information

These schedules contain demographic and economic indicators to help the reader understand the environment within which the State's financial activities take place.

Demographic Indicators	232
Economic Indicators	233
Principal Employers	234

Operating Information

These schedules contain operating data to help the reader understand how the information in the State's financial report relates to the services it provides and the activities it performs.

State Employees by Function	235
Operating Indicators by Function	236
Capital Asset Statistics by Function	238

Sources: *Unless otherwise noted, the information in these schedules is derived from the State of Missouri Comprehensive Annual Financial Report for the years shown.*

N/A = not available

¹ Revenues for Missouri Road Fund consist of a portion of the taxes and fees received by the State from the motor fuel tax, sales tax on motor vehicles, use tax on motor vehicles, revenue derived from motorists for their usage of the highways of the State, federal grants, and bond proceeds.

² Operating Expenses do not include depreciation/amortization.

³ Coverage equals net available revenue divided by debt service.
